NEW YORK — December 23, 2020 - Owl Rock Capital Group (“Owl Rock”) and the Dyal Capital Partners (“Dyal”) division of Neuberger Berman Group LLC (“Neuberger Berman”) today announced they entered into a definitive business combination agreement with Altimar Acquisition Corporation (NYSE: ATAC) (“Altimar”) to form Blue Owl Capital Inc. (“Blue Owl”), an alternative asset management firm with over \$45.0 billion in assets under management.

Blue Owl will enter the public market through a business combination with Altimar, a special purpose acquisition company sponsored by an affiliate of HPS Investment Partners, LLC. The combined entity is expected to have a post-transaction market capitalization of approximately \$12.5 billion. As a result of the transaction, Blue Owl is expected to be listed on the NYSE under the new ticker “OWL.”

The new firm’s main business will focus on two of the fastest growing areas of alternative asset management: Direct Lending, where Owl Rock is one of the leading private credit providers to middle and upper middle market businesses backed by top-tier financial sponsors, and GP Capital Solutions, where Dyal has been a leader and innovator since its founding. The Owl Rock and Dyal businesses will be autonomous but complementary. By bringing together two preeminent businesses in their respective fields, Blue Owl will be positioned as a differentiated provider of holistic solutions to the alternative asset management community. Each business will be led by its current long-tenured management, and its respective investment teams will continue to employ the disciplined investment philosophies that they have delivered since inception.

Doug Ostrover, co-founder of Owl Rock, will serve as Chief Executive Officer of Blue Owl. On the announcement of the strategic combination, he stated: “Blue Owl’s expertise, agility and scale, supported by a substantial permanent capital base, will enable us to offer a holistic platform of capital solutions to private equity firms and privately held businesses. We believe this will broaden and deepen our relationships and provide us with unrivaled access to compelling investment opportunities. In addition, this permanent capital base will allow Blue Owl to continue to strongly grow its business in a consistent and predictable manner. The foundation of our success is the trust our clients and partners place in us based on our experience, investment approach, and commitment to serving them. We look forward to solidifying our position as the capital partner and investment manager of choice for our stakeholders.”

Michael Rees, Dyal founder, and Marc Lipschultz, Owl Rock co-founder, will be co-Presidents of Blue Owl. Rees said: “Our businesses will combine robust growth and a strong margin profile with a high level of earnings visibility and stability, offering investors a compelling way to access the alternative asset management industry.” Lipschultz

added: “By building on this strong foundation, we believe we are well positioned to continue to expand our current platforms and pursue new, complementary business lines to provide differentiated sources of returns for our investors.”

George Walker, Chairman and Chief Executive Officer of Neuberger Berman added: “This partnership is a clear and natural fit. Neuberger Berman, as a meaningful shareholder, looks forward to seeing Blue Owl continue to grow as an industry leader. Moreover, Neuberger Berman has the privilege of continuing to manage \$80 billion in alternatives distinct from the Dyal business, and our culture of innovation from which Dyal began will continue to help us deliver for clients in the years to come.”

Upon completion of the transaction, Blue Owl will be a stand-alone firm and Owl Rock and Dyal founders, alongside Neuberger Berman will own meaningful equity positions in Blue Owl.

Blue Owl is expected to combine these strengths:

Owl Rock Direct Lending Highlights:

- Scaled direct lending business with \$23.7 billion in assets under management as of September 30, 2020
- Focused on lending to middle- and upper-middle-market, private equity-sponsored companies
- Technology lending strategy capitalizing on the large and growing demand for technology products and services
- Led by an investment team dedicated to direct lending
- Demonstrated ability to source proprietary investment opportunities with \$24 billion in originations since inception
- Industry-leading credit performance historically and throughout the COVID-19 pandemic

Dyal GP Capital Solutions Platform Highlights

- Industry leading GP capital solutions business with a proven track record, having completed 57 transactions with 49GPs to date
- Deep and extensive relationships across the alternative asset management ecosystem
- Large permanent capital base totaling \$23.3 billion in assets under management (as of November 30, 2020) promotes the formation of strong, value-added partnerships
- Unique Business Services Platform assists GPs in the portfolio with a leading set of strategic and capital raising advisory services
- Led by founder Michael Rees and a senior management team that has an average of 18 years of experience and more than a decade of working together in the GP Capital Solutions business

Blue Owl management believes it will have a uniquely attractive financial profile due to its combination of strong growth and margins with a focus on permanent capital and fee related earnings (“FRE”). Specifically, the firm will have over \$45.0 billion in combined assets under management, 92% of which would be permanent capital, and initially will derive its distributable earnings from FRE, which allows for enhanced predictability of earnings. Blue Owl will be well positioned to grow its asset base and distributable earnings due to the complementary client relationships and skillsets of Dyal and Owl Rock, which we believe will further enable new product expansion.

We believe investors in Blue Owl sponsored funds will benefit from a strategic combination without disruption to the service they receive or the investment programs they rely upon. Investment strategies, processes and teams for the company’s funds will remain consistent, while expecting that their investors will gain from the combined company’s expanded platform, broadened and deepened relationships across the alternative asset management landscape, and a broader range of expertise across the firm.

Owl Rock Capital Corporation (“ORCC”), Owl Rock Capital Corporation II, Owl Rock Capital Corporation III, Owl Rock Technology Finance Corp. and Owl Rock Core Income Corp. (the “Owl Rock BDCs”) will continue to be led by their Chief Executive Officer and Owl Rock co-founder, Craig Packer, and will not undertake any change to

their investment strategies, team or process from this transaction. This includes ORCC, which is publicly traded under the “ORCC” ticker.

The closing of the transaction will result in a change of control of the registered investment adviser (the “Owl Rock Advisers”) to each of the Owl Rock BDCs under the Investment Company Act of 1940, as amended (“1940 Act”), and will require the assignment of each Owl Rock BDC’s current investment advisory agreement in accordance with the 1940 Act. As a result, each BDC’s shareholders will be asked to approve an amended and restated investment advisory agreement between such Owl Rock BDC and the applicable Owl Rock Adviser, which will replace its current investment advisory agreement upon the consummation of the transaction. All material terms will remain unchanged from the Owl Rock BDCs’ current investment advisory agreements, and such agreements, if approved by the applicable Owl Rock BDCs’ shareholders, will become effective upon the closing of the transaction.

Transaction Overview

Pursuant to the transaction, Altimar, which currently holds \$275 million in cash in trust, will combine with Blue Owl at an estimated \$12.5 billion pro forma equity value at closing. Assuming no redemptions by Altimar’s existing public stockholders, the existing equityholders of Owl Rock and Dyal (including Neuberger Berman) will hold approximately 85% of Blue Owl immediately following the closing of the business combination. The founders and senior managers of Blue Owl will retain their equity stakes immediately following the transaction, promoting continued alignment with the combined company’s public investors and clients.

Cash proceeds in connection with the transaction will be funded through a combination of Altimar’s cash in trust and a \$1.5 billion fully committed, oversubscribed, common stock private investment in public equity (“PIPE”) at \$10.00 per share, including commitments from leading investors including ICONIQ Capital, CH Investment Partners, Koch Companies Defined Benefit Master Trust, the Federated Hermes Kaufmann Funds, and Liberty Mutual Investments.

The board of directors for each of Altimar and Neuberger Berman, as well as the Executive Committee of Owl Rock have unanimously approved the proposed transaction. Completion of the proposed transaction is subject to approvals of Altimar’s stockholders, the equityholders of each of the Owl Rock BDCs to the assignment of its advisory agreement, as discussed above, and Dyal-sponsored fund’s limited partners, in addition to other customary closing conditions, including a registration statement being declared effective by the Securities and Exchange Commission. The transaction is expected to be completed in the first half of 2021.

Management and Board of Directors

Upon completion of the strategic combination, Blue Owl will be led by Doug Ostrover (Owl Rock co-founder) as Chief Executive Officer. The senior management team will also include Michael Rees (founder of Dyal) and Marc Lipschultz (Owl Rock co-founder) as co-Presidents and Alan Kirshenbaum as Chief Financial Officer. Craig Packer (Owl Rock co-founder) will continue as Chief Executive Officer of the Owl Rock BDCs.

Blue Owl’s nine-person board of directors will be initially composed of three independent directors, three Owl Rock-appointed directors, two Dyal-appointed directors and one Neuberger Berman-appointed director.

Non-GAAP Financial Measures

This press release includes references to fee related earnings, or FRE, which is a supplemental measure that is not required by, or prepared in accordance with, accounting principles generally accepted in the United States ("GAAP").

FRE is used to assess core operating performance by determining whether recurring revenue is sufficient to cover operating expenses and to generate profits. FRE is derived from and reconciled to, but not equivalent to, its most directly comparable GAAP measure of Net Income (Loss) Before Income Taxes. FRE differs from income before taxes computed in accordance with GAAP as it excludes performance income, performance related compensation, investment net gains (losses) and certain other items that we believe are not indicative of our core operating performance. We use FRE as a non-GAAP measure to assess and track our performance. FRE is not a measurement of our financial performance under GAAP and should be considered in addition to, and not in lieu of, the results of operations which are derived in accordance with GAAP.

In addition, as the IRR shown only represents the IRR on investments, it does not include the impact of management and incentive fees or fund level expenses, including taxes, which would be borne by Owl Rock funds or their shareholders. As such an actual investor in the Owl Rock Funds would have achieved an IRR on its realized investments lower than the one shown.

Owl Rock & Dyal Merger — Frequently Asked Questions**I. Transaction Overview****1. Describe the transaction.**

Owl Rock Capital Group (“Owl Rock”) and Dyal Capital Partners (“Dyal”) have signed a definitive agreement to combine in a strategic transaction that will bring together two industry leading investment platforms focused on providing capital solutions to the alternative asset management industry.

The combined business will be the surviving entity in a merger with a special purpose acquisition corporation (a “SPAC”), which will raise additional equity through a private placement, representing total cumulative cash proceeds to the SPAC of approximately \$1.775 billion that it will use to facilitate the transaction. The surviving combined business, Blue Owl Capital, will be listed on the New York Stock Exchange (NYSE: OWL).

Proceeds from the transaction will be used to provide partial liquidity to Neuberger Berman, Dyal’s parent company, and certain third-party Owl Rock investors, to fund general corporate purposes, and to pay fees and expenses related to the transaction. Owl Rock’s management team will retain their existing ownership stakes and will not sell their interests in connection with the transaction.

It is expected that Owl Rock and Dyal will be led by their current respective long-tenured management and their respective investment teams will continue to employ their longstanding disciplined investment philosophies.

2. Discuss the strategic rationale for the transaction.

The transaction will bring together two industry leading investment platforms that provide capital solutions to the alternative asset management industry: Owl Rock, one of the leading direct lenders to upper middle market businesses backed by top-tier financial sponsors, and Dyal, which focuses on GP Capital Solutions, an industry Dyal has been at the forefront of since its founding. Owl Rock and Dyal will operate as distinct but complementary segments. By bringing together two preeminent franchises in these respective fields Blue Owl will be positioned as a differentiated provider of holistic solutions to the alternative asset management community. We believe this will solidify Blue Owl’s ability to offer a full suite of capital solutions to the financial sponsor community. In addition, Blue Owl is expected to benefit from the increased scale and resources that a larger, more global platform will provide.

II. Owl Rock’s Strategy and Approach**1. Will Owl Rock’s investment process or team change?**

No. Owl Rock’s investment approach and process will not change. Further, there will be no changes to Owl Rock’s investment committees or investment team as a result of the transaction.

2. How will talent be retained?

We believe employees across both firms will be excited by the opportunities that the combined platform should provide. Senior management believes that Owl Rock and Dyal's greatest assets are its teams, and expects to maintain the existing approaches to employee retention, which has proven successful, and potentially make additional enhancements.

3. Will Owl Rock's allocation policy change?

We expect to revise our existing allocation policy to take into account the Dyal strategy and enhance our allocation procedures but we do not anticipate any material changes to Owl Rock's allocation policy as a result of the transaction.

4. Does the merger result in any changes to Owl Rock's managed products?

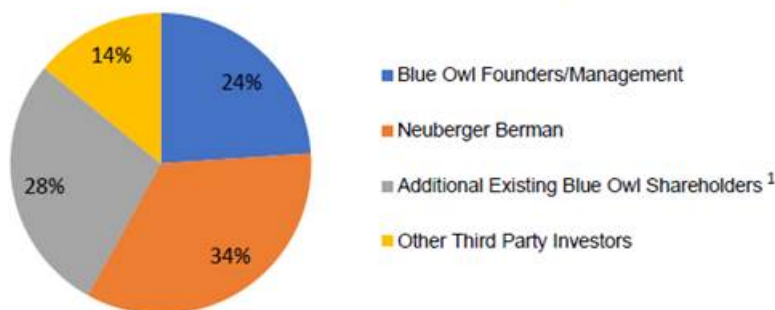

There will be no changes to the investment strategy, team or process of any entities managed by Owl Rock or its affiliates as a result of the transaction. This includes Owl Rock's five business development companies (collectively, the "Owl Rock BDCs") managed by registered investment advisers that are indirect subsidiaries of Owl Rock: Owl Rock Capital Corporation (NYSE: ORCC), Owl Rock Capital Corporation II, Owl Rock Capital Corporation III, Owl Rock Core Income Corp. and Owl Rock Technology Finance Corp. As discussed below, the shareholders of each Owl Rock BDC, as applicable, will be asked to approve an amended and restated investment advisory agreement between such Owl Rock BDC and its Owl Rock Adviser (as defined below) at an upcoming special meeting. All material terms will remain unchanged from the Owl Rock BDCs' current investment advisory agreements, and such agreements, if approved by the Owl Rock BDCs' shareholders, will become effective upon the closing of the transaction.

III. Ownership, Governance and Additional Considerations

1. What is the pro forma ownership of Blue Owl Capital?

Please see below for Blue Owl Capital's expected pro forma economic ownership breakdown:

Blue Owl Capital: Economic Ownership at Close

In terms of governance, Blue Owl Capital will have a multi-share class structure. Seven individuals, comprised of four Owl Rock principals and three Dyal principals, will have “high vote” shares in Blue Owl Capital. These shares are expected to collectively control approximately 90% of the votes in Blue Owl Capital.

2. Who will be on Blue Owl Capital’s senior management team?

- **Doug Ostrover, Chief Executive Officer:** Previously Co-Founder, CEO and Co-Chief Investment Officer (“CIO”) of Owl Rock; former founder of GSO Capital Partners and Senior Managing Director of Blackstone
- **Marc Lipschultz, Co-President:** Previously Co-Founder, President and Co-CIO of Owl Rock; former KKR Management Committee Member and Global Head of Energy and Infrastructure
- **Michael Rees, Co-President:** Previously Managing Director and Head of Dyal; former founding employee of Neuberger Berman and Chief Operating Officer of Neuberger Bermans’ alternatives business
- **Alan Kirshenbaum, Chief Financial Officer:** Previously Chief Operating Officer and CFO of Owl Rock; formerly CFO of TPG Specialty Lending, Inc.

In addition, Craig Packer (Owl Rock co-CIO and co-founder) will continue as Chief Executive Officer of the Owl Rock BDCs. Alexis Maged will remain Head of Credit at Owl Rock.

3. Is anyone on Owl Rock’s management team selling their interests in the business in connection with the transaction?

No.

(1) Includes an investment made by a fund managed by Dyal Capital Partners.

4. Who is expected to comprise Blue Owl Capital's Board of Directors?

Blue Owl Capital's nine person Board of Directors is expected to be comprised of three independent directors, three Owl Rock-appointed directors, two Dyal-appointed directors, and one Neuberger Berman-appointed director.

5. Identify the specialty purpose acquisition corporation team and describe their role.

The SPAC, Altimar Acquisition Corp. (NYSE: ATAC-UN), is sponsored by HPS Investment Partners. The merger is subject to a mandatory shareholder vote, requiring a 50% majority and sponsor commitment to vote "yes." If the merger is approved by the SPAC's shareholders, the business combination of Owl Rock, Dyal and the SPAC will be consummated with Blue Owl Capital as the surviving entity. Thereafter, SPAC management will have a de minimis equity position in the resulting publicly traded entity, Blue Owl Capital. The existing SPAC management will not have any role in management or on the board of directors of Blue Owl Capital.

6. Describe Neuberger Berman's involvement in the transaction.

As part of the transaction Neuberger Berman will be selling a portion of its preexisting ownership stake in Dyal. Neuberger Berman will retain a large stake in Blue Owl Capital upon completion of the transaction and will have a board seat on Blue Owl Capital's board.

7. What happens to Dyal Fund IV's minority interest in Owl Rock as a result of the transaction?

Dyal Fund IV, a fund managed by Dyal, previously acquired a minority, non-voting interest in Owl Rock. Pro forma for the transaction Dyal Fund IV will own an interest in Blue Owl Capital and will be managed by Blue Owl Capital.

8. When will the transaction close?

The transaction was formally announced on December 23, 2020 and we expect it to close in 1H'21 subject to satisfaction of a number of terms and conditions. The Transaction is subject to, among other closing conditions, approval by the SPAC shareholders, approval of the equityholders of each of the Owl Rock BDCs to the assignment of its advisory agreement, and the approval of Dyal's Limited Partners.

9. How are the investors of Owl Rock's managed BDCs and funds involved in the transaction?

Consummation of the transaction will result in a change of control of the registered investment adviser to each of the Owl Rock BDCs (the "Owl Rock Advisers") under the Investment Company Act of 1940, as amended (the "1940 Act"), which will result in the assignment of each Owl Rock BDC's current investment advisory agreement in accordance with the 1940 Act. As a result, the shareholders of each Owl Rock BDC, as applicable, will be asked to approve an amended and restated investment advisory agreement between such Owl Rock BDC and its Owl Rock Adviser at an upcoming special meeting. The amended and restated investment advisory agreements will replace the current investment advisory agreement upon the consummation of the transaction.

All material terms will remain unchanged from the Owl Rock BDCs' current investment advisory agreements, and such agreements, if approved by the Owl Rock BDCs' shareholders, will become effective upon the closing of the transaction.

In addition, limited partners in Owl Rock's private funds will be required to provide consent for the transaction in accordance with their fund documentation. Owl Rock will be in communication with the respective investors of each managed product with additional details on these processes and their timing.

10. Who can I call with questions?

Please contact your Owl Rock representative or call Owl Rock's sales desk at (212) 419-3000 for additional information.
