ANNUAL REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934  
For the fiscal year ended December 31, 2024

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934  
Commission File Number 814-01190

**BLUE OWL CAPITAL CORPORATION**

(Exact name of Registrant as specified in its Charter)

Maryland  
(State or other jurisdiction of  
incorporation or organization)  
  
399 Park Avenue, New York, New York  
(Address of principal executive offices)

47-5402460  
(I.R.S. Employer  
Identification No.)  
  
10022  
(Zip Code)

Registrant's telephone number, including area code: (212) 419-3000

Securities registered pursuant to Section 12(b) of the Act:

Title of each class	Trading Symbol(s)	Name of each exchange on which registered
Common Stock, \$0.01 par value per share	OBDC	The New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act:

None

Indicate by check mark if the Registrant is a well-known seasoned issuer, as defined in Rule 405 of the Securities Act. Yes  No

Indicate by check mark if the Registrant is not required to file reports pursuant to Section 13 or 15(d) of the Act. Yes  No

Indicate by check mark whether the Registrant: (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the Registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes  No

Indicate by check mark whether the Registrant has submitted every Interactive Data File required to be submitted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the Registrant was required to submit such files). Yes  No

Indicate by check mark whether the Registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, a smaller reporting company, or an emerging growth company. See the definition of "large accelerated filer", "accelerated filer", "smaller reporting company" and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer	<input checked="" type="checkbox"/> Accelerated filer	<input type="checkbox"/>
Non-accelerated filer	<input type="checkbox"/> Smaller reporting company	<input type="checkbox"/>
	<input type="checkbox"/> Emerging growth company	<input type="checkbox"/>

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act.

Indicate by check mark whether the registrant has filed a report on and attestation to its management's assessment of the effectiveness of its internal control over financial reporting under Section 404(b) of the Sarbanes-Oxley Act (15 U.S.C. 7262(b)) by the registered public accounting firm that prepared or issued its audit report.

If securities are registered pursuant to Section 12(b) of the Act, indicate by check mark whether the financial statements of the registrant included in the filing reflect the correction of an error to previously issued financial statements.

Indicate by check mark whether any of those error corrections are restatements that required a recovery analysis of incentive-based compensation received by any of the registrant's executive officers during the relevant recovery period pursuant to §240.10D-1(b).

Indicate by check mark whether the Registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes  No

The aggregate market value of the common stock held by non-affiliates of the registrant on June 30, 2024 based on the closing price on that date of \$15.36 on The New York Stock Exchange, was approximately \$5,993,737,789.

The number of shares of the registrant's common stock \$0.01 par value per share, outstanding at February 19, 2025 was 510,847,634.

## CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This report contains forward-looking statements that involve substantial risks and uncertainties. Such statements involve known and unknown risks, uncertainties and other factors and undue reliance should not be placed thereon. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about Blue Owl Capital Corporation (the “Company,” “we” or “our”), our current and prospective portfolio investments, our industry, our beliefs and opinions, and our assumptions. Words such as “anticipates,” “expects,” “intends,” “plans,” “will,” “may,” “continue,” “believes,” “seeks,” “estimates,” “would,” “could,” “should,” “targets,” “projects,” “outlook,” “potential,” “predicts” and variations of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- an economic downturn could impair our portfolio companies’ ability to continue to operate, which could lead to the loss of some or all of our investments in such portfolio companies;
- an economic downturn could disproportionately impact the companies that we intend to target for investment, potentially causing us to experience a decrease in investment opportunities and diminished demand for capital from these companies;
- the impact of elevated inflation rates, fluctuating interest rates, ongoing supply chain and labor market disruptions, including those as a result of strikes, work stoppages or accidents, instability in the U.S. and international banking systems, uncertainties related to the new Presidential administration, including the potential impact of tariff enactment and tax reductions, and the risk of recession or a shutdown of government services could impact our business prospects and the prospects of our portfolio companies;
- an economic downturn could also impact availability and pricing of our financing and our ability to access the debt and equity capital markets;
- a contraction of available credit and/or an inability to access the equity markets could impair our lending and investment activities;
- changes in base interest rates and significant market volatility on our business and our portfolio companies (including our business prospects and the prospects of our portfolio companies including the ability to achieve our and their business objectives), our industry and the global economy including as a result of ongoing supply chain disruptions;
- interest rate volatility could adversely affect our results, particularly because we use leverage as part of our investment strategy;
- currency fluctuations could adversely affect the results of our investments in foreign companies, particularly to the extent that we receive payments denominated in foreign currency rather than U.S. dollars;
- our future operating results;
- our contractual arrangements and relationships with third parties;
- the ability of our portfolio companies to achieve their objectives;
- competition with other entities and our affiliates for investment opportunities;
- risks related to the uncertainty of the value of our portfolio investments, particularly those having no liquid trading market;
- the use of borrowed money to finance a portion of our investments as well as any estimates regarding potential use of leverage;
- the adequacy of our financing sources and working capital;
- the loss of key personnel;
- the timing of cash flows, if any, from the operations of our portfolio companies;
- the ability of Blue Owl Credit Advisors LLC (“the Adviser” or “our Adviser”) to locate suitable investments for us and to monitor and administer our investments;
- the ability of the Adviser to attract and retain highly talented professionals;
- our ability to qualify for and maintain our tax treatment as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”), and as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”);
- the impact that environmental, social and governance matters could have on our brand and reputation and our portfolio companies;
- the effect of legal, tax and regulatory changes;
- the impact of information technology system failures, data security breaches, data privacy compliance, network disruptions, and cybersecurity attacks, and the increasing use of artificial intelligence and machine learning technology;
- the impact of geo-political conditions, including revolution, insurgency, terrorism or war, including those arising out of the ongoing war between Russia and Ukraine, as well as political and social unrest in the Middle East and North Africa regions and general uncertainty surrounding the financial and political stability of the United States, the United Kingdom, the European Union and China, on financial market volatility, global economic markets, and various markets for commodities globally such as oil and natural gas;
- the ability to realize the anticipated benefits of the merger of Blue Owl Capital Corporation III (“OBDE”) with and into us (the “Mergers”) on January 13, 2025 pursuant to an Agreement and Plan of Merger (the “Merger Agreement”), dated August 7, 2024, among us, OBDE, Cardinal Merger Sub Inc., a Maryland corporation and our wholly owned subsidiary (“Merger Sub”) and, solely for the limited purposes set forth therein, the Adviser and Blue Owl Diversified Credit Advisors LLC, a Delaware limited liability company and investment advisor to OBDE (“ODCA”);
- the effects of disruption on our business from the Mergers;
- the combined company’s plans, expectations, objectives and intentions as a result of the Mergers; and
- other risks, uncertainties and other factors previously identified in the reports and other documents we have filed with the Securities and Exchange Commission (“SEC”).

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. In light of these

and other uncertainties, the inclusion of a projection or forward-looking statement in this report should not be regarded as a representation by us that our plans and objectives will be achieved. These forward-looking statements apply only as of the date of this report. Moreover, we assume no duty and do not undertake to update the forward-looking statements. Because we are an investment company, the forward-looking statements and projections contained in this report are excluded from the safe harbor protection provided by Section 21E of the U.S. Securities Exchange Act of 1934, as amended (the "Exchange Act").

## PART I

### Item 1. Business

#### Our Company

Blue Owl Capital Corporation was formed on October 15, 2015 as a corporation under the laws of the State of Maryland. Our investment objective is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Our investment strategy focuses on primarily originating and making loans to, and making debt and equity investments in, U.S. middle-market companies. Since our Adviser and its affiliates began investment activities in April 2016 through December 31, 2024, our Adviser and its affiliates have originated \$141.83 billion aggregate principal amount of investments, of which \$137.87 billion of aggregate principal amount of investments prior to any subsequent exits or repayments, was retained by either us or a fund advised by our Adviser or its affiliates. We seek to participate in transactions sponsored by what we believe to be high-quality private equity and venture capital firms capable of providing both operational and financial resources. We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company's common equity. We may hold our investments directly or through special purpose vehicles.

Since July 6, 2023, our common stock trades on the NYSE under the symbol "OBDC."

We define "middle-market companies" to generally mean companies with earnings before interest expense, income tax expense, depreciation and amortization ("EBITDA") between \$10 million and \$250 million annually, and/or annual revenue of \$50 million to \$2.5 billion at the time of investment. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and large syndicated loan markets. Our target credit investments will typically have maturities between three and ten years and generally range in size between \$20 million and \$500 million. The investment size will vary with the size of our capital base. As of December 31, 2024, excluding certain investments that fall outside of our typical borrower profile, our portfolio companies representing 93.0% of our total debt portfolio based on fair value, had weighted average annual revenue of \$912.7 million and weighted average annual EBITDA of \$201.7 million.

While we believe that current market conditions favor extending credit to middle-market companies in the United States, our investment strategy is intended to generate favorable returns across credit cycles with an emphasis on preserving capital. As of December 31, 2024, based on fair value, our portfolio consisted of 75.6% first lien debt investments, 5.4% second-lien debt investments, 2.3% unsecured debt investments, 2.2% joint ventures, 2.8% preferred equity investments and 11.7% common equity investments. As of December 31, 2024, 96.4% of our debt investments based on fair value are floating rate in nature and subject to interest rate floors. As of December 31, 2024, we had investments in 227 portfolio companies, with an average investment size in each of our portfolio companies of approximately \$58.1 million based on fair value.

As of December 31, 2024, our portfolio was invested across 30 different industries. The largest industry in our portfolio as of December 31, 2024 was internet software and services, which represented, 10.5% of our total portfolio, based on fair value.

We are an externally managed, closed-end management investment company that has elected to be regulated as a BDC under the 1940 Act. We have elected to be treated, and intend to qualify annually, as a RIC under the Code for U.S. federal income tax purposes. As a BDC and a RIC, we are required to comply with certain regulatory requirements. As a BDC, at least 70% of our assets must be assets of the type listed in Section 55(a) of the 1940 Act, as described herein. We will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States. See "*Regulation as a Business Development Company*" and "*Certain U.S. Federal Income Tax Considerations*."

We generally intend to distribute, out of assets legally available for distribution, substantially all of our available earnings, on a quarterly basis, as determined by our board of directors (the "Board") in its sole discretion.

Certain consolidated subsidiaries of ours are subject to U.S. federal and state corporate-level income taxes.

We are advised by the Adviser pursuant to an investment advisory agreement. The Adviser is an indirect affiliate of Blue Owl Capital Inc. ("Blue Owl") (NYSE: OWL) and part of Blue Owl's Credit platform, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies. To achieve our investment objective, we leverage Blue Owl's, and, in particular, the Adviser's investment team's extensive network of relationships with other sophisticated institutions to source, evaluate and, as appropriate, partner with on transactions. There are no assurances that we will achieve our investment objective.

We may borrow money from time to time if immediately after such borrowing, the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus preferred stock, if any, is at least 150%. This means that generally, we can borrow up to \$2 for every \$1 of investor equity.

We currently have in place a senior secured revolving credit facility and a special purpose vehicle asset credit facility, and in the future may enter into additional credit facilities. In addition, we have outstanding unsecured notes, which were issued in registered offerings and in the future may issue additional unsecured notes. We have also entered into term debt securitization transactions, also known as collateralized loan obligation transactions and in the future may enter into additional collateralized loan obligation transactions. We expect to use our credit facilities and other borrowings, along with proceeds from the rotation of our portfolio, to finance our investment objectives. See “— Regulation as a Business Development Company” for discussion of BDC regulation and other regulatory considerations. See “ITEM 7. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Debt.”

On January 13, 2025, we consummated the transactions contemplated by the Merger Agreement and OBDE was merged with and into us. Following the mergers, on a pro forma basis, as of December 31, 2024, the combined company is larger, with increased total portfolio investments, total net assets and total debt outstanding, more diversified with increased first lien exposure and has a lower non-accrual rate. See “Recent Developments” for additional discussion of the Mergers.

### **The Adviser and Administrator – Blue Owl Credit Advisors LLC**

Blue Owl Credit Advisors LLC serves as our investment adviser pursuant to an amended and restated investment advisory agreement between us and the Adviser (the “Investment Advisory Agreement”). See “*Investment Advisory Agreement*” below. The Adviser also serves as our Administrator pursuant to an amended and restated administration agreement between us and the Adviser. See “*Administration Agreement*” below.

The Adviser is a Delaware limited liability company that is registered with the SEC as an investment adviser under the Investment Advisers Act of 1940, as amended (the “Advisers Act”). The Adviser is an indirect affiliate of Blue Owl and part of Blue Owl’s Credit platform, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies. Blue Owl consists of three product platforms: (1) Credit, (2) GP Strategic Capital, which primarily focuses on acquiring equity stakes in, or providing debt financing to, large, multi-product private equity and private credit firms, and (3) Real Assets, which primarily focuses on the strategies of net lease real estate and real estate credit. The direct lending strategy of Blue Owl’s Credit platform is comprised of the Adviser, Blue Owl Technology Credit Advisors LLC (“OTCA”), Blue Owl Technology Credit Advisors II LLC (“OTCA II”), Blue Owl Credit Private Fund Advisors LLC (“OPFA”) and Blue Owl Diversified Credit Advisors LLC (“ODCA” and together with the Adviser, OTCA, OTCA II, and OPFA, the “Blue Owl Credit Advisers”), which are also registered investment advisers.

Blue Owl’s Credit platform is led by its three co-founders, Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer. The Adviser’s investment team (the “Investment Team”) is also led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer and is supported by certain members of the Adviser’s senior executive team and Blue Owl’s Credit platform’s direct lending investment committees. Blue Owl’s four direct lending investment committees focus on a specific investment strategy (Diversified Lending, Technology Lending, First Lien Lending and Opportunistic Lending). Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged sit on each of Blue Owl’s direct lending investment committees. In addition to Messrs. Ostrover, Lipschultz, Packer and Maged, the Diversified Lending Investment Committee is comprised of Patrick Linnemann, Meenal Mehta and Logan Nicholson. We consider the individuals on the Diversified Lending Investment Committee to be our portfolio managers. The Investment Team, under the Diversified Lending Investment Committee’s supervision, sources investment opportunities, conducts research, performs due diligence on potential investments, structures the Company’s investments and monitors the Company’s portfolio companies on an ongoing basis. Subject to the overall supervision of the Board, the Adviser manages our day-to-day operations, and provides investment advisory and management services to us.

As of December 31, 2024, the Blue Owl Credit Advisers managed \$135.71 billion in assets under management (“AUM”). The Blue Owl Credit Advisers’ direct lending strategy focuses on lending to primarily upper-middle-market companies, both private equity sponsored and non-sponsored, providing a range of customized financing solutions across debt and equity-related instruments, across the following four investment strategies which are offered through BDCs, private funds and separately managed accounts:

Strategy	Funds	Assets Under Management
<p><b>Diversified Lending.</b> The diversified lending strategy seeks to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns across credit cycles with an emphasis on preserving capital primarily through originating and making loans to, and making debt and equity investments in, U.S. middle market companies. The diversified lending strategy provides a wide range of financing solutions with strong focus on the top of the capital structure and operates this strategy through diversification by borrower, sector, sponsor, and position size.</p>	<p>The diversified lending strategy is primarily offered through three BDCs: Blue Owl Capital Corporation (the “Company” or “OBDC”), Blue Owl Capital Corporation II (“OBDC II”), and Blue Owl Credit Income Corp. (“OCIC”)(1).</p>	<p>As of December 31, 2024, the diversified lending strategy had \$66.8 billion of assets under management.</p>
<p><b>Technology Lending.</b> The technology lending strategy seeks to maximize total return by generating current income from debt investments and other income producing securities, and capital appreciation from equity and equity-linked investments primarily through originating and making loans to, and making debt and equity investments in, technology related companies based primarily in the United States. The technology lending strategy originates and invests in senior secured or unsecured loans, subordinated loans or mezzanine loans, and equity and equity-related securities including common equity, warrants, preferred stock and similar forms of senior equity, which may be convertible into a portfolio company’s common equity. The technology lending strategy invests in a broad range of established and high growth technology companies that are capitalizing on the large and growing demand for technology products and services. This strategy focuses on companies that operate in technology-related industries or sectors which include, but are not limited to, information technology, application or infrastructure software, financial services, data and analytics, security, cloud computing, communications, life sciences, healthcare, media, consumer electronics, semiconductor, internet commerce and advertising, environmental, aerospace and defense industries and sectors.</p>	<p>The technology lending strategy is primarily offered through three BDCs: Blue Owl Technology Finance Corp. (“OTF”), Blue Owl Technology Income Corp. (“OTIC”) and Blue Owl Technology Finance Corp. II (“OTF II” and together with the Company, OBDC II, OCIC, OTF and OTIC, the “Blue Owl BDCs”).(2)</p>	<p>As of December 31, 2024, the technology lending strategy had \$24.5 billion of assets under management.</p>
<p><b>First Lien Lending.</b> The first lien lending strategy seeks to realize current income with an emphasis on preservation of capital primarily through originating primary transactions in and, to a lesser extent, secondary transactions of first lien senior secured loans in or related to middle-market businesses based primarily in the United States.</p>	<p>The first lien lending strategy is offered through private funds and separately managed accounts.</p>	<p>As of December 31, 2024, the first lien lending strategy had \$4.5 billion of assets under management.</p>
<p><b>Opportunistic Lending.</b> The opportunistic lending strategy seeks to generate attractive risk-adjusted returns by taking advantage of credit opportunities in U.S. middle-market companies with liquidity needs and market leaders seeking to improve their balance sheets. The opportunistic lending strategy focuses on high-quality companies that could be experiencing disruption, dislocation, distress or transformational change. The opportunistic lending strategy aims to be the partner of choice for companies by being well equipped to provide a variety of financing solutions to meet a broad range of situations, including the following: (i) rescue financing, (ii) new issuance and recapitalizations, (iii) wedge capital, (iv) debtor-in-possession loans, (v) financing for additional liquidity and covenant relief and (vi) broken syndications.</p>	<p>The opportunistic lending strategy is offered through private funds and separately managed accounts.</p>	<p>As of December 31, 2024, the opportunistic lending strategy had \$2.3 billion of assets under management.</p>

(1) Prior to January 13, 2025, the diversified lending strategy was also offered through Blue Owl Capital Corporation III.

(2) On November 12, 2024, OTF, OTF II, Oriole Merger Sub, Inc., a Maryland corporation and wholly-owned subsidiary of OTF (“OTF Merger Sub”), and, solely for the limited purposes set forth therein, OTCA, a Delaware limited liability company and investment adviser to OTF, and OTCA II, a Delaware limited liability company and investment adviser to OTF II, entered into an Agreement and Plan of Merger pursuant to which OTF Merger Sub will merge with and into OTF II, with OTF II continuing as the surviving company and as a wholly-owned subsidiary of OTF and, immediately thereafter, OTF II will merge with and into OTF, with OTF continuing as the surviving company. Consummation of the mergers, which is expected to occur in the first or second quarter of 2025, is subject to certain closing conditions, including requisite approvals of OTF II’s and of OTF’s shareholders.

We refer to the Blue Owl BDCs and the private funds and separately managed accounts managed by the Blue Owl Credit Advisers in the direct lending platform, as the “Blue Owl Credit Clients.” In addition to the Blue Owl Credit Clients, Blue Owl’s Credit platform includes (1) a liquid credit strategy, which seeks to generate attractive, risk-adjusted returns by managing portfolios of broadly syndicated leveraged loans, including through collateralized loan obligation vehicles (“CLOs”); (2) an alternative credit strategy, which targets credit-oriented investments in markets underserved by traditional lenders or the broader capital markets, with deep expertise investing across specialty finance, private corporate credit and equipment leasing; (3) an investment grade credit strategy focused on generating capital-efficient investment income through asset-backed finance, private corporate credit, and structured products; and (4) other investment strategies to pursue long-term capital appreciation and risk adjusted returns including (i) direct investments in strategic equity assets, with a focus on single-asset GP-led continuation funds, and (ii) investments in mid-to-late-stage biopharmaceutical and healthcare companies. As of December 31, 2024, these strategies had \$37.6 billion of assets under management.

Blue Owl Credit Clients and other Blue Owl clients may have overlapping objectives with us. The Adviser and its affiliates may face conflicts in the allocation of investment opportunities to us and others. In order to address these conflicts, the Blue Owl Credit Advisers have put in place an investment allocation policy that addresses the allocation of investment opportunities as well as co-investment restrictions under the 1940 Act. See, “*ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE.*”

In addition, we rely on an order for exemptive relief (as amended, the “Order”) that has been granted to our Adviser and its affiliates by the SEC that permits us to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such exemptive relief, we generally are permitted to co-invest with certain of our affiliates if a “required majority” (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing and (4) the proposed investment by us would not benefit the Adviser or the other affiliated funds that are participating in the investment or any affiliated person of any of them (other than parties to the transaction), except to the extent permitted by the exemptive relief and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act.

The Blue Owl Credit Advisers’ allocation policy incorporates the conditions of the Order. As a result of the Order, there could be significant overlap in our investment portfolio and the investment portfolio of the Blue Owl Credit Clients and other Blue Owl clients that avail themselves of the exemptive relief. In addition, we have received an amendment to the Order to permit us to participate in follow-on investments in our existing portfolio companies with certain affiliates that are private funds, when such private funds did not have an investment in such existing portfolio company. See “Item 1A. Risk Factors —*Risks Related to our Adviser and its Affiliates — Our Adviser or its affiliates may have incentives to favor their respective other accounts and clients and/or Blue Owl over us, which may result in conflicts of interest that could be harmful to us.*”

The Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees from portfolio companies. See “Item 1A. Risk Factors —*Risks Related to our Adviser and its Affiliates — Our Adviser and its affiliates may face conflicts of interest with respect to services performed for issuers in which we may invest.*”

The Adviser’s address is 399 Park Avenue, 37<sup>th</sup> floor, New York, NY 10022.

## Market Trends

We believe the middle-market lending environment provides opportunities for us to meet our goal of making investments that generate attractive risk-adjusted returns.

**Limited Availability of Capital for Middle-Market Companies.** The middle market is a large addressable market. According to GE Capital’s National Center for the Middle Market Year-End 2024 Middle Market Indicator, there are approximately 200,000 U.S. middle-market companies, which have approximately 48 million aggregate employees. Moreover, the U.S. middle market accounts for one-third of private sector gross domestic product (“GDP”). GE defines U.S. middle-market companies as those between \$10 million and \$1 billion in annual revenue, which we believe has significant overlap with our definition of U.S. middle-market companies. We believe U.S. middle-market companies will continue to require access to debt capital to refinance existing debt, support growth and finance acquisitions. We believe that regulatory and structural factors, industry consolidation and general risk aversion, limit the amount of traditional financing available to U.S. middle-market companies. We believe that many commercial and investment banks have, in recent years, de-emphasized their service and product offerings to middle-market businesses in favor of lending to large corporate clients and managing capital markets transactions. In addition, these lenders may be constrained in their ability to underwrite and hold bank loans and high yield securities for middle-market issuers as they seek to meet existing and future regulatory capital requirements. We also believe that there is a lack of market participants that are willing to hold meaningful amounts of certain middle-

market loans. As a result, we believe our ability to minimize syndication risk for a company seeking financing by being able to hold its loans without having to syndicate them, coupled with reduced capacity of traditional lenders to serve the middle-market, present an attractive opportunity to invest in middle-market companies.

**Capital Markets Have Been Unable to Fill the Void in U.S. Middle-Market Finance Left by Banks** Access to underwritten bond and syndicated loan markets is challenging for middle-market companies due to loan size and liquidity. For example, high yield bonds are generally purchased by institutional investors, such as mutual funds and exchange traded funds (“ETFs”) who, among other things, are focused on the liquidity characteristics of the bond being issued in order to fund investor redemptions and/or comply with regulatory requirements. Accordingly, the existence of an active secondary market for bonds is an important consideration in these entities’ initial investment decision. Syndicated loans arranged through a bank are done either on a “best efforts” basis or are underwritten with terms plus provisions that permit the underwriters to change certain terms, including pricing, structure, yield and tenor, otherwise known as “flex”, to successfully syndicate the loan, in the event the terms initially marketed are insufficiently attractive to investors. Furthermore, banks are generally reluctant to underwrite middle-market loans because the arrangement fees they may earn on the placement of the debt generally are not sufficient to meet the banks’ return hurdles. Loans provided by companies such as ours provide certainty to issuers in that we have a more stable capital base and have the ability to invest in illiquid assets, and we can commit to a given amount of debt on specific terms, at stated coupons and with agreed upon fees. As we are the ultimate holder of the loans, we do not require market “flex” or other arrangements that banks may require when acting on an agency basis. In addition, our Adviser has teams focused on both liquid credit and private credit and these teams are able to collaborate with respect to syndicated loans.

**Secular Trends Supporting Growth for Private Credit.** We believe that periods of market volatility, such as the current period of market volatility caused , in part, by elevated inflation and interest rates, and current geopolitical conditions have accentuated the advantages of private credit. The availability of capital in the liquid credit market is highly sensitive to market conditions whereas we believe private lending has proven to be a stable and reliable source of capital through periods of volatility. We believe the opportunity set for private credit will continue to expand even after the public markets reopen to normal levels. Financial sponsors and companies today are familiar with direct lending and have seen firsthand the strong value proposition that a private solution can offer. Scale, certainty of execution and flexibility all provide borrowers with a compelling alternative to the syndicated and high yield markets. Based on our experience, there is an emerging trend where higher quality credits that have traditionally been issuers in the syndicated and high yield markets are increasingly seeking private solutions independent of credit market conditions. In our view, this is supported by financial sponsors wanting to work with collaborative financing partners that have scale and breadth of capabilities. We believe the large amount of uninvested capital held by funds of private equity firms broadly, estimated by Preqin Ltd., an alternative assets industry data and research company, to be \$2.6 trillion as of December 31, 2024, will continue to drive deal activity. We expect that private equity sponsors will continue to pursue acquisitions and leverage their equity investments with secured loans provided by companies such as us.

**Attractive Investment Dynamics.** An imbalance between the supply of, and demand for, middle-market debt capital creates attractive pricing dynamics. We believe the directly negotiated nature of middle-market financings also generally provides more favorable terms to the lender, including stronger covenant and reporting packages, better call protection, and lender-protective change of control provisions. Additionally, we believe BDC managers’ expertise in credit selection and ability to manage through credit cycles has generally resulted in BDCs experiencing lower loss rates than U.S. commercial banks through credit cycles. Further, we believe that historical middle-market default rates have been lower, and recovery rates have been higher, as compared to the larger market capitalization, broadly distributed market, leading to lower cumulative losses.

**Conservative Capital Structures.** Following the global credit crisis, which we define broadly as occurring between mid-2007 and mid-2009, lenders have generally required borrowers to maintain more equity as a percentage of their total capitalization, specifically to protect lenders during economic downturns. With more conservative capital structures, U.S. middle-market companies have exhibited higher levels of cash flows available to service their debt. In addition, U.S. middle-market companies often are characterized by simpler capital structures than larger borrowers, which facilitates a streamlined underwriting process and, when necessary, restructuring process.

**Attractive Opportunities in Investments in Loans.** We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities. We believe that opportunities in senior secured loans are significant because of the floating rate structure of most senior secured debt issuances and because of the strong defensive characteristics of these types of investments. We believe that debt issued with floating interest rates offer a superior return profile as compared with fixed-rate investments, since floating rate structures are generally less susceptible to declines in value experienced by fixed-rate securities in a rising interest rate environment. Senior secured debt also provides strong defensive characteristics. Senior secured debt has priority in payment among an issuer’s security holders whereby holders are due to receive payment before junior creditors and equity holders. Further, these investments are secured by the issuer’s assets, which may provide protection in the event of a default.

## Potential Competitive Advantages

We believe that the Adviser's disciplined approach to origination, fundamental credit analysis, portfolio construction and risk management should allow us to achieve attractive risk-adjusted returns while preserving our capital. We believe that we represent an attractive investment opportunity for the following reasons:

**Experienced Team with Expertise Across all Levels of the Corporate Capital Structure.** The members of the Diversified Lending Investment Committee have an average of over 25 years of experience in private lending and investing at all levels of a company's capital structure, particularly in high yield securities, leveraged loans, high yield credit derivatives and distressed securities, as well as experience in operations, corporate finance, mergers and acquisitions, and workout restructuring. The members of the Diversified Lending Investment Committee have diverse backgrounds with investing experience through multiple business and credit cycles. Moreover, certain members of the Diversified Lending Investment Committee and other executives and employees of the Adviser and its affiliates have operating and/or investing experience on behalf of business development companies. We believe this experience provides the Adviser with an in-depth understanding of the strategic, financial and operational challenges and opportunities of middle-market companies and will afford it numerous tools to manage risk while preserving the opportunity for attractive risk-adjusted returns on our investments and offering a diverse product set to help meet borrowers' needs.

**Distinctive Origination Platform.** To date, a substantial majority of our investments have been sourced directly. We believe that our origination platform provides us the ability to originate investments without the assistance of investment banks or other traditional Wall Street intermediaries.

The Investment Team includes more than 130 investment professionals and is responsible for originating, underwriting, executing and managing the assets of our direct lending transactions and for sourcing and executing opportunities directly. The Investment Team has significant experience as transaction originators and building and maintaining strong relationships with private equity sponsors and companies. In addition, we believe that as a result of the formation of Blue Owl the investment team has enhanced sourcing capabilities because of their ability to utilize Blue Owl's resources and its relationships with the financial sponsor community and service providers, which we believe may broaden our deal funnel and result in an increased pipeline of deal opportunities.

The Investment Team also maintains direct contact with banks, corporate advisory firms, industry consultants, attorneys, investment banks, "club" investors and other potential sources of lending opportunities. We believe the Adviser's ability to source through multiple channels allows us to generate investment opportunities that have more attractive risk-adjusted return characteristics than by relying solely on origination flow from investment banks or other intermediaries and to be more selective investors.

Since its inception in April 2016 through December 31, 2024, the Adviser and its affiliates have reviewed over 10,200 opportunities and sourced potential investment opportunities from more than 780 private equity sponsors and venture capital firms. We believe that the Adviser receives "early looks" and "last looks" based on its and Blue Owl's relationships, allowing it to be highly selective in the transactions it pursues.

**Potential Long-Term Investment Horizon.** We believe our potential long-term investment horizon gives us flexibility, allowing us to maximize returns on our investments. We invest using a long-term focus, which we believe provides us with the opportunity to increase total returns on invested capital, as compared to other private company investment vehicles or investment vehicles with daily liquidity requirements (e.g., open-ended mutual funds and ETFs).

**Defensive, Income-Orientated Investment Philosophy.** The Adviser employs a defensive investment approach focused on long-term credit performance and principal protection. This investment approach involves a multi-stage selection process for each investment opportunity as well as ongoing monitoring of each investment made, with particular emphasis on early detection of credit deterioration. This strategy is designed to minimize potential losses and achieve attractive risk adjusted returns.

**Active Portfolio Monitoring.** The Adviser closely monitors the investments in our portfolio and takes a proactive approach to identifying and addressing sector- or company-specific risks. The Adviser receives and reviews detailed financial information from portfolio companies no less than quarterly and seeks to maintain regular dialogue with portfolio company management teams regarding current and forecasted performance. Although we may invest in "covenant-lite" loans, which generally do not have a complete set of financial maintenance covenants, we anticipate that many of our investments will have financial covenants that we believe will provide an early warning of potential problems facing our borrowers, allowing lenders, including us, to identify and carefully manage risk. Further, we anticipate that many of our equity investments will provide us the opportunity to nominate a member or observer to the board of directors of the portfolio company or otherwise include provisions protecting our rights as a minority-interest holder, which we believe will allow us to closely monitor the performance of these portfolio companies. In addition, the Adviser has built out its portfolio management team to include workout experts who closely monitor our portfolio companies and who, on at least a quarterly basis, assess each portfolio company's operational and liquidity exposure and outlook to understand and mitigate risks; and, on at least a monthly basis, evaluates existing and newly identified situations where operating results are deviating from expectations. As part of its monitoring process, the Adviser focuses on projected liquidity needs and where warranted, re-underwriting credits and evaluating downside and liquidation scenarios.

## Investment Selection

The Adviser has identified the following investment criteria and guidelines that it believes are important in evaluating prospective portfolio companies. However, not all of these criteria and guidelines will be met, or will be equally important, in connection with each of our investments.

**Established Companies with Positive Cash Flow.** We seek to invest in companies with sound historical financial performance and a history of profitability which we believe tend to be well-positioned to maintain consistent cash flow to service and repay their obligations and maintain growth in their businesses or market share in all market conditions, including in the event of a recession. The Adviser primarily focuses on upper middle-market companies with a history of profitability on an operating cash flow basis, a high percentage of recurring revenue and with limited cyclicity in their end markets. The Adviser does not intend to invest in start-up companies that have not achieved sustainable profitability and cash flow generation or companies with speculative business plans.

**Strong Competitive Position in Industry.** The Adviser analyzes the strengths and weaknesses of target companies relative to their competitors. The factors the Adviser considers include relative product pricing, product quality, customer loyalty, substitution risk, switching costs, patent protection, brand positioning and capitalization. We seek to invest in companies that have developed leading positions within their respective markets, are well positioned to capitalize on growth opportunities and operate businesses, exhibit the potential to maintain sufficient cash flows and profitability to service their obligations in a range of economic environments or are in industries with significant barriers to entry. We seek companies that demonstrate advantages in scale, scope, customer loyalty, product pricing or product quality versus their competitors that, when compared to their competitors, may help to protect their market position and profitability.

**Experienced Management Team.** We seek to invest in companies that have experienced management teams. We also seek to invest in companies that have proper incentives in place, including management teams having significant equity interests to motivate management to act in concert with our interests as an investor.

**Diversified Customer and Supplier Base.** We generally seek to invest in companies that have a diversified customer and supplier base. Companies with a diversified customer and supplier base are generally better able to endure economic downturns, industry consolidation, changing business preferences and other factors that may negatively impact their customers, suppliers and competitors.

**Exit Strategy.** While certain debt investments may be repaid through operating cash flows of the borrower, we expect that the primary means by which we exit our debt investments will be through methods such as strategic acquisitions by other industry participants, an initial public offering of common stock, a recapitalization, a refinancing or another transaction in the capital markets.

Prior to making an equity investment in a prospective portfolio company, we analyze the potential for that company to increase the liquidity of its equity through a future event that would enable us to realize appreciation in the value of our equity interest. Liquidity events may include an initial public offering, a private sale of our equity interest to a third party, a merger or an acquisition of the company or a purchase of our equity position by the company or one of its stockholders.

In addition, in connection with our investing activities, we may make commitments with respect to an investment in a potential portfolio company substantially in excess of our final investment. In such situations, while we may initially agree to fund up to a certain dollar amount of an investment, we may sell a portion of such amount, such that we are left with a smaller investment than what was reflected in our original commitment.

**Financial Sponsorship.** We seek to participate in transactions sponsored by what we believe to be high-quality private equity and venture capital firms. We believe that a financial sponsor's willingness to invest significant sums of equity capital into a company is an explicit endorsement of the quality of their investment. Further, financial sponsors of portfolio companies with significant investments at risk have the ability and a strong incentive to contribute additional capital in difficult economic times should operational issues arise.

**Investments in Different Portfolio Companies and Industries.** We seek to invest broadly among portfolio companies and industries, thereby potentially reducing the risk of any one company or industry having a disproportionate impact on the value of our portfolio; however, there can be no assurances in this regard. We seek to structure larger transactions and invest in recession-resistant industries that we are familiar with. We seek to invest not more than 20% of our portfolio in any single industry classification and target portfolio companies that comprise 1-2% of our portfolio (with no individual portfolio company generally expected to comprise greater than 5% of our portfolio).

## Investment Process Overview

**Origination and Sourcing.** The Investment Team has an extensive network from which to source deal flow and referrals. Specifically, the Adviser sources portfolio investments from a variety of different investment sources, including among others, private equity sponsors, management teams, financial intermediaries and advisers, investment bankers, family offices, accounting firms and law firms. The Adviser focuses on sponsor-led leveraged buyouts, refinancings, recapitalizations and acquisitions and sponsors who value the ability to provide sizeable commitments; flexible and creative solutions; and certainty, speed and transparency. To a lesser extent, the Adviser may invest in broadly syndicated loans. The Adviser believes that its experience across different industries and

transaction types makes the Adviser particularly qualified to source, analyze and execute investment opportunities with a focus on downside protection and a return of principal.

**Due Diligence Process.** The process through which an investment decision is made involves extensive research into the company, its industry, its growth prospects and its ability to withstand adverse conditions. If one or more members of the Investment Team responsible for the transaction determines that an investment opportunity should be pursued, the Adviser will engage in an intensive due diligence process focused on fundamental credit analysis and downside protection. Though each transaction may involve a somewhat different approach, the Adviser's diligence of each opportunity could include:

- understanding the purpose of the loan, the key personnel, the sources and uses of the proceeds;
- meeting the company's management and key personnel, including top level executives, to get an insider's view of the business, and to probe for potential weaknesses in business prospects;
- checking management's backgrounds and references;
- performing a detailed review of historical financial performance, including performance through various economic cycles, and the quality of earnings;
- contacting customers and vendors to assess both business prospects and standard practices;
- conducting a competitive analysis, and comparing the company to its main competitors on an operating, financial, market share and valuation basis;
- researching the industry for historic growth trends and future prospects as well as to identify future exit alternatives;
- assessing asset value and the ability of physical infrastructure and information systems to handle anticipated growth;
- leveraging the Adviser's internal resources and network with institutional knowledge of the company's business;
- assessing business valuation and corresponding recovery analysis;
- developing downside financial projections and liquidation analysis;
- reviewing responsible investing and environmental, social and governance ("ESG") considerations including consulting the Sustainability Accounting Standards Board's Engagement Guide for ESG considerations; and
- investigating legal and regulatory risks and financial and accounting systems and practices.

**Selective Investment Process.** After an investment has been identified and preliminary diligence has been completed, a Diversified Lending Investment Committee memorandum is prepared. This report is reviewed by the members of the Investment Team in charge of the potential investment and generally includes information on downside protection, asset coverage and collateral. If these members of the Investment Team are in favor of the potential investment, then a more extensive due diligence process, which may include significant analysis and focus on strategy and potential to recover par in default scenarios, is employed. Additional due diligence with respect to any investment may be conducted on our behalf by attorneys, independent accountants, and other third-party consultants and research firms prior to the closing of the investment, as appropriate on a case-by-case basis.

**Structuring and Execution.** Approval of an investment requires the approval of a majority of the Diversified Lending Investment Committee. Once the Diversified Lending Investment Committee has determined that a prospective portfolio company is suitable for investment, the Adviser works with the management team of that company and its other capital providers, including senior, junior and equity capital providers, if any, to finalize the structure and terms of the investment. With respect to an investment in broadly syndicated loans, a majority of the Diversified Lending Investment Committee may approve parameters or guidelines pursuant to which the investment may be made.

**Inclusion of Covenants.** Covenants are contractual restrictions that lenders place on companies to limit the corporate actions a company may pursue. Generally, the loans in which we expect to invest will have financial maintenance covenants, which are used to proactively address materially adverse changes in a portfolio company's financial performance. However, to a lesser extent, we may invest in "covenant-lite" loans. We use the term "covenant-lite" to refer generally to loans that do not have a complete set of financial maintenance covenants. Generally, "covenant-lite" loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower's financial condition. Accordingly, to the extent we invest in "covenant-lite" loans, we may have fewer rights against a borrower and may have a greater risk of loss on such investments as compared to investments in or exposure to loans with financial maintenance covenants.

**Portfolio Monitoring.** The Adviser monitors our portfolio companies on an ongoing basis. The Adviser monitors the financial trends of each portfolio company to determine if it is meeting its business plans and to assess the appropriate course of action with

respect to our investment in each portfolio company. The Adviser has a number of methods of evaluating and monitoring the performance and fair value of our investments, which may include the following:

- assessment of success of the portfolio company in adhering to its business plan and compliance with covenants;
- periodic and regular contact with portfolio company management and, if appropriate, the financial or strategic sponsor, to discuss financial position, requirements and accomplishments;
- comparisons to other companies in the portfolio company's industry;
- attendance at, and participation in, board meetings; and
- review of periodic financial statements and financial projections for portfolio companies.

An investment will be placed on the Adviser's credit watch list when select events occur and will only be removed from the watch list with oversight of the Diversified Lending Investment Committee and/or other agents of Blue Owl's Credit platform. Once an investment is on the credit watch list, the Adviser works with the borrower prior to payment default to resolve financial stress through amendments, waivers or other alternatives. If a borrower defaults on its payment obligations, the Adviser's focus shifts to capital recovery. If an investment needs to be restructured, the Adviser's workout team partners with the investment team and all material amendments, waivers and restructurings require the approval of a majority of the Diversified Lending Investment Committee.

### Structure of Investments

Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns.

We expect that generally our portfolio composition will be majority debt or income producing securities, which may include "covenant-lite" loans, with a lesser allocation to equity or equity-linked opportunities. In addition, we may invest a portion of our portfolio in opportunistic investments, which will not be our primary focus, but will be intended to enhance returns to our shareholders and from time to time, we may evaluate and enter into strategic portfolio transactions which may result in additional portfolio companies which we are considered to control. These investments may include high-yield bonds and broadly-syndicated loans, which are typically originated and structured by banks on behalf of large corporate borrowers with employee counts, revenues, EBITDAs and enterprise values larger than the middle-market characteristics described herein, and equity investments in portfolio companies that make senior secured loans or invest in broadly syndicated loans or structured products, such as life settlements and royalty interests. Our portfolio composition may fluctuate from time to time based on market conditions and interest rates.

Covenants are contractual restrictions that lenders place on companies to limit the corporate actions a company may pursue. Generally, the loans in which we expect to invest will have financial maintenance covenants, which are used to proactively address materially adverse changes in a portfolio company's financial performance. However, to a lesser extent, we may invest in "covenant-lite" loans. See "*Investment Process Overview – Inclusion of Covenants.*"

**Debt Investments.** The terms of our debt investments are tailored to the facts and circumstances of each transaction. The Adviser negotiates the structure of each investment to protect our rights and manage our risk. We generally invest in the following types of debt:

- *First-lien debt.* First-lien debt typically is senior on a lien basis to other liabilities in the issuer's capital structure and has the benefit of a first-priority security interest in assets of the issuer. The security interest ranks above the security interest of any second-lien lenders in those assets. Our first-lien debt may include stand-alone first-lien loans, "unitranche" loans (including "last out" portions of such loans), and secured corporate bonds with similar features to these categories of first-lien loans. As of December 31, 2024, 51% of our first lien debt was comprised of unitranche loans.
- *Stand-alone first lien loans.* Stand-alone first-lien loans are traditional first-lien loans. All lenders in the facility have equal rights to the collateral that is subject to the first-priority security interest.
  - *Unitranche loans.* Unitranche loans (including the "last out" portions of such loans) combine features of first-lien, second-lien and mezzanine debt, generally in a first-lien position. In many cases, we may provide the issuer most, if not all, of the capital structure above their equity. The primary advantages to the issuer are the ability to negotiate the entire debt financing with one lender and the elimination of intercreditor issues. "Last out" first-lien loans have a secondary priority behind super-senior "first out" first-lien loans in the collateral securing the loans in certain circumstances. The arrangements for a "last out" first-lien loan are typically set forth in an "agreement among lenders," which provides lenders with "first out" and "last out" payment streams based on a single lien on the collateral. Since the "first out" lenders generally have priority over the "last out" lenders for receiving payment under certain specified events of default, or upon the occurrence of other triggering events under intercreditor agreements or agreements among lenders, the "last out" lenders bear a greater risk and, in exchange, receive a higher effective interest rate, through arrangements among the lenders, than the "first out" lenders or lenders in stand-alone first-lien loans. Agreements among lenders also typically provide greater voting rights to the "last out" lenders than the intercreditor agreements to which

second-lien lenders often are subject. Among the types of first-lien debt in which we may invest, “last out” first-lien loans generally have higher effective interest rates than other types of first-lien loans, since “last out” first-lien loans rank below standalone first-lien loans.

- *Second-lien debt.* Our second-lien debt may include secured loans, and, to a lesser extent, secured corporate bonds, with a secondary priority behind first-lien debt. Second-lien debt typically is senior on a lien basis to unsecured liabilities in the issuer’s capital structure and has the benefit of a security interest over assets of the issuer, though ranking junior to first-lien debt secured by those assets. First-lien lenders and second-lien lenders typically have separate liens on the collateral, and an intercreditor agreement provides the first-lien lenders with priority over the second-lien lenders’ liens on the collateral.
- *Mezzanine debt (unsecured debt).* Structurally, mezzanine debt usually ranks subordinate in priority of payment to first-lien and second-lien debt, is often unsecured, and may not have the benefit of financial covenants common in first-lien and second-lien debt. However, mezzanine debt ranks senior to common and preferred equity in an issuer’s capital structure. Mezzanine debt investments generally offer lenders fixed returns in the form of interest payments, which could be paid-in-kind, and may provide lenders an opportunity to participate in the capital appreciation, if any, of an issuer through an equity interest. This equity interest typically takes the form of an equity co-investment or warrants. Due to its higher risk profile and often less restrictive covenants compared to senior secured loans, mezzanine debt generally bears a higher stated interest rate than first-lien and second-lien debt.
- *Broadly syndicated loans.* Broadly syndicated loans (whose features are similar to those described under “First-lien debt” and “Second-lien debt” above) are typically originated and structured by banks on behalf of large corporate borrowers with employee counts, revenues, EBITDAs, and enterprise values larger than the middle-market characteristics described above. The proceeds of broadly syndicated loans are often used for leveraged buyout transactions, mergers and acquisitions, recapitalizations, refinancings, and financing capital expenditures. Broadly syndicated loans are typically distributed by the arranging bank to a diverse group of investors primarily consisting of: CLOs; senior secured loan and high yield bond mutual funds; closed-end funds, hedge funds, banks, and insurance companies; and finance companies. A borrower must comply with various covenants contained in a loan agreement or note purchase agreement between the borrower and the holders of the broadly syndicated loan. The broadly syndicated loans in which we invest may include loans that are considered “covenant-lite” loans, because of their lack of a full set of financial maintenance covenants.

Our debt investments are typically structured with the maximum seniority and collateral that we can reasonably obtain while seeking to achieve our total return target. The Adviser seeks to limit the downside potential of our investments by:

- requiring a total return on our investments (including both interest and potential equity appreciation) that compensates us for credit risk;
- negotiating covenants in connection with our investments consistent with preservation of our capital. Such restrictions may include affirmative covenants (including reporting requirements), negative covenants (including financial maintenance covenants), lien protection, limitations on debt incurrence, restrictions on asset sales, downside and liquidation cases, restrictions on dividends and other payments, cash flow sweeps, collateral protection, required debt amortization, change of control provisions and board rights, including either observation rights or rights to a seat on the board under some circumstances; and
- including debt amortization requirements, where appropriate, to require the timely repayment of principal of the loan, as well as appropriate maturity dates.

Within our portfolio, the Adviser aims to maintain the appropriate proportion among the various types of first-lien loans, as well as second-lien debt and mezzanine debt, to allow us to achieve our target returns while maintaining our targeted amount of credit risk.

**Equity Investments.** Our investment in a portfolio company could be or may include an equity interest, such as common stock or preferred stock, or equity linked interest, such as a warrant or profit participation right. We may make direct and indirect equity investments with or without a concurrent investment in a more senior part of the capital structure of the issuer. Our equity investments are typically not control-oriented investments and we may structure such equity investments to include provisions protecting our rights as a minority-interest holder.

**Specialty Financing Portfolio Companies.** We may make equity investments in portfolio companies that make senior secured loans or invest in broadly syndicated loans or structured products, such as life settlements and royalty interests. Our specialty financing companies include the following:

- Wingspire Capital Holdings LLC (“Wingspire”), an independent diversified direct lender focused on providing asset-based commercial finance loans and related senior secured loans to U.S.-based middle-market borrowers. Wingspire offers a wide variety of asset-based financing solutions to businesses in an array of industries, including revolving credit facilities,

machinery and equipment term loans, real estate term loans, first-in/last-out tranches, cash flow term loans, and opportunistic / bridge financings.

- Amergin, which consists of AAM Series 1.1 Rail and Domestic Intermodal Feeder, LLC and AAM Series 2.1 Aviation Feeder, LLC (collectively, “Amergin AssetCo”) and Amergin Asset Management LLC, which has entered into a Servicing Agreement with Amergin AssetCo. Amergin was created to invest in a leasing platform focused on railcar, aviation and other long-lived transportation assets. Amergin acquires existing on-lease portfolios of new and end-of-life railcars and related equipment and selectively purchases off-lease assets and is building a commercial aircraft portfolio through aircraft financing and engine acquisition on a sale and lease back basis.
- Fifth Season Investments LLC (“Fifth Season”), a portfolio company created to invest in life insurance based assets, including secondary and tertiary life settlement and other life insurance exposures using detailed analytics, internal life expectancy review and sophisticated portfolio management techniques.
- LSI Financing 1 DAC (“LSI Financing DAC”), a portfolio company formed to acquire contractual rights to revenue pursuant to earnout agreements in the life sciences space
- LSI Financing LLC (“LSI Financing LLC”), a separately managed portfolio company formed to indirectly own royalty purchase agreements and loans in the life sciences space.

## **Investments**

Our investment objective is to generate current income and, to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Our investment strategy focuses primarily on originating and making loans to, and making debt and equity investments in, U.S. middle-market companies and is intended to generate favorable returns across credit cycles with an emphasis on preserving capital. We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities, including common and preferred stock, securities convertible into common stock, and warrants. We define “middle-market companies” to generally mean companies with earnings before interest expense, income tax expense, depreciation and amortization, or “EBITDA,” between \$10 million and \$250 million annually and/or annual revenue of \$50 million to \$2.5 billion at the time of investment. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and large syndicated loan markets. Consistent with our goal of capital preservation, we generally intend to invest in companies with loan-to-value ratios (e.g., the amount of outstanding debt as a percentage of the value of the company) of 50% or lower. Our target credit investments will typically have maturities between three and ten years. We seek to invest not more than 20% of our portfolio in any single industry classification and target portfolio companies that comprise 1-2% of our portfolio (with no individual portfolio company generally expected to comprise greater than 5% of our portfolio). To a lesser extent, we may make investments in syndicated loan opportunities for cash management purposes.

While our investment strategy focuses primarily on middle-market companies in the United States, including senior secured loans, we also may invest up to 30% of our portfolio in investments of non-qualifying portfolio companies. Specifically, as part of this 30% basket, we may consider investments in investment funds that are operating pursuant to certain exceptions to the 1940 Act, as well as in debt and equity of companies located outside of the United States and debt and equity of public companies that do not meet the definition of eligible portfolio companies because their market capitalization of publicly traded equity securities exceeds the levels provided for in the 1940 Act.

As of December 31, 2024 and 2023, we had investments in 227 and 193 portfolio companies, respectively, with an aggregate fair value of \$13.2 billion and \$12.7 billion, respectively. The table below presents our investments for the following periods:

(\$ in thousands)	December 31, 2024			December 31, 2023		
	Amortized Cost	Fair Value	Net Unrealized Gain (Loss)	Amortized Cost	Fair Value	Net Unrealized Gain (Loss)

#### OBDC SLF LLC

OBDC SLF was formed as a joint venture and commenced operations on June 20, 2017. OBDC SLF's principal purpose was to make investments, primarily in senior secured loans that are made to middle-market companies or in broadly syndicated loans. Effective as of June 30, 2021, OBDC SLF's members (each, an "OBDC SLF Member" and collectively, the "OBDC SLF Members") were us and Nationwide Life Insurance Company ("Nationwide") and we and Nationwide had 87.5% economic ownership and 12.5% economic ownership, respectively. On July 26, 2022, the OBDC SLF Members increased their capital commitments in OBDC SLF to an aggregate of \$571.5 million. On December 1, 2024, Nationwide transferred their interest in OBDC SLF to us. Prior to December 1, 2024, OBDC SLF was managed by the OBDC SLF Members, each of which had equal voting rights and investment decisions were approved by each of the OBDC SLF Members.

We have determined that, prior to December 1, 2024, OBDC SLF was an investment company under Accounting Standards Codification ("ASC") 946, however, in accordance with such guidance, we will generally not consolidate our investment in a company other than a wholly owned investment company subsidiary or a controlled operating company whose business consists of providing services to us. Accordingly, prior to December 1, 2024, we did not consolidate our non-controlling interest in OBDC SLF. Following Nationwide's transfer of its interest in OBDC SLF to us on December 1, 2024, OBDC SLF became a wholly owned consolidated subsidiary of ours.

#### Blue Owl Credit SLF LLC

On May 6, 2024, Credit SLF, a Delaware limited liability company, was formed as a joint venture. We, OBDC II, OCIC, OTF, OTF II, OTIC, and State Teachers Retirement System of Ohio ("OSTRS") (each, a "Credit SLF Member" and collectively, the "Credit SLF Members") co-manage Credit SLF. Credit SLF's principal purpose is to make investments in senior secured loans to middle-market companies, broadly syndicated loans and senior and subordinated notes issued by collateralized loan obligations. Credit SLF is managed by a board consisting of an equal number of representatives appointed by each Credit SLF Member and which acts unanimously. Investment decisions must be approved by Credit SLF's board. We do not consolidate our non-controlling interest in Credit SLF.

Refer to [Exhibit 99.2](#) for Credit SLF's Supplemental Financial Information.

#### Capital Resources and Borrowings

We anticipate generating cash in the future from the issuance of common stock and debt securities and cash flows from operations, including interest received on our debt investments.

We may borrow money from time to time if our asset coverage, as defined in the 1940 Act, is at least equal to 150% immediately after such borrowing. Additionally, we are permitted, under specified conditions, to issue multiple classes of indebtedness and one class of shares senior to our common stock if our asset coverage, as defined in the 1940 Act, is at least equal to 150% immediately after each such issuance. Effective June 9, 2020, our asset coverage requirement applicable to senior securities was reduced from 200% to 150% and our current target leverage ratio is 0.90x-1.25x. As of December 31, 2024 and 2023, our asset coverage was 178% and 183%, respectively. See "*Regulation as a Business Development Company – Senior Securities; Coverage Ratio*" below.

Furthermore, while any indebtedness and senior securities remain outstanding, we must make provisions to prohibit any distribution to our shareholders on our capital stock (which may cause us to fail to distribute amounts necessary to avoid entity-level taxation under the Code), or the repurchase of such capital stock unless we meet the applicable asset coverage ratios at the time of the distribution or repurchase. In addition, we must also comply with positive and negative covenants customary for these types of indebtedness or senior securities.

Our debt obligations consisted of the following as of the following periods:

December 31, 2024

(\$ in thousands)	Aggregate Principal Committed	Outstanding Principal	Amount Available <sup>(1)</sup>	Unamortized Debt Issuance Costs	Net Carrying Value
Revolving Credit Facility <sup>(2)(4)</sup>	\$ 2,985,000	\$ 292,345	\$ 2,649,422	\$ (22,426)	\$ 269,919

- (4) The amount available is reduced by \$59.1 million of outstanding letters of credit.

See "ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS—Financial Condition, Liquidity and Capital Resources—Debt".

#### **Dividend Policy**

Because we have elected to be treated and intend to maintain our tax treatment as a RIC, we intend to distribute (or be treated as distributing) in each taxable year dividends of an amount equal to at least the sum of 90% of our investment company taxable income (which includes, among other items, dividends, interest, the excess of any net short-term capital gains over net long-term capital losses, as well as other taxable income, excluding any net capital gains reduced by deductible expenses) and 90% of our net tax-exempt income for that taxable year. As a RIC, we generally will not be subject to U.S. federal income tax on our investment company taxable income and net capital gains that we distribute to shareholders. We may be subject to a nondeductible 4% U.S. federal excise tax if we do not distribute (or are treated as distributing) in each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income, excluding certain ordinary gains and losses, recognized during a calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of such calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years.

We have previously incurred, and can be expected to incur in the future, such excise tax on a portion of our income and gains. While we intend to distribute income and capital gains to minimize exposure to the 4% excise tax, we may not be able to, or may not choose to, distribute amounts sufficient to avoid the imposition of the tax entirely. In that event, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement. See "ITEM 1A. RISK FACTORS—Risks Related to U.S. Federal Income Tax—We will be subject to U.S. federal income tax at corporate rates if we are unable to qualify and maintain our tax treatment as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries."

#### **Dividend Reinvestment Plan**

We have adopted a dividend reinvestment plan, pursuant to which we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distribution in cash as provided below. As a result, if the Board authorizes, and we declare, a cash dividend or other distribution, then our shareholders who have not opted out of our dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of our common stock, rather than receiving the cash dividend or other distribution. As described below, we may purchase shares in the open market or use newly issued shares to implement the dividend reinvestment plan. Any fractional share otherwise issuable to a participant in the dividend reinvestment plan will instead be paid in cash.

In connection with our IPO, we entered into our second amended and restated dividend reinvestment plan, pursuant to which, if newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder will be determined by dividing the total dollar amount of the cash dividend or distribution payable to a shareholder by the market price per share of our common stock at the close of regular trading on the NYSE on the payment date of a distribution, or if no sale is reported for such day, the average of the reported bid and ask prices. However, if the market price per share on the payment date of a cash dividend or distribution exceeds the most recently computed net asset value per share, we will issue shares at the greater of (i) the most recently computed net asset value per share and (ii) 95% of the current market price per share (or such lesser discount to the current market price per share that still exceeded the most recently computed net asset value per share). Pursuant to our second amended and restated dividend reinvestment plan, if shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder shall be determined by dividing the dollar amount of the cash dividend payable to such shareholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

No action is required on the part of a registered shareholder to have his, her or its cash dividend or other distributions reinvested in shares of our common stock. A registered shareholder is able to elect to receive an entire cash dividend or other distribution in cash by notifying the Adviser in writing so that such notice is received by the Adviser no later than ten days prior to the record date for distributions to the shareholders.

There are no brokerage charges or other charges to shareholders who participate in the plan.

The plan is terminable by us upon notice in writing mailed to each shareholder of record at least 30 days prior to any record date for the payment of any distribution by us.

During each quarter, but in no event later than 30 days after the end of each calendar quarter, our transfer agent or another designated agent will mail and/or make electronically available to each participant in the dividend reinvestment plan, a statement of account describing, as to such participant, the distributions received during such quarter, the number of shares of our common stock purchased during such quarter, and the per share purchase price for such shares. Annually, as required by the Code, we (or the applicable withholding agent) will include tax information for income earned on shares under the dividend reinvestment plan on a Form 1099-DIV that is mailed to shareholders subject to Internal Revenue Service (“IRS”) tax reporting. We reserve the right to amend, suspend or terminate the dividend reinvestment plan. Any distributions reinvested through the issuance of shares through our dividend reinvestment plan will increase our gross assets on which the base management fee and the incentive fee are determined and paid under the Investment Advisory Agreement. State Street Bank and Trust Company acts as the administrator of the dividend reinvestment plan.

Additional information about the dividend reinvestment plan may be obtained by contacting shareholder services for Blue Owl Capital Corporation at (212) 419-3000.

### **Competition**

Our primary competitors in providing financing to middle-market companies include public and private funds, other BDCs, commercial and investment banks, commercial finance companies and, to the extent they provide an alternative form of financing, private equity and hedge funds. Many of our competitors are substantially larger and have considerably greater financial, technical, and marketing resources than we do. Many of these competitors have similar investment objectives to us, which may create additional competition for investment opportunities. Some competitors may have a lower cost of capital and access to funding sources that are not available to us, which may create competitive disadvantages for us with respect to our investment opportunities. In addition, some of our competitors may have higher risk tolerances or different risk assessments, which could allow them to consider a wider variety of investments and establish more relationships than us. Further, many of our competitors are not subject to the regulatory restrictions that the 1940 Act imposes on us as a BDC, or to the distribution and other requirements we must satisfy to qualify for RIC tax treatment. Lastly, institutional and individual investors are allocating increasing amounts of capital to alternative investment strategies. Several large institutional investors have announced a desire to consolidate their investments in a more limited number of managers. We expect that this will cause competition in our industry to intensify and could lead to a reduction in the size and duration of pricing inefficiencies that many of our products seek to exploit. See *“ITEM 1A. RISK FACTORS — Risk Related to Our Business — We may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses.”*

### **Investment Advisory Agreement**

On January 12, 2025, we entered into the Investment Advisory Agreement. The Investment Advisory Agreement was approved by our Board on August 6, 2024 and by our shareholders on January 8, 2025. The Investment Advisory Agreement amended and restated the third amended and restated investment advisory agreement between us and the Adviser (the “Previous Investment Advisory Agreement”).

The description below of the Investment Advisory Agreement is only a summary and is not necessarily complete. The description set forth below is qualified in its entirety by reference to the Investment Advisory Agreement.

Under the terms of the Investment Advisory Agreement, the Adviser is responsible for the following:

- managing our assets in accordance with our investment objective, policies and restrictions;
- determining the composition of our portfolio, the nature and timing of the changes to our portfolio and the manner of implementing such changes;
- making investment decisions for us, including negotiating the terms of investments in, and dispositions of, portfolio securities and other instruments on our behalf;
- monitoring our investments;
- performing due diligence on prospective portfolio companies;
- exercising voting rights in respect of portfolio securities and other investments for us;
- serving on, and exercising observer rights for, boards of directors and similar committees of our portfolio companies; and
- providing us with such other investment advisory and related services as we may, from time to time, reasonably require for the investment of capital.

The Adviser’s services under the Investment Advisory Agreement are not exclusive, and accordingly, the Adviser may provide similar services to other entities.

### ***Term***

The Previous Investment Advisory Agreement became effective on May 18, 2021. The Previous Investment Advisory Agreement remained effective for two years from the date it first became effective and from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, a majority of the independent directors. On May 6, 2024, the Board approved the continuation of the Previous Investment Advisory Agreement.

The Investment Advisory Agreement became effective on January 12, 2025. Unless earlier terminated as described below, the Investment Advisory Agreement will remain in effect for two years from the date it first became effective and from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, a majority of the independent directors.

The Investment Advisory Agreement will automatically terminate within the meaning of the 1940 Act and related SEC guidance and interpretations in the event of its assignment. In accordance with the 1940 Act, without payment of penalty, we may terminate the Investment Advisory Agreement with the Adviser upon 60 days' written notice. The decision to terminate the agreement may be made by a majority of the Board or the shareholders holding a Majority of the Outstanding Shares of our common stock. "Majority of the Outstanding Shares" means the lesser of (1) 67% or more of the outstanding shares of common stock present at a meeting, if the holders of more than 50% of the outstanding shares of common stock are present or represented by proxy or (2) a majority of outstanding shares of common stock. In addition, without payment of penalty, the Adviser may generally terminate the Investment Advisory Agreement upon 60 days' written notice.

### ***Compensation of the Adviser***

We pay the Adviser an investment advisory fee for its services under the Investment Advisory Agreement consisting of two components: a Management Fee and an Incentive Fee. The cost of both the Management Fee and the Incentive Fee will ultimately be borne by our shareholders.

The Management Fee is payable at an annual rate of (x) 1.5% of our average gross assets excluding cash and cash equivalents but including assets purchased with borrowed amounts, that is above an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act and (y) 1.00% of the Company's average gross assets (excluding cash and cash equivalents, but including assets purchased with borrowed amounts) that is below an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act, in each case at the end of the two most recently completed calendar quarters payable quarterly in arrears. The Management Fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be. For purposes of the Investment Advisory Agreement, gross assets means our total assets determined on a consolidated basis in accordance with generally accepted accounting principles in the United States, excluding cash and cash equivalents, but including assets purchased with borrowed amounts.

The Incentive Fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains, each as described below. The portion of the Incentive Fee based on income is determined and paid quarterly in arrears and equals 100% of the pre-Incentive Fee net investment income in excess of a 1.5% quarterly "hurdle rate," until the Adviser has received 17.5% of the total pre-Incentive Fee net investment income for that calendar quarter and, for pre-Incentive Fee net investment income in excess of 1.82% quarterly, 17.5% of all remaining pre-Incentive Fee net investment income for that calendar quarter. The 100% "catch-up" provision for pre-Incentive Fee net investment income in excess of the 1.5% "hurdle rate" is intended to provide the Adviser with an incentive fee of 17.5% on all pre-Incentive Fee net investment income when that amount equals 1.82% in a calendar quarter (7.27% annualized), which is the rate at which catch-up is achieved. Once the "hurdle rate" is reached and catch-up is achieved, 17.5% of any pre-Incentive Fee net investment income in excess of 1.82% in any calendar quarter is payable to the Adviser.

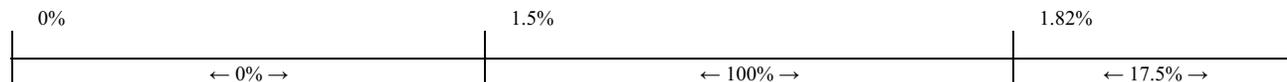

Pre-Incentive Fee net investment income means dividends (including reinvested dividends), interest and fee income accrued by us during the calendar quarter, minus operating expenses for the calendar quarter (including the Management Fee, expenses payable under the Administration Agreement, as discussed below, and any interest expense and dividends paid on any issued and outstanding preferred stock, but excluding the Incentive Fee). Pre-Incentive Fee net investment income includes, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with pay-in-kind interest ("PIK") and zero coupon securities), accrued income that we may not have received in cash. The Adviser is not obligated to return the Incentive Fee it receives on PIK interest that is later determined to be uncollectible in cash. Pre-Incentive Fee net investment income does not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation or any amortization or accretion of any purchase premium or purchase discount to interest income resulting solely from the purchase accounting for any premium or discount paid for the acquisition of assets in a merger.

To determine whether pre-Incentive Fee net investment income exceeds the hurdle rate, pre-Incentive Fee net investment income is expressed as a rate of return on the value of our net assets at the end of the immediately preceding calendar quarter commencing with the first calendar quarter following July 18, 2019 (the "Listing Date"). Because of the structure of the Incentive Fee, it is possible that we may pay an Incentive Fee in a calendar quarter in which we incur a loss. For example, if we receive pre-Incentive Fee net investment income in excess of the quarterly hurdle rate, we will pay the applicable Incentive Fee even if we have incurred a

loss in that calendar quarter due to realized and unrealized capital losses. In addition, because the quarterly hurdle rate is calculated based on our net assets, decreases in our net assets due to realized or unrealized capital losses in any given calendar quarter may increase the likelihood that the hurdle rate is reached and therefore the likelihood of us paying an Incentive Fee for that calendar quarter. Our net investment income used to calculate this component of the Incentive Fee is also included in the amount of our gross assets used to calculate the Management Fee because gross assets are total assets (including cash received) before deducting liabilities (such as declared dividend payments).

The following is a graphical representation of the calculation of the income-related portion of the incentive fee:

**Quarterly Subordinated Incentive Fee on  
Pre-Incentive Fee Net Investment Income  
(expressed as a percentage of the value of net assets)**

The second component of the Incentive Fee, the Capital Gains Incentive Fee, payable at the end of each calendar year in arrears, equals 17.5% of cumulative realized capital gains from the Listing Date to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year. Each year, the fee paid for the Capital Gains Incentive Fee is net of the aggregate amount of any previously paid Capital Gains Incentive Fee for prior periods; provided, however, that the calculation of realized capital gains, realized capital losses, and unrealized capital depreciation shall not include any realized capital gains, realized capital losses or unrealized capital appreciation or depreciation resulting solely from the purchase accounting for any premium or discount paid for the acquisition of assets in a merger. We will accrue, but will not pay, a Capital Gains Incentive Fee with respect to unrealized appreciation because a Capital Gains Incentive Fee would be owed to the Adviser if we were to sell the relevant investment and realize a capital gain. For the sole purpose of calculating the Capital Gains Incentive Fee, the cost basis as of the Listing Date for all of our investments made prior to the Listing Date will be equal to the fair market value of such investments as of the last day of the quarter in which the Listing Date occurred; provided, however, that in no event will the Capital Gains Fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act, including Section 205 thereof.

The fees that are payable under the Investment Advisory Agreement for any partial period will be appropriately prorated.

***Limitations of Liability and Indemnification***

The Adviser and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its sole member, are not liable to us for any action taken or omitted to be taken by the Adviser in connection with the performance of any of its duties or obligations under the Investment Advisory Agreement or otherwise as our investment adviser (except to the extent specified in Section 36(b) of the 1940 Act, concerning loss resulting from a breach of fiduciary duty (as the same is finally determined by judicial proceedings) with respect to the receipt of compensation for services).

We will indemnify the Adviser and its officers, managers, partners, agents, employees, controlling persons, members and any other person or entity affiliated with the Adviser, including without limitation its general partner or managing member (collectively, the “Indemnified Parties”) and hold them harmless from and against all damages, liabilities, costs and expenses (including reasonable attorneys’ fees and amounts reasonably paid in settlement) incurred by the Indemnified Parties in or by reason of any pending, threatened or completed action, suit, investigation or other proceeding (including an action or suit by or in the right of us or our security holders) arising out of or otherwise based upon the performance of any of the Adviser’s duties or obligations under the Investment Advisory Agreement or otherwise as our investment adviser. However, the Indemnified Parties shall not be entitled to indemnification in respect of, any liability to us or our shareholders to which the Indemnified Parties would otherwise be subject by reason of criminal conduct, willful misfeasance, bad faith or gross negligence in the performance of the Adviser’s duties or by reason of the reckless disregard of the Adviser’s duties and obligations under the Investment Advisory Agreement.

***Board Approval of the Investment Advisory Agreement***

On May 6, 2024, the Board held a meeting to consider and approve the continuation of the Previous Investment Advisory Agreement and related matters. On August 6, 2024, the Board held a meeting to consider and approve the Investment Advisory Agreement. At each meeting, the Board was provided information it required to consider the Previous Investment Advisory Agreement and the Investment Advisory Agreement, as applicable, including: (a) the nature, quality and extent of the advisory and other services to be provided to us by the Adviser; (b) comparative data with respect to advisory fees or similar expenses paid by other BDCs, which could include employees of the Adviser or its affiliates; (c) our projected operating expenses and expense ratio compared to BDCs with similar investment objectives; (d) any existing and potential sources of indirect income to the Adviser from its relationship with us and the profitability of that relationship; (e) information about the services to be performed and the personnel performing such services under the Investment Advisory Agreement; (f) the organizational capability and financial condition of the

Adviser and its affiliates; and (g) the possibility of obtaining similar services from other third-party service providers or through an internally managed structure. At the meeting on August 6, 2024, the Board also considered the changes to the Investment Advisory Agreement from the Previous Investment Advisory Agreement.

On May 6, 2024, based on the information reviewed and the discussion thereof, the Board, including a majority of the non-interested directors, determined that the investment advisory fee rates are reasonable in relation to the services provided and approved the continuation of the Previous Investment Advisory Agreement as being in the best interests of our shareholders.

On August 6, 2024, based on the information reviewed and the discussion thereof, the Board, including a majority of the non-interested directors, determined that the investment advisory fee rates are reasonable in relation to the services provided and approved the Investment Advisory Agreement as being in the best interests of our shareholders.

#### **Administration Agreement**

The description below of the Administration Agreement is only a summary and is not necessarily complete. The description set forth below is qualified in its entirety by reference to the Administration Agreement.

Under the terms of the Administration Agreement, the Adviser performs, or oversees the performance of, administrative services for us, which includes, but is not limited to, providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, managing the payment of expenses and the performance of administrative and professional services rendered by others, which could include employees of the Adviser or its affiliates. We will reimburse the Adviser for services performed for us pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and we will reimburse the Adviser for any services performed for us by such affiliate or third party.

The Administration Agreement became effective on May 18, 2021 and the continuation of the Administration Agreement was approved by the Board on May 6, 2024. Unless earlier terminated as described below, the Administration Agreement will remain in effect for two years from the date it first became effective and from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, a majority of the independent directors. We may terminate the Administration Agreement, without payment of any penalty, upon 60 days' written notice. The decision to terminate the agreement may be made by a majority of the Board or the shareholders holding a Majority of the Outstanding Shares of our common stock. In addition, the Adviser may terminate the Administration Agreement, without payment of any penalty, upon 60 days' written notice. To the extent that the Adviser outsources any of its functions we will pay the fees associated with such functions without profit to the Adviser.

The Administration Agreement provides that the Adviser and its affiliates' respective officers, directors, members, managers, stockholders and employees are entitled to indemnification from us from and against any claims or liabilities, including reasonable legal fees and other expenses reasonably incurred, arising out of or in connection with our business and operations or any action taken or omitted on our behalf pursuant to authority granted by the Administration Agreement, except where attributable to willful misfeasance, bad faith or gross negligence in the performance of such person's duties or reckless disregard of such person's obligations and duties under the Administration Agreement as provided by Section 17(i) of the 1940 Act.

#### **Payment of Our Expenses under the Investment Advisory and Administration Agreements**

Except as specifically provided below, all investment professionals and staff of the Adviser, when and to the extent engaged in providing investment advisory and management services to us, and the base compensation, bonus and benefits, and the routine overhead expenses, of such personnel allocable to such services, will be provided and paid for by the Adviser. We bear our allocable portion of the compensation paid by the Adviser (or its affiliates) to our chief compliance officer and chief financial officer and their respective staffs (based on a percentage of time such individuals devote, on an estimated basis, to our business affairs, and as otherwise set forth in the Administrative Agreement). We also bear all other costs and expenses of our operations, administration and transactions, including, but not limited to (i) investment advisory fees, including Management Fees and Incentive Fees, to the Adviser, pursuant to the Investment Advisory Agreement; (ii) our allocable portion of overhead and other expenses incurred by the Adviser in performing its administrative obligations under the Investment Advisory Agreement and the Administrative Agreement, and (iii) all other costs and expenses of our operations and transactions including, without limitation, those relating to:

- the cost of our organization and offerings;
- the cost of calculating our net asset value, including the cost of any third-party valuation services;
- the cost of effecting any sales and repurchases of the common stock and other securities;
- fees and expenses payable under any dealer manager agreements, if any;
- debt service and other costs of borrowings or other financing arrangements;
- costs of hedging;

- expenses, including travel expense, incurred by the Adviser, or members of the Investment Team, or payable to third parties, performing due diligence on prospective portfolio companies and, if necessary, enforcing our rights;
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts;
- federal and state registration fees, any stock exchange listing fees and fees payable to rating agencies;
- federal, state and local taxes;
- independent directors' fees and expenses including certain travel expenses;
- costs of preparing financial statements and maintaining books and records and filing reports or other documents with the SEC (or other regulatory bodies) and other reporting and compliance costs, including registration and listing fees, and the compensation of professionals responsible for the preparation of the foregoing;
- costs of any reports, proxy statements or other notices to shareholders (including printing and mailing costs), the costs of any shareholder or director meetings and the compensation of investor relations personnel responsible for the preparation of the foregoing and related matters;
- commissions and other compensation payable to brokers or dealers;
- research and market data;
- fidelity bond, directors' and officers' errors and omissions liability insurance and other insurance premiums;
- direct costs and expenses of administration, including printing, mailing, long distance telephone and staff;
- fees and expenses associated with independent audits, outside legal and consulting costs;
- costs of winding up;
- costs incurred in connection with the formation or maintenance of entities or vehicles to hold our assets for tax or other purposes;
- extraordinary expenses (such as litigation or indemnification); and
- costs associated with reporting and compliance obligations under the 1940 Act and applicable federal and state securities laws.

#### **Affiliated Transactions**

We may be prohibited under the 1940 Act from participating in certain transactions with our affiliates without prior approval of the directors who are not interested persons, and in some cases, the prior approval of the SEC. We rely on the Order to co-invest with other funds managed by the Adviser or certain affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such Order, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of the Board make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing and (4) the proposed investment by us would not benefit our Adviser, the other affiliated funds that are participating in the investment, or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, we have received an amendment to the Order to permit us to participate in follow-on investments in our existing portfolio companies with certain affiliates that are private funds, when such private funds did not have an investment in such existing portfolio companies.

#### **License Agreement**

We have also entered into a license agreement (the "License Agreement") with an affiliate of Blue Owl, pursuant to which we were granted a non-exclusive license to use the name "Blue Owl." Under the License Agreement, we have a right to use the Blue Owl name for so long as the Adviser or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the "Blue Owl" name or logo.

#### **Employees**

We do not currently have any employees and do not expect to have any employees. Services necessary for our business are provided by individuals who are employees of the Adviser or its affiliates, pursuant to the terms of the Investment Advisory Agreement and the Administration Agreement. Each of our executive officers is employed by the Adviser or its affiliates. Our day-to-

day investment operations are managed by the Adviser. The services necessary for the origination and administration of our investment portfolio are provided by investment professionals employed by the Adviser or its affiliates. The Investment Team is focused on origination and transaction development and the ongoing monitoring of our investments. In addition, we reimburse the Adviser for the allocable portion of the compensation paid by the Adviser (or its affiliates) to our chief compliance officer and chief financial officer and their respective staffs (based on the percentage of time such individuals devote, on an estimated basis, to our business and affairs and as otherwise set forth in the Administrative Agreement). See “— *Investment Advisory Agreement*” and “— *Administration Agreement*.”

### **Corporate Sustainability**

Our and the Adviser’s corporate sustainability efforts seek to deliver positive outcomes for our investors and the communities in which we operate. Our Adviser has made meaningful strides in developing a strategic approach to advancing its corporate sustainability objectives across three priority areas of focus: Responsible Investing, diversity, equity and inclusion (“DEI”) and Citizenship. Our Board receives annual updates on the Adviser’s strategy and initiatives, including ESG-related matters.

#### ***Investing Responsibly***

We and the Adviser recognize the importance of business relevant ESG issues and opportunities and are committed to the consideration of these factors in relation to our business operations and investment activities to manage risk and identify opportunities. Blue Owl adopted an ESG policy, which applies to all asset classes, industries and countries in which Blue Owl does business and the products it manages.

The Adviser believes that incorporating relevant ESG factors into its corporate and investment practices has the potential to meaningfully contribute to our value. The Adviser strives to continuously strengthen its ability to mitigate, manage, and monitor relevant ESG risks and opportunities within our investment portfolios. When the Adviser considers potential investments on our behalf, it seeks to address the relevant ESG considerations, risks and potential rewards related to prospective investments. Further, the Adviser has processes designed to ensure compliance with applicable regulatory disclosure requirements, including ESG-related disclosure obligations.

The Adviser believes it is important to consider the multiple ways that climate risk may affect it as an asset manager. Blue Owl has designed an approach to identify, assess and prioritize potential climate-related risks across its operations and investment activity. The Adviser has considered recommendations from the Task Force on Climate-Related Financial Disclosures in the design and implementation of its climate risk management program, including topics related to governance, strategy, risk management and metrics.

#### ***Diversity, Equity and Inclusion***

We and the Adviser are committed to fostering and preserving a culture of diversity, equity and inclusion. The Adviser seeks to create an inclusive, performance-based environment that is supportive of people from all backgrounds. Blue Owl has formalized its approach by adopting a formal DEI policy.

Blue Owl’s DEI strategy centers on the following key concepts and core values:

- ***Embracing differences.*** Blue Owl embraces and encourages differences that make individuals unique. Blue Owl believes that a team comprised of individuals with diverse backgrounds, experiences, perspectives and insights is critical to long-term success.
- ***Strategic priorities.*** Continuing to develop as a diverse, equitable and inclusive firm is a strategic priority for Blue Owl that it believes can further enhance its work environment and overall business. Blue Owl’s commitment to diversity, equity and inclusion is relevant to interactions with its employees, investors, products’ portfolio companies and third-party service providers.
- ***Leadership.*** While Blue Owl’s ongoing efforts are championed by the Blue Owl founders and executed upon by senior leaders across all business areas of the firm, Blue Owl aims to position support for DEI at the core of its entire employee population. Continuing to develop a diverse, equitable, and inclusive firm is a strategic priority. Blue Owl’s Chief Human Resources Officer is responsible for overseeing its DEI program.

To further foster an inclusive culture, Blue Owl seeks to continue to establish relevant and appropriate employee resource groups, which are open to all employees and aim to build community through shared identities, helping Blue Owl to further its goal of promoting a sense of inclusion and belonging. Blue Owl also works with select partners to provide its employees with access to resources, networks and opportunities for professional development, as well as utilizing the organizations’ job boards to recruit candidates. Additionally, Blue Owl’s summer internship program for college students includes partnerships with organizations that represent students from backgrounds that are often underrepresented in the finance industry. This program includes training, professional development sessions, networking opportunities and mentorship. Blue Owl also offers career development, skill building and mentorship opportunities for its employees. Finally, Blue Owl’s suite of benefits includes primary and secondary parental leave, family planning benefits and stipend and flexible work schedules.

### **Citizenship**

Blue Owl takes its role as a corporate citizen seriously and aims to contribute to meaningful causes to support the communities in which it operates and resides. Blue Owl believes there is an opportunity to “make community our culture” by building a robust citizenship program that is integrated, community-centered, and employee-enriched, including:

- Blue Owl Leads Together, its global employee volunteerism and giving program, allows employees to engage with each other and with the communities in which we live and work;
- Blue Owl Gives, which advances Blue Owl’s philanthropic mission —of unlocking opportunity by providing access to college, to career, and to capital —through strategic nonprofit partnerships; and
- Blue Owl Celebrates, which honors various heritage and affinity months throughout the year by spotlighting important nonprofit causes, profiling opportunities for learning and action, and hosting a variety of guest speakers.

### **Regulation as a Business Development Company**

We have elected to be regulated as a BDC under the 1940 Act. The 1940 Act contains prohibitions and restrictions relating to transactions between BDCs and their affiliates (including any investment advisers or sub-advisers), principal underwriters and affiliates of those affiliates or underwriters and requires that a majority of the directors be persons other than “interested persons,” as that term is defined in the 1940 Act.

In addition, the 1940 Act provides that we may not change the nature of our business so as to cease to be, or to withdraw our election as, a BDC unless approved by a Majority of the Outstanding Shares of our common stock.

We are not generally able to issue and sell our common stock at a price below net asset value per share. We may, however, issue and sell our common stock, or warrants, options or rights to acquire our common stock, at a price below the then-current net asset value of our common stock if (1) our board of directors determines that such sale is in our best interests and the best interests of our shareholders, and (2) our shareholders have approved our policy and practice of making such sales within the preceding 12 months. In any such case, the price at which our securities are to be issued and sold may not be less than a price which, in the determination of our board of directors, closely approximates the market value of such securities.

A BDC generally is required to meet an asset coverage ratio of the value of total assets to senior securities, which include all of our borrowings and any preferred stock the BDC may issue in the future, of at least 200%. However, certain provisions of the 1940 Act allowed a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. This means that generally, a BDC can borrow up to \$1 for every \$1 of investor equity or, if certain conditions are met and it reduces its asset coverage ratio, it can borrow up to \$2 for every \$1 of investor equity. The reduced asset coverage requirement permits a BDC to double the amount of leverage it could incur. On June 8, 2020, our shareholders approved a proposal that allows us to reduce our asset coverage ratio to 150%. As a result, effective on June 9, 2020, our asset coverage requirement applicable to senior securities was reduced from 200% to 150%.

We may also be prohibited under the 1940 Act from knowingly participating in certain transactions with our affiliates without the prior approval of our board of directors who are not interested persons and, in some cases, prior approval by the SEC.

We may invest up to 100% of our assets in securities acquired directly from issuers in privately negotiated transactions. With respect to such securities, we may, for the purpose of public resale, be deemed an “underwriter” as that term is defined in the Securities Act.

Our intention is to not write (sell) or buy put or call options to manage risks associated with the publicly traded securities of our portfolio companies, except that we may enter into hedging transactions to manage the risks associated with interest rate or currency fluctuations. However, we may purchase or otherwise receive warrants to purchase the common stock of our portfolio companies in connection with acquisition financing or other investments. Similarly, in connection with an acquisition, we may acquire rights to require the issuers of acquired securities or their affiliates to repurchase them under certain circumstances.

We do not intend to acquire securities issued by any investment company that exceed the limits imposed by the 1940 Act and the rules and regulations thereunder. Under these limits, we generally cannot acquire more than 3% of the voting stock of any registered investment company, invest more than 5% of the value of our total assets in the securities of one investment company, or invest more than 10% of the value of our total assets in the securities of more than one investment company unless certain conditions are met. If we invest in securities issued by investment companies, if any, it should be noted that such investments might subject our shareholders to additional expenses as they will be indirectly responsible for the costs and expenses of such companies.

None of our investment policies are fundamental, and thus may be changed without shareholder approval.

*Qualifying Assets.* Under the 1940 Act, a BDC may not acquire any asset other than assets of the type listed in Section 55(a) of the 1940 Act, which are referred to as qualifying assets, unless, at the time the acquisition is made, qualifying assets represent at least 70% of the company's total assets. The principal categories of qualifying assets relevant to our business are any of the following:

- (1) Securities purchased in transactions not involving any public offering from the issuer of such securities, which issuer (subject to certain limited exceptions) is an eligible portfolio company, or from any person who is, or has been during the preceding 13 months, an affiliated person of an eligible portfolio company, or from any other person, subject to such rules as may be prescribed by the SEC. An eligible portfolio company is defined in the 1940 Act as any issuer which:
  - (a) is organized under the laws of, and has its principal place of business in, the United States;
  - (b) is not an investment company (other than a small business investment company wholly owned by the business development company) or a company that would be an investment company but for certain exclusions under the 1940 Act; and
  - (c) satisfies any of the following:
    - (i) does not have any class of securities that is traded on a national securities exchange;
    - (ii) has a class of securities listed on a national securities exchange, but has an aggregate market value of outstanding voting and non-voting common equity of less than \$250 million;
    - (iii) is controlled by a business development company or a group of companies including a business development company and the business development company has an affiliated person who is a director of the eligible portfolio company; or
    - (iv) is a small and solvent company having total assets of not more than \$4 million and capital and surplus of not less than \$2 million.
- (2) Securities of any eligible portfolio company controlled by us.
- (3) Securities purchased in a private transaction from a U.S. issuer that is not an investment company or from an affiliated person of the issuer, or in transactions incident thereto, if the issuer is in bankruptcy and subject to reorganization or if the issuer, immediately prior to the purchase of its securities was unable to meet its obligations as they came due without material assistance other than conventional lending or financing arrangements.
- (4) Securities of an eligible portfolio company purchased from any person in a private transaction if there is no ready market for such securities and we already own 60% of the outstanding equity of the eligible portfolio company.
- (5) Securities received in exchange for or distributed on or with respect to securities described in (1) through (4) above, or pursuant to the exercise of warrants or rights relating to such securities.
- (6) Cash, cash equivalents, U.S. government securities or high-quality debt securities maturing in one year or less from the time of investment.

In addition, a BDC must be operated for the purpose of making investments in the types of securities described in (1), (2) or (3) above.

Control, as defined by the 1940 Act, is presumed to exist where a BDC beneficially owns more than 25% of the outstanding voting securities of the portfolio company, but may exist in other circumstances based on the facts and circumstances.

The regulations defining qualifying assets may change over time. We may adjust our investment focus as needed to comply with and/or take advantage of any regulatory, legislative, administrative or judicial actions.

*Managerial Assistance to Portfolio Companies.* A BDC must have been organized and have its principal place of business in the United States and must be operated for the purpose of making investments in the types of securities described above. However, in order to count portfolio securities as qualifying assets for the purpose of the 70% test, the BDC must either control the issuer of the securities or must offer to make available to the issuer of the securities (other than small and solvent companies described above) significant managerial assistance; except that, where the BDC purchases such securities in conjunction with one or more other persons acting together, one of the other persons in the group may make available such managerial assistance. Where the BDC purchases such securities in conjunction with one or more other persons acting together, the BDC will satisfy this test if one of the other persons in the group makes available such managerial assistance, although this may not be the sole method by which the BDC satisfies the requirement to make available managerial assistance. Making available significant managerial assistance means, among other things, any arrangement whereby the BDC, through its directors, officers or employees, offers to provide and, if accepted, does so provide, significant guidance and counsel concerning the management, operations or business objectives and policies of a portfolio company through monitoring of portfolio company operations, selective participation in board and management meetings, consulting with and advising a portfolio company's officers or other organizational or financial guidance.

*Temporary Investments.* Pending investment in other types of qualifying assets, as described above, our investments can consist of cash, cash equivalents, U.S. government securities or high quality debt securities maturing in one year or less from the time of investment, which are referred to herein, collectively, as temporary investments, so that 70% of our assets would be qualifying assets. We may invest in highly rated commercial paper, U.S. government agency notes, U.S. Treasury bills or in repurchase agreements relating to such securities that are fully collateralized by cash or securities issued by the U.S. government or its agencies. A repurchase agreement involves the purchase by an investor, such as us, of a specified security and the simultaneous agreement by the seller to repurchase it at an agreed-upon future date and at a price that is greater than the purchase price by an amount that reflects an agreed-upon interest rate. Consequently, repurchase agreements are functionally similar to loans. There is no percentage restriction on the proportion of our assets that may be invested in such repurchase agreements. However, the 1940 Act and certain diversification tests in order to qualify as a RIC for federal income tax purposes typically require us to limit the amount we invest with any one counterparty. Accordingly, we do not intend to enter into repurchase agreements with a single counterparty in excess of this limit. The Adviser will monitor the creditworthiness of the counterparties with which we may enter into repurchase agreement transactions.

*Warrants and Options.* Under the 1940 Act, a BDC is subject to restrictions on the issuance, terms and amount of warrants, options or rights to purchase shares of capital stock that it may have outstanding at any time. Under the 1940 Act, we may generally only offer warrants provided that (i) the warrants expire by their terms within ten years, (ii) the exercise or conversion price is not less than the current market value at the date of issuance, (iii) shareholders authorize the proposal to issue such warrants, and the Board approves such issuance on the basis that the issuance is in our best interests and the shareholders best interests and (iv) if the warrants are accompanied by other securities, the warrants are not separately transferable unless no class of such warrants and the securities accompanying them has been publicly distributed. The 1940 Act also provides that the amount of our voting securities that would result from the exercise of all outstanding warrants, as well as options and rights, at the time of issuance may not exceed 25% of our outstanding voting securities. In particular, the amount of capital stock that would result from the conversion or exercise of all outstanding warrants, options or rights to purchase capital stock cannot exceed 25% of the BDC's total outstanding shares of capital stock.

*Senior Securities; Coverage Ratio.* We are generally permitted, under specified conditions, to issue multiple classes of indebtedness and one class of stock senior to our common stock if immediately after such borrowing or issuance, the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus preferred stock, if any, is at least 200% (or 150%, if certain requirements are met). This means that generally, a BDC can borrow up to \$1 for every \$1 of investor equity or, if certain requirements are met and it reduces its asset coverage ratio, it can borrow up to \$2 for every \$1 of investor equity. On June 8, 2020, our shareholders approved a proposal that allows us to reduce our asset coverage ratio to 150%. As a result, effective on June 9, 2020, our asset coverage requirement applicable to senior securities was reduced from 200% to 150%.

In addition, while any senior securities remain outstanding, we will be required to make provisions to prohibit any dividend distribution to our shareholders or the repurchase of such securities or shares unless we meet the applicable asset coverage ratios at the time of the dividend distribution or repurchase. We will also be permitted to borrow amounts up to 5% of the value of our total assets for temporary or emergency purposes, which borrowings would not be considered senior securities. For a discussion of the risks associated with leverage, see *"ITEM 1A. RISK FACTORS — Risks Related to Business Development Companies — Regulations governing our operation as a BDC and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth. As a BDC, the necessity of raising additional capital may expose us to risks, including risks associated with leverage."*

*Codes of Ethics.* We and the Adviser have each adopted a code of ethics pursuant to Rule 17j-1 under the 1940 Act and Rule 204A-1 under the Advisers Act, respectively, that establishes procedures for personal investments and restricts certain personal securities transactions. Personnel subject to the code are permitted to invest in securities for their personal investment accounts, including securities that may be purchased or held by us, so long as such investments are made in accordance with the code's requirements. Our code of ethics is available on the EDGAR Database on the SEC's website at <http://www.sec.gov>. You may also obtain copies of the code of ethics, after paying a duplicating fee, by electronic request at the following e-mail address: [publicinfo@sec.gov](mailto:publicinfo@sec.gov).

*Affiliated Transactions.* We may be prohibited under the 1940 Act from conducting certain transactions with our affiliates without the prior approval of our directors who are not interested persons and, in some cases, the prior approval of the SEC. We rely on the Order to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to the Order, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors makes certain conclusions in connection with a co-investment transactions, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing and (4) the proposed investment by us would not benefit our Adviser, the other affiliated funds that are participating in

the investment, or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, we have received an amendment to our Order to permit us to participate in follow-on investments in our existing portfolio companies with certain affiliates that are private funds, if such private funds did not have an investment in such existing portfolio company. The Blue Owl Credit Advisers' allocation policy incorporates the conditions of the Order and seeks to ensure equitable allocation of investment opportunities between us and/or other funds managed by the Adviser or its affiliates over time. As a result of exemptive relief, there could be significant overlap in our investment portfolio and the investment portfolio of other Blue Owl Credit Clients and other Blue Owl clients that avail themselves of the exemptive relief.

*Cancellation of the Investment Advisory Agreement.* Under the 1940 Act, the Investment Advisory Agreement will automatically terminate in the event of its assignment, as defined in the 1940 Act, by the Adviser. See "*Investment Advisory Agreement - Term*." The Investment Advisory Agreement may be terminated at any time, without penalty, by us upon not less than 60 days' written notice to the Adviser and may be terminated at any time, without penalty, by the Adviser upon 60 days' written notice to us. The holders of a Majority of our Outstanding Shares may also terminate the Investment Advisory Agreement without penalty upon not less than 60 days' written notice. Unless terminated earlier as described above, the Investment Advisory Agreement will remain in effect for a period of two years from the date it first became effective and will remain in effect from year-to-year thereafter if approved annually by our Board or by the affirmative vote of the holders of a Majority of our Outstanding Shares, and, in either case, if also approved by a majority of our directors who are not "interested persons" as defined in the 1940 Act.

*Other.* We have adopted an investment policy that complies with the requirements applicable to us as a BDC. We expect to be periodically examined by the SEC for compliance with the 1940 Act, and will be subject to the periodic reporting and related requirements of the Exchange Act.

We are also required to provide and maintain a bond issued by a reputable fidelity insurance company to protect against larceny and embezzlement. Furthermore, as a BDC, we are prohibited from protecting any director or officer against any liability to our shareholders arising from willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of such person's office.

We are also required to designate a chief compliance officer and to adopt and implement written policies and procedures reasonably designed to prevent violation of the federal securities laws and to review these policies and procedures annually for their adequacy and the effectiveness of their implementation.

We are not permitted to change the nature of our business so as to cease to be, or to withdraw our election as, a BDC unless approved by a Majority of the Outstanding Shares of our common stock.

We intend to operate as a non-diversified management investment company; however, we are currently and may, from time to time, in the future, be considered a diversified management investment company pursuant to the definitions set forth in the 1940 Act.

Rule 18f-4 under the 1940 Act requires BDCs that use derivatives to, among other things, comply with a value-at-risk leverage limit, adopt a derivatives risk management program, and implement certain testing and board reporting procedures. Rule 18f-4 exempts BDCs that qualify as "limited derivatives users" from the aforementioned requirements, provided that these BDCs adopt written policies and procedures that are reasonably designed to manage the BDC's derivatives risks and comply with certain recordkeeping requirements. We currently qualify as a "limited derivatives user" and expect to continue to do so. We have adopted a derivatives policy and comply with the recordkeeping requirements of Rule 18f-4.

Our common stock is listed on the NYSE under the symbol "OBDC." As a listed company on the NYSE, we are subject to various listing standards including corporate governance listing standards. We believe we are in material compliance with these rules.

#### **Certain U.S. Federal Income Tax Considerations**

The following discussion is a general summary of certain U.S. federal income tax considerations applicable to us and to an investment in our common stock. This discussion does not purport to be a complete description of the income tax considerations applicable to such an investment. For example, this discussion does not describe tax consequences that we have assumed to be generally known by investors or certain considerations that may be relevant to certain types of holders subject to special treatment under U.S. federal income tax laws, including persons who hold our common stock as part of a straddle or a hedging, integrated or constructive sale transaction, persons subject to the alternative minimum tax, tax-exempt organizations, insurance companies, brokers or dealers in securities, pension plans and trusts, persons whose functional currency is not the U.S. dollar, U.S. expatriates, regulated investment companies, real estate investment trusts, personal holding companies, persons required to accelerate the recognition of gross income as a result of such income being recognized on an applicable financial statement, persons who acquire an interest in the Company in connection with the performance of services, and financial institutions. Such persons should consult with their own tax advisers as to the U.S. federal income tax consequences of an investment in our common stock, which may differ substantially from those described herein. This discussion assumes that shareholders hold our common stock as capital assets (within the meaning of the Code).

The discussion is based upon the Code, U.S. Department of Treasury ("Treasury") regulations, and administrative and judicial interpretations, each as of the date of this report and all of which are subject to change, possibly retroactively, which could affect the continuing validity of this discussion. We have not sought and will not seek any ruling from the IRS regarding any matter discussed herein. Prospective investors should be aware that, although we intend to adopt positions we believe are in accord with current interpretations of the U.S. federal income tax laws, the IRS may not agree with the tax positions taken by us and that, if challenged by the IRS, our tax positions might not be sustained by the courts. This summary does not discuss any aspects of U.S. estate, alternative minimum, or gift tax or foreign, state or local tax. It also does not discuss the special treatment under U.S. federal income tax laws that could result if we invested in tax-exempt securities or certain other investment assets.

For purposes of this discussion, a "U.S. Shareholder" generally is a beneficial owner of our common stock that is for U.S. federal income tax purposes:

- a citizen or individual resident of the United States;
- a corporation (or other entity treated as a corporation) organized in or under the laws of the United States or of any political subdivision thereof;
- a trust that is subject to the supervision of a court within the United States and the control of one or more U.S. persons or that has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person; or
- an estate, the income of which is subject to U.S. federal income taxation regardless of its source.

A "Non-U.S. Shareholder" is a beneficial owner of our common stock that is neither a U.S. Shareholder nor a partnership for U.S. tax purposes.

If a partnership (including an entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds our common stock, the tax treatment of a partner in the partnership will generally depend upon the status of the partner and the activities of the partnership. Any partner of a partnership holding our common stock should consult its tax advisers with respect to the purchase, ownership and disposition of such shares.

Tax matters are very complicated and the tax consequences to an investor of an investment in our common stock will depend on the facts of his, her or its particular situation.

#### ***Taxation as a Regulated Investment Company***

We have elected to be treated and intend to qualify each year as a RIC under Subchapter M of the Code; however, no assurance can be given that we will be able to maintain our RIC tax treatment. As a RIC, we will not be subject to U.S. federal income tax at corporate rates on any ordinary income or capital gains that we timely distribute to our shareholders as dividends. To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements (as described below). In addition, in order to obtain RIC tax benefits, we must distribute to our shareholders, for each taxable year, at least 90% of our "investment company taxable income," which is generally our ordinary income plus the excess of realized net short-term capital gains over realized net long-term capital losses (the "Annual Distribution Requirement").

If we qualify as a RIC, and satisfy the Annual Distribution Requirement, then we will not be subject to U.S. federal income tax on the portion of our income we timely distribute (or are deemed to distribute) to our shareholders. We will be subject to U.S. federal income tax imposed at regular corporate rates on any income or capital gains not distributed (or deemed distributed) to our shareholders.

We will be subject to a 4% nondeductible U.S. federal excise tax on certain undistributed income unless we distribute in a timely manner an amount at least equal to the sum of (i) 98% of our net ordinary income for each calendar year, (ii) 98.2% of the amount by which our capital gain exceeds our capital loss (adjusted for certain ordinary losses) for the one-year period ending October 31 in that calendar year and (iii) certain undistributed amounts from previous years on which we paid no U.S. federal income tax (the "Excise Tax Avoidance Requirement"). While we intend to distribute any income and capital gains in order to avoid imposition of this 4% U.S. federal excise tax, we may not be successful in avoiding entirely the imposition of this tax.

In order to qualify as a RIC for U.S. federal income tax purposes, we must, among other things:

- continue to qualify as a BDC under the 1940 Act at all times during each taxable year;
- derive in each taxable year at least 90% of our gross income from dividends, interest, payments with respect to loans of certain securities, gains from the sale of stock or other securities or foreign currencies, net income from certain "qualified publicly traded partnerships (as defined in the Code)," or other income derived with respect to our business of investing in such stock or securities (the "90% Income Test"); and

- diversify our holdings so that at the end of each quarter of the taxable year:
  - at least 50% of the value of our assets consists of cash, cash equivalents, U.S. government securities, securities of other RICs, and other securities if such other securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and
  - no more than 25% of the value of our assets is invested in the (i) securities, other than U.S. government securities or securities of other RICs, of one issuer, (ii) securities, other than securities of other RICs, of two or more issuers that are controlled, as determined under applicable Code rules, by us and that are engaged in the same or similar or related trades or businesses or (iii) securities of one or more “qualified publicly traded partnerships” (the “Diversification Tests”).

We may be required to recognize taxable income in circumstances in which we do not receive cash. For example, if we hold debt obligations that are treated under applicable tax rules as having original issue discount (such as debt instruments with PIK interest or, in certain cases, increasing interest rates or issued with warrants), we must include in income each year a portion of the original issue discount that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in our taxable income other amounts that we have not yet received in cash, such as PIK interest and deferred loan origination fees that are paid after origination of the loan. Because any original issue discount or other amounts accrued will be included in our investment company taxable income for the year of accrual, we may be required to make a distribution to our shareholders in order to satisfy the Annual Distribution Requirement, even though we will not have received the corresponding cash amount.

Although we do not presently expect to do so, we are authorized to borrow funds, to sell assets and to make taxable distributions of our stock and debt securities in order to satisfy the distribution requirements. Our ability to dispose of assets to meet our distribution requirements may be limited by (i) the illiquid nature of our portfolio and/or (ii) other requirements relating to our status as a RIC, including the Diversification Tests. If we dispose of assets in order to meet the Annual Distribution Requirement or the Excise Tax Avoidance Requirement, we may make such dispositions at times that, from an investment standpoint, are not advantageous. If we are unable to obtain cash from other sources to satisfy the Annual Distribution Requirement, we may fail to qualify for tax treatment as a RIC and become subject to U.S. federal income tax.

Under the 1940 Act, we are not permitted to make distributions to our shareholders while our debt obligations and other senior securities are outstanding unless certain “asset coverage” tests are met. If we are prohibited from making distributions, we may fail to qualify for tax treatment as a RIC and become subject to U.S. federal income tax.

Certain of our investment practices may be subject to special and complex U.S. federal income tax provisions that may, among other things: (i) disallow, suspend or otherwise limit the allowance of certain losses or deductions; (ii) convert lower taxed long-term capital gain into higher taxed short-term capital gain or ordinary income; (iii) convert an ordinary loss or a deduction into a capital loss (the deductibility of which is more limited); (iv) cause us to recognize income or gain without a corresponding receipt of cash; (v) adversely affect the time as to when a purchase or sale of securities is deemed to occur; (vi) adversely alter the characterization of certain complex financial transactions; and (vii) generate income that will not be qualifying income for purposes of the 90% Income Test described above. We will monitor our transactions and may make certain tax decisions in order to mitigate the potential adverse effect of these provisions.

A RIC is limited in its ability to deduct expenses in excess of its “investment company taxable income” (which is, generally, ordinary income plus the excess of net short-term capital gains over net long-term capital losses). If our expenses in a given year exceed our investment company taxable income, we would experience a net operating loss for that year. However, a RIC is not permitted to carry forward net operating losses to subsequent years. In addition, expenses can be used only to offset investment company taxable income, not net capital gain. A RIC may not use any net capital losses (that is, realized capital losses in excess of realized capital gains) to offset the RIC’s investment company taxable income, but may carry forward such losses indefinitely, and use them to offset capital gains. Due to these limits on the deductibility of expenses, over the course of one or more taxable years we may have, for U.S. federal income tax purposes, taxable income that we are required to distribute and that is taxable to our shareholders even if such income is greater than the aggregate net income we actually earned during those years. Such required distributions may be made from our cash assets or by liquidation of investments, if necessary. We may realize gains or losses from such liquidations. In the event we realize net capital gains from such transactions, a shareholder may receive a larger capital gain distribution than it would have received in the absence of such transactions.

Investment income received from sources within foreign countries, or capital gains earned by investing in securities of foreign issuers, may be subject to foreign income taxes withheld at the source. In this regard, withholding tax rates in countries with which the United States does not have a tax treaty may be 35% or more. The United States has entered into tax treaties with many foreign countries that may entitle us to a reduced rate of or exemption from withholding tax on investment income and gains. The effective rate of foreign tax cannot be determined at this time since the amount of our assets to be invested within various countries is not now known. We do not anticipate being eligible for the special election that allows a RIC to treat foreign income taxes paid by such RIC as paid by its stockholders.

If we purchase shares in a “passive foreign investment company,” or PFIC, we may be subject to U.S. federal income tax on any “excess distribution” received on, or any gain from the disposition of such shares. Additional charges in the nature of interest generally will be imposed on us in respect of deferred taxes arising from any such excess distributions or gains. This additional tax and interest may apply even if we make a distribution as a taxable dividend by us to our shareholders in an amount equal to (1) any excess distribution, or (2) the gain from the dispositions of such shares. If we invest in a PFIC and elect to treat the PFIC as a “qualified electing fund”, or QEF, in lieu of the foregoing requirements, we will be required to include in income each year our proportionate share of the ordinary earnings and net capital gain of the QEF, even if such income is not distributed by the QEF. Alternatively, we may be able to elect to mark-to-market at the end of each taxable year our shares in a PFIC; in this case, we will recognize as ordinary income any increase in the value of such shares and as ordinary loss any decrease in such value to the extent that any such decrease does not exceed prior increases included in our income. Under either election, we may be required to recognize income in excess of distributions from PFICs and our proceeds from dispositions of PFIC stock during that year, and such income will nevertheless be subject to the Annual Distribution Requirement and will be taken into account for purposes of the 4% U.S. federal excise tax. We intend to limit and/or manage our holdings in PFICs to minimize our liability for any taxes and related interest charges.

If we hold more than 10% of the shares in a foreign corporation that is treated as a controlled foreign corporation, or “CFC,” we may be treated as receiving a deemed distribution (taxable as ordinary income) each year from such foreign corporation in an amount equal to our pro rata share of certain of the corporation’s income for the tax year (including both ordinary earnings and capital gains), whether or not the corporation makes an actual distribution during such year. In general, a foreign corporation will be classified as a CFC if more than 50% of the shares of the corporation, measured by reference to combined voting power or value, is owned (directly, indirectly or by attribution) by U.S. Shareholders. A “U.S. Shareholder,” for this purpose, is any U.S. person that possesses (actually or constructively) 10% or more of the combined voting power of all classes of shares of a corporation or 10% or more of the total value of all classes of shares of a corporation. If we are treated as receiving a deemed distribution from a CFC, we will be required to include such distribution in our investment company taxable income regardless of whether we receive any actual distributions from such CFC, and such income will be subject to the Annual Distribution Requirement and will be taken into account for purposes of the 4% U.S. federal excise tax.

Income inclusions from a QEF or a CFC will be “good income” for purposes of the 90% Income Test provided that they are derived in connection with our business of investing in stocks and securities or the QEF or the CFC distributes such income to us in the same taxable year to which the income is included in our income.

Foreign exchange gains and losses realized by us in connection with certain transactions involving non-dollar debt securities, certain foreign currency futures contracts, foreign currency option contracts, foreign currency forward contracts, foreign currencies, or payables or receivables denominated in a foreign currency are subject to Code provisions that generally treat such gains and losses as ordinary income and losses and may affect the amount, timing and character of distributions to our stockholders. Any such transactions that are not directly related to our investment in securities (possibly including speculative currency positions or currency derivatives not used for hedging purposes) could, under future Treasury regulations, produce income not among the types of “qualifying income” from which a RIC must derive at least 90% of its annual gross income.

In accordance with certain applicable Treasury regulations and guidance published by the IRS, a RIC that is publicly offered may treat a distribution of its own stock as fulfilling its RIC distribution requirements if each stockholder may elect to receive his or her entire distribution in either cash or stock of the RIC, subject to a limitation that the aggregate amount of cash to be distributed to all stockholders must be at least 20% of the aggregate declared distribution. If too many stockholders elect to receive cash, the cash available for distribution must be allocated among stockholders electing to receive cash (with the balance of the distribution paid in stock). In no event will any stockholder, electing to receive cash, receive less than the lesser of (a) the portion of the distribution such stockholder elected to receive in cash, or (b) an amount equal to his or her entire distribution times the percentage limitation on cash available for distribution. If these and certain other requirements are met, for U.S. federal income tax purposes, the amount of the dividend paid in stock will be equal to the amount of cash that could have been received instead of stock. We have no current intention of paying dividends in shares of our stock in accordance with these Treasury regulations or published guidance.

If we fail to qualify for treatment as a RIC, and certain amelioration provisions are not applicable, we would be subject to U.S. federal income tax on all of our taxable income (including our net capital gains) imposed at regular corporate rates. We would not be able to deduct distributions to our shareholders, nor would they be required to be made. Distributions, including distributions of net long-term capital gain, would generally be taxable to our shareholders as ordinary dividend income to the extent of our current and accumulated earnings and profits. Subject to certain holding period and other limitations under the Code, our corporate shareholders would be eligible to claim a dividend received deduction with respect to such dividend and our non-corporate shareholders would generally be able to treat such dividends as “qualified dividend income,” which is subject to reduced rates of U.S. federal income tax. Distributions in excess of our current and accumulated earnings and profits would be treated first as a return of capital to the extent of the shareholder’s adjusted tax basis, and any remaining distributions would be treated as a capital gain. In order to requalify as a RIC, in addition to the other requirements discussed above, we would be required to distribute all of our previously undistributed earnings attributable to the period we failed to qualify as a RIC by the end of the first year that we intend to requalify as a RIC. If we fail to requalify as a RIC for a period greater than two taxable years, we may be subject to U.S. federal income tax at regular corporate rates on any net built-in gains with respect to certain of our assets (i.e., the excess of the aggregate gains, including items of income, over

aggregate losses that would have been realized with respect to such assets if we had been liquidated) that we elect to recognize on requalification or when recognized over the next five years.

### **Proxy Voting Policies and Procedures**

We have delegated our proxy voting responsibility to the Adviser. The Proxy Voting Policies and Procedures of the Adviser are described below. The guidelines are reviewed periodically by the Adviser and our non-interested directors, and, accordingly, are subject to change.

As an investment adviser registered under the Advisers Act, the Adviser has a fiduciary duty to act solely in the best interests of its clients. As part of this duty, the Adviser recognizes that it must vote client securities in a timely manner free of conflicts of interest and in the best interests of its clients. These policies and procedures for voting proxies for the Adviser's investment advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

#### ***Proxy Policies***

The Adviser will seek to vote all proxies relating to our portfolio securities in the best interest of our shareholders. The Adviser reviews on a case-by-case basis each proposal submitted to a shareholder vote to determine its impact on the portfolio securities held by the Company. Although the Adviser will generally vote against proposals that may have a negative impact on its clients' portfolio securities, the Adviser may vote for such a proposal if there exists compelling long-term reasons to do so.

The Adviser's proxy voting decisions are made by senior officers who are responsible for monitoring each of our investments. To ensure that the Adviser's vote is not the product of a conflict of interest, the Adviser requires that: (i) anyone involved in the decision making process disclose to the Adviser's chief compliance officer any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (ii) employees involved in the decision-making process or vote administration are prohibited from revealing how the Adviser intends to vote on a proposal in order to reduce any attempted influence from interested parties.

#### ***Proxy Voting Records***

You may obtain information about how the Adviser voted proxies by making a written request for proxy voting information to: Blue Owl Capital Corporation, Attention: Investor Relations, 399 Park Avenue, New York, NY 10022, or by calling Blue Owl Capital Corporation at (212) 419-3000.

### **Privacy Policy**

We are committed to maintaining the confidentiality, integrity and security of non-public personal information relating to investors. The following information is provided to help you understand what personal information we collect, how we protect that information and why, in certain cases, we may share information with select other parties.

Generally, we do not collect any non-public personal information other than certain biographical information which is used only so that we can service your account, send you annual reports, proxy statements, and other information required by law. With regard to this information, we maintain physical, electronic and procedural safeguards designed to protect the non-public personal information of our investors.

We may share information that we collect regarding an investor with certain of our service providers for legitimate business purposes, for example, in order to process trades or mail information to investors. In addition, we may disclose information that we collect regarding an investor as required by law or in connection with regulatory or law enforcement inquiries.

### **Reporting Obligations**

We will furnish our shareholders with annual reports containing audited financial statements, quarterly reports, and such other periodic reports as we determine to be appropriate or as may be required by law.

We make available free of charge on our website ([www.blueowcapitalcapitalcorporation.com](http://www.blueowcapitalcapitalcorporation.com)) our annual reports on Form 10-K, quarterly reports on Form 10-Q and our current reports on Form 8-K. The SEC also maintains a website ([www.sec.gov](http://www.sec.gov)) that contains such information. The reference to our website is an inactive textual reference only and the information contained on our website is not a part of this registration statement.

### **Item 1A. Risk Factors**

Investing in our securities involves a number of significant risks. You should consider carefully the following information before making an investment in our securities. The risks below are not the only risks we face. Additional risks and uncertainties not presently known to us or not presently deemed material by us may also impair our operations and performance. If any of the following events occur, our business, financial condition and results of operations could be materially and adversely affected. The following is a summary of the principal risks that you should carefully consider before investing in our securities.

***We are subject to risks related to the economy.***

- Global economic, political and market conditions, including uncertainty about the financial stability of the United States, could have a significant adverse effect on our business, financial condition and results of operations.
- The current period of capital markets disruption and economic uncertainty could have a material adverse effect on our business, financial condition or results of operations.
- Inflation may adversely affect the business, results of operations and financial condition of our portfolio companies.
- We are dependent on information systems and systems failures could significantly disrupt our business, which may, in turn, negatively affect our liquidity, financial condition or results of operations.

***We are subject to risks related to our business and operations.***

- The lack of liquidity in our investments may adversely affect our business.
- We borrow money, which magnifies the potential for gain or loss and may increase the risk of investing in us.
- Defaults under our current borrowings or any future borrowing facility or notes may adversely affect our business, financial condition, results of operations and cash flows.
- If we are unable to obtain additional debt financing, or if our borrowing capacity is materially reduced, our business could be materially adversely affected.
- Our ability to achieve our investment objective depends on our Adviser's ability to manage and support our investment process. If our Adviser were to lose a significant number of its key professionals, or terminate the Investment Advisory Agreement, our ability to achieve our investment objective could be significantly harmed.
- Because our business model depends to a significant extent upon Blue Owl's relationships with corporations, financial institutions and investment firms, the inability of Blue Owl to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.
- We may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses.
- Our investment portfolio is recorded at fair value as determined in good faith by our Adviser in accordance with procedures approved by our Board and, as a result, there is and will be uncertainty as to the value of our portfolio investments.
- Our Board may change our operating policies and strategies without prior notice or shareholder approval, the effects of which may be adverse to our shareholders.
- Internal and external cybersecurity threats and risks, as well as other disasters, may adversely affect our business or the business of our portfolio companies by impairing the ability to conduct business effectively.

***We are subject to risks related to the Mergers.***

- We may be unable to realize the benefits anticipated by the Mergers, including estimated cost savings, or it may take longer than anticipated to achieve such benefits.
- We may be the target of litigation or similar proceedings in the future.

***We are subject to risks related to our Adviser and its affiliates.***

- Our Adviser and its affiliates, including our officers and some of our directors, may face conflicts of interest caused by compensation arrangements with us and our affiliates, which could result in increased risk-taking or speculative investments, or cause our Adviser to use substantial leverage.
- The time and resources that individuals associated with our Adviser devote to us may be diverted, and we may face additional competition due to, among other things, the fact that neither our Adviser nor its affiliates is prohibited from raising money for or managing another entity that makes the same types of investments that we target.
- Our Adviser and its affiliates may face conflicts of interest with respect to services performed for issuers in which we may invest.
- Our Adviser or its affiliates may have incentives to favor their respective other accounts and clients and/or Blue Owl over us, which may result in conflicts of interest that could be harmful to us.
- We may be obligated to pay our Adviser incentive fees even if we incur a net loss due to a decline in the value of our portfolio and even if our earned interest income is not payable in cash.
- Our ability to enter into transactions with our affiliates is restricted.

- Our Adviser's inability to attract, retain and develop human capital in a highly competitive talent market could have an adverse effect on our Adviser, and thus us.

***We are subject to risks related to business development companies.***

- The requirement that we invest a sufficient portion of our assets in qualifying assets could preclude us from investing in accordance with our current business strategy; conversely, the failure to invest a sufficient portion of our assets in qualifying assets could result in our failure to maintain our status as a BDC.
- Regulations governing our operation as a BDC and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth. As a BDC, the necessity of raising additional capital may expose us to risks, including risks associated with leverage.

***We are subject to risks related to our investments.***

- Our investments in portfolio companies may be risky, and we could lose all or part of our investments.
- We have invested and may continue to invest through joint ventures, partnerships and other special purpose vehicles and our investments through these vehicles may entail greater risks, or risks that we otherwise would not incur, if we otherwise made such investments directly.
- Defaults by our portfolio companies could jeopardize a portfolio company's ability to meet its obligations under the debt or equity investments that we hold which could harm our operating results.
- Subordinated liens on collateral securing debt investments that we may make to portfolio companies may be subject to control by senior creditors with first priority liens. If there is a default, the value of the collateral may not be sufficient to repay in full both the first priority creditors and us.
- We generally will not control the business operations of our portfolio companies and, due to the illiquid nature of our holdings in our portfolio companies, we may not be able to dispose of our interests in our portfolio companies.
- We and our portfolio companies are, and will continue to be, exposed to risks associated with changes in interest rates.
- International investments create additional risks.
- Our portfolio may be focused on a limited number of portfolio companies or industries, which will subject us to a risk of significant loss if any of these companies defaults on its obligations under any of its debt instruments or if there is a downturn in a particular industry.

***We are subject to risks related to an investment in our common stock.***

- The market value of our common stock may fluctuate significantly.
- The amount of any distributions we may make on our common stock is uncertain. We may not be able to pay distributions to shareholders, or be able to sustain distributions at any particular level, and our distributions per share, if any, may not grow over time, and our distributions per share may be reduced. We have not established any limits on the extent to which we may use borrowings, if any, and we may use sources other than from cash flows from operations to fund distributions (which may reduce the amount of capital we ultimately invest in portfolio companies).

***We are subject to risks related to an investment in our unsecured notes.***

- Our unsecured notes are effectively subordinated to any secured indebtedness we have currently incurred or may incur in the future.
- Our unsecured notes are structurally subordinated to the indebtedness and other liabilities of our subsidiaries.
- A downgrade, suspension or withdrawal of the credit rating assigned by a rating agency to us or our unsecured notes, if any, or change in the debt markets, could cause the liquidity or market value of our unsecured notes to decline significantly.

***We are subject to risks related to U.S. federal income tax.***

- We will be subject to U.S. federal income tax if we are unable to maintain our tax treatment as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries.
- We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income.

***We are subject to general risks.***

- Changes in laws or regulations governing our operations may adversely affect our business or cause us to alter our business strategy.
- Heightened scrutiny of the financial services industry by regulators may materially and adversely affect our business.

## Risks Related to the Economy

***Global economic, political and market conditions, including uncertainty about the financial stability of the United States, could have a significant adverse effect on our business, financial condition and results of operations.***

The current worldwide financial markets situation, as well as various social, political, economic and other conditions and events (including political tensions in the United States and around the world, wars and other forms of conflict (including, for example, the ongoing war between Russia and Ukraine and conflict in the Middle East and Northern Africa region), terrorist acts, security operations and catastrophic events, natural disasters such as fires, floods, earthquakes, tornadoes, hurricanes, global health epidemics, pandemics and emergencies, fluctuations in interest rates, strikes, work stoppages, labor shortages, labor disputes, supply chain disruptions and accidents), may disrupt our operations, contribute to increased market volatility, have long term effects on the United States and worldwide financial markets, and cause economic uncertainties or deterioration in the United States and worldwide. As global systems, economies and financial markets are increasingly interconnected, events that once had only local impact are now more likely to have regional or even global effects. Events that occur in one country, region or financial market will, more frequently, adversely impact issuers in other countries, regions or markets, including in established markets such as the United States. These impacts can be exacerbated by failures of governments and societies to adequately respond to an emerging event or threat.

Uncertainty can result in or coincide with, among other things: increased volatility in the financial markets for securities, derivatives, loans, credit and currency; a decrease in the reliability of market prices and difficulty in valuing assets (including portfolio company assets); greater fluctuations in spreads on debt investments and currency exchange rates; increased risk of default (by both government and private obligors and issuers); further social, economic, and political instability; nationalization of private enterprise; greater governmental involvement in the economy or in social factors that impact the economy; changes to governmental regulation and supervision of the loan, securities, derivatives and currency markets and market participants and decreased or revised monitoring of such markets by governments or self-regulatory organizations and reduced enforcement of regulations; limitations on the activities of investors in such markets; controls or restrictions on foreign investment, capital controls and limitations on repatriation of invested capital; the significant loss of liquidity and the inability to purchase, sell and otherwise fund investments or settle transactions (including, but not limited to, a market freeze); unavailability of currency hedging techniques; substantial, and in some periods extremely high rates of inflation, which can last many years and have negative effects on credit and securities markets as well as the economy as a whole; recessions; and difficulties in obtaining and/or enforcing legal judgments.

Any of the above factors, including sanctions, export controls, tariffs, trade wars and other governmental actions, could have a material adverse effect on our business, financial condition, cash flows and results of operations and could cause the market value of our common shares and/or debt securities to decline. The United States has recently enacted and proposed to enact significant new tariffs. Additionally, the new U.S. Presidential administration has directed various federal agencies to further evaluate key aspects of U.S. trade policy and there has been ongoing discussion and commentary regarding potential significant changes to U.S. trade policies, treaties and tariffs. Global health emergencies, natural disasters, strikes, work stoppages or accidents could further weaken the domestic/global economies and create additional uncertainties, which may negatively impact the businesses in which we invest directly or indirectly and, in turn, could have a material adverse impact on our business, operating results and financial condition. We monitor developments and seek to manage our investments in a manner consistent with achieving our investment objective, but there can be no assurance that we will be successful in doing so. Additionally, social unrest and other political and security concerns may not abate, may worsen and could spread. Losses from terrorist attacks, global health emergencies, natural disasters, strikes, work stoppages or accidents are generally uninsurable.

***The current period of capital markets disruption and economic uncertainty could have a material adverse effect on our business, financial condition or results of operations.***

In recent years, the U.S. corporate debt markets have experienced disruption resulting from the COVID-19 pandemic and an inflationary economic environment. These market conditions may make it difficult to extend the maturity of or refinance our existing indebtedness or obtain new indebtedness with similar terms and any failure to do so could have a material adverse effect on our business. The debt capital that will be available to us in the future, if at all, may be at a higher cost and on less favorable terms and conditions than what we currently experience, including being in an elevated rate environment. If we are unable to raise or refinance debt, then our equity investors may not benefit from the potential for increased returns on equity resulting from leverage and we may be limited in our ability to make new commitments or to fund existing commitments to our portfolio companies. An inability to extend the maturity of, or refinance, our existing indebtedness or obtain new indebtedness could have a material adverse effect on our business, financial condition or results of operations.

Significant disruption or volatility in the capital markets may also have a negative effect on the valuations of our investments. While most of our investments are not publicly traded, applicable accounting standards require us to assume as part of our valuation process that our investments are sold in a principal market to market participants (even if we plan on holding an investment through its maturity). Significant disruption or volatility in the capital markets may also affect the pace of our investment activity and the potential for liquidity events involving our investments. Thus, the illiquidity of our investments may make it difficult for us to sell such investments to access capital if required, and as a result, we could realize significantly less than the value at which we have recorded our investments if we were required to sell them for liquidity purposes. An inability to raise or access capital could have a material adverse effect on our business, financial condition or results of operations and cause our net asset value to decline. In addition, adverse or volatile market conditions may make equity capital difficult to raise because, subject to some limited exceptions, as a BDC, we are generally not able to issue additional shares of our common stock at a price less than net asset value without first obtaining approval for such issuance from our shareholders and independent directors. In addition, adverse or volatile market

conditions may make equity capital difficult to raise because, subject to some limited exceptions, as a BDC, we are generally not able to issue additional shares of our common stock at a price less than net asset value without first obtaining approval for such issuance from our shareholders and independent directors.

***Economic recessions or downturns could impair our portfolio companies and harm our operating results.***

Many of our portfolio companies may be susceptible to economic slowdowns or recessions and may be unable to repay our debt investments during these periods. In the past, instability in the global capital markets resulted in disruptions in liquidity in the debt capital markets, significant write-offs in the financial services sector, the re-pricing of credit risk in the broadly syndicated credit market and the failure of major domestic and international financial institutions. In particular, in past periods of instability, the financial services sector was negatively impacted by significant write-offs as the value of the assets held by financial firms declined, impairing their capital positions and abilities to lend and invest. In addition, continued uncertainty in connection with economic sanctions resulting from the ongoing war between Russia and Ukraine, uncertainty around the conflict in the Middle East, and uncertainty between the United States and other countries, including China, with respect to trade policies, treaties, and tariffs, among other factors, have caused disruption in the global markets. There can be no assurance that market conditions will not worsen in the future.

In an economic downturn, we may have non-performing assets or non-performing assets may increase, and the value of our portfolio is likely to decrease during these periods. Adverse economic conditions may also decrease the value of any collateral securing our loans and the value of our equity investments. A severe recession may further decrease the value of such collateral and result in losses of value in our portfolio and a decrease in our revenues, net income, assets and net worth. Unfavorable economic conditions may require us to modify the payment terms of our investments, including changes in “payment in kind” or “PIK” interest provisions and/or cash interest rates, and also could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us on terms we deem acceptable. These events could prevent us from increasing investments and harm our operating results.

The occurrence of recessionary conditions and/or negative developments in the domestic and international credit markets may significantly affect the markets in which we do business, the value of our investments, and our ongoing operations, costs and profitability. Any such unfavorable economic conditions, including elevated interest rates, may also increase our funding costs, limit our access to capital markets or negatively impact our ability to obtain financing, particularly from the debt markets. In addition, any future financial market uncertainty could lead to financial market disruptions and could further impact our ability to obtain financing.

These events could limit our investment originations, limit our ability to grow and negatively impact our operating results and financial condition.

***Inflation may adversely affect the business, results of operations and financial condition of our portfolio companies.***

Certain of our portfolio companies operate in industries that have been, or may be, impacted by inflation. Recent inflationary pressures have increased the costs of labor, energy and raw materials and have adversely affected consumer spending, economic growth and our portfolio companies’ operations. If such portfolio companies are unable to pass any increases in the costs of their operations along to their customers, it could adversely affect their operating results. Such conditions would increase the risk of default on their obligations as a borrower. In addition, any projected future decreases in our portfolio companies’ operating results due to inflation could adversely impact the fair value of those investments. Any decreases in the fair value of our investments could result in future unrealized losses and therefore reduce our net assets resulting from operations. Any decreases in the fair value of our investments could result in future realized or unrealized losses.

***Fluctuations in interest rates could have a material adverse effect on our business and that of our portfolio companies.***

Fluctuations in interest rates could have a dampening effect on overall economic activity, the financial condition of our portfolio companies and the financial condition of the end customers who ultimately create demand for the capital we supply, all of which could negatively affect our business, financial condition or results of operations. The Federal Reserve decreased the federal funds rate twice in 2024. Although the Federal Reserve has signaled the potential for additional federal funds rate cuts, there remains uncertainty around the rate and timing of decreases, including as a result of the transition to the new U.S. Presidential administration. Uncertainty surrounding future Federal Reserve actions may have a material effect on our business making it particularly difficult for us to obtain financing at attractive rates, impacting our ability to execute on our growth strategies or future acquisitions.

***Our cash and cash equivalents could be adversely affected if the financial institutions in which we hold our cash and cash equivalents fail.***

We regularly maintain cash balances at third-party financial institutions in excess of the Federal Deposit Insurance Corporation insurance limits. If a depository institution fails to return these deposits or is otherwise subject to adverse conditions in the financial or credit markets, our access to invested cash or cash equivalents could be limited which adversely impact our results of operations or financial condition.

## Risks Related to Our Business

### *The lack of liquidity in our investments may adversely affect our business.*

We may acquire a significant percentage of our investments from privately held companies in directly negotiated transactions. Substantially all of these investments are subject to legal and other restrictions on resale or are otherwise less liquid than exchange-listed securities or other securities for which there is an active trading market. We typically would be unable to exit these investments unless and until the portfolio company has a liquidity event such as a sale, refinancing, or initial public offering.

The illiquidity of our investments may make it difficult or impossible for us to sell such investments if the need arises. In addition, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we have previously recorded our investments, which could have a material adverse effect on our business, financial condition and results of operations.

Moreover, investments purchased by us that are liquid at the time of purchase may subsequently become illiquid due to events relating to the issuer, market events, economic conditions or investor perceptions.

### *We borrow money, which magnifies the potential for gain or loss and may increase the risk of investing in us.*

The use of borrowings, also known as leverage, increases the volatility of investments by magnifying the potential for gain or loss on invested equity capital. We currently borrow under our credit facilities and have issued or assumed other senior securities, and in the future may borrow from, or issue additional senior securities to, banks, insurance companies, funds, institutional investors and other lenders and investors. Holders of these senior securities have fixed-dollar claims on our assets that are superior to the claims of our shareholders. If the value of our assets decreases, leverage would cause our net asset value to decline more sharply than it otherwise would have if we did not employ leverage. Similarly, any decrease in our income would cause net income to decline more sharply than it would have had we not borrowed. Such a decline could negatively affect our ability to service our debt or make distributions to our shareholders. In addition, our shareholders will bear the burden of any increase in our expenses as a result of our use of leverage, including interest expenses and any increase in the base management or incentive fees payable to our Adviser attributable to the increase in assets purchased using leverage. There can be no assurance that a leveraging strategy will be successful.

Our ability to service any borrowings that we incur will depend largely on our financial performance and will be subject to prevailing economic conditions and competitive pressures. Moreover, the management fee will be payable based on our average gross assets excluding cash and cash equivalents but including assets purchased with borrowed amounts, which may give our Adviser an incentive to use leverage to make additional investments. See “— Our Adviser and its affiliates, including our officers and some of our directors, may face conflicts of interest caused by compensation arrangements with us and our affiliates, which could result in increased risk-taking or speculative investments, or cause our Adviser to use substantial leverage.” The amount of leverage that we employ will depend on our Adviser’s and our Board’s assessment of market and other factors at the time of any proposed borrowing. We cannot assure you that we will be able to obtain credit at all or on terms acceptable to us, which could affect our return on capital. However, to the extent that we use leverage to finance our assets, our financing costs will reduce cash available for distributions to shareholders. Moreover, we may not be able to meet our financing obligations and, to the extent that we cannot, we risk the loss of some or all of our assets to liquidation or sale to satisfy the obligations. In such an event, we may be forced to sell assets at significantly depressed prices due to market conditions or otherwise, which may result in losses.

In addition to having fixed-dollar claims on our assets that are superior to the claims of our common shareholders, obligations to lenders may be secured by a first priority security interest in our portfolio of investments and cash.

As a BDC, generally, the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus any preferred stock, if any, must be at least 200%; however, the Small Business Credit Availability Act has modified the 1940 Act by allowing a BDC to increase the maximum amount of leverage it may incur from an asset coverage ratio of 200% to an asset coverage ratio of 150%, if certain requirements are met. On June 8, 2020, our shareholders, approved the application of the modified asset coverage requirements set forth in Section 61(a)(2) of the 1940 Act, as amended by the Small Business Credit Availability Act. As a result, effective June 9, 2020, our asset coverage ratio applicable to senior securities was reduced from 200% to 150%, and the risks associated with an investment in us may increase. If this ratio declines below 150%, we cannot incur additional debt and could be required to sell a portion of our investments to repay some indebtedness when it may be disadvantageous to do so. This could have a material adverse effect on our operations, and we may not be able to service our debt or make distributions.

The following table illustrates the effect of leverage on returns from an investment in our common stock assuming various annual returns on our portfolio, net of expenses. Leverage generally magnifies the return of shareholders when the portfolio return is positive and magnifies their losses when the portfolio return is negative. The calculations in the table below are hypothetical, and actual returns may be higher or lower than those appearing in the table below.

**Assumed Return on Our Portfolio (Net of Expenses)**

	-10%	-5%	0%	5%	10%
Corresponding return to common shareholder <sup>(1)</sup>	-30.5 %	-18.8 %	-7.2 %	4.5 %	16.1 %

(1) Assumes, as of December 31, 2024, (i) \$13.9 billion in total assets, (ii) \$7.6 billion in outstanding indebtedness, (iii) \$6.0 billion in net assets and (iv) weighted average interest rate, excluding amortization of financing costs and marking to market value on fair value of interest rate swaps, of 5.6%.

See “ITEM 7 — MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS—Financial Condition, Liquidity and Capital Resources” for more information regarding our borrowings.

**Defaults under our current borrowings or any future borrowing facility or notes may adversely affect our business, financial condition, results of operations and cash flows.**

Our borrowings may include customary covenants, including certain limitations on our incurrence of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events and certain financial covenants related to asset coverage and liquidity and other maintenance covenants, as well as customary events of default. In the event we default under the terms of our current or future borrowings, our business could be adversely affected as we may be forced to sell a portion of our investments quickly and prematurely at what may be disadvantageous prices to us in order to meet our outstanding payment obligations and/or support working capital requirements under the terms of our current or future borrowings, any of which would have a material adverse effect on our business, financial condition, results of operations and cash flows. An event of default under the terms of our current or any future borrowings could result in an accelerated maturity date for all amounts outstanding thereunder, and in some instances, lead to a cross-default under other borrowings. This could reduce our liquidity and cash flow and impair our ability to grow our business. Collectively, substantially all of our assets are currently pledged as collateral under our credit facilities. If we were to default on our obligations under the terms of our credit facilities or any future secured debt instrument the agent for the applicable creditors would be able to assume control of the disposition of any or all of our assets securing such debt, including the selection of such assets to be disposed and the timing of such disposition, which would have a material adverse effect on our business, financial condition, results of operations and cash flows.

**Provisions in our current borrowings or any other future borrowings may limit discretion in operating our business.**

Any security interests and/or negative covenants required by a credit facility we enter into or notes we issue may limit our ability to create liens on assets to secure additional debt and may make it difficult for us to restructure or refinance indebtedness at or prior to maturity or obtain additional debt or equity financing.

A credit facility may be backed by all or a portion of our loans and securities on which the lenders will have a security interest. We may pledge up to 100% of our assets and may grant a security interest in all of our assets under the terms of any debt instrument we enter into with lenders. We expect that any security interests we grant will be set forth in a pledge and security agreement and evidenced by the filing of financing statements by the agent for the lenders. In addition, we expect that the custodian for our securities serving as collateral for such loan would include in its electronic systems notices indicating the existence of such security interests and, following notice of occurrence of an event of default, if any, and during its continuance, will only accept transfer instructions with respect to any such securities from the lender or its designee. If we were to default under the terms of any debt instrument, the agent for the applicable lenders would be able to assume control of the timing of disposition of any or all of our assets securing such debt, which would have a material adverse effect on our business, financial condition, results of operations and cash flows.

In addition, any security interests and/or negative covenants required by a credit facility may limit our ability to create liens on assets to secure additional debt and may make it difficult for us to restructure or refinance indebtedness at or prior to maturity or obtain additional debt or equity financing. In addition, if our borrowing base under a credit facility were to decrease, we may be required to secure additional assets in an amount sufficient to cure any borrowing base deficiency. In the event that all of our assets are secured at the time of such a borrowing base deficiency, we could be required to repay advances under a credit facility or make deposits to a collection account, either of which could have a material adverse impact on our ability to fund future investments and to make distributions.

In addition, we may be subject to limitations as to how borrowed funds may be used, which may include restrictions on geographic and industry concentrations, loan size, payment frequency and status, average life, collateral interests and investment ratings, as well as regulatory restrictions on leverage which may affect the amount of funding that may be obtained. There may also be certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, a violation of which could limit further advances and, in some cases, result in an event of default. An event of default under a credit facility could result in an accelerated maturity date for all amounts outstanding thereunder, which could have a material adverse effect on our business and financial condition and could lead to cross default under other credit facilities. This could reduce our liquidity and cash flow and impair our ability to manage our business.

Under the terms of the Revolving Credit Facility, we have agreed not to incur any additional secured indebtedness other than in certain limited circumstances in which the incurrence is permitted under the Revolving Credit Facility. In addition, if our borrowing base under the Revolving Credit Facility were to decrease, we would be required to secure additional assets or repay advances under

the Revolving Credit Facility which could have a material adverse impact on our ability to fund future investments and to make distributions.

In addition, under the terms of our credit facilities, we are subject to limitations as to how borrowed funds may be used, as well as regulatory restrictions on leverage which may affect the amount of funding that we may obtain. There may also be certain requirements relating to portfolio performance, a violation of which could limit further advances and, in some cases, result in an event of default. This could reduce our liquidity and cash flow and impair our ability to grow our business.

***If we are unable to obtain additional debt financing, or if our borrowing capacity is materially reduced, our business could be materially adversely affected.***

We may want to obtain additional debt financing, or need to do so upon maturity of our credit facilities, in order to obtain funds which may be made available for investments. Our credit facilities, notes and CLOs currently expire between March 2025 and April 2036. If we are unable to increase, renew or replace any such facilities and enter into new debt financing facilities or other debt financing on commercially reasonable terms, our liquidity may be reduced significantly. In addition, if we are unable to repay amounts outstanding under any such facilities and are declared in default or are unable to renew or refinance these facilities, we may not be able to make new investments or operate our business in the normal course. These situations may arise due to circumstances that we may be unable to control, such as lack of access to the credit markets, a severe decline in the value of the U.S. dollar, an economic downturn or an operational problem that affects us or third parties, and could materially damage our business operations, results of operations and financial condition. See “—*The current period of capital markets disruption and economic uncertainty could have a material adverse effect on our business, financial condition or results of operations.*”

***Our ability to achieve our investment objective depends on our Adviser’s ability to manage and support our investment process. If our Adviser were to lose a significant number of its key professionals, or terminate the Investment Advisory Agreement, our ability to achieve our investment objective could be significantly harmed.***

We do not have any employees. Additionally, we have no internal management capacity other than our appointed executive officers and will be dependent upon the investment expertise, skill and network of business contacts of our Adviser to achieve our investment objective. Our Adviser evaluates, negotiates, executes, monitors, and services our investments. Our success depends to a significant extent on the continued service and coordination of our Adviser, including its key professionals. The departure of a significant number of key professionals from our Adviser could have a material adverse effect on our ability to achieve our investment objective.

Our ability to achieve our investment objective also depends on the ability of our Adviser to identify, analyze, invest in, finance, and monitor companies that meet our investment criteria. Our Adviser’s capabilities in structuring the investment process, and providing competent, attentive and efficient services to us depend on the involvement of investment professionals of adequate number and sophistication to match the corresponding flow of transactions. To achieve our investment objective, our Adviser may need to retain, hire, train, supervise, and manage new investment professionals to participate in our investment selection and monitoring process. Our Adviser may not be able to find qualified investment professionals in a timely manner or at all. Any failure to do so could have a material adverse effect on our business, financial condition and results of operations.

In addition, the Investment Advisory Agreement has a termination provision that allows the agreement to be terminated by us on 60 days’ notice without penalty by the vote of a Majority of the Outstanding Shares of our common stock or by the vote of our independent directors and generally may be terminated at any time, without penalty, by our Adviser upon 60 days’ notice to us. Furthermore, the Investment Advisory Agreement automatically terminates in the event of its assignment, as defined in the 1940 Act, by the Adviser. If the Adviser resigns or is terminated, or if we do not obtain the requisite approvals of shareholders and our Board to approve an agreement with the Adviser after an assignment, we may not be able to find a new investment adviser or hire internal management with similar expertise and ability to provide the same or equivalent services on acceptable terms prior to the termination of the Investment Advisory Agreement, or at all. If we are unable to do so quickly, our operations are likely to experience a disruption and costs under any new agreements that we enter into could increase. Our financial condition, business and results of operations, as well as our ability to meet our payment obligations under our indebtedness and pay distributions, are likely to be adversely affected, and the value of our common stock may decline.

***Because our business model depends to a significant extent upon Blue Owl’s relationships with corporations, financial institutions and investment firms, the inability of Blue Owl to maintain or develop these relationships, or the failure of these relationships to generate investment opportunities, could adversely affect our business.***

Blue Owl depends on its relationships with corporations, financial institutions and investment firms, and we rely to a significant extent upon these relationships to provide us with potential investment opportunities. The investment management business is intensely competitive, with competition based on a variety of factors, including investment performance, business relationships, quality of service provided to clients, fund investor liquidity, fund terms (including fees and economic sharing arrangements), brand recognition and business reputation. If Blue Owl fails to maintain its reputation it may not be able to maintain its existing relationships or develop new relationships or sources of investment opportunities, and we may not be able to grow our investment portfolio. In addition, individuals with whom Blue Owl has relationships are not obligated to provide us with investment opportunities, and, therefore, there is no assurance that such relationships will generate investment opportunities for us.

Negative publicity regarding Blue Owl or its personnel could give rise to reputational risk that could significantly harm our existing business and business prospects. Similarly, events could occur that damage the reputation of our industry generally, such as the insolvency or bankruptcy of large funds or a significant number of funds or highly publicized incidents of fraud or other scandals, any one of which could have a material adverse effect on our business, regardless of whether any of those events directly relate to us or our investments.

***We may face increasing competition for investment opportunities, which could delay further deployment of our capital, reduce returns and result in losses.***

We may compete for investments with other BDCs and investment funds (including registered investment companies, private equity funds and mezzanine funds), including the other Blue Owl Credit Clients or other funds managed by our Adviser or its affiliates comprising Blue Owl's Credit platform, the private funds managed by Blue Owl's GP Strategic Capital platform and the funds and accounts managed by Blue Owl's Real Assets platform, as well as traditional financial services companies such as commercial banks and other sources of funding. Moreover, alternative investment vehicles, such as hedge funds, continue to increase their investment focus in our target market of privately owned U.S. companies. We may experience increased competition from banks and investment vehicles who may continue to lend to the middle market. Additionally, the U.S. Federal Reserve and other bank regulators may periodically provide incentives to U.S. commercial banks to originate more loans to U.S. middle-market private companies. As a result of these market participants and regulatory incentives, competition for investment opportunities in privately owned U.S. companies is strong and may intensify. Many of our competitors are substantially larger and have considerably greater financial, technical, and marketing resources than we do. For example, some competitors may have a lower cost of capital and access to funding sources that are not available to us. In addition, some competitors may have higher risk tolerances or different risk assessments than us. These characteristics could allow our competitors to consider a wider variety of investments, establish more relationships and offer better pricing and more flexible structuring than we are able to do.

Numerous factors increase our competitive risks, including, but not limited to:

- A number of our competitors may have or are perceived to have more expertise or financial, technical, marketing and other resources and more personnel than we do;
- We may not perform as well as competitors' funds or other available investment products;
- Several of our competitors have raised significant amounts of capital, and many of them have similar investment objectives to ours, which may create additional competition for investment opportunities;
- Some of our competitors may have lower fees or alternative fee arrangements;
- Some of our competitors may have a lower cost of capital and access to funding sources that are not available to us, which may create competitive disadvantages for us;
- Some of our competitors may have higher risk tolerances, different risk assessments or lower return thresholds than us, which could allow them to consider a wider variety of investments and to bid more aggressively than us or to agree to less restrictive legal terms and protections for investments that we want to make; and
- Some of our competitors may be subject to less regulation or fewer conflicts of interest and, accordingly, may have more flexibility to undertake and execute certain businesses or investments than we do, bear less compliance expense than we do or be viewed differently in the marketplace.

We may lose investment opportunities if we do not match our competitors' pricing, terms, and investment structure criteria. If we are forced to match these competitors' investment terms criteria, we may not be able to achieve acceptable returns on our investments or may bear substantial risk of capital loss. A significant increase in the number and/or the size of our competitors in our target market could force us to accept less attractive investment terms. Furthermore, many competitors are not subject to the regulatory restrictions that the 1940 Act imposes on us as a BDC or the source of income, asset diversification and distribution requirements we must satisfy to maintain our RIC tax treatment. The competitive pressures we face, and the manner in which we react or adjust to competitive pressures, may have a material adverse effect on our business, financial condition, results of operations, effective yield on investments, investment returns, leverage ratio, and cash flows. As a result of this competition, we may not be able to take advantage of attractive investment opportunities from time to time. Also, we may not be able to identify and make investments that are consistent with our investment objective.

***Our investment portfolio is recorded at fair value as determined in good faith by our Adviser in accordance with procedures approved by our Board and, as a result, there is and will be uncertainty as to the value of our portfolio investments.***

Under the 1940 Act, we are required to carry our portfolio investments at market value or, if there is no readily available market value, at fair value as determined in accordance with procedures established by our Adviser and approved by our Board. There is not a public market or active secondary market for many of the types of investments in privately held companies that we hold and intend to make. Our investments may not be publicly traded or actively traded on a secondary market but, instead, may be traded on a privately negotiated over-the-counter secondary market for institutional investors, if at all. As a result, we will value these investments quarterly at fair value as determined in good faith in accordance with valuation policy and procedures approved by our Board.

The determination of fair value, and thus the amount of unrealized appreciation or depreciation we may recognize in any reporting period, is to a degree subjective, and our Adviser has a conflict of interest in determining fair value. We will value our

investments quarterly at fair value as determined in good faith by our Adviser, based on, among other things, input of our Audit Committee and independent third-party valuation firm(s) engaged at the direction of our Adviser. The types of factors that may be considered in determining the fair values of our investments include the nature and realizable value of any collateral, the portfolio company's ability to make payments and its earnings, the markets in which the portfolio company does business, comparison to publicly traded companies, discounted cash flow, current market interest rates and other relevant factors. Because such valuations, and particularly valuations of private securities and private companies, are inherently uncertain, the valuations may fluctuate significantly over short periods of time due to changes in current market conditions. The determinations of fair value in accordance with procedures approved by our Board may differ materially from the values that would have been used if an active market and market quotations existed for such investments. Our net asset value could be adversely affected if the determinations regarding the fair value of the investments were materially higher than the values that we ultimately realize upon the disposal of such investments.

***Our Board may change our operating policies and strategies without prior notice or shareholder approval, the effects of which may be adverse to our shareholders.***

Our Board has the authority to modify or waive current operating policies, investment criteria and strategies without prior notice and without shareholder approval. We cannot predict the effect any changes to current operating policies, investment criteria and strategies would have on our business, net asset value, operating results and the value of our securities. However, the effects might be adverse, which could negatively impact our ability to pay you distributions and cause you to lose all or part of your investment.

***Any unrealized depreciation we experience on our portfolio may be an indication of future realized losses, which could reduce our income available for distribution.***

As a BDC, we are required to carry our investments at market value or, if no market value is ascertainable, at the fair value as determined in good faith in accordance with procedures approved by our Board. Decreases in the market values or fair values of our investments relative to amortized cost will be recorded as unrealized depreciation. Any unrealized losses in our portfolio could be an indication of a portfolio company's inability to meet its repayment obligations to us with respect to the affected loans. This could result in realized losses in the future and ultimately in reductions of our income available for distribution in future periods. In addition, decreases in the market value or fair value of our investments will reduce our net asset value. See "ITEM 7 — MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS — Critical Accounting Policies — Investments at Fair Value."

***We are subject to risks associated with the market's limited experience with SOFR, which will affect our cost of capital and results of operations.***

We historically used the London Inter-Bank Offered Rate ("LIBOR") as a reference rate in the loans we extended to our portfolio companies. The terms of our debt investments generally included minimum interest rate floors which were calculated based on LIBOR. In July 2017, the United Kingdom's Financial Conduct Authority, as supervisor of ICE Benchmark Administrator ("IBA"), the administrator of LIBOR, announced that it would phase out LIBOR by the end of 2021 (later extended to the end of June 2023 for USD LIBOR only). IBA ceased publishing GBP, EUR, CHF and JPY LIBOR rates on January 1, 2022 and ceased publishing overnight and 12-month USD LIBOR on June, 30 2023.

In January 2023, the Federal Reserve adopted a final rule implementing the U.S. Adjustable Interest Rate Act of 2022 (the "LIBOR Act") that, among other things, identifies the applicable SOFR-based benchmark replacements under the LIBOR Act.

Beginning in the first quarter of 2022, we transitioned any LIBOR-based investments to SOFR and currently none of our investments are indexed to LIBOR.

SOFR is considered to be a risk-free rate, and USD LIBOR was a risk weighted rate. Thus, SOFR tends to be a lower rate than USD LIBOR, because SOFR does not contain a risk component. This difference may negatively impact our net interest margin of our investments. Also, the use of SOFR based rates is relatively new, and market experience with SOFR based rate loans is limited. There could be unanticipated difficulties or disruptions with the calculation and publication of SOFR based rates. This could result in increased borrowing costs for us or could adversely impact the interest income we receive from our portfolio companies or the market value of our investments.

***Internal and external cybersecurity threats and risks, as well as other disasters, may adversely affect our business or the business of our portfolio companies by impairing the ability to conduct business effectively.***

Cybersecurity incidents and cyber-attacks have been occurring globally at a more frequent and severe level, and will likely continue to increase in frequency in the future. Cyber-attacks and other security threats could originate from a wide variety of sources, including cyber criminals, nation state hackers, hacktivists and other outside parties. Additionally, cyber-attacks and other security threats have become increasingly complex as a result of the emergence of new technologies, such as artificial intelligence, which are able to identify and target new vulnerabilities in information technology systems.

The occurrence of a disaster, such as a cyber-attack against us, any of our portfolio companies, or against a third-party that has access to our data or networks, a natural catastrophe, an industrial accident, failure of our disaster recovery systems, or consequential employee error, could have an adverse effect on our ability to communicate or conduct business, negatively impacting

our operations and financial condition. This adverse effect can become particularly acute if those events affect our electronic data processing, transmission, storage, and retrieval systems, or impact the availability, integrity, or confidentiality of our data. In addition, the rapid evolution and increasing prevalence of artificial intelligence technologies may also intensify our cybersecurity risks. Although we are not currently aware of any cyber-attacks or other incidents that, individually or in the aggregate, have materially affected, or would reasonably be expected to materially affect our operations or financial condition, there has been an increase in the frequency and sophistication of the cyber and security threats that we face, with attacks ranging from those common to businesses generally to more advanced and persistent attacks.

We, and our portfolio companies, depend heavily upon computer systems to perform necessary business functions. Despite the implementation of a variety of security measures, our computer systems, networks, and data, like those of other companies, could be subject to cyber-attacks and unauthorized access, use, alteration, or destruction, such as from physical and electronic break-ins or unauthorized tampering. If one or more of these events occurs, it could potentially jeopardize the confidential, proprietary, and other information processed, stored in, and transmitted through our computer systems and networks, or otherwise cause interruptions or malfunctions in our operations, which could result in financial losses, litigation, regulatory penalties, client dissatisfaction or loss, reputational damage, and increased costs associated with mitigation of damages and remediation.

Third parties with which we do business may also be sources of cybersecurity or other technological risk. We outsource certain functions and these relationships allow for the storage and processing of our information, as well as client, counterparty, employee, and borrower information. While we engage in actions to reduce our exposure resulting from outsourcing, ongoing threats may result in unauthorized access, loss, exposure, destruction, or other cybersecurity incidents that adversely affects our data, resulting in increased costs and other consequences as described above.

In addition, cybersecurity risks are exacerbated by the rapidly increasing volume of highly sensitive data, including our proprietary business information and intellectual property, and personally identifiable information and other sensitive information that we collect and store in our data centers, on our cloud environments and on our networks. We may also invest in strategic assets having a national or regional profile or in infrastructure assets, the nature of which could expose them to a greater risk of being subject to a terrorist attack or security breach than other assets or businesses. The secure processing, maintenance and transmission of this information are critical to our operations. A significant actual or potential theft, loss, corruption, exposure, fraudulent use or misuse of fund investor, employee or other personally identifiable or, proprietary business data or other sensitive information, whether by third parties or as a result of employee malfeasance (or the negligence or malfeasance of third party service providers that have access to such confidential information) or otherwise, non-compliance with our contractual or other legal obligations regarding such data or intellectual property or a violation of our privacy and security policies with respect to such data could result in significant remediation and other costs, fines, litigation or regulatory actions against us and significant reputational harm., any of which could harm our business and results of operations.

Moreover, the increased use of mobile and cloud technologies due to the proliferation of remote work resulting from the COVID-19 pandemic could heighten these and other operational risks as certain aspects of the security of such technologies may be complex and unpredictable. Reliance on mobile or cloud technology or any failure by mobile technology and cloud service providers to adequately safeguard their systems and prevent cyber-attacks could disrupt our operations, the operations of a portfolio company or the operations of our or their service providers and result in misappropriation, corruption or loss of personal, confidential or proprietary information or the inability to conduct ordinary business operations. In addition, there is a risk that encryption and other protective measures may be circumvented, particularly to the extent that new computing technologies increase the speed and computing power available. Extended periods of remote working, whether by us, our portfolio companies, or our service providers, could strain technology resources, introduce operational risks and otherwise heighten the risks described above. Remote working environments may be less secure and more susceptible to hacking attacks, including phishing and social engineering attempts. Accordingly, the risks described above, are heightened under the current conditions.

As our reliance on technology has increased, so have the risks posed to our information systems, both internal and those provided by third-party service providers. We cannot guarantee that third parties and infrastructure in our networks or our partners' networks have not been compromised or that they do not contain exploitable defects or bugs that could result in a breach of or disruption to our information technology systems or the third-party information technology systems that support our services. Our ability to monitor these third parties' information security practices is limited, and they may not have adequate information security measures in place.

We have implemented processes, procedures and internal controls to help mitigate cybersecurity risks and cyber intrusions, but these measures, as well as our increased awareness of the nature and extent of a risk of a cyber-incident, do not guarantee that a cyber-incident will not occur and/or that our financial results, operations or confidential information will not be negatively impacted by such an incident.

Finally, cybersecurity has become a top priority for global lawmakers and regulators around the world, and some jurisdictions have proposed or enacted laws requiring companies to notify regulators and individuals of data security breaches involving certain types of personal data. Compliance with such laws and regulations may result in cost increases due to system changes and the development of new administrative processes. If we or our Adviser or certain of its affiliates, fail to comply with the relevant and increasing laws and regulations, we could suffer financial losses, a disruption of our businesses, liability to investors, regulatory intervention or reputational damage.

***We are dependent on information systems and systems failures could significantly disrupt our business, which may, in turn, negatively affect our liquidity, financial condition or results of operations.***

Our business is dependent on our and third parties' communications and information systems. Any failure or interruption of those systems, including as a result of the termination of an agreement with any third-party service providers, could cause delays or other problems in our activities. Our financial, accounting, data processing, portfolio monitoring, backup or other operating systems and facilities may fail to operate properly or become disabled or damaged as a result of a number of factors including events that are wholly or partially beyond our control. There could be:

- sudden electrical or telecommunications outages;
- natural disasters such as earthquakes, tornadoes and hurricanes;
- disease pandemics;
- events arising from local or larger scale political or social matters, including terrorist acts;
- outages due to idiosyncratic issues at specific service providers; and
- cyber-attacks.

These events, in turn, could have a material adverse effect on our operating results and negatively affect the net asset value of our common stock and our ability to pay distributions to our shareholders.

***Increased data protection regulation may result in increased complexities and risk in connection with the operation of our business.***

Our business is highly dependent on information systems and technology. The costs related to cyber or other security threats or disruptions may not be fully insured or indemnified by other means. Cybersecurity has become a priority for regulators in the U.S. and around the world. Recently, the SEC adopted new rules related to cybersecurity risk management for registered investment advisers, registered investment companies and business development companies, as well as amendments to certain rules that govern investment adviser and fund disclosures. In July 2023, the SEC adopted rules requiring public companies to disclose material cybersecurity incidents on Form 8-K and periodic disclosure of a registrant's cybersecurity risk management, strategy, and governance in annual reports. The rules became effective beginning with annual reports for fiscal years ending on or after December 15, 2023 and beginning with Form 8-Ks on December 18, 2023. The SEC has also particularly focused on cybersecurity, and we expect increased scrutiny of our policies and systems designed to manage our cybersecurity risks and our related disclosures as a result. We also expect to face increased costs to comply with the new SEC rules, including increased costs for cybersecurity training and management.

Many jurisdictions in which we operate have laws and regulations relating to data privacy, cybersecurity and And/or information security to which we may be subject (collectively, "Privacy Laws"). Compliance with applicable Privacy Laws may require adhering to stringent legal and operational requirements, which could increase compliance costs for us and require the dedication of additional time and resources to compliance. A failure to comply with applicable Data Protection Legislation could result in fines, sanctions, enforcement actions or other penalties or reputational damage. In addition, the SEC has indicated in recent periods that one of its examination priorities for the Division of Examinations is to continue to examine cybersecurity procedures and controls, including testing the implementation of these procedures and controls.

There may be substantial financial penalties or fines for a failure to comply with applicable Privacy Laws (which may include insufficient security for our personal or other sensitive information). For example, failure to comply with Regulation (EU) 2016/679 (the "GDPR") and the GDPR as it forms part of the laws of England and Wales, Scotland and Northern Ireland (the "UK GDPR") could (in the worst case) attract regulatory penalties up to the greater of (i) 20 million Euros in respect of the GDPR / £17.5 million in respect of the UK GDPR (as applicable), and (ii) 4% of group annual worldwide turnover, as well as the possibility of other enforcement actions (such as suspension of processing activities and audits), and liabilities from third-party claims.

Our operations will be impacted by a growing movement to adopt comprehensive privacy and data protection laws similar to the GDPR, including in the U.S., where such laws focus on privacy as an individual right in general. For example, the State of California passed the California Consumer Privacy Act of 2018 (as amended, the "CCPA"), which took effect on January 1, 2020. The CCPA generally applies to businesses that collect personal information about California consumers and meet certain thresholds with respect to revenue or buying and/or selling consumers' personal information. The CCPA imposes stringent legal and operational obligations on such businesses as well as certain affiliated entities that share common branding. The CCPA is enforceable by the California Attorney General. Additionally, if unauthorized access, theft, or disclosure of a consumer's personal information occurs, and the business did not maintain reasonable security practices, consumers could file a civil action (including a class action) without having to prove actual damages. Statutory damages range from \$100 to \$750 per consumer per incident, or actual damages, whichever is greater. The California Attorney General also may impose civil penalties ranging from \$2,500 to \$7,500 per violation. Further, California passed the California Privacy Rights Act of 2020 (the "CPRA") to amend and extend the protections of the CCPA. Under the CPRA, which became effective on January 1, 2023, California established a new state agency focused on the enforcement of its privacy laws, leading to greater levels of enforcement and greater costs related to compliance with the CCPA and CPRA.

Other jurisdictions, including other states in the United States, have either passed, proposed, adopted or are considering similar laws and regulations to the CCPA, CPRA and GDPR, which could impose similarly significant costs, potential liabilities and

operational and legal obligations. Further, the fund's portfolio companies and/or each of their affiliates are subject to regulations related to privacy, data protection and information security in the jurisdictions in which they do business. Such laws and regulations vary from jurisdiction to jurisdiction, thus increasing costs, operational and legal burdens and the potential for significant liability on regulated entities.

Non-compliance with any applicable Privacy Laws represents a serious risk to our business. Some jurisdictions have also enacted laws requiring companies to notify individuals of data security breaches involving certain types of personal information. Breaches in security could potentially jeopardize our, our employees' or our product investors' or counterparties' confidential or other information processed and stored in, or transmitted through, our computer systems and networks (or those of our third party vendors), or otherwise cause interruptions or malfunctions in our, our employees', our product investors', our counterparties' or third parties' operations, which could result in significant losses, increased costs, disruption of our business, liability to our product investors and other counterparties, fines or penalties, litigation, regulatory intervention or reputational damage, which could also lead to loss of product investors or clients.

Finally, there continues to be significant evolution and developments in the use of artificial intelligence technologies, such as ChatGPT. We cannot fully determine the impact or cybersecurity risk of such evolving technology to our business at this time. We may incorporate, directly or through third-party vendors, the use of artificial intelligence ("AI") into our business and operations, and anticipate that usage and adoption of AI in the marketplace will continue to grow. As with many disruptive innovations, AI presents risks and challenges that could affect its accuracy adoption and therefore our business. While we intend the use of any AI to make processes more efficient, AI models may not achieve sufficient levels of accuracy. AI algorithms may be flawed, the datasets on which such algorithms are trained may be insufficient, raise privacy concerns or contain biased information, which could undermine the decisions, predictions or analysis of AI applications produce, subjecting us to competitive harm, legal liability, and brand or reputational harm. A number of jurisdictions have passed laws and implemented regulations, or are considering the same, related to the use of AI and affecting AI companies, which could limit or adversely affect our business.

Further, we may not be able to control how third-party AI technologies that we choose to use are developed or maintained, or how data we input is used or disclosed, even where we have sought contractual protections with respect to these matters. The misuse or misappropriation of our data could have an adverse impact on our reputation and could subject us to legal and regulatory investigations and/or actions.

***We and our portfolio companies are subject to increasing scrutiny from certain investors, third party assessors and our shareholders with respect to ESG-related topics.***

We and our portfolio companies face increasing scrutiny from certain investors, third party assessors that measure companies' ESG performance and our shareholders related to ESG-related topics, including in relation to diversity and inclusion, human rights, environmental stewardship, support for local communities, corporate governance and transparency. For example, we and the companies in which we invest risk damage to our brands and reputations if we or they do not act (or are perceived to not act) responsibly either with respect to responsible investing processes or ESG-related practices. Adverse incidents related to ESG practices could impact the value of our brand or the companies in which we invest, or the cost of our or their operations and relationships with investors, all of which could adversely affect our business and results of operations. Further, there can be no assurance that any of our Adviser's ESG initiatives, or commitments will meet the standards or expectations of our shareholders or other stakeholders. There can be no assurance that our Adviser will be able to accomplish any goals related to responsible investing or ESG practices, as statements regarding its ESG and responsible investing commitments and priorities reflect its current estimates, plans and/or aspirations and are not guarantees that it will be able to achieve them within the timelines announced or at all. Additionally, the Adviser may determine in its discretion that it is not feasible or practical to implement or complete certain aspects of its responsible investing program or ESG initiatives based on cost, timing or other considerations.

In recent years, certain investors have placed increasing importance on policies and practices related to responsible investing and ESG for the products to which they commit capital, and investors may decide not to commit capital to future fundraises based on their assessment of the Adviser's approach to and consideration of ESG-related issues or risks. Similarly, a variety of organizations measure the performance of companies on ESG topics, and the results of these assessments are widely publicized. If the Adviser's responsible investing or ESG-related practices or ratings do not meet the standards set by such investors or organizations, or if the Adviser receives a negative rating or assessment from any such organization, or if the Adviser fail, or is perceived to fail, to demonstrate progress toward its ESG priorities and initiatives, they may choose not to invest in us, and we may face reputational damage. Similarly, it is expected that investor and/or shareholder demands will require the Adviser to spend additional resources and place increasing importance on business relevant ESG factors in its review of prospective investments and management of existing ones. Devoting additional resources to our responsible investing or ESG-related practices could increase the amount of expenses we or our investments are required to bear. For example, collecting, measuring, and reporting ESG information and metrics can be costly, difficult and time consuming, is subject to evolving reporting standards, and can present numerous operational, reputational, financial, legal and other risks. To the extent our access to capital from investors focused on ESG ratings or ESG-related matters is impaired, we may not be able to maintain or increase the size of our existing products or raise sufficient capital for new products, which may adversely affect our revenues. Further, growing interest on the part of investors and regulators in ESG-related topics and themes and increased demand for, and scrutiny of, ESG-related disclosure by asset managers, have also increased the risk that asset managers could be perceived as, or accused of, making inaccurate or misleading statements regarding the ESG-related investment strategies of their and their funds' responsible investing or ESG-related efforts or initiatives, or "greenwashing." This risk may also materialize

where ESG-related statements and/or disclosures made by our portfolio companies are materially inconsistent with our ESG-related statements or disclosures, including those made on a voluntary basis or pursuant to any applicable regulation, such as Regulation EU 2019/2088 on sustainability-related disclosures in the financial services sector (“SFDR”) or the Corporate Sustainability Reporting Directive (“CSRD.”) Such perception or accusation could damage our reputation, result in litigation or regulatory actions and adversely impact our ability to raise capital.

At the same time, various stakeholders may have differing approaches to responsible investing activities or divergent views on the consideration of ESG topics. These differing views increase the risk that any action or lack thereof with respect to our Adviser’s consideration of responsible investing or ESG-related practices will be perceived negatively. A growing number of states have enacted or proposed “anti-ESG” policies, legislation, issued related legal opinions and engaged in related litigation. For example: (i) boycott bills target financial institutions that “boycott” or “discriminate against” companies in certain industries (e.g., energy and mining) and prohibit state entities from doing business with such institutions and/or investing the state’s assets (including pension plan assets) through such institutions and (ii) ESG investment prohibitions require that state entities or managers/administrators of state investments make investments based solely on pecuniary factors without consideration of ESG factors. If investors subject to such legislation view our responsible investing or ESG practices as being in contradiction of such “anti-ESG” policies, legislation or legal opinions, such investors may not invest in us and it could negatively affect the results of operations, cash flow, or and it could negatively affect the price of our common stock. Further, asset managers have been subject to recent scrutiny related to ESG-focused industry working groups, initiatives and associations, including organizations advancing action to address climate change or climate-related risk. In addition, state attorneys general, among others, have asserted that the Supreme Court’s decision striking down race-based affirmative action in higher education in June 2023 should be analogized to private employment matters and private contract matters. Cases alleging discrimination based on similar arguments have been filed since that decision, with scrutiny of certain corporate DEI practices increasing throughout 2024. Additionally, in January 2025, the new U.S. Presidential administration signed a number of executive orders focused on DEI (the “Executive Orders”), which include a broad mandate to eliminate federal DEI programs and a caution to the private sector to end what may be viewed as illegal DEI discrimination and preferences. The Executive Orders also indicate upcoming compliance investigations of private entities, including publicly traded companies, and changes to federal contracting regulations. If the Adviser does not successfully manage expectations across these varied stakeholder interests, it could erode stakeholder trust, impact our reputation and/or constrain our investment and fundraising opportunities. Such scrutiny of both ESG and DEI related practices could expose the Adviser to the risk of investigations or challenges by federal authorities, result in reputational harm and discourage certain investors from investing in us.

*We are subject to increasing scrutiny with respect to ESG-related issues and the regulatory disclosure landscape surrounding related topics continues to evolve.*

Responsible investing, ESG practices and ESG-related disclosures have been the subject of increased focus by certain regulators, and regulatory initiatives related to ESG-specific topics that are applicable to us, our products and our products’ portfolio companies could adversely affect our business. There has been a growing regulatory interest across jurisdictions in improving transparency regarding the definition, measurement and disclosure of ESG factors in order to allow investors to validate and better understand sustainability claims, including in the United States, the European Union and the United Kingdom.

For example, in March 2024, the SEC adopted final rules intended to enhance and standardize climate-related disclosures; however, these rules are stayed pending the outcome of consolidated legal challenges in the Eighth Circuit Court of Appeals. Further, the SEC sometimes reviews compliance with ESG commitments in examinations, and it has taken enforcement actions against registered investment advisers for not establishing adequate or consistently implementing ESG policies and procedures to meet ESG commitments to investors.

In addition, in October 2023, California enacted legislation that will ultimately require certain companies that (i) do business in California to publicly disclose their Scopes 1, 2 and 3 greenhouse gas emissions, with third party assurance of such data, and issue public reports on their climate-related financial risk and related mitigation measures and (ii) operate in California and make certain climate-related claims to provide enhanced disclosures around the achievement of climate-related claims, including the use of voluntary carbon credits to achieve such claims. From a European perspective, the European Union has adopted legislation aimed at increasing transparency for investors of sustainability-related policies, processes, performance and commitments which apply to certain of our products, including, without limitation: (a) the SFDR, for which most rules took effect beginning on March 10, 2021 and (b) Regulation (EU) 2020/852 on the establishment of a framework to facilitate sustainable investment and amending the SFDR. Further, the European Commission is currently considering whether to propose further changes or amendments to the SFDR and the associated regulatory framework. Relatedly, the European Securities and Markets Authority (“ESMA”) has identified promoting transparency through effective sustainability disclosures and addressing greenwashing as one of its key priorities per ESMA’s sustainable finance roadmap and strategy. ESMA has also introduced guidelines on funds with ESG, impact, transition or sustainability-related terms in their names.

There are still some uncertainties regarding the operation of some of these requirements and how they might evolve, and an established market practice is still being developed in certain cases, which can lead to diverging implementation and/or operationalization, data gaps or methodological challenges which may affect our ability to collect relevant data. These regimes continue to evolve and there is still a lack of clarity and established practice around the approach to their supervision and enforcement, which may vary across national competent authorities. There is a risk that a development or reorientation in the regulatory

requirements or market practice in this respect could be adverse to our investments if they are perceived to be less valuable as a consequence of, among other things, their carbon footprint or perceived “greenwashing.” Compliance with requirements of this nature may also increase risks relating to financial supervision and enforcement action. There is the additional risk that market expectations in relation to certain commitments under the SFDR, such as disclosures made in relation to financial products, could adversely affect our ability to raise capital, especially from EEA investors.

There are a variety of other regulatory initiatives related to ESG-specific topics that may be applicable to us, our products or our products’ portfolio companies. For example, on January 5, 2023, the CSRD came into effect. The CSRD amends and strengthens the rules introduced on sustainability reporting for companies, banks and insurance companies under the Non-Financial Reporting Directive (2014/95/EU) (“NFRD”). The CSRD requires a much broader range of companies, including non-EU companies with significant turnover and a legal presence in EU markets, to produce detailed and prescriptive reports on sustainability-related matters within their financial statements. Although we are not currently directly in-scope of CSRD, it is possible that we may become subject to CSRD. This may result in additional compliance burdens and increased legal, accounting and compliance costs and enhanced disclosure obligations.

In November 2023, the Sustainability Labelling and Disclosure of Sustainability-Related Financial Information Instrument 2023 (“SDR”) introduced sustainability disclosure requirements, voluntary investment product labels and an ‘anti-greenwashing’ rule. The anti-greenwashing rule applies to all UK-authorized firms in relation to sustainability-related claims made in their communications, and/or communications of financial promotions with, clients in the UK. The balance of the new regime is currently directed at UK investment funds and UK-regulated asset management firms as well as distributors of such funds; however, the FCA consulted in Spring 2024 as to whether to extend the SDR to portfolio management, and the UK Government also announced in May 2024 its intention to launch a consultation on whether to extend the scope of SDR to overseas funds.

In Asia, examples of ESG-related regulations including those by regulators in Singapore and Hong Kong, have released guidelines for asset managers to integrate climate risk considerations in investment and risk management processes, together with enhanced disclosure and reporting and have also issued enhanced rules for certain ESG funds on general ESG risk management and disclosure.

As a result of these and other legislative and regulatory initiatives, and as our business grows through acquisition activity or changes to our structure, we or the Adviser may be required to provide additional disclosure to our investors with respect to ESG matters. This exposes us to increased disclosure risks, for example due to a lack of available or credible data, and the potential for conflicting disclosures may also expose us to an increased risk of misstatement litigation or miss-selling allegations. Failure to manage these risks could result in a material adverse effect on our business in a number of ways. Compliance with frameworks of this nature may create an additional compliance burden and increased legal, compliance, governance, reporting and other costs to funds and/or fund managers because of the need to collect certain information to meet the disclosure requirements. In addition, where there are uncertainties regarding the operation of the framework, a lack of official, conflicting or inconsistent regulatory guidance, a lack of established market practice and/or data gaps or methodological challenges affecting the ability to collect relevant data, funds and/or fund managers may be required to engage third party advisers and/or service providers to fulfil the requirements, thereby exacerbating any increase in compliance burden and costs. To the extent that any applicable jurisdictions enact similar laws and/or frameworks, there is a risk that we may not be able to maintain alignment of a particular investment with such frameworks, and/or may be subject to additional compliance burdens and costs, which might adversely affect us.

#### **Risks Related to the Mergers**

***We may be unable to realize the benefits anticipated by the Mergers, including estimated cost savings, or it may take longer than anticipated to achieve such benefits.***

The realization of certain benefits anticipated as a result of the Mergers will depend in part on the integration of OBDE’s investment portfolio with our investment portfolio and the integration of OBDE’s business with our business. Though the Adviser believes it can integrate us and OBDE given the significant overlap in portfolios, operations and governance structure, there can be no assurance that OBDE’s investment portfolio or business can be operated profitably or integrated successfully into our operations in a timely fashion or at all. The dedication of management resources to such integration may detract attention from the day-to-day business of the combined company, and there can be no assurance that there will not be substantial costs associated with the transition process or that there will not be other material adverse effects as a result of these integration efforts. Such effects, including incurring unexpected costs or delays in connection with such integration and failure of OBDE’s investment portfolio to perform as expected, could have a material adverse effect on the financial results of the combined company.

We also expect to achieve certain cost savings from the Mergers when the two companies have fully integrated their portfolios. It is possible that the estimates of the potential cost savings could ultimately be incorrect. The cost savings estimates also assume we will be able to combine the operations of OBDC and OBDE in a manner that permits those cost savings to be fully realized. If the estimates turn out to be incorrect or if OBDC is not able to combine OBDE’s investment portfolio or business with the operations of OBDC successfully, the anticipated cost savings may not be fully realized or realized at all or may take longer to realize than expected.

*We may be the target of litigation or similar proceedings in the future.*

We could generally be subject to litigation or similar proceedings in the future, including securities litigation and derivative actions by our stockholders whether as a result of the Mergers or otherwise. Any litigation or similar proceedings could result in substantial costs, divert management's attention and resources from our business or otherwise have a material adverse effect on our business, financial condition and results of operations.

#### **Risks Related to Our Adviser and Its Affiliates**

***Our Adviser and its affiliates, including our officers and some of our directors, may face conflicts of interest caused by compensation arrangements with us and our affiliates, which could result in increased risk-taking or speculative investments, or cause our Adviser to use substantial leverage.***

Our Adviser and its affiliates receive fees from us in return for their services. These fees may include certain incentive fees based on the amount of appreciation of our investments and arrangement, structuring or similar fees from portfolio companies in which we invest. These fees could influence the advice provided to us or create an incentive for our Adviser to make investments on our behalf that are risky or more speculative than would be the case in the absence of such incentive fees. Generally, the more equity we sell in public offerings and the greater the risk assumed by us with respect to our investments, including through the use of leverage, the greater the potential for growth in our assets and profits, and, correlatively, the fees payable by us to our Adviser. The way in which the incentive fee is determined may encourage our Adviser to use leverage to increase the leveraged return on our investment portfolio.

In addition, the fact that our base management fee is payable based upon our average gross assets (which includes any borrowings used for investment purposes) may encourage our Adviser to use leverage to make additional investments. Such a practice could make such investments more risky than would otherwise be the case, which could result in higher investment losses, particularly during cyclical economic downturns. Under certain circumstances, the use of substantial leverage (up to the limits prescribed by the 1940 Act) may increase the likelihood of our defaulting on our borrowings, which would be detrimental to holders of our securities.

These compensation arrangements could affect our Adviser's or its affiliates' judgment with respect to public offerings of equity, incurrence of debt, and investments made by us, which allow our Adviser to earn increased asset management fees.

***The time and resources that individuals associated with our Adviser devote to us may be diverted, and we may face additional competition due to, among other things, the fact that neither our Adviser nor its affiliates is prohibited from raising money for or managing another entity that makes the same types of investments that we target.***

Blue Owl is not prohibited from raising money for and managing future investment entities, in addition to the Blue Owl Credit Clients, that make the same or similar types of investments as those we target. As a result, the time and resources that our Adviser devotes to us may be diverted, and during times of intense activity in other investment programs they may devote less time and resources to our business than is necessary or appropriate. In addition, we may compete with any such investment entity also managed by our Adviser or its affiliates for the same investors and investment opportunities. Furthermore, certain members of the Diversified Lending Investment Committee or our affiliates are officers of Blue Owl and will devote a portion of their time to the operations of Blue Owl, including with respect to public company compliance.

***Our Adviser and its affiliates may face conflicts of interest with respect to services performed for issuers in which we may invest.***

Our Adviser and its affiliates may provide a broad range of financial services to companies in which we may invest, including providing arrangement, syndication, origination structuring and other services to portfolio companies, and will generally be paid fees for such services, in compliance with applicable law, by the portfolio company. Any compensation received by our Adviser or its affiliates for providing these services will not be shared with us and may be received before we realize a return on our investment. In addition, we may invest in companies managed by entities in which funds managed by GP Strategic Capital have acquired a minority interest. Our Adviser and its affiliates may face conflicts of interest with respect to services performed for these companies, on the one hand, and investments recommended to us, on the other hand and could, in certain instances, have an incentive not to pursue actions against a portfolio company that would be in our best interest.

***Our Adviser or its affiliates may have incentives to favor their respective other accounts and clients and/or Blue Owl over us, which may result in conflicts of interest that could be harmful to us.***

Because our Adviser and its affiliates manage assets for, or may in the future manage assets for, other investment companies, pooled investment vehicles and/or other accounts (including institutional clients, pension plans, insurance companies, co-invest vehicles and certain high net worth individuals), including the Blue Owl Credit Clients, and we may compete for capital and investment opportunities with these entities, certain conflicts of interest are present. These include conflicts of interest relating to the allocation of investment opportunities by our Adviser and its affiliates; compensation to our Adviser; services that may be provided by our Adviser and its affiliates to issuers in which we may invest; investments by us and other clients of our Adviser, subject to the limitations of the 1940 Act; the formation of additional investment funds managed by our Adviser; differing recommendations given by our Adviser to us versus other clients; our Adviser's use of information gained from issuers in our portfolio for investments by

other clients, subject to applicable law; restrictions on our Adviser's use of "inside information" with respect to potential investments by us; the allocation of certain expenses; and cross transactions.

For instance, our Adviser and its affiliates may receive asset management performance-based, or other fees from certain accounts that are higher than the fees received by our Adviser from us. In addition, certain members of Blue Owl's Credit platform's investment committees and other executives and employees of our Adviser or its affiliates will hold and receive interest in Blue Owl and its affiliates, in addition to cash and carried interest compensation. In these instances, a portfolio manager for our Adviser may have an incentive to favor the higher fee and/or performance-based fee accounts over us and/or to favor Blue Owl. In addition, a conflict of interest exists to the extent our Adviser, its affiliates, or any of their respective executives, portfolio managers or employees have proprietary or personal investments in other investment companies or accounts or when certain other investment companies or accounts are investment options in our Adviser's or its affiliates' employee benefit plans or employee offerings. In these circumstances, personnel of our Adviser may have incentive to favor these other investment companies or accounts over us.

Because our Adviser may have incentive to favor other Blue Owl Credit Clients and we may compete for investments with Blue Owl Credit Clients, our Adviser and its affiliates are subject to certain conflicts of interest in evaluating the suitability of investment opportunities and making or recommending investments on our behalf. To mitigate these conflicts, the Blue Owl Credit Advisers will seek to execute such transactions for all of the participating investment accounts, including us, on a fair and equitable basis and in accordance with the Blue Owl Credit Advisers' investment allocation policy, taking into account such factors as the relative amounts of capital available for new investments; cash on hand; existing commitments and reserves; the investment programs and portfolio positions of the participating investment accounts, including portfolio construction, diversification and concentration considerations; the investment objectives, guidelines and strategies of each client; the clients for which participation is appropriate' each client's life cycle; targeted leverage level; targeted asset mix and any other factors deemed appropriate. We may be prohibited under the 1940 Act from participating in certain transactions with our affiliates without the prior approval of our directors who are not interested persons and, in some cases, the prior approval of the SEC. We, our Adviser and certain affiliates have been granted exemptive relief by the SEC to permit us to co-invest with other funds managed by our Adviser or certain of its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. See "*Our ability to enter into transactions with our affiliates is restricted.*"

Actions taken by our Adviser and its affiliates on behalf of the Blue Owl Credit Clients as a result of any conflict of interest may be adverse to us, which could harm our performance. For example, we may invest in the same credit obligations as other Blue Owl Credit Clients, although, to the extent permitted under the 1940 Act, our investments may include different obligations or levels of the capital structure of the same issuer. Decisions made with respect to the securities held by one of the Blue Owl Credit Clients may cause (or have the potential to cause) harm to the different class of securities of the issuer held by other Blue Owl Credit Clients (including us). While the Blue Owl Credit Advisers and their affiliates have developed general guidelines regarding when two or more funds can invest in different parts of the same company's capital structure and created a process that they employ to handle those conflicts when they arise, their decision to permit the investments to occur in the first instance or their judgment on how to mitigate the conflict could be challenged or deemed insufficient. If the Blue Owl Credit Advisers and their affiliates fail to appropriately address those conflicts, it could negatively impact their reputation and ability to raise additional funds and the willingness of counterparties to do business with them or result in potential litigation against them.

From time to time, fees and expenses generated in connection with potential portfolio investments that are not consummated may be allocable to us and one or more Blue Owl Credit Clients. These expenses will be allocated in a manner that is fair and equitable over time and in accordance with policies adopted by the Blue Owl Credit Advisers and the Investment Advisory Agreement; however, the method for allocation expenses may vary depending on the nature of the expense and such determinations involve inherent discretion.

In addition, from time to time, our Adviser could cause us to purchase a security or other investment from, or sell a security or other investment to, another Blue Owl Credit Client. Such cross transaction would be in accordance with applicable regulations and our and our Adviser's valuation and cross-trades policies; however, such cross transactions could give rise to additional conflicts of interest.

Our Board will seek to monitor these conflicts but there can be no assurances that such monitoring will fully mitigate any such conflicts.

***Reductions, waivers or absorptions of fees and costs can temporarily result in higher returns to shareholder than they would otherwise receive if full fees and costs were charged.***

The Adviser and its affiliates are permitted to reduce, waive or absorb some of the fees or costs otherwise due by us. While this activity can be seen as friendly to shareholders, reductions, waivers and absorptions of fees and costs result in higher returns to shareholders than such shareholders would receive if full fees and costs were charged. There is no guarantee that any reductions, waivers or absorptions will occur in the future, and any reductions, waivers and absorptions are entirely at the discretion of the Adviser.

***Products within Blue Owl's Real Assets platform may enter into sale lease-back transactions with our portfolio companies or with borrowers under our credit facilities.***

From time to time, companies in which we have invested or may invest, may enter into sale-leaseback transactions with products within Blue Owl's Real Assets platform. As a result of these arrangements we could be a creditor to, or equity owners of, a company at the same time that company is a tenant of a product within Blue Owl's Real Assets platform. If such a company were to encounter financial difficulty or default on its obligations as a borrower, our Adviser could be required to take actions that may be adverse to those of Blue Owl's Real Assets platform in enforcing our rights under the relevant facilities or agreements, or vice versa. This could lead to actual or perceived conflicts of interest.

***Our access to confidential information may restrict our ability to take action with respect to some investments, which, in turn, may negatively affect our results of operations.***

We, directly or through our Adviser, may obtain confidential information about the companies in which we have invested or may invest or be deemed to have such confidential information. Our Adviser may come into possession of material, non-public information through its members, officers, directors, employees, principals or affiliates. In addition, funds managed by GP Strategic Capital may invest in entities that manage our portfolio companies and, as a result, may obtain additional confidential information about our portfolio companies. The possession of such information may, to our detriment, limit the ability of us and our Adviser to buy or sell a security or otherwise to participate in an investment opportunity. In certain circumstances, employees of our Adviser may serve as board members or in other capacities for portfolio or potential portfolio companies, which could restrict our ability to trade in the securities of such companies. For example, if personnel of our Adviser come into possession of material non-public information with respect to our investments, such personnel will be restricted by our Adviser's information-sharing policies and procedures or by law or contract from sharing such information with our management team, even where the disclosure of such information would be in our best interests or would otherwise influence decisions taken by the members of the management team with respect to that investment. This conflict and these procedures and practices may limit the freedom of our Adviser to enter into or exit from potentially profitable investments for us, which could have an adverse effect on our results of operations. Accordingly, there can be no assurance that we will be able to fully leverage the resources and industry expertise of our Adviser in the course of its duties. Additionally, there may be circumstances in which one or more individuals associated with our Adviser will be precluded from providing services to us because of certain confidential information available to those individuals or to other parts of our Adviser.

***We may be obligated to pay our Adviser incentive fees even if we incur a net loss due to a decline in the value of our portfolio and even if our earned interest income is not payable in cash.***

The Investment Advisory Agreement entitles our Adviser to receive an incentive fee based on our pre-incentive fee net investment income regardless of any capital losses. In such case, we may be required to pay our Adviser an incentive fee for a fiscal quarter even if there is a decline in the value of our portfolio or if we incur a net loss for that quarter.

Any incentive fee payable by us that relates to the pre-incentive fee net investment income may be computed and paid on income that may include interest that has been accrued but not yet received or interest in the form of securities received rather than cash ("payment-in-kind" or "PIK" income"). PIK income will be included in the pre-incentive fee net investment income used to calculate the incentive fee to our Adviser even though we do not receive the income in the form of cash. If a portfolio company defaults on a loan that is structured to provide accrued interest income, it is possible that accrued interest income previously included in the calculation of the incentive fee will become uncollectible. Our Adviser is not obligated to reimburse us for any part of the incentive fee it received that was based on accrued interest income that we never receive as a result of a subsequent default.

The quarterly incentive fee on income is recognized and paid without regard to: (i) the trend of pre-incentive fee net investment income as a percent of adjusted capital over multiple quarters in arrears which may in fact be consistently less than the quarterly preferred return, or (ii) the net income or net loss in the current calendar quarter, the current year or any combination of prior periods.

For U.S. federal income tax purposes, we may be required to recognize taxable income in some circumstances in which we do not receive a corresponding payment in cash and to make distributions with respect to such income to maintain our tax treatment as a RIC and/or minimize corporate-level U.S. federal income or excise tax. Under such circumstances, we may have difficulty meeting the Annual Distribution Requirement necessary to maintain RIC tax treatment under the Code. This difficulty in making the required distribution may be amplified to the extent that we are required to pay the incentive fee on income with respect to such accrued income. As a result, we may have to sell some of our investments at times and/or at prices we would not consider advantageous, raise additional debt or equity capital, or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, we may fail to qualify for RIC tax treatment and thus become subject to corporate-level U.S. federal income tax.

***Our ability to enter into transactions with our affiliates is restricted.***

We are prohibited under the 1940 Act from participating in certain transactions with certain of our affiliates without the prior approval of a majority of our independent directors and, in some cases, the SEC. Any person that owns, directly or indirectly, 5% or more of our outstanding voting securities will be our affiliate for purposes of the 1940 Act, and we will generally be prohibited from buying or selling any securities from or to such affiliate on a principal basis, absent the prior approval of our Board and, in some cases, the SEC. The 1940 Act also prohibits certain "joint" transactions with certain of our affiliates, including other funds or clients advised

by our Adviser or its affiliates, which in certain circumstances could include investments in the same portfolio company (whether at the same or different times to the extent the transaction involves a joint investment), without prior approval of our Board and, in some cases, the SEC. If a person acquires more than 25% of our voting securities, we will be prohibited from buying or selling any security from or to such person or certain of that person's affiliates, or entering into prohibited joint transactions with such persons, absent the prior approval of the SEC. Similar restrictions limit our ability to transact business with our officers or directors or their affiliates or anyone who is under common control with us. The SEC has interpreted the BDC regulations governing transactions with affiliates to prohibit certain joint transactions involving entities that share a common investment adviser. As a result of these restrictions, we may be prohibited from buying or selling any security from or to any portfolio company that is controlled by a fund managed by either of our Adviser or its affiliates without the prior approval of the SEC, which may limit the scope of investment or disposition opportunities that would otherwise be available to us.

Our Adviser and certain of our affiliates have received an order for exemptive relief (as amended, the "Order") from the SEC, on which we are permitted to rely, that permit us to co-invest with other funds managed by our Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to the Order, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing, and (4) the proposed investment by us would not benefit our Adviser, the other affiliated funds that are participating in the investment or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, we have received an amendment to our Order to permit us to participate in follow-on investments in our existing portfolio companies with certain Affiliated Funds when such private funds are not invested in such existing portfolio company.

In situations when co-investment with our Adviser's or its affiliates' other clients is not permitted under the 1940 Act and related rules, existing or future staff guidance, or the terms and conditions of the exemptive relief granted to us by the SEC, our Adviser will need to decide which client or clients will proceed with the investment. Generally, we will not be entitled to make a co-investment in these circumstances and, to the extent that another client elects to proceed with the investment, we will not be permitted to participate. Moreover, except in certain circumstances, we will not invest in any issuer in which an affiliate's other client holds a controlling interest.

***We may make investments that could give rise to a conflict of interest.***

We do not expect to invest in, or hold securities of, companies that are controlled by an affiliate's other clients. However, our Adviser or an affiliate's other clients may invest in, and gain control over, one of our portfolio companies. If our Adviser or an affiliate's other client, or clients, gains control over one of our portfolio companies, it may create conflicts of interest and may subject us to certain restrictions under the 1940 Act. As a result of these conflicts and restrictions our Adviser may be unable to implement our investment strategies as effectively as they could have in the absence of such conflicts or restrictions. For example, as a result of a conflict or restriction, our Adviser may be unable to engage in certain transactions that it would otherwise pursue. In order to avoid these conflicts and restrictions, our Adviser may choose to exit such investments prematurely and, as a result, we may forego any positive returns associated with such investments. In addition, to the extent that an affiliate's other client holds a different class of securities than us as a result of such transactions, our interests may not be aligned.

***The recommendations given to us by our Adviser may differ from those rendered to their other clients.***

Our Adviser and its affiliates may give advice and recommend securities to other clients which may differ from advice given to, or securities recommended or bought for, us even though such other clients' investment objectives may be similar to ours, which could have an adverse effect on our business, financial condition and results of operations.

***Our Adviser's liability is limited under the Investment Advisory Agreement, and we are required to indemnify our Adviser against certain liabilities, which may lead our Adviser to act in a riskier manner on our behalf than it would when acting for its own account.***

Our Adviser has not assumed any responsibility to us other than to render the services described in the Investment Advisory Agreement (and, separately, under the Administration Agreement), and it will not be responsible for any action of our Board in declining to follow our Adviser's advice or recommendations. Pursuant to the Investment Advisory Agreement, our Adviser and its directors, officers, shareholders, members, agents, employees, controlling persons, and any other person or entity affiliated with, or acting on behalf of our Adviser will not be liable to us for their acts under the Investment Advisory Agreement, absent criminal conduct, willful misfeasance, bad faith or gross negligence in the performance of their duties. We have also agreed to indemnify, defend and protect our Adviser and its directors, officers, shareholders, members, agents, employees, controlling persons and any other person or entity affiliated with, or acting on behalf of our Adviser with respect to all damages, liabilities, costs and expenses

resulting from acts of our Adviser not arising out of criminal conduct, willful misfeasance, bad faith or gross negligence in the performance of their duties. However, in accordance with Section 17(i) of the 1940 Act, neither our Adviser nor any of its affiliates, directors, officers, members, employees, agents, or representatives may be protected against any liability to us or our investors to which it would otherwise be subject by reason of criminal conduct, willful misfeasance, bad faith or gross negligence or reckless disregard of the duties involved in the conduct of its office. These protections may lead our Adviser to act in a riskier manner when acting on our behalf than it would when acting for its own account.

***There are risks associated with any potential merger with or purchase of assets of another fund.***

Our Adviser may in the future recommend to our Board that we merge with or acquire all or substantially all of the assets of one or more funds including a fund that could be managed by our Adviser or its affiliates (including another BDC). We do not expect that our Adviser would recommend any such merger or asset purchase unless it determines that it would be in our best interests, with such determination dependent on factors it deems relevant, which may include our historical and projected financial performance and that of any proposed merger partner, portfolio composition, potential synergies from the merger or asset sale, available alternative options and market conditions. In addition, no such merger or asset purchase would be consummated absent the meeting of various conditions required by applicable law or contract, at such time, which may include approval of the board of directors and common equity holders of both funds. If our Adviser is the investment adviser of both funds, various conflicts of interest would exist with respect to any such transaction. Such conflicts of interest may potentially arise from, among other things, differences between the compensation payable to our Adviser by us and by the entity resulting from such a merger or asset purchase or efficiencies or other benefits to our Adviser as a result of managing a single, larger fund instead of two separate funds.

***Our Adviser's failure to comply with pay-to-play laws, regulations and policies could have an adverse effect on our Adviser, and thus, us.***

A number of U.S. states and municipal pension plans have adopted so-called "pay-to-play" laws, regulations or policies which prohibit, restrict or require disclosure of payments to (and/or certain contacts with) state officials by individuals and entities seeking to do business with state entities, including those seeking investments by public retirement funds. The SEC has adopted a rule that, among other things, prohibits an investment adviser from providing advisory services for compensation to a government client for two years after the adviser or certain of its executives or employees makes a contribution to certain elected officials or candidates. If our Adviser, any of its employees or affiliates or any service provider acting on its behalf, fails to comply with such laws, regulations or policies, such non-compliance could have an adverse effect on our Adviser, and thus, us.

***Our Adviser's inability to attract, retain and develop human capital in a highly competitive talent market could have an adverse effect on our Adviser, and thus us.***

The success of our business will continue to depend upon our Adviser attracting, developing and retaining human capital. Competition for qualified, motivated, and highly-skilled executives, professionals and other key personnel in asset management firms is significant. Turnover and associated costs of rehiring, the loss of human capital through attrition, death, or disability and the reduced ability to attract talent could impair our Adviser's ability to maintain its standards of excellence and have an adverse effect on us.

**Risks Related to Business Development Companies**

***The requirement that we invest a sufficient portion of our assets in qualifying assets could preclude us from investing in accordance with our current business strategy; conversely, the failure to invest a sufficient portion of our assets in qualifying assets could result in our failure to maintain our status as a BDC.***

As a BDC, the 1940 Act prohibits us from acquiring any assets other than certain qualifying assets unless, at the time of and after giving effect to such acquisition, at least 70% of our total assets are qualifying assets. Therefore, we may be precluded from investing in what we believe are attractive investments if such investments are not qualifying assets. Conversely, if we fail to invest a sufficient portion of our assets in qualifying assets, we could lose our status as a BDC, which would have a material adverse effect on our business, financial condition and results of operations. Similarly, these rules could prevent us from making additional investments in existing portfolio companies, which could result in the dilution of our position, or could require us to dispose of investments at an inopportune time to comply with the 1940 Act. If we were forced to sell non-qualifying investments in the portfolio for compliance purposes, the proceeds from such sale could be significantly less than the current value of such investments.

***Failure to maintain our status as a BDC would reduce our operating flexibility.***

If we do not remain a BDC, we might be regulated as a closed-end investment company under the 1940 Act, which would subject us to substantially more regulatory restrictions, including a greater required asset coverage ratio and additional restrictions on transactions with affiliates, and correspondingly decrease our operating flexibility.

***Regulations governing our operation as a BDC and RIC affect our ability to raise capital and the way in which we raise additional capital or borrow for investment purposes, which may have a negative effect on our growth. As a BDC, the necessity of raising additional capital may expose us to risks, including risks associated with leverage.***

As a result of the Annual Distribution Requirement to qualify for tax treatment as a RIC, we may need to access the capital markets periodically to raise cash to fund new investments in portfolio companies. Currently, we may issue “senior securities,” including borrowing money from banks or other financial institutions only in amounts such that the ratio of our total assets (less total liabilities other than indebtedness represented by senior securities) to our total indebtedness represented by senior securities plus preferred stock, if any, equals at least 150% after such incurrence or issuance. If we issue senior securities, we will be exposed to risks associated with leverage, including an increased risk of loss. Our ability to issue different types of securities is also limited. Compliance with RIC distribution requirements may unfavorably limit our investment opportunities and reduce our ability in comparison to other companies to profit from favorable spreads between the rates at which we can borrow and the rates at which we can lend. Therefore, we intend to seek to continuously issue equity securities, which may lead to shareholder dilution.

We may borrow to fund investments. If the value of our assets declines, we may be unable to satisfy the asset coverage test under the 1940 Act, which would prohibit us from paying distributions and could prevent us from qualifying for tax treatment as a RIC, which would generally result in a corporate-level U.S. federal income tax on any income and net gains. If we cannot satisfy the asset coverage test, we may be required to sell a portion of our investments and, depending on the nature of our debt financing, repay a portion of our indebtedness at a time when such sales may be disadvantageous. Also, any amounts that we use to service our indebtedness would not be available for distribution to our shareholders.

In addition, as market conditions permit, we have and may continue to securitize our loans to generate cash for funding new investments. To securitize loans, we have and may continue to create a wholly owned subsidiary, contribute a pool of loans to the subsidiary and have the subsidiary issue primarily investment grade debt securities to purchasers who would be expected to be willing to accept a substantially lower interest rate than the loans earn. We have and may continue to retain all or a portion of the equity in the securitized pool of loans. Our retained equity would be exposed to any losses on the portfolio of loans before any of the debt securities would be exposed to such losses. See “—*We are subject to certain risks as a result of our interests in the CLO Preferred Share*”; “*The subordination of the CLO Preferred Shares will affect our right to payment*”; and “*The CLO Indentures require mandatory redemption of the respective CLO Debt for failure to satisfy coverage tests, which would reduce the amounts available for distribution to us.*”

### **Risks Related to Our Investments**

***Our investments in portfolio companies may be risky, and we could lose all or part of our investments.***

Our strategy focuses primarily on originating and making loans to, and making debt and equity investments in, U.S. middle-market companies, with a focus on originated transactions sourced through the networks of our Adviser. Short transaction closing timeframes associated with originated transactions coupled with added tax or accounting structuring complexity and international transactions may result in higher risk in comparison to non-originated transactions.

Most debt securities in which we intend to invest will not be rated by any rating agency and, if they were rated, they would be rated as below investment grade quality and are commonly referred to as “high yield” or “junk.” Debt securities rated below investment grade quality are generally regarded as having predominantly speculative characteristics and may carry a greater risk with respect to a borrower’s capacity to pay interest and repay principal. In addition, some of the loans in which we may invest may be “covenant-lite” loans. We use the term “covenant-lite” loans to refer generally to loans that do not have a complete set of financial maintenance covenants. Generally, “covenant-lite” loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower’s financial condition. Accordingly, to the extent we invest in “covenant-lite” loans, we may have fewer rights against a borrower and may have a greater risk of loss on such investments as compared to investments in or exposure to loans with financial maintenance covenants.

*First-Lien Debt.* When we make a first-lien loan, we generally take a security interest in the available assets of the portfolio company, including the equity interests of its subsidiaries, which we expect to help mitigate the risk that we will not be repaid. However, there is a risk that the collateral securing our loans may decrease in value over time, may be difficult to sell in a timely manner, may be difficult to appraise, and may fluctuate in value based upon the success of the business and market conditions, including as a result of the inability of the portfolio company to raise additional capital. In some circumstances, our lien is, or could become, subordinated to claims of other creditors. Consequently, the fact that a loan is secured does not guarantee that we will receive principal and interest payments according to the loan’s terms, or at all, or that we will be able to collect on the loan should we need to enforce our remedies.

*Unitranche Loans.* In addition, in connection with any unitranche loans (including “last out” portions of such loans) in which we may invest, we would enter into agreements among lenders. Under these agreements, our interest in the collateral of the first-lien loans may rank junior to those of other lenders in the loan under certain circumstances. This may result in greater risk and loss of principal on these loans.

*Second-Lien and Mezzanine Debt.* Our investments in second-lien and mezzanine debt generally are subordinated to senior loans and will either have junior security interests or be unsecured. As such, other creditors may rank senior to us in the event of insolvency. This may result in greater risk and loss of principal.

*Equity Investments.* When we invest in first-lien debt, second-lien debt or mezzanine debt, we may acquire equity securities, such as warrants, options and convertible instruments, as well. In addition, we may invest directly in the equity securities of portfolio companies. We may structure such equity investments to include provisions protecting our rights as a minority-interest holder, as well as a “put,” or right to sell such securities back to the issuer, upon the occurrence of specified events. In many cases, we may also seek to obtain registration rights in connection with these equity interests, which may include demand and “piggyback” registration rights, which grants us the right to register our equity interest when either the portfolio company or another investor in the portfolio company files a registration statement with the SEC to issue securities. We seek to dispose of these equity interests and realize gains upon our disposition of these interests. However, the equity interests we receive may not appreciate in value and, in fact, may decline in value. Accordingly, we may not be able to realize gains from our equity interests, and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses we experience.

***We have invested and may continue to invest through joint ventures, partnerships and other special purpose vehicles and our investments through these vehicles may entail greater risks, or risks that we otherwise would not incur, if we otherwise made such investments directly.***

We may make indirect investments in portfolio companies through joint ventures, partnerships or other special purpose vehicles (“Investment Vehicles”). In general, the risks associated with indirect investments in portfolio companies through a joint venture, partnership or other special purpose vehicle are similar to those associated with a direct investment in a portfolio company; however, if we are not the sole investor in such Investment Vehicle, the investment may involve risks not present in investments where a third party is not involved. While we intend to analyze the credit and business of a potential portfolio company in determining whether to make an investment in an Investment Vehicle, we will nonetheless be exposed to the creditworthiness of the Investment Vehicle and any third party. In the event of a bankruptcy proceeding against the portfolio company, the assets of the portfolio company may be used to satisfy its obligations prior to the satisfaction of our investment in the Investment Vehicle (i.e., our investment in the Investment Vehicle could be structurally subordinated to the other obligations of the portfolio company). If a third party is involved, we are subject to the risk that such third-party could have financial difficulties resulting in a negative impact on the Investment Vehicle, could have economic or business interests or goals which are inconsistent with ours, or could be in a position to take (or block) action in a manner contrary to our investment objective or the increased possibility of default by, diminished liquidity or insolvency of, the third party, due to a sustained or general economic downturn. In addition, if we are not the sole investor in an Investment Vehicle, we may be required to rely on our partners in the Investment Vehicle when making decisions regarding such Investment Vehicle’s investments, accordingly, the value of the investment could be adversely affected if our interests diverge from those of our partners in the Investment Vehicle.

***Any strategic investments that we pursue are subject to risks and uncertainties.***

We have pursued and may continue to pursue growth through strategic investments in new businesses, including through investments in our specialty finance vehicles. Completion and timing of any such strategic investments may be subject to a number of contingencies, including the uncertainty in reaching a commercial agreement with our counterparty, our ability to obtain required board, shareholder and regulatory approvals, as well as any required financing (or the risk that these are obtained subject to terms and conditions that are not anticipated). We may not be required to announce an acquisition or strategic transaction until a definitive agreement is reached and the announcement or consummation of any such transaction may adversely impact our business relationships or engender competitive responses.

In addition, the proposal and negotiation of strategic investments, whether or not completed, as well as the integration of those businesses into our existing portfolio, could result in substantial expenses and the diversion of our Adviser’s time, attention and resources from our day-to-day operations.

Our ability to manage our growth through strategic investments will depend, in part, on our success in addressing these risks. Any failure to effectively implement our acquisition or strategic investment strategies could have a material adverse effect on our business, financial condition or results of operations.

***Broadly syndicated loans, including “covenant-lite” loans, may expose us to different risks, including with respect to liquidity, price volatility, ability to restructure loans, credit risks and less protective loan documentation, than is the case with loans that contain financial maintenance covenants.***

Our investments may consist of broadly syndicated loans that were not originated by us. Under the documentation for such loans, a financial institution or other entity typically is designated as the administrative agent and/or collateral agent. This agent is granted a lien on any collateral on behalf of the other lenders and distributes payments on the indebtedness as they are received. The agent is the party responsible for administering and enforcing the loan and generally may take actions only in accordance with the instructions of a majority or two-thirds in commitments and/or principal amount of the associated indebtedness. Accordingly, we may be precluded from directing such actions unless we or our investment adviser is the designated administrative agent or collateral agent

or we act together with other holders of the indebtedness. If we are unable to direct such actions, we cannot assure shareholders that the actions taken will be in our best interests.

There is also a risk that a loan agent may become bankrupt or insolvent. Such an event would delay, and possibly impair, any enforcement actions undertaken by holders of the associated indebtedness, including attempts to realize upon the collateral securing the associated indebtedness and/or direct the agent to take actions against the related obligor or the collateral securing the associated indebtedness and actions to realize on proceeds of payments made by obligors that are in the possession or control of any other financial institution. In addition, we may be unable to remove the agent in circumstances in which removal would be in our best interests. Moreover, agent loans typically allow for the agent to resign with certain advance notice.

In addition, a significant number of high yield loans in the market, in particular the broadly syndicated loan market, may consist of “covenant-lite” loans. Generally, “covenant-lite” loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower’s financial condition. Ownership of “covenant-lite” loans may expose us to different risks, including with respect to liquidity, price volatility, ability to restructure loans, credit risks and less protective loan documentation, than is the case with loans that contain financial maintenance covenants.

***We may be subject to risks associated with our investments in bank loans.***

We may invest in bank loans and participations. These obligations are subject to unique risks, including:

- the possible invalidation of an investment transaction as a fraudulent conveyance under relevant creditors’ rights laws,
- so-called lender-liability claims by the issuer of the obligations,
- environmental liabilities that may arise with respect to collateral securing the obligations, and
- limitations on our ability to directly enforce its rights with respect to participations.

In addition, the illiquidity of bank loans may make it difficult for us to sell such investments to access capital if required. As a result, we could realize significantly less than the value at which we have recorded our investments if we were required to sell them for liquidity purposes. Compared to securities and to certain other types of financial assets, purchases and sales of loans take relatively longer to settle. This extended settlement process can (i) increase the counterparty credit risk borne by us; (ii) leave us unable to timely vote, or otherwise act with respect to, loans it has agreed to purchase; (iii) delay us from realizing the proceeds of a sale of a loan; (iv) inhibit our ability to re-sell a loan that it has agreed to purchase if conditions change (leaving us more exposed to price fluctuations); (v) prevent us from timely collecting principal and interest payments; and (vi) expose us to adverse tax or regulatory consequences. To the extent the extended loan settlement process gives rise to short-term liquidity needs, we may hold cash, sell investments or temporarily borrow from banks or other lenders.

In purchasing participations, we generally will have no right to enforce compliance by the borrower with the terms of the loan agreement, nor any rights of set-off against the borrower, and we may not directly benefit from the collateral supporting the debt obligation in which we have purchased the participation. As a result, we will assume the credit risk of both the borrower and the institution selling the participation.

In analyzing each bank loan or participation, our Adviser compares the relative significance of the risks against the expected benefits of the investment. Successful claims by third parties arising from these and other risks will be borne by us.

***If the assets securing the loans that we make decrease in value, then we may lack sufficient collateral to cover losses.***

To attempt to mitigate credit risks, we intend to take a security interest in the available assets of our portfolio companies. There is no assurance that we will obtain sufficient collateral to cover losses or properly perfect our liens.

There is a risk that the collateral securing our loans may decrease in value over time, may be difficult to sell in a timely manner, may be difficult to appraise and may fluctuate in value based upon the success of the business and market conditions, including as a result of the inability of a portfolio company to raise additional capital. In some circumstances, our lien could be subordinated to claims of other creditors. Consequently, the fact that a loan is secured does not guarantee that we will receive principal and interest payments according to the loan’s terms, or that we will be able to collect on the loan should we be forced to enforce our remedies.

***We may suffer a loss if a portfolio company defaults on a loan and the underlying collateral is not sufficient.***

In the event of a default by a portfolio company on a secured loan, we will only have recourse to the assets collateralizing the loan. If the underlying collateral value is less than the loan amount, we will suffer a loss. In addition, we may make loans that are unsecured, which are subject to the risk that other lenders may be directly secured by the assets of the portfolio company. In the event of a default, those collateralized lenders would have priority over us with respect to the proceeds of a sale of the underlying assets. In cases described above, we may lack control over the underlying asset collateralizing our loan or the underlying assets of the portfolio

company prior to a default, and as a result the value of the collateral may be reduced by acts or omissions by owners or managers of the assets.

In the event of bankruptcy of a portfolio company, we may not have full recourse to its assets in order to satisfy our loan, or our loan may be subject to “equitable subordination.” This means that depending on the facts and circumstances, including the extent to which we actually provided significant “managerial assistance,” if any, to that portfolio company, a bankruptcy court might re-characterize our debt holding and subordinate all or a portion of our claim to that of other creditors. In addition, certain of our loans are subordinate to other debt of the portfolio company. If a portfolio company defaults on our loan or on debt senior to our loan, or in the event of a portfolio company bankruptcy, our loan will be satisfied only after the senior debt receives payment. Where debt senior to our loan exists, the presence of intercreditor arrangements may limit our ability to amend our loan documents, assign our loans, accept prepayments, exercise our remedies (through “standstill” periods) and control decisions made in bankruptcy proceedings relating to the portfolio company. Bankruptcy and portfolio company litigation can significantly increase collection losses and the time needed for us to acquire the underlying collateral in the event of a default, during which time the collateral may decline in value, causing us to suffer losses.

Borrowers of broadly syndicated loans may be permitted to designate unrestricted subsidiaries under the terms of their financing agreements, which would exclude such unrestricted subsidiaries from restrictive covenants under the financing agreement with the borrower. Without restriction under the financing agreement, the borrower could take various actions with respect to the unrestricted subsidiary including, among other things, incur debt, grant security on its assets, sell assets, pay dividends or distribute shares of the unrestricted subsidiary to the borrower’s shareholders. Any of these actions could increase the amount of leverage that the borrower is able to incur and increase the risk involved in our investments in broadly syndicated loans accordingly.

If the value of collateral underlying our loan declines or interest rates increase during the term of our loan, a portfolio company may not be able to obtain the necessary funds to repay our loan at maturity through refinancing.

Decreasing collateral value and/or increasing interest rates may hinder a portfolio company’s ability to refinance our loan because the underlying collateral cannot satisfy the debt service coverage requirements necessary to obtain new financing. In some instances a borrower may engage in liability management exercises with certain of its investors who agree to provide additional capital or capital on modified terms in exchange for a superior position in the portfolio company’s capital structure. In such instances, the collateral securing our investment may be reduced or our lien may be further subordinated. If a borrower is unable to repay our loan at maturity, we could suffer a loss which may adversely impact our financial performance.

***We may not realize any income or gains from our equity investments.***

We have invested in and may continue to invest in equity-related securities, including common equity, warrants, preferred stock and convertible preferred securities. These equity interests we acquire may not appreciate in value and, in fact, may decline in value if the company fails to perform financially or achieve its growth objectives. We will generally have little, if any, control over the timing of any gains we may realize from our equity investments since these securities may have restrictions on their transfer or may not have an active trading market.

Equity investments also have experienced significantly more volatility in their returns and may under-perform relative to fixed income securities during certain periods. An adverse event, such as an unfavorable earnings report, may depress the value. Also, prices of equity investments are sensitive to general movements in the stock market and a drop in the stock market may depress the price of common stock investments to which we have exposure. Equity prices fluctuate for several reasons including changes in investors’ perceptions of the financial condition of an issuer or the general condition of the relevant stock market, or when political or economic events affecting the issuers occur. In addition, common stock prices may be particularly sensitive to rising interest rates, as the cost of capital rises and borrowing costs increase.

Although we expect to receive current income in the form of dividend payments on any convertible preferred equity investments, a substantial portion of the gains we expect to receive from our investments in such securities will likely be from the capital gains generated from the sale of our equity investments upon conversion of our convertible securities, the timing of which we cannot predict and we cannot guarantee that such sale will happen at all. We do not expect to generate capital gains from the sale of our portfolio investments on a level or uniform basis from quarter to quarter. In addition, any convertible preferred stock instruments will generally provide for conversion upon the portfolio companies’ achievement of certain milestone events, including a qualified public offering and/or a senior exchange listing for their common stock. However, there can be no assurance that our portfolio companies will obtain either a junior or senior exchange listing or, even if a listing is obtained, that an active trading market will ever develop in the common stock of our publicly traded portfolio companies. In addition, even if our portfolio companies obtain an exchange listing, we may be subject to lock-up provisions that prohibit us from selling our investments into the public market for specified periods of time after such listing. As a result, the market price of securities that we hold may decline substantially before we are able to sell these securities following an exchange listing.

Accordingly, we may not be able to realize gains from our equity interests, and any gains that we do realize on the disposition of any equity interests may not be sufficient to offset any other losses we experience. Furthermore, due to the expected growth of our portfolio companies, we do not generally expect to receive dividend income from our common stock investments. In the case of

cumulative preferred stock, there is no assurance that any dividends will ever be paid by a portfolio company. Dividends to any equity holders may be suspended or cancelled at any time.

Investments in equity securities can carry additional risks and may have other characteristics that require investments to be made indirectly through blocker entities or otherwise. In addition, if an issuer of equity securities in which we have invested sells additional shares of its equity securities, our interest in the issuer may be diluted and the value of our investment could decrease.

We may invest, to the extent permitted by law, in the equity securities of investment funds that are operating pursuant to certain exceptions to the 1940 Act and in advisers to similar investment funds and, to the extent we so invest, will bear our ratable share of any such company's expenses, including management and performance fees. We will also remain obligated to pay the base management fee, income based fee and capital gains incentive fee to our investment adviser with respect to the assets invested in the securities and instruments of such companies. With respect to each of these investments, each of our common stockholders will bear his or her share of the base management fee, income based fee and capital gains incentive fee due to our investment adviser as well as indirectly bearing the management and performance fees and other expenses of any such investment funds or advisers. For the foregoing reasons, investments in equity securities can be highly speculative and carry a substantial risk of loss of investment.

***An investment strategy focused primarily on privately held companies presents certain challenges, including the lack of available information about these companies.***

We invest primarily in privately held companies. Investments in private companies pose certain incremental risks as compared to investments in public companies including that they:

- have reduced access to the capital markets, resulting in diminished capital resources and ability to withstand financial distress;
- may have limited financial resources and may be unable to meet their obligations under their debt obligations that we hold, which may be accompanied by a deterioration in the value of any collateral and a reduction in the likelihood of our realizing any guarantees we may have obtained in connection with our investment;
- may have shorter operating histories, narrower product lines and smaller market shares than larger businesses, which tend to render them more vulnerable to competitors' actions and changing market conditions, as well as general economic downturns;
- are more likely to depend on the management talents and efforts of a small group of persons and, therefore, the death, disability, resignation or termination of one or more of these persons could have a material adverse impact on the company and, in turn, on us; and
- generally have less predictable operating results, may from time to time be parties to litigation, may be engaged in rapidly changing businesses with products subject to a substantial risk of obsolescence, and may require substantial additional capital to support their operations, finance expansion or maintain their competitive position.

In addition, investments in private companies tend to be less liquid. The securities of private companies are not publicly traded or actively traded on the secondary market and are, instead, traded on a privately negotiated over-the-counter secondary market for institutional investors. These over-the-counter secondary markets may be inactive during an economic downturn or a credit crisis and in any event often have lower volumes than publicly traded securities even in normal market conditions. In addition, the securities in these companies will be subject to legal and other restrictions on resale or will otherwise be less liquid than publicly traded securities.

If there is no readily available market for these investments, we are required to carry these investments at fair value as determined by our Board. As a result, if we are required to liquidate all or a portion of our portfolio quickly, we may realize significantly less than the value at which we had previously recorded these investments. We may also face other restrictions on our ability to liquidate an investment in a portfolio company to the extent that we, our Adviser or any of its affiliates have material nonpublic information regarding such portfolio company or where the sale would be an impermissible joint transaction under the 1940 Act. The reduced liquidity of our investments may make it difficult for us to dispose of them at a favorable price, and, as a result, we may suffer losses.

Finally, little public information generally exists about private companies and these companies may not have third-party credit ratings or audited financial statements. We must therefore rely on the ability of our Adviser to obtain adequate information through due diligence to evaluate the creditworthiness and potential returns from investing in these companies, and to monitor the activities and performance of these investments. To the extent that we (or other clients of our Adviser) may hold a larger number of investments, greater demands will be placed on our Adviser's time, resources and personnel in monitoring such investments, which may result in less attention being paid to any individual investment and greater risk that our investment decisions may not be fully informed.

Additionally, these companies and their financial information will not generally be subject to the Sarbanes-Oxley Act of 2002 and other rules that govern public companies. If we are unable to uncover all material information about these companies, we may not make a fully informed investment decision, and we may lose money on our investments.

***To the extent we invest in publicly traded companies, we may be unable to obtain financial covenants and other contractual rights, which subjects us to additional risks.***

We have invested and may continue to invest in instruments issued by publicly-held companies, we may be subject to risks that differ in type or degree from those involved with investments in privately-held companies. Such risks include, without limitation, greater volatility in the valuation of such companies, increased obligations to disclose information regarding such companies, limitations on our ability to dispose of such instruments at certain times, increased likelihood of shareholder litigation against such companies' board members and increased costs associated with each of the aforementioned risks. In addition, to the extent we invest in publicly traded debt instruments, we may not be able to obtain financial covenants or other contractual rights that we might otherwise be able to obtain when making privately-negotiated investments. We may not have the same access to information in connection with investments in public debt instruments that we would expect to have in connection with privately-negotiated investments. If we or our Adviser were deemed to have material, nonpublic information regarding the issuer of a publicly traded instrument in which we have invested, we may be limited in our ability to make new investments or sell existing investments in such issue.

***The credit ratings of certain of our investments may not be indicative of the actual credit risk of such rated instruments.***

Rating agencies rate debt securities based upon their assessment of the likelihood of the receipt of principal and interest payments. Rating agencies do not consider the risks of fluctuations in market value or other factors that may influence the value of debt securities. Therefore, the credit rating assigned to a particular instrument may not fully reflect the true risks of an investment in such instrument. Credit rating agencies may change their methods of evaluating credit risk and determining ratings. These changes may occur quickly and often. While we may give some consideration to ratings, ratings may not be indicative of the actual credit risk of our investments in rated instruments.

***Prepayments of our debt investments by our portfolio companies could adversely impact our results of operations and reduce our return on equity.***

We are subject to the risk that the investments we make in our portfolio companies may be repaid prior to maturity. When this occurs, we will generally reinvest these proceeds in temporary investments, pending their future investment in new portfolio companies. These temporary investments will typically have substantially lower yields than the debt being prepaid and we could experience significant delays in reinvesting these amounts.

Any future investment in a new portfolio company may also be at lower yields than the debt that was repaid. As a result, our results of operations could be materially adversely affected if one or more of our portfolio companies elect to prepay amounts owed to us. Additionally, prepayments, net of prepayment fees, could negatively impact our return on equity. This risk will be more acute when interest rates decrease, as we may be unable to reinvest at rates as favorable as when we made our initial investment.

***A redemption of convertible securities held by us could have an adverse effect on our ability to achieve our investment objective.***

A convertible security may be subject to redemption at the option of the issuer at a price established in the convertible security's governing instrument. If a convertible security held by us is called for redemption, we will be required to permit the issuer to redeem the security, convert it into the underlying common stock or sell it to a third party. Any of these actions could have an adverse effect on our ability to achieve our investment objective.

***To the extent original issue discount ("OID") and payment-in-kind ("PIK") interest income constitute a portion of our income, we will be exposed to risks associated with the deferred receipt of cash representing such income.***

Our investments may include OID and PIK instruments. To the extent OID and PIK constitute a portion of our income, we will be exposed to risks associated with such income being required to be included in income for financial reporting purposes in accordance with U.S. generally accepted accounting principles ("U.S. GAAP") and taxable income prior to receipt of cash, including the following:

- Original issue discount instruments may have unreliable valuations because the accruals require judgments about collectability or deferred payments and the value of any associated collateral;
- Original issue discount instruments may create heightened credit risks because the inducement to the borrower to accept higher interest rates in exchange for the deferral of cash payments typically represents, to some extent, speculation on the part of the borrower;
- For U.S. GAAP purposes, cash distributions to shareholders that include a component of OID income do not come from paid-in capital, although they may be paid from the offering proceeds. Thus, although a distribution of OID income may come from the cash invested by the shareholders, the 1940 Act does not require that shareholders be given notice of this fact;

- The presence of OID and PIK creates the risk of non-refundable cash payments to our Adviser in the form of incentive fees on income based on non-cash OID and PIK accruals that may never be realized; and
- In the case of PIK, “toggle” debt, which gives the issuer the option to defer an interest payment in exchange for an increased interest rate in the future, the PIK election has the simultaneous effect of increasing the investment income, thus increasing the potential for realizing incentive fees.

***Our portfolio companies may incur debt that ranks equally with, or senior to, our investments in such companies.***

Our strategy focuses on investing primarily in the debt of privately owned U.S. companies with a focus on originated transactions sourced through the networks of our Adviser. Our portfolio companies may have, or may be permitted to incur, other debt that ranks equally with, or senior to, the debt in which we invest. By their terms, such debt instruments may entitle the holders to receive payment of interest or principal on or before the dates on which we are entitled to receive payments with respect to the debt instruments in which we invest. Also, in the event of insolvency, liquidation, dissolution, reorganization or bankruptcy of a portfolio company, any holders of debt instruments ranking senior to our investment in that portfolio company would typically be entitled to receive payment in full before we receive any distribution. After repaying such senior creditors, such portfolio company may not have any remaining assets to use for repaying its obligation to us. In the case of debt ranking equally with debt instruments in which we invest, we would have to share on an equal basis any distributions with other creditors holding such debt in the event of an insolvency, liquidation, dissolution, reorganization or bankruptcy of the relevant portfolio company and our portfolio company may not have sufficient assets to pay all equally ranking credit even if we hold senior, first-lien debt.

***Our portfolio companies may be highly leveraged.***

Some of our portfolio companies may be highly leveraged, which may have adverse consequences to these companies and to us as an investor. These companies may be subject to restrictive financial and operating covenants and the leverage may impair these companies’ ability to finance their future operations and capital needs. As a result, these companies’ flexibility to respond to changing business and economic conditions and to take advantage of business opportunities may be limited. Further, a leveraged company’s income and net assets will tend to increase or decrease at a greater rate than if borrowed money were not used.

***If we cannot obtain debt financing or equity capital on acceptable terms, our ability to acquire investments and to expand our operations will be adversely affected.***

Any working capital reserves we maintain may not be sufficient for investment purposes, and we may require additional debt financing or equity capital to operate. We generally are required to distribute at least 90% of our net ordinary income and net short-term capital gains in excess of net long-term capital losses, if any, to our shareholders to maintain our tax treatment as a RIC. Accordingly, in the event that we need additional capital in the future for investments or for any other reason we may need to access the capital markets periodically to issue debt or equity securities or borrow from financial institutions in order to obtain such additional capital. These sources of funding may not be available to us due to unfavorable economic conditions, which could increase our funding costs, limit our access to the capital markets or result in a decision by lenders not to extend credit to us. Consequently, if we cannot obtain further debt or equity financing on acceptable terms, our ability to acquire additional investments and to expand our operations will be adversely affected. As a result, we would be less able to diversify our portfolio and achieve our investment objective, which may negatively impact our results of operations and reduce our ability to make distributions to our shareholders. See “—If we are unable to obtain additional debt financing, or if our borrowing capacity is materially reduced, our business could be materially adversely affected.”

***Defaults by our portfolio companies could jeopardize a portfolio company’s ability to meet its obligations under the debt or equity investments that we hold which could harm our operating results.***

A portfolio company’s failure to satisfy financial or operating covenants imposed by us or other lenders could lead to defaults and, potentially, termination of its debt financing and foreclosure on its secured assets, which could trigger cross-defaults under other agreements and jeopardize a portfolio company’s ability to meet its obligations under the debt or equity investments that we hold. We may incur expenses to the extent necessary to seek recovery upon default or to negotiate new terms, which may include the waiver of certain financial covenants, with a defaulting portfolio company. In addition, some of the loans in which we may invest may be “covenant-lite” loans. We use the term “covenant-lite” loans to refer generally to loans that do not have a complete set of financial maintenance covenants. Generally, “covenant-lite” loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower’s financial condition. Accordingly, to the extent we invest in “covenant-lite” loans, we may have fewer rights against a borrower and may have a greater risk of loss on such investments as compared to investments in or exposure to loans with financial maintenance covenants.

As part of our lending activities, we may in certain opportunistic circumstances originate loans to companies that are experiencing significant financial or business difficulties, including companies involved in bankruptcy or other reorganization and liquidation proceedings. Any such investment would involve a substantial degree of risk. In any reorganization or liquidation proceeding relating to a company that we fund, we may lose all or part of the amounts advanced to the borrower or may be required to accept collateral with a value less than the amount of the loan advanced by us to the borrower.

***Subordinated liens on collateral securing debt investments that we may make to portfolio companies may be subject to control by senior creditors with first priority liens. If there is a default, the value of the collateral may not be sufficient to repay in full both the first priority creditors and us.***

Certain debt investments that we will make in portfolio companies will be secured on a second priority lien basis by the same collateral securing senior debt of such companies. We also make debt investments in portfolio companies secured on a first priority basis. The first priority liens on the collateral will secure the portfolio company's obligations under any outstanding senior debt and may secure certain other future debt that may be permitted to be incurred by the portfolio company under the agreements governing the debt. In the event of a default, the holders of obligations secured by the first priority liens on the collateral will generally control the liquidation of and be entitled to receive proceeds from any realization of the collateral to repay their obligations in full before us.

In addition, the value of the collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. There can be no assurance that the proceeds, if any, from the sale or sales of all of the collateral would be sufficient to satisfy the debt obligations secured by the first priority or second priority liens after payment in full of all obligations secured by the first priority liens on the collateral. If such proceeds are not sufficient to repay amounts outstanding under the debt obligations secured by the first priority or second priority liens, then we, to the extent not repaid from the proceeds of the sale of the collateral, will only have an unsecured claim against the portfolio company's remaining assets, if any.

We may also make unsecured debt investments in portfolio companies, meaning that such investments will not benefit from any interest in collateral of such companies. Liens on any such portfolio company's collateral, if any, will secure the portfolio company's obligations under its outstanding secured debt and may secure certain future debt that is permitted to be incurred by the portfolio company under its secured debt agreements. The holders of obligations secured by such liens will generally control the liquidation of, and be entitled to receive proceeds from, any realization of such collateral to repay their obligations in full before us. In addition, the value of such collateral in the event of liquidation will depend on market and economic conditions, the availability of buyers and other factors. There can be no assurance that the proceeds, if any, from sales of such collateral would be sufficient to satisfy our unsecured debt obligations after payment in full of all secured debt obligations. If such proceeds were not sufficient to repay the outstanding secured debt obligations, then our unsecured claims would rank equally with the unpaid portion of such secured creditors' claims against the portfolio company's remaining assets, if any.

The rights we may have with respect to the collateral securing the debt investments we make in our portfolio companies with senior debt outstanding may also be limited pursuant to the terms of one or more inter-creditor agreements that we enter into with the holders of senior debt. Under such an inter-creditor agreement, at any time obligations that have the benefit of the first priority liens are outstanding, any of the following actions that may be taken in respect of the collateral will be at the direction of the holders of the obligations secured by the first priority liens: the ability to cause the commencement of enforcement proceedings against the collateral; the ability to control the conduct of such proceedings; the approval of amendments to collateral documents; releases of liens on the collateral; and waivers of past defaults under collateral documents. We may not have the ability to control or direct such actions, even if our rights are adversely affected.

***Certain of our investments may be adversely affected by laws relating to fraudulent conveyance or voidable preferences.***

Certain of our investments could be subject to federal bankruptcy law and state fraudulent transfer laws, which vary from state to state, if the debt obligations relating to certain investments were issued with the intent of hindering, delaying or defrauding creditors or, in certain circumstances, if the issuer receives less than reasonably equivalent value or fair consideration in return for issuing such debt obligations. If the debt proceeds are used for a buyout of shareholders, this risk is greater than if the debt proceeds are used for day-to-day operations or organic growth. If a court were to find that the issuance of the debt obligations was a fraudulent transfer or conveyance, the court could void or otherwise refuse to recognize the payment obligations under the debt obligations or the collateral supporting such obligations, further subordinate the debt obligations or the liens supporting such obligations to other existing and future indebtedness of the issuer or require us to repay any amounts received by us with respect to the debt obligations or collateral. In the event of a finding that a fraudulent transfer or conveyance occurred, we may not receive any repayment on such debt obligations.

Under certain circumstances, payments to us and distributions by us to our shareholders may be reclaimed if any such payment or distribution is later determined to have been a fraudulent conveyance, preferential payment or similar transaction under applicable bankruptcy and insolvency laws. Furthermore, investments in restructurings may be adversely affected by statutes relating to, among other things, fraudulent conveyances, voidable preferences, lender liability and the court's discretionary power to disallow, subordinate or disenfranchise particular claims or re-characterize investments made in the form of debt as equity contributions.

***There may be circumstances where our debt investments could be subordinated to claims of other creditors or we could be subject to lender liability claims.***

Although we intend to structure certain of our investments as senior debt, if one of our portfolio companies were to go bankrupt, depending on the facts and circumstances, including the extent to which we provided managerial assistance to that portfolio company or a representative of us or our Adviser sat on the board of directors of such portfolio company, a bankruptcy court might re-

characterize our debt investment and subordinate all or a portion of our claim to that of other creditors. In situations where a bankruptcy carries a high degree of political significance, our legal rights may be subordinated to other creditors.

In addition, a number of U.S. judicial decisions have upheld judgments obtained by borrowers against lending institutions on the basis of various evolving legal theories, collectively termed “lender liability.” Generally, lender liability is founded on the premise that a lender has violated a duty (whether implied or contractual) of good faith, commercial reasonableness and fair dealing, or a similar duty owed to the borrower or has assumed an excessive degree of control over the borrower resulting in the creation of a fiduciary duty owed to the borrower or its other creditors or shareholders. Because of the nature of our investments in portfolio companies (including that, as a BDC, we may be required to provide managerial assistance to those portfolio companies if they so request upon our offer), we may be subject to allegations of lender liability.

***We generally will not control the business operations of our portfolio companies and, due to the illiquid nature of our holdings in our portfolio companies, we may not be able to dispose of our interests in our portfolio companies.***

We do not currently, and do not expect in the future to control most of our portfolio companies, although we may have board representation or board observation rights, and our debt agreements may impose certain restrictive covenants on our borrowers. As a result, we are subject to the risk that a portfolio company in which we invest may make business decisions with which we disagree and the management of such company, as representatives of the holders of their common equity, may take risks or otherwise act in ways that do not serve our interests as a debt investor. Due to the lack of liquidity for our investments in private companies, we may not be able to dispose of our interests in our portfolio companies as readily as we would like or at a favorable value. As a result, a portfolio company may make decisions that could decrease the value of our portfolio holdings.

***We and our portfolio companies are, and will continue to be, exposed to risks associated with changes in interest rates.***

General interest rate fluctuations and changes in credit spreads on floating rate loans may have a substantial negative impact on our portfolio company investments and our investment opportunities and, accordingly, may have a material adverse effect on our rate of return on invested capital, our net investment income and our net asset value. The majority of our debt investments have, and are expected to have, variable interest rates that reset periodically based on benchmarks such as the SOFR, the SONIA, the Euro Interbank Offered Rate, the Federal Funds rate or Prime rate. Increases in interest rates have made and may continue to make it more difficult for our portfolio companies to service their obligations under the debt investments that we will hold and may increase defaults even where our investment income increases. Elevated interest rates could also cause borrowers to shift cash from other productive uses to the payment of interest, which may have a material adverse effect on their business and operations and could, over time, lead to increased defaults. Additionally, as interest rates have increased and the corresponding risk of default by borrowers has increased, the liquidity of higher interest rate loans may decrease as fewer investors may be willing to purchase such loans in the secondary market in light of the increased risk of a default by the borrower and the heightened risk of a loss of an investment in such loans. All of these risks may be exacerbated when interest rates rise rapidly and/or significantly. Decreases in credit spreads on debt that pays a floating rate of return would have an impact on the income generation of our floating rate assets. Trading prices for debt that pays a fixed rate of return tend to fall as interest rates rise. Trading prices tend to fluctuate more for fixed rate securities that have longer maturities.

Conversely, if interest rates were to decline, borrowers may refinance their loans at lower interest rates, which could shorten the average life of the loans and reduce the associated returns on the investment, as well as require our Adviser and the Adviser’s personnel to incur management time and expense to re-deploy such proceeds, including on terms that may not be as favorable as our existing loans.

In addition, because we borrow money to make investments, our net investment income will depend, in part, upon the difference between the rate at which we borrow funds and the rate at which we invest those funds. As a result, we can offer no assurance that a significant change in market interest rates will not have a material adverse effect on our net investment income.

Portions of our investment portfolio and our borrowings have floating rate components. As a result, the recent significant changes in market interest rates have increased our interest expense as has the incurrence of additional fixed rate borrowings. In periods of elevated interest rates, such as in the current market, our cost of funds increases, which tends to reduce our net investment income. We may hedge against interest rate fluctuations by using standard hedging instruments such as interest rate swap agreements, futures, options and forward contracts, subject to applicable legal requirements, including all necessary registrations (or exemptions from registration) with the Commodity Futures Trading Commission. In addition, our interest expense may not decrease at the same rate as overall interest rates because of our fixed rate borrowings, which could lead to greater declines in our net investment income. These activities may limit our ability to participate in the benefits of lower interest rates with respect to the hedged borrowings. Adverse developments resulting from changes in interest rates or hedging transactions could have a material adverse effect on our business, financial condition and results of operations.

We do not have a policy governing the maturities of our investments. This means that we are subject to greater risk (other things being equal) than a fund invested solely in shorter-term securities. A decline in the prices of the debt we own could adversely affect our net asset value. Also, an increase in interest rates available to investors could make an investment in our common stock less attractive if we are not able to increase our dividend rate.

***International investments create additional risks.***

We may make investments in portfolio companies that are domiciled outside of the United States. Pursuant to our investment policies, we will not invest more than 20% of our total assets in companies whose principal place of business is outside the United States. Our investments in foreign portfolio companies are deemed “non-qualifying assets,” which means that, as required by the 1940 Act, such investments, along with other investments in non-qualifying assets, may not constitute more than 30% of our total assets at the time of our acquisition of any such asset, after giving effect to the acquisition. Notwithstanding the limitation on our ownership of foreign portfolio companies, such investments subject us to many of the same risks as our domestic investments, as well as certain additional risks, including the following:

- foreign governmental laws, rules and policies, including those relating to taxation and bankruptcy and restricting the ownership of assets in the foreign country or the repatriation of profits from the foreign country to the United States and any adverse changes in these laws;
- foreign currency devaluations that reduce the value of and returns on our foreign investments;
- adverse changes in the availability, cost and terms of investments due to the varying economic policies of a foreign country in which we invest;
- adverse changes in tax rates, the tax treatment of transaction structures and other changes in operating expenses of a particular foreign country in which we invest;
- the assessment of foreign-country taxes (including withholding taxes, transfer taxes and value added taxes, any or all of which could be significant) on income or gains from our investments in the foreign country;
- changes that adversely affect the social, political and/or economic stability of a foreign country in which we invest; high inflation in the foreign countries in which we invest, which could increase the costs to us of investing in those countries;
- deflationary periods in the foreign countries in which we invest, which could reduce demand for our assets in those countries and diminish the value of such investments and the related investment returns to us; and
- legal and logistical barriers in the foreign countries in which we invest that materially and adversely limit our ability to enforce our contractual rights with respect to those investments.

In addition, we may make investments in countries whose governments or economies may prove unstable. Certain of the countries in which we may invest may have political, economic and legal systems that are unpredictable, unreliable or otherwise inadequate with respect to the implementation, interpretation and enforcement of laws protecting asset ownership and economic interests. In some of the countries in which we may invest, there may be a risk of nationalization, expropriation or confiscatory taxation, which may have an adverse effect on our portfolio companies in those countries and the rates of return that we are able to achieve on such investments. We may also lose the total value of any investment which is nationalized, expropriated or confiscated. The financial results and investment opportunities available to us, particularly in developing countries and emerging markets, may be materially and adversely affected by any or all of these political, economic and legal risks.

***We expose ourselves to risks when we engage in risk management activities.***

We have entered, and may in the future enter, into hedging transactions, which may expose us to risks associated with such transactions. We may seek to utilize instruments such as forward contracts, currency options and interest rate swaps, caps, collars and floors to seek to hedge against fluctuations in the relative values of our portfolio positions from changes in currency exchange rates and market interest rates and the relative value of certain debt securities from changes in market interest rates. Use of these hedging instruments may include counter-party credit risk. The scope of risk management activities we undertake varies based on the level of interest rates, prevailing foreign currency exchange rates, the types of investments that are made and other changing market conditions. To the extent we have non-U.S. investments, particularly investments denominated in non-U.S. currencies, our hedging costs will increase.

Hedging against a decline in the values of our portfolio positions would not eliminate the possibility of fluctuations in the values of such positions or prevent losses if the values of such positions were to decline. However, such hedging can establish other positions designed to gain from those same developments, thereby offsetting the decline in the value of such portfolio positions. Such hedging transactions may also limit the opportunity for gain if the values of the underlying portfolio positions were to increase. It also may not be possible to hedge against an exchange rate or interest rate fluctuation that is so generally anticipated that we are not able to enter into a hedging transaction at an acceptable price.

The success of our hedging strategy, if any will depend on our ability to correctly identify appropriate exposures for hedging. In connection with the 2024 Notes, the 2027 Notes and the 2029 Notes, which bear interest at fixed rates, we entered into interest rate swaps to continue to align the interest rates of our liabilities with our investment portfolio, which consists of predominately floating rate loans. However, unanticipated changes in currency exchange rates or other exposures that we might hedge may result in poorer overall investment performance than if we had not engaged in any such hedging transactions. In addition, the degree of correlation

between price movements of the instruments used in a hedging strategy and price movements in the portfolio positions being hedged may vary, as may the time period in which the hedge is effective relative to the time period of the related exposure.

For a variety of reasons, we may not seek to (or be able to) establish a perfect correlation between such hedging instruments and the positions being hedged. Any such imperfect correlation may prevent us from achieving the intended hedge and expose us to risk of loss. In addition, it may not be possible to hedge fully or perfectly against currency fluctuations affecting the value of securities denominated in non-U.S. currencies because the value of those securities is likely to fluctuate as a result of factors not related to currency fluctuations. Income derived from hedging transactions also is not eligible to be distributed to non-U.S. stockholders free from withholding taxes. Changes to the regulations applicable to the financial instruments we use to accomplish our hedging strategy could affect the effectiveness of that strategy. See “—*The market structure applicable to derivatives imposed by the Dodd-Frank Act, the U.S. Commodity Futures Trading Commission (“CFTC”) and the SEC may affect our ability to use over-the-counter (“OTC”) derivatives for hedging purposes*” and “*We are, and will continue to be, exposed to risks associated with changes in interest rates.*”

***The market structure applicable to derivatives imposed by the Dodd-Frank Act, the U.S. Commodity Futures Trading Commission (“CFTC”) and the SEC may affect our ability to use over-the-counter (“OTC”) derivatives for hedging purposes.***

The Dodd-Frank Act and the CFTC enacted and the SEC has issued rules to implement broad new regulatory and structural requirements applicable to OTC derivatives markets and, to a lesser extent, listed commodity futures (and futures options) markets. Similar changes are in the process of being implemented in other major financial markets.

The CFTC and the SEC have issued final rules establishing that certain swap transactions are subject to CFTC regulation. Engaging in such swap or other commodity interest transactions such as futures contracts or options on futures contracts may cause us to fall within the definition of “commodity pool” under the Commodity Exchange Act and related CFTC regulations. Our Adviser has claimed relief from CFTC registration and regulation as a commodity pool operator with respect to our operations, with the result that we are limited in our ability to use futures contracts or options on futures contracts or engage in swap transactions. Specifically, we are subject to strict limitations on using such derivatives other than for hedging purposes, whereby the use of derivatives not used solely for hedging purposes is generally limited to situations where (i) the aggregate initial margin and premiums required to establish such positions does not exceed five percent of the liquidation value of our portfolio, after taking into account unrealized profits and unrealized losses on any such contracts we have entered into; or (ii) the aggregate net notional value of such derivatives does not exceed 100% of the liquidation value of our portfolio.

The Dodd-Frank Act also imposed requirements relating to real-time public and regulatory reporting of OTC derivative transactions, enhanced documentation requirements, position limits on an expanded array of derivatives, and recordkeeping requirements. Taken as a whole, these changes could significantly increase the cost of using uncleared OTC derivatives to hedge risks, including interest rate and foreign exchange risk; reduce the level of exposure we are able to obtain for risk management purposes through OTC derivatives (including as the result of the CFTC imposing position limits on additional products); reduce the amounts available to us to make non-derivatives investments; impair liquidity in certain OTC derivatives; and adversely affect the quality of execution pricing obtained by us, all of which could adversely impact our investment returns.

In addition, as a result of rules adopted by U.S. and foreign regulators concerning certain financial contracts, including OTC derivatives, entered into with counterparties that have been designated as global systemically important banking organizations, we may be restricted in our ability to terminate such contracts following the occurrence of certain insolvency-related default events. Transactions with these counterparties, therefore, carry heightened risk in the event that the counterparty defaults on its obligations to us.

***Our ability to enter into transactions involving derivatives and financial commitment transactions may be limited.***

Rule 18f-4 requires a BDC (or a registered investment company) that uses derivatives to, among other things, comply with a value-at-risk leverage limit, adopt a derivatives risk management program and implement certain testing and board reporting requirements. Rule 18f-4 exempts BDCs that qualify as “limited derivatives users” from the aforementioned requirements, provided that these BDCs adopt written policies and procedures that are reasonably designed to manage the BDC’s derivatives risks and comply with certain recordkeeping requirements. Under Rule 18f-4, a BDC may enter into an unfunded commitment agreement that is not a derivatives transaction, such as an agreement to provide financing to a portfolio company, if the BDC has, among other things, a reasonable belief, at the time it enters into such an agreement, that it will have sufficient cash and cash equivalents to meet its obligations with respect to all of its unfunded commitment agreements, in each case as it becomes due. Collectively, these requirements may limit our ability to use derivatives and/or enter into certain other financial contracts.

***We may enter into total return swaps that would expose us to certain risks, including market risk, liquidity risk and other risks similar to those associated with the use of leverage.***

A total return swap is a contract in which one party agrees to make periodic payments to another party based on the change in the market value of the assets underlying the total return swap, which may include a specified security or loan, basket of securities or loans or securities or loan indices during the specified period, in return for periodic payments based on a fixed or variable interest rate. A total return swap is typically used to obtain exposure to a security, loan or market without owning or taking physical custody of such security or loan or investing directly in such market. A total return swap may effectively add leverage to our portfolio because, in addition to our total net assets, we would be subject to investment exposure on the amount of securities or loans subject to the total

return swap. A total return swap is also subject to the risk that a counterparty will default on its payment obligations thereunder or that we will not be able to meet our obligations to the counterparty. In addition, because a total return swap is a form of synthetic leverage, such arrangements are subject to risks similar to those associated with the use of leverage.

***Our portfolio may be focused on a limited number of industries, which will subject us to a risk of significant loss if there is a downturn in a particular industry.***

Beyond the asset diversification requirements associated with our qualification as a RIC for U.S. federal income tax purposes, we do not have fixed guidelines for diversification. While we are not targeting any specific industries, our investments may be focused on relatively few industries. To the extent that we hold large positions in a small number of issuers, or within a particular industry, our net asset value may be subject to greater fluctuation. We may also be more susceptible to any single economic or regulatory occurrence or a downturn in particular industry. As a result, the aggregate returns we realize may be significantly adversely affected if a small number of investments perform poorly or if we need to write down the value of any one investment. Additionally, a downturn in any particular industry in which we are invested could significantly affect our aggregate returns. Further, any industry in which we are meaningfully concentrated at any given time could be subject to significant risks that could adversely impact our aggregate returns. For example, as of December 31, 2024, our investments in internet software and services represented 10.5% of our portfolio at fair value. Our investments in internet software and services are subject to substantial risks, including, but not limited to, intense competition, changing technology, shifting user needs, frequent introductions of new products and services, competitors in different industries and ranging from large established companies to emerging startups, decreasing average selling prices of products and services resulting from rapid technological changes, cybersecurity risks and cyber incidents and various legal and regulatory risks. In addition, as of December 31, 2024, our investments in insurance represented 7.6% of our portfolio at fair value. The U.S. insurance industry is heavily regulated and our investments in insurance are subject to a variety of risks, including, but not limited to, additional or changing government regulations that could increase compliance and other costs of doing business, which may impact the business of such portfolio companies.

***We cannot guarantee that we will be able to obtain various required licenses in U.S. states or in any other jurisdiction where they may be required in the future.***

We are required to have and may be required in the future to obtain various state licenses to, among other things, originate commercial loans, and may be required to obtain similar licenses from other authorities, including outside of the United States, in the future in connection with one or more investments. Applying for and obtaining required licenses can be costly and take several months. We cannot assure you that we will maintain or obtain all of the licenses that we need on a timely basis. We also are and will be subject to various information and other requirements to maintain and obtain these licenses, and we cannot assure you that we will satisfy those requirements. Our failure to maintain or obtain licenses that we require, now or in the future, might restrict investment options and have other adverse consequences.

***Certain investment analyses and decisions by our Adviser may be required to be undertaken on an expedited basis.***

Investment analyses and decisions by our Adviser may be required to be undertaken on an expedited basis to take advantage of certain investment opportunities. While we generally will not seek to make an investment until our Adviser has conducted sufficient due diligence to make a determination as to the acceptability of the credit quality of the investment and the underlying issuer, in such cases, the information available to our Adviser at the time of making an investment decision may be limited. Therefore, no assurance can be given that our Adviser will have knowledge of all circumstances that may adversely affect an investment. In addition, our Adviser may rely upon independent consultants and others in connection with its evaluation of proposed investments. No assurance can be given as to the accuracy or completeness of the information provided by such independent consultants and we may incur liability as a result of such consultants' actions, many of whom we will have limited recourse against in the event of any such inaccuracies.

***We may not have the funds or ability to make additional investments in our portfolio companies.***

After our initial investment in a portfolio company, we may be called upon from time to time to provide additional funds to such company or have the opportunity to increase our investment through the exercise of a warrant or other right to purchase common stock. There is no assurance that we will make, or will have sufficient funds to make, follow-on investments. Even if we do have sufficient capital to make a desired follow-on investment, we may elect not to make a follow-on investment because we may not want to increase our level of risk, we prefer other opportunities, we are limited in our ability to do so by compliance with BDC requirements, or in order to maintain our RIC status. Our ability to make follow-on investments may also be limited by our Adviser's allocation policies. Any decision not to make a follow-on investment or any inability on our part to make such an investment may have a negative impact on a portfolio company in need of such an investment, may result in a missed opportunity for us to increase our participation in a successful investment or may reduce the expected return to us on the investment.

***We are subject to certain risks as a result of our interests in the CLO Preferred Shares.***

Under the terms of the loan sale agreements entered into in connection with our debt securitization transactions with respect to the CLOs (collectively, the "CLO Transactions"), we and certain financing subsidiaries sold and/or contributed to the respective issuers in connection with the particular CLO Transaction (the "CLO Issuers"), all of the ownership interest in the portfolio loans and

participations held by the CLO Issuers on the closing date for the CLO Transaction for the purchase price and other consideration set forth in such loan sale agreements. As a result of the CLO Transactions, we hold all of the preferred shares issued by the CLO Issuers (collectively, the “CLO Preferred Shares”), which comprise 100% of the equity interests (other than, in the case of CLO Issuers domiciled in the Cayman Islands, certain nominal interests held by a charitable trust for purposes of limiting the ability of the CLO Issuers to file for bankruptcy) in the CLO Issuers and in the case of CLO Transactions which have a Delaware limited liability company as co-issuer (the “CLO Co-Issuers”), such CLO Issuer in turn owns 100% of the equity of such CLO Co-Issuer. In the case of CLO Issuers organized in Delaware, we own the equity interests of such CLO Issuer (i.e., the CLO Preferred Shares). As a result, we expect to consolidate the financial statements of the CLO Issuers in our consolidated financial statements. However, once sold or contributed to a CLO, the underlying loans and participation interests have been securitized and are no longer our direct investment, and the risk return profile has been altered. In general, rather than holding interests in the underlying loans and participation interests, the CLO Transactions resulted in us holding equity interests in the CLO Issuers, with the CLO Issuers holding the underlying loans. As a result, we are subject both to the risks and benefits associated with the Preferred Shares and, indirectly, the risks and benefits associated with the underlying loans and participation interests held by the CLO Issuers. In addition, our ability to sell, amend or otherwise modify an underlying loan held by a CLO Issuer is subject to certain conditions and restrictions under the applicable CLO Transactions, which may prevent us from taking actions that we would take if we held such underlying loan directly.

***The subordination of the CLO Preferred Shares will affect our right to payment***

The respective CLO Preferred Shares are subordinated to the notes issued and amounts borrowed by the CLO Issuers and CLO Co-Issuers, as applicable (collectively, the “CLO Debt”), respectively, and certain fees and expenses. If an overcollateralization test or an interest coverage test is not satisfied as of a determination date, the proceeds from the underlying loans otherwise payable to a CLO Issuer (which such CLO Issuer could have distributed with respect to the CLO Preferred Shares of such CLO Issuer) will be diverted to the payment of principal on the CLO Debt of such CLO Issuer. See “—The CLO Indentures require mandatory redemption of the respective CLO Debt for failure to satisfy coverage tests, which would reduce the amounts available for distribution to us.”

On the scheduled maturity of the CLO Debt of a CLO Issuer or if such CLO Debt is accelerated after an event of default, proceeds available after the payment of certain administrative expenses will be applied to pay both principal of and interest on the such CLO Debt until such CLO Debt is paid in full before any further payment will be made on the CLO Preferred Shares of such CLO Issuer. As a result, such CLO Preferred Shares would not receive any payments until such CLO Debt is paid in full and under certain circumstances may not receive payments at any time.

In addition, if an event of default occurs and is continuing with respect to the CLO Debt of a CLO Issuer, the holders of such CLO Debt will be entitled to determine the remedies to be exercised under the indenture pursuant to which such CLO Debt was issued (each a “CLO Indenture” and collectively, the “CLO Indentures”). Remedies pursued by the holders of CLO Debt could be adverse to our interests as the holder of CLO Preferred Shares, and the holders of CLO Debt will have no obligation to consider any possible adverse effect on such our interest or the interest of any other person. See “—*The holders of certain CLO Debt will control many rights under the CLO Indentures and therefore, we will have limited rights in connection with an event of default or distributions thereunder.*”

The CLO Preferred Shares represent leveraged investments in the underlying loan portfolio of the applicable CLO Issuer, which is a speculative investment technique that increases the risk to us as the owner of the CLO Preferred Shares. As the junior interest in a leveraged capital structure, the CLO Preferred Shares will bear the primary risk of deterioration in the performance of the applicable CLO Issuer and its portfolio of underlying loans.

***The holders of certain CLO Debt will control many rights under the CLO Indentures and therefore, we will have limited rights in connection with an event of default or distributions thereunder.***

Under each CLO Indenture, as long as any CLO Debt of the applicable CLO Issuer is outstanding, the holders of the senior-most outstanding class of such CLO Debt will have the right to direct the trustee or the applicable CLO Issuer to take certain actions under the applicable CLO Indenture or any related credit agreement. For example, these holders will have the right, following an event of default, to direct certain actions and control certain decisions, including the right to accelerate the maturity of applicable CLO Debt and, under certain circumstances, the liquidation of the collateral. Remedies pursued by such holders upon an event of default could be adverse to our interests.

Although we, as the holder of the CLO Preferred Shares, will have the right, subject to the conditions set forth in the CLO Indentures, to purchase assets in any liquidation of assets by the collateral trustee, if an event of default has occurred and is continuing, we will not have any creditors’ rights against the applicable CLO Issuer and will not have the right to determine the remedies to be exercised under the applicable CLO Indenture. There is no guarantee that any funds will remain to make distributions to us as the holder of the CLO Preferred Shares following any liquidation of assets and the application of the proceeds from such assets to pay the applicable CLO Debt and the fees, expenses, and other liabilities payable by the applicable CLO Issuer.

***The CLO Indentures require mandatory redemption of the respective CLO Debt for failure to satisfy coverage tests, which would reduce the amounts available for distribution to us.***

Under the CLO Indentures governing the CLO Transactions, there are two coverage tests applicable to CLO Debt. These tests apply to each CLO Transaction separately. The first such test, the interest coverage test, compares the amount of interest proceeds received and, other than in the case of defaulted loans, scheduled to be received on the underlying loans held by each CLO Issuer to the amount of interest due and payable on the CLO Debt of such CLO Issuer and the amount of fees and expenses senior to the payment of such interest in the priority of distribution of interest proceeds. To satisfy this test interest received on the portfolio loans held by such CLO Issuer must meet a minimum percentage under the applicable CLO Indenture for the respective class or classes of the amount equal to the interest payable on the CLO Debt of such CLO Issuer for such class or classes, plus the senior fees and expenses.

The second such test, the overcollateralization test, compares the adjusted collateral principal amount of the portfolio of underlying loans of each CLO Issuer to the aggregate outstanding principal amount of the CLO Debt of such CLO Issuer. To satisfy this second test at any time, this adjusted collateral principal amount must meet a minimum percentage under the applicable CLO Indenture for the respective class or classes. In this test, certain reductions are applied to the principal balance of underlying loans in connection with certain events, such as defaults or ratings downgrades to “CCC” levels or below with respect to the loans held by each CLO Issuer. These adjustments increase the likelihood that this test is not satisfied.

If either coverage test with respect to a CLO Transaction is not satisfied on any determination date on which such test is applicable, the applicable CLO Issuer must apply available amounts to redeem its CLO Debt in an amount necessary to cause such test to be satisfied. This would reduce or eliminate the amounts otherwise available to make distributions to us as the holder of the CLO Preferred Shares of such CLO Issuer.

***Our investments in portfolio companies may expose us to environmental risks.***

We may invest in portfolio companies that are subject to changing and increasingly stringent environmental and health and safety laws, regulations and permit requirements and environmental costs that could place increasing financial burdens on such portfolio entities. Required expenditures for environmental compliance may adversely impact investment returns on portfolio companies. The imposition of new environmental and other laws, regulations and initiatives could adversely affect the business operations and financial stability of such portfolio companies.

There can be no guarantee that all costs and risks regarding compliance with environmental laws and regulations can be identified. New and more stringent environmental and health and safety laws, regulations and permit requirements or stricter interpretations of current laws or regulations could impose substantial additional costs on our portfolio companies. Compliance with such current or future environmental requirements does not ensure that the operations of the portfolio companies will not cause injury to the environment or to people under all circumstances or that the portfolio companies will not be required to incur additional unforeseen environmental expenditures. Moreover, failure to comply with any such requirements could have a material adverse effect on a portfolio company, and we can offer no assurance that any such portfolio companies will at all times comply with all applicable environmental laws, regulations and permit requirements.

***Climate change and climate-related effects may expose us to systemic, global, macroeconomic risks and could adversely affect our business and the businesses of our products' portfolio companies.***

Global climate change is widely considered to be a significant threat to the global economy. We and the companies in which we invest may face risks associated with climate change, including physical risks such as an increased frequency or severity of extreme weather events and rising sea levels and temperatures. In addition, climate change may also impact our profitability and costs, as well as pose systemic risks for our businesses and those of the companies in which we invest. For example, to the extent weather conditions are affected by climate change, energy use by us or the companies in which we invest could increase or decrease depending on the duration and magnitude of any changes. Increases in the cost of energy could adversely affect the cost of operations of us or the companies in which we invest. On the other hand, a decrease in energy use due to weather changes may affect the financial condition of some of the companies in which we invest through decreased revenues. Additionally, extreme weather conditions in general require more system backup, adding to costs, including costs of insurance (particularly for real estate in certain regions), and can contribute to increased system stresses, including service interruptions.

The United States is currently a party to the Paris Agreement, which includes commitments from countries to reduce their greenhouse gas emissions, among other commitments. While the new U.S. Presidential administration recently announced the United States' withdrawal from the Paris Agreement, the withdrawal is not expected to go into effect until early 2026. In addition, various other regulatory and voluntary initiatives launched by international, federal, state, and regional policymakers and regulatory authorities as well as private actors seeking to reduce greenhouse gas emissions may expose our business operations, products and products' portfolio companies to other types of transition risks, such as: (i) political and policy risks, (including changing regulatory incentives, and legal requirements, including with respect to greenhouse gas emissions, that could result in increased costs or changes in business operations), (ii) regulatory and litigation risks, (including changing legal requirements that could result in increased permitting, tax and compliance costs, enhanced disclosure obligations, changes in business operations, or the discontinuance of certain operations, and litigation seeking monetary or injunctive relief related to impacts related to climate change), (iii) technology and market risks,

(including declining market for investments in industries seen as greenhouse gas intensive or less effective than alternatives in reducing greenhouse gas emissions), (iv) business trend risks, (including requirements for certain portfolio companies related to capital expenditures, product or service redesigns, and changes to operations and supply chains to meet changing customer expectations, and the increased attention to ESG considerations by our investors, including in connection with their determination of whether to invest), and (v) potential harm to our reputation if our shareholders believe that we are not adequately or appropriately responding to climate change and/or climate risk management, including through the way in which we operate our business, the composition of portfolio, our new investments or the decisions we make to continue to conduct or change our activities in response to climate change considerations.

#### **Risks Related to an Investment in Our Common Stock**

*We cannot assure you that the market price of shares of our common stock will not decline.*

Shares of closed-end investment companies, including BDCs, frequently trade at a discount from their net asset value and our stock may also be discounted in the market. This characteristic of closed-end investment companies is separate and distinct from the risk that our net asset value per share of common stock may decline. In the past, shares of BDCs, including at times shares of our common stock, have traded at prices per share below net asset value per share. We cannot predict whether our common stock will trade at a price per share above, at or below net asset value per share. In addition, if our common stock trades below its net asset value per share, we will generally not be able to sell additional shares of our common stock to the public at its market price without first obtaining the approval of a majority of our shareholders (including a majority of our unaffiliated shareholders) and our independent directors for such issuance.

*A shareholder's interest in us will be diluted if we issue additional shares, which could reduce the overall value of an investment in us.*

Our shareholders do not have preemptive rights to purchase any shares we issue in the future. Our charter authorizes us to issue up to 1 billion shares of common stock. Pursuant to our charter, a majority of our entire Board may amend our charter to increase the number of shares of common stock we may issue without shareholder approval. Our Board may elect to sell additional shares in the future or issue equity interests in private offerings. To the extent we issue additional equity interests at or below net asset value, your percentage ownership interest in us may be diluted. In addition, depending upon the terms and pricing of any additional offerings and the value of our investments, you may also experience dilution in the book value and fair value of your shares.

Under the 1940 Act, we generally are prohibited from issuing or selling our common stock at a price below net asset value per share, which may be a disadvantage as compared with certain public companies. We may, however, sell our common stock, or warrants, options, or rights to acquire our common stock, at a price below the current net asset value of our common stock if our Board and independent directors determine that such sale is in our best interests and the best interests of our shareholders, and our shareholders, including a majority of those shareholders that are not affiliated with us, approve such sale. In any such case, the price at which our securities are to be issued and sold may not be less than a price that, in the determination of our Board, closely approximates the fair value of such securities (less any distributing commission or discount). If we raise additional funds by issuing common stock or senior securities convertible into, or exchangeable for, our common stock, then the percentage ownership of our shareholders at that time will decrease and you will experience dilution.

*Certain provisions of our charter and actions of our Board could deter takeover attempts and have an adverse impact on the value of shares of our common stock.*

Our charter, as well as certain statutory and regulatory requirements, contain certain provisions that may have the effect of discouraging a third party from attempting to acquire us. Our Board is divided into three classes of directors serving staggered three-year terms, which could prevent shareholders from removing a majority of directors in any given election. Our Board may, without shareholder action, authorize the issuance of shares in one or more classes or series, including shares of preferred stock; and our Board may, without shareholder action, amend our charter to increase the number of shares of our common stock, of any class or series, that we will have authority to issue. These anti-takeover provisions may inhibit a change of control in circumstances that could give the holders of shares of our common stock the opportunity to realize a premium over the value of shares of our common stock.

*Investing in our securities involves a high degree of risk.*

The investments we make in accordance with our investment objective may result in a higher amount of risk than alternative investment options, including volatility or loss of principal. Our investments in portfolio companies may be highly speculative and aggressive and, therefore, an investment in our common stock may not be suitable for someone with lower risk tolerance.

*The market value of our common stock may fluctuate significantly.*

The market value and liquidity, if any, of the market for shares of our common stock may be significantly affected by numerous factors, some of which are beyond our control and may not be directly related to our operating performance. These factors include:

- changes in the value of our portfolio of investments and derivative instruments as a result of changes in market factors, such as interest rate shifts, and also portfolio specific performance, such as portfolio company defaults, among other reasons;
- changes in regulatory policies or tax guidelines, particularly with respect to RICs or BDCs;
- loss of RIC tax treatment or BDC status;
- distributions that exceed our net investment income and net income as reported according to U.S. GAAP;
- changes in earnings or variations in operating results;
- changes in accounting guidelines governing valuation of our investments;
- any shortfall in revenue or net income or any increase in losses from levels expected by investors;
- departure of our Adviser or certain of its key personnel;
- general economic trends and other external factors; and
- loss of a major funding source

***We may experience fluctuations in our quarterly results.***

We could experience fluctuations in our quarterly operating results due to a number of factors, including our ability or inability to make investments in companies that meet our investment criteria, the interest rate payable on the loans or other debt securities we originate or acquire, the level of our expenses (including our borrowing costs), variations in and the timing of the recognition of realized and unrealized gains or losses, the degree to which we encounter competition in our markets and general economic conditions. As a result of these factors, results for any previous period should not be relied upon as being indicative of performance in future periods or the full fiscal year.

***The amount of any distributions we may make on our common stock is uncertain. We may not be able to pay distributions to shareholders, or be able to sustain distributions at any particular level, and our distributions per share, if any, may not grow over time, and our distributions per share may be reduced. We have not established any limits on the extent to which we may use borrowings, if any, and we may use sources other than cash flows from operations to fund distributions (which may reduce the amount of capital we ultimately invest in portfolio companies).***

Subject to our Board's discretion and applicable legal restrictions, we intend to authorize and declare cash distributions on a monthly or quarterly basis and pay such distributions on a monthly or quarterly basis. We expect to pay distributions out of assets legally available for distribution. However, we cannot assure you that we will achieve investment results that will allow us to make a consistent targeted level of cash distributions or year-to-year increases in cash distributions. Our ability to pay distributions might be adversely affected by the impact of the risks described herein. In addition, the inability to satisfy the asset coverage test applicable to us as a BDC under the 1940 Act can limit our ability to pay distributions. Distributions from offering proceeds also could reduce the amount of capital we ultimately invest in debt or equity securities of portfolio companies. We cannot assure you that we will pay distributions to our shareholders in the future.

***Distributions on our common stock may exceed our taxable earnings and profits. Therefore, portions of the distributions that we pay may represent a return of capital to you. A return of capital is a return of a portion of your original investment in shares of our common stock. As a result, a return of capital will (i) lower your tax basis in your shares and thereby increase the amount of capital gain (or decrease the amount of capital loss) realized upon a subsequent sale or redemption of such shares, and (ii) reduce the amount of funds we have for investment in portfolio companies. We have not established any limit on the extent to which we may use offering proceeds to fund distributions.***

We may pay our distributions from offering proceeds in anticipation of future cash flow, which may constitute a return of your capital and will lower your tax basis in your shares, thereby increasing the amount of capital gain (or decreasing the amount of capital loss) realized upon a subsequent sale or redemption of such shares, even if such shares have not increased in value or have, in fact, lost value. Distributions from offering proceeds also could reduce the amount of capital we ultimately have available to invest in portfolio companies.

***Our stockholders could receive shares of our common stock as dividends, which could result in adverse tax consequences to them.***

Although we currently do not intend to do so, we are permitted to declare a large portion of a dividend in shares of common stock instead of cash at the election of each stockholder. Revenue Procedures issued by the IRS allow a publicly offered RIC to distribute its own stock as a dividend for the purpose of fulfilling its distribution requirements, if certain conditions are satisfied. Among other things, the aggregate amount of cash available to be distributed to all stockholders is required to be at least 20% of the aggregate declared distribution. The Internal Revenue Service has also issued private letter rulings on cash/stock dividends paid by RICs and real estate investment trusts where the cash component is limited to 20% of the total distribution if certain requirements are satisfied. Stockholders receiving such dividends will be required to include the full amount of the dividend (including the portion

payable in stock) as ordinary income (or, in certain circumstances, long-term capital gain) to the extent of our current and accumulated earnings and profits for federal income tax purposes. As a result, stockholders could be required to pay income taxes with respect to such dividends in excess of the cash dividends received. It is unclear to what extent we will be able to pay taxable dividends in cash and common stock (whether pursuant to IRS Revenue Procedures, a private letter ruling or otherwise).

***Shareholders will experience dilution in their ownership percentage if they do not participate in our distribution reinvestment plan and may experience dilution in the net asset value of their shares if they do not participate in our distribution reinvestment plan and if our shares are trading at a discount to net asset value.***

All distributions declared in cash payable to shareholders that are participants in our distribution reinvestment plan will generally be automatically reinvested in shares of our common stock unless the investor opts out of the plan. As a result, shareholders that do not elect to participate in our distribution reinvestment plan will experience dilution over time. Shareholders who do not elect to participate in our distribution reinvestment plan may experience accretion to the net asset value of their shares if our shares are trading at a premium to net asset value and dilution if our shares are trading at a discount to net asset value. The level of accretion or discount would depend on various factors, including the proportion of our shareholders who participate in the plan, the level of premium or discount at which our shares are trading and the amount of the distribution payable to shareholders.

***Sales of substantial amounts of our common stock in the public market may have an adverse effect on the market price of our common stock.***

Sales of substantial amounts of our common stock or the perception that such sales could occur could adversely affect the prevailing market prices for our common stock. If this occurs, it could impair our ability to raise additional capital through the sale of equity securities should we desire to do so. We cannot predict what effect, if any, future sales of securities or the availability of securities for future sales will have on the market price of our common stock prevailing from time to time.

***Our stock repurchase program could affect the price of our common stock and increase volatility and may be suspended or terminated at any time, which may result in a decrease in the trading price of our common stock.***

Our Board has approved a share repurchase program for us to repurchase shares of our common stock. On May 6, 2024, our Board approved the 2024 Stock Repurchase Program under which we may repurchase up to \$150 million of our outstanding common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management's discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. Unless extended by our Board, the 2024 Stock Repurchase Program will terminate on December 6, 2025.

The 2024 Stock Repurchase Program is discretionary and whether purchases will be made under the 2024 Stock Repurchase Program and how much will be purchased at any time is uncertain, dependent on prevailing market prices and trading volumes, all of which we cannot predict. These activities may have the effect of maintaining the market price of our common stock or retarding a decline in the market price of the common stock, and, as a result, the price of our common stock may be higher than the price that otherwise might exist in the open market. Repurchases pursuant to the 2024 Stock Repurchase Program could affect the price of our common stock and increase its volatility. The existence of the 2024 Stock Repurchase Program could also cause the price of our common stock to be higher than it would be in the absence of such a plan and could potentially reduce the market liquidity for our common stock. There can be no assurance that any stock repurchases will enhance stockholder value because the market price of our common stock may decline below the levels at which we repurchased such shares. Any failure to repurchase shares after we have announced our intention to do so may negatively impact our reputation and investor confidence in us and may negatively impact our stock price. Although the 2024 Stock Repurchase Program is intended to enhance long-term stockholder value, short-term stock price fluctuations could reduce the 2024 Stock Repurchase Program's effectiveness.

***Preferred stock could be issued with rights and preferences that would adversely affect holders of our common stock.***

Under the terms of our charter, our Board is authorized to issue shares of preferred stock in one or more series without shareholder approval, which could potentially adversely affect the interests of existing shareholders. In particular, holders of preferred stock are required to have certain voting rights when there are unpaid dividends and priority over other classes of securities as to distribution of assets or payment of dividends.

***If we issue preferred stock or convertible debt securities, the net asset value of our common stock may become more volatile.***

We cannot assure you that the issuance of preferred stock and/or convertible debt securities would result in a higher yield or return to the holders of our common stock. The issuance of preferred stock or convertible debt would likely cause the net asset value of our common stock to become more volatile. If the dividend rate on the preferred stock, or the interest rate on the convertible debt securities, were to approach the net rate of return on our investment portfolio, the benefit of such leverage to the holders of our common stock would be reduced. If the dividend rate on the preferred stock, or the interest rate on the debt securities, were to exceed the net rate of return on our portfolio, the use of leverage would result in a lower rate of return to the holders of common stock than if we had not issued the preferred stock or convertible debt securities. Any decline in the net asset value of our investment would be borne entirely by the holders of our common stock. Therefore, if the market value of our portfolio were to decline, the leverage would result in a greater decrease in net asset value to the holders of our common stock than if we were not leveraged through the issuance of

preferred stock or debt securities. This decline in net asset value would also tend to cause a greater decline in the market price, if any, for our common stock.

There is also a risk that, in the event of a sharp decline in the value of our net assets, we would be in danger of failing to maintain required asset coverage ratios, which may be required by the preferred stock or convertible debt, or our current investment income might not be sufficient to meet the dividend requirements on the preferred stock or the interest payments on the debt securities. In order to counteract such an event, we might need to liquidate investments in order to fund the redemption of some or all of the preferred stock or convertible debt. In addition, we would pay (and the holders of our common stock would bear) all costs and expenses relating to the issuance and ongoing maintenance of the preferred stock, convertible debt, or any combination of these securities. Holders of preferred stock or convertible debt may have different interests than holders of common stock and may at times have disproportionate influence over our affairs.

***Holders of any preferred stock that we may issue will have the right to elect certain members of the Board and have class voting rights on certain matters.***

The 1940 Act requires that holders of shares of preferred stock must be entitled as a class to elect two directors at all times and to elect a majority of the directors if dividends on such preferred stock are in arrears by two years or more, until such arrearage is eliminated. In addition, certain matters under the 1940 Act require the separate vote of the holders of any issued and outstanding preferred stock, including changes in fundamental investment restrictions and conversion to open end status and, accordingly, preferred shareholders could veto any such changes. Restrictions imposed on the declarations and payment of dividends or other distributions to the holders of our common stock and preferred stock, both by the 1940 Act and by requirements imposed by rating agencies, might impair our ability to maintain our tax treatment as a RIC for U.S. federal income tax purposes.

**Risks Related to an Investment in our Unsecured Notes**

***Our unsecured notes are effectively subordinated to any secured indebtedness we have currently incurred or may incur in the future.***

We have issued notes that are unsecured by any of our assets or any of the assets of our subsidiaries. As a result, these notes are effectively subordinated, or junior, to any secured indebtedness or other obligations we or our subsidiaries have currently incurred and may incur in the future (or any indebtedness that is initially unsecured that we later secure) to the extent of the value of the assets securing such indebtedness. Substantially all of our subsidiaries' assets are currently pledged as collateral under our credit facilities or in connection with our CLOs. In any liquidation, dissolution, bankruptcy or other similar proceeding, the holders of any of our existing or future secured indebtedness and the secured indebtedness of our subsidiaries may assert rights against the assets pledged to secure that indebtedness in order to receive full payment of their indebtedness before the assets may be used to pay other creditors, including the holders of the unsecured notes. Secured indebtedness is effectively senior to the Notes to the extent of the value of the assets securing such indebtedness.

***Our unsecured notes are structurally subordinated to the indebtedness and other liabilities of our subsidiaries.***

The unsecured notes are exclusively our obligations and not of any of our subsidiaries. None of our subsidiaries are a guarantor of the unsecured notes and the unsecured notes are not required to be guaranteed by any subsidiaries we may acquire or create in the future. Except to the extent we are a creditor with recognized claims against our subsidiaries, all claims of creditors (including trade creditors) and holders of preferred stock, if any, of our subsidiaries will have priority over our equity interests in such subsidiaries (and therefore the claims of our creditors, including holders of the unsecured notes) with respect to the assets of such subsidiaries. Even if we are recognized as a creditor of one or more of our subsidiaries, our claims would still be effectively subordinated to any security interests in the assets of any such subsidiary and to any indebtedness or other liabilities of any such subsidiary senior to our claims. Consequently, our unsecured notes will be structurally subordinated, or junior, to our SPV Asset Facilities, CLOs and all existing and future indebtedness and other obligations (including trade payables) incurred by any of our subsidiaries, financing vehicles or similar facilities and any subsidiaries, financing vehicles or similar facilities that we may in the future acquire or establish. Our subsidiaries may incur indebtedness in the future, all of which would be structurally senior to the unsecured notes.

***A downgrade, suspension or withdrawal of the credit rating assigned by a rating agency to us or our notes, if any, or change in the debt markets, could cause the liquidity or market value of our notes to decline significantly.***

Our credit ratings are an assessment by rating agencies of our ability to pay our debts when due. Consequently, real or anticipated changes in our credit ratings will generally affect the market value of our notes. These credit ratings may not reflect the potential impact of risks relating to the structure or marketing of our notes. Credit ratings are not a recommendation to buy, sell or hold any security, and may be revised or withdrawn at any time by the issuing organization in its sole discretion.

***An increase in market interest rates could result in a decrease in the market value of our unsecured notes.***

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future, which could have an adverse effect on the market prices of our unsecured notes. In general, as market interest rates rise, debt securities bearing interest at fixed rates of interest decline in value. We cannot predict the future level of market interest rates.

***The indenture under which the unsecured notes were issued contains limited protection for holders of our unsecured notes.***

The indenture offers limited protection to holders of our unsecured notes. The terms of the indenture and the unsecured notes do not restrict our or any of our subsidiaries' ability to engage in, or otherwise be a party to, a variety of corporate transactions, circumstances or events that could have an adverse impact on your investment in the unsecured notes. In particular, the terms of the indenture and the unsecured notes will not place any restrictions on our or our subsidiaries' ability to:

- issue securities or otherwise incur additional indebtedness or other obligations other than an incurrence of indebtedness or other obligations that would cause a violation of Section 18(a)(1)(A) as modified by Section 61(a) of the 1940 Act or any successor provisions of the 1940 Act, but giving effect, in either case, to any exemptive relief granted to us by the SEC. Currently, these provisions generally prohibit us from incurring additional borrowings, including through the issuance of additional debt securities, unless our asset coverage, as defined in the 1940 Act, equals at least 150% after such borrowings;
- pay dividends on, or purchase or redeem or make any payments in respect of, capital stock or other securities ranking junior in right of payment to the unsecured notes;
- sell assets (other than certain limited restrictions on our ability to consolidate, merge or sell all or substantially all of our assets);
- create liens (including liens on the shares of our subsidiaries) or enter into sale and leaseback transactions;
- enter into transactions with affiliates;
- make investments; or
- create restrictions on the payment of dividends or other amounts to us from our subsidiaries.

Furthermore, the terms of the indenture and the unsecured notes do not protect holders of the unsecured notes in the event that we experience changes (including significant adverse changes) in our financial condition, results of operations or credit ratings, as they do not require that we or our subsidiaries adhere to any financial tests or ratios or specified levels of net worth, revenues, income, cash flow or liquidity.

Our ability to recapitalize, incur additional debt and take a number of other actions that are not limited by the terms of the unsecured notes may have important consequences for you as a holder of the unsecured notes, including making it more difficult for us to satisfy our obligations with respect to the unsecured notes or negatively affecting the trading value of the unsecured notes.

Certain of our current debt instruments include more protections for their holders than the indenture and the unsecured notes. In addition, other debt we issue or incur in the future could contain more protections for its holders than the indenture and the unsecured notes, including additional covenants and events of default. The issuance or incurrence of any such debt with incremental protections could affect the market for and trading levels and prices of the unsecured notes.

***The optional redemption provision may materially adversely affect your return on the unsecured notes.***

The unsecured notes are redeemable in whole or in part at any time or from time to time at our option. We may choose to redeem the unsecured notes at times when prevailing interest rates are lower than the interest rate paid on the unsecured notes. In this circumstance, you may not be able to reinvest the redemption proceeds in a comparable security at an effective interest rate as high as that of the unsecured notes being redeemed.

***We may not be able to repurchase the unsecured notes upon a Change of Control Repurchase Event.***

Upon the occurrence of a Change of Control Repurchase Event, as defined in the indenture that governs the unsecured notes, as supplemented, subject to certain conditions, we will be required to offer to repurchase all outstanding unsecured notes at 100% of their principal amount, plus accrued and unpaid interest. The source of funds for that purchase of the unsecured notes will be our available cash or cash generated from our operations or other potential sources, including borrowings, investment repayments, sales of assets or sales of equity. We cannot assure you that sufficient funds from such sources will be available at the time of any Change of Control Repurchase Event to make required repurchases of the unsecured notes tendered. Our debt instruments may contain restrictions and provisions that we would have to comply with in connection with any repurchase of the unsecured notes. If the holders of the unsecured notes exercise their right to require us to repurchase all the unsecured notes upon a Change of Control Repurchase Event, the financial effect of this repurchase could cause a default under our existing or future debt instruments, even if the Change of Control Repurchase Event itself would not cause a default. It is possible that we will not have sufficient funds at the time of the Change of Control Repurchase Event to make the required repurchase of the unsecured notes or our other debt.

***If an active trading market does not develop for the unsecured notes, you may not be able to resell them.***

We do not intend to apply for listing of the unsecured notes on any securities exchange or for quotation of the unsecured notes on any automated dealer quotation system. If no active trading market develops, you may not be able to resell the unsecured notes at their fair market value or at all. If the unsecured notes are traded after their initial issuance, they may trade at a discount from

their initial offering price depending on prevailing interest rates, the market for similar securities, our credit ratings, general economic conditions, our financial condition, performance and prospects and other factors. We cannot assure you that a liquid trading market will develop for the unsecured notes, that you will be able to sell the unsecured notes at a particular time or that the price you receive when you sell will be favorable. To the extent an active trading market does not develop for the unsecured notes, the liquidity and trading price for the unsecured notes may be harmed. Accordingly, you may be required to bear the financial risk of an investment in the unsecured notes for an indefinite period of time.

#### **Risks Related to U.S. Federal Income Tax**

*We cannot predict how new tax legislation will affect us, our investments, or our stockholders, and any such legislation could adversely affect our business.*

Legislative or other actions relating to taxes could have a negative effect on us. The laws pertaining to U.S. federal income taxation are constantly under review by persons involved in the legislative process and by the IRS and the U.S. Treasury Department. The likelihood of any such legislation being enacted is uncertain. New legislation and any U.S. Treasury regulations, administrative interpretations or court decisions interpreting such legislation could have adverse tax consequences, such as significantly and negatively affecting our ability to qualify for tax treatment as a RIC or negatively affecting the U.S. federal income tax consequences applicable to us and our investors as a result of such qualification. Shareholders are urged to consult with their tax advisor regarding tax legislative, regulatory, or administrative developments and proposals and their potential effect on an investment in our common stock.

*We will be subject to U.S. federal income tax imposed at corporate rates if we are unable to maintain our tax treatment as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries.*

To maintain RIC tax treatment under the Code, we must meet the following minimum annual distribution, income source and asset diversification requirements. See “ITEM 1. BUSINESS—Certain U.S. Federal Income Tax Considerations”

The Annual Distribution Requirement for a RIC generally will be satisfied if we distribute to our shareholders on an annual basis at least 90% of our “investment company taxable income,” which is generally our net ordinary income plus the excess, if any, of realized net short term capital gains over realized net long term capital losses. In addition, a RIC may, in certain cases, satisfy the Annual Distribution Requirement by distributing dividends relating to a taxable year after the close of such taxable year under the “spillover dividend” provisions of Subchapter M. We would be subject to U.S. federal income tax imposed, at corporate rates, on retained income and/or gains, including any short term capital gains or long term capital gains. We also must make distributions to satisfy the Excise Tax Avoidance Requirement and avoid a 4% excise tax on certain undistributed income. Because we may use debt financing, we are subject to (i) an asset coverage ratio requirement under the 1940 Act and may, in the future, be subject to (ii) certain financial covenants under loan and credit agreements that could, under certain circumstances, restrict us from making distributions necessary to satisfy the distribution requirements. If we are unable to obtain cash from other sources, or choose or are required to retain a portion of our taxable income or gains, we could (1) be required to pay excise taxes and (2) fail to qualify for RIC tax treatment. If we fail to qualify for treatment as a RIC, and certain amelioration provisions are not applicable, we would be subject to U.S. federal income tax on all of our taxable income (including our net capital gains) imposed at regular corporate rates. We would not be able to deduct distributions to our shareholders, nor would they be required to be made.

The income source requirement will be satisfied if we obtain at least 90% of our annual income from dividends, interest, payments with respect to loans of certain securities, gains from the sale of stock or other securities or foreign currencies, net income from certain “qualified publicly traded partnerships,” or other income derived from the business of investing in stock or securities.

The asset diversification requirement will be satisfied if we meet certain asset diversification requirements at the end of each quarter of our taxable year. Specifically, to satisfy this requirements (1) at least 50% of the value of our assets must consist of (i) cash, cash items (including receivables), U.S. government securities, securities of other RICs, and (iii) other acceptable securities if such securities of any one issuer do not represent more than 5% of the value of our assets or more than 10% of the outstanding voting securities of the issuer; and (2) no more than 25% of the value of our assets can be invested in (i) the securities, other than U.S. government securities or securities of other RICs, of one issuer, (ii) the securities, other than the securities of other RICs of two or more issuers that are controlled, by us and which are determined under applicable Treasury regulations, to be engaged in the same or similar or related trades or businesses, or (iii) the securities of certain “qualified publicly traded partnerships (as defined by the Code).” Failure to meet these requirements may result in our having to dispose of certain investments quickly in order to prevent the loss of RIC status. Because most of our investments will be in private companies, and therefore will be relatively illiquid, any such dispositions could be made at disadvantageous prices and could result in substantial losses.

If we fail to qualify for or maintain RIC tax treatment for any reason and are subject to U.S. federal income tax imposed at corporate rates, the resulting taxes could substantially reduce our net assets, the amount of income available for distribution, and the amount of our distributions.

We may invest in certain debt and equity investments through taxable subsidiaries and the net taxable income of these taxable subsidiaries will be subject to U.S. federal income and state and local taxes. We may invest in certain foreign debt and equity investments, which could be subject to foreign taxes (such as income tax, withholding, and value added taxes).

***We may have difficulty paying our required distributions if we recognize income before or without receiving cash representing such income.***

For U.S. federal income tax purposes, we may be required to recognize taxable income in circumstances in which we do not receive a corresponding payment in cash. For example, since we will likely hold debt obligations that are treated under applicable tax rules as having OID (such as debt instruments with PIK, secondary market purchases of debt securities at a discount to par, interest or, in certain cases, increasing interest rates or debt instruments that were issued with warrants), we must include in income each year a portion of the OID that accrues over the life of the obligation, regardless of whether cash representing such income is received by us in the same taxable year. We may also have to include in income other amounts that we have not yet received in cash, such as unrealized appreciation for foreign currency forward contracts and deferred loan origination fees that are paid after origination of the loan or are paid in non-cash compensation such as warrants or stock. Furthermore, we may invest in non-U.S. corporations (or other non-U.S. entities treated as corporations for U.S. federal income tax purposes) that could be treated under the Code and U.S. Treasury regulations as “passive foreign investment companies” and/or “controlled foreign corporations.” The rules relating to investment in these types of non-U.S. entities are designed to limit deferral and generally require the current inclusion of income derived by the entity. In certain circumstances, this could require us to recognize income where we do not receive a corresponding payment in cash.

Unrealized appreciation on derivatives, such as foreign currency forward contracts, may be included in taxable income while the receipt of cash may occur in a subsequent period when the related contract expires. Any unrealized depreciation on investments that the foreign currency forward contracts are designed to hedge are not currently deductible for tax purposes. This can result in increased taxable income whereby we may not have sufficient cash to pay distributions or we may opt to retain such taxable income and pay a 4% excise tax. In such cases we could still rely upon the “spillover provisions” to maintain RIC tax treatment.

We anticipate that a portion of our income may constitute OID or other income required to be included in taxable income prior to receipt of cash. Further, we may elect to amortize market discounts with respect to debt securities acquired in the secondary market and include such amounts in our taxable income in the current year, instead of upon disposition, as an election not to do so would limit our ability to deduct interest expenses for tax purposes. Because any OID or other amounts accrued will be included in our investment company taxable income for the year of the accrual, we may be required to make a distribution to our shareholders in order to satisfy the Annual Distribution Requirement, even if we will not have received any corresponding cash amount. As a result, we may have difficulty meeting the Annual Distribution Requirement necessary to maintain RIC tax treatment under the Code. We may have to sell some of our investments at times and/or at prices we would not consider advantageous, raise additional debt or equity capital, make a partial share distribution, or forgo new investment opportunities for this purpose. If we are not able to obtain cash from other sources, and choose not to make a qualifying share distribution, we may fail to qualify for RIC tax treatment and thus become subject to U.S. federal income tax.

**General Risk Factors**

***Changes in laws or regulations governing our operations may adversely affect our business or cause us to alter our business strategy.***

We and our portfolio companies are subject to regulation by laws at the local, state, and federal levels. These laws and regulations, as well as their interpretation, could change from time to time, including as the result of interpretive guidance or other directives from the new U.S. Presidential administration, and new laws, regulations and interpretations could also come into effect. Any new or changed laws or regulations could have a material adverse effect on our business, and political uncertainty could increase regulatory uncertainty in the near term.

As a result of the 2024 U.S. election, a single political party currently controls both the executive and legislative branches of government, which increases the likelihood that legislation may be adopted that could significantly affect the regulation of U.S. financial markets. Regulatory changes could result in greater competition from banks and other lenders with which we compete for lending and other investment opportunities. The United States may also potentially withdraw from or renegotiate various trade agreements and take other actions that would change current trade policies of the United States. In addition, in June 2024, the U.S. Supreme Court reversed its longstanding approach under the Chevron doctrine, which provided for judicial deference to regulatory agencies. As a result of this decision, we cannot be sure whether there will be increased challenges to existing agency regulations or how lower courts will apply the decision in the context of other regulatory schemes without more specific guidance from the U.S. Supreme Court. For example, the U.S. Supreme Court's decision could significantly impact consumer protection, advertising, privacy, artificial intelligence, anti-corruption and anti-money laundering practices and other regulatory regimes with which we are required to comply. Any such regulatory developments could result in uncertainty about and changes in the ways such regulations apply to us, and may require additional resources to ensure our continued compliance. We cannot predict which, if any, of these actions will be taken or, if taken, their effect on the financial stability of the United States. Such actions could have a significant adverse effect on our business, financial condition and results of operations.

Changes to the laws and regulations governing our permitted investments may require a change to our investment strategy. Such changes could differ materially from our strategies and plans as set forth in this report and may shift our investment focus from

the areas of expertise of our Adviser. Thus, any such changes, if they occur, could have a material adverse effect on our results of operations and the value of your investment in us.

***Heightened scrutiny of the financial services industry by regulators may materially and adversely affect our business.***

The financial services industry has been the subject of heightened scrutiny by regulators around the globe. In particular, the SEC and its staff have focused more narrowly on issues relevant to alternative asset management firms, including by forming specialized units devoted to examining such firms and, in certain cases, bringing enforcement actions against the firms, their principals and employees. In recent periods there have been a number of enforcement actions within the industry, and it is expected that the SEC will continue to pursue enforcement actions against asset managers.

While the SEC's recent lists of examination priorities include such items as assessments of investment advisers' marketing practices, compensation arrangements and controls to protect non-public information, it is generally expected that the SEC's oversight of alternative asset managers will continue to focus substantially on concerns related to fiduciary duty transparency and investor disclosure practices. Although the SEC has cited improvements in disclosures and industry practices in this area, it has also indicated that there is room for improvement in particular areas, including fees and expenses (and the allocation of such fees and expenses) and co-investment practices. To this end, many investment advisory firms have received inquiries during examinations or directly from the SEC's Division of Enforcement regarding various transparency-related topics, including the acceleration of monitoring fees, the allocation of broken-deal expenses, outside business activities of firm principals and employees, group purchasing arrangements and general conflicts of interest disclosures. While we believe we have made appropriate and timely disclosures regarding the foregoing, the SEC staff may disagree.

Further, the SEC has highlighted BDC board oversight and valuation practices as one of its areas of focus in investment adviser examinations and has instituted enforcement actions against advisers for misleading investors about valuation.

If the SEC were to investigate our Adviser and find errors in its methodologies or procedures, our Adviser could be subject to penalties and fines, which could in turn harm our reputation and our business, financial condition and results of operations could be materially and adversely affected. Similarly, from time to time we or our Adviser could become the subject of litigation or other similar claims. Any investigations, litigation or similar claims could continue without resolution for long periods of time and could consume substantial amounts of our management's time and attention, and that time and attention and the devotion of associated resources could, at times, be disproportionate to the amounts at stake. Investigations, litigations and other claims are subject to inherent uncertainties, and a material adverse impact on our financial statements could occur for the period in which the effect of an unfavorable final outcome in an investigation, litigation or other similar claims becomes probable and reasonably estimable. In addition, we could incur expenses associated with defending ourselves against investigations, litigation and other similar claims, and these expenses could be material to our earnings in future periods.

***Government intervention in the credit markets could adversely affect our business***

The central banks and, in particular, the U.S. Federal Reserve, have taken unprecedented steps in response to inflationary pressures. It is impossible to predict if, how, and to what extent the United States and other governments would further intervene in the credit markets. Such intervention is often prompted by politically sensitive issues involving family homes, student loans, real estate speculation, credit card receivables, pandemics, etc., and could, as a result, be contrary to what we would predict from an "economically rational" perspective.

On the other hand, recent governmental intervention could mean that the willingness of governmental bodies to take additional extraordinary action is diminished. As a result, in the event of near-term major market disruptions, there might be only limited additional government intervention, resulting in correspondingly greater market dislocation and materially greater market risk.

***Provisions of the Maryland General Corporation Law and of our charter and bylaws could deter takeover attempts and have an adverse effect on the price of our common stock.***

The Maryland General Corporation Law (the "MGCL"), our charter and our bylaws contain provisions that may discourage, delay or make more difficult a change in control of the Company or the removal of our directors. We are subject to the Maryland Business Combination Act (the "Business Combination Act"), subject to any applicable requirements of the 1940 Act. Our board of directors has adopted a resolution exempting from the Business Combination Act any business combination between us and any other person, subject to prior approval of such business combination by our board, including approval by a majority of our disinterested directors. If the resolution exempting business combinations is repealed or our board or disinterested directors do not approve a business combination, the Business Combination Act may discourage third parties from trying to acquire control of us and may increase the difficulty of consummating such an offer. Our bylaws exempt from the Maryland Control Share Acquisition Act (the "Control Share Acquisition Act") acquisitions of our stock by any person. If we amend our bylaws to repeal the exemption from the Control Share Acquisition Act, subject to any applicable requirements of the 1940 Act, the Control Share Acquisition Act also may make it more difficult for a third party to obtain control of us and may increase the difficulty of consummating such an offer.

We have also adopted measures that may make it difficult for a third party to obtain control of us, including provisions of our charter classifying our board of directors into three classes serving staggered three-year terms, and provisions of our charter

authorizing our board of directors to classify or reclassify shares of our stock into one or more classes or series, to cause the issuance of additional shares of our stock, and to amend our charter from time to time, without stockholder approval, to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have authority to issue. These provisions, as well as other provisions of our charter and bylaws, may discourage, delay, defer, make more difficult or prevent a transaction or a change in control that might otherwise be in stockholders' best interest.

***Our Bylaws include an exclusive forum selection provision, which could limit our shareholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, or other agents.***

Our Bylaws require that, unless we consent in writing to the selection of an alternative forum, the Circuit Court for Baltimore City (or, if that court does not have jurisdiction, the United States District Court for the District of Maryland, Northern Division) shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on our behalf (ii) any action asserting a claim of breach of any standard of conduct or legal duty owed by any of our directors, officers or other agents to us or to our shareholders, (iii) any action asserting a claim arising pursuant to any provision of the MGCL or the Charter or the Bylaws (as either may be amended from time to time), or (iv) any action asserting a claim governed by the internal affairs doctrine. This exclusive forum selection provision in our Bylaws will not apply to claims arising under the federal securities laws, including the Securities Act and the Exchange Act. There is uncertainty as to whether a court would enforce such a provision, and investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder. In addition, this provision may increase costs for shareholders in bringing a claim against us or our directors, officers or other agents. Any investor purchasing or otherwise acquiring our shares is deemed to have notice of and consented to the foregoing provision. The exclusive forum selection provision in our Bylaws may limit our shareholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers or other agents, which may discourage lawsuits against us and such persons. It is also possible that, notwithstanding such exclusive forum selection provision, a court could rule that such provision is inapplicable or unenforceable. If this occurred, we may incur additional costs associated with resolving such action in another forum, which could materially adversely affect our business, financial condition and results of operations.

***We expend significant financial and other resources to comply with the requirements of being a public entity.***

As a public entity, we are subject to the reporting requirements of the Exchange Act and requirements of the Sarbanes-Oxley Act. The Exchange Act requires that we file annual, quarterly and current reports with respect to our business and financial condition. The Sarbanes-Oxley Act requires that we maintain effective disclosure controls and procedures and internal controls over financial reporting, which are discussed below. In order to maintain and improve the effectiveness of our disclosure controls and procedures and internal controls, significant resources and management oversight are required. We have implemented procedures, processes, policies and practices for the purpose of addressing the standards and requirements applicable to public companies. These activities may divert management's attention from other business concerns, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

***We may experience fluctuations in our operating results.***

We may experience fluctuations in our operating results due to a number of factors, including our ability or inability to make investments in companies that meet our investment criteria, interest rates and default rates on the debt investments we make, the level of our expenses, variations in and the timing of the recognition of realized gains and losses, unrealized appreciation or depreciation, the degree to which we encounter competition in our markets, and general economic conditions. These occurrences could have a material adverse effect on our results of operations, the value of your investment in us and our ability to pay distributions to you and our other shareholders.

***We are subject to risks in using custodians, counterparties, administrators and other agents.***

We depend on the services of custodians, counterparties, administrators and other agents to carry out certain transactions and other administrative services, including compliance with regulatory requirements in U.S. and non-U.S. jurisdictions. We are subject to risks of errors and mistakes made by these third parties, which may be attributed to us and subject us or our shareholders to reputational damage, penalties or losses. We depend on third parties to provide primary and back up communications and information systems. Any failure or interruption of those systems, including as a result of the termination of an agreement with any third-party service providers, could cause delays or other problems in our activities. Our financial, accounting, data processing, portfolio monitoring, backup or other operating systems and facilities may fail to operate properly or become disabled or damaged as a result of a number of factors including events that are wholly or partially beyond our control. The terms of the contracts with third-party service providers are often customized and complex, and many of these arrangements occur in markets or relate to products that are not subject to regulatory oversight. Accordingly, we may be unsuccessful in seeking reimbursement or indemnification from these third-party service providers. In addition, we rely on a select number of third-party services providers and replacement of any one of our service providers could be difficult and result in disruption and expense.

## **Item 1B. Unresolved Staff Comments**

None.

## **Item 1C. Cybersecurity.**

### **Cybersecurity Processes and Risk Assessment**

We rely on the cybersecurity program implemented by Blue Owl, the indirect affiliate of our Adviser. Blue Owl has implemented a cybersecurity program, which is focused on (i) protecting confidential business, client, investor and employee information; (ii) maintaining the security and availability of its systems and data; (iii) supporting compliance with applicable laws and regulations; (iv) documenting cybersecurity incidents and its responses; and (v) notification of cybersecurity incidents to, and communications with, appropriate internal and external parties.

Blue Owl has implemented an information security governance policy (the "ISG Policy") governing cybersecurity risk, which is designed to facilitate the protection of sensitive or confidential business, client, investor and any employee information that it stores or processes and the maintenance of critical services and systems. Blue Owl's cybersecurity program is managed by Blue Owl's Chief Technology Officer and Head of Technology Infrastructure (together, "Blue Owl IT Management"), who report to Blue Owl's Chief Operating Officer. Blue Owl IT Management and its team are responsible for implementing proactive and reactive measures, including Blue Owl's monitoring and alert response processes, vulnerability management, changes made to its critical systems, including software and network changes, and various other technological and administrative safeguards. Blue Owl's cybersecurity processes and systems are designed to protect against unauthorized access of information, including by cyber-attacks, and Blue Owl's policy and processes include, as appropriate, encryption, data loss prevention technology, authentication technology, entitlement management, access control, anti-virus and anti-malware software, and transmission of data over private networks. Blue Owl's processes and systems aim to prevent or mitigate two main types of cybersecurity risk: first, cybersecurity risks associated with its physical and digital devices and infrastructure, and second, cybersecurity risks associated with third parties, such as people and organizations who have access to its devices, infrastructure or confidential or sensitive information. The cybersecurity-control principles that form the basis of Blue Owl's cybersecurity program are informed by the National Institute of Standards and Technology Cybersecurity Framework.

Blue Owl's cybersecurity program includes review and assessment by third parties of the cybersecurity processes and systems. These third parties assess and report on Blue Owl's compliance with applicable laws and regulations and its internal incident response preparedness, including benchmarking to best practices and industry frameworks and help identify areas for continued focus and improvement. Annual penetration testing of its network, including critical systems and systems that store confidential or sensitive information, is conducted with third party consultants and vulnerabilities are reviewed and addressed by Blue Owl IT Management. When Blue Owl engages vendors and other third party partners who will have access to sensitive data or client systems and facilities, its infrastructure technology team assesses their cybersecurity programs and processes.

Blue Owl also provides its employees with cybersecurity awareness training at onboarding and annually, as well as interim security reminders and alerts. Blue Owl conducts regular phishing tests and provides additional training as appropriate. Blue Owl has a process designed to assess the cybersecurity risks associated with the engagement of third-party vendors. This assessment is conducted on the basis of, among other factors, the types of services provided and the extent and type of data accessed or processed by a third-party vendor.

### **Governance and Oversight of Cybersecurity Risks**

Blue Owl has developed an incident response framework to identify, assess, manage and report cybersecurity events, which is managed and implemented by Blue Owl's Cyber Risk Operating Committee (the "C-ROC"), a cross-functional management committee that includes its General Counsel, Chief Operating Officer, Chief Compliance Officer and Blue Owl IT Management. The incident response framework determines when the C-ROC should provide notifications regarding certain cybersecurity incidents, with different severity thresholds triggering notifications to different recipient groups, including senior members of Blue Owl's management, Blue Owl's Audit Committee or Blue Owl's Board of Directors. The C-ROC is responsible for gathering information with respect to a cybersecurity incident, assessing its severity and potential responses, as well as communicating with business heads and senior management, as appropriate. This framework contemplates conducting simulated cybersecurity incident response exercises with members of senior management on an interim basis in coordination with external cyber counsel.

Blue Owl's cybersecurity program, which is overseen by the C-ROC, is managed by IT Management as part of its responsibility for enterprise-wide cybersecurity strategy, policies, implementing Blue Owl's monitoring and alert response processes, vulnerability management, changes made to our critical systems, including software and network changes and various other technological and administrative safeguards. The team is led by Blue Owl's Chief Technology Officer, who has over 25 years of experience advising on technology strategy, including digital transformation, cybersecurity, business analytics and infrastructure, and Blue Owl's Head of Technology Infrastructure, who has over 20 years of experience in the information technology field with a focus on IT risk governance and management, information security, incident response capabilities and assessing effectiveness of controls. The C-ROC meets regularly and forms cross-enterprise teams, as needed, to manage and implement key policies and initiatives of Blue Owl's cybersecurity program.

The Audit Committee is primarily responsible for oversight and review of guidelines and policies with respect to risk assessment and risk management. Blue Owl's Chief Technology Officer periodically reports to the Audit Committee as well as the full Board, as appropriate, on cybersecurity matters. Such reporting includes updates on Blue Owl's cybersecurity program, the external threat environment and Blue Owl's programs to address and mitigate the risks associated with the evolving cybersecurity threat environment. These reports also include updates on Blue Owl's preparedness, prevention, detection, responsiveness and recovery with respect to cyber incidents.

#### **Impact of Cybersecurity Risks**

In 2024, we did not experience a material cybersecurity incident, and we are not aware of any cybersecurity risks that are reasonably likely to materially affect our business. While we do not believe that our business strategy, results of operations or financial condition have been materially adversely affected by any cybersecurity incidents, we describe whether and how future incidents could have a material impact on our business strategy, results of operations or financial condition in "*ITEM 1A. Risk Factors - Internal and external cybersecurity threats and risks, as well as other disasters, may adversely affect our business or the business of our portfolio companies by impairing the ability to conduct business effectively.*" and "*Increased data protection regulation may result in increased complexities and risk in connection with the operation of our business.*"

#### **Item 2. Properties**

Our corporate headquarters are located at 399 Park Avenue, 37th Floor, New York, New York 10022 and are provided by the Adviser in accordance with the terms of our Administration Agreement. We believe that our office facilities are suitable and adequate for our business as it is contemplated to be conducted.

#### **Item 3. Legal Proceedings**

Neither we nor the Adviser are currently subject to any material legal proceedings, nor, to our knowledge, are any material legal proceeding threatened against us. From time to time, we may be a party to certain legal proceedings in the ordinary course of business, including proceedings relating to the enforcement of our rights under contracts with our portfolio companies. Our business is also subject to extensive regulation, which may result in regulatory proceedings against us. While the outcome of any such future legal or regulatory proceedings cannot be predicted with certainty, we do not expect that any such future proceedings will have a material effect upon our financial condition or results of operations.

#### **Item 4. Mine Safety Disclosures**

Not applicable.

## PART II

### Item 5. Market for Registrant's Common Equity, Related Stockholder Matters and Issuer Purchases of Equity Securities

#### *Common Stock*

Our common stock is traded on the NYSE under the symbol "OBDC". Our common stock has historically traded at prices both above and below our net asset value per share. It is not possible to predict whether our common stock will trade at a price per share at, above or below net asset value per share. See "ITEM 1A. RISK FACTORS—Risks Related to an Investment in our Common Stock—We cannot assure you that the market price of shares of our common stock will not decline." On February 14, 2025, the last reported closing sales price of our common stock on the NYSE was \$15.39 per share, which represented a premium of approximately 0.9% to net asset value per share reported by us as of December 31, 2024.

#### *Holder*

As of February 14, 2025, there were approximately 74 holders of record of our common stock including Cede & Co.).

#### *Distribution Policy*

To qualify for tax treatment as a RIC, we must distribute (or be treated as distributing) in each taxable year dividends of an amount equal to at least 90% of our investment company taxable income (which includes, among other items, dividends, interest, the excess of any net short-term capital gains over net long-term capital losses, as well as other taxable income, excluding any net capital gains reduced by deductible expenses) and 90% of our net tax-exempt income for that taxable year. As a RIC, we generally will not be subject to U.S. federal income tax at corporate rates on our investment company taxable income and net capital gains that we distribute to shareholders. We may be subject to a nondeductible 4% U.S. federal excise tax if we do not distribute (or are treated as distributing) in each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income, excluding certain ordinary gains and losses, recognized during a calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of such calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years.

We have previously incurred, and can be expected to incur in the future, such excise tax on a portion of our income and gains. While we intend to distribute income and capital gains to minimize exposure to the 4% excise tax, we may not be able to, or may not choose to, distribute amounts sufficient to avoid the imposition of the tax entirely. In that event, we will be liable for the tax only on the amount by which we do not meet the foregoing distribution requirement. See "ITEM 1A RISK FACTORS – Risks Related to U.S. Federal Income Tax – We will be subject to U.S. federal income tax at the corporate rates if we are unable to qualify and maintain our tax treatment as a RIC under Subchapter M of the Code or if we make investments through taxable subsidiaries."

For the year ended December 31, 2024, we recorded expenses of \$11.6 million for U.S. federal and state income tax, including excise tax.

#### *Distributions*

We generally intend to distribute, out of assets legally available for distribution, substantially all of our available earnings, on a quarterly basis, as determined by Board in its discretion.

On February 18, 2025, the Board declared a first quarter dividend of \$0.37 per share for stockholders of record as of March 31, 2025, payable on or before April 15, 2025 and a fourth quarter supplemental dividend of \$0.05 per share for stockholders of record as of February 28, 2025, payable on or before March 17, 2025. The supplemental dividend is calculated as 50% of net investment income in excess of our regular dividend, subject to certain measurement tests and rounded to the nearest penny.

The following table summarizes dividends declared for the following period:

**For the Year Ended December 31, 2024**

<b>Date Declared</b>	<b>Record Date</b>	<b>Payment Date</b>	<b>Distribution per Share</b>
November 5, 2024	December 31, 2024	January 15, 2025	\$ 0.37
November 5, 2024 (supplemental dividend)	November 29, 2024	December 13, 2024	\$ 0.05
August 6, 2024	September 30, 2024	October 15, 2024	\$ 0.37
August 6, 2024 (supplemental dividend)	August 30, 2024	September 13, 2024	\$ 0.06
May 7, 2024	June 28, 2024	July 15, 2024	\$ 0.37
May 7, 2024 (supplemental dividend)	May 31, 2024	June 14, 2024	\$ 0.05
February 21, 2024	March 29, 2024	April 15, 2024	\$ 0.37
February 21, 2024 (supplemental dividend)	March 1, 2024	March 15, 2024	\$ 0.08
<b>Total Distributions Declared</b>			<b>\$ 1.72</b>

Total distributions declared of \$671.0 million resulted in a taxable dividend amount of \$671.0 million that consisted of \$670.7 million of ordinary income and \$0.3 million of net long-term capital gains for the year ending December 31, 2024. For the year ended December 31, 2024, 85.5% of distributed ordinary income qualified as interest related dividend which is exempt from U.S. withholding tax applicable to non-U.S. shareholders.

*Dividend Reinvestment Plan*

We have adopted a dividend reinvestment plan, pursuant to which we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distribution in cash as provided below. As a result, if the Board authorizes, and we declare, a cash dividend or other distribution, then our shareholders who have not opted out of our dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of our common stock as described below, rather than receiving the cash dividend or other distribution. Any fractional share otherwise issuable to a participant in the dividend reinvestment plan will instead be paid in cash.

In connection with our IPO, we entered into our second amended and restated dividend reinvestment plan, pursuant to which, if newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder will be determined by dividing the total dollar amount of the cash dividend or distribution payable to a shareholder by the market price per share of our common stock at the close of regular trading on the NYSE on the payment date of a distribution, or if no sale is reported for such day, the average of the reported bid and ask prices. However, if the market price per share on the payment date of a cash dividend or distribution exceeds the most recently computed net asset value per share, we will issue shares at the greater of (i) the most recently computed net asset value per share and (ii) 95% of the current market price per share (or such lesser discount to the current market price per share that still exceeded the most recently computed net asset value per share). Pursuant to our second amended and restated dividend reinvestment plan, if shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder shall be determined by dividing the dollar amount of the cash dividend payable to such shareholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

The following table reflects the common stock issued pursuant to the dividend reinvestment plan during the year ended December 31, 2024:

<b>Date Declared</b>	<b>Record Date</b>	<b>Payment Date</b>	<b>Shares</b>
November 5, 2024 (supplemental dividend)	November 29, 2024	December 13, 2024	52,556 <sup>(1)</sup>
August 6, 2024	September 30, 2024	October 15, 2024	427,571 <sup>(1)</sup>
August 6, 2024 (supplemental dividend)	August 30, 2024	September 13, 2024	91,665 <sup>(1)</sup>
May 7, 2024	June 28, 2024	July 15, 2024	467,966 <sup>(1)</sup>
May 7, 2024 (supplemental dividend)	May 31, 2024	June 14, 2024	59,356
February 21, 2024	March 29, 2024	April 15, 2024	425,080
February 21, 2024 (supplemental dividend)	March 1, 2024	March 15, 2024	97,218 <sup>(1)</sup>
November 7, 2023	December 29, 2023	January 12, 2024	427,564 <sup>(1)</sup>

(1) Shares purchased in the open market in order to satisfy dividends reinvested under our dividend reinvestment program.

### 2024 Stock Repurchase Program

On May 6, 2024, our Board approved a repurchase program (the “2024 Stock Repurchase Program”) under which we may repurchase up to \$150 million of our common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management’s discretion from time to time in open-market transactions, in accordance with all applicable rules and regulations. Unless extended by the Board, the 2024 Stock Repurchase Program will terminate 18-months from the date it was approved. There were no repurchases under the 2024 Stock Repurchase Program during the period ended December 31, 2024.

### Price Range of Common Stock

Our common stock is traded on the NYSE under the symbol “OBDC”. Our common stock has traded at prices both above and below our net asset value per share. It is not possible to predict whether our common stock will trade at a price per share at, above or below net asset value per share. See “ITEM 1A. Risk Factors—Risks Related to an Investment in Our Common Stock.”

The following table sets forth the net asset value per share of our common stock, the range of high and low closing sales prices of our common stock reported on the NYSE, the closing sales price as a premium (discount) to net asset value and the dividends declared by us in each fiscal quarter since we began trading on the NYSE. On February 14, 2025, the last reported closing sales price of our common stock on the NYSE was \$15.39 per share, which represented a premium of approximately 0.9% to the net asset value per share reported by us as of December 31, 2024.

Period	Net Asset Value(1)	Price Range		High Sales Price Premium (Discount) to Net Asset Value(2)	Low Sales Price Premium (Discount) to Net Asset Value(2)	Cash Dividend Per Share(3)
		High	Low			
<b>Year Ended December 31, 2024</b>						
First Quarter	\$ 15.47	\$ 15.53	\$ 14.53	0.4 %	-6.1 %	\$ 0.45 (9)
Second Quarter	\$ 15.36	\$ 16.86	\$ 15.28	9.8 %	-0.5 %	\$ 0.42 (10)
Third Quarter	\$ 15.28	\$ 15.68	\$ 14.29	2.6 %	-6.5 %	\$ 0.43 (11)
Fourth Quarter	\$ 15.26	\$ 15.49	\$ 14.40	1.5 %	-5.6 %	\$ 0.42 (12)
<b>Year Ended December 31, 2023</b>						
First Quarter	\$ 15.15	\$ 13.70	\$ 11.86	-9.6 %	-21.7 %	\$ 0.37 (5)
Second Quarter	\$ 15.26	\$ 13.78	\$ 12.25	-9.7 %	-19.7 %	\$ 0.39 (6)
Third Quarter	\$ 15.40	\$ 14.16	\$ 13.34	-8.1 %	-13.4 %	\$ 0.40 (7)
Fourth Quarter	\$ 15.45	\$ 15.17	\$ 11.55	(1.8) %	-25.2 %	\$ 0.43 (8)
<b>Year Ended December 31, 2022</b>						
First Quarter	\$ 14.88	\$ 15.07	\$ 14.14	1.3 %	-5.0 %	\$ 0.31
Second Quarter	\$ 14.48	\$ 15.19	\$ 12.24	4.9 %	-15.5 %	\$ 0.31
Third Quarter	\$ 14.85	\$ 13.77	\$ 10.34	-7.3 %	-30.4 %	\$ 0.31
Fourth Quarter	\$ 14.99	\$ 13.36	\$ 10.50	-10.9 %	-30.0 %	\$ 0.36 (4)

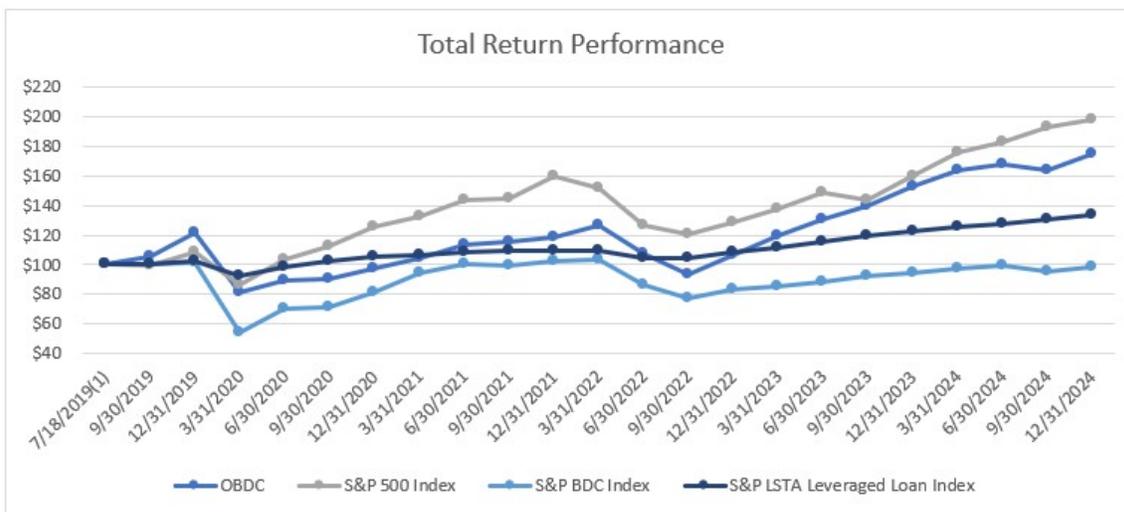

- (1) Net asset value per share is determined as of the last day in the relevant quarter and therefore may not reflect the net asset value per share on the date of the high and low closing sales prices. The net asset values shown are based on outstanding shares at the end of the relevant quarter.
- (2) Calculated as the respective high or low closing sales price less net asset value, divided by net asset value (in each case, as of the applicable quarter).
- (3) Represents the dividend or distribution declared in the relevant quarter.
- (4) Consists of a quarterly dividend of \$0.33 per share and supplemental third quarter dividend of \$0.03 per share, payable on or before January 13, 2023 and December 15, 2022, respectively, subject to the satisfaction of certain Maryland law requirements.
- (5) Consists of a quarterly dividend of \$0.33 per share and supplemental fourth quarter dividend of \$0.04 per share, payable on or before April 14, 2023 and March 17, 2023, respectively, subject to the satisfaction of certain Maryland law requirements.
- (6) Consists of a quarterly dividend of \$0.33 per share and supplemental first quarter dividend of \$0.06 per share, payable on or before July 14, 2023 and June 15, 2023, respectively, subject to the satisfaction of certain Maryland law requirements.
- (7) Consists of a quarterly dividend of \$0.33 per share and supplemental second quarter dividend of \$0.07 per share, payable on or before October 13, 2023 and September 15, 2023, respectively, subject to the satisfaction of certain Maryland law requirements.

- (8) Consists of a quarterly dividend of \$0.35 per share and supplemental third quarter dividend of \$0.08 per share, payable on or before January 12, 2024 and December 15, 2023, respectively, subject to the satisfaction of certain Maryland law requirements.
- (9) Consists of a quarterly dividend of \$0.37 per share and supplemental fourth quarter dividend of \$0.08 per share, payable on or before April 15, 2024 and March 15, 2024, respectively, subject to the satisfaction of certain Maryland law requirements.
- (10) Consists of a quarterly dividend of \$0.37 per share and supplemental first quarter dividend of \$0.05 per share, payable on or before July 15, 2024 and June 14, 2024, respectively, subject to the satisfaction of certain Maryland law requirements.
- (11) Consists of a quarterly dividend of \$0.37 per share and supplemental second quarter dividend of \$0.06 per share, payable on or before October 15, 2024 and September 13, 2024, respectively, subject to the satisfaction of certain Maryland law requirements.
- (12) Consists of a quarterly dividend of \$0.37 per share and supplemental third quarter dividend of \$0.05 per share, payable on or before January 15, 2025 and December 13, 2024, respectively, subject to the satisfaction of certain Maryland law requirements.

*Stock Performance Graph*

This graph compares the stockholder return on our common stock from July 18, 2019 (the date our common stock commenced trading on the NYSE) to December 31, 2024 with that of the Standard & Poor’s 500 Stock Index, Standard & Poor’s BDC Index and Standard & Poor’s LSTA Leveraged Loan Stock Index. This graph assumes that on July 18, 2019, \$100 was invested in our common stock, the Standard & Poor’s BDC Index, the Standard & Poor’s 500 Stock Index and the Standard & Poor’s LSTA Leveraged Loan Stock Index. The graph also assumes the reinvestment of all cash dividends prior to any tax effect. The graph and other information furnished under this Part II Item 5 of this Annual Report on Form 10-K shall not be deemed to be “soliciting material” or to be “filed” with the SEC or subject to Regulation 14A or 14C under, or to the liabilities of Section 18 of, the Exchange Act. The stock price performance included in the below graph is not necessarily indicative of future stock performance.

**COMPARISON OF CUMULATIVE TOTAL RETURN AMONG BLUE OWL CAPITAL CORPORATION, STANDARD & POOR’S 500 INDEX, STANDARD & POOR’S BDC INDEX AND STANDARD & POOR’S LSTA LEVERAGED LOAN INDEX**

(1) Commences with our initial public offering.

**SOURCE:** S&P Global Market Intelligence

**NOTES:** Assumes \$100 invested on July 18, 2019 in Blue Owl Capital Corporation, the Standard & Poor’s 500 Index, the Standard & Poor’s BDC Index and the Standard & Poor’s LSTA Leveraged Loan Stock Index. Assumes all dividends are reinvested on the respective dividend payment dates without commissions.

Senior Securities

Information about our senior securities is shown in the following table as of the end of the fiscal years ended December 31, 2024, 2023, 2022, 2021, 2020, 2019, 2018, 2017 and 2016.

- (1) Total amount of each class of senior securities outstanding at the end of the period presented.
- (2) Asset coverage per unit is the ratio of the carrying value of our total assets, less all liabilities excluding indebtedness represented by senior securities in this table, to the aggregate amount of senior securities representing indebtedness. Asset coverage per unit is expressed in terms of dollar amounts per \$1,000 of indebtedness and is calculated on a consolidated basis.
- (3) The amount to which such class of senior security would be entitled upon our involuntary liquidation in preference to any security junior to it. The “—” in this column indicates information that the SEC expressly does not require to be disclosed for certain types of senior securities.
- (4) Not applicable, except for with respect to the 2024 Notes, 2025 Notes, July 2025 Notes, 2026 Notes, July 2026 Notes, 2027 Notes and 2028 Notes as other senior securities are not registered for public trading on a stock exchange. The average market value per unit for each of the 2024 Notes, 2025 Notes, July 2025 Notes, 2026 Notes, July 2026 Notes, 2027 Notes and 2028 Notes is based on the average daily prices of such notes and is expressed per \$1,000 of indebtedness.
- (5) Facility was terminated in 2019.
- (6) Facility was terminated in 2020.
- (7) On November 23, 2021, we caused notice to be issued to the holders of the 2023 Notes regarding our exercise of the option to redeem in full all \$150,000,000 in aggregate principal amount of the 2023 Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, the redemption date, December 23, 2021. On December 23, 2021, we redeemed in full all \$150,000,000 in aggregate principal amount of the 2023 Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, December 23, 2021.
- (8) Facility was terminated in 2022.
- (9) Facility was terminated in 2023.
- (10) Facility was terminated in 2024.
- (11) On February 21, 2024, we caused notice to be issued to the holders of the 2024 Notes regarding our exercise of the option to redeem in full all \$400,000,000 in aggregate principal amount of the 2024 Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, the redemption date, March 22, 2024. On March 22, 2024, we redeemed in full all \$400,000,000 in aggregate principal amount of the 2024 Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, March 22, 2024.

## Fees and Expenses

The following table is intended to assist you in understanding the costs and expenses that you will bear directly or indirectly. We caution you that some of the percentages indicated in the table below are estimates and may vary. The expenses shown in the table under “Annual expenses” are based on estimated amounts for our current fiscal year. The following table should not be considered a representation of our future expenses. Actual expenses may be greater or less than shown. Except where the context suggests otherwise, whenever this Form 10-K contains a reference to fees or expenses paid by “us” or “the Company” or that “we” will pay fees or expenses, you will indirectly bear these fees or expenses as an investor in the Company.

<b>Shareholder transaction expenses:</b>	
Sales load	— % <sup>(1)</sup>
Offering expenses (as a percentage of offering price)	— % <sup>(2)</sup>
Dividend reinvestment plan expenses	— % <sup>(3)</sup>
<b>Total shareholder transaction expenses (as a percentage of offering price)</b>	<b>— %</b>
<b>Annual expenses (as a percentage of net assets attributable to common stock):</b>	
Management Fee payable under the Investment Advisory Agreement	3.1 % <sup>(4)</sup>
Incentive Fee payable under the Investment Advisory Agreement	2.1 % <sup>(5)</sup>
Interest payments on borrowed funds	7.2 % <sup>(6)</sup>
Other expenses	0.5 % <sup>(7)</sup>
Acquired Fund Fees and Expenses	0.7 % <sup>(9)</sup>
<b>Total annual expenses</b>	<b>13.6 %<sup>(8)(10)</sup></b>

- (1) In the event that the securities are sold to or through underwriters, a related prospectus supplement will disclose the applicable sales load (underwriting discount or commission).
- (2) A related prospectus supplement will disclose the estimated amount of offering expenses, the offering price and the estimated amount of offering expenses borne by the Company as a percentage of the offering price.
- (3) The expenses of the dividend reinvestment plan are included in “other expenses” in the table above. For additional information, see “*Dividend Reinvestment Plan.*”
- (4) The Management Fee is 1.50% of our average gross assets (excluding cash and cash equivalents but including assets purchased with borrowed amounts) at the end of the two most recently completed calendar quarters; provided, however, the Management Fee is 1.00% of our average gross assets (excluding cash and cash equivalents but including assets purchased with borrowed amounts) that is below an asset coverage ratio of 200% calculated in accordance with Section 18 and 61 of the 1940 Act. See “*Item 1. Business —Investment Advisory Agreement.*” The Management Fee reflected in the table is calculated by determining the ratio that the Management Fee bears to our net assets attributable to common stock (rather than our gross assets).
- (5) The Incentive Fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Incentive Fee is based on our income and a portion is based on our capital gains. For more detailed information about the Incentive Fee, see “*Item 1. Business —Investment Advisory Agreement.*”
- (6) The figure in the table represents our interest expenses based on our actual interest and credit facility expenses incurred for the year ended December 31, 2024, which includes the impact of interest rate swaps. During the year ended December 31, 2024, our average borrowings outstanding were \$7.6 billion and our interest expense incurred was \$0.5 billion. We had outstanding borrowings of approximately \$7.6 billion as of December 31, 2024. Interest payments on borrowed funds represents an estimate of our annualized interest expense based on borrowings under the Revolving Credit Facility, our SPV Asset Facility, the 2024 Notes, the 2025 Notes, July 2025 Notes, the 2026 Notes, the July 2026 Notes, the 2027 Notes, the 2028 Notes, the 2029 Notes, the CLO I Transaction, the CLO II Transaction, the CLO III Transaction, the CLO IV Transaction, the CLO V Transaction, the CLO VI Transaction, the CLO VII Transaction and the CLO X Transaction. The assumed weighted average interest rate on our total debt outstanding was 5.6%. We may borrow additional funds from time to time to make investments to the extent we determine that the economic situation is conducive to doing so. We may also issue additional debt securities or preferred stock, subject to our compliance with applicable requirements under the 1940 Act.
- (7) Includes our overhead expenses, such as payments under the Administration Agreement for certain expenses incurred by the Adviser. We based these expenses on estimated amounts for the current fiscal year.
- (8) Estimated.
- (9) Our shareholders indirectly bear the expenses of underlying funds or other investment vehicles in which we invest that (1) are investment companies or (2) would be investment companies under section 3(a) of the 1940 Act but for the exceptions to that definition provided for in sections 3(c)(1) and 3(c)(7) of the 1940 Act (“Acquired Funds”). This amount includes the estimated annual fees and expenses of Credit SLF, which is our only Acquired Fund as of December 31, 2024.
- (10) This table reflects all of the fees and expenses borne by us with respect to the CLO I Transaction, the CLO II Transaction, the CLO III Transaction, the CLO IV Transaction, the CLO V Transaction, the CLO VI Transaction, the CLO VII Transaction, and the CLO X Transaction but does not include fees payable to but waived by the Adviser for serving as collateral manager to the CLO Issuers.

## Example

The following example demonstrates the projected dollar amount of total cumulative expenses over various periods with respect to a hypothetical investment in our common stock. In calculating the following expense amounts, we have assumed we would have no additional leverage and that our annual operating expenses would remain at the levels set forth in the table above. Transaction expenses are included in the following example.

	1 year	3 years	5 years	10 years
You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return from realized capital gains	\$ 127	\$ 373	\$ 611	\$ 1,169

The foregoing table is to assist you in understanding the various costs and expenses that an investor in our common stock will bear directly or indirectly. While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. Because the income portion of the Incentive Fee under the Investment Advisory Agreement is unlikely to be significant assuming a 5% annual return, the example assumes that the 5% annual return will be generated entirely through the realization of capital gains on our assets and, as a result, will trigger the payment of the capital gains portion of the Incentive Fee under the Investment Advisory Agreement. The income portion of the Incentive Fee under the Investment Advisory Agreement, which, assuming a 5% annual return, would either not be payable or have an immaterial impact on the expense amounts shown above, is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an Incentive Fee of a material amount, our expenses, and returns to our investors, would be higher. In addition, while the example assumes reinvestment of all dividends and distributions at net asset value, if our Board authorizes and we declare a cash dividend, participants in our dividend reinvestment plan who have not otherwise elected to receive cash will receive a number of shares of our common stock, determined by dividing the total dollar amount of the dividend payable to a participant by the market price per share of our common stock at the close of trading on the valuation date for the dividend. See “*Dividend Reinvestment Plan*” for additional information regarding our dividend reinvestment plan.

This example and the expenses in the table above should not be considered a representation of our future expenses, and actual expenses (including the cost of debt, if any, and other expenses) may be greater or less than those shown.

## Item 6. Reserved.

## Item 7. Management’s Discussion and Analysis of Financial Condition and Results of Operations

The information contained in this section should be read in conjunction with “ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA”. This discussion contains forward-looking statements, which relate to future events or the future performance or financial condition of Blue Owl Capital Corporation and involves numerous risks and uncertainties, including, but not limited to, those described in “ITEM 1A. RISK FACTORS.” This discussion also should be read in conjunction with the “Cautionary Statement Regarding Forward Looking Statements” set forth on page 1 of this Annual Report on Form 10-K. Actual results could differ materially from those implied or expressed in any forward-looking statements.

### Overview

Blue Owl Capital Corporation (the “Company”, “we”, “us” or “our”) is a Maryland corporation formed on October 15, 2015. Our investment objective is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Our investment strategy focuses on primarily originating and making loans to, and making debt and equity investments in, U.S. middle-market companies. We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity. We may hold our investments directly or through special purpose vehicles.

We are managed by Blue Owl Credit Advisors LLC (“the Adviser” or “our Adviser”). The Adviser is registered with the U.S. Securities and Exchange Commission (the “SEC”) as an investment adviser under the Investment Advisers Act of 1940, as amended (the “Advisers Act”), an indirect affiliate of Blue Owl Capital Inc. (“Blue Owl”) (NYSE: OWL) and part of Blue Owl’s Credit platform, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies. Subject to the overall supervision of our board of directors (“the Board” or “our Board”), the Adviser manages our day-to-day operations, and provides investment advisory and management services to us. The Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees. The Adviser is responsible for managing our business and activities, including sourcing investment opportunities, conducting research, performing diligence on potential investments, structuring our investments, and monitoring our portfolio companies on an ongoing basis through a team of investment professionals.

Since July 6, 2023, our common stock trades on the NYSE under the symbol “OBDC.”

The Adviser also serves as investment adviser to Blue Owl Capital Corporation II and Blue Owl Credit Income Corp.

Blue Owl consists of three investment platforms: (1) Credit, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies, (2) GP Strategic Capital, which primarily focuses on acquiring equity stakes in, or providing debt financing to, large, multi-product private equity and private credit firms and (3) Real Assets, which primarily focuses on the strategies of net lease real estate and real estate credit. The direct lending strategy of Blue Owl’s Credit platform is comprised of the Adviser, Blue Owl Technology Credit Advisors LLC (“OTCA”), Blue Owl Technology Credit Advisors II LLC (“OTCA II”), Blue Owl Credit Private Fund Advisors LLC (“OPFA”) and Blue Owl Diversified Credit Advisors LLC (“ODCA” and together with the Adviser, OTCA, OTCA II, and OPFA, the “Blue Owl Credit Advisers”), which also are registered investment advisers. As of December 31, 2024, the Adviser and its affiliates had \$135.71 billion of assets under management across Blue Owl’s Credit platform.

The management of our investment portfolio is the responsibility of the Adviser and the Diversified Lending Investment Committee. The Investment Team is led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer and is supported by certain members of the Adviser’s senior executive team and Blue Owl’s Credit platform’s direct lending investment committees. Blue Owl’s four direct lending investment committees focus on a specific investment strategy (Diversified Lending, Technology Lending, First Lien Lending and Opportunistic Lending). Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged sit on each of Blue Owl’s direct lending investment committees. In addition to Messrs. Ostrover, Lipschultz, Packer and Maged, the Diversified Lending Investment Committee is comprised of Patrick Linnemann, Meenal Mehta and Logan Nicholson. We consider the individuals on the Diversified Lending Investment Committee to be our portfolio managers. The Investment Team, under the Diversified Lending Investment Committee’s supervision, sources investment opportunities, conducts research, performs due diligence on potential investments, structures our investments and will monitor our portfolio companies on an ongoing basis.

The Diversified Lending Investment Committee meets regularly to consider our investments, direct our strategic initiatives and supervise the actions taken by the Adviser on our behalf. In addition, the Diversified Lending Investment Committee reviews and determines whether to make prospective investments (including approving parameters or guidelines pursuant to which investments in broadly syndicated loans may be bought and sold), structures financings and monitors the performance of the investment portfolio. Each investment opportunity requires the approval of a majority of the Diversified Lending Investment Committee. Follow-on investments in existing portfolio companies may require the Diversified Lending Investment Committee’s approval beyond that obtained when the initial investment in the portfolio company was made. In addition, temporary investments, such as those in cash equivalents, U.S. government securities and other high quality debt investments that mature in one year or less, may require approval by the Diversified Lending Investment Committee. The compensation packages of Diversified Lending Investment Committee members from the Adviser include various combinations of discretionary bonuses and variable incentive compensation based primarily on performance for services provided and may include shares of Blue Owl.

We may be prohibited under the Investment Company Act of 1940, as amended (the “1940 Act”) from participating in certain transactions with our affiliates without the prior approval of our directors who are not interested persons and, in some cases, the prior approval of the SEC. We rely on an order for exemptive relief (as amended, the “Order”) that has been granted to the Adviser and certain of its affiliates, including us, by the SEC that permits us to co-invest with other funds managed by our Adviser or certain of its affiliates, in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to the Order, we generally are permitted to co-invest with certain of our affiliates if a “required majority” (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transactions, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing and (4) the proposed investment by us would not benefit our Adviser, the other affiliated funds that are participating in the investment, or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, we have received an amendment to the Order to permit us to participate in follow-on investments in our existing portfolio companies with certain affiliates that are private funds, when such private funds did not have an investment in such existing portfolio company.

The Blue Owl Credit Advisers’ investment allocation policy seeks to ensure equitable allocation of investment opportunities over time between us and other funds managed by our Adviser or its affiliates. As a result of the Order, there could be significant overlap in our investment portfolio and the investment portfolio of the business development companies (“BDCs”), private funds and separately managed accounts managed by the Blue Owl Credit Advisers (collectively, the “Blue Owl Credit Clients”) and/or other funds managed by the Adviser or its affiliates that avail themselves of the Order.

On April 27, 2016, we formed a wholly-owned subsidiary, OR Lending LLC, a Delaware limited liability company, which holds a California finance lenders license. OR Lending LLC makes loans to borrowers headquartered in California. From time to time we may form wholly-owned subsidiaries to facilitate our normal course of business.

Certain consolidated subsidiaries of ours are subject to U.S. federal and state corporate-level income taxes.

We have elected to be regulated as a BDC under the 1940 Act and as a regulated investment company (“RIC”) for tax purposes under the Internal Revenue Code of 1986, as amended (the “Code”). As a result, we are required to comply with various statutory and regulatory requirements, such as:

- the requirement to invest at least 70% of our assets in “qualifying assets”, as such term is defined in the 1940 Act;
- source of income limitations;
- asset diversification requirements; and
- the requirement to distribute (or be treated as distributing) in each taxable year at least 90% of our investment company taxable income and tax-exempt interest for that taxable year.

On January 13, 2025, we consummated the transactions contemplated by the Agreement and Plan of Merger (the “Merger Agreement”), dated August 7, 2024, with Blue Owl Capital Corporation III, a Maryland corporation (“OBDE”), Cardinal Merger Sub, Inc., a Maryland corporation and our wholly-owned subsidiary (“Merger Sub”), and, solely for the limited purposes set forth therein, the Adviser, and ODCA, investment adviser to OBDE. In connection therewith, Merger Sub merged with and into OBDE, with OBDE continuing as the surviving company and our wholly-owned subsidiary (the “Initial Merger”) and, immediately thereafter, OBDE merged with and into us, and we continued as the surviving company (together with the Initial Merger, the “Mergers”). See “*Recent Developments*” for additional discussion of the Mergers.

## Our Investment Framework

Our investment objective is to generate current income, and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. Our investment strategy focuses primarily on originating and making loans to, and making debt and equity investments in, U.S. middle-market companies. Since our Adviser and its affiliates began investment activities in April 2016 through December 31, 2024, our Adviser and its affiliates have originated \$141.83 billion aggregate principal amount of investments, of which \$137.87 billion of aggregate principal amount of investments prior to any subsequent exits or repayments, was retained by either us or a corporation or fund advised by our Adviser or its affiliates. We seek to participate in transactions sponsored by what we believe to be high-quality private equity and venture capital firms capable of providing both operational and financial resources. We seek to generate current income primarily in U.S. middle-market companies, both sponsored and non-sponsored, through direct originations of senior secured loans or originations of unsecured loans, subordinated loans or mezzanine loans, broadly syndicated loans and, to a lesser extent, investments in equity and equity-related securities including warrants, preferred stock and similar forms of senior equity. Except for our specialty financing company investments, our equity investments are typically not control-oriented investments and we may structure such equity investments to include provisions protecting our rights as a minority-interest holder.

We define “middle-market companies” generally to mean companies with earnings before interest expense, income tax expense, depreciation and amortization, or “EBITDA,” between \$10 million and \$250 million annually and/or annual revenue of \$50 million to \$2.5 billion at the time of investment. We may on occasion invest in smaller or larger companies if an attractive opportunity presents itself, especially when there are dislocations in the capital markets, including the high yield and large syndicated loan markets. We generally seek to invest in upper middle-market companies with a loan-to-value ratio (the amount of outstanding debt as a percentage of the value of the company) of 50% or below.

We expect that generally our portfolio composition will be majority debt or income producing securities, which may include “covenant-lite” loans (as defined below), with a lesser allocation to equity or equity-linked opportunities, which we may hold directly or through special purpose vehicles. In addition, we may invest a portion of our portfolio in opportunistic investments and broadly syndicated loans, which will not be our primary focus, but will be intended to enhance returns to our shareholders and from time to time, we may evaluate and enter into strategic portfolio transactions which may result in additional portfolio companies which we are considered to control. These investments may include high-yield bonds and broadly-syndicated loans, including publicly traded debt instruments, which are typically originated and structured by banks on behalf of large corporate borrowers with employee counts, revenues, EBITDAs and enterprise values larger than those of middle-market companies described above, and equity investments in portfolio companies that make senior secured loans or invest in broadly syndicated loans or structured products, such as life settlements and royalty interests. In addition, we generally do not intend to invest more than 20% of our total assets in companies whose principal place of business is outside the United States, although we do not generally intend to invest in companies whose principal place of business is in an emerging market. Our portfolio composition may fluctuate from time to time based on market conditions and interest rates.

Covenants are contractual restrictions that lenders place on companies to limit the corporate actions a company may pursue. Generally, the loans in which we expect to invest will have financial maintenance covenants, which are used to proactively address materially adverse changes in a portfolio company’s financial performance. However, to a lesser extent, we may invest in “covenant-lite” loans. We use the term “covenant-lite” to refer generally to loans that do not have a complete set of financial maintenance covenants. Generally, “covenant-lite” loans provide borrower companies more freedom to negatively impact lenders because their covenants are incurrence-based, which means they are only tested and can only be breached following an affirmative action of the borrower, rather than by a deterioration in the borrower’s financial condition. Accordingly, to the extent we invest in “covenant-lite” loans, we may have fewer rights against a borrower and may have a greater risk of loss on such investments as compared to investments in or exposure to loans with financial maintenance covenants.

We target portfolio companies where we can structure larger transactions. As of December 31, 2024, our average debt investment size in each of our portfolio companies was approximately \$53.1 million based on fair value. The investment size will vary with the size of our capital base. As of December 31, 2024, excluding certain investments that fall outside of our typical borrower profile, our portfolio companies representing 93.0% of our total debt portfolio based on fair value, had weighted average annual revenue of \$912.7 million, weighted average annual EBITDA of \$201.7 million, an average interest coverage of 1.6x and an average net loan-to value of 44%.

The companies in which we invest use our capital to support their growth, acquisitions, market or product expansion, refinancings and/or recapitalizations. The debt in which we invest typically is not rated by any rating agency, but if these instruments were rated, they would likely receive a rating of below investment grade (that is, below BBB- or Baa3), which is often referred to as “high yield” or “junk”.

## Key Components of Our Results of Operations

### *Investments*

We focus primarily on the direct origination of loans to middle-market companies domiciled in the United States.

Our level of investment activity (both the number of investments and the size of each investment) can and will vary substantially from period to period depending on many factors, including the amount of debt and equity capital available to middle-market companies, the level of merger and acquisition activity for such companies, the general economic environment and the competitive environment for the types of investments we make.

In addition, as part of our risk strategy on investments, we may reduce the levels of certain investments through partial sales or syndication to additional lenders.

### *Revenues*

We generate revenues primarily in the form of interest income from the investments we hold. In addition, we generate income from dividends on either direct equity investments or equity interests obtained in connection with originating loans, such as options, warrants or conversion rights. Our debt investments typically have a term of three to ten years. As of December 31, 2024, 96.4% of our debt investments based on fair value bear interest at a floating rate, subject to interest rate floors, in certain cases. Interest on our debt investments is generally payable either monthly or quarterly.

Our investment portfolio consists primarily of floating rate loans, and our credit facilities bear interest at floating rates. Macro trends in base interest rates like the Secured Overnight Financing Rate (“SOFR”) and any alternative reference rates may affect our net investment income over the long term. However, because we generally originate loans to a small number of portfolio companies each quarter, and those investments vary in size, our results in any given period, including the interest rate on investments that were sold or repaid in a period compared to the interest rate of new investments made during that period, often are idiosyncratic, and reflect the characteristics of the particular portfolio companies that we invested in or exited during the period and not necessarily any trends in our business or macro trends. Generally, because our portfolio consists primarily of floating rate loans, we expect our earnings to benefit from a prolonged higher rate environment.

Loan origination fees, original issue discount and market discount or premium are capitalized, and we accrete or amortize such amounts under U.S. generally accepted accounting principles (“U.S. GAAP”) as interest income using the effective yield method for term instruments and the straight-line method for revolving or delayed draw instruments. Repayments of our debt investments can reduce interest income from period to period. The frequency or volume of these repayments may fluctuate significantly. We record prepayment premiums on loans as interest income. We may also generate revenue in the form of commitment, loan origination, structuring, or due diligence fees, fees for providing managerial assistance to our portfolio companies and possibly consulting fees.

Dividend income on equity investments is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly traded companies.

Our portfolio activity also reflects the proceeds from sales of investments. We recognize realized gains or losses on investments based on the difference between the net proceeds from the disposition and the amortized cost basis of the investment without regard to unrealized gains or losses previously recognized. We record current period changes in fair value of investments that are measured at fair value as a component of the net change in unrealized gains (losses) on investments in the consolidated statement of operations.

### *Expenses*

Our primary operating expenses include the payment of the management fee, the incentive fee, expenses reimbursable under the Administration Agreement and Investment Advisory Agreement, legal and professional fees, interest and other debt expenses and other operating expenses. The management fee and incentive fee compensate our Adviser for work in identifying, evaluating, negotiating, closing, monitoring and realizing our investments.

Except as specifically provided below, all investment professionals and staff of the Adviser, when and to the extent engaged in providing investment advisory and management services to us, the base compensation, bonus and benefits, and the routine overhead expenses of such personnel allocable to such services, are provided and paid for by the Adviser. We bear our allocable portion of the compensation paid by the Adviser (or its affiliates) to our Chief Compliance Officer and Chief Financial Officer and their respective staffs (based on a percentage of time such individuals devote, on an estimated basis, to our business affairs). We bear all other costs and expenses of our operations, administration and transactions, including, but not limited to (i) investment advisory fees, including management fees and incentive fees, to the Adviser, pursuant to the Investment Advisory Agreement; (ii) our allocable portion of overhead and other expenses incurred by the Adviser in performing its administrative obligations under the Administration Agreement; and (iii) all other costs and expenses of its operations and transactions including, without limitation, those relating to:

- the cost of our organization and offerings;
- the cost of calculating our net asset value, including the cost of any third-party valuation services;
- the cost of effecting any sales and repurchases of our common stock and other securities;
- fees and expenses payable under any dealer manager agreements, if any;

- debt service and other costs of borrowings or other financing arrangements;
- costs of hedging;
- expenses, including travel expense, incurred by the Adviser, or members of the investment team, or payable to third parties, performing due diligence on prospective portfolio companies and, if necessary, enforcing our rights;
- transfer agent and custodial fees;
- fees and expenses associated with marketing efforts;
- federal and state registration fees, any stock exchange listing fees and fees payable to rating agencies;
- federal, state and local taxes;
- independent directors' fees and expenses including certain travel expenses;
- costs of preparing financial statements and maintaining books and records and filing reports or other documents with the SEC (or other regulatory bodies) and other reporting and compliance costs, including registration and listing fees, and the compensation of professionals responsible for the preparation of the foregoing;
- costs of any reports, proxy statements or other notices to our shareholders (including printing and mailing costs), the costs of any shareholder or director meetings and the compensation of investor relations personnel responsible for the preparation of the foregoing and related matters;
- commissions and other compensation payable to brokers or dealers;
- research and market data;
- fidelity bond, directors' and officers' errors and omissions liability insurance and other insurance premiums;
- direct costs and expenses of administration, including printing, mailing, long distance telephone and staff;
- fees and expenses associated with independent audits, outside legal and consulting costs;
- costs of winding up;
- costs incurred in connection with the formation or maintenance of entities or vehicles to hold our assets for tax or other purposes;
- extraordinary expenses (such as litigation or indemnification); and
- costs associated with reporting and compliance obligations under the 1940 Act and applicable federal and state securities laws.

We expect, but cannot assure, that our general and administrative expenses will increase in dollar terms during periods of asset growth, but will decline as a percentage of total assets during such periods.

#### ***Leverage***

The amount of leverage we use in any period depends on a variety of factors, including cash available for investing, the cost of financing and general economic and market conditions. Generally, our total borrowings are limited so that we cannot incur additional borrowings, including through the issuance of additional debt securities, if such additional indebtedness would cause our asset coverage ratio to fall below 200% or 150%, if certain requirements are met. This means that generally, \$1 for every \$1 of investor equity (or, if certain conditions are met, we can borrow up to \$2 for every \$1 of investor equity). In any period, our interest expense will depend largely on the extent of our borrowing, and we expect interest expense will increase as we increase our debt outstanding. In addition, we may dedicate assets to financing facilities. On June 8, 2020, we received shareholder approval for the application of the modified asset coverage requirements set forth in Section 61(a)(2) of the 1940 Act, as amended by the Small Business Credit Availability Act. As a result, effective on June 9, 2020, our asset coverage requirement applicable to senior securities was reduced from 200% to 150%. Our current target leverage ratio is 0.90x-1.25x.

#### ***Market Trends***

We believe the middle-market lending environment provides opportunities for us to meet our goal of making investments that generate attractive risk-adjusted returns.

***Limited Availability of Capital for Middle-Market Companies.*** The middle-market is a large addressable market. According to GE Capital's National Center for the Middle Market Year-End 2024 Middle Market Indicator, there are approximately 200,000 U.S. middle-market companies, which have approximately 48 million aggregate employees. Moreover, the U.S. middle-market accounts for one-third of private sector gross domestic product ("GDP"). GE defines U.S. middle-market companies as those between \$10 million and \$1 billion in annual revenue, which we believe has significant overlap with our definition of U.S. middle-market companies. We believe U.S. middle-market companies will continue to require access to debt capital to refinance existing debt, support growth and finance acquisitions. We believe that regulatory and structural factors, industry consolidation and general risk aversion, limit the amount of traditional financing available to U.S. middle-market companies. We believe that many commercial and investment banks have, in recent years, de-emphasized their service and product offerings to middle-market businesses in favor of lending to large corporate clients and managing capital markets transactions. In addition, these lenders may be constrained in their ability to underwrite and hold bank loans and high yield securities for middle-market issuers as they seek to meet existing and future regulatory capital requirements. We also believe that there is a lack of market participants that are willing to hold meaningful amounts of certain middle-market loans. As a result, we believe our ability to minimize syndication risk for a company seeking financing by

being able to hold its loans without having to syndicate them, coupled with reduced capacity of traditional lenders to serve the middle-market, present an attractive opportunity to invest in middle-market companies.

**Capital Markets Have Been Unable to Fill the Void in U.S. Middle-Market Finance Left by Banks** Access to underwritten bond and syndicated loan markets is challenging for middle-market companies due to loan issue size and liquidity. For example, high yield bonds are generally purchased by institutional investors, such as mutual funds and exchange traded funds (“ETFs”) who, among other things, are focused on the liquidity characteristics of the bond being issued in order to fund investor redemptions and/or comply with regulatory requirements. Accordingly, the existence of an active secondary market for bonds is an important consideration in these entities’ initial investment decision. Syndicated loans arranged through a bank are done either on a “best efforts” basis or are underwritten with terms plus provisions that permit the underwriters to change certain terms, including pricing, structure, yield and tenor, otherwise known as “flex”, to successfully syndicate the loan, in the event the terms initially marketed are insufficiently attractive to investors. Furthermore, banks are generally reluctant to underwrite middle-market loans because the arrangement fees they may earn on the placement of the debt generally are not sufficient to meet the banks’ return hurdles. Loans provided by companies such as ours provide certainty to issuers in that we have a more stable capital base and have the ability to invest in illiquid assets, and we can commit to a given amount of debt on specific terms, at stated coupons and with agreed upon fees. As we are the ultimate holder of the loans, we do not require market “flex” or other arrangements that banks may require when acting on an agency basis. In addition, our Adviser has teams focused on both liquid credit and private credit and these teams are able to collaborate with respect to syndicated loans.

**Secular Trends Supporting Growth for Private Credit.** We believe that periods of market volatility, such as the current period of market volatility caused, in part, by uncertainty regarding inflation and interest rates, and current geopolitical conditions, have accentuated the advantages of private credit. The availability of capital in the liquid credit market is highly sensitive to market conditions whereas we believe private lending has proven to be a stable and reliable source of capital through periods of volatility. We believe the opportunity set for private credit will continue to expand even as the public markets remain open. Financial sponsors and companies today are familiar with direct lending and have seen firsthand the strong value proposition that a private solution can offer. Scale, certainty of execution and flexibility all provide borrowers with a compelling alternative to the syndicated and high yield markets. Based on our experience, there is an emerging trend where higher quality credits that have traditionally been issuers in the syndicated and high yield markets are increasingly seeking private solutions independent of credit market conditions. In our view, this is supported by financial sponsors wanting to work with collaborative financing partners that have scale and breadth of capabilities. We believe the large amount of uninvested capital held by funds of private equity firms broadly, estimated by Preqin Ltd., an alternative assets industry data and research company, to be \$2.6 trillion as of December 31, 2024, will continue to drive deal activity. We expect that private equity sponsors will continue to pursue acquisitions and leverage their equity investments with secured loans provided by companies such as us.

**Attractive Investment Dynamics.** An imbalance between the supply of, and demand for, middle-market debt capital creates attractive pricing dynamics. We believe the directly negotiated nature of middle-market financings also generally provides more favorable terms to the lender, including stronger covenant and reporting packages, better call protection, and lender-protective change of control provisions. Additionally, we believe BDC managers’ expertise in credit selection and ability to manage through credit cycles has generally resulted in BDCs experiencing lower loss rates than U.S. commercial banks through credit cycles. Further, we believe that historical middle-market default rates have been lower, and recovery rates have been higher, as compared to the larger market capitalization, broadly distributed market, leading to lower cumulative losses. Lastly, we believe that in the current environment, lenders with available capital may be able to take advantage of attractive investment opportunities as the economy reopens and may be able to achieve improved economic spreads and documentation terms.

**Conservative Capital Structures.** Following the global credit crisis, which we define broadly as occurring between mid-2007 and mid-2009, lenders have generally required borrowers to maintain more equity as a percentage of their total capitalization, specifically to protect lenders during economic downturns. With more conservative capital structures, U.S. middle-market companies have exhibited higher levels of cash flows available to service their debt. In addition, U.S. middle-market companies often are characterized by simpler capital structures than larger borrowers, which facilitates a streamlined underwriting process and, when necessary, restructuring process.

**Attractive Opportunities in Investments in Loans.** We invest in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities. We believe that opportunities in senior secured loans are significant because of the floating rate structure of most senior secured debt issuances and because of the strong defensive characteristics of these types of investments. We believe that debt issues with floating interest rates offer a superior return profile as compared with fixed-rate investments, since floating rate structures are generally less susceptible to declines in value experienced by fixed-rate securities in a rising interest rate environment. Senior secured debt also provides strong defensive characteristics. Senior secured debt has priority in payment among an issuer’s security holders whereby holders are due to receive payment before junior creditors and equity holders. Further, these investments are secured by the issuer’s assets, which may provide protection in the event of a default.

## Portfolio and Investment Activity

As of December 31, 2024, based on fair value, our portfolio consisted of 75.6% first lien senior secured debt investments (of which 51.0% we consider to be unitranche debt investments (including “last out” portions of such loans)), 5.4% second lien senior secured debt investments, 2.3% unsecured debt investments, 2.8% preferred equity investments, 11.7% common equity investments and 2.2% joint ventures.

As of December 31, 2024, our weighted average total yield of the portfolio at fair value and amortized cost was 10.4% and 10.4%, respectively, and our weighted average yield of accruing debt and income producing securities at fair value and amortized cost was 11.1% and 11.2%, respectively. Refer to our weighted average yields and interest rates table for more information on our calculation of weighted average yields. As of December 31, 2024, the weighted average spread of total debt investments was 6.2%.

As of December 31, 2024, we had investments in 227 portfolio companies with an aggregate fair value of \$13.19 billion. As of December 31, 2024 we had net leverage of 1.19x debt-to-equity, which is within our target range.

The current lending environment is challenging as the broadly syndicated loan markets have remained active while merger and acquisition activity remains below historical levels; however, our platform continues to find attractive investment opportunities for deployment, predominantly in first lien originations. In addition, a large portion of our originations across the platform this quarter were deployed into existing borrowers as part of add-on transactions.

The credit quality of our portfolio has been consistent. We continue to focus on investing in industries we view as recession resistant and that we are familiar with, including service-oriented sectors such as software and healthcare, all of which serve diversified and durable end markets. Blue Owl serves as the administrative agent on many of our investments and the majority of our investments are supported by sophisticated financial sponsors who provide operational and financial resources. Our borrowers have a weighted average EBITDA of \$201.7 million and we believe this scale contributes to the durability of our borrowers and their ability to adapt to different economic environments. In addition, Blue Owl’s direct lending strategy continues to invest in, and is often the lead lender or administrative agent on, transactions in excess of \$1 billion in size, which gives us the ability to structure the terms of such deals to maximize deal economics and credit protection. The average hold size of Blue Owl’s direct lending strategy’s new investments has also increased to approximately \$350 million (from approximately \$200 million in 2021) and average total new deal size has increased to approximately \$1.0 billion (from approximately \$600 million in 2021).

Many of the companies in which we invest are continuing to see modest growth in both revenues and EBITDA. However, in the event of further geopolitical, economic and financial market instability, in the U.S. and elsewhere, it is possible that the results of some of the middle-market companies similar to those in which we invest could be challenged. While we are not seeing signs of an overall, broad deterioration in our results or those of our portfolio companies at this time, there can be no assurance that the performance of certain of our portfolio companies will not be negatively impacted by economic conditions, which could have a negative impact on our future results.

We also continue to invest in Credit SLF and specialty financing portfolio companies, including Wingspire Capital Holdings LLC (“Wingspire”), Fifth Season Investments LLC (“Fifth Season”), LSI Financing 1 DAC (“LSI Financing DAC”) and LSI Financing LLC (“LSI Financing LLC”), and AAM Series 1.1 Rail and Domestic Intermodal Feeder, LLC and AAM Series 2.1 Aviation Feeder, LLC (collectively, “Amergin AssetCo”). In the future we may invest through additional specialty finance portfolio companies, joint ventures, partnerships or other special purpose vehicles. These companies may use our capital to support acquisitions which could continue to lead to increased dividend income supported by well-diversified underlying portfolios. See “*Specialty Financing Portfolio Companies*” and “*Joint Ventures*.”

The table below presents our investment activity for the following periods (information presented herein is at par value unless otherwise indicated):

(\$ in thousands)	For the Years Ended December 31,		
	2024	2023	2022
<b>New investment commitments</b>			
Gross originations	\$ 7,384,171	\$ 2,165,911	\$ 1,997,087
Less: Sell downs	(53,334)	(10,803)	(224,665)
Total new investment commitments	\$ 7,330,837	\$ 2,155,108	\$ 1,772,422
<b>Principal amount of investments funded:</b>			
First-lien senior secured debt investments	\$ 5,102,264	\$ 1,523,503	\$ 788,718
Second-lien senior secured debt investments	30,000	—	6,883
Unsecured debt investments	132,135	—	90,451
Preferred equity investments	3,079	36,377	90,110
Common equity investments	324,269	86,457	131,777
Joint ventures <sup>(3)</sup>	337,596	34,125	69,125
Total principal amount of investments funded	\$ 5,929,343	\$ 1,680,462	\$ 1,177,064
<b>Principal amount of investments sold or repaid:</b>			
First-lien senior secured debt investments	\$ (3,577,170)	\$ (2,069,540)	\$ (1,116,583)
Second-lien senior secured debt investments	(1,026,330)	(97,713)	(29,800)
Unsecured debt investments	(152,427)	(193)	(31,427)
Preferred equity investments	(61,575)	(6,952)	(22,843)
Common equity investments	(73,268)	(195)	(7,350)
Joint ventures <sup>(3)</sup>	(191,151)	—	—
Total principal amount of investments sold or repaid	\$ (5,081,921)	\$ (2,174,593)	\$ (1,208,003)
<b>Number of new investment commitments in new portfolio companies<sup>(1)</sup></b>	93	32	52
<b>Average new investment commitment amount</b>	56,012	53,397	22,757
<b>Weighted average term for new debt investment commitments (in years)</b>	5.4	5.6	5.6
<b>Percentage of new debt investment commitments at floating rates</b>	98.1 %	96.2 %	96.2 %
<b>Percentage of new debt investment commitments at fixed rates</b>	1.9 %	3.8 %	4.9 %
<b>Weighted average interest rate of new debt investment commitments<sup>(2)</sup></b>	9.7 %	11.7 %	10.4 %
<b>Weighted average spread over applicable base rate of new floating rate debt investment commitments</b>	5.3 %	6.3 %	6.9 %

(1) Number of new investment commitments represents commitments to a particular portfolio company.

(2) For the years ended December 31, 2024, 2023 and 2022, assumes each floating rate commitment is subject to the greater of the interest rate floor (if applicable) or 3-month SOFR, which was 4.31%, 5.33% and 4.59% as of December 31, 2024, 2023 and 2022, respectively.

(3) This was disclosed as "Investment funds and vehicles" as of December 31, 2022.

The table below presents our investments as of the following periods:

(\$ in thousands)	December 31, 2024		December 31, 2023	
	Amortized Cost	Fair Value	Amortized Cost	Fair Value
First-lien senior secured debt investments <sup>(1)(3)</sup>	\$ 10,079,065	\$ 9,974,880	\$ 8,703,586	\$ 8,660,754
Second-lien senior secured debt investments	877,564	706,800	1,858,354	1,774,984
Unsecured debt investments	303,418	301,956	300,744	292,751
Preferred equity investments <sup>(4)</sup>	375,749	371,744	429,872	433,297
Common equity investments <sup>(5)</sup>	1,240,171	1,543,689	986,682	1,208,776
Joint ventures <sup>(2)</sup>	293,423	295,476	352,964	342,786
<b>Total Investments</b>	<b>\$ 13,169,390</b>	<b>\$ 13,194,545</b>	<b>\$ 12,632,202</b>	<b>\$ 12,713,348</b>

(1) Includes debt investments in Amergin AssetCo.

(2) Includes equity investments in OBDC SLF as of December 31, 2023 and Credit SLF as of December 31, 2024.

(3) 51% and 65% of which we consider unitranche loans as of December 31, 2024 and December 31, 2023, respectively.

(4) Includes equity investments in LSI Financing DAC.

(5) Includes equity investments in Wingspire, Amergin AssetCo, Fifth Season and LSI Financing LLC.

- (1) Includes equity investments in Wingspire and debt and equity investments in Amergin AssetCo.  
(2) Includes equity investments in OBDC SLF as of December 31, 2023 and Credit SLF as of December 31, 2024.  
(3) Includes equity investment in Fifth Season.  
(4) Includes equity investments in LSI Financing DAC and LSI Financing LLC.

The table below presents investments by geographic composition based on fair value as of the following periods:

	December 31, 2024	December 31, 2023
<b>United States:</b>		
Midwest	19.7 %	17.6 %
Northeast	18.6	19.3
South	34.1	34.5
West	20.0	21.3
International	7.6	7.3
<b>Total</b>	<b>100.0 %</b>	<b>100.0 %</b>

The table below presents the weighted average yields and interest rates of our investments at fair value as of the following periods:

	December 31, 2024	December 31, 2023
Weighted average total yield of portfolio <sup>(1)</sup>	10.4 %	11.9 %
Weighted average total yield of debt and income producing securities <sup>(1)</sup>	11.1 %	12.4 %
Weighted average interest rate of debt securities	10.5 %	12.0 %
Weighted average spread over base rate of all floating rate debt investments	6.0 %	6.7 %

- (1) For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized.

The weighted average yield of our accruing debt and income producing securities is not the same as a return on investment for our shareholders but, rather, relates to our investment portfolio and is calculated before the payment of all of our and our subsidiaries' fees and expenses. The weighted average yield was computed using the effective interest rates as of each respective date, including accretion of original issue discount and loan origination fees, but excluding investments on non-accrual status, if any. There can be no assurance that the weighted average yield will remain at its current level.

Our Adviser monitors our portfolio companies on an ongoing basis. It monitors the financial trends of each portfolio company to determine if they are meeting their respective business plans and to assess the appropriate course of action with respect to each portfolio company. Our Adviser has several methods of evaluating and monitoring the performance and fair value of our investments, which may include the following:

- assessment of success of the portfolio company in adhering to its business plan and compliance with covenants;
- periodic and regular contact with portfolio company management and, if appropriate, the financial or strategic sponsor, to discuss financial position, requirements and accomplishments;
- comparisons to other companies in the portfolio company's industry; and
- review of monthly or quarterly financial statements and financial projections for portfolio companies.

An investment will be placed on the Adviser's credit watch list when select events occur and will only be removed from the watch list with oversight of the Diversified Lending Investment Committee and/or other agents of Blue Owl's Credit platform. Once an investment is on the credit watch list, the Adviser works with the borrower to resolve any financial stress through amendments, waivers or other alternatives. If a borrower defaults on its payment obligations, the Adviser's focus shifts to capital recovery. If an investment needs to be restructured, the Adviser's workout team partners with the investment team and all material amendments, waivers and restructurings require the approval of a majority of the Diversified Lending Investment Committee.

As part of the monitoring process, our Adviser employs an investment rating system to categorize our investments. In addition to various risk management and monitoring tools, our Adviser rates the credit risk of all investments on a scale of 1 to 5. This system is intended primarily to reflect the underlying risk of a portfolio investment relative to our initial cost basis in respect of such portfolio investment (i.e., at the time of origination or acquisition), although it may also take into account the performance of the portfolio company's business, the collateral coverage of the investment and other relevant factors. The rating system is as follows:

Investment Rating	Description
1	Investments rated 1 involve the least amount of risk to our initial cost basis. The borrower is performing above expectations, and the trends and risk factors for this investment since origination or acquisition are generally favorable;
2	Investments rated 2 involve an acceptable level of risk that is similar to the risk at the time of origination or acquisition. The borrower is generally performing as expected and the risk factors are neutral to favorable. All investments or acquired investments in new portfolio companies are initially assessed a rating of 2;
3	Investments rated 3 involve a borrower performing below expectations and indicates that the loan's risk has increased somewhat since origination or acquisition;
4	Investments rated 4 involve a borrower performing materially below expectations and indicates that the loan's risk has increased materially since origination or acquisition. In addition to the borrower being generally out of compliance with debt covenants, loan payments may be past due (but generally not more than 120 days past due); and
5	Investments rated 5 involve a borrower performing substantially below expectations and indicates that the loan's risk has increased substantially since origination or acquisition. Most or all of the debt covenants are out of compliance and payments are substantially delinquent. Loans rated 5 are not anticipated to be repaid in full and we will reduce the fair market value of the loan to the amount we anticipate will be recovered.

Our Adviser rates the investments in our portfolio at least quarterly and it is possible that the rating of a portfolio investment may be reduced or increased over time. For investments rated 3, 4 or 5, our Adviser enhances its level of scrutiny over the monitoring of such portfolio company.

The Adviser has built out its portfolio management team to include workout experts who closely monitor our portfolio companies and who, on at least a quarterly basis, assess each portfolio company's operational and liquidity exposure and outlook to understand and mitigate risks; and, on at least a monthly basis, evaluates existing and newly identified situations where operating results are deviating from expectations. As part of its monitoring process, the Adviser focuses on projected liquidity needs and where warranted, re-underwriting credits and evaluating downside and liquidation scenarios.

The Adviser focuses on downside protection by leveraging existing rights available under our credit documents; however, for investments that are significantly underperforming or which may need to be restructured, the Adviser's workout team partners with the Investment Team and all material amendments, waivers and restructurings require the approval of a majority of the Diversified Lending Investment Committee. As of December 31, 2024, only five of our portfolio companies are on non-accrual. Our annual gain/loss ratio is approximately (0.21)%.

The table below presents the composition of our portfolio on the 1 to 5 rating scale as of the following periods:

Investment Rating (\$ in thousands)	December 31, 2024		December 31, 2023	
	Investments at Fair Value	Percentage of Total Portfolio	Investments at Fair Value	Percentage of Total Portfolio
1	\$ 762,081	5.8 %	\$ 1,435,815	11.3 %
2	11,142,304	84.5	9,888,265	77.8
3	1,110,470	8.4	1,171,954	9.2
4	162,207	1.2	158,087	1.2
5	17,483	0.1	59,227	0.5
<b>Total</b>	<b>\$ 13,194,545</b>	<b>100.0 %</b>	<b>\$ 12,713,348</b>	<b>100.0 %</b>

The table below presents the amortized cost of our performing and non-accrual debt investments as of the following periods:

(\$ in thousands)	December 31, 2024		December 31, 2023	
	Amortized Cost	Percentage	Amortized Cost	Percentage
Performing	\$ 11,014,410	97.8 %	\$ 10,723,359	98.7 %
Non-accrual	245,679	2.2	139,325	1.3
<b>Total</b>	<b>\$ 11,260,089</b>	<b>100.0 %</b>	<b>\$ 10,862,684</b>	<b>100.0 %</b>

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

## Portfolio Companies

The following table sets forth certain information regarding each of the portfolio companies in which we had a debt or equity investment as of December 31, 2024. We offer to make available significant managerial assistance to our portfolio companies. We may receive rights to observe the meetings of our portfolio companies' board of directors. Other than these investments, our only relationships with our portfolio companies are the managerial assistance we may separately provide to our portfolio companies, which services would be ancillary to our investments. As of December 31, 2024, other than Credit SLF, Wingspire, Swipe Acquisition Corp. (dba PLI), PS Operating Company LLC (fka QC Supply, LLC), Eagle Infrastructure Super LLC, Walker Edison Furniture Company LLC, Fifth Season and Amergin AssetCo, we did not "control" any of our portfolio companies, and, other than LSI Financing DAC, LSI Financing LLC, Ideal Image Development, LLC and Pluralsight, Inc., we were not an "affiliate" of any of our portfolio companies, as defined in the 1940 Act. In general, under the 1940 Act, we would "control" a portfolio company if we owned 25.0% or more of its voting securities or has the power to exercise control over management or policies of such portfolio company (including through a management agreement) and would be an "affiliate" of a portfolio company if we owned five percent or more of its voting securities.

- (1) Loan contains a variable rate structure and may be subject to an interest rate floor. Variable rate loans bear interest at a rate that may be determined by reference to either the Secured Overnight Financing Rate (“SOFR” or “S,” which can include one-, three- or six- month SOFR), Euro Interbank Offered Rate (“EURIBOR”), Great Britain Pound London Interbank Offered Rate (“GBPLIBOR” or “G”, which can include three- or six-month GBPLIBOR), SONIA (“SONIA” or “SA”) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower’s option, and which reset periodically based on the terms of the loan agreement.
- (2) The interest rate on these loans is subject to 1 month SOFR, which as of December 31, 2024 was 4.33%.
- (3) The interest rate on these loans is subject to 3 month SOFR, which as of December 31, 2024 was 4.31%.
- (4) The interest rate on these loans is subject to 6 month SOFR, which as of December 31, 2024 was 4.25%.
- (5) The interest rate on these loans is subject to 12 month SOFR, which as of December 31, 2024 was 4.18%.
- (6) The interest rate on these loans is subject to Prime, which as of December 31, 2024 was 7.50%.
- (7) The interest rate on this loan is subject to 1 month EURIBOR, which as of December 31, 2024 was 2.85%.
- (8) The interest rate on this loan is subject to 3 month EURIBOR, which as of December 31, 2024 was 2.71%.
- (9) The interest rate on this loan is subject to SONIA, which as of December 31, 2024 was 4.70%.
- (10) The interest rate on this loan is subject to 3 month BBSY, which as of December 31, 2024 was 4.42%.
- (11) Investment contains a fixed-rate structure.
- (12) Position or portion thereof is an unfunded loan commitment. See “ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA – Note 7. Commitments and Contingencies.”
- (13) As defined in the 1940 Act, the Company is deemed to be an “affiliated person” of this portfolio company as the Company owns more than 5% but less than 25% of the portfolio company’s voting securities (“non-controlled affiliate”).
- (14) As defined in the 1940 Act, the Company is deemed to be both an “Affiliated Person” and has “Control” of this portfolio company as the Company owns more than 25% of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company (including through a management agreement). Other than for purposes of the 1940 Act, the Company does not believe that it has control over this portfolio company.

## Specialty Financing Portfolio Companies

### Wingspire

Wingspire is an independent diversified direct lender focused on providing asset-based commercial finance loans and related senior secured loans to U.S.-based middle-market borrowers. Wingspire offers a wide variety of asset-based financing solutions to businesses in an array of industries, including revolving credit facilities, machinery and equipment term loans, real estate term loans, first-in/last-out tranches, cash flow term loans, and opportunistic / bridge financings. We made our initial commitment to Wingspire on September 24, 2019, and subsequently made periodic additional commitments to increase our total commitment to \$500 million.

### Amergin

Amergin was created to invest in a leasing platform focused on railcar, aviation and other long-lived transportation assets. Amergin acquires existing on-lease portfolios of new and end-of-life railcars and related equipment and selectively purchases off-lease assets and is building a commercial aircraft portfolio through aircraft financing and engine acquisition on a sale and lease back basis. Amergin consists of Amergin AssetCo and Amergin Asset Management LLC, which has entered into a Servicing Agreement with Amergin AssetCo. We made an initial equity commitment to Amergin AssetCo on July 1, 2022. As of December 31, 2024 our commitment to Amergin AssetCo is \$229.6 million, of which \$138.9 million is equity and \$90.7 million is debt. As of December 31,

2024, the fair market value of our investment in Amergin Asset Management, LLC was \$0.8 million. We do not consolidate our equity interest in Amergin AssetCo.

*Fifth Season Investments LLC*

Fifth Season is a portfolio company created to invest in life insurance based assets, including secondary and tertiary life settlement and other life insurance exposures using detailed analytics, internal life expectancy review and sophisticated portfolio management techniques. On July 18, 2022, we made an initial equity investment in Fifth Season. As of December 31, 2024 our investment in Fifth Season was \$223.3 million at fair value. We do not consolidate our equity interest in Fifth Season.

*LSI Financing 1 DAC*

LSI Financing DAC is a portfolio company formed to acquire contractual rights to revenue pursuant to earnout agreements generally in the life sciences space. On December 14, 2022, we made an initial equity commitment to LSI Financing DAC. As of December 31, 2024, the fair value of our investment in LSI Financing DAC was \$4.8 million and our total commitment was \$4.7 million. We do not consolidate our equity interest in LSI Financing DAC.

*LSI Financing LLC*

LSI Financing LLC is a separately managed portfolio company formed to indirectly own royalty purchase agreements and loans in the life sciences space. On November 25, 2024, we redeemed a portion of our interest in LSI Financing 1 DAC in exchange for common shares of LSI Financing LLC. As of December 31, 2024, the fair value of our investment in LSI Financing LLC was \$158.8 million and our total commitment was \$159.2 million. We do not consolidate our equity interest in LSI Financing LLC.

**Joint Ventures**

*Blue Owl Credit SLF LLC*

On May 6, 2024, Blue Owl Credit SLF LLC (“Credit SLF”), a Delaware limited liability company, was formed as a joint venture between us, Blue Owl Capital Corporation II, Blue Owl Credit Income Corp., Blue Owl Technology Finance Corp., Blue Owl Technology Finance Corp. II, Blue Owl Technology Income Corp., and State Teachers Retirement System of Ohio (“OSTRS”) (each, a “Credit SLF Member” and collectively, the “Credit SLF Members”). The Credit SLF Members co-manage Credit SLF. Credit SLF’s principal purpose is to make investments in senior secured loans to middle-market companies, broadly syndicated loans and senior and subordinated notes issued by collateralized loan obligations. Credit SLF is managed by a board consisting of an equal number of representatives appointed by each Credit SLF Member and which acts unanimously. Investment decisions must be approved by Credit SLF’s board. Our investment in Credit SLF is a co-investment made with our affiliates in accordance with the terms of the exemptive relief that we received from the SEC. We do not consolidate our non-controlling interest in Credit SLF.

Refer to [Exhibit 99.2](#) for Credit SLF’s Supplemental Financial Information.

**Results of Operations**

The below table presents our operating results for the following periods:

(\$ in millions)	For the Years Ended December 31,		
	2024	2023	2022
Total Investment Income	\$ 1,596.8	\$ 1,582.1	\$ 1,202.0
Less: Operating expenses	844.1	815.7	639.5
Net Investment Income (Loss) Before Taxes	\$ 752.7	\$ 766.4	\$ 562.5
Less: Income tax expense (benefit), including excise tax expense (benefit)	11.6	12.8	5.8
Net Investment Income (Loss) After Taxes	\$ 741.1	\$ 753.6	\$ 556.7
Net change in unrealized gain (loss)	(50.2)	92.9	(94.5)
Net realized gain (loss)	(95.9)	(53.2)	4.1
<b>Net Increase (Decrease) in Net Assets Resulting from Operations</b>	<b>\$ 595.0</b>	<b>\$ 793.3</b>	<b>\$ 466.3</b>

Net increase (decrease) in net assets resulting from operations can vary from period to period as a result of various factors, including the level of new investment commitments, expenses, the recognition of realized gains and losses and changes in unrealized appreciation and depreciation on the investment portfolio. For the period ended December 31, 2024, our net asset value per share decreased, primarily driven by decreases in the fair value of certain investments.

## Investment Income

The table below presents investment income for the following periods:

(\$ in millions)	For the Years Ended December 31,		
	2024	2023	2022
Interest income from investments	\$ 1,200.0	\$ 1,229.7	\$ 940.0
Payment-in-kind interest income from investments	175.6	171.7	113.3
Dividend income from investments	198.0	165.0	129.5
Other income	23.2	15.7	19.2
<b>Total investment income</b>	<b>\$ 1,596.8</b>	<b>\$ 1,582.1</b>	<b>\$ 1,202.0</b>

For the years ended December 31, 2024 and 2023

Investment income increased to \$1.60 billion for the year ended December 31, 2024 from \$1.58 billion for the same period in prior year primarily due to an increase in dividend income and other income, partially offset by a decrease in the yield of our debt investment portfolio from 11.9% to 10.4% period over period. Included in investment income is dividend income which includes income earned from our controlled, affiliated and non-controlled, affiliated equity investments. Included in interest income are other fees such as prepayment fees and accelerated amortization of upfront fees from unscheduled paydowns which are non-recurring in nature. Fees received from unscheduled paydowns increased to \$44.7 million for the years ended December 31, 2024 from \$18.8 million for the same period in prior year due to an increase in repayment activity for the period. For the years ended December 31, 2024 and 2023, payment-in-kind income represented 13.3% and 13.2% of investment income, respectively. Dividend income increased to \$198.0 million from \$165.0 million in the prior period, primarily due to an increase in dividends earned from our controlled, affiliated and non-controlled, affiliated equity investments as well as a one-time dividend received from CD&R Value Building Partners I, L.P. (dba Belron) in the fourth quarter. Other income increased period over period due to an increase in incremental fee income, which are fees that are generally available to us as a result of closing investments and normally paid at the time of closing. We expect that investment income will vary based on a variety of factors including the pace of our originations and repayments.

For the years ended December 31, 2023 and 2022

Investment income increased to \$1.58 billion for the years ended December 31, 2023 from \$1.20 billion for the same period in prior year primarily due to an increase in our portfolio's weighted average yield from 11.0% as of December 31, 2022 to 11.9% as of December 31, 2023, partially offset by a decrease in our debt investments portfolio at par from \$11.7 billion as of December 31, 2022 to \$11.0 billion as of December 31, 2023. Included in investment income is dividend income which includes income earned from our controlled, affiliated and non-controlled, affiliated equity investments. Included in interest income are other fees such as prepayment fees and accelerated amortization of upfront fees from unscheduled paydowns which are non-recurring in nature. These fees increased to \$18.8 million for the year ended December 31, 2023 from \$11.8 million for the same period in prior year due to an increase in repayment activity for the period. For the years ended December 31, 2023 and 2022, payment-in-kind income represented 13.2% and 11.6% of investment income, respectively. Other income decreased period-over-period due to a decrease in incremental fee income, which are fees that are generally available to us as a result of closing investments and normally paid at the time of closing. We expect that investment income will vary based on a variety of factors including the pace of our originations and repayments.

## Expenses

The table below presents our expenses for the following periods:

(\$ in millions)	For the Years Ended December 31,		
	2024	2023	2022
Interest expense	\$ 464.9	\$ 436.3	\$ 307.5
Management fee	193.6	191.6	188.8
Performance based incentive fees	157.2	159.9	118.1
Professional fees	13.6	15.5	14.7
Directors' fees	1.3	1.3	1.1
Other general and administrative	13.5	11.1	9.3
<b>Total operating expenses</b>	<b>\$ 844.1</b>	<b>\$ 815.7</b>	<b>\$ 639.5</b>

Under the terms of the Administration Agreement, we reimburse the Adviser for services performed for us. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and we reimburse the Adviser for any services performed for us by such affiliate or third party.

*For the years ended December 31, 2024 and 2023*

Total expenses increased for the period ended December 31, 2024 compared to the same period in prior year, primarily driven by an increase in interest expense. Interest expense increased due to an increase in average interest rate period over period from 5.5% to 5.6% and an increase in daily average borrowings from \$7.4 billion to \$7.6 billion. As a percentage of total assets, management fees, incentive fees, professional fees, directors' fees and other general and administrative expenses remained relatively consistent period over period.

*For the years ended December 31, 2023 and 2022*

Total expenses increased to \$815.7 million for the years ended December 31, 2023 from \$639.5 million for the same period in the prior year primarily due to an increase in interest expense and incentive fees. The increase in interest expense was driven by an increase in average daily borrowings to \$7.4 billion from \$7.3 billion, coupled with an increase in the average interest rate to 5.5% from 3.7% period over period. Incentive fees increased primarily due to an increase in interest and dividend income period over period. As a percentage of total assets, management fees, professional fees, directors' fees and other general and administrative expenses remained relatively consistent period over period.

#### **Selected Financial Data**

The following table below sets forth our selected consolidated historical financial data as of and for the years ended December 31, 2024, 2023 and 2022. The selected consolidated historical financial data has been derived from our audited consolidated financial statements, which is included elsewhere in this Form 10-K and our SEC filings.

The selected consolidated financial information and other data presented below should be read in conjunction with our consolidated financial statements and notes thereto, which are included elsewhere in this Form 10-K, and the remainder of this "ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS."

	As of and for the Year Ended December 31,		
	2024	2023	2022

<b>Other Data:</b>			
Number of portfolio companies	227	193	184
Distributions declared per share	\$ 1.72	\$ 1.59	\$ 1.29
Total Return, based on market value <sup>(1)</sup>	14.7 %	43.3 %	(9.9)%
Total Return based on net asset value <sup>(2)</sup>	10.5 %	15.6 %	9.0 %
Weighted average total yield of portfolio at fair value <sup>(3)</sup>	10.4 %	11.9 %	11.0 %
Weighted average total yield of portfolio at amortized cost <sup>(3)</sup>	10.4 %	12.0 %	11.0 %
Weighted average yield of debt and income producing securities at fair value <sup>(3)</sup>	11.0 %	12.4 %	11.5 %
Weighted average yield of debt and income producing securities at amortized cost <sup>(3)</sup>	11.1 %	12.5 %	11.5 %
Fair value of debt investments as a percentage of principal	95.8 %	97.4 %	97.0 %

- (1) Total return based on market value is calculated as the change in market value per share during the respective periods, taking into account dividends and distributions, if any, reinvested in accordance with the Company's dividend reinvestment plan.
- (2) Total return based on net asset value is calculated as the change in net asset value ("NAV") per share during the period, plus distributions per share (assuming dividends and distributions, if any, are reinvested in accordance with the Company's dividend reinvestment plan), if any, divided by the beginning NAV per share.
- (3) For non-stated rate income producing investments, computed based on (a) the dividend or interest income earned for the respective trailing twelve months ended on the measurement date, divided by (b) the ending fair value. In instances where historical dividend or interest income data is not available or not representative for the trailing twelve months ended, the dividend or interest income is annualized.

Earnings (losses) per share - basic and diluted	\$ 0.11	\$ (0.09)	\$ 0.67	\$ 0.49

### Income Taxes, Including Excise Taxes

We have elected to be treated as a RIC under Subchapter M of the Code, and we intend to operate in a manner so as to continue to qualify for the tax treatment applicable to RICs. To qualify for tax treatment as a RIC, we must, among other things, distribute to our shareholders in each taxable year generally at least 90% of our investment company taxable income, as defined by the Code, and net tax-exempt income for that taxable year. In addition, a RIC may, in certain cases, satisfy this distribution requirement by distributing dividends relating to a taxable year after the close of such taxable year under the “spillover dividend” provisions of subchapter M. As of December 31, 2024 we have generated undistributed taxable earnings “spillover” of approximately \$0.51 per share. The undistributed taxable earnings spillover will be carried forward toward distributions to be paid in accordance with RIC requirements. To maintain our tax treatment as a RIC, we, among other things, intend to make the requisite distributions to our shareholders, which generally relieves us from U.S. federal income taxes at corporate rates.

Depending on the level of taxable income earned in a tax year, we can be expected to carry forward taxable income (including net capital gains, if any) in excess of current year dividend distributions from the current tax year into the next tax year and pay a nondeductible 4% U.S. federal excise tax on such taxable income, as required. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such income, we will accrue excise tax on estimated excess taxable income.

For the years ended December 31, 2024, 2023 and 2022, we recorded U.S. federal and state income tax expense/(benefit) of \$11.6 million, \$12.8 million and \$5.8 million respectively, including U.S. federal excise tax expense/(benefit) of \$7.4 million, \$4.1 million and \$0.6 million, respectively.

Certain of our consolidated subsidiaries are subject to U.S. federal and state income taxes. For the years ended December 31, 2024, 2023 and 2022 we recorded a current net tax expense of approximately \$2.5 million, \$0.3 million, and \$5.2 million for taxable subsidiaries, respectively. The income tax expense for our taxable consolidated subsidiaries will vary depending on the level of investment income earnings and realized gains from the exits of investments held by such taxable subsidiaries during the respective periods.

**Net Unrealized Gains (Losses)**

We fair value our portfolio investments quarterly and any changes in fair value are recorded as unrealized gains or losses. During the following periods, net unrealized gains (losses) were:

(\$ in millions)	For the Years Ended December 31,		
	2024	2023	2022
Net change in unrealized gain (loss) on investments	\$ (48.4)	\$ 91.7	\$ (88.4)
Income tax (provision) benefit	(0.7)	(4.6)	(4.0)
Net change in translation of assets and liabilities in foreign currencies	(1.0)	5.8	(2.1)
<b>Net change in unrealized gain (loss)</b>	<b>\$ (50.1)</b>	<b>\$ 92.9</b>	<b>\$ (94.5)</b>

For the Years Ended December 31, 2024 and 2023

For the years ended December 31, 2024, the net unrealized loss was primarily driven by a decrease in the fair value of certain debt investments, partially offset by an increase in the fair value of certain equity investments and credit spreads tightening across broader markets. The ten largest contributors to the change in net unrealized gain (loss) on investments during the following period consisted of the following:

Portfolio Company (\$ in millions)	For the Years Ended December 31, 2024	
	Net Change in Unrealized Gain (Loss)	
KPCI Holdings, L.P.	\$	38.2
Fifth Season Investments LLC <sup>(1)</sup>		20.9
The Better Being Co., LLC (fka Nutraceutical International Corporation)		20.4

<b>Total</b>	<b>\$</b>	<b>(48.4)</b>

(1) Portfolio company is controlled, affiliated investment.

For the Years Ended December 31, 2023 and 2022

For the years ended December 31, 2023, the net unrealized gain was primarily driven by an increase in the fair value of certain debt investments and reversals of prior period unrealized losses that were realized during the year in connection with the restructuring of certain debt investments as compared to December 31, 2022. The ten largest contributors to the change in net unrealized gain (loss) on investments during the following period consisted of the following:

**For the Years Ended December 31, 2023**

Portfolio Company (\$ in millions)	Net Change in Unrealized Gain (Loss)
Packaging Coordinators Midco, Inc.	\$ 19.9
Blue Owl Capital Corporation Senior Loan Fund LLC <sup>(1)</sup>	19.7
Walker Edison Furniture Company LLC <sup>(1)(2)</sup>	18.2
Windows Entities	17.2
Eagle Infrastructure Services, LLC <sup>(1)</sup>	12.3
Conair Holdings LLC	10.9
Aviation Solutions Midco, LLC (dba STS Aviation)	9.8
Valence Surface Technologies LLC	9.6
Remaining Portfolio Companies	31.0
PHM Netherlands Midco B.V. (dba Loparex)	(24.5)
H-Food Holdings, LLC	(32.4)
<b>Total</b>	<b>\$ 91.7</b>

(1) Portfolio company is controlled, affiliated investment.

*For the Years Ended December 31, 2022 and 2021*

For the years ended December 31, 2022, the net unrealized loss was primarily driven by an decrease in the fair value of our debt investments as compared to December 31, 2021. As of December 31, 2022, the fair value of our debt investments as a percentage of principal was 97.0%, as compared to 98.2% as of December 31, 2021. The primary drivers of our portfolio's unrealized loss were due to current market conditions. The ten largest contributors to the change in net unrealized gain (loss) on investments during the following period consisted of the following:

**For the Years Ended December 31, 2022**

Portfolio Company (\$ in millions)	Net Change in Unrealized Gain (Loss)
Swipe Acquisition Corporation (dba PLI) <sup>(1)</sup>	\$ 50.2
Peter C. Foy & Associates Insurance Services, LLC (dba PCF Insurance Services)	27.4
Wingspire Capital Holdings LLC <sup>(1)</sup>	23.3
Windows Entities	14.5
Remaining Portfolio Companies	(72.8)
Walker Edison Furniture Company LLC	(35.0)
ORCC Senior Loan Fund LLC (fka Sebago Lake LLC) <sup>(1)</sup>	(27.2)
H-Food Holdings, LLC	(21.4)
ConAir Holdings LLC	(17.6)
Valence Surface Technologies LLC	(15.5)
Nutraceutical International Corporation	(14.3)
<b>Total</b>	<b>\$ (88.4)</b>

**Net Realized Gains (Losses)**

The table below presents the realized gains and losses on fully exited and partially exited portfolio companies during the following periods:

(\$ in millions)	For the Years Ended December 31,		
	2024	2023	2022
Net realized gain (loss) on investments	\$ (86.4)	\$ (52.0)	\$ 5.1
Net realized gain (loss) on foreign currency transactions	(9.5)	(1.2)	(1.0)
<b>Net realized gain (loss)</b>	<b>\$ (95.9)</b>	<b>\$ (53.2)</b>	<b>\$ 4.1</b>

### ***Realized Gross Internal Rate of Return***

Since we began investing in 2016 through December 31, 2024, our exited investments have resulted in an aggregate cash flow realized gross internal rate of return to us of approximately 10% (based on total capital invested of \$17.68 billion and total proceeds from these exited investments of \$21.70 billion).

IRR, is a measure of our discounted cash flows (inflows and outflows). Specifically, IRR is the discount rate at which the net present value of all cash flows is equal to zero. That is, IRR is the discount rate at which the present value of total capital invested in each of our investments is equal to the present value of all realized returns from that investment. Our IRR calculations are unaudited.

Capital invested, with respect to an investment, represents the aggregate cost basis allocable to the realized or unrealized portion of the investment, net of any upfront fees paid at closing for the term loan portion of the investment.

Realized returns, with respect to an investment, represents the total cash received with respect to each investment, including all amortization payments, interest, dividends, prepayment fees, upfront fees (except upfront fees paid at closing for the term loan portion of an investment), administrative fees, agent fees, amendment fees, accrued interest, and other fees and proceeds.

Gross IRR, with respect to an investment, is calculated based on the dates that we invested capital and dates we received distributions, regardless of when we made distributions to our shareholders. Initial investments are assumed to occur at time zero.

Gross IRR reflects historical results relating to our past performance and is not necessarily indicative of our future results. In addition, gross IRR does not reflect the effect of management fees, expenses, incentive fees or taxes borne, or to be borne, by us or our shareholders, and would be lower if it did.

Aggregate cash flow realized gross IRR on our exited investments reflects only invested and realized cash amounts as described above, and does not reflect any unrealized gains or losses in our portfolio.

### **Financial Condition, Liquidity and Capital Resources**

Our liquidity and capital resources are generated primarily from cash flows from interest, dividends and fees earned from our investments and principal repayments, our credit facilities, debt securitization transactions, and other secured and unsecured debt. We may also generate cash flow from operations, future borrowings and future offerings of securities including public and/or private issuances of debt and/or equity securities through both registered offerings off of our shelf registration statement and private offerings. The primary uses of our cash are (i) investments in portfolio companies and other investments and to comply with certain portfolio diversification requirements, (ii) the cost of operations (including paying or reimbursing our Adviser), (iii) debt service, repayment and other financing costs of any borrowings and (iv) cash distributions to the holders of our shares.

We may from time to time enter into additional credit facilities, increase the size of our existing credit facilities, enter into additional debt securitization transactions, or issue additional debt securities. Any such incurrence or issuance would be subject to prevailing market conditions, our liquidity requirements, contractual and regulatory restrictions and other factors. In accordance with the 1940 Act, with certain limited exceptions, we are only allowed to incur borrowings, issue debt securities or issue preferred stock, if immediately after the borrowing or issuance, the ratio of total assets (less total liabilities other than indebtedness) to total indebtedness plus preferred stock, is at least 150%. Our current target ratio is 0.90x-1.25x. As of December 31, 2024, our weighted average total cost of debt was 6.0%. In addition, from time to time, we may seek to retire, repurchase, or exchange debt securities in open market purchases or by other means, including privately negotiated transactions, in each case dependent on market conditions, liquidity, contractual obligations, and other matters. The amounts involved in any such transactions, individually or in the aggregate, may be material.

As of December 31, 2024 and December 31, 2023, our asset coverage ratio was 178% and 183%, respectively. We seek to carefully consider our unfunded commitments for the purpose of planning our ongoing financial leverage. Further, we maintain sufficient borrowing capacity within the 150% asset coverage limitation to cover any outstanding unfunded commitments we are required to fund.

Cash and restricted cash as of December 31, 2024, taken together with our available debt, is expected to be sufficient for our investing activities and to conduct our operations in the near term. As of December 31, 2024, we had \$2.65 billion available under our credit facilities.

Our long-term cash needs will include principal payments on outstanding indebtedness and funding of additional portfolio investments. Funding for long-term cash needs will come from unused net proceeds from financing activities. We believe that our liquidity and sources of capital are adequate to satisfy our short and long-term cash requirements. We cannot, however, be certain that these sources of funds will be available at a time and upon terms acceptable to us in sufficient amounts in the future.

As of December 31, 2024, we had \$514.2 million in cash and restricted cash. During the years ended December 31, 2024, \$160.2 million in cash was used in operating activities, primarily as a result of funding portfolio investments of \$5.54 billion offset by

sell downs and repayments of \$5.16 billion and other operating activity of \$541.2 million. Lastly, cash provided by financing activities was \$305.7 million during the period, which was primarily the result of net borrowings on debt of \$383.4 million partially offset by distributions paid of \$655.6 million and debt issuance costs of \$33.5 million.

### Equity

#### Equity Issuances

There were no sales of our common stock during the years ended December 31, 2024 and 2023.

#### Distributions

The following tables present the distributions declared on shares of the Company's common stock for the following periods:

#### For the Years Ended December 31, 2024

Date Declared	Record Date	Payment Date	Distribution per Share
November 5, 2024	December 31, 2024	January 15, 2025	\$ 0.37
November 5, 2024 (supplemental dividend)	November 29, 2024	December 13, 2024	\$ 0.05
August 6, 2024	September 30, 2024	October 15, 2024	\$ 0.37
August 6, 2024 (supplemental dividend)	August 30, 2024	September 13, 2024	\$ 0.06
May 7, 2024	June 28, 2024	July 15, 2024	\$ 0.37
May 7, 2024 (supplemental dividend)	May 31, 2024	June 14, 2024	\$ 0.05
February 21, 2024	March 29, 2024	April 15, 2024	\$ 0.37
February 21, 2024 (supplemental dividend)	March 1, 2024	March 15, 2024	\$ 0.08

#### For the Years Ended December 31, 2023

Date Declared	Record Date	Payment Date	Distribution per Share
November 7, 2023	December 29, 2023	January 12, 2024	\$ 0.35
November 7, 2023 (supplemental dividend)	November 30, 2023	December 15, 2023	\$ 0.08
August 8, 2023	September 29, 2023	October 13, 2023	\$ 0.33
August 8, 2023 (supplemental dividend)	August 31, 2023	September 15, 2023	\$ 0.07
May 9, 2023	June 30, 2023	July 14, 2023	\$ 0.33
May 9, 2023 (supplemental dividend)	May 31, 2023	June 15, 2023	\$ 0.06
February 21, 2023	March 31, 2023	April 14, 2023	\$ 0.33
February 21, 2023 (supplemental dividend)	March 3, 2023	March 17, 2023	\$ 0.04

#### For the Years Ended December 31, 2022

Date Declared	Record Date	Payment Date	Distribution per Share
November 1, 2022	December 30, 2022	January 13, 2023	\$ 0.33
November 1, 2022 (supplemental dividend)	November 30, 2022	December 15, 2022	\$ 0.03
August 2, 2022	September 30, 2022	November 15, 2022	\$ 0.31
May 3, 2022	June 30, 2022	August 15, 2022	\$ 0.31
February 23, 2022	March 31, 2022	May 13, 2022	\$ 0.31

During certain periods, our distributions may exceed our earnings. As a result, it is possible that a portion of the distributions we make may represent a return of capital. A return of capital generally is a return of a shareholder's investment rather than a return of earnings or gains derived from our investment activities. Each year, a statement on Form 1099-DIV identifying the tax character of the distributions will be mailed to our shareholders. The tax character of the distributions are not determined until our taxable year end.

#### Dividend Reinvestment

Pursuant to our second amended and restated dividend reinvestment plan, we will reinvest all cash distributions declared by the Board on behalf of our shareholders who do not elect to receive their distribution in cash as provided below. As a result, if the Board authorizes, and we declare, a cash dividend or other distribution, then our shareholders who have not opted out of our dividend reinvestment plan will have their cash distributions automatically reinvested in additional shares of our common stock as described below, rather than receiving the cash dividend or other distribution. Any fractional share otherwise issuable to a participant in the dividend reinvestment plan will instead be paid in cash.

If newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder will be determined by dividing the total dollar amount of the cash dividend or distribution payable to a shareholder by the market price per share of our common stock at the close of regular trading on the NYSE on the payment date of a distribution, or if no sale is reported for such day, the average of the reported bid and ask prices. However, if the market price per share on the payment date of a cash dividend or distribution exceeds the most recently computed net asset value per share, we will issue shares at the greater of (i) the most recently computed net asset value per share and (ii) 95% of the current market price per share (or such lesser discount to the current market price per share that still exceeded the most recently computed net asset value per share). For example, if the most recently computed net asset value per share is \$15.00 and the market price on the payment date of a cash dividend is \$16.00 per share, we will issue shares at \$15.20 per share (95% of the current market price). If the most recently computed net asset value per share is \$15.00 and the market price on the payment date of a cash dividend is \$15.50 per share, we will issue shares at \$15.00 per share, as net asset value is greater than 95% (\$14.73 per share) of the current market price. Pursuant to our second amended and restated dividend reinvestment plan, if shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder shall be determined by dividing the dollar amount of the cash dividend payable to such shareholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

The tables below present the shares distributed pursuant to the dividend reinvestment plan for the following periods:

Date Declared	For the Years Ended December 31, 2024		
	Record Date	Payment Date	Shares
November 5, 2024 (supplemental dividend)	November 29, 2024	December 13, 2024	52,556 <sup>(1)</sup>
August 6, 2024	September 30, 2024	October 15, 2024	427,571 <sup>(1)</sup>
August 6, 2024 (supplemental dividend)	August 30, 2024	September 13, 2024	91,665 <sup>(1)</sup>
May 7, 2024	June 28, 2024	July 15, 2024	467,966 <sup>(1)</sup>
May 7, 2024 (supplemental dividend)	May 31, 2024	June 14, 2024	59,356
February 21, 2024	March 29, 2024	April 15, 2024	425,080
February 21, 2024 (supplemental dividend)	March 1, 2024	March 15, 2024	97,218 <sup>(1)</sup>
November 7, 2023	December 29, 2023	January 12, 2024	427,564 <sup>(1)</sup>

(1) Shares purchased in the open market in order to satisfy dividends reinvested under our dividend reinvestment program.

Date Declared	For the Years Ended December 31, 2023		
	Record Date	Payment Date	Shares
November 7, 2023 (supplemental dividend)	November 30, 2023	December 15, 2023	98,832 <sup>(1)</sup>

February 21, 2023	March 31, 2023	April 14, 2023	558,872 <sup>(1)</sup>
February 21, 2023 (supplemental dividend)	March 3, 2023	March 17, 2023	77,157 <sup>(1)</sup>
November 1, 2022	December 30, 2022	January 13, 2023	583,495 <sup>(1)</sup>

(1) Shares purchased in the open market in order to satisfy dividends reinvested under our dividend reinvestment program.

Date Declared	For the Years Ended December 31, 2022		
	Record Date	Payment Date	Shares
November 1, 2022 (supplemental dividend)	November 30, 2022	December 15, 2022	51,018 <sup>(1)</sup>
August 2, 2022	September 30, 2022	November 15, 2022	616,214 <sup>(1)</sup>
May 3, 2022	June 30, 2022	August 15, 2022	886,113 <sup>(1)</sup>
February 23, 2022	March 31, 2022	May 15, 2022	830,764 <sup>(1)</sup>
November 2, 2021	December 31, 2021	January 31, 2022	814,084

(1) Shares purchased in the open market in order to satisfy dividends reinvested under our dividend reinvestment program.

*Stock Repurchase Programs*

### 2020 Stock Repurchase Program

On November 3, 2020, our Board approved a repurchase program (the “2020 Stock Repurchase Program”) under which we were authorized to repurchase up to \$100 million of our outstanding common stock. Under the 2020 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On November 2, 2021, the Board approved a 12-month extension to the 2020 Stock Repurchase Program and, on November 2, 2022, the 2020 Stock Repurchase Program ended in accordance with its terms. While the plan was in effect the agent repurchased 944,076 shares of our common stock pursuant to the 2020 Stock Repurchase Program for approximately \$12.6 million. For the following periods, repurchases under the 2020 Stock Repurchase Program were as follows:

Period (\$ in millions, except share and per share amounts)	Total Number of Shares Repurchased	Average Price Paid per Share	Approximate Dollar Value of Shares that have been Purchased Under the Plans	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan
January 1, 2022 - January 31, 2022	—	\$ —	\$ —	\$ 97.4
February 1, 2022 - February 28, 2022	—	\$ —	\$ —	\$ 97.4
March 1, 2022 - March 31, 2022	—	\$ —	\$ —	\$ 97.4
April 1, 2022 - April 30, 2022	—	\$ —	\$ —	\$ 97.4
May 1, 2022 - May 31, 2022	757,926	\$ 13.21	\$ 10.0	\$ 87.4
	<u>757,926</u>		<u>\$ 10.0</u>	

### 2022 Stock Repurchase Program

On November 1, 2022, our Board approved a repurchase program (the “2022 Stock Repurchase Program”) under which we were authorized to repurchase up to \$150 million of our outstanding common stock. Under the 2022 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On May 2, 2024, the 2022 Stock Repurchase Program ended in accordance with its terms. While the 2022 Stock Repurchase Program was in effect, the agent has repurchased 4,090,138 shares of common stock pursuant to the 2022 Stock Repurchase Program for approximately \$50.0 million. There were no repurchases under the 2022 Stock Repurchase Program during the period ended December 31, 2024. For the following periods, repurchases under the 2022 Stock Repurchase Program were as follows:

Period (\$ in millions, except share and per share amounts)	Total Number of Shares Repurchased	Average Price Paid per Share	Approximate Dollar Value of Shares that have been Purchased Under the Plans	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan
November 1, 2022 - November 30, 2022	—	\$ —	\$ —	\$ 150.0
December 1, 2022 - December 31, 2022	1,346,326	\$ 11.84	\$ 15.9	\$ 134.1
	<u>1,346,326</u>		<u>\$ 15.9</u>	

Period (\$ in millions, except share and per share amounts) <sup>(1)</sup>	Total Number of Shares Repurchased	Average Price Paid per Share	Approximate Dollar Value of Shares that have been Purchased Under the Plans	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plan
January 1, 2023 - January 31, 2023	1,493,034	\$ 12.19	\$ 18.2	\$ 115.9
February 1, 2023 - February 28, 2023	29,154	\$ 12.98	\$ 0.4	\$ 115.5
March 1, 2023 - March 31, 2023	278,419	\$ 12.61	\$ 3.5	\$ 112.0
April 1, 2023 - April 30, 2023	687,545	\$ 12.65	\$ 8.7	\$ 103.3
May 1, 2023 - May 31, 2023	190,355	\$ 12.53	\$ 2.4	\$ 100.9
June 1, 2023 - June 30, 2023	65,305	\$ 13.50	\$ 0.9	\$ 100.0
<b>Total</b>	<u>2,743,812</u>		<u>\$ 34.1</u>	

(1) No purchases were made from July 1, 2023 to December 31, 2023.

### 2024 Stock Repurchase Program

On May 6, 2024, our Board approved a repurchase program (the “2024 Stock Repurchase Program”) under which we may repurchase up to \$150 million of our common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management’s discretion from time to time in open-market transactions, in accordance with all applicable rules and regulations. Unless extended by the Board, the 2024 Stock Repurchase Program will terminate 18-months from the date it was approved. There were no repurchases during the period ended December 31, 2024.

### Debt

#### Aggregate Borrowings

The tables below present debt obligations as of the following periods:

(\$ in thousands)	December 31, 2024				
	Aggregate Principal Committed	Outstanding Principal	Amount Available <sup>(1)</sup>	Unamortized Debt Issuance Costs	Net Carrying Value
Revolving Credit Facility <sup>(2)(4)</sup>	\$ 2,985,000	\$ 292,345	\$ 2,649,422	\$ (22,426)	\$ 269,919
SPV Asset Facility II	300,000	300,000	—	(3,773)	296,227
CLO I	390,000	390,000	—	(3,817)	386,183
CLO II	260,000	260,000	—	(2,230)	257,770
CLO III	260,000	260,000	—	(1,862)	258,138
CLO IV	292,500	292,500	—	(3,806)	288,694
CLO V	509,625	509,625	—	(2,310)	507,315
CLO VII	239,150	239,150	—	(1,612)	237,538
CLO X	260,000	260,000	—	(1,678)	258,322
2025 Notes	425,000	425,000	—	(421)	424,579
July 2025 Notes	500,000	500,000	—	(1,048)	498,952
2026 Notes	500,000	500,000	—	(2,428)	497,572
July 2026 Notes	1,000,000	1,000,000	—	(7,640)	992,360
2027 Notes <sup>(3)</sup>	500,000	500,000	—	(4,101)	465,449
2028 Notes	850,000	850,000	—	(9,112)	840,888
2029 Notes <sup>(3)</sup>	1,000,000	1,000,000	—	(16,099)	977,796
<b>Total Debt</b>	<b>\$ 10,271,275</b>	<b>\$ 7,578,620</b>	<b>\$ 2,649,422</b>	<b>\$ (84,363)</b>	<b>\$ 7,457,702</b>

(1) The amount available reflects any collateral related limitations at the Company level related to each credit facility’s borrowing base.

(2) Includes the unrealized translation gain (loss) on borrowings denominated in foreign currencies.

(3) Net carrying value is inclusive of change in fair market value of effective hedge.

(4) The amount available is reduced by \$43.2 million of outstanding letters of credit.

**December 31, 2023**

(\$ in thousands)	<b>Aggregate Principal Committed</b>	<b>Outstanding Principal</b>	<b>Amount Available<sup>(1)</sup></b>	<b>Unamortized Debt Issuance Costs</b>	<b>Net Carrying Value</b>
Revolving Credit Facility <sup>(2)(4)</sup>	\$ 1,895,000	\$ 419,045	\$ 1,416,815	\$ (17,970)	\$ 401,075

Net change in unrealized gain (loss) on effective interest rate swaps and hedged items <sup>(1)</sup>	(623)	(1,135)	4,329
<b>Total Interest Expense</b>	<b>\$ 464,915</b>	<b>\$ 436,306</b>	<b>\$ 307,539</b>
Average interest rate	5.6 %	5.5 %	3.7 %
Average daily borrowings	\$ 7,575,562	\$ 7,381,908	\$ 7,254,857

- (1) Refer to "ITEM 1. – FINANCIAL STATEMENTS – Notes to Consolidated Financial Statements – Note 5. Debt – 2024 Notes, 2027 Notes and 2029 Notes" for details on each facility's interest rate swap.

## Credit Facilities

Our credit facilities contain customary covenants, including certain limitations on the incurrence by us of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions).

### *Revolving Credit Facility*

On August 26, 2022, we entered into an Amended and Restated Senior Secured Revolving Credit Agreement (as amended from time to time, the “Revolving Credit Facility”). The parties to the Revolving Credit Facility include us, as Borrower, the lenders from time to time parties thereto and Truist Bank, as Administrative Agent. On November 22, 2024 (the “Revolving Credit Facility Second Amendment Date”), the Revolving Credit Facility was amended to, among other things, extend the availability period and maturity date for certain lenders. The following describes the terms of the Revolving Credit Facility as modified through the Revolving Credit Facility Second Amendment Date.

The Revolving Credit Facility is guaranteed by certain subsidiaries of ours in existence as of the Revolving Credit Facility Second Amendment Date, and will be guaranteed by certain subsidiaries of ours that are formed or acquired by us thereafter (each a “Guarantor” and collectively, the “Guarantors”). Proceeds of the Revolving Credit Facility may be used for general corporate purposes, including the funding of portfolio investments.

As of the Revolving Credit Facility Second Amendment Date, the maximum principal amount of the Revolving Credit Facility is \$2.99 billion (increased from \$2.63 billion to \$2.99 billion on the Revolving Credit Facility Second Amendment Date), subject to availability under the borrowing base, which is based on the portfolio investments and other outstanding indebtedness. The amount available for borrowing under the Revolving Credit Facility is reduced by any standby letters of credit issued through the Revolving Credit Facility. Maximum capacity under the Revolving Credit Facility may be increased to \$5.50 billion through our exercise of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Revolving Credit Facility includes a \$300.0 million limit for swingline loans and is secured by a perfected first-priority interest in substantially all of the portfolio investments held by us and each Guarantor, subject to certain exceptions.

As of the Revolving Credit Facility Second Amendment Date, the availability period under the Revolving Credit Facility will terminate on (a) August 26, 2026 with respect to \$50.0 million of commitments and (b) November 22, 2028 with respect to the remaining commitments (each date a “Revolving Credit Facility Commitment Termination Date”). The Revolving Credit Facility will mature on (a) August 26, 2027 with respect to \$50.0 million of commitments and (b) November 22, 2029 with respect to the remaining commitments (each date a “Revolving Credit Facility Maturity Date”). During the period from the earliest Revolving Credit Facility Commitment Termination Date to the latest Revolving Credit Facility Maturity Date, we will be obligated to make mandatory prepayments under the Revolving Credit Facility out of the proceeds of certain asset sales and other recovery events and equity and debt issuances.

We may borrow amounts in U.S. dollars or certain other permitted currencies. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in U.S. dollars maturing on November 17, 2029 will bear interest at either (i) term SOFR plus any applicable credit adjustment spread plus margin of either 1.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount but less than the product of 2.00 and the combined debt amount, 1.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 1.525% per annum or (ii) the alternative base rate plus margin of either 0.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount but less than the product of 2.00 and the combined debt amount, 0.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 0.525% per annum. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in U.S. dollars maturing on August 26, 2027 will bear interest at either (i) term SOFR plus any applicable credit adjustment spread plus margin of 2.00% per annum or (ii) the alternative base rate plus margin of 1.00% per annum. With respect to loans denominated in U.S. dollars, we may elect either term SOFR or the alternative base rate at the time of drawdown, and such loans may be converted from one rate to another at any time at our option, subject to certain conditions. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in other permitted currencies maturing on November 22, 2029 will bear interest at the relevant rate specified therein (including any applicable credit adjustment spread) plus margin of either 1.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount but less than the product of 2.00 and the combined debt amount, 1.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 1.525% per annum. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in other permitted currencies maturing on August 26, 2027 will bear interest at the relevant rate specified therein (including any applicable credit adjustment spread) plus margin of 2.00% per annum. Beginning on and after the Revolving Credit Facility Second Amendment Date, we will also pay a fee of 0.350% on daily undrawn amounts under the Revolving Credit Facility.

The Revolving Credit Facility includes customary covenants, including certain limitations on the incurrence by us of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase or retire shares of stock, upon the

occurrence of certain events and certain financial covenants related to asset coverage and liquidity and other maintenance covenants, as well as customary events of default. The Revolving Credit Facility requires a minimum asset coverage ratio with respect to the consolidated assets of us and our subsidiaries to senior securities that constitute indebtedness of no less than 1.50 to 1.00 at any time.

#### **SPV Asset Facilities**

Certain of our wholly owned subsidiaries are parties to credit facilities (the “SPV Asset Facilities”). Pursuant to the SPV Asset Facilities, from time to time we sell and contribute certain investments to these wholly owned subsidiaries pursuant to sale and contribution agreements by and between us and the wholly owned subsidiaries. No gain or loss is recognized as a result of these contributions. Proceeds from the SPV Asset Facilities are used to finance the origination and acquisition of eligible assets by the wholly owned subsidiary, including the purchase of such assets from us. We retain a residual interest in assets contributed to or acquired to the wholly owned subsidiary through our ownership of the wholly owned subsidiary. The SPV Asset Facilities are secured by a perfected first priority security interest in the assets of these wholly owned subsidiaries and on any payments received by such wholly owned subsidiaries in respect of those assets. Assets pledged to lenders under the SPV Asset Facilities will not be available to pay our debts. The SPV Asset Facilities contain customary covenants, including certain limitations on the incurrence by us of additional indebtedness and on our ability to make distributions to our shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions). Borrowings of the wholly owned subsidiaries under the SPV Asset Facilities are considered our borrowings for purposes of complying with the asset coverage requirements under the 1940 Act.

##### *SPV Asset Facility II*

On May 22, 2018, our subsidiary, ORCC Financing II LLC (“ORCC Financing II”), a Delaware limited liability company and our subsidiary, entered into a Credit Agreement (as amended, the “SPV Asset Facility II”), with ORCC Financing II, as Borrower, the lenders from time to time parties thereto (the “SPV Asset Facility II Lenders”), Natixis, New York Branch, as Administrative Agent, State Street Bank and Trust Company, as Collateral Agent, Collateral Administrator and Custodian, and Cortland Capital Market Services LLC as Document Custodian. The parties to the SPV Asset Facility II have entered into various amendments, including to admit new lenders, increase or decrease the maximum principal amount available under the facility, extend the availability period and maturity date, change the interest rate and make various other changes. The following describes the terms of SPV Asset Facility II amended through January 17, 2024 (the “SPV Asset Facility II Ninth Amendment Date”).

The maximum principal amount of the SPV Asset Facility II as of the SPV Asset Facility II Ninth Amendment Date is \$300.0 million (which consists of \$300.0 million of revolving commitments); the availability of this amount is subject to an overcollateralization ratio test, which is based on the value of ORCC Financing II’s assets from time to time, and satisfaction of certain conditions, including an interest coverage ratio test, certain concentration limits and collateral quality tests.

The SPV Asset Facility II provides for the ability to draw and redraw revolving loans under the SPV Asset Facility II through April 22, 2025, unless the revolving commitments are terminated sooner as provided in the SPV Asset Facility II (the “SPV Asset Facility II Commitment Termination Date”). Unless otherwise terminated, the SPV Asset Facility II will mature on April 17, 2033 (the “SPV Asset Facility II Stated Maturity”). Prior to the SPV Asset Facility II Stated Maturity, proceeds received by ORCC Financing II from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to us, subject to certain conditions. On the SPV Asset Facility II Stated Maturity, ORCC Financing II must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to us.

With respect to revolving loans, amounts drawn bear interest at Term SOFR (or, in the case of certain lenders that are commercial paper conduits, the lower of their cost of funds and Term SOFR plus 0.40%) plus a spread of 2.75% during the period April 17, 2023, to the date on which the reinvestment period ends. From April 17, 2023 to the SPV Asset Facility II Commitment Termination Date, there is a commitment fee of 0.625% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility II.

##### *SPV Asset Facility III*

On December 14, 2018 (the “SPV Asset Facility III Closing Date”), ORCC Financing III LLC (“ORCC Financing III”), a Delaware limited liability company and our subsidiary, entered into a Loan Financing and Servicing Agreement (as amended, the “SPV Asset Facility III”), with ORCC Financing III, as borrower, us, as equity holder and services provider, the lenders from time to time parties thereto (the “SPV Asset Facility III Lenders”), Deutsche Bank AG, New York Branch, as Facility Agent, State Street Bank and Trust Company, as Collateral Agent and Cortland Capital Market Services LLC, as Collateral Custodian. The following describes the terms of SPV Asset Facility III as of its termination on March 9, 2023 (the “SPV Asset Facility III Termination Date”).

The maximum principal amount of the SPV Asset Facility III was \$250.0 million; the availability of this amount was subject to a borrowing base test, which was based on the value of ORCC Financing III’s assets from time to time, and satisfaction of certain conditions, including interest spread and weighted average coupon tests, certain concentration limits and collateral quality tests.

The SPV Asset Facility III provided for the ability to borrow, reborrow, repay and prepay advances under the SPV Asset Facility III until June 14, 2023 unless such period was extended or accelerated under the terms of the SPV Asset Facility III (the “SPV Asset Facility III Revolving Period”). Prior to the SPV Asset Facility III Termination Date, proceeds received by ORCC Financing III from principal and interest, dividends, or fees on assets were required to be used to pay fees, expenses and interest on outstanding advances, and the excess returned to us, subject to certain conditions. On the SPV Asset Facility III Termination Date, ORCC Financing III repaid in full all outstanding fees and expenses and all principal and interest on outstanding advances.

Amounts drawn bore interest at term SOFR (or, in the case of certain SPV Asset Facility III Lenders that are commercial paper conduits, the lower of (a) their cost of funds and (b) term SOFR, such term SOFR not to be lower than zero) plus a spread equal to 2.20% per annum, which spread would have increased (a) on and after the end of the SPV Asset Facility III Revolving Period by 0.15% per annum if no event of default had occurred and (b) by 2.00% per annum upon the occurrence of an event of default (such spread, the “Applicable Margin”). Term SOFR may have been replaced as a base rate under certain circumstances. We predominantly borrowed utilizing SOFR rate loans, generally electing one-month SOFR upon borrowing. During the SPV Asset Facility III Revolving Period, ORCC Financing III paid an undrawn fee ranging from 0.25% to 0.50% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility III. During the SPV Asset Facility III Revolving Period, if the undrawn commitments were in excess of a certain portion (initially 20% and increasing in stages to 75%) of the total commitments under the SPV Asset Facility III, ORCC Financing III would also have paid a make-whole fee equal to the Applicable Margin multiplied by such excess undrawn commitment amount, reduced by the undrawn fee payable on such excess.

#### *SPV Asset Facility IV*

On August 2, 2019 (the “SPV Asset Facility IV Closing Date”), ORCC Financing IV LLC (“ORCC Financing IV”), a Delaware limited liability company entered into a Credit Agreement (the “SPV Asset Facility IV”), with ORCC Financing IV, as borrower, Société Générale, as initial Lender and as Administrative Agent, State Street Bank and Trust Company, as Collateral Agent, Collateral Administrator and Custodian, and Cortland Capital Market Services LLC as Document Custodian and the lenders from time to time party thereto pursuant to Assignment and Assumption Agreements (the “SPV Asset Facility IV Lenders”). The SPV Asset Facility IV was terminated on October 3, 2022 (the “SPV Asset Facility IV Termination Date”).

No gain or loss was recognized as a result of the contribution. Proceeds from the SPV Asset Facility IV were used to finance the origination and acquisition of eligible assets by ORCC Financing IV, including the purchase of such assets from us. We retained a residual interest in assets contributed to or acquired by ORCC Financing IV through our ownership of ORCC Financing IV. The maximum principal amount of the SPV Asset Facility IV was \$250.0 million; the availability of this amount was subject to an overcollateralization ratio test, which was based on the value of ORCC Financing IV’s assets from time to time, and satisfaction of certain conditions, including an interest coverage ratio test, certain concentration limits and collateral quality tests.

The SPV Asset Facility IV provided for the ability to (1) draw term loans and (2) draw and redraw revolving loans under the SPV Asset Facility IV until the last day of the reinvestment period unless the revolving commitments are terminated or converted to term loans sooner as provided in the SPV Asset Facility IV (the “SPV Asset Facility IV Commitment Termination Date”). At the time of termination, amounts bore interest at term SOFR plus an applicable margin of 2.30% during the reinvestment period and term SOFR plus an applicable margin of 2.55% after the reinvestment period. Prior to the SPV Asset Facility IV Termination Date, proceeds received by ORCC Financing IV from principal and interest, dividends, or fees on assets were required to be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to us, subject to certain conditions. On the SPV Asset Facility IV Termination Date, ORCC Financing IV repaid in full all outstanding fees and expenses and all principal and interest on outstanding borrowings.

From the SPV Asset Facility IV Closing Date to the SPV Asset Facility IV Termination Date, there was a commitment fee ranging from 0.50% to 0.75% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility IV.

#### *SPV Asset Facilities Assumed in the Mergers*

On January 13, 2025, we became party to and assumed all of OBDE’s obligations under OBDE’s SPV asset facilities. See “Recent Developments.”

### **Debt Securitization Transactions**

We incur secured financing through debt securitization transactions, also known as collateralized loan obligation transactions (the “CLO Transactions”) issued by our consolidated subsidiaries (the “CLO Issuers”), which are backed by a portfolio of collateral obligations consisting of middle-market loans and participation interests in middle-market loans as well as by other assets of the CLO Issuers. The CLO Issuers issue preferred shares which are not secured by the collateral securing the CLO Transactions which we purchase. We act as retention holder in connection with the CLO Transactions for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such is required to retain a portion of a CLO Issuer’s preferred shares. Notes issued by CLO Issuers have not been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities (e.g., “blue sky”) laws, and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration. The Adviser serves as collateral manager for the CLO Issuers under a collateral management agreement. The

Adviser is entitled to receive fees for providing these services. The Adviser routinely waives its right to receive such fees but may rescind such waiver at any time; provided, however, that if the Adviser rescinds such waiver, the management fee payable to Adviser pursuant to the Investment Advisory Agreement will be offset by the amount of the collateral management fee attributable to a CLO Issuer's equity or notes owned by us. Assets pledged to debt holders of the CLO Transactions and the other secured parties under each CLO Transaction's documentation will not be available to pay our debts. We consolidate the financial statements of the CLO Issuers in our consolidated financing statements.

#### *CLO I*

On May 28, 2019 (the "CLO I Closing Date"), we completed a \$96.0 million term debt securitization transaction (the "CLO I Transaction"). The secured notes and preferred shares issued in the CLO I Transaction and the secured loan borrowed in the CLO I Transaction were issued and incurred, as applicable, by our consolidated subsidiaries Owl Rock CLO I, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the "CLO I Issuer"), and Owl Rock CLO I, LLC, a Delaware limited liability company (the "CLO I Co-Issuer" and together with the CLO I Issuer, the "CLO I Issuers"). The following describes the terms of the CLO I Transaction as supplemented through June 28, 2023 (the "CLO I Indenture Supplement Date").

In the CLO I Transaction the CLO I Issuers (A) issued the following notes pursuant to an indenture and security agreement dated as of the CLO I Closing Date (as supplemented by the supplemental indenture dated as of the CLO I Indenture Supplement Date by and among the CLO I Issuer, the CLO I Co-Issuer and State Street Bank and Trust Company, the "CLO I Indenture"), by and among the CLO I Issuers and State Street Bank and Trust Company: (i) \$242.0 million of AAA(sf) Class A Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, (ii) \$30.0 million of AAA(sf) Class A-F Notes, which bear interest at a fixed rate of 4.165%, and (iii) \$8.0 million of AA(sf) Class B Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.70% (together, the "CLO I Notes") and (B) borrowed \$50.0 million under floating rate loans (the "Class A Loans" and together with the CLO I Notes, the "CLO I Debt"), which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, under a credit agreement (the "CLO I Credit Agreement"), dated as of the CLO I Closing Date, by and among the CLO I Issuers, as borrowers, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The Class A Loans may be exchanged by the lenders for Class A Notes at any time, subject to certain conditions under the CLO I Credit Agreement and the CLO I Indenture. The CLO I Debt is scheduled to mature on the Payment Date (as defined in the CLO I Indenture) in May, 2031. The CLO I Notes were privately placed by Natixis Securities Americas, LLC and SG Americas Securities, LLC.

Concurrently with the issuance of the CLO I Notes and the borrowing under the Class A Loans, the CLO I Issuer issued approximately \$06.1 million of subordinated securities in the form of 206,106 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO I Preferred Shares").

The CLO I Debt is secured by all of the assets of the CLO I Issuer, which will consist primarily of middle-market loans, participation interests in middle-market loans, and related rights and the cash proceeds thereof. As part of the CLO I Transaction, we and ORCC Financing II LLC sold and contributed approximately \$575.0 million par amount of middle-market loans to the CLO I Issuer on the CLO I Closing Date. No gain or loss was recognized as a result of these sales and contributions. Such loans constituted the initial portfolio assets securing the CLO I Debt. We and ORCC Financing II LLC each made customary representations, warranties, and covenants to the CLO I Issuer regarding such sales and contributions under a loan sale agreement.

Through May 20, 2023, a portion of the proceeds received by the CLO I Issuer from the loans securing the CLO I Debt could be used by the CLO I Issuer to purchase additional middle-market loans under the direction of the Adviser as the collateral manager for the CLO I Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO I Debt is the secured obligation of the CLO I Issuers, and the CLO I Indenture and the CLO I Credit Agreement include customary covenants and events of default.

The CLO I Notes were offered in reliance on Section 4(a)(2) of the Securities Act.

#### *CLO I Refinancing*

On January 4, 2024 (the "CLO I Refinancing Date"), we completed a \$390.0 million term debt securitization refinancing (the "CLO I Refinancing"). The secured notes issued in the CLO I Refinancing and the secured loan borrowed in the CLO I Refinancing were issued and incurred, as applicable, by our subsidiary Owl Rock CLO I, LLC, a limited liability company organized under the laws of the State of Delaware (the "CLO I Refinancing Issuer").

The CLO I Refinancing was executed by (A) the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of May 28, 2019 (the "Original CLO I Closing Date") by and among Owl Rock CLO I, Ltd., as issuer (the "Original CLO I Issuer"), the CLO I Refinancing Issuer, as co-issuer and State Street Bank and Trust Company, as supplemented by the first supplemental indenture dated as of June 28, 2023 and as further amended by the second supplemental indenture dated as of the Refinancing Date (the "CLO I Refinancing Indenture"), by and between the CLO I Refinancing Issuer and State Street Bank and Trust Company: (i) \$221.4 million of AAA(sf) Class A-NR Notes, which bear interest at the Benchmark, as defined in the CLO I Refinancing Indenture, plus 2.40%, (ii) \$25.0 million of AAA(sf) Class A-FR Notes, which bear interest at 6.35%, (iii) \$41.6 million of AA(sf) Class B-R Notes, which bear interest at the Benchmark plus 3.25% and (iv) \$52.0 million of A(sf) Class C Notes, which

bear interest at the Benchmark plus 4.25% (together, the “CLO I Refinancing Secured Notes”) and (B) the borrowing by the CLO I Refinancing Issuer of \$0.0 million under floating rate Class A-LR loans (the “CLO I Refinancing Class A-LR Loans” and together with the CLO I Refinancing Secured Notes, the “CLO I Refinancing Secured Debt”). The CLO I Refinancing Class A-LR Loans bear interest at the Benchmark plus 2.40%. The CLO I Class A-LR Loans were borrowed under a credit agreement (the “CLO I Class A-LR Credit Agreement”), dated as of the CLO I Refinancing Date, by and among the CLO I Refinancing Issuer, as borrower, various financial institutions and other persons, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO I Refinancing Secured Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO I Refinancing Issuer. The CLO I Refinancing Secured Debt is scheduled to mature on the Payment Date (as defined in the CLO I Refinancing Indenture) in February, 2036. The CLO I Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO I Refinancing were used to redeem in full the classes of debt issued on the Original CLO I Closing Date, to redeem a portion of the preferred shares of the CLO I Refinancing Issuer as described below and to pay expenses incurred in connection with the CLO I Refinancing. On the CLO I Refinancing Date, the Original CLO I Issuer was merged with and into the CLO I Refinancing Issuer, with the CLO I Refinancing Issuer surviving the merger. The CLO I Refinancing Issuer assumed by all operation of law all of the rights and obligations of the Original CLO I Issuer, including the subordinated securities issued by the Original CLO I Issuer on the Original CLO I Closing Date.

Concurrently with the issuance of the CLO I Refinancing Secured Notes and the borrowing under the CLO I Refinancing Class A-LR Loans, the CLO I Refinancing Issuer redeemed \$85.3 million of subordinated securities, for a total of \$120.8 million of outstanding subordinated securities in the form of 120,800 preferred shares (\$1,000 per preferred share) (the “CLO I Refinancing Preferred Shares”) held by us.

On the Original CLO I Closing Date, the Original CLO I Issuer entered into a loan sale agreement with us, which provided for the sale and contribution of approximately \$247.0 million par amount of middle-market loans from the us to the Original CLO I Issuer on the Original CLO I Closing Date and for future sales from the us to the Original CLO I Issuer on an ongoing basis. As part of the CLO I Refinancing, we and the CLO I Refinancing Issuer, as the successor to the Original CLO I Issuer, entered into an amended and restated loan sale agreement with us dated as of the CLO I Refinancing Date (the “OBDC CLO I Refinancing Loan Sale Agreement”), pursuant to which the CLO I Refinancing Issuer assumed all ongoing obligations of the Original CLO I Issuer under the original agreement and we sold approximately \$106.0 million par amount middle-market loans to the CLO I Refinancing Issuer on the CLO I Refinancing Date and provides for future sales from us to the CLO I Refinancing Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO I Refinancing Secured Debt. A portion of the portfolio assets securing the CLO I Refinancing Secured Debt consists of middle-market loans purchased by the Original CLO I Issuer from ORCC Financing II LLC, a wholly-owned subsidiary of our, under an additional loan sale agreement executed on the Original CLO I Closing Date between the Original CLO I Issuer and ORCC Financing II LLC and which the CLO I Refinancing Issuer and ORCC Financing II LLC amended and restated on the CLO I Refinancing Date (the “ORCC Financing II CLO I Loan Sale Agreement”) in connection with the refinancing. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing II LLC each made customary representations, warranties, and covenants to the CLO I Refinancing Issuer under the applicable loan sale agreement.

Through the Payment Date in February 2028 (as defined in the CLO I Refinancing Indenture), a portion of the proceeds received by the CLO I Refinancing Issuer from the loans securing the CLO I Refinancing Secured Notes may be used by the CLO I Refinancing Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO I Refinancing Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO I Refinancing Secured Debt is the secured obligation of the CLO I Refinancing Issuer, and the CLO I Refinancing Indenture and CLO I Refinancing Class A-LR Credit Agreement each includes customary covenants and events of default.

#### *CLO II Refinancing*

On April 9, 2021 (the “CLO II Refinancing Date”), we completed a \$398.1 million term debt securitization refinancing (the “CLO II Refinancing”). The secured notes and preferred shares issued in the CLO II Refinancing were issued by our consolidated subsidiaries Owl Rock CLO II, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO II Issuer”), and Owl Rock CLO II, LLC, a Delaware limited liability company (the “CLO II Co-Issuer” and together with the CLO II Issuer, the “CLO II Issuers”). The following describes the terms of the CLO II Refinancing as supplemented through July 18, 2023 (the “CLO II Refinancing Indenture Supplement Date”).

The CLO II Refinancing was executed by the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of December 12, 2019 (such date, the “CLO II Closing Date,” and such agreement, the “CLO II Indenture”), as supplemented by the first supplemental indenture dated as of the CLO II Refinancing Date and as further supplemented by the second supplemental indenture dated as of the CLO II Refinancing Indenture Supplement Date by and among the CLO II Issuer, the CLO II Co-Issuer and State Street Bank And Trust Company, the “CLO II Refinancing Indenture”), by and among the CLO II Issuers and State Street Bank and Trust Company: (i) \$204.0 million of AAA(sf) Class A-LR Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.55%, (ii) \$20.0 million of AAA(sf) Class A-FR Notes, which bear interest at a fixed rate of 2.48% and (iii) \$36.0 million of AA(sf) Class B-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.90% (together, the “CLO II Refinancing Debt”). The CLO II Refinancing Debt is secured by the middle-market loans, participation interests in middle-

market loans and other assets of the CLO II Issuer. The CLO II Refinancing Debt is scheduled to mature on the Payment Date (as defined in the CLO II Refinancing Indenture) in April, 2033. The CLO II Refinancing Debt was privately placed by Deutsche Bank Securities Inc. The proceeds from the CLO II Refinancing were used to redeem in full the classes of notes issued on the CLO II Closing Date.

Concurrently with the issuance of the CLO II Refinancing Debt, the CLO II Issuer issued subordinated securities in the form of 1,500 additional preferred shares at an issue price of U.S.\$1,000 per share (the "CLO II Refinancing Preferred Shares") resulting in a total outstanding number of CLO II Preferred Shares of 138,100 (\$138.1 million total issue price). The proceeds from the CLO II Refinancing Preferred Shares were used to pay certain expenses incurred in connection with the CLO II Refinancing.

Through April 20, 2025, a portion of the proceeds received by the CLO II Issuer from the loans securing the CLO II Refinancing Debt may be used by the CLO II Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO II Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO II Refinancing Debt is the secured obligation of the CLO II Issuers, and the CLO II Refinancing Indenture includes customary covenants and events of default.

### *CLO III*

On March 26, 2020 (the "CLO III Closing Date"), we completed a \$95.3 million term debt securitization transaction (the "CLO III Transaction"). The secured notes and preferred shares issued in the CLO III Transaction were issued by our consolidated subsidiaries Owl Rock CLO III, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the "CLO III Issuer"), and Owl Rock CLO III, LLC, a Delaware limited liability company (the "CLO III Co-Issuer" and together with the CLO III Issuer, the "CLO III Issuers"). The following describes the terms of the CLO III Transaction as supplemented through July 18, 2023 (the "CLO III Indenture Supplement Date").

The CLO III Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO III Closing Date (as supplemented by the supplemental indenture dated as of the CLO III Indenture Supplement Date by and among the CLO III Issuer, the CLO III Co-Issuer and State Street Bank And Trust Company, the "CLO III Indenture"), by and among the CLO III Issuers and State Street Bank and Trust Company: (i) \$166.0 million of AAA(sf) Class A-1L Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, (ii) \$40 million of AAA(sf) Class A-1F Notes, which bear interest at a fixed rate of 2.75%, (iii) \$20.0 million of AAA(sf) Class A-2 Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.00%, and (iv) \$4.0 million of AA(sf) Class B Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.45% (together, the "CLO III Debt"). The CLO III Debt is scheduled to mature on the Payment Date (as defined in the CLO III Indenture) in April, 2032. The CLO III Debt was privately placed by SG Americas Securities, LLC.

Concurrently with the issuance of the CLO III Debt, the CLO III Issuer issued approximately \$135.3 million of subordinated securities in the form of 135,310 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO III Preferred Shares").

The CLO III Debt is secured by all of the assets of the CLO III Issuer, which will consist primarily of middle-market loans, participation interests in middle-market loans, and related rights and the cash proceeds thereof. As part of the CLO III Transaction, we and ORCC Financing IV LLC sold and contributed approximately \$400.0 million par amount of middle-market loans to the CLO III Issuer on the CLO III Closing Date. No gain or loss was recognized as a result of these sales and contributions. Such loans constituted the initial portfolio assets securing the CLO III Debt. Us and ORCC Financing IV LLC each made customary representations, warranties, and covenants to the CLO III Issuer regarding such sales and contributions under a loan sale agreement.

Through April 20, 2024, a portion of the proceeds received by the CLO III Issuer from the loans securing the CLO III Debt may be used by the CLO III Issuer to purchase additional middle-market loans under the direction of the Adviser as the collateral manager for the CLO III Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO III Debt is the secured obligation of the CLO III Issuers, and the CLO III Indenture includes customary covenants and events of default. The CLO III Debt was offered in reliance on Section 4(a)(2) of the Securities Act.

### *CLO III Refinancing*

On April 11, 2024 (the "CLO III Refinancing Date"), we completed a \$260,000,000 term debt securitization refinancing (the "CLO III Refinancing"). The secured notes issued in the CLO III Refinancing were issued by our consolidated subsidiary Owl Rock CLO III, LLC, a limited liability company organized under the laws of the State of Delaware (the "CLO III Issuer").

The CLO III Refinancing was executed by (A) the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of March 26, 2020 (the "Original CLO III Closing Date") by and among Owl Rock CLO III, Ltd., as issuer (the "Original CLO III Issuer"), the CLO III Issuer, as co-issuer and State Street Bank and Trust Company, as supplemented by the first supplemental indenture dated as of July 18, 2023 and as further amended by the second supplemental indenture dated as of the CLO III Refinancing Date (the "CLO III Indenture"), by and between the CLO III Issuer and State Street Bank and Trust Company: (i) \$228,000,000 of AAA(sf) Class A-R Notes, which bear interest at the Benchmark (as defined in the CLO III Indenture) plus 1.85%

and (ii) \$32,000,000 of AA(sf) Class B-R Notes, which bear interest at the Benchmark plus 2.35% (together, the “CLO III Secured Notes”). The CLO III Secured Notes are secured by middle-market loans and other assets of the CLO III Issuer. The CLO III Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO III Indenture) in April 2036. The CLO III Secured Notes were privately placed by SG Americas Securities, LLC. The proceeds from the CLO III Refinancing were used to redeem in full the classes of notes issued on the Original CLO III Closing Date and to pay expenses incurred in connection with the CLO III Refinancing. On the CLO III Refinancing Date, the Original CLO III Issuer was merged with and into the CLO III Issuer, with the CLO III Issuer surviving the merger. The CLO III Issuer assumed by all operation of law all of the rights and obligations of the Original CLO III Issuer, including the subordinated securities issued by the Original CLO III Issuer on the Original CLO III Closing Date.

On the Original CLO III Closing Date, the CLO III Issuer issued \$35,310,000 of subordinated securities in the form of 135,310 preferred shares (\$1,000 per preferred share) (the “CLO III Preferred Shares”). We acquired the CLO III Preferred Shares on the Original CLO III Closing Date. As of the CLO III Refinancing Date, the CLO III Preferred Shares remain outstanding and continue to be held by us.

On the Original CLO III Closing Date, the Original CLO III Issuer entered into a loan sale agreement with us, which provided for the sale and contribution of approximately \$275 million par amount of middle-market loans from us to the Original CLO III Issuer on the Original CLO III Closing Date and for future sales from us to the Original CLO III Issuer on an ongoing basis. As part of the CLO III Refinancing, the CLO III Issuer, as the successor to the Original CLO III Issuer, entered into an amended and restated loan sale agreement with us dated as of the CLO III Refinancing Date (the “CLO III Loan Sale Agreement”), pursuant to which the CLO III Issuer assumed all ongoing obligations of the Original CLO III Issuer under the original agreement and provides for future sales from us to the CLO III Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO III Secured Notes. We made customary representations, warranties, and covenants to the CLO III Issuer under the applicable loan sale agreement.

Through April 20, 2028, a portion of the proceeds received by the CLO III Issuer from the loans securing the CLO III Secured Notes may be used by the CLO III Issuer to purchase additional middle-market loans under the direction of the Adviser in its capacity as collateral manager for the CLO III Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO III Secured Notes are the secured obligation of the CLO III Issuer, and the CLO III Indenture includes customary covenants and events of default.

#### *CLO IV Refinancing*

On July 9, 2021 (the “CLO IV Refinancing Date”), we completed a \$440.5 million term debt securitization refinancing (the “CLO IV Refinancing”). The secured notes and preferred shares issued in the CLO IV Refinancing were issued by our consolidated subsidiaries Owl Rock CLO IV, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO IV Issuer”), and Owl Rock CLO IV, LLC, a Delaware limited liability company (the “CLO IV Co-Issuer” and together with the CLO IV Issuer, the “CLO IV Issuers”). The following describes the terms of the CLO IV Refinancing as supplemented through July 18, 2023 (the “CLO IV Refinancing Indenture Supplement Date”).

The CLO IV Refinancing was executed by the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of May 28, 2020 (such date, the “CLO IV Closing Date,” and such agreement, the “CLO IV Indenture”), as supplemented by the first supplemental indenture dated as of the CLO IV Refinancing Date and as further supplemented by the second supplemental indenture dated as of the CLO IV Refinancing Indenture Supplement Date) by and among the CLO IV Issuer, the CLO IV Co-Issuer and State Street Bank And Trust Company, the “CLO IV Refinancing Indenture”), by and among the CLO IV Issuers and State Street Bank and Trust Company: (i) \$252.0 million of AAA(sf) Class A-1-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.60% and (ii) \$40.5 million of AA(sf) Class A-2-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.90% (together, the “CLO IV Refinancing Secured Notes”). The CLO IV Refinancing Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the CLO IV Issuer. The CLO IV Refinancing Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO IV Indenture) in August, 2033. The CLO IV Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO IV Refinancing were used to redeem in full the classes of notes issued on the CLO IV Closing Date, to redeem a portion of the preferred shares of the CLO IV Issuer as described below and to pay expenses incurred in connection with the CLO IV Refinancing.

Concurrently with the issuance of the CLO IV Refinancing Secured Notes, the CLO IV Issuer redeemed 38,900 preferred shares we held (the “CLO IV Preferred Shares”) at a total redemption price of \$38.9 million (\$1,000 per preferred share). We retain the 148,000 CLO IV Preferred Shares that remain outstanding and that we acquired on the CLO IV Closing Date.

Through August 20, 2025, a portion of the proceeds received by the CLO IV Issuer from the loans securing the CLO IV Refinancing Secured Notes may be used by the CLO IV Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO IV Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO IV Refinancing Secured Notes are the secured obligation of the CLO IV Issuers, and the CLO IV Refinancing Indenture includes customary covenants and events of default.

#### *CLO V*

On November 20, 2020 (the “CLO V Closing Date”), we completed a \$45.5 million term debt securitization transaction (the “CLO V Transaction”). The secured notes and preferred shares issued in the CLO V Transaction were issued by our consolidated subsidiaries Owl Rock CLO V, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO V Issuer”), and Owl Rock CLO V, LLC, a Delaware limited liability company (the “CLO V Co-Issuer” and together with the CLO V Issuer, the “CLO V Issuers”).

The CLO V Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO V Closing Date (the “CLO V Indenture”), by and among the CLO V Issuers and State Street Bank and Trust Company: (i) \$182.0 million of AAA(sf)/AAAsf Class A-1 Notes, which bear interest at three-month LIBOR plus 1.85% and (ii) \$14.0 million of AAA(sf) Class A-2 Notes, which bear interest at three-month LIBOR plus 2.20% (together, the “CLO V Secured Notes”). The CLO V Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the CLO V Issuer. The CLO V Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO V Indenture) in November, 2029. The CLO V Secured Notes were privately placed by Natixis Securities Americas LLC.

The CLO V Secured Notes were redeemed in the CLO V Refinancing, described below.

Concurrently with the issuance of the CLO V Secured Notes, the CLO V Issuer issued approximately \$49.5 million of subordinated securities in the form of 149,450 preferred shares at an issue price of U.S.\$1,000 per share (the “CLO V Preferred Shares”).

As part of the CLO V Transaction, we entered into a loan sale agreement with the CLO V Issuer dated as of the CLO V Closing Date, which provided for the sale and contribution of approximately \$201.8 million par amount of middle-market loans to the CLO V Issuer on the CLO V Closing Date and for future sales to the CLO V Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO V Secured Notes. The remainder of the initial portfolio assets securing the CLO V Secured Notes consisted of approximately \$84.7 million par amount of middle-market loans purchased by the CLO V Issuer from ORCC Financing II LLC, our wholly-owned subsidiary, under an additional loan sale agreement executed on the CLO V Closing Date between the Issuer and ORCC Financing II LLC. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing II LLC each made customary representations, warranties, and covenants to the Issuer under the applicable loan sale agreement.

Through July 20, 2022, a portion of the proceeds received by the CLO V Issuer from the loans securing the CLO V Secured Notes could be used by the CLO V Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO V Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO V Secured Notes were the secured obligation of the CLO V Issuers, and the CLO V Indenture includes customary covenants and events of default.

#### *CLO V Refinancing*

On April 20, 2022 (the “CLO V Refinancing Date”), we completed a \$669.2 million term debt securitization refinancing (the “CLO V Refinancing”). The secured notes and preferred shares issued in the CLO V Refinancing were issued by the CLO V Co-Issuer, as Issuer (the “CLO V Refinancing Issuer”).

The CLO V Refinancing was executed by the issuance of the following classes of notes pursuant to the CLO V Indenture as supplemented by the supplemental indenture dated as of the CLO V Refinancing Date (the “CLO V Refinancing Indenture”), by and among the CLO V Refinancing Issuer and State Street Bank and Trust Company: (i) \$354.4 million of AAA(sf) Class A-1R Notes, which bear interest at the Benchmark, as defined in the CLO V Refinancing Indenture, plus 1.78%, (ii) \$0.4 million of AAA(sf) Class A-2R Notes, which bear interest at the Benchmark plus 1.95%, (iii) \$49.0 million of AA(sf) Class B-1 Notes, which bear interest at the Benchmark plus 2.20%, (iv) \$5.0 million of AA(sf) Class B-2 Notes, which bear interest at 4.25%, (v) \$31.5 million of A(sf) Class C-1 Notes, which bear interest at the Benchmark plus 3.15% and (vi) \$39.4 million of A(sf) Class C-2 Notes, which bear interest at 5.10% (together, the “CLO V Refinancing Secured Notes”). The CLO V Refinancing Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the Issuer. The CLO V Refinancing Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO V Refinancing Indenture) in April, 2034. The CLO V Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO V Refinancing were used to redeem in full the classes of notes issued on the CLO V Closing Date and to pay expenses incurred in connection with the CLO V Refinancing.

Concurrently with the issuance of the CLO V Refinancing Secured Notes, the CLO V Issuer issued approximately \$10.2 million of additional subordinated securities, for a total of \$159.6 million of subordinated securities in the form of 159,620 preferred shares at an issue price of U.S.\$1,000 per share.

On the CLO V Closing Date, the CLO V Issuer entered into a loan sale agreement with us, which provided for the sale and contribution of approximately \$0.8 million par amount of middle-market loans from us to the CLO V Issuer on the CLO V Closing Date and for future sales from us to the CLO V Issuer on an ongoing basis. As part of the CLO V Refinancing, we and the CLO V Refinancing Issuer, as the successor to the CLO V Issuer, entered into an amended and restated loan sale agreement with us dated as of the CLO V Refinancing Date, pursuant to which the CLO V Refinancing Issuer assumed all ongoing obligations of the CLO V Issuer under the original agreement and we sold and contributed approximately \$275.7 million par amount middle-market loans to the CLO V Refinancing Issuer on the CLO V Refinancing Date and provides for future sales from us to the CLO V Refinancing Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO V Refinancing Secured Notes. A portion of the portfolio assets securing the CLO V Refinancing Secured Notes consists of middle-market loans purchased by the CLO V Issuer from ORCC Financing II LLC, a wholly-owned subsidiary of ours, under an additional loan sale agreement executed on the CLO V Closing Date between the CLO V Issuer and ORCC Financing II LLC and which the CLO V Refinancing Issuer and ORCC Financing II LLC amended and restated on the CLO V Refinancing Date in connection with the refinancing. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing II LLC each made customary representations, warranties, and covenants to the CLO V Refinancing Issuer under the applicable loan sale agreement.

Through April 20, 2026, a portion of the proceeds received by the CLO V Issuer from the loans securing the CLO V Refinancing Secured Notes may be used by the Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO V Refinancing Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO V Refinancing Secured Notes are the secured obligation of the CLO V Refinancing Issuer, and the CLO V Refinancing Indenture includes customary covenants and events of default.

#### *CLO VI*

On May 5, 2021 (the “CLO VI Closing Date”), we completed a \$397.8 million term debt securitization transaction (the “CLO VI Transaction”). The secured notes and preferred shares issued in the CLO VI Transaction were issued by our consolidated subsidiaries Owl Rock CLO VI, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO VI Issuer”), and Owl Rock CLO VI, LLC, a Delaware limited liability company (the “CLO VI Co-Issuer” and together with the CLO VI Issuer, the “CLO VI Issuers”). The following describes the terms of the CLO VI Transaction as supplemented through July 18, 2023 (the “CLO VI Indenture Supplement Date”).

The CLO VI Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO VI Closing Date (as supplemented by the supplemental indenture dated as of the CLO VI Indenture Supplement Date by and among the CLO VI Issuer, the CLO VI Co-Issuer and State Street Bank And Trust Company, the “CLO VI Indenture”), by and among the CLO VI Issuers and State Street Bank and Trust Company: (i) \$224.0 million of AAA(sf) Class A Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.45%, (ii) \$26.0 million of AA(sf) Class B-1 Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.75% and (iii) \$10.0 million of AA(sf) Class B-F Notes, which bear interest at a fixed rate of 2.83% (together, the “CLO VI Secured Notes”). The CLO VI Secured Notes were secured by the middle-market loans, participation interests in middle-market loans and other assets of the CLO VI Issuer. The CLO VI Secured Notes were scheduled to mature on the Payment Date (as defined in the CLO VI Indenture) in June, 2032. The CLO VI Secured Notes were privately placed by SG Americas Securities, LLC.

Concurrently with the issuance of the CLO VI Secured Notes, the CLO VI Issuer issued approximately \$137.8 million of subordinated securities in the form of 137,775 preferred shares at an issue price of U.S. \$1,000 per share (the “CLO VI Preferred Shares”).

As part of the CLO VI Transaction, we entered into a loan sale agreement with the CLO VI Issuer dated as of the CLO VI Closing Date, which provided for the sale and contribution of approximately \$205.6 million par amount of middle-market loans from us to the CLO VI Issuer on the CLO VI Closing Date and for future sales from us to the CLO VI Issuer on an ongoing basis. Such loans constitute part of the initial portfolio of assets securing the CLO VI Secured Notes. The remainder of the initial portfolio assets securing the CLO VI Secured Notes consisted of approximately \$164.7 million par amount of middle-market loans purchased by the CLO VI Issuer from ORCC Financing IV LLC, our wholly-owned subsidiary of ours, under an additional loan sale agreement executed on the CLO VI Closing Date between the Issuer and ORCC Financing IV LLC. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing IV LLC each made customary representations, warranties, and covenants to the CLO VI Issuer under the applicable loan sale agreement.

Through June 20, 2024, a portion of the proceeds received by the CLO VI Issuer from the loans securing the CLO VI Secured Notes were used by the CLO VI Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as

collateral manager for the CLO VI Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO VI Secured Notes were the secured obligation of the CLO VI Issuers, and the CLO VI Indenture included customary covenants and events of default. The CLO VI Secured Notes were not registered under the Securities Act, or any state securities (e.g., “blue sky”) laws, and were not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration.

On February 12, 2024, the CLO VI Issuer caused notice to be issued to the holders of the CLO VI Secured Notes and CLO VI Preferred Shares regarding the CLO VI Issuer’s exercise of the option to redeem the CLO VI Secured Notes and CLO VI Preferred Shares in full. On February 29, 2024, we directed State Street Bank and Trust Company, as trustee, along with the CLO VI Issuers to defer redemption of the Preferred Shares to a later date. On March 5, 2024, the CLO VI Issuer redeemed \$260 million in aggregate principal amount of the CLO VI Secured Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, March 5, 2024. As of March 5, 2024, none of the CLO VI Secured Notes remain outstanding, and \$137.8 million of CLO VI Preferred Shares remain outstanding.

#### *CLO VII*

On July 26, 2022 (the “CLO VII Closing Date”), we completed a \$350.5 million term debt securitization transaction (the “CLO VII Transaction”). The secured notes and preferred shares issued in the CLO VII Transaction and the secured loan borrowed in the CLO VII Transaction were issued and incurred, as applicable, by the our consolidated subsidiary Owl Rock CLO VII, LLC, a limited liability organized under the laws of the State of Delaware (the “CLO VII Issuer”).

The CLO VII Transaction was executed by (A) the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO VII Closing Date (the “CLO VII Indenture”), by and among the CLO VII Issuer and State Street Bank and Trust Company: (i) \$48.0 million of AAA(sf) Class A-1 Notes, which bear interest at three-month term SOFR plus 2.10%, (ii) \$24.0 million of AAA(sf) Class A-2 Notes, which bear interest at 5.00%, (iii) \$6.0 million of AA(sf) Class B-1 Notes, which bear interest at three-month term SOFR plus 2.85% and (iv) \$26.2 million of AA(sf) Class B-2 Notes, which bear interest at 5.71% and (v) \$10.0 million of A(sf) Class C Notes, which bear interest at 6.86% (together, the “CLO VII Secured Notes”) and (B) the borrowing by the CLO VII Issuer of \$75.0 million under floating rate Class A-L1 loans (the “CLO VII Class A-L1 Loans”) and \$50.0 million under floating rate Class A-L2 loans (the “CLO VII Class A-L2 Loans”) and together with the CLO VII Class A-L1 Loans and the CLO VII Secured Notes, the “CLO VII Debt”). The CLO VII Class A-L1 Loans and the CLO VII Class A-L2 Loans bear interest at three-month term SOFR plus 2.10%. The CLO VII Class A-L1 Loans were borrowed under a credit agreement (the “CLO VII A-L1 Credit Agreement”), dated as of the CLO VII Closing Date, by and among the CLO VII Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent and the CLO VII Class A-L2 Loans were borrowed under a credit agreement (the “CLO VII A-L2 Credit Agreement”), dated as of the CLO VII Closing Date, by and among the CLO VII Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO VII Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO VII Issuer. The CLO VII Debt is scheduled to mature on the Payment Date (as defined in the CLO VII Indenture) in July, 2033. The CLO VII Secured Notes were privately placed by SG Americas Securities, LLC as Initial Purchaser.

Concurrently with the issuance of the CLO VII Secured Notes and the borrowing under the CLO VII Class A-L1 Loans and CLO VII Class A-L2 Loans, the CLO VII Issuer issued approximately \$111.3 million of subordinated securities in the form of 111,320 preferred shares at an issue price of U.S.\$1,000 per share (the “CLO VII Preferred Shares”).

As part of the CLO VII Transaction, we entered into a loan sale agreement with the CLO VII Issuer dated as of the CLO VII Closing Date, which provided for the sale and contribution of approximately \$255.5 million par amount of middle-market loans from us to the CLO VII Issuer on the CLO VII Closing Date and for future sales from us to the CLO VII Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO VII Debt. The remainder of the initial portfolio assets securing the CLO VII Debt consisted of approximately \$93.3 million par amount of middle-market loans purchased by the CLO VII Issuer from ORCC Financing IV LLC, a wholly-owned subsidiary of ours, under an additional loan sale agreement executed on the CLO VII Closing Date between the CLO VII Issuer and ORCC Financing IV LLC. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing IV LLC each made customary representations, warranties, and covenants to the CLO VII Issuer under the applicable loan sale agreement.

Through July 20, 2025, a portion of the proceeds received by the CLO VII Issuer from the loans securing the CLO VII Debt may be used by the CLO VII Issuer to purchase additional middle-market loans under the direction of Blue Owl Credit Advisors LLC (“OCA”), our investment advisor, in its capacity as collateral manager for the CLO VII Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO VII Debt is the secured obligation of the CLO VII Issuer, and the CLO VII Indenture, the CLO VII A-L1 Credit Agreement and the CLO VII A-L2 Credit Agreement each include customary covenants and events of default.

## CLO X

On March 9, 2023 (the “CLO X Closing Date”), we completed a \$97.7 million term debt securitization transaction (the “CLO X Transaction”). The secured notes and preferred shares issued in the CLO X Transaction were issued by our consolidated subsidiary Owl Rock CLO X, LLC, a limited liability organized under the laws of the State of Delaware (the “CLO X Issuer”).

The CLO X Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO X Closing Date (the “CLO X Indenture”), by and among the CLO X Issuer and State Street Bank and Trust Company: (i) \$228.0 million of AAA(sf) Class A Notes, which bear interest at three-month term SOFR plus 2.45% and (ii) \$32.0 million of AA(sf) Class B Notes, which bear interest at three-month term SOFR plus 3.60% (together, the “CLO X Secured Notes”). The Secured Notes are secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO X Issuer. The CLO X Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO X Indenture) in April, 2035. The CLO X Secured Notes were privately placed by Deutsche Bank Securities Inc. as Initial Purchaser.

Concurrently with the issuance of the CLO X Secured Notes, the CLO X Issuer issued approximately \$37.7 million of subordinated securities in the form of 137,700 preferred shares at an issue price of U.S. \$1,000 per share (the “CLO X Preferred Shares”).

As part of the CLO X Transaction, we entered into a loan sale agreement with the CLO X Issuer dated as of the CLO X Closing Date, which provided for the sale and contribution of approximately \$245.9 million par amount of middle-market loans from us to the CLO X Issuer on the CLO X Closing Date and for future sales from us to the CLO X Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO X Secured Notes. The remainder of the initial portfolio assets securing the CLO X Secured Notes consisted of approximately \$141.3 million par amount of middle-market loans purchased by the CLO X Issuer from ORCC Financing III LLC, a wholly-owned subsidiary of ours, under an additional loan sale agreement executed on the CLO X Closing Date between the CLO X Issuer and ORCC Financing III LLC. No gain or loss was recognized as a result of these sales and contributions. We and ORCC Financing III LLC each made customary representations, warranties, and covenants to the CLO X Issuer under the applicable loan sale agreement.

Through April 20, 2027, a portion of the proceeds received by the CLO X Issuer from the loans securing the CLO X Secured Notes may be used by the CLO X Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO X Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO X Secured Notes are the secured obligation of the CLO X Issuer, and the CLO X Indenture includes customary covenants and events of default.

### *Debt Securitization Transactions Assumed in the Mergers*

On January 13, 2025, as a result of the consummation of the Mergers, we became party to the relevant agreements with respect to and assumed all of OBDE’s obligations under the CLO XIV Transaction. See “*Recent Developments.*”

### **Unsecured Notes**

On December 14, 2023, we entered into an agreement of removal, appointment and acceptance (the “Tripartite Agreement”), with Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association (the “Retiring Trustee”) and Deutsche Bank Trust Company Americas (the “Successor Trustee”), with respect to the Indenture, dated April 10, 2019 between us and the Retiring Trustee (the “Base Indenture”), the first supplemental indenture, dated April 10, 2019 (the “First Supplemental Indenture”) between us and the Retiring Trustee, the second supplemental indenture, dated October 8, 2019 (the “Second Supplemental Indenture”) between us and the Retiring Trustee, the third supplemental indenture, dated January 22, 2020 (the “Third Supplemental Indenture”) between us and the Retiring Trustee, the Fourth Supplemental Indenture, dated July 23, 2020 (the “Fourth Supplemental Indenture”) between us and the Retiring Trustee, the Fifth Supplemental Indenture, dated December 8, 2020 (the “Fifth Supplemental Indenture”) between us and the Retiring Trustee, the Sixth Supplemental Indenture, dated April 26, 2021 (the “Sixth Supplemental Indenture”) between us and the Retiring Trustee, the Seventh Supplemental Indenture, dated June 11, 2021 (the “Seventh Supplemental Indenture”) and together with the Base Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, the Third Supplemental Indenture, the Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Eighth Supplemental Indenture (as defined below), the “Indenture”) between us and the Successor Trustee.

The Tripartite Agreement provides that, effective as of the date thereof, (1) the Retiring Trustee assigns, transfers, delivers and confirms to the Successor Trustee all of its rights, title and interest under the Indenture and all of the rights, power, trusts and duties as trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture; and (2) the Successor Trustee accepts its appointment as successor trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture, and accepts the rights, indemnities, protections, powers, trust and duties of or afforded to Retiring Trustee as trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture. The Successor Trustee’s appointment in its capacities as paying agent and security registrar became effective on December 29, 2023.

#### *2024 Notes*

On April 10, 2019, we issued \$400 million aggregate principal amount of notes that mature on April 15, 2024 (the “2024 Notes”). The 2024 Notes bore interest at a rate of 5.25% per year, payable semi-annually on April 15 and October 15 of each year, commencing on October 15, 2019. On February 21, 2024, we caused notice to be issued to the Successor Trustee of the 2024 Notes regarding our exercise of the option to redeem in full all \$400.0 million in aggregate principal amount of the 2024 Notes at 100.0% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, the redemption date, March 22, 2024. On March 22, 2024, we redeemed in full all \$400.0 million in aggregate principal amount of the 2024 Notes at 100.0% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, March 22, 2024.

In connection with the issuance of the 2024 Notes, on April 10, 2019 we entered into centrally cleared interest rate swaps. The notional amount of the interest rate swaps was \$400.0 million. We received fixed rate interest at 5.25% and paid variable rate interest based on six-month SOFR (plus a spread adjustment) plus 3.051%. The interest rate swap was unwound prior to its maturity on March 22, 2024 in connection with the 2024 Notes redemption. For the year ended December 31, 2024, we made a payment of \$6.6 million in conjunction with unwinding the swap. For the years ended December 31, 2023 and 2022, we made periodic payments of \$5.5 million and \$5.6 million, respectively. The swap adjusted interest expense is included as a component of interest expense on our Consolidated Statements of Operations. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on our Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2024 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

#### *2025 Notes*

On October 8, 2019, we issued \$425.0 million aggregate principal amount of notes that mature on March 30, 2025 (the “2025 Notes”). The 2025 Notes bear interest at a rate of 4.00% per year, payable semi-annually on March 30 and September 30 of each year, commencing on March 30, 2020. We may redeem some or all of the 2025 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2025 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2025 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 40 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any 2025 Notes on or after February 28, 2025 (the date falling one month prior to the maturity date of the 2025 Notes), the redemption price for the 2025 Notes will be equal to 100% of the principal amount of the 2025 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

#### *July 2025 Notes*

On January 22, 2020, we issued \$500.0 million aggregate principal amount of notes that mature on July 22, 2025 (the “July 2025 Notes”). The July 2025 Notes bear interest at a rate of 3.75% per year, payable semi-annually on January 22 and July 22, of each year, commencing on July 22, 2020. We may redeem some or all of the July 2025 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the July 2025 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the July 2025 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 35 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any July 2025 Notes on or after June 22, 2025 (the date falling one month prior to the maturity date of the 2025 Notes), the redemption price for the July 2025 Notes will be equal to 100% of the principal amount of the July 2025 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

#### *2026 Notes*

On July 23, 2020, we issued \$500.0 million aggregate principal amount of notes that mature on January 15, 2026 (the “2026 Notes”). The 2026 Notes bear interest at a rate of 4.25% per year, payable semi-annually on January 15 and July 15 of each year, commencing on January 15, 2021. We may redeem some or all of the 2026 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2026 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2026 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 50 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any 2026 Notes on or after December 15, 2025 (the date falling one month prior to the maturity date of the 2026 Notes), the redemption price for the 2026 Notes will be equal to 100% of the principal amount of the 2026 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

#### *July 2026 Notes*

On December 8, 2020, we issued \$1.00 billion aggregate principal amount of notes that mature on July 15, 2026 (the “July 2026 Notes”). The July 2026 Notes bear interest at a rate of 3.40% per year, payable semi-annually on January 15 and July 15 of each

year, commencing on July 15, 2021. We may redeem some or all of the July 2026 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the July 2026 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the July 2026 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 50 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any July 2026 Notes on or after June 15, 2026 (the date falling one month prior to the maturity date of the July 2026 Notes), the redemption price for the July 2026 Notes will be equal to 100% of the principal amount of the July 2026 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

#### *2027 Notes*

On April 26, 2021, we issued \$500.0 million aggregate principal amount of notes that mature on January 15, 2027 (the “2027 Notes”). The 2027 Notes bear interest at a rate of 2.625% per year, payable semi-annually on January 15 and July 15, of each year, commencing on July 15, 2021. We may redeem some or all of the 2027 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2027 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2027 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 30 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any 2027 Notes on or after December 15, 2026 (the date falling one month prior to the maturity date of the 2027 Notes), the redemption price for the 2027 Notes will be equal to 100% of the principal amount of the 2027 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

In connection with the issuance of the 2027 Notes, on April 26, 2021 we entered into centrally cleared interest rate swaps. The notional amount of the interest rate swaps is \$500.0 million. We will receive fixed rate interest at 2.625% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 1.769%. The interest rate swaps mature on January 15, 2027. For the years ended December 31, 2024, 2023 and 2022, we made net periodic payments of \$23.0 million, \$15.8 million and \$3.1 million, respectively. The interest expense related to the 2027 Notes is equally offset by the proceeds received from the interest rate swaps. The swap adjusted interest expense is included as a component of interest expense on the Company’s Consolidated Statements of Operations. As of December 31, 2024 and 2023, the interest rate swap had a fair value of \$(31.8) million and \$(42.1) million, respectively. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on our Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2027 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

#### *2028 Notes*

On June 11, 2021, we issued \$450.0 million aggregate principal amount of notes that mature on June 11, 2028 and on August 17, 2021, we issued an additional \$400.0 million aggregate principal amount of our 2.875% notes due 2028 (together, the “2028 Notes”). The 2028 Notes bear interest at a rate of 2.875% per year, payable semi-annually on June 11 and December 11, of each year, commencing on December 11, 2021. We may redeem some or all of the 2028 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2028 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2028 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 30 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeem any 2028 Notes on or after April 11, 2028 (the date falling two months prior to the maturity date of the 2028 Notes), the redemption price for the 2028 Notes will be equal to 100% of the principal amount of the 2028 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

#### *2029 Notes*

On January 22, 2024, pursuant to the Base Indenture and an Eighth Supplemental Indenture, dated January 22, 2024 (the “Eighth Supplemental Indenture”) between us and the Successor Trustee, we issued \$600.0 million aggregate principal amount of notes that mature on March 15, 2029 and on November 19, 2024, we issued an additional \$400.0 million aggregate principal amount of our 5.95% notes due 2029 (together, the “2029 Notes”). The 2029 Notes bear interest at a rate of 5.95% per year, payable semi-annually on March 15 and September 15, of each year, commencing on September 15, 2024. We may redeem some or all of the 2029 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2029 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2029 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 35 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if we redeems any 2029 Notes on or after February 15, 2029 (the date falling one month prior to the maturity date of the 2029 Notes), the redemption price for the 2029

Notes will be equal to 100% of the principal amount of the 2029 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

On February 9, 2024, in connection with the initial issuance of the 2029 Notes, on January 22, 2024, we entered into a centrally cleared interest rate swap. The notional amount of the interest rate swap is \$600.0 million. We will receive fixed rate interest at 5.95% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 2.118%. The interest rate swap matures on February 15, 2029. For the year ended December 31, 2024 we made \$6.2 million in net periodic payments. The interest expense related to the 2029 Notes is equally offset by the proceeds received from the interest rate swap. The swap adjusted interest expense is included as a component of interest expense on our Consolidated Statements of Operations. As of December 31, 2024, the interest rate swap had a fair value of \$(5.2) million. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on our Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swaps is offset by the change in fair value of the 2029 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

On November 19, 2024, in connection with the additional issuance of the 2029 Notes on November 19, 2024, we entered into a bilateral interest rate swap. The notional amount of the interest rate swap is \$400.0 million. We will receive fixed rate interest at 5.95% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 1.922%. The interest rate swap matures on February 15, 2029. For the year ended December 31, 2024 we did not make any periodic payments. The interest expense related to the 2029 Notes is equally offset by the proceeds received from the interest rate swap. The swap adjusted interest expense is included as a component of interest expense on our Consolidated Statements of Operations. As of December 31, 2024, the interest rate swap had a fair value of \$(1.3) million. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on our Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2029 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

*Notes Assumed in the Mergers*

On January 13, 2025, in connection with the Mergers, we entered into a supplemental indenture relating to our assumption of OBDE's 3.125% Notes that mature on April 13, 2027. Also on January 13, 2025, in connection with the Mergers, we entered into an assumption agreement relating to our assumption of OBDE's 7.50% Series 2022A Senior Notes, Tranche A; 7.58% Series 2022A Senior Notes, Tranche B; 7.58% Series 2022B Senior Notes and 8.10% Series 2023A Senior Notes. See "*Recent Developments*."

## Off-Balance Sheet Arrangements

### Portfolio Company Commitments

From time to time, we may enter into commitments to fund investments in the form of revolving credit, delayed draw, or equity commitments, which require us to provide funding when requested by portfolio companies in accordance with underlying loan agreements. We had the following outstanding commitments as of the following periods:

(\$ in thousands)	For the Year Ended December 31,	
	2024	2023
Total unfunded revolving loan commitments <sup>(1)</sup>	\$ 673,576	\$ 512,755
Total unfunded delayed draw loan commitments	607,998	374,589
Total unfunded revolving and delayed draw loan commitments	1,281,574	\$ 887,344
Total unfunded equity commitments	158,259	\$ 67,487
Total unfunded commitments	\$ 1,439,833	\$ 954,831

<sup>(1)</sup> Includes Letter of Credit outstanding as of December 31, 2023.

We seek to carefully consider our unfunded portfolio company commitments for the purpose of planning our ongoing financial leverage. Further, we consider any outstanding unfunded portfolio company commitments we are required to fund within the 150% asset coverage limitation. As of December 31, 2024, we believed we had adequate financial resources to satisfy the unfunded portfolio company commitments.

### Other Commitments and Contingencies

On November 3, 2020, our Board approved a repurchase program (the “2020 Stock Repurchase Program”) under which we were authorized to repurchase up to \$100 million of our outstanding common stock. Under the 2020 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On November 2, 2021, the Board approved an extension to the 2020 Stock Repurchase Program, and on November 2, 2022, the 2020 Stock Repurchase Program ended in accordance with its terms. While the 2020 Stock Repurchase Program was in effect, the agent repurchased 944,076 shares of our common stock pursuant to the 2020 Stock Repurchase Program for approximately \$12.6 million.

On November 1, 2022, our Board approved a repurchase program (the “2022 Stock Repurchase Program”) under which we were authorized to repurchase up to \$150 million of our outstanding common stock. Under the 2022 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On May 2, 2024, the 2022 Stock Repurchase Program ended in accordance with its terms. While the 2022 Stock Repurchase Program was in effect, the agent has repurchased 4,090,138 shares of common stock pursuant to the 2022 Stock Repurchase Program for approximately \$50.0 million. For the period ended December 31, 2024, there were no repurchases under the 2022 Stock Repurchase Program.

On May 6, 2024, our Board approved a repurchase program (the “2024 Stock Repurchase Program”) under which we may repurchase up to \$150 million of our common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management’s discretion from time to time in open-market transactions, in accordance with all applicable rules and regulations. Unless extended by the Board, the 2024 Stock Repurchase Program will terminate 18-months from the date it was approved. There were no repurchases during the period ended December 31, 2024.

From time to time, we may become a party to certain legal proceedings incidental to the normal course of its business. At December 31, 2024, we were not aware of any material pending or threatened litigation that would require accounting recognition or financial statement disclosure.

## Contractual Obligations

The table below presents a summary of our contractual payment obligations under our credit facilities as of December 31, 2024:

(\$ in millions)	Payments Due by Period				
	Total	Less than 1 year	1-3 years	3-5 years	After 5 years
Revolving Credit Facility	\$ 292.3	\$ —	\$ 3.2	\$ 289.2	\$ —
SPV Asset Facility II	300.0	—	—	—	300.0
CLO I	390.0	—	—	—	390.0
CLO II	260.0	—	—	—	260.0
CLO III	260.0	—	—	—	260.0
CLO IV	292.5	—	—	—	292.5
CLO V	509.6	—	—	—	509.6
CLO VII	239.2	—	—	—	239.2
CLO X	260.0	—	—	—	260.0
2025 Notes	425.0	425.0	—	—	—
July 2025 Notes	500.0	500.0	—	—	—
2026 Notes	500.0	—	500.0	—	—
July 2026 Notes	1,000.0	—	1,000.0	—	—
2027 Notes	500.0	—	500.0	—	—
2028 Notes	850.0	—	—	850.0	—
2029 Notes	1,000.0	—	—	1,000.0	—
<b>Total Contractual Obligations</b>	<b>\$ 7,578.6</b>	<b>\$ 925.0</b>	<b>\$ 2,003.2</b>	<b>\$ 2,139.2</b>	<b>\$ 2,511.3</b>

## Related-Party Transactions

We have entered into a number of business relationships with affiliated or related parties, including the following:

- the Investment Advisory Agreement;
- the Administration Agreement; and
- the License Agreement.

In addition to the aforementioned agreements, we, our Adviser and certain of our Adviser's affiliates have been granted exemptive relief by the SEC to co-invest with other funds managed by the Adviser or its affiliates, in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. See "ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA – Notes to Consolidated Financial Statements – Note 3. Agreements and Related Party Transactions" for further details.

We invest in Wingspire, Amergin AssetCo, Fifth Season, and Credit SLF, controlled affiliated investments, as defined in the 1940 Act. See "ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA – Notes to Consolidated Financial Statement – Note 3. Agreements and Related Party Transactions" for further details.

We invest in LSI Financing DAC and LSI Financing LLC, non-controlled affiliated investments, as defined in the 1940 Act. See "ITEM 8. CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA – Notes to Consolidated Financial Statements – Note 3. Agreements and Related Party Transactions" for further details.

## Critical Accounting Policies

The preparation of the consolidated financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets, and any other parameters used in determining such estimates could cause actual results to differ. Our critical accounting policies should be read in connection with our risk factors as described in "ITEM 1A. RISK FACTORS."

### Investments at Fair Value

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds received (excluding prepayment fees, if any) and the amortized cost basis of the investment using the specific identification method without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. The net change in unrealized gains or losses primarily reflects the change in investment values, including the reversal of previously recorded unrealized gains or losses with respect to investments realized during the period.

Rule 2a-5 under the 1940 Act establishes requirements for determining fair value in good faith for purposes of the 1940 Act. Pursuant to Rule 2a-5, the Board designated the Adviser as the Company's valuation designee to perform fair value determinations relating to the value of assets held by the Company for which market quotations are not readily available.

Investments for which market quotations are readily available are typically valued at the average bid price of those market quotations. To validate market quotations, we utilize a number of factors to determine if the quotations are representative of fair value, including the source and number of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available, as is the case for substantially all of our investments, are valued at fair value as determined in good faith by our Adviser, as the valuation designee, based on, among other things, independent third-party valuation firm(s) engaged at the direction of our Adviser.

As part of the valuation process, our Adviser, as the valuation designee takes into account relevant factors in determining the fair value of our investments, including: the estimated enterprise value of a portfolio company (i.e., the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments based on its earnings and cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, and overall changes in the interest rate environment and the credit markets that may affect the price at which similar investments may be made in the future. When an external event such as a purchase transaction, public offering or subsequent equity sale occurs, the Board considers whether the pricing indicated by the external event corroborates its valuation.

Our Adviser, as the valuation designee, undertakes a multi-step valuation process, which includes, among other procedures, the following:

- With respect to investments for which market quotations are readily available, those investments will typically be valued at the average bid price of those market quotations;
- With respect to investments for which market quotations are not readily available, the valuation process begins with the independent valuation firm(s) providing a preliminary valuation of each investment to the Adviser's valuation committee;
- Preliminary valuation conclusions are documented and discussed with the Adviser's valuation committee;
- Our Adviser, as the valuation designee, reviews the recommended valuations and determines the fair value of each investment;
- Each quarter, our Adviser, as the valuation designee, provides the Audit Committee a summary or description of material fair value matters that occurred in the prior quarter and on an annual basis, our Adviser, as the valuation designee, will provide the Audit Committee with a written assessment of the adequacy and effectiveness of its fair value process; and
- The Audit Committee oversees the valuation designee and will report to the Board on any valuation matters requiring the Board's attention.

We conduct this valuation process on a quarterly basis.

We apply ASC 820, which establishes a framework for measuring fair value in accordance with U.S. GAAP and required disclosures of fair value measurements. ASC 820 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. Market participants are defined as buyers and sellers in the principal or most advantageous market (which may be a hypothetical market) that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820, we consider its principal market to be the market that has the greatest volume and level of activity. ASC 820 specifies a fair value hierarchy that prioritizes and ranks the level of observability of inputs used in determination of fair value. In accordance with ASC 820, these levels are summarized below:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that we have the ability to access.
- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Transfers between levels, if any, are recognized at the beginning of the period in which the transfer occurred. In addition to using the above inputs in investment valuations, we apply the valuation policy approved by our Board that is consistent with ASC 820. Consistent with the valuation policy, our Adviser, as the valuation designee, evaluates the source of the inputs, including any markets in which our investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. When an investment is valued based on prices provided by reputable dealers or pricing services (that is, broker quotes), our Adviser,

as the valuation designee, subjects those prices to various criteria in making the determination as to whether a particular investment would qualify for treatment as a Level 2 or Level 3 investment. For example, our Adviser, as the valuation designee, or the independent valuation firm(s), review pricing support provided by dealers or pricing services in order to determine if observable market information is being used, versus unobservable inputs.

The Company applies the practical expedient provided by the ASC Topic 820 relating to investments in certain entities that calculate net asset value per share (or its equivalent). ASC Topic 820 permits an entity holding investments in certain entities that either are investment companies, or have attributes similar to an investment company, and calculate NAV per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that NAV per share, or its equivalent, without adjustment. Investments which are valued using NAV per share as a practical expedient are not categorized within the fair value hierarchy as per ASC Topic 820.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of our investments may fluctuate from period to period. Additionally, the fair value of such investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that may ultimately be realized. Further, such investments are generally less liquid than publicly traded securities and may be subject to contractual and other restrictions on resale. If we were required to liquidate a portfolio investment in a forced or liquidation sale, it could realize amounts that are different from the amounts presented and such differences could be material.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected herein.

#### ***Financial and Derivative Instruments***

Rule 18f-4 requires BDCs that use derivatives to, among other things, comply with a value-at-risk leverage limit, adopt a derivatives risk management program, and implement certain testing and board reporting procedures. Rule 18f-4 exempts BDCs that qualify as “limited derivatives users” from the aforementioned requirements, provided that these BDCs adopt written policies and procedures that are reasonably designed to manage the BDC’s derivatives risks and comply with certain recordkeeping requirements. Rule 18f-4 provides that a BDC may enter into an unfunded commitment agreement that is not a derivatives transaction, such as an agreement to provide financing to a portfolio company, if the BDC has, among other things, a reasonable belief, at the time it enters into such an agreement, that it will have sufficient cash and cash equivalents to meet its obligations with respect to all of its unfunded commitment agreements, in each case as it becomes due. Pursuant to Rule 18f-4, when we trade reverse repurchase agreements or similar financing transactions, including certain tender option bonds, we need to aggregate the amount of any other senior securities representing indebtedness (e.g., bank borrowings, if applicable) when calculating our asset coverage ratio. The Company currently qualifies as a “limited derivatives user” and expects to continue to do so. The Company has adopted a derivatives policy and complies with the recordkeeping requirements of Rule 18f-4.

#### ***Interest and Dividend Income Recognition***

Interest income is recorded on the accrual basis and includes amortization and accretion of discounts or premiums. Certain investments may have contractual payment-in-kind (“PIK”) interest or dividends, the majority of which is structured at initial underwriting. PIK interest or dividends represent accrued interest or dividends that are added to the principal amount of the investment on the respective interest or dividend payment dates rather than being paid in cash and generally becomes due at maturity or at the occurrence of a liquidation event. Discounts to par value on securities purchased are amortized into interest income over the contractual life of the respective security using the effective yield method. Premiums to par value on securities purchased are amortized to first call date. The amortized cost of investments represents the original cost adjusted for the amortization or accretion of discounts or premiums, if any. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income in the current period.

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management’s judgment regarding collectability. If at any point we believe PIK interest is not expected to be realized, the investment generating PIK interest will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are generally reversed through interest income. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management’s judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded on the accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly-traded portfolio companies.

### ***Distributions***

We have elected to be treated for U.S. federal income tax purposes, and qualify annually thereafter, as a RIC under Subchapter M of the Code. To obtain and maintain our tax treatment as a RIC, we must distribute (or be deemed to distribute) in each taxable year distributions for tax purposes equal to at least 90 percent of the sum of our:

- investment company taxable income (which is generally our ordinary income plus the excess of realized short-term capital gains over realized net long-term capital losses), determined without regard to the deduction for dividends paid, for such taxable year; and
- net tax-exempt interest income (which is the excess of our gross tax-exempt interest income over certain disallowed deductions) for such taxable year.

As a RIC, we (but not our shareholders) generally will not be subject to U.S. federal tax on investment company taxable income and net capital gains that we distribute to our shareholders.

We intend to distribute annually all or substantially all of such income. To the extent that we retain our net capital gains or any investment company taxable income, we generally will be subject to U.S. federal income tax at corporate rates. We can be expected to carry forward our net capital gains or any investment company taxable income in excess of current year dividend distributions, and pay the U.S. federal excise tax as described below.

Amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% U.S. federal excise tax payable by us. We may be subject to a nondeductible 4% U.S. federal excise tax if we do not distribute (or are treated as distributing) during each calendar year an amount at least equal to the sum of:

- 98% of our net ordinary income excluding certain ordinary gains or losses for that calendar year;
- 98.2% of our capital gain net income, adjusted for certain ordinary gains and losses, recognized for the twelve-month period ending on October 31 of that calendar year; and
- 100% of any income or gains recognized, but not distributed, in preceding years.

While we intend to distribute any income and capital gains in the manner necessary to minimize imposition of the 4% U.S. federal excise tax, sufficient amounts of our taxable income and capital gains may not be distributed and as a result, in such cases, the excise tax will be imposed. In such an event, we will be liable for this tax only on the amount by which we do not meet the foregoing distribution requirement.

We intend to pay quarterly distributions to our shareholders out of assets legally available for distribution. All distributions will be paid at the discretion of our Board and will depend on our earnings, financial condition, maintenance of our tax treatment as a RIC, compliance with applicable BDC regulations and such other factors as our Board may deem relevant from time to time.

To the extent our current taxable earnings for a year fall below the total amount of our distributions for that year, a portion of those distributions may be deemed a return of capital to our shareholders for U.S. federal income tax purposes. Thus, the source of a distribution to our shareholders may be the original capital invested by the shareholder rather than our income or gains. Shareholders should read written disclosure carefully and should not assume that the source of any distribution is our ordinary income or gains.

We have adopted an “opt out” dividend reinvestment plan for our common shareholders. As a result, if we declare a cash dividend or other distribution, each shareholder that has not “opted out” of our dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of our common stock rather than receiving cash distributions. Shareholders who receive distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

### ***Income Taxes***

We have elected to be treated as a BDC under the 1940 Act. We have also elected to be treated as a RIC under the Code beginning with the taxable year ending December 31, 2016 and intend to continue to qualify as a RIC. So long as we maintain our tax treatment as a RIC, we generally will not pay U.S. federal income taxes at corporate rates on any ordinary income or capital gains that we distribute at least annually to our shareholders as distributions. Rather, any tax liability related to income earned and distributed by us represents obligations of our investors and will not be reflected in our consolidated financial statements.

To qualify as a RIC, we must, among other things, meet certain source-of-income and asset diversification requirements. In addition, to qualify for RIC tax treatment, we must distribute to our shareholders, for each taxable year, at least 90% of our “investment company taxable income” for that year, which is generally our ordinary income plus the excess of our realized net short-term capital gains over our realized net long-term capital losses. In order for us to not be subject to U.S. federal excise taxes, we must distribute annually an amount at least equal to the sum of (i) 98% of our net ordinary income (taking into account certain deferrals and elections) for the calendar year, (ii) 98.2% of our capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year and (iii) any net ordinary income and capital gains in excess of capital losses for preceding years that were not

distributed during such years. We, at our discretion, may carry forward taxable income in excess of calendar year dividends and pay a 4% nondeductible U.S. excise tax on this income.

Certain consolidated subsidiaries of ours are subject to U.S. federal and state corporate-level income taxes. We evaluate tax positions taken or expected to be taken in the course of preparing our consolidated financial statements to determine whether the tax positions are “more-likely-than-not” to be sustained by the applicable tax authority. Tax positions not deemed to meet the “more-likely-than-not” threshold are reserved and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, on-going analyses of tax laws, regulations and interpretations thereof. There were no material uncertain tax positions through December 31, 2024. As applicable, our prior three tax years remain subject to examination by U.S. federal, state and local tax authorities.

## Recent Developments

### *Dividend*

On February 18, 2025, our Board declared a first quarter dividend of \$0.37 per share for stockholders of record as of March 31, 2025, payable on or before April 15, 2025 and a fourth quarter supplemental dividend of \$0.05 per share for stockholders of record as of February 28, 2025, payable on or before March 17, 2025.

### *Mergers*

On January 13, 2025, we completed our previously announced acquisition of OBDE. Pursuant to the Merger Agreement, Merger Sub was first merged with and into OBDE, with OBDE continuing as the surviving company, and, immediately following the Initial Merger, OBDE was then merged with and into us, and we continued as the surviving company. In accordance with the terms of the Merger Agreement, at the effective time of the Mergers, each outstanding share of OBDE's common stock was converted into the right to receive 0.9779 shares of our common stock. As a result of the Mergers, we issued an aggregate of approximately 120,630,637 million shares of our common stock to OBDE shareholders. We expect to realize a number of synergies from the Mergers, including more than \$5 million of operational savings expected in the first year.

The Mergers will be accounted for as an asset acquisition of OBDE by us in accordance with the asset acquisition method of accounting as detailed in ASC 805-50, *Business Combinations – Related Issues*, with the fair value of total consideration paid in conjunction with the Mergers allocated to the assets acquired and liabilities assumed based on their relative fair values as of the date of the Mergers. Generally, under asset acquisition accounting, acquiring assets in groups not only requires ascertaining the cost of the asset (or net assets), but also allocating that cost to the individual assets (or individual assets and liabilities) that make up the group. The cost of the group of assets acquired in an asset acquisition is allocated to the individual assets acquired or liabilities assumed based on their relative fair values of net identifiable assets acquired other than certain “non-qualifying” assets (for example cash) and does not give rise to goodwill. We will be the accounting survivor of the Mergers.

### *April 2027 Notes*

On January 13, 2025, in connection with the Mergers, we entered into a second supplemental indenture (the “April 2027 Notes Second Supplemental Indenture”) by and between Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association, as trustee (the “April 2027 Notes Trustee”), effective as of the closing of the Mergers. The April 2027 Notes Second Supplemental Indenture relates to our assumption of \$325.0 million in aggregate principal amount of OBDE's 3.125% Notes that mature on April 13, 2027 (the “April 2027 Notes”).

Pursuant to the April 2027 Notes Second Supplemental Indenture, we expressly assumed the obligations of OBDE for the due and punctual payment of the principal of, and premium, if any, and interest on all the April 2027 Notes outstanding, and the due and punctual performance and observance of all of the covenants and conditions of the indenture, dated October 13, 2021 (the “April 2027 Notes Base Indenture”), by and between OBDE and the April 2027 Notes Trustee, as amended by the first supplemental indenture, dated October 13, 2021 (the “April 2027 Notes First Supplemental Indenture”) and together with the April 2027 Notes Base Indenture and the April 2027 Notes Second Supplemental Indenture, the “April 2027 Notes Indenture”), by and between OBDE and the April 2027 Notes Trustee, to be performed by OBDE.

The April 2027 Notes may be redeemed in whole or in part at our option at any time or from time to time at the redemption prices set forth in the April 2027 Indenture. The April 2027 Notes bear interest at a rate of 3.125% per year, payable semi-annually on April 13 and October 13 of each year, commencing on April 13, 2022. The April 2027 Notes are our direct, general unsecured obligations and rank senior in right of payment to all of our future indebtedness or other obligations that are expressly subordinated, or junior, in right of payment to the April 2027 Notes. The April 2027 Notes rank pari passu, or equal, in right of payment with all of our existing and future indebtedness or other obligations that are not so subordinated, or junior. The April 2027 Notes rank effectively subordinated, or junior, to any of our existing and future secured indebtedness or other obligations (including unsecured indebtedness that we later secure) to the extent of the value of the assets securing such indebtedness. The April 2027 Notes rank structurally subordinated, or junior, to all existing and future indebtedness and other obligations (including trade payables) incurred by our subsidiaries, financing vehicles or similar facilities. The April 2027 Indenture contains certain covenants, including covenants requiring us to (i) comply with the asset coverage requirements of the 1940 Act, whether or not we are subject to those requirements, and (ii) provide financial information to the holders of the April 2027 Notes and the April 2027 Trustee if we are no longer subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Indenture. In addition, if a change of control repurchase event, as defined in the April 2027 Indenture, occurs prior to maturity, holders of the April 2027 Notes will have the right, at their option, to require us to repurchase for cash some or all of the April 2027 Notes at a repurchase price equal to 100% of the aggregate principal amount of the April 2027 Notes being repurchased, plus accrued and unpaid interest to, but excluding, the repurchase date.

### *Note Assumption Agreement*

On January 13, 2025, in connection with the Mergers, we entered into an assumption agreement (the “Note Assumption Agreement”) for the benefit of the Noteholders (as defined in the Note Purchase Agreement) (as defined below), effective as of the

closing of the Mergers. The Note Assumption Agreement relates to our assumption of (i) \$142.0 million aggregate principal amount of 7.50% Series 2022A Senior Notes, Tranche A, due July 21, 2025 (the “July 2025 Notes”); (ii) \$190.0 million aggregate principal amount of 7.58% Series 2022A Senior Notes, Tranche B, due July 21, 2027 (the “OBDE July 2027 Notes” and, together with the OBDE July 2025 Notes, the “Series 2022A Notes”); (iii) \$60.0 million in aggregate principal amount of 7.58% Series 2022B Senior Notes, due July 21, 2027 (the “Series 2022B Notes”); and (iv) \$100.0 million in aggregate principal amount of 8.10% Series 2023A Senior Notes, due June 29, 2028 (the “Series 2023A Notes”) and other obligations of OBDE under a Master Note Purchase Agreement dated as of July 21, 2022 (as supplemented by the First Supplement to Master Note Purchase Agreement, dated as of December 22, 2022 (the “First Supplement”), and by the Second Supplement to Master Note Purchase Agreement, dated as of June 29, 2023 (the “Second Supplement”), and as further amended, supplemented or otherwise modified from time to time, the “Note Purchase Agreement”), among OBDE and certain institutional investors specified therein.

Pursuant to the Note Assumption Agreement, we unconditionally and expressly assumed, confirmed and agreed to perform and observe each and every one of the covenants, rights, promises, agreements, terms, conditions, obligations, duties and liabilities of OBDE under the Note Purchase Agreement, under the Series 2022A Notes, Series 2022B notes and Series 2023A Notes and under any documents, instruments or agreements executed or delivered or furnished by OBDE in connection therewith, and to be bound by all waivers made by OBDE with respect to any matter set forth therein.

Interest on the Series 2022A Notes will be due semiannually on January 21 and July 21 each year, beginning on January 21, 2023. The Series 2022A Notes may be redeemed in whole or in part at any time or from time to time at our option at par plus accrued interest to the prepayment date and, if applicable, a make-whole premium. In addition, we are obligated to offer to prepay the Series 2022A Notes at par plus accrued and unpaid interest up to, but excluding, the date of prepayment, if certain change in control events occur. The Series 2022A Notes are general unsecured obligations of ours that rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by us. The Note Purchase Agreement contains customary terms and conditions for senior unsecured notes issued in a private placement, including, without limitation, affirmative and negative covenants such as information reporting, maintenance of our status as a BDC within the meaning of the 1940 Act, a minimum net worth of \$800.0 million and a minimum asset coverage ratio of 1.50 to 1.00.

In addition, in the event that a Below Investment Grade Event (as defined in the Note Purchase Agreement) occurs, the Series 2022A Notes will bear interest at a fixed rate per annum which is 1.00% above the stated rate of the Series 2022A Notes from the date of the occurrence of the Below Investment Grade Event to and until the date on which the Below Investment Grade Event is no longer continuing. In the event that a Secured Debt Ratio Event (as defined in the Note Purchase Agreement) occurs, the Series 2022A Notes will bear interest at a fixed rate per annum which is 1.50% above the stated rate of the Series 2022A Notes from the date of the occurrence of the Secured Debt Ratio Event to and until the date on which the Below Investment Grade Event is no longer continuing. In the event that both a Below Investment Grade Event and a Secured Debt Ratio Event have occurred and are continuing, the Series 2022A Notes will bear interest at a fixed rate per annum which is 2.00% above the stated rate of the Series 2022A Notes from the date of the occurrence of the later to occur of the Below Investment Grade Event and the Secured Debt Ratio Event to and until the date on which one of such events is no longer continuing.

The Note Purchase Agreement also contains customary events of default with customary cure and notice periods, including, without limitation, nonpayment, incorrect representation in any material respect, breach of covenant, certain cross-defaults or cross-acceleration under other indebtedness of the Company, certain judgments and orders and certain events of bankruptcy.

Except as otherwise expressly set forth in the First Supplement, the terms of the Note Purchase Agreement that apply to the Series 2022A Notes apply to the Series 2022B Notes, including, without limitation, the material terms described above. Except as otherwise expressly set forth in the Second Supplement, the terms of the Note Purchase Agreement that apply to the Series 2022A Notes apply to the Series 2023A Notes, including, without limitation, the material terms described above.

#### ***Revolving Credit Facility***

On January 13, 2025, in connection with the Mergers, through the accordion feature, the aggregate commitments under the Revolving Credit Facility increased from \$2.99 billion to \$3.66 billion.

#### ***SPV Credit Facilities***

On January 13, 2025, pursuant to Amendment No. 6 to Loan and Servicing Agreement and Omnibus Amendment to Certain Transaction Documents, dated December 5, 2024, by and between ORCC III Financing LLC (“ORCC III Financing”), a Delaware limited liability company and a wholly owned subsidiary of OBDE, ODCA, the Adviser, Société Générale, each of the lenders party thereto and us, we became party to and assumed all of OBDE’s obligations under the OBDE SPV Asset Facility I (as defined below). In addition, as a result of the consummation of the Mergers, we became party to and assumed all of OBDE’s obligations under OBDE SPV Asset Facility II (as defined below) and OBDE SPV Asset Facility III (as defined below).

#### ***OBDE SPV Asset Facility I***

On July 29, 2021 (the “OBDE SPV Asset Facility I Closing Date”), ORCC III Financing entered into a Credit Agreement (as amended through the date hereof, the “OBDE SPV Asset Facility I”), with ORCC III Financing, as borrower, OBDE, as equityholder,

ODCA, as collateral manager, the lenders from time to time parties thereto, Société Générale, as agent, State Street Bank and Trust Company, as collateral agent, collateral administrator and custodian, and Alter Domus (US) LLC as collateral custodian. The parties to the OBDE SPV Asset Facility I have entered into various amendments, including to admit new lenders, increase the maximum principal amount available under the facility, add a swingline commitment to the facility, extend the availability period and maturity date, change the interest rate and make various other changes. The following describes the terms of OBDE SPV Asset Facility I amended through December 5, 2024 (the “OBDE SPV Asset Facility I Sixth Amendment Date”).

The maximum principal amount of the OBDE SPV Asset Facility I is \$525.0 million (decreased from \$625.0 million on December 8, 2023), which can be drawn in multiple currencies subject to certain conditions; the availability of this amount is subject to the borrowing base, which is determined on the basis of the value and types of ORCC III Financing’s assets from time to time, and satisfaction of certain conditions, including certain concentration limits. The OBDE SPV Asset Facility I includes a \$100.0 million sub-limit for swingline loans.

The OBDE SPV Asset Facility I provides for the ability to (1) draw term loans and (2) draw and redraw revolving loans under the OBDE SPV Asset Facility I through March 16, 2026, unless the commitments are terminated sooner as provided in the OBDE SPV Asset Facility I (the “OBDE SPV Asset Facility I Commitment Termination Date”). Unless otherwise terminated, the OBDE SPV Asset Facility I will mature on March 15, 2028 (the “OBDE SPV Asset Facility I Stated Maturity”). Prior to the OBDE SPV Asset Facility I Stated Maturity, proceeds received by ORCC III Financing from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to us, subject to certain conditions. On the OBDE SPV Asset Facility I Stated Maturity, ORCC III Financing must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to us.

Amounts drawn in U.S. dollars bear interest at SOFR plus a spread of 2.70%; amounts drawn in Canadian dollars bear interest at Term CORRA plus a spread of 2.70%; amounts drawn in Euros bear interest at EURIBOR plus a spread of 2.70%; and amounts drawn in British pounds bear interest either at SONIA plus a spread of 2.6693% or at an alternate base rate plus a spread of 2.70%. From the OBDE SPV Asset Facility I Closing Date to the OBDE SPV Asset Facility I Commitment Termination Date, there is a commitment fee, calculated on a daily basis, ranging from 0.00% to 1.00% on the undrawn amount under the OBDE SPV Asset Facility I.

#### *OBDE SPV Asset Facility II*

On December 2, 2021 (the “OBDE SPV Asset Facility II Closing Date”), ORCC III Financing II LLC (“ORCC III Financing II”), a Delaware limited liability company and newly formed subsidiary entered into a loan financing and servicing agreement (the “OBDE SPV Asset Facility II”), with ORCC III Financing II, as borrower, OBDE, as equityholder and services provider, the lenders from time to time parties thereto, Deutsche Bank AG, New York Branch, as facility agent, State Street Bank and Trust Company, as collateral agent and collateral custodian. On October 10, 2024, the parties to the OBDE SPV Asset Facility II entered into the Amendment No. 2 to the OBDE SPV Asset Facility II, in order to, among other changes, replace Alter Domus (US) LLC as collateral custodian with State Street Bank and Trust Company. The following describes the terms of OBDE SPV Asset Facility II amended through October 10, 2024 (the “OBDE SPV Asset Facility II Second Amendment Date”).

The maximum principal amount of the OBDE SPV Asset Facility II is \$500.0 million (increased from \$350.0 million to \$500.0 million on the OBDE SPV Asset Facility II Second Amendment Date; the availability of this amount is subject to a borrowing base test, which is based on the value of ORCC III Financing II’s assets from time to time, and satisfaction of certain conditions, including interest spread and weighted average coupon tests, certain concentration limits and collateral quality tests.

The OBDE SPV Asset Facility II provides for the ability to borrow, reborrow, repay and prepay advances under the OBDE SPV Asset Facility II for a period until December 2, 2027 unless such period is extended or accelerated under the terms of the OBDE SPV Asset Facility II (the “OBDE SPV Asset Facility II Revolving Period”). Unless otherwise extended, accelerated or terminated under the terms of the OBDE SPV Asset Facility II, the OBDE SPV Asset Facility II will mature on the date that is two years after the last day of the OBDE SPV Asset Facility II Revolving Period, on December 2, 2029 (the “OBDE SPV Asset Facility II Termination Date”). Prior to the OBDE SPV Asset Facility II Termination Date, proceeds received by ORCC III Financing II from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding advances, and the excess may be returned to us, subject to certain conditions. On the OBDE SPV Asset Facility II Termination Date, ORCC III Financing II must pay in full all outstanding fees and expenses and all principal and interest on outstanding advances, and the excess may be returned to us.

Amounts drawn bear interest at SOFR (or, in the case of certain lenders that are commercial paper conduits, the lower of (a) their cost of funds and (b) SOFR, such SOFR not to be lower than zero) plus a spread equal to 1.95% per annum, which spread will increase (a) on and after the end of the OBDE SPV Asset Facility II Revolving Period by 0.15% per annum if no event of default has occurred and (b) by 2.00% per annum upon the occurrence of an event of default (such spread, the “OBDE SPV Asset Facility II Applicable Margin”). SOFR may be replaced as a base rate under certain circumstances. During the OBDE SPV Asset Facility II Revolving Period, ORCC III Financing II will pay an undrawn fee ranging from 0.00% to 0.25% per annum on the undrawn amount, if any, of the revolving commitments in the OBDE SPV Asset Facility II. During the OBDE SPV Asset Facility II Revolving Period, if the undrawn commitments are in excess of a certain portion (initially 20% and increasing in stages to 35%, 50% and 70%) of the total commitments under the OBDE SPV Asset Facility II, ORCC III Financing II will also pay a make-whole fee equal to the OBDE

SPV Asset Facility II Applicable Margin multiplied by such excess undrawn commitment amount, reduced by the undrawn fee payable on such excess. ORCC III Financing II will also pay Deutsche Bank AG, New York Branch, certain fees (and reimburse certain expenses) in connection with its role as facility agent.

#### *OBDE SPV Asset Facility III*

On March 20, 2024 (the “OBDE SPV Asset Facility III Closing Date”), OBDC III Financing III LLC (“OBDC III Financing III”), a Delaware limited liability company and newly formed subsidiary, entered into a Credit Agreement (the “OBDE SPV Asset Facility III”), with OBDC III Financing III, as borrower, ODCA, as servicer, the lenders from time to time parties thereto, Bank of America, N.A., as administrative agent, State Street Bank and Trust Company, as collateral agent, and Alter Domus (US) LLC, as collateral custodian.

The maximum principal amount of the OBDE SPV Asset Facility III is \$300.0 million, which can be drawn in multiple currencies subject to certain conditions; the availability of this amount is subject to the borrowing base, which is determined on the basis of the value and types of OBDC III Financing III’s assets from time to time, and satisfaction of certain conditions, including certain portfolio criteria.

The OBDE SPV Asset Facility III provides for the ability to draw and redraw revolving loans under the OBDE SPV Asset Facility III for a period of up to three years after the OBDE SPV Asset Facility III Closing Date unless the commitments are terminated sooner as provided in the OBDE SPV Asset Facility III (the “OBDE SPV Asset Facility III Availability Period”). Unless otherwise terminated, the OBDE SPV Asset Facility III will mature on March 20, 2029 (the “OBDE SPV Asset Facility III Maturity Date”). To the extent the commitments are terminated or permanently reduced during the first two years following the OBDE SPV Asset Facility III Closing Date, OBDC III Financing III may owe a prepayment penalty. Prior to the OBDE SPV Asset Facility III Maturity Date, proceeds received by OBDC III Financing III from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to us, subject to certain conditions. On the OBDE SPV Asset Facility III Maturity Date, OBDC III Financing III must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to us.

Amounts drawn in U.S. dollars are benchmarked to Daily SOFR, amounts drawn in British pounds are benchmarked to SONIA plus an adjustment of 0.11930%, amounts drawn in Canadian dollars are benchmarked to Daily Simple CORRA plus an adjustment of 0.29547%, and amounts drawn in Euros are benchmarked to EURIBOR, and in each case plus a spread equal to the Applicable Rate. The “Applicable Rate” ranges from 1.75% to 2.50% depending on the composition of the collateral. The OBDE SPV Asset Facility III also allows for amounts drawn in U.S. dollars to bear interest at an alternate base rate without a spread. During the Availability Period, there is a commitment fee subject to minimum utilization, calculated on a daily basis, ranging from 0.25% to 1.25% on the undrawn amount under the Secured Credit Facility.

#### ***Debt Securitization Transaction***

On January 13, 2025, as a result of the consummation of the Mergers, we became party to the relevant agreements with respect to and assumed all of OBDE’s obligations under the CLO XIV Transaction (as defined below).

#### *CLO XIV*

On November 21, 2023 (the “CLO XIV Closing Date”), OBDE completed a \$397.3 million term debt securitization transaction (the “CLO XIV Transaction”), also known as a collateralized loan obligation transaction, which is a form of secured financing incurred by OBDE. The secured notes and preferred shares issued in the CLO XIV Transaction and the secured loan borrowed in the CLO XIV Transaction were issued and incurred, as applicable, by OBDE’s consolidated subsidiary Blue Owl CLO XIV, LLC, a limited liability organized under the laws of the State of Delaware (the “CLO XIV Issuer”) and are backed by a portfolio of collateral obligations consisting of middle-market loans and participation interests in middle-market loans as well as by other assets of the CLO XIV Issuer.

The CLO XIV Transaction was executed by (A) the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the Closing Date (the “CLO XIV Indenture”), by and among the CLO XIV Issuer and State Street Bank and Trust Company: (i) \$203.0 million of AAA(sf) Class A Notes, which bear interest at three-month term SOFR plus 2.40% and (ii) \$32.0 million of AA(sf) Class B Notes, which bear interest at three-month term SOFR plus 3.25% (together, the “CLO XIV Secured Notes”) and (B) the borrowing by the CLO XIV Issuer of \$25.0 million under floating rate Class A-L loans (the “CLO XIV Class A-L Loans” and together with the CLO XIV Secured Notes, the “CLO XIV Debt”). The CLO XIV Class A-L Loans bear interest at three-month term SOFR plus 2.40%. The CLO XIV Class A-L Loans were borrowed under a credit agreement (the “CLO XIV Class A-L Credit Agreement”), dated as of the CLO XIV Closing Date, by and among the CLO XIV Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO XIV Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO XIV Issuer. The CLO XIV Debt is scheduled to mature on the Payment Date (as defined in the CLO XIV Indenture) in October, 2035. The CLO XIV Secured Notes were privately placed by SG Americas Securities, LLC as Initial Purchaser.

Concurrently with the issuance of the CLO XIV Secured Notes and the borrowing under the CLO XIV Class A-L Loans, the CLO XIV Issuer issued approximately \$137.3 million of subordinated securities in the form of 137,300 preferred shares at an issue price of U.S.\$1,000 per share (the “CLO XIV Preferred Shares”). The CLO XIV Preferred Shares were issued by the CLO XIV Issuer as part of its issued share capital and are not secured by the collateral securing the CLO XIV Debt. OBDE purchased all of the CLO XIV Preferred Shares. We act as retention holder in connection with the CLO XIV Transaction for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such are required to retain a portion of the CLO XIV Preferred Shares.

As part of the CLO XIV Transaction, OBDE entered into a loan sale agreement with the CLO XIV Issuer dated as of the CLO XIV Closing Date (the “CLO XIV OBDC III Loan Sale Agreement”), which provided for the contribution of approximately \$167.3 million funded par amount of middle-market loans from OBDE to the CLO XIV Issuer on the CLO XIV Closing Date and for future sales from us to the CLO XIV Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO XIV Debt. The remainder of the initial portfolio assets securing the CLO XIV Debt consisted of approximately \$204.0 million funded par amount of middle-market loans purchased by the CLO XIV Issuer from ORCC III Financing LLC, a wholly-owned subsidiary of OBDE, under an additional loan sale agreement executed on the CLO XIV Closing Date between the CLO XIV Issuer and ORCC III Financing LLC (the “CLO XIV ORCC III Financing Loan Sale Agreement”). OBDE and ORCC III Financing LLC each made customary representations, warranties, and covenants to the CLO XIV Issuer under the applicable loan sale agreement. No gain or loss was recognized as a result of these sales or contributions.

Through October 20, 2027, a portion of the proceeds received by the CLO XIV Issuer from the loans securing the CLO XIV Secured Notes may be used by the CLO XIV Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO XIV Issuer and in accordance with our investing strategy and ability to originate eligible middle-market loans.

The CLO XIV Debt is the secured obligation of the CLO XIV Issuer, and the CLO XIV Indenture and CLO XIV Class A-L Credit Agreement each includes customary covenants and events of default. The CLO XIV Secured Notes have not been registered under the Securities Act, or any state securities (e.g., “blue sky”) laws, and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration.

The Adviser will serve as collateral manager for the CLO XIV Issuer under a collateral management agreement dated as of the CLO XIV Closing Date. The Adviser is entitled to receive fees for providing these services. The Adviser has waived its right to receive such fees but may rescind such waiver at any time; provided, however, that if the Adviser rescinds such waiver, the management fee payable to the Adviser pursuant to the Investment Advisory Agreement between the Adviser and us will be offset by the amount of the collateral management fee attributable to the CLO XIV Issuer’s equity or notes owned by us.

#### ***Investment Advisory Agreement***

The Investment Advisory Agreement became effective on January 12, 2025, in connection with the consummation of the Mergers. The Investment Advisory Agreement was approved by our Board on August 6, 2024 and by our shareholders on January 8, 2025. The Investment Advisory Agreement amended and restated the third amended and restated investment advisory agreement between us and the Adviser (the “Previous Investment Advisory Agreement”), which became effective on May 18, 2021.

The Investment Advisory Agreement excludes the impact of purchase accounting adjustments resulting from any purchase premium or discount paid for the acquisition of assets in a merger from the calculation of the income incentive fee and the capital gains incentive fee, and deletes from the Previous Investment Advisory Agreement certain provisions and remove references to items which by their terms are not applicable to the us as a result of our listing on the NYSE. Except for these changes, none of the material terms changed in the Investment Advisory Agreement as compared to the Previous Investment Advisory Agreement, including the services to be provided.

#### ***“At the Market” Offerings***

On February 18, 2025, our Board authorized us to enter an equity distribution agreement with respect to an “at the market” offering of up to \$750 million of our common stock.

## Item 7A. Quantitative and Qualitative Disclosures About Market Risk.

We are subject to financial market risks, including valuation risk, interest rate risk, currency risk, credit risk and inflation risk.

### Valuation Risk

We have invested, and plan to continue to invest, primarily in illiquid debt and equity securities of private companies. Most of our investments will not have a readily available market price, and we value these investments at fair value as determined in good faith by the Adviser, as our valuation designee, based on, among other things, the input of independent third-party valuation firm(s) engaged at the direction of the Adviser, as our valuation designee, and in accordance with our valuation policy. There is no single standard for determining fair value. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments we make. If we were required to liquidate a portfolio investment in a forced or liquidation sale, we may realize amounts that are different from the amounts presented and such differences could be material.

### Interest Rate Risk

Interest rate sensitivity refers to the change in earnings that may result from changes in the level of interest rates. We intend to fund portions of our investments with borrowings, and at such time, our net investment income will be affected by the difference between the rate at which we invest and the rate at which we borrow. Accordingly, we cannot assure you that a significant change in market interest rates will not have a material adverse effect on our net investment income.

In a low interest rate environment, the difference between the total interest income earned on interest earning assets and the total interest expense incurred on interest bearing liabilities may be compressed, reducing our net income and potentially adversely affecting our operating results. Conversely, in a rising interest rate environment, such difference could potentially increase thereby increasing our net income as indicated per the table below.

As of December 31, 2024, 96.4% of our debt investments based on fair value were floating rates. Additionally, the weighted average floor, based on fair value, of our debt investments was 0.8% and the majority of our debt investments have a floor of 1.0%. The Revolving Credit Facility and SPV Asset Facility II bear interest at variable interest rates with a floor of 0%. The 2025 Notes, July 2025 Notes, 2026 Notes, July 2026 Notes, 2027 Notes, 2028 Notes and 2029 Notes bear interest at fixed rates. The 2027 Notes and 2029 Notes are hedged against interest rate swap instruments. CLO III, CLO IV and CLO X bear interest at variable rates with a floor of 0%. CLO I, CLO II, CLO V and CLO VII bear interest at fixed and variable rates with a floor of 0%.

Based on our Consolidated Statements of Assets and Liabilities as of December 31, 2024, the following table shows the annualized impact on net income of hypothetical base rate changes in interest rates on our debt investments (considering interest rate floors for floating rate instruments) assuming each floating rate investment is subject to 3-month reference rate election and there are no changes in our investment and borrowing structure:

(\$ in millions)	Interest Income	Interest Expense <sup>(1)</sup>	Net Income <sup>(2)</sup>
Up 300 basis points	\$ 322,168	\$ 124,623	\$ 197,545
Up 200 basis points	214,779	83,082	131,697
Up 100 basis points	107,389	41,541	65,848
Down 100 basis points	(107,389)	(41,541)	(65,848)
Down 200 basis points	(214,779)	(83,082)	(131,697)
Down 300 basis points	(322,019)	(124,623)	(197,396)

(1) Includes the impact of our interest rate swaps as a result of interest rate changes.

(2) Excludes the impact of income based fees. See "ITEM 8. – CONSOLIDATED FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA – Notes to Consolidated Financial Statements Note 3. Agreements and Related Party Transactions" of our consolidated financial statements for more information on the income based fees.

We may hedge against interest rate fluctuations by using hedging instruments such as additional interest rate swaps, futures, options, and forward contracts. While hedging activities may mitigate our exposure to adverse fluctuations in interest rates, certain hedging transactions, such as interest rate swap agreements, may also limit our ability to participate in the benefits of lower interest rates.

### Currency Risk

From time to time, we may make investments that are denominated in a foreign currency, borrow in certain foreign currencies under our credit facilities or issue notes in certain foreign currencies. These investments, borrowings and issuances are translated into U.S. dollars at each balance sheet date, exposing us to movements in foreign exchange rates. We may employ hedging techniques to minimize these risks, but we cannot assure you that such strategies will be effective or without risk to us. We may utilize instruments such as, but not limited to, forward contracts or cross currency swaps to seek to hedge against fluctuations in the relative values of our

portfolio positions from changes in currency exchange rates. Instead of entering into a foreign currency forward contract in connection with loans or other investments denominated in a foreign currency, we may borrow in that currency to establish a natural hedge against our loan, issuance or investment. To the extent the loan, issuance or investment is based on a floating rate other than a rate under which we can borrow under our credit facilities, we may utilize interest rate derivatives to hedge our exposure to changes in the associated rate.

***Credit Risk***

We generally endeavor to minimize our risk of exposure by limiting to reputable financial institutions the counterparties with which we enter into financial transactions. As of December 31, 2024 and December 31, 2023, we held the majority of our cash balances with a single highly rated money center bank and such balances are in excess of Federal Deposit Insurance Corporation insured limits. We seek to mitigate this exposure by monitoring the credit standing of these financial institutions.

***Inflation Risk***

Inflation is likely to continue in the near to medium-term, particularly in the United States, with the possibility that monetary policy may continue to tighten in response. Persistent inflationary pressures could affect our portfolio companies' profit margins.

## Report of Independent Registered Public Accounting Firm

To the Shareholders and Board of Directors  
Blue Owl Capital Corporation:

### *Opinions on the Consolidated Financial Statements and Internal Control Over Financial Reporting*

We have audited the accompanying consolidated statements of assets and liabilities of Blue Owl Capital Corporation and subsidiaries (the Company), including the consolidated schedules of investments, as of December 31, 2024 and 2023, the related consolidated statements of operations, changes in net assets, and cash flows for each of the years in the three-year period ended December 31, 2024, and the related notes (collectively, the consolidated financial statements). We also have audited the Company's internal control over financial reporting as of December 31, 2024, based on criteria established in *Internal Control – Integrated Framework (2013)*, issued by the Committee of Sponsoring Organizations of the Treadway Commission.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2024 and 2023, and the results of its operations and its cash flows for each of the years in the three-year period ended December 31, 2024, in conformity with U.S. generally accepted accounting principles. Also in our opinion, the Company maintained, in all material respects, effective internal control over financial reporting as of December 31, 2024, based on criteria established in *Internal Control – Integrated Framework (2013)* issued by the Committee of Sponsoring Organizations of the Treadway Commission.

### *Basis for Opinions*

The Company's management is responsible for these consolidated financial statements, for maintaining effective internal control over financial reporting, and for its assessment of the effectiveness of internal control over financial reporting, included in the accompanying Management's Report on Internal Controls over Financial Reporting. Our responsibility is to express an opinion on the Company's consolidated financial statements and an opinion on the Company's internal control over financial reporting based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement, whether due to error or fraud, and whether effective internal control over financial reporting was maintained in all material respects.

Our audits of the consolidated financial statements included performing procedures to assess the risks of material misstatement of the consolidated financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements. Such procedures also included confirmation of securities owned as of December 31, 2024 and 2023, by correspondence with the custodian, broker, agent banks, or portfolio companies; when replies were not received, we performed other appropriate auditing procedures. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements. Our audit of internal control over financial reporting included obtaining an understanding of internal control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. Our audits also included performing such other procedures as we considered necessary in the circumstances. We believe that our audits provide a reasonable basis for our opinions.

### *Definition and Limitations of Internal Control Over Financial Reporting*

A company's internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

#### *Critical Audit Matter*

The critical audit matter communicated below is a matter arising from the current period audit of the consolidated financial statements that was communicated or required to be communicated to the audit committee and that: (1) relates to accounts or disclosures that are material to the consolidated financial statements and (2) involved our especially challenging, subjective, or complex judgments. The communication of a critical audit matter does not alter in any way our opinion on the consolidated financial statements, taken as a whole, and we are not, by communicating the critical audit matter below, providing a separate opinion on the critical audit matter or on the accounts or disclosures to which it relates.

#### Assessment of Fair Value of Investments

As discussed in Notes 2 and 6 to the consolidated financial statements, the Company determines fair value for investments that are not publicly traded or for which there is no readily determinable market value by using unobservable inputs and assumptions. As of December 31, 2024, the fair value of such investments (“Level 3 investments”) was \$12.6 billion.

We identified the assessment of the fair value measurement of substantially all of the Level 3 investments as a critical audit matter. Subjective auditor judgment was required to evaluate these fair value measurements as they involved a high degree of measurement uncertainty. Specifically, the assessment of these fair value measurements encompassed the evaluation of assumptions related to market yields for similar investments and risk profiles used in yield analyses for debt and other interest-bearing investments and comparable financial performance multiples used in determining enterprise values for equity investments.

The following are the primary procedures we performed to address this critical audit matter. We evaluated the design and tested the operating effectiveness of certain internal controls related to the fair value measurement process, including controls related to the development of the market yields and financial performance multiples assumptions used in the Company’s fair value measurements. We evaluated the Company’s ability to estimate fair value by comparing a selection of prior period fair values to the prices of transactions occurring subsequent to the prior period fair value measurement date. We evaluated the Company’s market yields used to measure the fair value of its Level 3 investments by comparing such yields for a selection of investments to third-party market and industry data. We involved valuation professionals with specialized skills and knowledge who assisted in evaluating the reasonableness of the fair value measurement for a selection of Level 3 investments by:

- developing an independent estimate of the fair value using independent market yields and financial performance multiples that were developed using relevant market and portfolio company financial information
- comparing the results of our independent estimate of fair value to the Company’s fair value measurement.

/s/ KPMG LLP

We have served as the Company’s auditor since 2016.

- (1) Certain portfolio company investments are subject to contractual restrictions on sales. Refer to footnote 27 for additional information on our restricted securities.
- (2) The amortized cost represents the original cost adjusted for the amortization or accretion of premium or discount, as applicable, on debt investments using the effective interest method.
- (3) As of December 31, 2024, the net estimated unrealized loss for U.S. federal income tax purposes was \$146.1 million based on a tax cost basis of \$13.3 billion. As of December 31, 2024, the estimated aggregate gross unrealized loss for U.S. federal income tax purposes was \$560.6 million and the estimated aggregate gross unrealized gain for U.S. federal income tax purposes was \$414.5 million.
- (4) Unless otherwise indicated, all investments are considered Level 3 investments.
- (5) Level 1 investment.
- (6) Level 2 investment.
- (7) Investment measured at net asset value (“NAV”).
- (8) Unless otherwise indicated, the Company’s portfolio companies are pledged as collateral supporting the amounts outstanding under the Revolving Credit Facility, SPV Asset Facility and CLOs. See Note 5 “Debt.”
- (9) Investment is not pledged as collateral for the credit facilities.
- (10) Position or portion thereof is a partially unfunded debt or equity commitment. See below for more information on the Company’s commitments. See Note 7 “Commitments and Contingencies.”

\*Fully funded

(11) Loan was on non-accrual status as of December 31, 2024.

(12) Non-income producing.

(13) The interest rate on these loans is subject to 1 month SOFR, which as of December 31, 2024 was 4.33%.

(14) The interest rate on these loans is subject to 3 month SOFR, which as of December 31, 2024 was 4.31%.

(15) The interest rate on these loans is subject to 6 month SOFR, which as of December 31, 2024 was 4.25%.

(16) The interest rate on these loans is subject to 12 month SOFR, which as of December 31, 2024 was 4.18%.

(17) The interest rate on this loan is subject to Prime, which as of December 31, 2024 was 7.50%.

(18) The interest rate on this loan is subject to 1 month EURIBOR, which as of December 31, 2024 was 2.85%.

(19) The interest rate on this loan is subject to 3 month EURIBOR, which as of December 31, 2024 was 2.71%.

(20) The interest rate on this loan is subject to 6 month EURIBOR, which as of December 31, 2024 was 2.57%.

(21) The interest rate on this loan is subject to 3 month BBSY, which as of December 31, 2024 was 4.42%.

(22) The interest rate on this loan is subject to SONIA, which as of December 31, 2024 was 4.70%.

(23) The date disclosed represents the commitment period of the unfunded term loan. Upon expiration of the commitment period, the funded portion of the term loan may be subject to a longer maturity date.

(24) As defined in the 1940 Act, the Company is deemed to be an “affiliated person” of this portfolio company as the Company owns more than 5% but less than 25% of the portfolio company’s voting securities (“non-controlled affiliate”). Transactions related to investments in non-controlled affiliates for the period ended December 31, 2024 were as follows:

(\$ in thousands)	Fair value as of December 31, 2023	Gross Additions (a)	Gross Reductions(b)	Net Change in Unrealized Gains (Losses)	Fair value as of December 31, 2024	Interest and PIK Income	Dividend Income	Other Income
LSI Financing 1

(a) Gross additions may include increases in the cost basis of investments resulting from new investments, amounts related to payment-in-kind (“PIK”) interest capitalized and added to the principal balance of the respective loans, the accretion of discounts, the exchange of one or more existing investments for one or more new investments and the movement at fair value of an existing portfolio company into this controlled affiliated category from a different category.

(b) Gross reductions may include decreases in the cost basis of investments resulting from principal collections related to investment repayments and sales, return of capital, the amortization of premiums and the exchange of one or more existing securities for one or more new securities.

(25) As defined in the 1940 Act, the Company is deemed to be both an “Affiliated Person” and has “Control” of this portfolio company as the Company owns more than 25% of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company, including through a management agreement (“controlled affiliate”). The Company’s investment in controlled affiliates for the period ended December 31, 2024, were as follows:

**Blue Owl Capital Corporation**  
**Consolidated Schedule of Investments**  
**As of December 31, 2024**  
**(Amounts in thousands, except share amounts)**

(a) Gross additions may include increases in the cost basis of investments resulting from new investments, amounts related to payment-in-kind (“PIK”) interest capitalized and added to the principal balance of the respective loans, the accretion of discounts, the exchange of one or more existing investments for one or more new investments and the movement at fair value of an existing portfolio company into this controlled affiliated category from a different category.

(b) Gross reductions may include decreases in the cost basis of investments resulting from principal collections related to investment repayments and sales, return of capital, the amortization of premiums and the exchange of one or more existing securities for one or more new securities.

(c) For further description of the Company's investment in Blue Owl Credit SLF LLC (“Credit SLF”), see Note 4 “Investments.”

(d) In connection with its investment in AAM Series 1.1 Rail and Domestic Intermodal Feeder, LLC and AAM Series 2.1 Aviation Feeder, LLC (collectively, “Amergin Assetco”) the Company made a minority investment in Amergin Asset Management, LLC, which has entered into a Servicing Agreement with Amergin Assetco.

(26) Represents co-investment made with the Company's affiliates in accordance with the terms of the exemptive relief that the Company received from the U.S. Securities and Exchange Commission. See Note 3 “Agreements and Related Party Transactions.”

(27) Securities acquired in transactions exempt from registration under the Securities Act of 1933, as amended (the “Securities Act”) and may be deemed to be “restricted securities” under the Securities Act. As of December 31, 2024, the aggregate fair value of these securities is \$2.21 billion or 37.1% of the Company's net assets. The acquisition dates of the restricted securities are as follows:

\* Refer to Note 4 "Investments – Credit SLF LLC" for further information.

\*\* Refer to Note 3 "Agreements and Related Party Transactions – Controlled/Affiliated Portfolio Companies."

(28) This portfolio company is not a qualifying asset under Section 55(a) of the Investment Company Act of 1940, as amended (the "1940 Act"). Under the 1940 Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets

**Blue Owl Capital Corporation**  
**Consolidated Schedule of Investments**  
**As of December 31, 2024**  
**(Amounts in thousands, except share amounts)**

represent at least 70% of total assets. As of December 31, 2024, non-qualifying assets represented 12.8% of total assets as calculated in accordance with the regulatory requirements. (29) Investment represents multiple underlying investments in related entities under common management. These underlying investments are on identical terms and include Midwest Custom Windows, LLC with a fair value of \$24.1 million, Greater Toronto Custom Windows, Corp. with a fair value of \$10.0 million, Garden State Custom Windows, LLC with a fair value of \$33.4 million, Long Island Custom Windows, LLC with a fair value of \$28.9 million, Jemico, LLC with a fair value of \$23.1 million, Atlanta Custom Windows, LLC with a fair value of \$11.5 million and Fairchester Custom Windows with a fair value of \$7.6 million as of December 31, 2024. Greater Toronto Custom Windows, Corp. is considered a non-qualifying asset.

(30) We invest in this portfolio company through underlying blocker entities Hercules Blocker 1 LLC, Hercules Blocker 2 LLC, Hercules Blocker 3 LLC, Hercules Blocker 4 LLC, and Hercules Blocker 5 LLC.

(31) Investment contains a fixed-rate structure.

(32) Unless otherwise indicated, loan contains a variable rate structure and may be subject to an interest rate floor. Variable rate loans bear interest at a rate that may be determined by reference to either the Secured Overnight Financing Rate ("SOFR" or "S," which can include one-, three-, six- or twelve-month SOFR), Euro Interbank Offered Rate ("EURIBOR" or "E", which can include one-, three- or six-month EURIBOR), SONIA ("SONIA" or "SA"), Australian Bank Bill Swap Bid Rate ("BBSY" or "BB") (which can include one-, three-, or six-month BBSY) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower's option, and which reset periodically based on the terms of the loan agreement.

(33) The negative cost and fair value results from unamortized fees, which are capitalized to the investment cost.

The accompanying notes are an integral part of these consolidated financial statements.

- (1) Certain portfolio company investments are subject to contractual restrictions on sales. Refer to footnote 26 for additional information on our restricted securities.
- (2) The amortized cost represents the original cost adjusted for the amortization or accretion of premium or discount, as applicable, on debt investments using the effective interest method.
- (3) As of December 31, 2023, the net estimated unrealized loss for U.S. federal income tax purposes was \$0.4 million based on a tax cost basis of \$12.7 billion. As of December 31, 2023, the estimated aggregate gross unrealized loss for U.S. federal income tax purposes was \$325.3 million and the estimated aggregate gross unrealized gain for U.S. federal income tax purposes was \$324.9 million.
- (4) Unless otherwise indicated, all investments are considered Level 3 investments.
- (5) Level 1 investment.
- (6) Level 2 investment.
- (7) Investment measured at net asset value (“NAV”).
- (8) Unless otherwise indicated, the Company’s portfolio companies are pledged as collateral supporting the amounts outstanding under the Revolving Credit Facility, SPV Asset Facility and CLOs. See Note 5 “Debt”.
- (9) Investment is not pledged as collateral for the credit facilities.
- (10) Position or portion thereof is a partially unfunded debt or equity commitment. See below for more information on the Company’s commitments. See Note 7 “Commitments and Contingencies”.

**Blue Owl Capital Corporation**  
**Consolidated Schedule of Investments**  
**As of December 31, 2023**  
**(Amounts in thousands, except share amounts)**

- (11) Loan was on non-accrual status as of December 31, 2023.  
(12) Investment is non-income producing.  
(13) The interest rate on these loans is subject to 1 month SOFR, which as of December 31, 2023 was 5.35%.  
(14) The interest rate on these loans is subject to 3 month SOFR, which as of December 31, 2023 was 5.33%.  
(15) The interest rate on these loans is subject to 6 month SOFR, which as of December 31, 2023 was 5.16%.  
(16) The interest rate on these loans is subject to Prime, which as of December 31, 2023 was 8.50%.  
(17) The interest rate on this loan is subject to 1 month EURIBOR, which as of December 31, 2023 was 3.85%.  
(18) The interest rate on this loan is subject to 3 month EURIBOR, which as of December 31, 2023 was 3.91%.  
(19) The interest rate on this loan is subject to 6 month EURIBOR, which as of December 31, 2023 was 3.86%.  
(20) The interest rate on this loan is subject to SONIA, which as of December 31, 2023 was 5.19%.  
(21) The negative cost is the result of the capitalized discount being greater than the principal amount outstanding on the loan. The negative fair value is the result of the capitalized discount on the loan.  
(22) The date disclosed represents the commitment period of the unfunded term loan. Upon expiration of the commitment period, the funded portion of the term loan may be subject to a longer maturity date.  
(23) As defined in the 1940 Act, the Company is deemed to be an “affiliated person” of this portfolio company as the Company owns more than 5% but less than 25% of the portfolio company’s voting securities or has the power to exercise control over management or policies of such portfolio company, including through a management agreement (“non-controlled affiliate”). Transactions related to investments in non-controlled affiliates for the period ended December 31, 2023 were as follows:

(\$ in thousands)	Fair value as of December 31, 2022	Gross Additions (a)	Gross Reductions(b)	Change in Unrealized Gains (Losses)	Fair value as of December 31, 2023	Interest Income	Dividend Income	Other Income
LSI Financing 1 DAC	\$ 6,175	\$ 15,045	\$ (2,265)	\$ 1,033	\$ 19,988	\$ —	\$ 252	\$ —
<b>Total Non- Controlled Affiliates</b>	<b>\$ 6,175</b>	<b>\$ 15,045</b>	<b>\$ (2,265)</b>	<b>\$ 1,033</b>	<b>\$ 19,988</b>	<b>\$ —</b>	<b>\$ 252</b>	<b>\$ —</b>

- (a) Gross additions may include increases in the cost basis of investments resulting from new investments, amounts related to payment-in-kind (“PIK”) interest capitalized and added to the principal balance of the respective loans, the accretion of discounts, the exchange of one or more existing investments for one or more new investments and the movement at fair value of an existing portfolio company into this controlled affiliated category from a different category.  
(b) Gross reductions may include decreases in the cost basis of investments resulting from principal collections related to investment repayments and sales, return of capital, the amortization of premiums and the exchange of one or more existing securities for one or more new securities.  
(24) As defined in the 1940 Act, the Company is deemed to be both an “Affiliated Person” and has “Control” of this portfolio company as the Company owns more than 25% of the portfolio company’s outstanding voting securities or has the power to exercise control over management or policies of such portfolio company, including through a management agreement (“controlled affiliate”). The Company’s investment in controlled affiliates for the period ended December 31, 2023, were as follows:

(\$ in thousands)	Fair value as of December 31, 2022	Gross Additions (a)	Gross Reductions(b)	Change in Unrealized Gains (Losses)	Fair value as of December 31, 2023	Interest and PIK Income	Dividend Income	Other Income

\*\* Refer to Note 3 “Agreements and Related Party Transactions – Controlled/Affiliated Portfolio Companies”.

(27) This portfolio company is not a qualifying asset under Section 55(a) of the Investment Company Act of 1940, as amended (the “1940 Act”). Under the 1940 Act, the Company may not acquire any non-qualifying asset unless, at the time such acquisition is made, qualifying assets represent at least 70% of total assets. As of December 31, 2023, non-qualifying assets represented 11.8% of total assets as calculated in accordance with the regulatory requirements.

(28) Investment represents multiple underlying investments in related entities under common management. These underlying investments are on identical terms and include Midwest Custom Windows, LLC with a fair value of \$24.1 million, Greater Toronto Custom Windows, Corp. with a fair value of \$10.0 million, Garden State Custom Windows, LLC with a fair value of \$33.4 million, Long Island Custom Windows, LLC with a fair value of \$28.9 million, Jemico, LLC with a fair value of \$23.1 million, Atlanta Custom Windows, LLC with a fair value of \$11.5 million and Fairchester Custom Windows with a fair value of \$7.6 million as of December 31, 2023. Greater Toronto Custom Windows, Corp. is considered a non-qualifying asset.

(29) We invest in this portfolio company through underlying blocker entities Hercules Blocker 1 LLC, Hercules Blocker 2 LLC, Hercules Blocker 3 LLC, Hercules Blocker 4 LLC, and Hercules Blocker 5 LLC.

(30) Contains a fixed-rate structure.

(31) Unless otherwise indicated, loan contains a variable rate structure and may be subject to an interest rate floor. Variable rate loans bear interest at a rate that may be determined by reference to either the Secured Overnight Financing Rate (“SOFR” or “S,” which can include one-, three- or six- month SOFR), Euro Interbank Offered Rate (“EURIBOR”), Great Britain Pound London Interbank Offered Rate (“GBPLIBOR” or “G,” which can include three- or six-month GBPLIBOR), SONIA (“SONIA” or “SA”) or an alternate base rate (which can include the Federal Funds Effective Rate or the Prime Rate), at the borrower’s option, and which reset periodically based on the terms of the loan agreement.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements**

**Note 1. Organization**

Blue Owl Capital Corporation (the “Company” or “OBDC”) is a Maryland corporation formed on October 15, 2015. The Company’s investment objective is to generate current income and to a lesser extent, capital appreciation by targeting investment opportunities with favorable risk-adjusted returns. The Company’s investment strategy focuses on primarily originating and making loans to, and making debt and equity investments in, U.S. middle-market companies. The Company invests in senior secured or unsecured loans, subordinated loans or mezzanine loans and, to a lesser extent, equity and equity-related securities including warrants, preferred stock and similar forms of senior equity, which may or may not be convertible into a portfolio company’s common equity.

The Company has elected to be regulated as a business development company (“BDC”) under the Investment Company Act of 1940, as amended (the “1940 Act”). In addition, for tax purposes, the Company is treated as a regulated investment company (“RIC”) under Subchapter M of the Internal Revenue Code of 1986, as amended (the “Code”). Because the Company has elected to be regulated as a BDC and qualifies as a RIC under the Code, the Company’s portfolio is subject to diversification and other requirements.

On April 27, 2016, the Company formed a wholly-owned subsidiary, OR Lending LLC, a Delaware limited liability company, which holds a California finance lenders license. OR Lending LLC makes loans to borrowers headquartered in California. From time to time the Company may form wholly-owned subsidiaries to facilitate the normal course of business.

Blue Owl Credit Advisors LLC (the “Adviser”) serves as the Company’s investment adviser. The Adviser is registered with the Securities and Exchange Commission (“SEC”) as an investment adviser under the Investment Advisers Act of 1940, as amended (the “Advisers Act”), an indirect affiliate of Blue Owl Capital Inc. (“Blue Owl”) (New York Stock Exchange (“NYSE”): OWL) and part of Blue Owl’s Credit platform, which focuses on direct lending. Blue Owl consists of three investment platforms: (1) Credit, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies, (2) GP Strategic Capital, which primarily focuses on acquiring equity stakes in, or providing debt financing to, large, multi-product private equity and private credit firms and (3) Real Assets, which primarily focuses on the strategies of net lease real estate and real estate credit. Subject to the overall supervision of the Company’s board of directors (the “Board”), the Adviser manages the day-to-day operations of, and provides investment advisory and management services to, the Company.

Since July 6, 2023, the Company’s common stock has traded on the NYSE under the symbol “OBDC.”

On January 13, 2025, the Company consummated the transactions contemplated by the Agreement and Plan of Merger (the “Merger Agreement”) with Blue Owl Capital Corporation III, a Maryland corporation (“OBDE”), Cardinal Merger Sub Inc., a Maryland corporation and wholly-owned subsidiary of the Company (“Merger Sub”), and, solely for the limited purposes set forth therein, the Adviser, and Blue Owl Diversified Credit Advisors LLC (“ODCA”), a Delaware limited liability company and investment adviser to OBDE. In connection therewith, Merger Sub merged with and into OBDE, with OBDE continuing as the surviving company and as a wholly-owned subsidiary of the Company (the “Initial Merger”) and, immediately thereafter, OBDE merged with and into the Company, with the Company continuing as the surviving company (together with the Initial Merger, the “Mergers”). See “*Note 13. Subsequent Events*” for additional discussion of the Mergers.

**Note 2. Significant Accounting Policies**

*Basis of Presentation*

The accompanying consolidated financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company is an investment company and, therefore, applies the specialized accounting and reporting guidance in Accounting Standards Codification (“ASC”) Topic 946, Financial Services – Investment Companies. In the opinion of management, all adjustments considered necessary for the fair presentation of the consolidated financial statements have been included. The Company was initially capitalized on March 1, 2016 and commenced operations on March 3, 2016. The Company’s fiscal year ends on December 31.

*Use of Estimates*

The preparation of the consolidated financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements. Actual amounts could differ from those estimates and such differences could be material.

*Cash*

Cash consists of deposits held at a custodian bank and restricted cash pledged as collateral. Cash is carried at cost, which approximates fair value. The Company deposits its cash with highly-rated banking corporations and, at times, may exceed the insured limits under applicable law.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

*Investments at Fair Value*

Investment transactions are recorded on the trade date. Realized gains or losses are measured by the difference between the net proceeds received and the amortized cost basis of the investment using the specific identification method without regard to unrealized gains or losses previously recognized, and include investments charged off during the period, net of recoveries. The net change in unrealized gains or losses primarily reflects the change in investment values, including the reversal of previously recorded unrealized gains or losses with respect to investments realized during the period. Rule 2a-5 under the 1940 Act establishes requirements for determining fair value in good faith for purposes of the 1940 Act. Pursuant to Rule 2a-5, the Board designated the Adviser as the Company's valuation designee to perform fair value determinations relating to the value of assets held by the Company for which market quotations are not readily available.

Investments for which market quotations are readily available are typically valued at the average bid price of those market quotations. To validate market quotations, the Company utilizes a number of factors to determine if the quotations are representative of fair value, including the source and number of the quotations. Debt and equity securities that are not publicly traded or whose market prices are not readily available, as is the case for substantially all of the Company's investments, are valued at fair value as determined in good faith by the Adviser, as the valuation designee, based on, among other things, the input of the independent third-party valuation firm(s) engaged at the direction of the Adviser.

As part of the valuation process, the Adviser, as the valuation designee, takes into account relevant factors in determining the fair value of the Company's investments, including: the estimated enterprise value of a portfolio company (*i.e.*, the total fair value of the portfolio company's debt and equity), the nature and realizable value of any collateral, the portfolio company's ability to make payments based on its earnings and cash flow, the markets in which the portfolio company does business, a comparison of the portfolio company's securities to any similar publicly traded securities, and overall changes in the interest rate environment and the credit markets that may affect the price at which similar investments may be made in the future. When an external event such as a purchase or sale transaction, public offering or subsequent equity sale occurs, the Adviser, as the valuation designee, considers whether the pricing indicated by the external event corroborates its valuation.

The Adviser, as the valuation designee, undertakes a multi-step valuation process, which includes, among other procedures, the following:

- With respect to investments for which market quotations are readily available, those investments will typically be valued at the average bid price of those market quotations;
- With respect to investments for which market quotations are not readily available, the valuation process begins with the independent valuation firm(s) providing a preliminary valuation of each investment to the Adviser's valuation committee;
- Preliminary valuation conclusions are documented and discussed with the Adviser's valuation committee;
- The Adviser, as the valuation designee, reviews the recommended valuations and determines the fair value of each investment;
- Each quarter, the Adviser, as the valuation designee, will provide the Audit Committee a summary or description of material fair value matters that occurred in the prior quarter and on an annual basis, the Adviser, as the valuation designee, will provide the Audit Committee with a written assessment of the adequacy and effectiveness of its fair value process; and
- The Audit Committee oversees the valuation designee and will report to the Board on any valuation matters requiring the Board's attention.

The Company conducts this valuation process on a quarterly basis.

The Company applies Financial Accounting Standards Board ("FASB") Accounting Standards Codification 820, *Fair Value Measurements* ("ASC 820"), as amended, which establishes a framework for measuring fair value in accordance with U.S. GAAP and required disclosures of fair value measurements. ASC 820 determines fair value to be the price that would be received for an investment in a current sale, which assumes an orderly transaction between market participants on the measurement date. Market participants are defined as buyers and sellers in the principal or most advantageous market (which may be a hypothetical market) that are independent, knowledgeable, and willing and able to transact. In accordance with ASC 820, the Company considers its principal market to be the market that has the greatest volume and level of activity. ASC 820 specifies a fair value hierarchy that prioritizes and ranks the level of observability of inputs used in determination of fair value. In accordance with ASC 820, these levels are summarized below:

- Level 1 – Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

- Level 2 – Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.
- Level 3 – Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

Transfers between levels, if any, are recognized at the beginning of the period in which the transfer occurs. In addition to using the above inputs in investment valuations, the Company applies the valuation policy approved by its Board that is consistent with ASC 820. Consistent with the valuation policy, the Adviser, as the valuation designee, evaluates the source of the inputs, including any markets in which its investments are trading (or any markets in which securities with similar attributes are trading), in determining fair value. When an investment is valued based on prices provided by reputable dealers or pricing services (such as broker quotes), the Adviser, as the valuation designee, subjects those prices to various criteria in making the determination as to whether a particular investment would qualify for treatment as a Level 2 or Level 3 investment. For example, the Adviser, as the valuation designee, or the independent valuation firm(s), reviews pricing support provided by dealers or pricing services in order to determine if observable market information is being used, versus unobservable inputs.

The Company applies the practical expedient provided by the ASC Topic 820 relating to investments in certain entities that calculate net asset value per share (or its equivalent). ASC Topic 820 permits an entity holding investments in certain entities that either are investment companies, or have attributes similar to an investment company, and calculate NAV per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that NAV per share, or its equivalent, without adjustment. Investments which are valued using NAV per share as a practical expedient are not categorized within the fair value hierarchy as per ASC Topic 820.

Due to the inherent uncertainty of determining the fair value of investments that do not have a readily available market value, the fair value of the Company's investments may fluctuate from period to period. Additionally, the fair value of such investments may differ significantly from the values that would have been used had a ready market existed for such investments and may differ materially from the values that may ultimately be realized. Further, such investments are generally less liquid than publicly traded securities and may be subject to contractual and other restrictions on resale. If the Company were required to liquidate a portfolio investment in a forced or liquidation sale, it could realize amounts that are different from the amounts presented and such differences could be material.

In addition, changes in the market environment and other events that may occur over the life of the investments may cause the gains or losses ultimately realized on these investments to be different than the unrealized gains or losses reflected herein.

*Financial and Derivative Instruments*

Pursuant to ASC 815 *Derivatives and Hedging*, all derivative instruments entered into by the Company are designated as hedging instruments. For all derivative instruments designated as a hedge, the entire change in the fair value of the hedging instrument shall be recorded in the same line item of the Consolidated Statements of Operations as the hedged item. The Company's derivative instruments are used to hedge the Company's fixed rate debt, and therefore both the periodic payment and the change in fair value for the effective hedge, if applicable, will be recognized as components of interest expense in the Consolidated Statements of Operations. Fair value is estimated by discounting remaining payments using applicable current market rates, or market quotes, if available. Rule 18f-4 requires BDCs that use derivatives to, among other things, comply with a value-at-risk leverage limit, adopt a derivatives risk management program, and implement certain testing and board reporting procedures. Rule 18f-4 exempts BDCs that qualify as "limited derivatives users" from the aforementioned requirements, provided that these BDCs adopt written policies and procedures that are reasonably designed to manage the BDC's derivatives risks and comply with certain recordkeeping requirements. Rule 18f-4 provides that a BDC may enter into an unfunded commitment agreement that is not a derivatives transaction, such as an agreement to provide financing to a portfolio company, if the BDC has, among other things, a reasonable belief, at the time it enters into such an agreement, that it will have sufficient cash and cash equivalents to meet its obligations with respect to all of its unfunded commitment agreements, in each case as it becomes due. Pursuant to Rule 18f-4, when we trade reverse repurchase agreements or similar financing transactions, including certain tender option bonds, we need to aggregate the amount of any other senior securities representing indebtedness (e.g., bank borrowings, if applicable) when calculating our asset coverage ratio. The Company currently qualifies as a "limited derivatives user" and expects to continue to do so. The Company has adopted a derivatives policy and complies with the recordkeeping requirements of Rule 18f-4.

*Foreign Currency*

Foreign currency amounts are translated into U.S. dollars on the following basis:

- cash, fair value of investments, outstanding debt, other assets and liabilities: at the spot exchange rate on the last business day of the period; and
- purchases and sales of investments, borrowings and repayments of such borrowings, income and expenses: at the rates of exchange prevailing on the respective dates of such transactions.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

The Company includes net changes in fair values on investments held resulting from foreign exchange rate fluctuations with the change in unrealized gains (losses) on translation of assets and liabilities in foreign currencies on the Consolidated Statements of Operations. The Company's current approach to hedging the foreign currency exposure in its non-U.S. dollar denominated investments is primarily to borrow the par amount in local currency under the Company's Revolving Credit Facility to fund these investments. Fluctuations arising from the translation of foreign currency borrowings are included with the net change in unrealized gains (losses) on translation of assets and liabilities in foreign currencies on the Consolidated Statements of Operations.

Investments denominated in foreign currencies and foreign currency transactions may involve certain considerations and risks not typically associated with those of domestic origin, including unanticipated movements in the value of the foreign currency relative to the U.S. dollar.

*Interest and Dividend Income Recognition*

Interest income is recorded on the accrual basis and includes amortization or accretion of premiums or discounts. Certain investments may have contractual payment-in-kind ("PIK") interest or dividends, the majority of which is structured at initial underwriting. PIK interest and dividends represent accrued interest or dividends that are added to the principal amount or liquidation amount of the investment on the respective interest or dividend payment dates rather than being paid in cash and generally becomes due at maturity or at the occurrence of a liquidation event.

(\$ in thousands)	For the Years Ended December 31,					
	2024		2023		2022	
PIK Interest Income	175,646		171,697		113,256	
PIK Interest Income as a % of Investment Income	11.0	%	10.9	%	9.4	%
PIK Dividend Income	36,179		37,309		26,120	
PIK Dividend Income as a % of Investment Income	2.3	%	2.4	%	2.2	%
Total PIK Income	211,825		209,006		139,376	
Total PIK Income as a % of Investment Income	13.3	%	13.2	%	11.6	%

Discounts to par value on securities purchased are amortized into interest income over the contractual life of the respective security using the effective yield method. Premiums to par value on securities purchased are amortized to first call date. The amortized cost of investments represents the original cost adjusted for the amortization or accretion of premiums or discounts, if any. Upon prepayment of a loan or debt security, any prepayment premiums, unamortized upfront loan origination fees and unamortized discounts are recorded as interest income in the current period.

Loans are generally placed on non-accrual status when there is reasonable doubt that principal or interest will be collected in full. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment regarding collectability. If at any point the Company believes PIK interest or dividends are not expected to be realized, the investment generating PIK interest or dividends will be placed on non-accrual status. When a PIK investment is placed on non-accrual status, the accrued, uncapitalized interest or dividends are generally reversed through interest income. Non-accrual loans are restored to accrual status when past due principal and interest is paid current and, in management's judgment, are likely to remain current. Management may make exceptions to this treatment and determine to not place a loan on non-accrual status if the loan has sufficient collateral value and is in the process of collection.

Dividend income on preferred equity securities is recorded on the accrual basis to the extent that such amounts are payable by the portfolio company and are expected to be collected. Dividend income on common equity securities is recorded on the record date for private portfolio companies or on the ex-dividend date for publicly-traded portfolio companies.

*Other Income*

From time to time, the Company may receive fees for services provided to portfolio companies. These fees are generally only available to the Company as a result of closing investments, are generally paid at the closing of the investments, are generally non-recurring and are recognized as revenue when earned upon closing of the investment. The services that the Adviser provides vary by investment, but can include closing, work, diligence or other similar fees and fees for providing managerial assistance to our portfolio companies.

*Offering Expenses*

Costs associated with the private placement offering of common shares of the Company were capitalized as deferred offering expenses and included in prepaid expenses and other assets in the Consolidated Statements of Assets and Liabilities and were amortized over a twelve-month period from incurrence. The Company records expenses related to public equity offerings as a reduction of capital upon completion of an offering of registered securities. The costs associated with renewals of the Company's shelf registration statement will be expensed as incurred.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

*Debt Issuance Costs*

The Company records origination and other expenses related to its debt obligations as deferred financing costs. These expenses are deferred and amortized utilizing the effective yield method, over the life of the related debt instrument. Debt issuance costs are presented on the Consolidated Statements of Assets and Liabilities as a direct deduction from the debt liability. In circumstances in which there is not an associated debt liability amount recorded in the consolidated financial statements when the debt issuance costs are incurred, such debt issuance costs will be reported on the Consolidated Statements of Assets and Liabilities as an asset until the debt liability is recorded.

*Reimbursement of Transaction-Related Expenses*

The Company may receive reimbursement for certain transaction-related expenses in pursuing investments. Transaction-related expenses, which are generally expected to be reimbursed by the Company's portfolio companies, are typically deferred until the transaction is consummated and are recorded in prepaid expenses and other assets on the date incurred. The costs of successfully completed investments not otherwise reimbursed are borne by the Company and are included as a component of the investment's cost basis.

Cash advances received in respect of transaction-related expenses are recorded as cash with an offset to accrued expenses and other liabilities. Accrued expenses and other liabilities are relieved as reimbursable expenses are incurred.

*Income Taxes*

The Company has elected to be treated as a BDC under the 1940 Act. The Company has elected to be treated as a RIC under the Code beginning with its taxable year ending December 31, 2016 and intends to continue to qualify as a RIC. So long as the Company maintains its tax treatment as a RIC, it generally will not pay U.S. federal income taxes at corporate rates on any ordinary income or capital gains that it distributes at least annually to its shareholders as dividends. Instead, any tax liability related to income earned and distributed by the Company represents obligations of the Company's investors and will not be reflected in the consolidated financial statements of the Company.

To qualify as a RIC, the Company must, among other things, meet certain source-of-income and asset diversification requirements. In addition, to qualify for RIC tax treatment, the Company must distribute to its shareholders, for each taxable year, at least 90% of its "investment company taxable income" for that year, which is generally its ordinary income plus the excess of its realized net short-term capital gains over its realized net long-term capital losses. In order for the Company not to be subject to U.S. federal excise taxes, it must distribute annually an amount at least equal to the sum of (i) 98% of its net ordinary income (taking into account certain deferrals and elections) for the calendar year, (ii) 98.2% of its capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year and (iii) any net ordinary income and capital gains in excess of capital losses for preceding years that were not distributed during such years. The Company, at its discretion, may carry forward taxable income in excess of calendar year dividends and pay a 4% nondeductible U.S. federal excise tax on this income.

Certain of the Company's consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes.

The Company evaluates tax positions taken or expected to be taken in the course of preparing its consolidated financial statements to determine whether the tax positions are "more-likely-than-not" to be sustained by the applicable tax authority. Tax positions not deemed to meet the "more-likely-than-not" threshold are reserved and recorded as a tax benefit or expense in the current year. All penalties and interest associated with income taxes are included in income tax expense. Conclusions regarding tax positions are subject to review and may be adjusted at a later date based on factors including, but not limited to, on-going analyses of tax laws, regulations and interpretations thereof. There were no material uncertain tax positions through December 31, 2024. As applicable, the Company's prior three tax years remain subject to examination by U.S. federal, state and local tax authorities.

*Distributions to Common Shareholders*

Distributions to common shareholders are recorded on the record date. The amount to be distributed is determined by the Board and is generally based upon the earnings estimated by the Adviser. In addition, the Board may consider the level of undistributed taxable income carried forward from the prior year for distribution in the current year. Net realized long-term capital gains, if any, would generally be distributed at least annually, although the Company may decide to retain such capital gains for investment.

The Company has adopted a dividend reinvestment plan that provides for reinvestment of any cash distributions on behalf of shareholders, unless a shareholder elects to receive cash. As a result, if the Board authorizes and declares a cash distribution, then the shareholders who have not "opted out" of the dividend reinvestment plan will have their cash distribution automatically reinvested in additional shares of the Company's common stock, rather than receiving the cash distribution. The Company expects to use newly issued shares or shares purchased in the open-market to implement the dividend reinvestment plan.

*Consolidation*

As provided under Regulation S-X and ASC Topic 946 – Financial Services – Investment Companies, the Company will generally not consolidate its investment in a company other than a wholly-owned investment company or controlled operating

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

company whose business consists of providing services to the Company. Accordingly, the Company consolidated the accounts of the Company's wholly-owned subsidiaries that meet the aforementioned criteria in its consolidated financial statements. All significant intercompany balances and transactions have been eliminated in consolidation.

The Company does not consolidate its equity interest in Blue Owl Credit SLF LLC ("Credit SLF"), Wingspire Capital Holdings LLC ("Wingspire"), Fifth Season Investment LLC ("Fifth Season"), or AAM Series 1.1 Rail and Domestic Intermodal Feeder, LLC and AAM Series 2.1 Aviation Feeder, LLC (collectively, "Amergin AssetCo"). For further description of the Company's investment in Credit SLF, see Note 4 "Investments". For further description of the Company's investments in Wingspire, Amergin AssetCo and Fifth Season, see Note 3 "Agreements and Related Party Transactions – *Controlled/Affiliated Portfolio Companies*."

*Segment Reporting*

In accordance with ASC Topic 280 – "Segment Reporting (ASC 280)," the Company has determined that it has a single operating and reporting segment. As a result, the Company's segment accounting policies are the same as described herein and the Company does not have any intra-segment sales and transfers of assets.

The Company operates through a single operating and reporting segment with an investment objective to generate both current income, and to a lesser extent, capital appreciation through debt and equity investments. The CODM is comprised of the Company's chief executive officer, president, and chief financial officer and chief operating officer and assesses the performance and makes operating decisions of the Company on a consolidated basis primarily based on the Company's net increase in shareholder's equity resulting from operations ("net income"). In addition to numerous other factors and metrics, the CODM utilizes net income as a key metric in determining the amount of dividends to be distributed to the Company's stockholders. As the Company's operations comprise of a single reporting segment, the segment assets are reflected on the accompanying consolidated balance sheet as "total assets" and the significant segment expenses are listed on the accompanying consolidated statement of operations.

*New Accounting Pronouncements*

In March 2020, the FASB issued ASU No. 2020-04, "Reference Rate Reform (Topic 848)," which provides optional expedients and exceptions for applying U.S. GAAP to contracts, hedging relationships, and other transactions affected by reference rate reform if certain criteria are met. The amendments apply only to contracts, hedging relationships, and other transactions that reference London Interbank Offered Rate ("LIBOR") or another reference rate expected to be discontinued because of reference rate reform. In January 2021, the FASB issued ASU No. 2021-01, "Reference Rate Reform (Topic 848)," which expanded the scope of Topic 848 to include derivative instruments impacted by discounting transition. In December 2022, the FASB issued ASU No. 2022-06, "Reference Rate Reform (Topic 848)," which extended the transition period provided under ASU No. 2020-04 and 2021-01 for all entities from December 31, 2022 to December 31, 2024.

In June 2022, the FASB issued ASU No. 2022-03, "Fair Value Measurement (Topic 820)," which clarifies the guidance in Topic 820 when measuring the fair value of an equity security subject to contractual restrictions that prohibit the sale of an equity security and introduces new disclosure requirements for equity securities subject to contractual sale restrictions that are measured at fair value in accordance with Topic 820. The amendments affect all entities that have investments in equity securities measured at fair value that are subject to a contractual sale restriction. ASU 2022-03 is effective for public business entities for fiscal years beginning after December 15, 2023, and interim periods within those fiscal years. For all other entities the amendments are effective for fiscal years beginning after December 15, 2024, and interim periods within those fiscal years. Early adoption is permitted for both interim and annual financial statements that have not yet been issued or made available for issuance. An entity that qualifies as an investment company under Topic 946 should apply the amendments in ASU No. 2022-03 to an investment in an equity security subject to a contractual sale restriction that is executed or modified on or after the date of adoption. Management has adopted the aforementioned accounting pronouncement and does not believe that it had a material effect on the accompanying consolidated financial statements.

In November 2023, the FASB issued ASU No. 2023-07, "Segment Reporting (Topic 280)," which requires specific disclosures related to the title and position of the chief operating decision maker ("CODM") and an explanation of how the CODM uses the reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. ASU 2023-07 is effective for the fiscal years beginning after December 15, 2023, and interim periods beginning with the first quarter ended March 31, 2025. Early adoption is permitted and retrospective adoption is required for all prior periods presented. The Company has adopted ASU 2023-07 effective December 31, 2024 and concluded that the application of this guidance did not have any material impact on its consolidated financial statements.

In December 2023, the FASB issued ASU No. 2023-09, "Income Taxes (Topic 740)," which updates income tax disclosure requirements related to rate reconciliation, income taxes paid and other disclosures. ASU 2023-09 is effective for public business entities for fiscal years beginning after December 15, 2024. Early adoption is permitted for annual financial statements that have not yet been issued or made available for issuance. The Company is currently evaluating the impact of adopting ASU No. 2023-09 on the consolidated financial statements.

In November 2024, the FASB issued ASU 2024-03, "Income Statement—Reporting Comprehensive Income—Expense Disaggregation Disclosures (Subtopic 2200-40)," which requires disaggregated disclosure of certain costs and expenses, including purchases of inventory, employee compensation, depreciation, amortization and depletion, in each relevant expense caption. ASU

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

2024-03 is effective for fiscal years beginning after December 15, 2026, and interim reporting periods beginning after December 15, 2027. Early adoption and retrospective application is permitted. The Company is currently assessing the impact of this guidance, however, the Company does not expect a material impact on its consolidated financial statements.

Other than the aforementioned guidance, the Company's management does not believe that any recently issued, but not yet effective, accounting standards, if currently adopted, would have a material effect on the accompanying consolidated financial statements.

**Note 3. Agreements and Related Party Transactions**

*Administration Agreement*

The Company has entered into an amended and restated Administration Agreement (the "Administration Agreement") with the Adviser. Under the terms of the Administration Agreement, the Adviser performs, or oversees, the performance of, required administrative services, which includes providing office space, equipment and office services, maintaining financial records, preparing reports to shareholders and reports filed with the SEC, and managing the payment of expenses and the performance of administrative and professional services rendered by others.

The Administration Agreement also provides that the Company reimburses the Adviser for certain offering costs.

The Company reimburses the Adviser for services performed for it pursuant to the terms of the Administration Agreement. In addition, pursuant to the terms of the Administration Agreement, the Adviser may delegate its obligations under the Administration Agreement to an affiliate or to a third party and the Company will reimburse the Adviser for any services performed for it by such affiliate or third party.

Unless earlier terminated as described below, the Administration Agreement will remain in effect for two years from the date it first became effective, and will remain in effect from year to year thereafter if approved annually by (1) the vote of the Board, or by the vote of a majority of its outstanding voting securities, and (2) the vote of a majority of the Company's directors who are not "interested persons" of the Company, of the Adviser or of any of their respective affiliates, as defined in the 1940 Act. On May 6, 2024, the Board approved the continuation of the Administration Agreement. The Administration Agreement may be terminated at any time, without the payment of any penalty, on 60 days' written notice, by the vote of a majority of the outstanding voting securities of the Company, or by the vote of the Board or by the Adviser.

No person who is an officer, director, or employee of the Adviser or its affiliates and who serves as a director of the Company receives any compensation from the Company for his or her services as a director. However, the Company reimburses the Adviser (or its affiliates) for an allocable portion of the compensation paid by the Adviser or its affiliates to the Company's Chief Compliance Officer, Chief Financial Officer and their respective staffs (based on the percentage of time those individuals devote, on an estimated basis, to the business and affairs of the Company). Directors who are not affiliated with the Adviser receive compensation for their services and reimbursement of expenses incurred to attend meetings.

For the years ended December 31, 2024, 2023 and 2022, the Company incurred expenses of approximately \$0.0 million, \$8.1 million and \$6.4 million, respectively, for costs and expenses reimbursable to the Adviser under the terms of the Administration Agreement.

*Investment Advisory Agreement*

On January 12, 2025, the Company entered into the fourth amended and restated investment advisory agreement between the Company and the Adviser, (the "Investment Advisory Agreement"). The Investment Advisory Agreement was approved by the Company's Board on August 6, 2024 and by the Company's shareholders on January 8, 2025.

The Adviser's services under the Investment Advisory Agreement are not exclusive, and it is free to furnish similar services to other entities so long as its services to the Company are not impaired.

Unless earlier terminated as described below, the Investment Advisory Agreement will remain in effect for two years from the date it first became effective, and will remain in effect from year-to-year thereafter if approved annually by a majority of the Board or by the holders of a majority of our outstanding voting securities and, in each case, by a majority of independent directors.

The Investment Advisory Agreement will automatically terminate within the meaning of the 1940 Act and related SEC guidance and interpretations in the event of its assignment. In accordance with the 1940 Act, without payment of any penalty, the Company may terminate the Investment Advisory Agreement with the Adviser upon 60 days' written notice. The decision to terminate the agreement may be made by a majority of the Board or the shareholders holding a majority (as defined under the 1940 Act) of the outstanding shares of the Company's common stock or the Adviser. In addition, without payment of any penalty, the Adviser may generally terminate the Investment Advisory Agreement upon 60 days' written notice.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

From time to time, the Adviser may pay amounts owed by the Company to third-party providers of goods or services, including the Board, and the Company will subsequently reimburse the Adviser for such amounts paid on its behalf. Amounts payable to the Adviser are settled in the normal course of business without formal payment terms.

Under the terms of the Investment Advisory Agreement, the Company will pay the Adviser a base management fee and may also pay to it certain incentive fees. The cost of both the management fee and the incentive fee will ultimately be borne by the Company's shareholders.

The management fee is currently payable quarterly in arrears. The management fee is payable at an annual rate of (x) .50% of the Company's average gross assets (excluding cash and cash equivalents, but including assets purchased with borrowed amounts) that is above an asset coverage ratio of 200% calculated in accordance with Sections 18 and 61 of the 1940 Act and (y) 1.00% of the Company's average gross assets (excluding cash and cash equivalents, but including assets purchased with borrowed amounts) that is below an asset coverage ratio of 200% calculated in accordance with Section 18 and 61 of the 1940 Act, in each case, at the end of the two most recently completed calendar quarters. The management fee for any partial month or quarter, as the case may be, will be appropriately prorated and adjusted for any share issuances or repurchases during the relevant calendar months or quarters, as the case may be.

For the years ended December 31, 2024, 2023 and 2022, management fees were \$93.6 million, \$191.6 million and \$188.8 million, respectively.

The incentive fee consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the incentive fee is based on the Company's pre-incentive fee net investment income and a portion is based on the Company's capital gains. The portion of the incentive fee based on pre-incentive fee net investment income is determined and paid quarterly in arrears commencing with the first calendar quarter following the Listing Date, and equals 100% of the pre-incentive fee net investment income in excess of a 1.5% quarterly "hurdle rate," until the Adviser has received 17.5% of the total pre-incentive fee net investment income for that calendar quarter and, for pre-incentive fee net investment income in excess of 1.82% quarterly, 17.5% of all remaining pre-incentive fee net investment income for that calendar quarter.

The second component of the incentive fee, the capital gains incentive fee, payable at the end of each calendar year in arrears, equals 7.5% of cumulative realized capital gains from the Listing Date to the end of each calendar year, less cumulative realized capital losses and unrealized capital depreciation from the Listing Date to the end of each calendar year, less the aggregate amount of any previously paid capital gains incentive fee for prior periods. In no event will the capital gains incentive fee payable pursuant to the Investment Advisory Agreement be in excess of the amount permitted by the Advisers Act of 1940, as amended, including Section 205 thereof.

While the Investment Advisory Agreement neither includes nor contemplates the inclusion of unrealized gains in the calculation of the capital gains incentive fee, as required by U.S. GAAP, the Company accrues capital gains incentive fees on unrealized gains. This accrual reflects the incentive fees that would be payable to the Adviser if the Company's entire investment portfolio was liquidated at its fair value as of the balance sheet date even though the Adviser is not entitled to an incentive fee with respect to unrealized gains unless and until such gains are actually realized.

For the years ended December 31, 2024, 2023 and 2022, the Company incurred \$157.2 million, \$159.9 million and \$118.1 million of performance based incentive fees based on net investment income, respectively.

For the years ended December 31, 2024, 2023 and 2022, the Company did not accrue capital gains based incentive fees.

*Affiliated Transactions*

The Company may be prohibited under the 1940 Act from participating in certain transactions with its affiliates without prior approval of the directors who are not interested persons, and in some cases, the prior approval of the SEC. The Company, the Adviser and certain of their affiliates have been granted an order for exemptive relief (as amended, the "Order") by the SEC that permits the Company to co-invest with other funds managed by the Adviser or certain affiliates in a manner consistent with the Company's investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to such Order, the Company generally is permitted to co-invest with certain of its affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of the Board make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to the Company and its shareholders and do not involve overreaching in respect of the Company or its shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of the Company's shareholders and is consistent with its investment objective and strategies, (3) the investment by its affiliates would not disadvantage the Company, and the Company's participation would not be on a basis different from or less advantageous than that on which its affiliates are investing and (4) the proposed investment by the Company would not benefit the Adviser, the other affiliated funds that are participating in the investment, or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, the Order permits the Company to participate in follow-on

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

investments in its existing portfolio companies with certain affiliates that are private funds, when such private funds did not have an investment in such existing portfolio company.

The Adviser is affiliated with ODCA, Blue Owl Technology Credit Advisors LLC (“OTCA”), Blue Owl Technology Credit Advisors II LLC (“OTCA II”), Blue Owl Credit Private Fund Advisors LLC (“OPFA” and together with ODCA, OTCA, OTCA II and the Adviser, the “Blue Owl Credit Advisors”), which are also registered investment advisers. The Blue Owl Credit Advisors are affiliates of Blue Owl and comprise part of Blue Owl's Credit platform, which includes several strategies, including direct lending, alternative credit, investment grade credit, liquid credit and other adjacent investment strategies. The Blue Owl Credit Advisors’ allocation policy seeks to ensure equitable allocation of investment opportunities over time between the Company and other funds managed by the Adviser or its affiliates. As a result of the Order, there could be significant overlap in the Company’s investment portfolio and the investment portfolio of the BDCs, funds and separately managed accounts managed by the Blue Owl Credit Advisors (collectively, the “Blue Owl Credit Clients”) and/or other funds managed by the Adviser or its affiliates that avail themselves of the Order.

*License Agreement*

On July 6, 2023, the Company entered into a license agreement (the “License Agreement”) with an affiliate of Blue Owl, pursuant to which we were granted a non-exclusive license to use the name “Blue Owl.” Under the License Agreement, the Company has a right to use the Blue Owl name for so long as the Adviser or one of its affiliates remains the Company’s investment adviser. Other than with respect to this limited license, the Company will have no legal right to the “Blue Owl” name or logo.

*Controlled/Affiliated Portfolio Companies*

Under the 1940 Act, the Company is required to separately identify non-controlled investments where it owns 5% or more of a portfolio company’s outstanding voting securities and/or has the power to exercise control over the management or policies of such portfolio company as investments in “affiliated” companies. In addition, under the 1940 Act, the Company is required to separately identify investments where it owns more than 25% of a portfolio company’s outstanding voting securities and/or has the power to exercise control over the management or policies of such portfolio company as investments in “controlled” companies. Under the 1940 Act, “non-affiliated investments” are defined as investments that are neither controlled investments nor affiliated investments. Detailed information with respect to the Company’s non-controlled, non-affiliated; non-controlled, affiliated; and controlled affiliated investments is contained in the accompanying consolidated financial statements, including the consolidated schedule of investments.

The Company has made investments in controlled, affiliated companies, including Credit SLF, Wingspire, Amergin AssetCo and Fifth Season. For further description of Credit SLF, see “Note 4. Investments.”

The Company has also made investments in non-controlled, affiliated companies, including LSI Financing 1 DAC (“LSI Financing DAC”) and LSI Financing LLC (“LSI Financing LLC”) (collectively, “LSI Financing”).

Wingspire is an independent diversified direct lender focused on providing asset-based commercial finance loans and related senior secured loans to U.S.-based middle-market borrowers. Wingspire offers a wide variety of asset-based financing solutions to businesses in an array of industries, including revolving credit facilities, machinery and equipment term loans, real estate term loans, first-in/last-out tranches, cash flow term loans, and opportunistic/bridge financings. Wingspire conducts its business through an indirectly owned subsidiary, Wingspire Capital LLC. The Company made its initial commitment to Wingspire on September 24, 2019, and subsequently made periodic additional commitments to increase its total to \$500 million. The Company does not consolidate its equity interest in Wingspire.

Amergin AssetCo was created to invest in a leasing platform focused on railcar, aviation and other long-lived transportation assets. Amergin acquires existing on-lease portfolios of new and end-of-life railcars and related equipment and selectively purchases off-lease assets and is building a commercial aircraft portfolio through aircraft financing and engine acquisition on a sale and lease back basis. Amergin consists of Amergin AssetCo and Amergin Asset Management LLC, which has entered into a Servicing Agreement with Amergin AssetCo. The Company made an initial equity commitment to Amergin AssetCo on July 1, 2022. As of December 31, 2024, its commitment to Amergin AssetCo was \$229.6 million, of which \$138.9 million is equity and \$90.7 million is debt. As of December 31, 2024, the fair market value of the Company's investment in Amergin Asset Management, LLC was \$0.8 million. The Company does not consolidate its equity interest in Amergin AssetCo.

Fifth Season is a portfolio company created to invest in life insurance based assets, including secondary and tertiary life settlement and other life insurance exposures using detailed analytics, internal life expectancy review and sophisticated portfolio management techniques. On July 18, 2022, the Company made an initial equity investment in Fifth Season. As of December 31, 2024, the fair value of the Company’s investment in Fifth Season was \$223.3 million. The Company does not consolidate its equity interest in Fifth Season.

LSI Financing DAC is a portfolio company formed to acquire contractual rights to revenue pursuant to earnout agreements generally in the life sciences space. On December 14, 2022, the Company made an initial equity commitment to LSI Financing DAC.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

As of December 31, 2024, the Company's investment at fair value in LSI Financing DAC is \$8.8 million and the Company's total commitment was \$4.7 million.

LSI Financing LLC is a separately managed portfolio company formed to indirectly own royalty purchase agreements and loans in the life sciences space. On November 25th, 2024, the Company redeemed a portion of its interest in LSI Financing DAC in exchange for common shares of LSI Financing LLC. As of December 31, 2024, the Company's investment at fair value in LSI Financing LLC is \$158.8 million and the Company's total commitment was \$159.2 million. The Company does not consolidate its equity interest in LSI Financing LLC.

**Note 4. Investments**

*Blue Owl Credit SLF LLC*

On May 6, 2024 Credit SLF, a Delaware limited liability company, was formed as a joint venture between the Company, Blue Owl Capital Corporation II, Blue Owl Credit Income Corp., Blue Owl Technology Finance Corp., Blue Owl Technology Finance Corp. II, Blue Owl Technology Income Corp., and State Teachers Retirement System of Ohio ("OSTRS") (each, a "Credit SLF Member" and collectively, the "Credit SLF Members"). The Credit SLF Members co-manage Credit SLF. Credit SLF's principal purpose is to make investments in senior secured loans to middle-market companies, broadly syndicated loans and senior and subordinated notes issued by collateralized loan obligations. Credit SLF is managed by a board consisting of an equal number of representatives appointed by each Credit SLF Member and which acts unanimously. Investment decisions must be approved by Credit SLF's board. The Company's investment in Credit SLF is a co-investment made with its affiliates in accordance with the terms of the exemptive relief that it received from the SEC. The Company does not consolidate its non-controlling interest in Credit SLF. Credit SLF's investments at fair value are determined in accordance with FASB ASC 820, as amended; however, such fair value is not included in the Company's valuation process.

Other than for purposes of the 1940 Act, the Company does not believe it has control over this portfolio company. Accordingly, the Company does not consolidate its non-controlling interest in Credit SLF.

As of December 31, 2024, the capital commitment and economic ownership of each Credit SLF Member is as follows:

Members	Capital Commitment	Economic Ownership Interest
(\$ in thousands)		
Blue Owl Capital Corporation	\$ 774,218	84.6 %
Blue Owl Capital Corporation II	500	0.1 %
Blue Owl Capital Corporation III	6,250	0.7 %
Blue Owl Credit Income Corp.	11,250	1.2 %
Blue Owl Technology Finance Corp.	2,500	0.3 %
Blue Owl Technology Finance Corp. II	2,500	0.3 %
Blue Owl Technology Income Corp.	2,500	0.3 %
State Teachers Retirement System of Ohio	114,245	12.5 %
<b>Total</b>	<b>\$ 913,963</b>	<b>100.0 %</b>

- (1) Refer to the 2024 Notes, 2027 Notes and 2029 Notes for details on each facility's interest rate swap.

**Credit Facilities**

The Company's credit facilities contain customary covenants, including certain limitations on the incurrence by the Company of additional indebtedness and on the Company's ability to make distributions to the Company's shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions).

*Revolving Credit Facility*

On August 26, 2022, the Company entered into an Amended and Restated Senior Secured Revolving Credit Agreement (as amended from time to time, the "Revolving Credit Facility"). The parties to the Revolving Credit Facility include the Company, as Borrower, the lenders from time to time parties thereto and Truist Bank, as Administrative Agent. On November 22, 2024 (the "Revolving Credit Facility Second Amendment Date"), the Revolving Credit Facility was amended to, among other things, extend the availability period and maturity date for certain lenders. The following describes the terms of the Revolving Credit Facility as modified through the Revolving Credit Facility Second Amendment Date.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

The Revolving Credit Facility is guaranteed by certain subsidiaries of the Company in existence as of the Revolving Credit Facility Second Amendment Date, and will be guaranteed by certain subsidiaries of the Company that are formed or acquired by the Company thereafter (each a “Guarantor” and collectively, the “Guarantors”). Proceeds of the Revolving Credit Facility may be used for general corporate purposes, including the funding of portfolio investments.

As of the Revolving Credit Facility Second Amendment Date, the maximum principal amount of the Revolving Credit Facility is \$2.99 billion (increased from \$2.63 billion to \$2.99 billion on the Revolving Credit Facility Second Amendment Date), subject to availability under the borrowing base, which is based on the Company’s portfolio investments and other outstanding indebtedness. The amount available for borrowing under the Revolving Credit Facility is reduced by any standby letters of credit issued through the Revolving Credit Facility. Maximum capacity under the Revolving Credit Facility may be increased to \$5.50 billion through the Company’s exercise of an uncommitted accordion feature through which existing and new lenders may, at their option, agree to provide additional financing. The Revolving Credit Facility includes a \$300.0 million limit for swingline loans and is secured by a perfected first-priority interest in substantially all of the portfolio investments held by the Company and each Guarantor, subject to certain exceptions.

As of the Revolving Credit Facility Second Amendment Date, the availability period under the Revolving Credit Facility will terminate on (a) August 26, 2026 with respect to \$50.0 million of commitments and (b) November 22, 2028 with respect to the remaining commitments (each date, a “Revolving Credit Facility Commitment Termination Date”). The Revolving Credit Facility will mature on (a) August 26, 2027 with respect to \$50.0 million of commitments and (b) November 22, 2029 with respect to the remaining commitments (each date, a “Revolving Credit Facility Maturity Date”). During the period from the earliest Revolving Credit Facility Commitment Termination Date to the latest Revolving Credit Facility Maturity Date, the Company will be obligated to make mandatory prepayments under the Revolving Credit Facility out of the proceeds of certain asset sales and other recovery events and equity and debt issuances.

The Company may borrow amounts in U.S. dollars or certain other permitted currencies. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in U.S. dollars maturing on November 22, 2029 will bear interest at either (i) term SOFR plus any applicable credit adjustment spread plus margin of either 1.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount, but less than the product of 2.00 and the combined debt amount, 1.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 1.525% per annum or (ii) the alternative base rate plus margin of either 0.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount but less than the product of 2.00 and the combined debt amount, 0.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 0.525% per annum. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in U.S. dollars maturing on August 26, 2027 will bear interest at either (i) term SOFR plus any applicable credit adjustment spread plus margin of 2.00% per annum or (ii) the alternative base rate plus margin of 1.00% per annum. With respect to loans denominated in U.S. dollars, the Company may elect either term SOFR or the alternative base rate at the time of drawdown, and such loans may be converted from one rate to another at any time at the Company’s option, subject to certain conditions. As of the Revolving Credit Facility Second Amendment Date, amounts drawn under the Revolving Credit Facility with respect to the commitments in other permitted currencies maturing on November 22, 2029 will bear interest at the relevant rate specified therein (including any applicable credit adjustment spread) plus margin of either 1.775% per annum or, (x) if the gross borrowing base is greater than or equal to the product of 1.60 and the combined debt amount, but less than the product of 2.00 and the combined debt amount 1.650% per annum or (y) if the gross borrowing base is greater than or equal to the product of 2.00 and the combined debt amount, 1.525% per annum. As of the Revolving Credit Facility Second Amendment Date, 2024, amounts drawn under the Revolving Credit Facility with respect to the commitments in other permitted currencies maturing on August 26, 2027 will bear interest at the relevant rate specified therein (including any applicable credit adjustment spread) plus margin of 2.00% per annum. Beginning on and after the Revolving Credit Facility Second Amendment Date, the Company will also pay a fee of 0.350% on daily undrawn amounts under the Revolving Credit Facility.

The Revolving Credit Facility includes customary covenants, including certain limitations on the incurrence by the Company of additional indebtedness and on the Company’s ability to make distributions to the Company’s shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events and certain financial covenants related to asset coverage and liquidity and other maintenance covenants, as well as customary events of default. The Revolving Credit Facility requires a minimum asset coverage ratio with respect to the consolidated assets of the Company and its subsidiaries to senior securities that constitute indebtedness of no less than 1.50 to 1.00 at any time.

***SPV Asset Facilities***

Certain of the Company’s wholly owned subsidiaries are parties to credit facilities (the “SPV Asset Facilities”). Pursuant to the SPV Asset Facilities, from time to time the Company sells and contributes certain investments to these wholly owned subsidiaries pursuant to sale and contribution agreements by and between the Company and the wholly owned subsidiaries. No gain or loss is recognized as a result of these contributions. Proceeds from the SPV Asset Facilities are used to finance the origination and acquisition of eligible assets by the wholly owned subsidiary, including the purchase of such assets from the Company. The Company retains a

residual interest in assets contributed to or acquired by the wholly owned subsidiary through the Company's ownership of the wholly owned subsidiary. The SPV Asset Facilities are secured by a perfected first priority security interest in the assets of these wholly owned subsidiaries and on any payments received by such wholly owned subsidiaries in respect of those assets. Assets pledged to lenders under the SPV Asset Facilities will not be available to pay the Company's debts. The SPV Asset Facilities contain customary covenants, including certain limitations on the incurrence by the Company of additional indebtedness and on the Company's ability to make distributions to its shareholders, or redeem, repurchase or retire shares of stock, upon the occurrence of certain events, and customary events of default (with customary cure and notice provisions). Borrowings of the wholly owned subsidiaries under the SPV Asset Facilities are considered the Company's borrowings for purposes of complying with the asset coverage requirements under the 1940 Act.

*SPV Asset Facility II*

On May 22, 2018, ORCC Financing II LLC ("ORCC Financing II"), a Delaware limited liability company and subsidiary of the Company, entered into a Credit Agreement (as amended, the "SPV Asset Facility II"), with ORCC Financing II, as Borrower, the lenders from time to time parties thereto (the "SPV Asset Facility II Lenders"), Natixis, New York Branch, as Administrative Agent, State Street Bank and Trust Company, as Collateral Agent, Collateral Administrator and Custodian, and Cortland Capital Market Services LLC as Document Custodian. The parties to the SPV Asset Facility II have entered into various amendments, including to admit new lenders, increase or decrease the maximum principal amount available under the facility, extend the availability period and maturity date, change the interest rate and make various other changes. The following describes the terms of SPV Asset Facility II amended through January 17, 2024 (the "SPV Asset Facility II Ninth Amendment Date").

The maximum principal amount of the SPV Asset Facility II as of the SPV Asset Facility II Ninth Amendment Date is \$300.0 million (which consists of \$300.0 million of revolving commitments). The availability of this amount is subject to an overcollateralization ratio test, which is based on the value of ORCC Financing II's assets from time to time, and satisfaction of certain conditions, including an interest coverage ratio test, certain concentration limits and collateral quality tests.

The SPV Asset Facility II provides for the ability to draw and redraw revolving loans under the SPV Asset Facility II through April 22, 2025, unless the revolving commitments are terminated sooner as provided in the SPV Asset Facility II (the "SPV Asset Facility II Commitment Termination Date"). Unless otherwise terminated, the SPV Asset Facility II will mature on April 17, 2033 (the "SPV Asset Facility II Stated Maturity"). Prior to the SPV Asset Facility II Stated Maturity, proceeds received by ORCC Financing II from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to the Company, subject to certain conditions. On the SPV Asset Facility II Stated Maturity, ORCC Financing II must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to the Company.

With respect to revolving loans, amounts drawn bear interest at Term SOFR (or, in the case of certain lenders that are commercial paper conduits, the lower of their cost of funds and Term SOFR plus 0.40%) plus a spread of 2.75% during the period April 17, 2023 to the date on which the reinvestment period ends. From April 17, 2023 to the SPV Asset Facility II Commitment Termination Date, there is a commitment fee of 0.625% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility II.

*SPV Asset Facility III*

On December 14, 2018 (the "SPV Asset Facility III Closing Date"), ORCC Financing III LLC ("ORCC Financing III"), a Delaware limited liability company and subsidiary of the Company, entered into a Loan Financing and Servicing Agreement (as amended, the "SPV Asset Facility III"), with ORCC Financing III, as borrower, the Company, as equity holder and services provider, the lenders from time to time parties thereto (the "SPV Asset Facility III Lenders"), Deutsche Bank AG, New York Branch, as Facility Agent, State Street Bank and Trust Company, as Collateral Agent and Cortland Capital Market Services LLC, as Collateral Custodian. The following describes the terms of SPV Asset Facility III as of its termination on March 9, 2023 (the "SPV Asset Facility III Termination Date").

The maximum principal amount of the SPV Asset Facility III was \$250.0 million; the availability of this amount was subject to a borrowing base test, which was based on the value of ORCC Financing III's assets from time to time, and satisfaction of certain conditions, including interest spread and weighted average coupon tests, certain concentration limits and collateral quality tests.

The SPV Asset Facility III provided for the ability to borrow, reborrow, repay and prepay advances under the SPV Asset Facility III until June 14, 2023 unless such period was extended or accelerated under the terms of the SPV Asset Facility III (the "SPV Asset Facility III Revolving Period"). Prior to the SPV Asset Facility III Termination Date, proceeds received by ORCC Financing III from principal and interest, dividends, or fees on assets were required to be used to pay fees, expenses and interest on outstanding advances, and the excess returned to the Company, subject to certain conditions. On the SPV Asset Facility III Termination Date, ORCC Financing III repaid in full all outstanding fees and expenses and all principal and interest on outstanding advances.

Amounts drawn bore interest at term SOFR (or, in the case of certain SPV Asset Facility III Lenders that are commercial paper conduits, the lower of (a) their cost of funds and (b) term SOFR, such term SOFR not to be lower than zero) plus a spread equal to

2.20% per annum, which spread would have increased (a) on and after the end of the SPV Asset Facility III Revolving Period by 0.15% per annum if no event of default had occurred and (b) by 2.00% per annum upon the occurrence of an event of default (such spread, the “Applicable Margin”). Term SOFR may have been replaced as a base rate under certain circumstances. The Company predominantly borrowed utilizing term SOFR rate loans, generally electing one-month SOFR upon borrowing. During the SPV Asset Facility III Revolving Period, ORCC Financing III paid an undrawn fee ranging from 0.25% to 0.50% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility III. During the SPV Asset Facility III Revolving Period, if the undrawn commitments were in excess of a certain portion (initially 20% and increasing in stages to 75%) of the total commitments under the SPV Asset Facility III, ORCC Financing III would also have paid a make-whole fee equal to the Applicable Margin multiplied by such excess undrawn commitment amount, reduced by the undrawn fee payable on such excess.

#### *SPV Asset Facility IV*

On August 2, 2019 (the “SPV Asset Facility IV Closing Date”), ORCC Financing IV LLC (“ORCC Financing IV”), a Delaware limited liability company and newly formed subsidiary of the Company entered into a Credit Agreement (as amended, the “SPV Asset Facility IV”), with ORCC Financing IV, as borrower, Société Générale, as initial Lender and as Administrative Agent, State Street Bank and Trust Company, as Collateral Agent, Collateral Administrator and Custodian, and Cortland Capital Market Services LLC as Document Custodian and the lenders from time to time party thereto pursuant to Assignment and Assumption Agreements (the “SPV Asset Facility IV Lenders”). The SPV Asset Facility IV was terminated on October 3, 2022 (the “SPV Asset Facility IV Termination Date”).

No gain or loss was recognized as a result of the contribution. Proceeds from the SPV Asset Facility IV were used to finance the origination and acquisition of eligible assets by ORCC Financing IV, including the purchase of such assets from the Company. The Company retained a residual interest in assets contributed to or acquired by ORCC Financing IV through its ownership of ORCC Financing IV. The maximum principal amount of the SPV Asset Facility IV was \$250.0 million; the availability of this amount was subject to an overcollateralization ratio test, which was based on the value of ORCC Financing IV’s assets from time to time, and satisfaction of certain conditions, including an interest coverage ratio test, certain concentration limits and collateral quality tests.

The SPV Asset Facility IV provided for the ability to (1) draw term loans and (2) draw and redraw revolving loans under the SPV Asset Facility IV until the last day of the reinvestment period unless the revolving commitments are terminated or converted to term loans sooner as provided in the SPV Asset Facility IV (the “SPV Asset Facility IV Commitment Termination Date”). At the time of termination, amounts bore interest at term SOFR plus an applicable margin of 2.30% during the reinvestment period and term SOFR plus an applicable margin of 2.55% after the reinvestment period. Prior to the SPV Asset Facility IV Termination Date, proceeds received by ORCC Financing IV from principal and interest, dividends, or fees on assets were required to be used to pay fees, expenses and interest on outstanding borrowings, and the excess may have been returned to the Company, subject to certain conditions. On the SPV Asset Facility IV Termination Date, ORCC Financing IV repaid in full all outstanding fees and expenses and all principal and interest on outstanding borrowings.

From the SPV Asset Facility IV Closing Date to the SPV Asset Facility IV Termination Date, there was a commitment fee ranging from 0.50% to 0.75% per annum on the undrawn amount, if any, of the revolving commitments in the SPV Asset Facility IV.

#### *SPV Asset Facilities Assumed in the Mergers*

On January 13, 2025, the Company became party to and assumed all of OBDE’s obligations under OBDE’s SPV asset facilities. See “*Note 13. Subsequent Events.*”

#### **Debt Securitization Transactions**

The Company incurs secured financing through debt securitization transactions, also known as collateralized loan obligation transactions (the “CLO Transactions”) issued by the Company’s consolidated subsidiaries (the “CLO Issuers”), which are backed by a portfolio of collateral obligations consisting of middle-market loans and participation interests in middle-market loans as well as by other assets of the CLO Issuers. The CLO Issuers issue preferred shares which are not secured by the collateral securing the CLO Transactions which the Company purchases. The Company acts as retention holder in connection with the CLO Transactions for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such is required to retain a portion of a CLO Issuer’s preferred shares. Notes issued by CLO Issuers have not been registered under the Securities Act of 1933, as amended (the “Securities Act”), or any state securities (e.g., “blue sky”) laws, and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration. The Adviser serves as collateral manager for the CLO Issuers under a collateral management agreement. The Adviser is entitled to receive fees for providing these services. The Adviser routinely waives its right to receive such fees but may rescind such waiver at any time; provided, however, that if the Adviser rescinds such waiver, the management fee payable to Adviser pursuant to the Investment Advisory Agreement will be offset by the amount of the collateral management fee attributable to a CLO Issuer’s equity or notes owned by the Company. Assets pledged to debt holders of

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

the CLO Transactions and the other secured parties under each CLO Transaction's documentation will not be available to pay the debts of the Company. The Company consolidates the financial statements of the CLO Issuers in its consolidated financing statements.

*CLO I*

On May 28, 2019 (the "CLO I Closing Date"), the Company completed a \$596.0 million term debt securitization transaction (the "CLO I Transaction"). The secured notes and preferred shares issued in the CLO I Transaction and the secured loan borrowed in the CLO I Transaction were issued and incurred, as applicable, by the Company's consolidated subsidiaries Owl Rock CLO I, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the "CLO I Issuer"), and Owl Rock CLO I, LLC, a Delaware limited liability company (the "CLO I Co-Issuer" and together with the CLO I Issuer, the "CLO I Issuers"). The following describes the terms of the CLO I Transaction as supplemented through June 28, 2023 (the "CLO I Indenture Supplement Date").

In the CLO I Transaction the CLO I Issuers (A) issued the following notes pursuant to an indenture and security agreement dated as of the CLO I Closing Date (as supplemented by the supplemental indenture dated as of the CLO I Indenture Supplement Date by and among the CLO I Issuer, the CLO I Co-Issuer and State Street Bank and Trust Company, the "CLO I Indenture"), by and among the CLO I Issuers and State Street Bank and Trust Company: (i) \$242.0 million of AAA(sf) Class A Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, (ii) \$30.0 million of AAA(sf) Class A-F Notes, which bear interest at a fixed rate of 4.165%, and (iii) \$68.0 million of AA(sf) Class B Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.70% (together, the "CLO I Notes") and (B) borrowed \$50.0 million under floating rate loans (the "Class A Loans" and together with the CLO I Notes, the "CLO I Debt"), which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, under a credit agreement (the "CLO I Credit Agreement"), dated as of the CLO I Closing Date, by and among the CLO I Issuers, as borrowers, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The Class A Loans may be exchanged by the lenders for Class A Notes at any time, subject to certain conditions under the CLO I Credit Agreement and the CLO I Indenture. The CLO I Debt is scheduled to mature on the Payment Date (as defined in the CLO I Indenture) in May, 2031. The CLO I Notes were privately placed by Natixis Securities Americas, LLC and SG Americas Securities, LLC.

The CLO I Secured Notes were redeemed in the CLO I Refinancing, described below.

Concurrently with the issuance of the CLO I Notes and the borrowing under the Class A Loans, the CLO I Issuer issued approximately \$06.1 million of subordinated securities in the form of 206,106 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO I Preferred Shares").

The CLO I Debt is secured by all of the assets of the CLO I Issuer, which will consist primarily of middle-market loans, participation interests in middle-market loans, and related rights and the cash proceeds thereof. As part of the CLO I Transaction, ORCC Financing II and the Company sold and contributed approximately \$575.0 million par amount of middle-market loans to the CLO I Issuer on the CLO I Closing Date. No gain or loss was recognized as a result of these sales and contributions. Such loans constituted the initial portfolio assets securing the CLO I Debt. The Company and ORCC Financing II each made customary representations, warranties, and covenants to the CLO I Issuer regarding such sales and contributions under a loan sale agreement.

Through May 20, 2023, a portion of the proceeds received by the CLO I Issuer from the loans securing the CLO I Debt could be used by the CLO I Issuer to purchase additional middle-market loans under the direction of the Adviser as the collateral manager for the CLO I Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO I Debt is the secured obligation of the CLO I Issuers, and the CLO I Indenture and the CLO I Credit Agreement include customary covenants and events of default.

The CLO I Notes were offered in reliance on Section 4(a)(2) of the Securities Act.

*CLO I Refinancing*

On January 4, 2024 (the "CLO I Refinancing Date"), the Company completed a \$390.0 million term debt securitization refinancing (the "CLO I Refinancing"). The secured notes issued in the CLO I Refinancing and the secured loan borrowed in the CLO I Refinancing were issued and incurred, as applicable, by the Company's consolidated subsidiary Owl Rock CLO I, LLC, a limited liability company organized under the laws of the State of Delaware (the "CLO I Refinancing Issuer").

The CLO I Refinancing was executed by (A) the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of May 28, 2019 (the "Original CLO I Closing Date") by and among Owl Rock CLO I, Ltd., as issuer (the "Original CLO I Issuer"), the CLO I Refinancing Issuer, as co-issuer and State Street Bank and Trust Company, as supplemented by the first supplemental indenture dated as of June 28, 2023 and as further supplemented by the second supplemental indenture dated as of the CLO I Refinancing Date (the "CLO I Refinancing Indenture"), by and between the CLO I Refinancing Issuer and State Street Bank and Trust Company: (i) \$221.4 million of AAA(sf) Class A-NR Notes, which bear interest at the Benchmark, as defined in the CLO I Refinancing Indenture, plus 2.40%, (ii) \$25.0 million of AAA(sf) Class A-FR Notes, which bear interest at 6.35%, (iii) \$41.6 million of AA(sf) Class B-R Notes, which bear interest at the Benchmark plus 3.25% and (iv) \$52.0 million of A(sf) Class C Notes, which bear interest at the Benchmark plus 4.25% (together, the "CLO I Refinancing Secured Notes") and (B) the borrowing by the CLO I Refinancing Issuer of \$50.0 million under floating rate Class A-LR loans (the "CLO I Refinancing Class A-LR Loans") and

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

together with the CLO I Refinancing Secured Notes, the “CLO I Refinancing Secured Debt”). The CLO I Refinancing Class A-LR Loans bear interest at the Benchmark plus 2.40%. The CLO I Class A-LR Loans were borrowed under a credit agreement (the “CLO I Class A-LR Credit Agreement”), dated as of the CLO I Refinancing Date, by and among the CLO I Refinancing Issuer, as borrower, various financial institutions and other persons, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO I Refinancing Secured Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO I Refinancing Issuer. The CLO I Refinancing Secured Debt is scheduled to mature on February 20, 2036. The CLO I Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO I Refinancing were used to redeem in full the classes of debt issued on the Original CLO I Closing Date, to redeem a portion of the preferred shares of the CLO I Refinancing Issuer as described below and to pay expenses incurred in connection with the CLO I Refinancing. On the CLO I Refinancing Date, the Original CLO I Issuer was merged with and into the CLO I Refinancing Issuer, with the CLO I Refinancing Issuer surviving the merger. The CLO I Refinancing Issuer assumed by all operation of law all of the rights and obligations of the Original CLO I Issuer, including the subordinated securities issued by the Original CLO I Issuer on the Original CLO I Closing Date.

Concurrently with the issuance of the CLO I Refinancing Secured Notes and the borrowing under the CLO I Refinancing Class A-LR Loans, the CLO I Refinancing Issuer redeemed \$85.3 million of subordinated securities, for a total of \$120.8 million of outstanding subordinated securities in the form of 120,800 preferred shares (\$1,000 per preferred share) (the “CLO I Refinancing Preferred Shares”) held by the Company.

On the Original CLO I Closing Date, the Original CLO I Issuer entered into a loan sale agreement with Company, which provided for the sale and contribution of approximately \$247.0 million par amount of middle-market loans from the Company to the Original CLO I Issuer on the Original CLO I Closing Date and for future sales from the Company to the Original CLO I Issuer on an ongoing basis. As part of the CLO I Refinancing, the CLO I Refinancing Issuer, as the successor to the Original CLO I Issuer, and the Company entered into an amended and restated loan sale agreement with the Company dated as of the CLO I Refinancing Date (the “OBDC CLO I Refinancing Loan Sale Agreement”), pursuant to which the CLO I Refinancing Issuer assumed all ongoing obligations of the Original CLO I Issuer under the original agreement and the Company sold approximately \$106.0 million par amount middle-market loans to the CLO I Refinancing Issuer on the CLO I Refinancing Date and provides for future sales from the Company to the CLO I Refinancing Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO I Refinancing Secured Debt. A portion of the portfolio assets securing the CLO I Refinancing Secured Debt consists of middle-market loans purchased by the Original CLO I Issuer from ORCC Financing II under an additional loan sale agreement executed on the Original CLO I Closing Date between the Original CLO I Issuer and ORCC Financing II and which the CLO I Refinancing Issuer and ORCC Financing II amended and restated on the CLO I Refinancing Date (the “ORCC Financing II CLO I Loan Sale Agreement”) in connection with the refinancing. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing II each made customary representations, warranties, and covenants to the CLO I Refinancing Issuer under the applicable loan sale agreement.

Through February 20, 2028, a portion of the proceeds received by the CLO I Refinancing Issuer from the loans securing the CLO I Refinancing Secured Notes may be used by the CLO I Refinancing Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO I Refinancing Issuer and in accordance with the Company’s investing strategy and ability to originate eligible middle-market loans.

The CLO I Refinancing Secured Debt is the secured obligation of the CLO I Refinancing Issuer, and the CLO I Refinancing Indenture and CLO I Refinancing Class A-LR Credit Agreement each includes customary covenants and events of default.

*CLO II Refinancing*

On April 9, 2021 (the “CLO II Refinancing Date”), the Company completed a \$398.1 million term debt securitization refinancing (the “CLO II Refinancing”). The secured notes and preferred shares issued in the CLO II Refinancing were issued by the Company’s consolidated subsidiaries Owl Rock CLO II, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO II Issuer”), and Owl Rock CLO II, LLC, a Delaware limited liability company (the “CLO II Co-Issuer” and together with the CLO II Issuer, the “CLO II Issuers”). The following describes the terms of the CLO II Refinancing as supplemented through July 18, 2023 (the “CLO II Refinancing Indenture Supplement Date”).

The CLO II Refinancing was executed by the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of December 12, 2019 (such date, the “CLO II Closing Date,” and such agreement, the “CLO II Indenture”), as supplemented by the first supplemental indenture dated as of the CLO II Refinancing Date and as further supplemented by the second supplemental indenture dated as of the CLO II Refinancing Indenture Supplement Date) by and among the CLO II Issuer, the CLO II Co-Issuer and State Street Bank And Trust Company, the “CLO II Refinancing Indenture”), by and among the CLO II Issuers and State Street Bank and Trust Company: (i) \$204.0 million of AAA(sf) Class A-LR Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.55%, (ii) \$20.0 million of AAA(sf) Class A-FR Notes, which bear interest at a fixed rate of 2.48% and (iii) \$36.0 million of AA(sf) Class B-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.90% (together, the “CLO II Refinancing Debt”). The CLO II Refinancing Debt is secured by the middle-market loans, participation interests in middle-

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

market loans and other assets of the CLO II Issuer. The CLO II Refinancing Debt is scheduled to mature on the Payment Date (as defined in the CLO II Refinancing Indenture) in April, 2033. The CLO II Refinancing Debt was privately placed by Deutsche Bank Securities Inc. The proceeds from the CLO II Refinancing were used to redeem in full the classes of notes issued on the CLO II Closing Date.

Concurrently with the issuance of the CLO II Refinancing Debt, the CLO II Issuer issued subordinated securities in the form of 1,500 additional preferred shares at an issue price of U.S.\$1,000 per share (the "CLO II Refinancing Preferred Shares") resulting in a total outstanding number of CLO II Preferred Shares of 138,100 (\$138.1 million total issue price). The proceeds from the CLO II Refinancing Preferred Shares were used to pay certain expenses incurred in connection with the CLO II Refinancing.

Through April 20, 2025, a portion of the proceeds received by the CLO II Issuer from the loans securing the CLO II Refinancing Debt may be used by the CLO II Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO II Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO II Refinancing Debt is the secured obligation of the CLO II Issuers, and the CLO II Refinancing Indenture includes customary covenants and events of default.

*CLO III*

On March 26, 2020 (the "CLO III Closing Date"), the Company completed a \$395.3 million term debt securitization transaction (the "CLO III Transaction"). The secured notes and preferred shares issued in the CLO III Transaction were issued by the Company's consolidated subsidiaries Owl Rock CLO III, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the "CLO III Issuer"), and Owl Rock CLO III, LLC, a Delaware limited liability company (the "CLO III Co-Issuer" and together with the CLO III Issuer, the "CLO III Issuers"). The following describes the terms of the CLO III Transaction as supplemented through July 18, 2023 (the "CLO III Indenture Supplement Date").

The CLO III Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO III Closing Date (as supplemented by the supplemental indenture dated as of the CLO III Indenture Supplement Date by and among the CLO III Issuer, the CLO III Co-Issuer and State Street Bank And Trust Company, the "CLO III Indenture"), by and among the CLO III Issuers and State Street Bank and Trust Company: (i) \$166.0 million of AAA(sf) Class A-1L Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.80%, (ii) \$40.0 million of AAA(sf) Class A-1F Notes, which bear interest at a fixed rate of 2.75%, (iii) \$20.0 million of AAA(sf) Class A-2 Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.00%, and (iv) \$34.0 million of AA(sf) Class B Notes, which bear interest at term SOFR (plus a spread adjustment) plus 2.45% (together, the "CLO III Debt"). The CLO III Debt is scheduled to mature on the Payment Date (as defined in the CLO III Indenture) in April, 2032. The CLO III Debt was privately placed by SG Americas Securities, LLC.

Concurrently with the issuance of the CLO III Debt, the CLO III Issuer issued approximately \$135.3 million of subordinated securities in the form of 135,310 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO III Preferred Shares").

The CLO III Debt is secured by all of the assets of the CLO III Issuer, which will consist primarily of middle-market loans, participation interests in middle-market loans, and related rights and the cash proceeds thereof. As part of the CLO III Transaction, ORCC Financing IV and the Company sold and contributed approximately \$400.0 million par amount of middle-market loans to the CLO III Issuer on the CLO III Closing Date. No gain or loss was recognized as a result of these sales and contributions. Such loans constituted the initial portfolio assets securing the CLO III Debt. The Company and ORCC Financing IV each made customary representations, warranties, and covenants to the CLO III Issuer regarding such sales and contributions under a loan sale agreement.

Through April 20, 2024, a portion of the proceeds received by the CLO III Issuer from the loans securing the CLO III Debt may be used by the CLO III Issuer to purchase additional middle-market loans under the direction of the Adviser as the collateral manager for the CLO III Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO III Debt is the secured obligation of the CLO III Issuers, and the CLO III Indenture includes customary covenants and events of default. Assets pledged to holders of the CLO III Debt and the other secured parties under the CLO III Indenture will not be available to pay the debts of the Company.

The CLO III Debt was offered in reliance on Section 4(a)(2) of the Securities Act.

*CLO III Refinancing*

On April 11, 2024 (the "CLO III Refinancing Date"), the Company completed a \$260,000,000 term debt securitization refinancing (the "CLO III Refinancing"). The secured notes issued in the CLO III Refinancing were issued by the Company's consolidated subsidiary Owl Rock CLO III, LLC, a limited liability company organized under the laws of the State of Delaware (the "CLO III Issuer").

The CLO III Refinancing was executed by (A) the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of March 26, 2020 (the "Original CLO III Closing Date") by and among Owl Rock CLO III, Ltd., as

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

issuer (the “Original CLO III Issuer”), the CLO III Issuer, as co-issuer and State Street Bank and Trust Company, as supplemented by the first supplemental indenture dated as of July 18, 2023 and as further amended by the second supplemental indenture dated as of the CLO III Refinancing Date (the “CLO III Indenture”), by and between the CLO III Issuer and State Street Bank and Trust Company: (i) \$228,000,000 of AAA(sf) Class A-R Notes, which bear interest at the Benchmark (as defined in the CLO III Indenture) plus 1.85% and (ii) \$32,000,000 of AA(sf) Class B-R Notes, which bear interest at the Benchmark plus 2.35% (together, the “CLO III Secured Notes”). The CLO III Secured Notes are secured by middle-market loans and other assets of the CLO III Issuer. The CLO III Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO III Indenture) in April 2036. The CLO III Secured Notes were privately placed by SG Americas Securities, LLC. The proceeds from the CLO III Refinancing were used to redeem in full the classes of notes issued on the Original CLO III Closing Date and to pay expenses incurred in connection with the CLO III Refinancing. On the CLO III Refinancing Date, the Original CLO III Issuer was merged with and into the CLO III Issuer, with the CLO III Issuer surviving the merger. The CLO III Issuer assumed by all operation of law all of the rights and obligations of the Original CLO III Issuer, including the subordinated securities issued by the Original CLO III Issuer on the Original CLO III Closing Date.

On the Original CLO III Closing Date, the CLO III Issuer issued \$135,310,000 of subordinated securities in the form of 135,310 preferred shares (\$1,000 per preferred share) (the “CLO III Preferred Shares”). The Company acquired the CLO III Preferred Shares on the Original CLO III Closing Date. As of the CLO III Refinancing Date, the CLO III Preferred Shares remain outstanding and continue to be held by the Company.

On the Original CLO III Closing Date, the Original CLO III Issuer entered into a loan sale agreement with Company, which provided for the sale and contribution of approximately \$275 million par amount of middle-market loans from the Company to the Original CLO III Issuer on the Original CLO III Closing Date and for future sales from the Company to the Original CLO III Issuer on an ongoing basis. As part of the CLO III Refinancing, the CLO III Issuer, as the successor to the Original CLO III Issuer, and the Company entered into an amended and restated loan sale agreement with the Company dated as of the CLO III Refinancing Date (the “CLO III Loan Sale Agreement”), pursuant to which the CLO III Issuer assumed all ongoing obligations of the Original CLO III Issuer under the original agreement and provides for future sales from the Company to the CLO III Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO III Secured Notes. The Company made customary representations, warranties, and covenants to the CLO III Issuer under the applicable loan sale agreement.

Through April 20, 2028, a portion of the proceeds received by the CLO III Issuer from the loans securing the CLO III Secured Notes may be used by the CLO III Issuer to purchase additional middle-market loans under the direction of the Adviser in its capacity as collateral manager for the CLO III Issuer and in accordance with the Company’s investing strategy and ability to originate eligible middle-market loans.

The CLO III Secured Notes are the secured obligation of the CLO III Issuer, and the CLO III Indenture includes customary covenants and events of default.

*CLO IV Refinancing*

On July 9, 2021 (the “CLO IV Refinancing Date”), the Company completed a \$440.5 million term debt securitization refinancing (the “CLO IV Refinancing”). The secured notes and preferred shares issued in the CLO IV Refinancing were issued by the Company’s consolidated subsidiaries Owl Rock CLO IV, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO IV Issuer”), and Owl Rock CLO IV, LLC, a Delaware limited liability company (the “CLO IV Co-Issuer” and together with the CLO IV Issuer, the “CLO IV Issuers”). The following describes the terms of the CLO IV Refinancing as supplemented through July 18, 2023 (the “CLO IV Refinancing Indenture Supplement Date”).

The CLO IV Refinancing was executed by the issuance of the following classes of notes pursuant to an indenture and security agreement dated as of May 28, 2020 (such date, the CLO IV Closing Date, and such agreement, the “CLO IV Indenture”), as supplemented by the first supplemental indenture dated as of the CLO IV Refinancing Date and as further supplemented by the second supplemental indenture dated as of the CLO IV Refinancing Indenture Supplement Date) by and among the CLO IV Issuer, the CLO IV Co-Issuer and State Street Bank And Trust Company, the “CLO IV Refinancing Indenture”), by and among the CLO IV Issuers and State Street Bank and Trust Company: (i) \$252.0 million of AAA(sf) Class A-1-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.60% and (ii) \$40.5 million of AA(sf) Class A-2-R Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.90% (together, the “CLO IV Refinancing Secured Notes”). The CLO IV Refinancing Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the Issuer. The CLO IV Refinancing Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO IV Refinancing Indenture) in August, 2033. The CLO IV Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO IV Refinancing were used to redeem in full the classes of notes issued on the CLO IV Closing Date, to redeem a portion of the preferred shares of the CLO IV Issuer as described below and to pay expenses incurred in connection with the CLO IV Refinancing.

Concurrently with the issuance of the CLO IV Refinancing Secured Notes, the CLO IV Issuer redeemed 38,900 preferred shares held by the Company (the “CLO IV Preferred Shares”) at a total redemption price of \$38.9 million (\$1,000 per preferred share).

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

The Company retains the 148,000 CLO IV Preferred Shares that remain outstanding and that the Company acquired on the CLO IV Closing Date.

Through August 20, 2025, a portion of the proceeds received by the CLO IV Issuer from the loans securing the CLO IV Refinancing Secured Notes may be used by the CLO IV Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO IV Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO IV Refinancing Secured Notes are the secured obligation of the CLO IV Issuers, and the CLO IV Refinancing Indenture includes customary covenants and events of default.

*CLO V*

On November 20, 2020 (the "CLO V Closing Date"), the Company completed a \$345.5 million term debt securitization transaction (the "CLO V Transaction"). The secured notes and preferred shares issued in the CLO V Transaction were issued by the Company's consolidated subsidiaries Owl Rock CLO V, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the "CLO V Issuer"), and Owl Rock CLO V, LLC, a Delaware limited liability company (the "CLO V Co-Issuer" and together with the CLO V Issuer, the "CLO V Issuers").

The CLO V Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO V Closing Date (the "CLO V Indenture"), by and among the CLO V Issuers and State Street Bank and Trust Company: (i) \$182.0 million of AAA(sf)/AAAsf Class A-1 Notes, which bear interest at three-month LIBOR plus 1.85% and (ii) \$14.0 million of AAA(sf) Class A-2 Notes, which bear interest at three-month LIBOR plus 2.20% (together, the "CLO V Secured Notes"). The CLO V Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the CLO V Issuer. The CLO V Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO V Indenture) in November, 2029. The CLO V Secured Notes were privately placed by Natixis Securities Americas LLC.

The CLO V Secured Notes were redeemed in the CLO V Refinancing, described below.

Concurrently with the issuance of the CLO V Secured Notes, the CLO V Issuer issued approximately \$49.5 million of subordinated securities in the form of 149,450 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO V Preferred Shares").

As part of the CLO V Transaction, the Company entered into a loan sale agreement with the CLO V Issuer dated as of the CLO V Closing Date, which provided for the sale and contribution of approximately \$201.8 million par amount of middle-market loans from the Company to the CLO V Issuer on the CLO V Closing Date and for future sales from the Company to the CLO V Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO V Secured Notes. The remainder of the initial portfolio assets securing the CLO V Secured Notes consisted of approximately \$84.7 million par amount of middle-market loans purchased by the CLO V Issuer from ORCC Financing II under an additional loan sale agreement executed on the CLO V Closing Date between the Issuer and ORCC Financing II. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing II each made customary representations, warranties, and covenants to the Issuer under the applicable loan sale agreement.

Through July 20, 2022, a portion of the proceeds received by the CLO V Issuer from the loans securing the CLO V Secured Notes could be used by the CLO V Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO V Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO V Secured Notes were the secured obligation of the CLO V Issuers, and the CLO V Indenture includes customary covenants and events of default.

*CLO V Refinancing*

On April 20, 2022 (the "CLO V Refinancing Date"), the Company completed a \$669.2 million term debt securitization refinancing (the "CLO V Refinancing"). The secured notes and preferred shares issued in the CLO V Refinancing were issued by the CLO V Co-Issuer, as Issuer (the "CLO V Refinancing Issuer").

The CLO V Refinancing was executed by the issuance of the following classes of notes pursuant to the CLO V Indenture as supplemented by the supplemental indenture dated as of the CLO V Refinancing Date (the "CLO V Refinancing Indenture"), by and among the CLO V Refinancing Issuer and State Street Bank and Trust Company: (i) \$354.4 million of AAA(sf) Class A-1R Notes, which bear interest at the Benchmark, as defined in the CLO V Refinancing Indenture, plus 1.78%, (ii) \$30.4 million of AAA(sf) Class A-2R Notes, which bear interest at the Benchmark plus 1.95%, (iii) \$49.0 million of AA(sf) Class B-1 Notes, which bear interest at the Benchmark plus 2.20%, (iv) \$5.0 million of AA(sf) Class B-2 Notes, which bear interest at 4.25%, (v) \$31.5 million of A(sf) Class C-1 Notes, which bear interest at the Benchmark plus 3.15% and (vi) \$39.4 million of A(sf) Class C-2 Notes, which bear

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

interest at 5.10% (together, the “CLO V Refinancing Secured Notes”). The CLO V Refinancing Secured Notes are secured by the middle-market loans, participation interests in middle-market loans and other assets of the Issuer. The CLO V Refinancing Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO V Refinancing Indenture) in April, 2034. The CLO V Refinancing Secured Notes were privately placed by Natixis Securities Americas LLC. The proceeds from the CLO V Refinancing were used to redeem in full the classes of notes issued on the CLO V Closing Date and to pay expenses incurred in connection with the CLO V Refinancing.

Concurrently with the issuance of the CLO V Refinancing Secured Notes, the CLO V Issuer issued approximately \$10.2 million of additional subordinated securities, for a total of \$159.6 million of subordinated securities in the form of 159,620 preferred shares at an issue price of U.S.\$1,000 per share.

On the CLO V Closing Date, the CLO V Issuer entered into a loan sale agreement with Company, which provided for the sale and contribution of approximately \$201.8 million par amount of middle-market loans from the Company to the CLO V Issuer on the CLO V Closing Date and for future sales from the Company to the CLO V Issuer on an ongoing basis. As part of the CLO V Refinancing, the CLO V Refinancing Issuer, as the successor to the CLO V Issuer, and the Company entered into an amended and restated loan sale agreement with the Company dated as of the CLO V Refinancing Date, pursuant to which the CLO V Refinancing Issuer assumed all ongoing obligations of the CLO V Issuer under the original agreement and the Company sold and contributed approximately \$275.7 million par amount middle-market loans to the CLO V Refinancing Issuer on the CLO V Refinancing Date and provides for future sales from the Company to the CLO V Refinancing Issuer on an ongoing basis. Such loans constituted part of the portfolio of assets securing the CLO V Refinancing Secured Notes. A portion of the portfolio assets securing the CLO V Refinancing Secured Notes consists of middle-market loans purchased by the CLO V Issuer from ORCC Financing II under an additional loan sale agreement executed on the CLO V Closing Date between the CLO V Issuer and ORCC Financing II and which the CLO V Refinancing Issuer and ORCC Financing II amended and restated on the CLO V Refinancing Date in connection with the refinancing. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing II each made customary representations, warranties, and covenants to the CLO V Refinancing Issuer under the applicable loan sale agreement.

Through April 20, 2026, a portion of the proceeds received by the CLO V Issuer from the loans securing the CLO V Refinancing Secured Notes may be used by the Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO V Refinancing Issuer and in accordance with the Company’s investing strategy and ability to originate eligible middle-market loans.

The CLO V Refinancing Secured Notes are the secured obligation of the CLO V Refinancing Issuer, and the CLO V Refinancing Indenture includes customary covenants and events of default.

*CLO VI*

On May 5, 2021 (the “CLO VI Closing Date”), the Company completed a \$397.8 million term debt securitization transaction (the “CLO VI Transaction”). The secured notes and preferred shares issued in the CLO VI Transaction were issued by the Company’s consolidated subsidiaries Owl Rock CLO VI, Ltd., an exempted company incorporated in the Cayman Islands with limited liability (the “CLO VI Issuer”), and Owl Rock CLO VI, LLC, a Delaware limited liability company (the “CLO VI Co-Issuer” and together with the CLO VI Issuer, the “CLO VI Issuers”). The following describes the terms of the CLO VI Transaction as supplemented through July 18, 2023 (the “CLO VI Indenture Supplement Date”).

The CLO VI Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO VI Closing Date (as supplemented by the supplemental indenture dated as of the CLO VI Indenture Supplement Date by and among the CLO VI Issuer, the CLO VI Co-Issuer and State Street Bank And Trust Company, the “CLO VI Indenture”), by and among the CLO VI Issuers and State Street Bank and Trust Company: (i) \$224.0 million of AAA(sf) Class A Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.45%, (ii) \$26.0 million of AA(sf) Class B-1 Notes, which bear interest at term SOFR (plus a spread adjustment) plus 1.75% and (iii) \$10.0 million of AA(sf) Class B-F Notes, which bear interest at a fixed rate of 2.83% (together, the “CLO VI Secured Notes”). The CLO VI Secured Notes were secured by the middle-market loans, participation interests in middle-market loans and other assets of the CLO VI Issuer. The CLO VI Secured Notes were scheduled to mature on the Payment Date (as defined in the CLO VI Indenture) in June, 2032. The CLO VI Secured Notes were privately placed by SG Americas Securities, LLC.

Concurrently with the issuance of the CLO VI Secured Notes, the CLO VI Issuer issued approximately \$137.8 million of subordinated securities in the form of 137,775 preferred shares at an issue price of U.S. \$1,000 per share (the “CLO VI Preferred Shares”).

As part of the CLO VI Transaction, the Company entered into a loan sale agreement with the CLO VI Issuer dated as of the CLO VI Closing Date, which provided for the sale and contribution of approximately \$205.6 million par amount of middle-market loans from the Company to the CLO VI Issuer on the CLO VI Closing Date and for future sales from the Company to the CLO VI Issuer on an ongoing basis. Such loans constitute part of the initial portfolio of assets securing the CLO VI Secured Notes. The remainder of the initial portfolio assets securing the CLO VI Secured Notes consisted of approximately \$164.7 million par amount of

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

middle-market loans purchased by the CLO VI Issuer from ORCC Financing IV under an additional loan sale agreement executed on the CLO VI Closing Date between the CLO VI Issuer and ORCC Financing IV. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing IV each made customary representations, warranties, and covenants to the CLO VI Issuer under the applicable loan sale agreement.

Through June 20, 2024, a portion of the proceeds received by the CLO VI Issuer from the loans securing the CLO VI Secured Notes were used by the CLO VI Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO VI Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO VI Secured Notes were the secured obligation of the CLO VI Issuers, and the CLO VI Indenture included customary covenants and events of default.

On February 12, 2024, the CLO VI Issuer caused notice to be issued to the holders of the CLO VI Secured Notes and CLO VI Preferred Shares regarding the CLO VI Issuer's exercise of the option to redeem the CLO VI Secured Notes and CLO VI Preferred Shares in full. On February 29, 2024, the Company directed State Street Bank and Trust Company, as trustee, along with the CLO VI Issuers to defer redemption of the Preferred Shares to a later date. On March 5, 2024, the CLO VI Issuer redeemed \$260 million in aggregate principal amount of the CLO VI Secured Notes at 100% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, March 5, 2024. As of March 5, 2024, none of the CLO VI Secured Notes remain outstanding, and \$137.8 million of CLO VI Preferred Shares remain outstanding.

*CLO VII*

On July 26, 2022 (the "CLO VII Closing Date"), the Company completed a \$350.5 million term debt securitization transaction (the "CLO VII Transaction"). The secured notes and preferred shares issued in the CLO VII Transaction and the secured loan borrowed in the CLO VII Transaction were issued and incurred, as applicable, by the Company's consolidated subsidiary Owl Rock CLO VII, LLC, a limited liability organized under the laws of the State of Delaware (the "CLO VII Issuer").

The CLO VII Transaction was executed by (A) the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO VII Closing Date (the "CLO VII Indenture"), by and among the CLO VII Issuer and State Street Bank and Trust Company: (i) \$48.0 million of AAA(sf) Class A-1 Notes, which bear interest at three-month term SOFR plus 2.10%, (ii) \$24.0 million of AAA(sf) Class A-2 Notes, which bear interest at 5.00%, (iii) \$6.0 million of AA(sf) Class B-1 Notes, which bear interest at three-month term SOFR plus 2.85% and (iv) \$26.2 million of AA(sf) Class B-2 Notes, which bear interest at 5.71% and (v) \$10.0 million of A(sf) Class C Notes, which bear interest at 6.86% (together, the "CLO VII Secured Notes") and (B) the borrowing by the CLO VII Issuer of \$75.0 million under floating rate Class A-L1 loans (the "CLO VII Class A-L1 Loans") and \$50.0 million under floating rate Class A-L2 loans (the "CLO VII Class A-L2 Loans" and together with the CLO VII Class A-L1 Loans and the CLO VII Secured Notes, the "CLO VII Debt"). The CLO VII Class A-L1 Loans and the CLO VII Class A-L2 Loans bear interest at three-month term SOFR plus 2.10%. The CLO VII Class A-L1 Loans were borrowed under a credit agreement (the "CLO VII A-L1 Credit Agreement"), dated as of the CLO VII Closing Date, by and among the CLO VII Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent and the CLO VII Class A-L2 Loans were borrowed under a credit agreement (the "CLO VII A-L2 Credit Agreement"), dated as of the CLO VII Closing Date, by and among the CLO VII Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO VII Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO VII Issuer. The CLO VII Debt is scheduled to mature on the Payment Date (as defined in the CLO VII Indenture) in July, 2033. The CLO VII Secured Notes were privately placed by SG Americas Securities, LLC as Initial Purchaser.

Concurrently with the issuance of the CLO VII Secured Notes and the borrowing under the CLO VII Class A-L1 Loans and CLO VII Class A-L2 Loans, the CLO VII Issuer issued approximately \$111.3 million of subordinated securities in the form of 111,320 preferred shares at an issue price of U.S.\$1,000 per share (the "CLO VII Preferred Shares").

As part of the CLO VII Transaction, the Company entered into a loan sale agreement with the CLO VII Issuer dated as of the CLO VII Closing Date, which provided for the sale and contribution of approximately \$255.5 million par amount of middle-market loans from the Company to the CLO VII Issuer on the CLO VII Closing Date and for future sales from the Company to the CLO VII Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO VII Debt. The remainder of the initial portfolio assets securing the CLO VII Debt consisted of approximately \$93.3 million par amount of middle-market loans purchased by the CLO VII Issuer from ORCC Financing IV under an additional loan sale agreement executed on the CLO VII Closing Date between the CLO VII Issuer and ORCC Financing IV. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing IV each made customary representations, warranties, and covenants to the CLO VII Issuer under the applicable loan sale agreement.

Through July 20, 2025, a portion of the proceeds received by the CLO VII Issuer from the loans securing the CLO VII Debt may be used by the CLO VII Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

collateral manager for the CLO VII Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO VII Debt is the secured obligation of the CLO VII Issuer, and the CLO VII Indenture, the CLO VII A-L1 Credit Agreement and the CLO VII A-L2 Credit Agreement each include customary covenants and events of default.

*CLO X*

On March 9, 2023 (the "CLO X Closing Date"), the Company completed a \$97.7 million term debt securitization transaction (the "CLO X Transaction"). The secured notes and preferred shares issued in the CLO X Transaction were issued by the Company's consolidated subsidiary Owl Rock CLO X, LLC, a limited liability organized under the laws of the State of Delaware (the "CLO X Issuer").

The CLO X Transaction was executed by the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the CLO X Closing Date (the "CLO X Indenture"), by and among the CLO X Issuer and State Street Bank and Trust Company: (i) \$228.0 million of AAA(sf) Class A Notes, which bear interest at three-month term SOFR plus 2.45% and (ii) \$32.0 million of AA(sf) Class B Notes, which bear interest at three-month term SOFR plus 3.60% (together, the "CLO X Secured Notes"). The Secured Notes are secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO X Issuer. The CLO X Secured Notes are scheduled to mature on the Payment Date (as defined in the CLO X Indenture) in April, 2035. The CLO X Secured Notes were privately placed by Deutsche Bank Securities Inc. as Initial Purchaser.

Concurrently with the issuance of the CLO X Secured Notes, the CLO X Issuer issued approximately \$37.7 million of subordinated securities in the form of 137,700 preferred shares at an issue price of U.S. \$1,000 per share (the "CLO X Preferred Shares").

As part of the CLO X Transaction, the Company entered into a loan sale agreement with the CLO X Issuer dated as of the CLO X Closing Date, which provided for the sale and contribution of approximately \$245.9 million par amount of middle-market loans from the Company to the CLO X Issuer on the CLO X Closing Date and for future sales from the Company to the CLO X Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO X Secured Notes. The remainder of the initial portfolio assets securing the CLO X Secured Notes consisted of approximately \$141.3 million par amount of middle-market loans purchased by the CLO X Issuer from ORCC Financing III under an additional loan sale agreement executed on the CLO X Closing Date between the CLO X Issuer and ORCC Financing III. No gain or loss was recognized as a result of these sales and contributions. The Company and ORCC Financing III each made customary representations, warranties, and covenants to the CLO X Issuer under the applicable loan sale agreement.

Through April 20, 2027, a portion of the proceeds received by the CLO X Issuer from the loans securing the CLO X Secured Notes may be used by the CLO X Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO X Issuer and in accordance with the Company's investing strategy and ability to originate eligible middle-market loans.

The CLO X Secured Notes are the secured obligation of the CLO X Issuer, and the CLO X Indenture includes customary covenants and events of default.

*Debt Securitization Transactions Assumed in the Mergers*

On January 13, 2025, as a result of the consummation of the Mergers, the Company became party to the relevant agreements with respect to and assumed all of OBDE's obligations under the CLO XIV Transaction. See "Note 13. Subsequent Events."

*Unsecured Notes*

On December 14, 2023, the Company entered into an agreement of removal, appointment and acceptance (the "Tripartite Agreement"), with Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association (the "Retiring Trustee") and Deutsche Bank Trust Company Americas (the "Successor Trustee"), with respect to the Indenture, dated April 10, 2019 between the Company and the Retiring Trustee (the "Base Indenture"), the first supplemental indenture, dated April 10, 2019 (the "First Supplemental Indenture") between the Company and the Retiring Trustee, the second supplemental indenture, dated October 8, 2019 (the "Second Supplemental Indenture") between the Company and the Retiring Trustee, the third supplemental indenture, dated January 22, 2020 (the "Third Supplemental Indenture") between the Company and the Retiring Trustee, the Fourth Supplemental Indenture, dated July 23, 2020 (the "Fourth Supplemental Indenture") between the Company and the Retiring Trustee, the Fifth Supplemental Indenture, dated December 8, 2020 (the "Fifth Supplemental Indenture") between the Company and the Retiring Trustee, the Sixth Supplemental Indenture, dated April 26, 2021 (the "Sixth Supplemental Indenture") between the Company and the Retiring Trustee, the Seventh Supplemental Indenture, dated June 11, 2021 (the "Seventh Supplemental Indenture" and together with the Base Indenture, the First Supplemental Indenture, the Second Supplemental Indenture, the Third Supplemental Indenture, the

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

Fourth Supplemental Indenture, the Fifth Supplemental Indenture, the Sixth Supplemental Indenture, and the Eighth Supplemental Indenture (as defined below), the “Indenture”) between the Company and the Successor Trustee.

The Tripartite Agreement provides that, effective as of the date thereof, (1) the Retiring Trustee assigns, transfers, delivers and confirms to the Successor Trustee all of its rights, title and interest under the Indenture and all of the rights, power, trusts and duties as trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture; and (2) the Successor Trustee accepts its appointment as successor trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture, and accepts the rights, indemnities, protections, powers, trust and duties of or afforded to Retiring Trustee as trustee, security registrar, paying agent, authenticating agent and depository custodian under the Indenture. The Successor Trustee’s appointment in its capacities as paying agent and security registrar became effective on December 29, 2023.

*2024 Notes*

On April 10, 2019, the Company issued \$400.0 million aggregate principal amount of notes that were due on April 15, 2024 (the “2024 Notes”). The 2024 Notes bore interest at a rate of 5.25% per year, payable semi-annually on April 15 and October 15 of each year, commencing on October 15, 2019. On February 21, 2024, the Company caused notice to be issued to the Successor Trustee of the 2024 Notes regarding the Company’s exercise of the option to redeem in full all \$400.0 million in aggregate principal amount of the 2024 Notes at 100.0% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, the redemption date, March 22, 2024. On March 22, 2024, the Company redeemed in full all \$400.0 million in aggregate principal amount of the 2024 Notes at 100.0% of their principal amount, plus the accrued and unpaid interest thereon through, but excluding, March 22, 2024.

In connection with the issuance of the 2024 Notes, on April 10, 2019 the Company entered into centrally cleared interest rate swaps. The notional amount of the interest rate swaps was \$400.0 million. The Company received fixed rate interest at 5.25% and paid variable rate interest based on six-month SOFR (plus a spread adjustment) plus 3.051%. The interest rate swap was unwound prior to its maturity on March 22, 2024 in connection with the 2024 Notes redemption. For the year ended December 31, 2024, the Company made a payment of \$6.6 million in conjunction with unwinding the swap. For the years ended December 31, 2023 and 2022, the Company made periodic payments of \$15.5 million and \$5.6 million, respectively. The swap adjusted interest expense is included as a component of interest expense on the Company’s Consolidated Statements of Operations. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on our Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2024 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

*2025 Notes*

On October 8, 2019, the Company issued \$425.0 million aggregate principal amount of notes that mature on March 30, 2025 (the “2025 Notes”). The 2025 Notes bear interest at a rate of 4.00% per year, payable semi-annually on March 30 and September 30 of each year, commencing on March 30, 2020. The Company may redeem some or all of the 2025 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2025 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2025 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 40 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any 2025 Notes on or after February 28, 2025 (the date falling one month prior to the maturity date of the 2025 Notes), the redemption price for the 2025 Notes will be equal to 100% of the principal amount of the 2025 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

*July 2025 Notes*

On January 22, 2020, the Company issued \$500.0 million aggregate principal amount of notes that mature on July 22, 2025 (the “July 2025 Notes”). The July 2025 Notes bear interest at a rate of 3.75% per year, payable semi-annually on January 22 and July 22, of each year, commencing on July 22, 2020. The Company may redeem some or all of the July 2025 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the July 2025 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the July 2025 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 35 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any July 2025 Notes on or after June 22, 2025 (the date falling one month prior to the maturity date of the 2025 Notes), the redemption price for the July 2025 Notes will be equal to 100% of the principal amount of the July 2025 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

*2026 Notes*

On July 23, 2020, the Company issued \$500.0 million aggregate principal amount of notes that mature on January 15, 2026 (the “2026 Notes”). The 2026 Notes bear interest at a rate of 4.25% per year, payable semi-annually on January 15 and July 15 of each year, commencing on January 15, 2021. The Company may redeem some or all of the 2026 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2026 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2026 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 50 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any 2026 Notes on or after December, 15 2025 (the date falling one month prior to the maturity date of the 2026 Notes), the redemption price for the 2026 Notes will be equal to 100% of the principal amount of the 2026 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

*July 2026 Notes*

On December 8, 2020, the Company issued \$1.00 billion aggregate principal amount of notes that mature on July 15, 2026 (the “July 2026 Notes”). The July 2026 Notes bear interest at a rate of 3.40% per year, payable semi-annually on January 15 and July 15 of each year, commencing on July 15, 2021. The Company may redeem some or all of the July 2026 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the July 2026 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the July 2026 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 50 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any July 2026 Notes on or after June 15, 2026 (the date falling one month prior to the maturity date of the July 2026 Notes), the redemption price for the July 2026 Notes will be equal to 100% of the principal amount of the July 2026 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

*2027 Notes*

On April 26, 2021, the Company issued \$500.0 million aggregate principal amount of notes that mature on January 15, 2027 (the “2027 Notes”). The 2027 Notes bear interest at a rate of 2.625% per year, payable semi-annually on January 15 and July 15, of each year, commencing on July 15, 2021. The Company may redeem some or all of the 2027 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2027 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2027 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 30 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any 2027 Notes on or after December 15, 2026 (the date falling one month prior to the maturity date of the 2027 Notes), the redemption price for the 2027 Notes will be equal to 100% of the principal amount of the 2027 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

In connection with the issuance of the 2027 Notes, on April 26, 2021, the Company entered into centrally cleared interest rate swaps. The notional amount of the interest rate swaps is \$500.0 million. The Company will receive fixed rate interest at 2.625% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 1.769%. The interest rate swaps mature on January 15, 2027. For the years ended December 31, 2024, 2023 and 2022, the Company made net periodic payments of \$3.0 million, \$15.8 million and \$3.1 million, respectively. The interest expense related to the 2027 Notes is equally offset by the proceeds received from the interest rate swaps. The swap adjusted interest expense is included as a component of interest expense on the Company’s Consolidated Statements of Operations. As of December 31, 2024 and 2023, the interest rate swap had a fair value of \$(31.8) million and \$(42.1) million, respectively. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on the Company’s Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2027 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

*2028 Notes*

On June 11, 2021, the Company issued \$450.0 million aggregate principal amount of notes that mature on June 11, 2028 and on August 17, 2021, the Company issued an additional \$400.0 million aggregate principal amount of the Company’s 2.875% notes due 2028 (together, the “2028 Notes”). The 2028 Notes bear interest at a rate of 2.875% per year, payable semi-annually on June 11 and December 11, of each year, commencing on December 11, 2021. The Company may redeem some or all of the 2028 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2028 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

unpaid interest to the date of redemption) on the 2028 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 30 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any 2028 Notes on or after April 11, 2028 (the date falling two months prior to the maturity date of the 2028 Notes), the redemption price for the 2028 Notes will be equal to 100% of the principal amount of the 2028 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

*2029 Notes*

On January 22, 2024, pursuant to the Base Indenture and an Eighth Supplemental Indenture, dated January 22, 2024 (the “Eighth Supplemental Indenture”) between us and the Successor Trustee, the Company issued \$600.0 million aggregate principal amount of notes that mature on March 15, 2029 and on November 19, 2024, the Company issued an additional \$400.0 million aggregate principal amount of the Company’s 5.95% notes due 2029 (together, the “2029 Notes”). The 2029 Notes bear interest at a rate of 5.95% per year, payable semi-annually on March 15 and September 15, of each year, commencing on September 15, 2024. The Company may redeem some or all of the 2029 Notes at any time, or from time to time, at a redemption price equal to the greater of (1) 100% of the principal amount of the 2029 Notes to be redeemed or (2) the sum of the present values of the remaining scheduled payments of principal and interest (exclusive of accrued and unpaid interest to the date of redemption) on the 2029 Notes to be redeemed, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using the applicable Treasury Rate plus 35 basis points, plus, in each case, accrued and unpaid interest to the redemption date; provided, however, that if the Company redeems any 2029 Notes on or after February 15, 2029 (the date falling one month prior to the maturity date of the 2029 Notes), the redemption price for the 2029 Notes will be equal to 100% of the principal amount of the 2029 Notes to be redeemed, plus accrued and unpaid interest, if any, to, but excluding, the date of redemption.

On February 9, 2024, in connection with the initial issuance of the 2029 Notes on January 22, 2024, the Company entered into centrally cleared interest rate swaps. The notional amount of the interest rate swaps is \$600.0 million. The Company will receive fixed rate interest at 5.95% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 2.118%. The interest rate swaps mature on February 15, 2029. For the year ended December 31, 2024 the Company made \$0.2 million in net periodic payments. The interest expense related to the 2029 Notes is equally offset by the proceeds received from the interest rate swaps. The swap adjusted interest expense is included as a component of interest expense on the Company’s Consolidated Statements of Operations. As of December 31, 2024, the interest rate swap had a fair value of \$(5.2) million. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on the Company’s Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swaps is offset by the change in fair value of the 2029 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

On November 19, 2024, in connection with the additional issuance of the 2029 Notes on November 19, 2024, the Company entered into a bilateral interest rate swap. The notional amount of the interest rate swap is \$400.0 million. The Company will receive fixed rate interest at 5.95% and pay variable rate interest based on six-month SOFR (plus a spread adjustment) plus 1.922%. The interest rate swap matures on February 15, 2029. For the year ended December 31, 2024 the Company did not make any periodic payments. The interest expense related to the 2029 Notes is equally offset by the proceeds received from the interest rate swap. The swap adjusted interest expense is included as a component of interest expense on the Company’s Consolidated Statements of Operations. As of December 31, 2024, the interest rate swap had a fair value of \$(1.3) million. Depending on the nature of the balance at period end, the fair value of the interest rate swap is either included as a component of accrued expenses and other liabilities or prepaid expenses and other assets on the Company’s Consolidated Statements of Assets and Liabilities. The change in fair value of the interest rate swap is offset by the change in fair value of the 2029 Notes, with the remaining difference included as a component of interest expense on the Consolidated Statements of Operations.

*Notes Assumed in the Mergers*

On January 13, 2025, in connection with the Mergers, the Company entered into a supplemental indenture relating to our assumption of OBDE’s 3.125% Notes that mature on April 23, 2027. Also on January 13, 2025, in connection with the Mergers, the Company entered into an assumption agreement relating to our assumption of OBDE’s 7.50% Series 2022A Senior Notes, Tranche A; 7.58% Series 2022A Senior Notes, Tranche B; 7.58% Series 2022B Senior Notes and 8.10% Series 2023A Senior Notes. The Company typically determines the fair value of its performing Level 3 debt investments utilizing a yield analysis. In a yield analysis, a price is ascribed for each investment based upon an assessment of current and expected market yields for similar investments and risk profiles. Additional consideration is given to the expected life, portfolio company performance since close, and other terms and risks associated with an investment. Among other factors, a determinant of risk is the amount of leverage used by the portfolio company relative to its total enterprise value, and the rights and remedies of the Company's investment within the portfolio company's capital structure.

When the debtor is not performing or when there is insufficient value to cover the investment, the Company may utilize a net recovery approach to determine the fair value of debt investments in subject companies. A net recovery analysis typically consists of two steps. First, the total enterprise value for the subject company is estimated using standard valuation approaches, most commonly the market approach. Second, the fair value for each investment in the subject company is then estimated by allocating the subject company's total enterprise value to the outstanding securities in the capital structure based upon various factors, including seniority, preferences, and other features if deemed relevant to each security in the capital structure.

Significant unobservable quantitative inputs typically used in the fair value measurement of the Company's Level 3 debt investments primarily include current market yields, including relevant market indices, but may also include quotes from brokers, dealers, and pricing services as indicated by comparable investments. For the Company's Level 3 equity investments, a market approach, based on comparable financial performance multiples such as publicly-traded company and comparable market transaction multiples of revenues, earnings before income taxes, depreciation and amortization ("EBITDA"), or some combination thereof and comparable market transactions typically would be used.

*Debt Not Carried at Fair Value*

Fair value is estimated by discounting remaining payments using applicable current market rates, which take into account changes in the Company's marketplace credit ratings, or market quotes, if available. The table below presents the carrying and fair values of the Company's debt obligations as of the following periods:

(\$ in thousands)	December 31, 2024			December 31, 2023		
	Net Carrying Value	Debt Issuance Costs	Fair Value	Net Carrying Value	Debt Issuance Costs	Fair Value
Revolving Credit Facility	\$ 269,919	(22,426)	\$ 269,919	\$ 401,075	(17,970)	\$ 401,075

*Financial Instruments Not Carried at Fair Value*

As of December 31, 2024 and December 31, 2023, the carrying amounts of the Company's other assets and liabilities approximate fair value due to their short maturities. These financial instruments would be categorized as Level 3 within the hierarchy.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

**Note 7. Commitments and Contingencies**

*Portfolio Company Commitments*

From time to time, the Company may enter into commitments to fund investments in the form of revolving credit, delayed draw, or equity commitments, which require the Company to provide funding when requested by portfolio companies in accordance with underlying loan agreements. The Company had the following outstanding commitments as of the following periods:

(\$ in thousands)	As of December 31,	
	2024	2023
Total unfunded revolving loan commitments <sup>(1)</sup>	\$ 673,576	\$ 512,755
Total unfunded delayed draw loan commitments	607,998	374,589
Total unfunded revolving and delayed draw loan commitments	1,281,574	887,344
Total unfunded equity commitments	158,259	67,487
Total unfunded commitments	\$ 1,439,833	\$ 954,831

<sup>(1)</sup> Includes Letter of Credit outstanding as of December 31, 2023.

As of December 31, 2024, the Company believed they had adequate financial resources to satisfy the unfunded portfolio company commitments.

*Other Commitments and Contingencies*

On November 3, 2020, the Board approved the 2020 Stock Repurchase Program (the “2020 Stock Repurchase Program”) under which the Company may repurchase up to \$100 million of the Company’s outstanding common stock. Under the 2020 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On November 2, 2021, the Board approved an extension to the 2020 Stock Repurchase Program for an additional 12-months and on November 2, 2022, the 2020 Stock Repurchase Program ended in accordance with its terms. While the plan was in effect the agent repurchased 944,076 shares of the Company’s common stock pursuant to the 2020 Stock Repurchase Program for approximately \$2.6 million.

On November 1, 2022, the Board approved the 2022 Stock Repurchase Program (the “2022 Stock Repurchase Program”) under which we may repurchase up to \$150 million of our outstanding common stock. Under the 2022 Stock Repurchase Program, purchases were made at management’s discretion from time to time in open-market transactions, in accordance with all applicable securities laws and regulations. On May 2, 2024, the 2022 Stock Repurchase Program ended in accordance with its terms. While the 2022 Stock Repurchase Program in effect, the agent has repurchased 4,090,138 shares of common stock pursuant to the 2022 Stock Repurchase Program for approximately \$50.0 million.

On May 6, 2024, the Board approved the 2024 Stock Repurchase Program (the “2024 Stock Repurchase Program”) under which the Company may repurchase up to \$150 million of the Company’s common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management’s discretion from time to time in open-market transactions, in accordance with all applicable rules and regulations. Unless extended by the Board, the 2024 Stock Repurchase Program will terminate 18-months from the date it was approved. For the period ended December 31, 2024, there were no repurchases under the 2024 Stock Repurchase Program

From time to time, the Company may become a party to certain legal proceedings incidental to the normal course of its business. At December 31, 2024, management was not aware of any material pending or threatened litigation that would require accounting recognition or financial statement disclosure.

*Dividend Reinvestment*

With respect to distributions, the Company has adopted an "opt out" dividend reinvestment plan for common shareholders. As a result, in the event of a declared distribution, each shareholder that has not "opted out" of the dividend reinvestment plan will have their dividends or distributions automatically reinvested in additional shares of the Company's common stock rather than receiving cash distributions. If newly issued shares are used to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder will be determined by dividing the total dollar amount of the cash dividend or distribution payable to a shareholder by the market price per share of our common stock at the close of regular trading on the NYSE on the payment date of a distribution, or if no sale is reported for such day, the average of the reported bid and ask prices. However, if the market price per share on the payment date of a cash dividend or distribution exceeds the most recently computed net asset value per share, we will issue shares at the greater of (i) the most recently computed net asset value per share and (ii) 95% of the current market price per share (or such lesser discount to the current market price per share that still exceeded the most recently computed net asset value per share). If shares are purchased in the open market to implement the dividend reinvestment plan, the number of shares to be issued to a shareholder shall be determined by dividing the dollar amount of the cash dividend payable to such shareholder by the weighted average price per share for all shares purchased by the plan administrator in the open market in connection with the dividend. Shareholders who receive

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

distributions in the form of shares of common stock will be subject to the same U.S. federal, state and local tax consequences as if they received cash distributions.

The following tables presents the shares distributed pursuant to the dividend reinvestment plan for the following periods:

<b>Date Declared</b>	<b>For the Years Ended December 31, 2024</b>		
	<b>Record Date</b>	<b>Payment Date</b>	<b>Shares</b>

*2024 Stock Repurchase Program*

On May 6, 2024, the Board approved the 2024 Stock Repurchase Program under which the Company may repurchase up to \$150 million of the Company's common stock. Under the 2024 Stock Repurchase Program, purchases may be made at management's discretion from time to time in open-market transactions, including pursuant to trading plans with investment banks pursuant to Rule 10b5-1 of the Exchange Act, in accordance with all applicable rules and regulations. Unless extended by the Board, the 2024 Stock

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

Repurchase Program will terminate 18-months from the date it was approved. There were no repurchases during the period ended December 31, 2024.

**Note 9. Earnings Per Share**

The following table presents the computation of basic and diluted earnings per common share for the following periods:

(\$ in thousands, except per share amounts)	For the Years Ended December 31,		
	2024	2023	2022
Increase (decrease) in net assets resulting from operations	\$ 594,980	\$ 793,312	\$ 466,355
Weighted average shares of common stock outstanding—basic and diluted	390,068,596	390,104,585	394,006,852
Earnings per common share—basic and diluted	\$ 1.53	\$ 2.03	\$ 1.18

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

**Note 10. Income Taxes**

Taxable income generally differs from increase in net assets resulting from operations due to temporary and permanent differences in the recognition of income and expenses, and generally excludes net unrealized gains or losses, as unrealized gains or losses are generally not included in taxable income until they are realized.

The Company makes certain adjustments to the classification of net assets as a result of permanent book-to-tax differences, which include differences in the book and tax basis of certain assets and liabilities, and nondeductible federal taxes or losses among other items. To the extent these differences are permanent, they are charged or credited to additional paid in capital, or total distributable earnings (losses), as appropriate.

The following reconciles the increase in net assets resulting from operations for the fiscal years ended December 31, 2024, 2023, and 2022 to undistributed taxable income for the following periods:

(\$ in millions)	<b>For the Years Ended December 31,</b>		
	<b>2024<sup>(1)</sup></b>	<b>2023</b>	<b>2022</b>
Increase in net assets resulting from operations	\$ 595.0	\$ 793.3	\$ 466.3
Adjustments:			
Net unrealized (gain) loss on investments	\$ 50.2	\$ (92.9)	\$ 94.5
Other income (loss) for tax purposes, not book	12.7	(43.3)	(33.0)
Deferred organization costs	(0.1)	(0.1)	(0.1)
Other book-tax differences	11.6	12.7	5.8
Realized gain/loss differences	84.4	53.0	1.0
<b>Taxable Income</b>	<b>\$ 753.8</b>	<b>\$ 722.7</b>	<b>\$ 534.5</b>

(1) Tax information for the fiscal year ended December 31, 2024 is estimated and is not considered final until the Company files its tax return.

*For the year ended December 31, 2024*

Total distributions declared of \$671.0 million resulted in a taxable dividend amount of \$671.0 million that consisted of \$670.7 million of ordinary income and \$0.3 million of net long-term capital gains for the tax year ending December 31, 2024. For the calendar year ended December 31, 2024 the Company had \$197.3 million of undistributed ordinary income, as well as, \$(149.4) million of net unrealized gains (losses) on investments and \$(18.5) million of other temporary differences. For the year ended December 31, 2024, 85.5% of distributed ordinary income qualified as interest related dividend which is exempt from U.S. withholding tax applicable to non-U.S. shareholders.

During the year ended December 31, 2024, the Company increased the total distributable earnings (losses) and decreased additional paid in capital. These permanent differences were principally related to \$11.6 million attributable to U.S. federal income tax, including excise taxes.

As of December 31, 2024, the net estimated unrealized loss for U.S. federal income tax purposes was \$46.1 million based on a tax cost basis of \$13.3 billion. As of December 31, 2024, the estimated aggregate gross unrealized loss for U.S. federal income tax purposes was \$560.6 million and the estimated aggregate gross unrealized gain for U.S. federal income tax purposes was \$414.5 million.

*For the year ended December 31, 2023*

Total distributions declared of \$620.3 million resulted in a taxable dividend amount of \$620.3 million that consisted of \$612.9 million of ordinary income and \$7.4 million of net long-term capital gains for the tax year ending December 31, 2023. For the calendar year ended December 31, 2023 the Company had \$118.3 million of undistributed ordinary income, as well as, \$(10.0) million of net unrealized gains (losses) on investments and \$(14.7) million of other temporary differences. For the year ended December 31, 2023, 90.2% of distributed ordinary income qualified as interest related dividend which is exempt from U.S. withholding tax applicable to non-U.S. shareholders.

During the year ended December 31, 2023, the Company increased the total distributable earnings (losses) and decreased additional paid in capital. These permanent differences were principally related to \$12.8 million attributable to U.S. federal income tax, including excise taxes.

As of December 31, 2023, the net estimated unrealized loss for U.S. federal income tax purposes was \$0.4 million based on a tax cost basis of \$12.7 billion. As of December 31, 2023, the estimated aggregate gross unrealized loss for U.S. federal income tax purposes was \$325.3 million and the estimated aggregate gross unrealized gain for U.S. federal income tax purposes was \$324.9 million.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

*For the year ended December 31, 2022*

Total distributions declared of \$507.8 million resulted in a tax dividend amount of \$517.9 million that consisted entirely of ordinary income for the tax year ending December 31, 2022. For the calendar year ended December 31, 2022 the Company had \$13.1 million of undistributed ordinary income and \$7.4 million of undistributed capital gains, as well as, \$(123.0) million of net unrealized gains (losses) on investments and \$10.4 million of other temporary differences. For the year ended December 31, 2022, 85.2% of distributed ordinary income qualified as interest related dividend which is exempt from U.S. withholding tax applicable to non-U.S. shareholders.

During the year ended December 31, 2022, the Company increased the total distributable earnings (losses) and decreased additional paid in capital. These permanent differences were principally related to \$5.7 million attributable to U.S. federal income tax, including excise taxes.

As of December 31, 2022, the net estimated unrealized loss for U.S. federal income tax purposes was \$26.2 million based on a tax cost basis of \$13.1 billion. As of December 31, 2022, the estimated aggregate gross unrealized loss for U.S. federal income tax purposes was \$382.2 million and the estimated aggregate gross unrealized gain for U.S. federal income tax purposes was \$256.0 million.

*Taxable Subsidiaries*

Certain of the Company's consolidated subsidiaries are subject to U.S. federal and state corporate-level income taxes. For the years ended December 31, 2024, 2023 and 2022, the Company recorded a current tax expense of approximately \$2.5 million, \$0.3 million and \$5.1 million for taxable subsidiaries, respectively.

The Company recorded a net deferred tax liability of \$31.4 million and \$29.0 million as of December 31, 2024 and 2023, respectively, for taxable subsidiaries, which is significantly related to GAAP to tax outside basis differences in the taxable subsidiaries' investment in certain partnership interests.

- (1) The per share data was derived using the weighted average shares outstanding during the period.
- (2) The per share data was derived using actual shares outstanding at the date of the relevant transaction.
- (3) Total return based on market value is calculated as the change in market value per share during the respective periods, taking into account dividends and distributions, if any, reinvested in accordance with the Company's dividend reinvestment plan.
- (4) Total return is calculated as the change in NAV per share during the period, plus distributions per share (assuming dividends and distributions, if any, are reinvested in accordance with the Company's dividend reinvestment plan), if any, divided by the beginning NAV per share.
- (5) Does not include expenses of investment companies in which the Company invests.
- (6) The ratios reflect annualized amounts, except in the case of non-recurring expenses (e.g. initial organization expenses).
- (7) Prior to the management and incentive fee waivers, the total expenses to average net assets for the years ended December 31, 2020, 2019, 2018 and 2017 were 7.3%, 5.9%, 6.4% and 6.3%, respectively.

**Note 12. Subsequent Events**

In preparing these financial statements, the Company has evaluated events and transactions for potential recognition or disclosure through the date of issuance. There are no subsequent events to disclose except for the following:

***Dividend***

On February 18, 2025, the Board declared a first quarter dividend of \$0.37 per share for stockholders of record as of March 31, 2025, payable on or before April 15, 2025 and a fourth quarter supplemental dividend of \$0.05 per share for stockholders of record as of February 28, 2025, payable on or before March 17, 2025.

***Mergers***

On January 13, 2025, the Company completed the previously announced acquisition of OBDE. Pursuant to the Merger Agreement, Merger Sub was first merged with and into OBDE, with OBDE continuing as the surviving company, and, immediately following the Initial Merger, OBDE was then merged with and into the Company, with the Company continuing as the surviving company. In accordance with the terms of the Merger Agreement, at the effective time of the Mergers, each outstanding share of OBDE's common stock was converted into the right to receive 0.9779 shares of the Company's common stock. As a result of the Mergers, the Company issued an aggregate of approximately 120,630,637 million shares of the Company's common stock to OBDE shareholders.

The Mergers will be accounted for as an asset acquisition of OBDE by the Company in accordance with the asset acquisition method of accounting as detailed in ASC 805-50, *Business Combinations – Related Issues*, with the fair value of total consideration paid in conjunction with the Mergers allocated to the assets acquired and liabilities assumed based on their relative fair values as of the date of the Mergers. Generally, under asset acquisition accounting, acquiring assets in groups not only requires ascertaining the cost of the asset (or net assets), but also allocating that cost to the individual assets (or individual assets and liabilities) that make up the group. The cost of the group of assets acquired in an asset acquisition is allocated to the individual assets acquired or liabilities assumed based on their relative fair values of net identifiable assets acquired other than certain "non-qualifying" assets (for example cash) and does not give rise to goodwill. The Company will be the accounting survivor of the Mergers.

***April 2027 Notes***

On January 13, 2025, in connection with the Mergers, the Company entered into a second supplemental indenture (the "April 2027 Notes Second Supplemental Indenture") by and between Computershare Trust Company, N.A., as successor to Wells Fargo Bank, National Association, as trustee (the "April 2027 Notes Trustee"), effective as of the closing of the Mergers. The April 2027 Notes Second Supplemental Indenture relates to the Company's assumption of \$325.0 million in aggregate principal amount of OBDE's 3.125% Notes that mature on April 13, 2027 (the "April 2027 Notes").

Pursuant to the April 2027 Notes Second Supplemental Indenture, the Company expressly assumed the obligations of OBDE for the due and punctual payment of the principal of, and premium, if any, and interest on all the April 2027 Notes outstanding, and the due and punctual performance and observance of all of the covenants and conditions of the indenture, dated October 13, 2021 (the "April 2027 Notes Base Indenture"), by and between OBDE and the April 2027 Notes Trustee, as amended by the first supplemental indenture, dated October 13, 2021 (the "April 2027 Notes First Supplemental Indenture" and together with the April 2027 Notes Base Indenture and the April 2027 Notes Second Supplemental Indenture, the "April 2027 Notes Indenture"), by and between OBDE and the April 2027 Notes Trustee, to be performed by OBDE.

The April 2027 Notes may be redeemed in whole or in part at the Company's option at any time or from time to time at the redemption prices set forth in the April 2027 Indenture. The April 2027 Notes bear interest at a rate of 3.125% per year, payable semi-annually on April 13 and October 13 of each year, commencing on April 13, 2022. The April 2027 Notes are the Company's direct, general unsecured obligations and rank senior in right of payment to all of the Company's future indebtedness or other obligations that are expressly subordinated, or junior, in right of payment to the April 2027 Notes. The April 2027 Notes rank pari passu, or equal, in right of payment with all of the Company's existing and future indebtedness or other obligations that are not so subordinated, or junior. The April 2027 Notes rank effectively subordinated, or junior, to any of the Company's existing and future secured indebtedness or other obligations (including unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness. The April 2027 Notes rank structurally subordinated, or junior, to all existing and future indebtedness and other obligations (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities. The April 2027 Indenture contains certain covenants, including covenants requiring the Company to (i) comply with the asset coverage requirements of the 1940 Act, whether or not the Company is subject to those requirements, and (ii) provide financial information to the holders of the April 2027 Notes and the April 2027 Trustee if the Company is no longer subject to the reporting requirements under the Exchange Act. These covenants are subject to important limitations and exceptions that are described in the Indenture. In addition, if a change of control repurchase event, as defined in the April 2027 Indenture, occurs prior to maturity, holders of the April 2027 Notes will have the right, at their option, to require the Company to repurchase for cash some or all of the April 2027 Notes at a repurchase price equal to 100% of the aggregate principal amount of the April 2027 Notes being repurchased, plus accrued and unpaid interest to, but excluding, the repurchase date.

***Note Assumption Agreement***

On January 13, 2025, in connection with the Mergers, the Company entered into an assumption agreement (the “Note Assumption Agreement”) for the benefit of the Noteholders (as defined in the Note Purchase Agreement) (as defined below), effective as of the closing of the Mergers. The Note Assumption Agreement relates to the Company’s assumption of (i) \$142.0 million aggregate principal amount of 7.50% Series 2022A Senior Notes, Tranche A, due July 21, 2025 (the “July 2025 Notes”); (ii) \$190.0 million aggregate principal amount of 7.58% Series 2022A Senior Notes, Tranche B, due July 21, 2027 (the “July 2027 Notes”) and, together with the July 2025 Notes, the “Series 2022A Notes”); (iii) \$60.0 million in aggregate principal amount of 7.58% Series 2022B Senior Notes, due July 21, 2027 (the “Series 2022B Notes”); and (iv) \$100.0 million in aggregate principal amount of 8.10% Series 2023A Senior Notes, due June 29, 2028 (the “Series 2023A Notes”) and other obligations of OBDE under a Master Note Purchase Agreement dated as of July 21, 2022 (as supplemented by the First Supplement to Master Note Purchase Agreement, dated as of December 22, 2022 (the “First Supplement”), and by the Second Supplement to Master Note Purchase Agreement, dated as of June 29, 2023 (the “Second Supplement”) and as further amended, supplemented or otherwise modified from time to time, the “Note Purchase Agreement”), among OBDE and certain institutional investors specified therein.

Pursuant to the Note Assumption Agreement, the Company unconditionally and expressly assumed, confirmed and agreed to perform and observe each and every one of the covenants, rights, promises, agreements, terms, conditions, obligations, duties and liabilities of OBDE under the Note Purchase Agreement, under the Series 2022A Notes, Series 2022B notes and Series 2023A Notes and under any documents, instruments or agreements executed or delivered or furnished by OBDE in connection therewith, and to be bound by all waivers made by OBDE with respect to any matter set forth therein.

Interest on the Series 2022A Notes will be due semiannually on January 21 and July 21 each year, beginning on January 21, 2023. The Series 2022A Notes may be redeemed in whole or in part at any time or from time to time at the Company’s option at par plus accrued interest to the prepayment date and, if applicable, a make-whole premium. In addition, the Company is obligated to offer to prepay the Series 2022A Notes at par plus accrued and unpaid interest up to, but excluding, the date of prepayment, if certain change in control events occur. The Series 2022A Notes are general unsecured obligations of the Company’s that rank pari passu with all outstanding and future unsecured unsubordinated indebtedness issued by the Company. The Note Purchase Agreement contains customary terms and conditions for senior unsecured notes issued in a private placement, including, without limitation, affirmative and negative covenants such as information reporting, maintenance of the Company’s status as a BDC within the meaning of the 1940 Act, a minimum net worth of \$800.0 million and a minimum asset coverage ratio of 1.50 to 1.00.

In addition, in the event that a Below Investment Grade Event (as defined in the Note Purchase Agreement) occurs, the Series 2022A Notes will bear interest at a fixed rate per annum which is 1.00% above the stated rate of the Series 2022A Notes from the date of the occurrence of the Below Investment Grade Event to and until the date on which the Below Investment Grade Event is no longer continuing. In the event that a Secured Debt Ratio Event (as defined in the Note Purchase Agreement) occurs, the Series 2022A Notes will bear interest at a fixed rate per annum which is 1.50% above the stated rate of the Series 2022A Notes from the date of the occurrence of the Secured Debt Ratio Event to and until the date on which the Below Investment Grade Event is no longer continuing. In the event that both a Below Investment Grade Event and a Secured Debt Ratio Event have occurred and are continuing, the Series 2022A Notes will bear interest at a fixed rate per annum which is 2.00% above the stated rate of the Series 2022A Notes from the date of the occurrence of the later to occur of the Below Investment Grade Event and the Secured Debt Ratio Event to and until the date on which one of such events is no longer continuing.

The Note Purchase Agreement also contains customary events of default with customary cure and notice periods, including, without limitation, nonpayment, incorrect representation in any material respect, breach of covenant, certain cross-defaults or cross-acceleration under other indebtedness of the Company, certain judgments and orders and certain events of bankruptcy.

Except as otherwise expressly set forth in the First Supplement, the terms of the Note Purchase Agreement that apply to the Series 2022A Notes apply to the Series 2022B Notes, including, without limitation, the material terms described above. Except as otherwise expressly set forth in the Second Supplement, the terms of the Note Purchase Agreement that apply to the Series 2022A Notes apply to the Series 2023A Notes, including, without limitation, the material terms described above.

***Revolving Credit Facility***

On January 13, 2025, in connection with the Mergers, through the accordion feature, the aggregate commitments under the Revolving Credit Facility increased from \$2.99 billion to \$3.66 billion.

***SPV Credit Facilities***

On January 13, 2025, pursuant to Amendment No. 6 to Loan and Servicing Agreement and Omnibus Amendment to Certain Transaction Documents, dated December 5, 2024, by and between ORCC III Financing LLC (“ORCC III Financing”), a Delaware limited liability company and a wholly owned subsidiary of OBDE, ODCA, the Adviser, Société Générale, each of the lenders party thereto and the Company, became party to and assumed all of OBDE’s obligations under the OBDE SPV Asset Facility I (as defined below) and the Adviser became the collateral manager under OBDE SPV Asset Facility I. In addition, as a result of the consummation

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

of the Mergers, the Company became party to and assumed all of OBDE's obligations under OBDE SPV Asset Facility II (as defined below) and OBDE SPV Asset Facility III (as defined below) and the Adviser became the servicer under OBDE SPV Asset Facility III.

*OBDE SPV Asset Facility I*

On July 29, 2021 (the "OBDE SPV Asset Facility I Closing Date"), ORCC III Financing entered into a Credit Agreement (as amended through the date hereof, the "OBDE SPV Asset Facility I"), with ORCC III Financing, as borrower, OBDE, as equityholder, ODCA, as collateral manager, the lenders from time to time parties thereto, Société Générale, as agent, State Street Bank and Trust Company, as collateral agent, collateral administrator and custodian, and Alter Domus (US) LLC as collateral custodian. The parties to the OBDE SPV Asset Facility I have entered into various amendments, including to admit new lenders, increase the maximum principal amount available under the facility, add a swingline commitment to the facility, extend the availability period and maturity date, change the interest rate and make various other changes. The following describes the terms of OBDE SPV Asset Facility I amended through December 5, 2024 (the "OBDE SPV Asset Facility I Sixth Amendment Date").

The maximum principal amount of the OBDE SPV Asset Facility I is \$525.0 million (decreased from \$625.0 million on December 8, 2023), which can be drawn in multiple currencies subject to certain conditions; the availability of this amount is subject to the borrowing base, which is determined on the basis of the value and types of ORCC III Financing's assets from time to time, and satisfaction of certain conditions, including certain concentration limits. The OBDE SPV Asset Facility I includes a \$100.0 million sub-limit for swingline loans.

The OBDE SPV Asset Facility I provides for the ability to (1) draw term loans and (2) draw and redraw revolving loans under the OBDE SPV Asset Facility I through March 16, 2026, unless the commitments are terminated sooner as provided in the OBDE SPV Asset Facility I (the "OBDE SPV Asset Facility I Commitment Termination Date"). Unless otherwise terminated, the OBDE SPV Asset Facility I will mature on March 15, 2028 (the "OBDE SPV Asset Facility I Stated Maturity"). Prior to the OBDE SPV Asset Facility I Stated Maturity, proceeds received by ORCC III Financing from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to the Company, subject to certain conditions. On the OBDE SPV Asset Facility I Stated Maturity, ORCC III Financing must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to the Company.

Amounts drawn in U.S. dollars bear interest at SOFR plus a spread of 2.70%; amounts drawn in Canadian dollars bear interest at Term CORRA plus a spread of 2.70%; amounts drawn in Euros bear interest at EURIBOR plus a spread of 2.70%; and amounts drawn in British pounds bear interest either at SONIA plus a spread of 2.6693% or at an alternate base rate plus a spread of 2.70%. From the OBDE SPV Asset Facility I Closing Date to the OBDE SPV Asset Facility I Commitment Termination Date, there is a commitment fee, calculated on a daily basis, ranging from 0.00% to 1.00% on the undrawn amount under the OBDE SPV Asset Facility I.

*OBDE SPV Asset Facility II*

On December 2, 2021 (the "OBDE SPV Asset Facility II Closing Date"), ORCC III Financing II LLC ("ORCC III Financing II"), a Delaware limited liability company and newly formed subsidiary entered into a loan financing and servicing agreement (the "OBDE SPV Asset Facility II"), with ORCC III Financing II, as borrower, OBDE, as equityholder and services provider, the lenders from time to time parties thereto, Deutsche Bank AG, New York Branch, as facility agent, State Street Bank and Trust Company, as collateral agent and collateral custodian. On October 10, 2024, the parties to the OBDE SPV Asset Facility II entered into the Amendment No. 2 to the OBDE SPV Asset Facility II, in order to, among other changes, replace Alter Domus (US) LLC as collateral custodian with State Street Bank and Trust Company. The following describes the terms of OBDE SPV Asset Facility II amended through October 10, 2024 (the "OBDE SPV Asset Facility II Second Amendment Date").

From time to time, the Company expects to sell and contribute certain loan assets to ORCC III Financing II pursuant to a Sale and Contribution Agreement by and between the Company and ORCC III Financing II. No gain or loss will be recognized as a result of the contribution. Proceeds from the OBDE SPV Asset Facility II will be used to finance the origination and acquisition of eligible assets by ORCC III Financing II, including the purchase of such assets from the Company. The Company retains a residual interest in assets contributed to or acquired by ORCC III Financing II through the Company's ownership of ORCC III Financing II. The maximum principal amount of the OBDE SPV Asset Facility II is \$500.0 million (increased from \$350.0 million to \$500.0 million on the OBDE SPV Asset Facility II Second Amendment Date); the availability of this amount is subject to a borrowing base test, which is based on the value of ORCC III Financing II's assets from time to time, and satisfaction of certain conditions, including interest spread and weighted average coupon tests, certain concentration limits and collateral quality tests.

The OBDE SPV Asset Facility II provides for the ability to borrow, reborrow, repay and prepay advances under the OBDE SPV Asset Facility II for a period until December 2, 2027 unless such period is extended or accelerated under the terms of the OBDE SPV Asset Facility II (the "OBDE SPV Asset Facility II Revolving Period"). Unless otherwise extended, accelerated or terminated under the terms of the OBDE SPV Asset Facility II, the OBDE SPV Asset Facility II will mature on the date that is two years after the last day of the OBDE SPV Asset Facility II Revolving Period, on December 2, 2029 (the "OBDE SPV Asset Facility II Termination Date"). Prior to the OBDE SPV Asset Facility II Termination Date, proceeds received by ORCC III Financing II from principal and

interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding advances, and the excess may be returned to the Company, subject to certain conditions. On the OBDE SPV Asset Facility II Termination Date, ORCC III Financing II must pay in full all outstanding fees and expenses and all principal and interest on outstanding advances, and the excess may be returned to the Company.

Amounts drawn bear interest at SOFR (or, in the case of certain lenders that are commercial paper conduits, the lower of (a) their cost of funds and (b) SOFR, such SOFR not to be lower than zero) plus a spread equal to 1.95% per annum, which spread will increase (a) on and after the end of the OBDE SPV Asset Facility II Revolving Period by 0.15% per annum if no event of default has occurred and (b) by 2.00% per annum upon the occurrence of an event of default (such spread, the “OBDE SPV Asset Facility II Applicable Margin”). SOFR may be replaced as a base rate under certain circumstances. During the OBDE SPV Asset Facility II Revolving Period, ORCC III Financing II will pay an undrawn fee ranging from 0.00% to 0.25% per annum on the undrawn amount, if any, of the revolving commitments in the OBDE SPV Asset Facility II. During the OBDE SPV Asset Facility II Revolving Period, if the undrawn commitments are in excess of a certain portion (initially 20% and increasing in stages to 35%, 50% and 70%) of the total commitments under the OBDE SPV Asset Facility II, ORCC III Financing II will also pay a make-whole fee equal to the OBDE SPV Asset Facility II Applicable Margin multiplied by such excess undrawn commitment amount, reduced by the undrawn fee payable on such excess. ORCC III Financing II will also pay Deutsche Bank AG, New York Branch, certain fees (and reimburse certain expenses) in connection with its role as facility agent.

#### *OBDE SPV Asset Facility III*

On March 20, 2024 (the “OBDE SPV Asset Facility III Closing Date”), OBDC III Financing III LLC (“OBDC III Financing III”), a Delaware limited liability company and newly formed subsidiary, entered into a Credit Agreement (the “OBDE SPV Asset Facility III”), with OBDC III Financing III, as borrower, ODCA, as servicer, the lenders from time to time parties thereto, Bank of America, N.A., as administrative agent, State Street Bank and Trust Company, as collateral agent, and Alter Domus (US) LLC, as collateral custodian.

The maximum principal amount of the OBDE SPV Asset Facility III is \$300.0 million, which can be drawn in multiple currencies subject to certain conditions; the availability of this amount is subject to the borrowing base, which is determined on the basis of the value and types of OBDC III Financing III’s assets from time to time, and satisfaction of certain conditions, including certain portfolio criteria.

The OBDE SPV Asset Facility III provides for the ability to draw and redraw revolving loans under the OBDE SPV Asset Facility III for a period of up to three years after the OBDE SPV Asset Facility III Closing Date unless the commitments are terminated sooner as provided in the OBDE SPV Asset Facility III (the “OBDE SPV Asset Facility III Availability Period”). Unless otherwise terminated, the OBDE SPV Asset Facility III will mature on March 20, 2029 (the “OBDE SPV Asset Facility III Maturity Date”). To the extent the commitments are terminated or permanently reduced during the first two years following the OBDE SPV Asset Facility III Closing Date, OBDC III Financing III may owe a prepayment penalty. Prior to the OBDE SPV Asset Facility III Maturity Date, proceeds received by OBDC III Financing III from principal and interest, dividends, or fees on assets must be used to pay fees, expenses and interest on outstanding borrowings, and the excess may be returned to the Company, subject to certain conditions. On the OBDE SPV Asset Facility III Maturity Date, OBDC III Financing III must pay in full all outstanding fees and expenses and all principal and interest on outstanding borrowings, and the excess may be returned to the Company.

Amounts drawn in U.S. dollars are benchmarked to Daily SOFR, amounts drawn in British pounds are benchmarked to SONIA plus an adjustment of 0.11930%, amounts drawn in Canadian dollars are benchmarked to Daily Simple CORRA plus an adjustment of 0.29547%, and amounts drawn in Euros are benchmarked to EURIBOR, and in each case plus a spread equal to the Applicable Rate. The “Applicable Rate” ranges from 1.75% to 2.50% depending on the composition of the collateral. The OBDE SPV Asset Facility III also allows for amounts drawn in U.S. dollars to bear interest at an alternate base rate without a spread. During the Availability Period, there is a commitment fee subject to minimum utilization, calculated on a daily basis, ranging from 0.25% to 1.25% on the undrawn amount under the Secured Credit Facility.

#### *Debt Securitization Transaction*

On January 13, 2025, as a result of the consummation of the Mergers, the Company became party to the relevant agreements with respect to and assumed all of OBDE’s obligations under the CLO XIV Transaction (as defined below).

#### *CLO XIV*

On November 21, 2023 (the “CLO XIV Closing Date”), OBDE completed a \$97.3 million term debt securitization transaction (the “CLO XIV Transaction”), also known as a collateralized loan obligation transaction, which is a form of secured financing incurred by OBDE. The secured notes and preferred shares issued in the CLO XIV Transaction and the secured loan borrowed in the CLO XIV Transaction were issued and incurred, as applicable, by OBDE’s consolidated subsidiary Blue Owl CLO XIV, LLC, a limited liability organization under the laws of the State of Delaware (the “CLO XIV Issuer”) and are backed by a portfolio of collateral obligations consisting of middle-market loans and participation interests in middle-market loans as well as by other assets of the CLO XIV Issuer.

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

The CLO XIV Transaction was executed by (A) the issuance of the following classes of notes and preferred shares pursuant to an indenture and security agreement dated as of the Closing Date (the “CLO XIV Indenture”), by and among the CLO XIV Issuer and State Street Bank and Trust Company: (i) \$203.0 million of AAA(sf) Class A Notes, which bear interest at three-month term SOFR plus 2.40% and (ii) \$32.0 million of AA(sf) Class B Notes, which bear interest at three-month term SOFR plus 3.25% (together, the “CLO XIV Secured Notes”) and (B) the borrowing by the CLO XIV Issuer of \$25.0 million under floating rate Class A-L loans (the “CLO XIV Class A-L Loans” and together with the CLO XIV Secured Notes, the “CLO XIV Debt”). The CLO XIV Class A-L Loans bear interest at three-month term SOFR plus 2.40%. The CLO XIV Class A-L Loans were borrowed under a credit agreement (the “CLO XIV Class A-L Credit Agreement”), dated as of the CLO XIV Closing Date, by and among the CLO XIV Issuer, as borrower, various financial institutions, as lenders, and State Street Bank and Trust Company, as collateral trustee and loan agent. The CLO XIV Debt is secured by middle-market loans, participation interests in middle-market loans and other assets of the CLO XIV Issuer. The CLO XIV Debt is scheduled to mature on the Payment Date (as defined in the CLO XIV Indenture) in October, 2035. The CLO XIV Secured Notes were privately placed by SG Americas Securities, LLC as Initial Purchaser.

Concurrently with the issuance of the CLO XIV Secured Notes and the borrowing under the CLO XIV Class A-L Loans, the CLO XIV Issuer issued approximately \$137.3 million of subordinated securities in the form of 137,300 preferred shares at an issue price of U.S.\$1,000 per share (the “CLO XIV Preferred Shares”). The CLO XIV Preferred Shares were issued by the CLO XIV Issuer as part of its issued share capital and are not secured by the collateral securing the CLO XIV Debt. OBDE purchased all of the CLO XIV Preferred Shares. The Company acts as retention holder in connection with the CLO XIV Transaction for the purposes of satisfying certain U.S. and European Union regulations requiring sponsors of securitization transactions to retain exposure to the performance of the securitized assets and as such are required to retain a portion of the CLO XIV Preferred Shares.

As part of the CLO XIV Transaction, OBDE entered into a loan sale agreement with the CLO XIV Issuer dated as of the CLO XIV Closing Date (the “CLO XIV OBDC III Loan Sale Agreement”), which provided for the contribution of approximately \$167.3 million funded par amount of middle-market loans from OBDE to the CLO XIV Issuer on the CLO XIV Closing Date and for future sales from the Company to the CLO XIV Issuer on an ongoing basis. Such loans constituted part of the initial portfolio of assets securing the CLO XIV Debt. The remainder of the initial portfolio assets securing the CLO XIV Debt consisted of approximately \$204.0 million funded par amount of middle-market loans purchased by the CLO XIV Issuer from ORCC III Financing LLC, a wholly-owned subsidiary of OBDE, under an additional loan sale agreement executed on the CLO XIV Closing Date between the CLO XIV Issuer and ORCC III Financing LLC (the “CLO XIV ORCC III Financing Loan Sale Agreement”). OBDE and ORCC III Financing LLC each made customary representations, warranties, and covenants to the CLO XIV Issuer under the applicable loan sale agreement. No gain or loss was recognized as a result of these sales or contributions.

Through October 20, 2027, a portion of the proceeds received by the CLO XIV Issuer from the loans securing the CLO XIV Secured Notes may be used by the CLO XIV Issuer to purchase additional middle-market loans under the direction of the Adviser, in its capacity as collateral manager for the CLO XIV Issuer and in accordance with the Company’s investing strategy and ability to originate eligible middle-market loans.

The CLO XIV Debt is the secured obligation of the CLO XIV Issuer, and the CLO XIV Indenture and CLO XIV Class A-L Credit Agreement each includes customary covenants and events of default. The CLO XIV Secured Notes have not been registered under the Securities Act, or any state securities (e.g., “blue sky”) laws, and may not be offered or sold in the United States absent registration with the Securities and Exchange Commission or pursuant to an applicable exemption from such registration.

The Adviser will serve as collateral manager for the CLO XIV Issuer under a collateral management agreement dated as of the CLO XIV Closing Date. The Adviser is entitled to receive fees for providing these services. The Adviser has waived its right to receive such fees but may rescind such waiver at any time; provided, however, that if the Adviser rescinds such waiver, the management fee payable to the Adviser pursuant to the Investment Advisory Agreement between the Adviser and the Company will be offset by the amount of the collateral management fee attributable to the CLO XIV Issuer’s equity or notes owned by the Company.

***Investment Advisory Agreement***

The Investment Advisory Agreement became effective on January 12, 2025, in connection with the consummation of the Mergers. The Investment Advisory Agreement was approved by the Company’s Board on August 6, 2024 and by the Company’s shareholders on January 8, 2025. The Investment Advisory Agreement amended and restated the third amended and restated investment advisory agreement between the Company and the Adviser (the “Previous Investment Advisory Agreement”), which became effective on May 18, 2021.

The Investment Advisory Agreement excludes the impact of purchase accounting adjustments resulting from any purchase premium or discount paid for the acquisition of assets in a merger from the calculation of the income incentive fee and the capital gains incentive fee, and deletes from the Previous Investment Advisory Agreement certain provisions and remove references to items which by their terms are not applicable to the us as a result of our listing on the NYSE. Except for these changes, none of the material terms changed in the Investment Advisory Agreement as compared to the Previous Investment Advisory Agreement, including the services to be provided.

***“At the Market” Offerings***

**Blue Owl Capital Corporation**  
**Notes to Consolidated Financial Statements - Continued**

On February 18, 2025, the Board authorized the Company to enter an equity distribution agreement with respect to an “at the market” offering of up to \$50 million of the Company’s common stock.

**Item 9. Changes in and Disagreements with Accountants on Accounting and Financial Disclosure**

None.

**Item 9A. Controls and Procedures****(a) Evaluation of Disclosure Controls and Procedures**

In accordance with Rules 13a-15(b) and 15d-15(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, carried out an evaluation of the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) and Rule 15d-15(e) of the Exchange Act) as of the end of the period covered by this Annual Report on Form 10-K and determined that our disclosure controls and procedures are effective as of the end of the period covered by the Annual Report on Form 10-K.

**(b) Management’s Report on Internal Controls Over Financial Reporting**

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act). Under the supervision and with the participation of management, including the Chief Executive Officer and Chief Financial Officer, we conducted an evaluation of the effectiveness of our internal control over financial reporting based on the criteria established in Internal Control—Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission (2013 COSO Framework). Based on our evaluation under the framework in Internal Control—Integrated Framework (2013), management concluded that our internal control over financial reporting was effective as of December 31, 2024.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**(c) Attestation Report of the Independent Registered Public Accounting Firm**

Our independent registered public accounting firm, KPMG LLP, has issued an audit report on the effectiveness of our internal control over financial reporting, which is set forth under the heading “Report of Independent Registered Public Accounting Firm” on page F-2.

**(d) Changes in Internal Controls Over Financial Reporting**

There have been no changes in our internal control over financial reporting that occurred during the quarter ended December 31, 2024 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Item 9B. Other Information****Rule 10b5-1 Trading Plans**

During the fiscal quarter ended December 31, 2024, none of the Company’s directors or executive officers adopted or terminated any contract, instruction or written plan for the purchase or sale of Company securities that was intended to satisfy the affirmative defense conditions of Rule 10b5-1(c) or any “non-Rule 10b5-1 trading arrangement.”

**Item 9C. Disclosure Regarding Foreign Jurisdictions that Prevent Inspections**

None.

## PART III

### Item 10. Directors, Executive Officers and Corporate Governance

#### Our Board of Directors

As of December 31, 2024, our Board consisted of six members. The Board is divided into three classes, with the members of each class serving staggered, three-year terms. The terms of our Class I directors will expire at the 2026 annual meeting of shareholders; the terms of our Class II directors will expire at the 2027 annual meeting of shareholders; and the terms of our Class III directors will expire at the 2025 annual meeting of shareholders.

#### *Biographical Information*

Brief biographies of the members of the Board are set forth below. Also included below following each biography is a brief discussion of the specific experience, qualifications, attributes or skills that led our Board to conclude that the applicable director should serve on our Board at this time. In addition, set forth further below is a biography of each of our executive officers who is not a director.

Name, Address, and Age(1)	Position(s) Held with the Company	Principal Occupation(s) During the Past 5 Years	Term of Office and Length of Time Served(2)	Number of Companies in Fund Complex(3) Overseen by Director	Other Directorships Held by Director or Nominee for Director
<b>Independent Directors</b>					
<b>Eric Kaye, 61</b>	Director	Founder and Chief Executive Officer of Kayezen, LLC (formerly ARQ^EX Fitness Systems)	Class I Director since 2016; Term expires in 2026	6	OBDC II OTF OCIC OTF II OTIC
<b>Victor Woolridge, 68</b>	Director	Managing Director of Barings Real Estate Advisers LLC	Class I Director since 2021; Term expires in 2026	6	OBDC II OTF OCIC OTF II OTIC
<b>Christopher M. Temple, 57</b>	Director	President of DelTex Capital LLC	Class II Director since 2016; Term expires in 2027	6	OBDC II OTF OCIC OTF II OTIC
<b>Melissa Weiler, 60</b>	Director	Private Investor Managing Director and member of the Management Committee of Crescent Capital Group (through 2020)	Class II Director since 2021, Term expires in 2027	6	OBDC II OTF OCIC OTF II OTIC Jefferies Financial Group, Inc.

<b>Interested Directors(4)</b>					
<b>Craig W. Packer, 58</b>	Chief Executive Officer and Director	Co-Founder of Blue Owl Capital Partners  Co-President of Blue Owl  Co-Chief Investment Officer of each of the Blue Owl Credit Advisers  Chief Executive Officer of the Blue Owl BDCs	Class III Director since 2016; Term expires in 2025	6	OBDC II OTF OCIC OTF II OTIC Blue Owl Capital Inc. ("Blue Owl")

(1) The address for each director is c/o Blue Owl Capital Corporation, 399 Park Avenue, 37<sup>th</sup> Floor, New York, New York 10022.

(2) Directors serve for three-year terms until the next annual meeting of shareholders and until their successors are duly elected and qualified.

- (3) The term “Fund Complex” refers to the Blue Owl BDCs. Directors and officers who oversee the funds in the Fund Complex are noted.
- (4) “Interested person” of the Company as defined in Section 2(a)(19) of the Investment Company Act of 1940 (the “1940 Act”). Mr. Packer is an “interested person” because of his affiliation with the Adviser.

### Independent Directors

**Mr. Kaye** is the Chief Executive Officer and founder of Kayezen, LLC, a physical therapy and fitness equipment design company. Prior to founding Kayezen, LLC, Mr. Kaye served as a Vice Chairman and Managing Director of UBS Investment Bank, and a member of the division’s Global Operating and U.S. Executive Committees, from June 2001 to May 2012. For the majority of Mr. Kaye’s tenure with UBS, he was a Managing Director and led the firm’s Exclusive Sales and Divestitures Group, where he focused on advising middle-market companies. Prior to joining UBS, Mr. Kaye had served as Global Co Head of Mergers & Acquisitions for Robertson Stephens, an investment banking firm, from February 1998 to June 2001. Mr. Kaye joined Robertson Stephens from PaineWebber where he served as Executive Director and head of the firm’s Technology Mergers & Acquisitions team. Since March 2016 and November 2016 he has served on the boards of directors of the Company and OBDC II, respectively, since August 2018 he has served on the board of directors of OTF, since September 2020 he has served on the board of directors of OCIC, and since August 2021 and November 2021 he has served on the boards of directors of OTIC and OTF II, respectively. Mr. Kaye previously served on the board of directors of OBDE from February 2020 until January 2025. Mr. Kaye holds a B.A. from Union College and an M.B.A. from Columbia Business School.

We believe Mr. Kaye’s management positions and experiences in the middle market provide the Board with valuable insight.

**Mr. Temple** has served as President of DelTex Capital LLC (a private investment firm) since its founding in 2010. Prior to forming DelTex Capital, Mr. Temple served as President of Vulcan Capital, the investment arm of Vulcan Inc., from May 2009 until December 2009 and as Vice President of Vulcan Capital from September 2008 to May 2009. Prior to joining Vulcan in September 2008, Mr. Temple served as a managing director at Tailwind Capital, LLC from May to August 2008. Prior to joining Tailwind, Mr. Temple was a managing director at Friend Skoler & Co., Inc. from May 2005 to May 2008. From April 1996 to December 2004, Mr. Temple was a managing director at Thayer Capital Partners. Mr. Temple started his career in the audit and tax departments of KPMG’s Houston office and was a licensed CPA from 1989 to 1993. Mr. Temple served on the board of directors of Plains GP Holdings, L.P., the general partner of Plains All American Pipeline Company from November 2016 through May 2024 and served as a member of the Plains GP Holdings, L.P. compensation committee from November 2020 through May 2024. Mr. Temple also served as a director of Plains All American Pipeline, L.P.’s (“PAA”) general partner from May 2009 to November 2016. He was a member of the PAA Audit Committee from 2009 to 2016. Prior public board service includes board and audit committee service for Clear Channel Outdoor Holdings from April 2011 to May 2016 and on the board and audit committee of Charter Communications Inc. from November 2009 through January 2011. In addition to public boards, Mr. Temple has served on private boards including Brawler Industries, National HME, Loebro, Inc. and HMT, LLC and as Operating Executive/Senior Advisor for Tailwind Capital, LLC, a New York based middle-market private equity firm. Since March 2016 and November 2016 he has served on the boards of directors of the Company and OBDC II, respectively, since August 2018 he has served on the board of directors of OTF, since September 2020 he has served on the board of directors of OCIC, and since August 2021 and November 2021 he has served on the boards of directors of OTIC and OTF II, respectively. Mr. Temple previously served on the board of directors of OBDE from February 2020 until January 2025. Mr. Temple holds a B.B.A., magna cum laude, from the University of Texas and an M.B.A. from Harvard.

We believe Mr. Temple’s broad investment management background, together with his financial and accounting knowledge, brings important and valuable skills to the Board.

**Mr. D’Alelio** was formerly a Managing Director and CIO for Fixed Income at Putnam Investments, Boston, where he served from 1989 until he retired in 2002. While at Putnam, he served on the Investment Policy Committee, which was responsible for oversight of all investments. He also sat on various Committees including attribution and portfolio performance. Prior to joining Putnam, he was a portfolio manager at Keystone Investments and prior to that, he was an Investment Analyst at The Hartford Ins. Co. Since 2002, Mr. D’Alelio has served as an Executive in Residence at the University of Mass., Boston—School of Management. He is also President of the UMass Foundation. He serves on the Advisory Committees of Ceres Farms. Since September 2009, he has served as director of Vermont Farmstead Cheese. Mr. D’Alelio has served on the board of Blackstone Senior Floating Rate 2027 Term Fund since April 2010, Blackstone Long Short Credit Income Fund since November 2010 and Blackstone Strategic Credit 2027 Term Fund since May 2021. Since March 2016 and November 2016, he has served on the boards of directors of the Company and OBDC II, respectively, since August 2018 he has served on the board of directors of OTF, since September 2020 he has served on the board of directors of OCIC, and since August 2021 and November 2021 he has served on the boards of directors of OTIC and OTF II, respectively. Mr. D’Alelio previously served on the board of directors of OBDE from February 2020 until January 2025. Mr. D’Alelio’s previous corporate board assignments include Archibald Candy, Doane Pet Care, Trump Entertainment Resorts and UMass Memorial Hospital. Mr. D’Alelio is a graduate of the Univ. of Mass Boston and has an M.B.A. from Boston University.

We believe Mr. D’Alelio’s numerous management positions and broad experiences in the financial services sector provide him with skills and valuable insight in handling complex financial transactions and issues, all of which make him well qualified to serve on the Board.

**Ms. Weiler** was formerly a Managing Director and a member of the Management Committee of Crescent Capital Group, a Los Angeles-based asset management firm (“Crescent”), where she served from January 2011 until she retired in December 2020. During that time, Ms. Weiler was responsible for the oversight of Crescent’s CLO management business from July 2017 through December 2020, and managed several multi-strategy credit funds from January 2011 through June 2017. During her tenure at Crescent, she also served on the Risk Management and Diversity & Inclusion committees. From October 1995 to December 2010, Ms. Weiler was a Managing Director at Trust Company of the West, a Los Angeles-based asset management firm (“TCW”). At TCW, she managed several multi-strategy credit funds from July 2006 to December 2010, and served as lead portfolio manager for TCW’s high-yield bond strategy from October 1995 to June 2006. Ms. Weiler has served on the board of directors of Jefferies Financial Group Inc. since 2021. She is a member of the Cedars-Sinai Board of Governors and is actively involved in 100 Women in Finance. Ms. Weiler joined the boards of directors of the Company, OBDC II, OTF and OCIC in February 2021 and the boards of directors of OTIC and OTF II in August 2021 and November 2021, respectively. Ms. Weiler previously served on the board of directors of OBDE from February 2021 until January 2025. Ms. Weiler holds a B.S. in Economics from the Wharton School at the University of Pennsylvania.

We believe Ms. Weiler’s broad investment management background, together with her financial and accounting knowledge, brings important and valuable skills to the Board.

**Mr. Woolridge** was formerly a Managing Director of Barings Real Estate Advisers, LLC (“Barings”), the real estate investment unit of Barings LLC, a global asset management firm. Mr. Woolridge most recently served as Head of the U.S. Capital Markets for Equity Real Estate Funds at Barings. Mr. Woolridge previously served as Vice President and Managing Director and Head of Debt Capital Markets - Equities of Cornerstone Real Estate Advisers LLC (prior to its rebranding under the Barings name) (“Cornerstone”) from January 2013 to September 2016 and as Vice President Special Servicing from January 2010 to January 2013. Prior to joining Cornerstone, Mr. Woolridge served as a Managing Director of Babson Capital Management LLC (“Babson”) from January 2000 to January 2010. Prior to joining Babson, Mr. Woolridge served as Director of Loan Originations and Assistant Regional Director of MassMutual Financial Group from September 1982 to January 2000. Since 2009, Mr. Woolridge has served on the University of Massachusetts (UMass) Board of Trustees and has previously served as Chairman of the Board and as Chairman of the Board’s Committee on Administration and Finance. Mr. Woolridge has served as trustee for University of Massachusetts Global since 2021. Since 2022, Mr. Woolridge has served as a director of Trumbull Property Income Fund and Fallon Health. Mr. Woolridge has also served on the UMass Foundation’s investment committee since 2021. Mr. Woolridge previously served on the Board of Trustees of Baystate Health from 2005 to 2016, which included service as Chairman of the Board and on the Board’s compensation, finance, governance and strategy committees. Mr. Woolridge joined the boards of directors of the Company, OBDC II, OTF, OCIC, OTIC, and OTF II in November 2021. Mr. Woolridge previously served on the board of directors of OBDE from November 2021 until January 2025. Mr. Woolridge holds a B.S. from the University of Massachusetts at Amherst and is a Certified Commercial Investment Member.

We believe Mr. Woolridge’s numerous management positions and broad experiences in the asset management and financial services sectors provide him with skills and valuable insight in handling complex financial transactions and issues, all of which makes him well qualified to serve on the Board of Directors.

#### **Interested Director**

**Mr. Packer** is the Chief Executive Officer of each of the Blue Owl BDCs and is a member of the Diversified Lending Investment Committee and the Technology Lending Investment Committee of the Blue Owl Credit Advisers. Additionally, Mr. Packer is a Co-President and a director of Blue Owl. Mr. Packer is also the Head of the Credit platform and serves as a Co-Chief Investment Officer for each of the Blue Owl Credit Advisers. Previously, Mr. Packer co-founded Owl Rock Capital Partners (“Owl Rock”), the predecessor firm to Blue Owl’s Credit platform. In addition, Mr. Packer has served on the boards of directors of the Company and OBDC II since March 2016 and November 2016, respectively, on the board of directors of OTF since August 2018, on the board of directors of OCIC since September 2020, and since August 2021 and November 2021 he has served on the boards of directors of OTIC and OTF II, respectively. Mr. Packer previously served on the board of directors of OBDE from February 2020 until January 2025. Mr. Packer also served as President of OBDE since its inception until January 2024 and as President of the Company, OBDC II, OCIC, OTF, OTF II and OTIC since each of their inceptions until August 2024. Prior to co-founding Owl Rock, Mr. Packer was a Partner and Co-Head of Leveraged Finance in the Americas at Goldman, Sachs & Co. Mr. Packer joined Goldman, Sachs & Co. as a Managing Director and Head of High Yield Capital Markets in 2006 and was named partner in 2008. Prior to joining Goldman Sachs & Co., Mr. Packer was the Global Head of High Yield Capital Markets at Credit Suisse First Boston, and before that he worked at Donaldson, Lufkin & Jenrette. Mr. Packer serves as Treasurer of the Board of Trustees of Greenwich Academy, and Co-Chair of the Honorary Board of Kids in Crisis, a nonprofit organization that serves children in Connecticut. Mr. Packer is also on the Advisory Board for the Mount Sinai Department of Rehabilitation and Human Performance and serves as a director of Wingspire Capital LLC. In addition, Mr. Packer is on the Foundation Board of Trustees for the McIntire School of Commerce, University of Virginia and is a member of the Board of Trustees of the University of Virginia Athletics Foundation. Mr. Packer earned an M.B.A. from Harvard Business School and a B.S. from the University of Virginia.

We believe Mr. Packer’s depth of experience in corporate finance, capital markets and financial services gives the Board valuable industry-specific knowledge and expertise on these and other matters, and his history with us and the Adviser, provide an important skill set and knowledge base to the Board.

### ***Meetings and Attendance***

The Board met thirteen times during 2024 and acted on various occasions by written consent. All directors then in office attended at least 75% of the aggregate number of meetings of the Board held during the period for which they were a director and of the respective committees on which they served during 2024.

### ***Board Attendance at the Annual Meeting***

Our policy is to encourage our directors to attend each annual meeting; however, such attendance is not required at this time. Five members of the Board attended our 2024 annual meeting of shareholders.

### ***Board Leadership Structure and Role in Risk Oversight***

Overall responsibility for our oversight rests with the Board. We have entered into the Investment Advisory Agreement pursuant to which the Adviser will manage the Company on a day-to-day basis. The Board is responsible for overseeing the Adviser and our other service providers in accordance with the provisions of the 1940 Act, applicable provisions of state and other laws and our charter. The Board is composed of six members, five of whom are directors who are not “interested persons” of the Company or the Adviser as defined in the 1940 Act. The Board meets in person at regularly scheduled quarterly meetings each year. In addition, the Board may hold special in-person or telephonic meetings or informal conference calls to discuss specific matters that may arise or require action between regular meetings. As described below, the Board has established a Nominating and Corporate Governance Committee, a Compensation Committee and an Audit Committee, and may establish ad hoc committees or working groups from time to time, to assist the Board in fulfilling its oversight responsibilities. The Board has appointed Edward D’Alelio, an independent director, to serve in the role of Chairman of the Board. The Chairman’s role is to preside at all meetings of the Board and to act as a liaison with the Adviser, counsel and other directors generally between meetings. The Chairman serves as a key point person for dealings between management and the directors. The Chairman also may perform such other functions as may be delegated by the Board from time to time. The Board reviews matters related to its leadership structure annually. The Board has determined that the Board’s leadership structure is appropriate because it allows the Board to exercise informed and independent judgment over the matters under its purview and it allocates areas of responsibility among committees of directors and the full Board in a manner that enhances effective oversight.

We are subject to a number of risks, including investment, compliance, operational and valuation risks, among others. Risk oversight forms part of the Board’s general oversight of the Company and is addressed as part of various Board and committee activities. Day to day risk management functions are subsumed within the responsibilities of the Adviser and other service providers (depending on the nature of the risk), which carry out our investment management and business affairs. The Adviser and other service providers employ a variety of processes, procedures and controls to identify various events or circumstances that give rise to risks, to lessen the probability of their occurrence and to mitigate the effects of such events or circumstances if they do occur. Each of the Adviser and other service providers has their own independent interest in risk management, and their policies and methods of risk management will depend on their functions and business models. The Board recognizes that it is not possible to identify all of the risks that may affect the Company or to develop processes and controls to eliminate or mitigate their occurrence or effects. As part of its regular oversight of the Company, the Board interacts with and reviews reports from, among others, the Adviser, our chief compliance officer, our independent registered public accounting firm and counsel, as appropriate, regarding risks faced by the Company and applicable risk controls. The Board may, at any time and in its discretion, change the manner in which it conducts risk oversight.

### ***Communications with Directors***

Shareholders and other interested parties may contact any member (or all members) of the Board by mail. To communicate with the Board, any individual directors or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All such correspondence should be sent to Blue Owl Capital Corporation, 399 Park Avenue, 37<sup>th</sup> Floor, New York, New York 10022, Attention: Secretary.

### ***Committees of the Board***

The Board has an Audit Committee, a Nominating and Corporate Governance Committee, a Compensation Committee and a Co-Investment Committee, and may form additional committees in the future. A brief description of each committee is included in this Form 10-K and the charters of the Audit, Nominating and Corporate Governance, and Compensation Committees can be accessed on the Company’s website at [www.blueowcapitalcorporation.com](http://www.blueowcapitalcorporation.com).

As of December 31, 2024, the members of each of the Board’s committees were as follows (the names of the respective committee chairperson are bolded):

<b>Audit Committee</b>	<b>Nominating and Corporate Governance Committee</b>	<b>Compensation Committee</b>
Edward D’Alelio	Edward D’Alelio	Edward D’Alelio
<b>Christopher M. Temple</b>	Christopher M. Temple	Christopher M. Temple
Eric Kaye	<b>Eric Kaye</b>	<b>Eric Kaye</b>
Melissa Weiler	Melissa Weiler	Melissa Weiler
Victor Woolridge	Victor Woolridge	Victor Woolridge

The Co-Investment Committee was formed on February 18, 2025 and consists of Messrs. D’Alelio, Temple, Kaye, Woolridge and Ms. Weiler.

***Audit Committee Governance, Responsibilities and Meetings***

In accordance with its written charter adopted by the Board, the Audit Committee:

- (a) assists the Board’s oversight of the integrity of our financial statements, the independent registered public accounting firm’s qualifications and independence, our compliance with legal and regulatory requirements and the performance of our independent registered public accounting firm;
- (b) prepares an Audit Committee report, if required by the SEC, to be included in our annual proxy statement;
- (c) oversees the scope of the annual audit of our financial statements, the quality and objectivity of our financial statements, accounting and financial reporting policies and internal controls;
- (d) determines the selection, appointment, retention and termination of our independent registered public accounting firm, as well as approving the compensation thereof;
- (e) pre-approves all audit and non-audit services provided to us and certain other persons by such independent registered public accounting firm; and
- (f) acts as a liaison between our independent registered public accounting firm and the Board.

The Audit Committee had nine formal meetings in 2024.

Our Board has determined that Christopher M. Temple, an independent director, qualifies as an “audit committee financial expert” as defined in Item 407 of Regulation S-K under the Exchange Act, and otherwise satisfies the sophistication requirements of NYSE Rule 303A.07.

Each member of the Audit Committee simultaneously serves on the audit committees of three or more public companies, and the Board has determined that each member’s simultaneous service on the audit committees of other public companies does not impair such member’s ability to effectively serve on the Audit Committee.

***Nominating and Corporate Governance Committee Governance, Responsibilities and Meetings***

In accordance with its written charter adopted by the Board, the Nominating and Corporate Governance Committee:

- (a) recommends to the Board persons to be nominated by the Board for election at the Company’s meetings of our shareholders, special or annual, if any, or to fill any vacancy on the Board that may arise between shareholder meetings;
- (b) makes recommendations with regard to the tenure of the directors;
- (c) is responsible for overseeing an annual evaluation of the Board and its committee structure to determine whether the structure is operating effectively; and
- (d) recommends to the Board the compensation to be paid to the independent directors of the Board.

The Nominating and Corporate Governance Committee will consider for nomination to the Board candidates submitted by our shareholders or from other sources it deems appropriate.

The Nominating and Corporate Governance Committee had four formal meetings in 2024.

***Director Nominations***

Nomination for election as a director may be made by, or at the direction of, the Nominating and Corporate Governance Committee or by shareholders in compliance with the procedures set forth in our bylaws.

Shareholder proposals or director nominations to be presented at the annual meeting of shareholders, other than shareholder proposals submitted pursuant to the SEC’s Rule 14a-8, must be submitted in accordance with the advance notice procedures and other requirements set forth in our bylaws. These requirements are separate from the requirements discussed above to have the shareholder nomination or other proposal included in our proxy statement and form of proxy/voting instruction card pursuant to the SEC’s rules.

Our bylaws require that the proposal or recommendation for nomination must be delivered to, or mailed and received at, the principal executive offices of the Company not earlier than the 150th day prior to the one year anniversary of the date the Company's proxy statement for the preceding year's annual meeting, or later than the 120th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. If the date of the annual meeting has changed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, shareholder proposals or director nominations must be so received not earlier than the 150th day prior to the date of such annual meeting and not later than the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

In evaluating director nominees, the Nominating and Corporate Governance Committee considers, among others, the following factors:

- whether the individual possesses high standards of character and integrity, relevant experience, a willingness to ask hard questions and the ability to work well with others;
- whether the individual is free of conflicts of interest that would violate applicable law or regulation or interfere with the proper performance of the responsibilities of a director;
- whether the individual is willing and able to devote sufficient time to the affairs of the Company and be diligent in fulfilling the responsibilities of a director and Board Committee member;
- whether the individual has the capacity and desire to represent the balanced, best interests of the shareholder as a whole and not a special interest group or constituency; and
- whether the individual possesses the skills, experiences (such as current business experience or other such current involvement in public service, academia or scientific communities), particular areas of expertise, particular backgrounds, and other characteristics that will help ensure the effectiveness of the Board and Board committees.

The Nominating and Corporate Governance Committee's goal is to assemble a board that brings to the Company a variety of perspectives and skills derived from high-quality business and professional experience.

Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider other factors as they may deem are in the best interests of the Company and its shareholders. The Board also believes it appropriate for certain key members of our management to participate as members of the Board.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If any member of the Board does not wish to continue in service or if the Nominating and Corporate Governance Committee decides not to re-nominate a member for re-election, the Nominating and Corporate Governance Committee identify the desired skills and experience of a new nominee in light of the criteria above. The members of the Board are polled for suggestions as to individuals meeting the aforementioned criteria. Research may also be performed to identify qualified individuals. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we reserve the right in the future to retain a third-party search firm, if necessary.

The Board has not adopted a formal policy with regard to the consideration of diversity in identifying director nominees. In determining whether to recommend a director nominee, the Nominating and Corporate Governance Committee considers and discusses diversity, among other factors, with a view toward the needs of the Board as a whole. The Board generally conceptualizes diversity expansively to include, without limitation, concepts such as race, gender, national origin, differences of viewpoint, professional experience, education, skill and other qualities that contribute to the Board, when identifying and recommending director nominees. The Board believes that the inclusion of diversity as one of many factors considered in selecting director nominees is consistent with the Board's goal of creating a Board that best serves the needs of the Company and the interests of its shareholders.

#### ***Compensation Committee Governance, Responsibilities and Meetings***

In accordance with its written charter adopted by the Board, the Compensation Committee:

- (a) determines, or recommends to the Board for determination, the compensation, if any, of our chief executive officer and all other executive officers;
- (b) assists the Board with matters related to compensation generally, except with respect to the compensation of the directors; and
- (c) may delegate its authority to subcommittees or the Chair of the Compensation Committee when it deems appropriate and in the best interests of the Company.

As none of our executive officers are currently compensated by us, the Compensation Committee will not produce and/or review a report on executive compensation practices. The Compensation Committee had three formal meetings in 2024. Each member of the Compensation Committee (during the period for which he or she has been a member of the committee) who served on such committee during the 2024 fiscal year attended the meetings.

### ***Co-Investment Committee, Responsibilities***

The Co-Investment Committee is responsible for reviewing and making certain findings in respect of co-investment transactions pursuant to the exemptive relief that has been granted by the SEC to the Adviser and its affiliates to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. The Co-Investment Committee was formed on February 18, 2025.

### **Compensation Committee Interlocks and Insider Participation**

No member of the Compensation Committee is a current or former officer of the Company. No member of the Compensation Committee (i) has had any relationship with the Company requiring disclosure under Item 404 of Regulation S-K under the Exchange Act, or (ii) is an executive officer of another entity, at which one of our executive officers serves on the Board.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Pursuant to Section 16(a) of the Exchange Act, the Company's directors and executive officers, and any persons holding more than 10% of its shares, are required to report their beneficial ownership and any changes therein to the SEC and the Company. Specific due dates for those reports have been established, and the Company is required to report herein any failure to file such reports by those due dates. Based on the Company's review of Forms 3, 4, and 5 filed by such persons and information provided by the Company's directors and officers, the Company believes that during the fiscal year ended December 31, 2024, all Section 16(a) filing requirements applicable to such persons were timely filed.

### **Code of Business Conduct**

We have adopted a Code of Business Conduct which applies to our executive officers, including our principal executive officer and principal financial officer, as well as every officer, director and employee of the Company. Our Code of Business Conduct can be accessed on our website at [www.blueowlcapitalcorporation.com](http://www.blueowlcapitalcorporation.com).

There have been no material changes to our corporate code of ethics or material waivers of the code that apply to our Chief Executive Officer or Chief Financial Officer. If we make any substantive amendment to, or grant a waiver from, a provision of our Code of Business Conduct, we will promptly disclose the nature of the amendment or waiver on our website at [www.blueowlcapitalcorporation.com](http://www.blueowlcapitalcorporation.com) or file a Form 8-K with the Securities and Exchange Commission.

We have also adopted an insider trading policy which applies to our executive officers, including our principal executive officer and principal financial officer, as well as every officer, director and employee of the Company. This policy is filed as Exhibit 19 to this Annual Report.

### **Information about Executive Officers Who Are Not Directors**

The following sets forth certain information regarding the executive officers of the Company who are not directors of the Company.

<b>Name</b>	<b>Age</b>	<b>Position</b>	<b>Officer Since</b>
Logan Nicholson	44	President	2024
Karen Hager	52	Chief Compliance Officer	2018
Neena Reddy	47	Vice President and Secretary	2019
Jonathan Lamm	50	Chief Financial Officer and Chief Operating Officer	2021
Matthew Swatt	36	Co-Chief Accounting Officer, Co-Treasurer and Co-Controller	2021
Shari Withem	42	Co-Chief Accounting Officer, Co-Treasurer and Co-Controller	2021
Jennifer McMillon <sup>(1)</sup>	47	Co-Treasurer and Co-Controller	2022

(1) Ms. McMillon will cease to serve as Co-Treasurer and Co-Controller of the Company effective as of March 14, 2025, but will continue to serve as a Managing Director for Blue Owl Capital Inc., an affiliate of the Adviser, where she will focus on operations strategy and design.

The address for each of our executive officers is c/o Blue Owl Capital Corporation, 399 Park Avenue, 37<sup>th</sup> Floor, New York, New York 10022.

**Ms. Hager** is a member of Blue Owl's Operating Committee and also serves as the Chief Compliance Officer of Blue Owl and each of the Blue Owl Credit Advisers and the Blue Owl BDCs. Prior to joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, in March 2018, Ms. Hager was Chief Compliance Officer at Abbott Capital Management. Previous to Abbott, Ms. Hager worked as SVP, Director of Global Compliance and Chief Compliance Officer at The Pernal Group, and as Director of Compliance at Dominick & Dominick Advisors LLC. Prior to joining Dominick & Dominick Advisors LLC, Ms. Hager was a Senior

Securities Compliance Examiner/Staff Accountant at the US Securities and Exchange Commission. Ms. Hager received a B.S. in Accounting from Brooklyn College of the City University of New York.

**Mr. Nicholson** is a Senior Managing Director of Blue Owl, a member of the Direct Lending Investment Team, and a member of the Diversified Lending Investment Committee. Mr. Nicholson is also President of the Company, OBDC II and OCIC, and Portfolio Manager for certain funds in Blue Owl's Diversified Lending strategy, including the Company, OBDC II and OCIC. Prior to joining Blue Owl in 2023, Mr. Nicholson was a Co-Founder and Partner at Brinley Partners, a startup private credit asset manager, from 2021 to 2023. Previously, Mr. Nicholson was at Goldman Sachs & Co. ("Goldman") from 2003 to 2021, where he was most recently a Managing Director and Head of U.S. Leveraged Finance Capital Markets. During his time at Goldman, he was responsible for structuring, risk management and distribution of capital commitments for both Leveraged Loans and High Yield bonds, and he was also appointed as a member of the LSTA Board of Directors. Additionally, Mr. Nicholson spent 2021 in a leadership role at healthcare firm Humana Inc., where he was Senior Vice President of Corporate Development and responsible for all M&A activity. Mr. Nicholson received a B.S. in Systems Engineering with a double major in Economics from the University of Virginia.

**Ms. Reddy** is Vice President and Secretary of each of the Blue Owl BDCs and Chief Legal Officer of each of the Blue Owl Credit Advisers. Ms. Reddy also serves as the General Counsel, Chief Legal Officer and Secretary of Blue Owl, and as a member of Blue Owl's Operating Committees. Prior to joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, Ms. Reddy was associate general counsel at Goldman, Sachs & Co LLC, from June 2010 to April 2019 and was dedicated to Goldman Sachs Asset Management L.P. ("GSAM"), where she was responsible for GSAM managed direct alternative products, including private credit. Prior to GSAM, Ms. Reddy practiced as a corporate attorney at Boies Schiller & Flexner LLP and at Debevoise & Plimpton LLP. Ms. Reddy joined the Board of Directors for Partnership for New York City, representing Blue Owl, in 2024. Prior to becoming an attorney, Ms. Reddy was a financial analyst in the private wealth division at Goldman, Sachs & Co. Ms. Reddy received a J.D. from New York University School of Law and a B.A. in English, magna cum laude, from Georgetown University.

**Mr. Lamm** is Chief Financial Officer and Chief Operating Officer of each of the Blue Owl BDCs. Mr. Lamm is also Managing Director of Blue Owl. Prior to joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, in April 2021, Mr. Lamm served as the Chief Financial Officer and Treasurer of Goldman Sachs BDC, Inc. ("GSBD"), a business development company traded on the New York Stock Exchange. Mr. Lamm was responsible for building and overseeing GSBD's finance, treasury, accounting and operations functions from April 2013 through March 2021, including during its initial public offering in March 2015. During his time at Goldman Sachs, Mr. Lamm also served as Chief Financial Officer and Treasurer of Goldman Sachs Private Middle Market Credit LLC, Goldman Sachs Private Middle Market Credit II LLC and Goldman Sachs Middle Market Lending Corp. prior to the completion of its merger with GSBD in October 2020. Throughout his twenty-two years at Goldman Sachs, Mr. Lamm held various positions. From 2013 to 2021, Mr. Lamm served as Managing Director, Chief Operating Officer and Chief Financial Officer at GSAM Credit Alternatives. From 2007 to 2013, Mr. Lamm served as Vice President, Chief Operating Officer and Chief Financial Officer at GSAM Credit Alternatives. From 2005 to 2007, Mr. Lamm served as Vice President in the Financial Reporting group and, from 1999 to 2005, he served as a Product Controller. Prior to joining Goldman Sachs, Mr. Lamm worked in public accounting at Deloitte & Touche.

**Mr. Swatt** is the Co-Chief Accounting Officer, Co-Treasurer and Co-Controller of each of the Blue Owl BDCs. Mr. Swatt is also a Managing Director of Blue Owl. Prior to joining Owl Rock, the predecessor to Blue Owl's Credit platform, in May 2016, Mr. Swatt was an Assistant Controller at Guggenheim Partners in their Private Credit group, where he was responsible for the finance, accounting, and financial reporting functions. Preceding that role, Mr. Swatt worked within the Financial Services--Alternative Investments practice of PwC where he specialized in financial reporting, fair valuation of illiquid investments and structured products, internal controls and other technical accounting matters pertaining to alternative investment advisors, hedge funds, business development companies and private equity funds. Mr. Swatt received a B.S. in Accounting from the University of Maryland and is a licensed Certified Public Accountant in New York.

**Ms. Withem** is the Co-Chief Accounting Officer, Co-Treasurer and Co-Controller of each of the Blue Owl BDCs. Ms. Withem is also a Managing Director of Blue Owl. Prior to joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, in March 2018, Ms. Withem was Vice President of Sixth Street Specialty Lending, Inc., a business development company traded on the NYSE, where she was responsible for accounting, financial reporting, treasury and internal controls functions. Preceding that role, Ms. Withem worked for MCG Capital Corporation, a business development company formerly traded on the Nasdaq and Deloitte in the Audit and Assurance Practice. Ms. Withem received a B.S. in Accounting from James Madison University and is a licensed Certified Public Accountant in Virginia.

**Ms. McMillon** is the Co-Chief Accounting officer of OBDC II, OCIC and OTIC and is the Co-Treasurer and Co-Controller of each of the Blue Owl BDCs. Ms. McMillon is also a Managing Director of Blue Owl. Before joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, Ms. McMillon led the accounting department of Tiptree Inc., a national capital holding company, as the Vice President of Technical Accounting and External Reporting from 2017-2022. She was responsible for financial reporting, valuation/purchase accounting, and numerous internal control functions. From 2013-2017, Ms. McMillon served as the Regional Accounting & Reporting Director, Americas of Koch Industries/Georgia Pacific, from 2009-2013 she served as an Accounting Manager at Oaktree Capital and Centerbridge Partners, and prior to that Ms. McMillon worked in public accounting for nearly ten years, spending most of this tenure at PricewaterhouseCoopers. Ms. McMillon earned her B.S. in Accounting from Florida State University and is a licensed Certified Public Accountant in New York.

## Portfolio Managers

The management of our investment portfolio is the responsibility of the Adviser and the Diversified Lending Investment Committee. The Investment Team is also led by Douglas I. Ostrover, Marc S. Lipschultz and Craig W. Packer and is supported by certain members of the Adviser's senior executive team and Blue Owl's Credit platform's investment Committees. Blue Owl Credit's direct lending strategy has four investment committees each of which focuses on a specific investment strategy (Diversified Lending, Technology Lending, First Lien Lending and Opportunistic Lending). Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged sit on each of Blue Owl's direct lending investment committees. In addition to Messrs. Ostrover, Lipschultz, Packer and Maged, the Diversified Lending Investment Committee is comprised of Logan Nicholson, Meenal Mehta and Patrick Linnemann. We consider the individuals on the Diversified Lending Committee to be our portfolio managers. The Investment Team, under the Diversified Lending Investment Committee's supervision, sources investment opportunities, conducts research, performs due diligence on potential investments, structures our investments and will monitor our portfolio companies on an ongoing basis. The Diversified Lending Investment Committee meets regularly to consider our investments, direct our strategic initiatives and supervise the actions taken by the Adviser on our behalf. In addition, the Diversified Lending Investment Committee reviews and determines whether to make prospective investments (including approving parameters or guidelines pursuant to which investments in broadly syndicated loans may be made) and monitors the performance of the investment portfolio. Each investment opportunity requires the approval of a majority of the Diversified Lending Investment Committee. Follow-on investments in existing portfolio companies may require the Diversified Lending Investment Committee's approval beyond that obtained when the initial investment in the portfolio company was made. In addition, temporary investments, such as those in cash equivalents, U.S. government securities and other high quality debt investments that mature in one year or less, may require approval by the Diversified Lending Investment Committee. The compensation packages of Diversified Lending Investment Committee members from the Adviser include various combinations of discretionary bonuses and variable incentive compensation based primarily on performance for services provided and may include shares of Blue Owl.

None of the Adviser's investment professionals receive any direct compensation from us in connection with the management of our portfolio. Certain members of the Diversified Lending Investment Committee, through their financial interests in the Adviser, are entitled to a portion of the profits earned by the Adviser, which includes any fees payable to the Adviser under the terms of the Investment Advisory Agreement, less expenses incurred by the Adviser in performing its services under the Investment Advisory Agreement.

The Investment Team performs a similar role for OBDC II and OCIC and certain members of the Investment Team also perform a similar role for OTF, OTF II and OTIC, from which the Adviser and its affiliates may receive incentive fees. See "*ITEM 1. BUSINESS – Affiliated Transactions*" for a description of the Blue Owl Credit Advisers' allocation policy governing allocations of investments among us and other investment vehicles with similar or overlapping strategies, as well as a description of certain other relationships between us and the Adviser. See "*ITEM 1A. RISK FACTORS – Risks Related to Our Adviser and its Affiliates – Our Adviser or its affiliates may have incentives to favor their respective other accounts and clients and/or Blue Owl over us, which may result in conflicts of interest that could be harmful to us.*" for a discussion of potential conflicts of interests.

The members of the Diversified Lending Investment Committee function as portfolio managers with the most significant responsibility for the day-to-day management of our portfolio. Information regarding the Diversified Lending Investment Committee, is as follows:

Name	Year of Birth
Douglas I. Ostrover	1962
Marc S. Lipschultz	1969
Craig W. Packer	1966
Alexis Maged	1965
Logan Nicholson	1980
Meenal Mehta	1975
Patrick Linnemann	1983

In addition to managing our investments, as of December 31, 2024, our portfolio managers also managed investments on behalf of the following entities:

Name	Entity	Investment Focus	Gross Assets (\$ in millions)
Blue Owl Capital Corporation II	Business development company	U.S. middle-market lending	\$ 2,003.8
Blue Owl Capital Corporation III	Business development company	U.S. middle-market lending	\$ 4,484.6
Blue Owl Credit Income Corp.	Business development company	U.S. middle-market lending	\$ 28,063.9

In addition to managing our investments, as of December 31, 2024, Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged also managed investments on behalf of the following entities:

Name	Entity	Investment Focus	Gross Assets (\$ in millions)
Blue Owl Technology Finance Corp.	Business development company	U.S. middle-market technology lending	\$ 6,722.6
Blue Owl Technology Finance Corp. II	Business development company	U.S. middle-market technology lending	\$ 5,659.1
Blue Owl Technology Income Corp.	Business development company	U.S. middle-market technology lending	\$ 5,477.9

As of December 31, 2024, our Diversified Lending Investment Committee portfolio managers also manage 13 private funds with approximately \$6.15 billion in gross assets. In addition, Douglas I. Ostrover, Marc S. Lipschultz, Craig W. Packer and Alexis Maged also manage 17 other private funds with approximately \$5.58 billion in gross assets.

The management and incentive fees payable by the Blue Owl Credit Clients are based on the gross or net assets and performance, respectively of each Blue Owl Client.

Biographical information regarding the member of the Diversified Lending Investment Committee, who is not a director or executive officer of the Company is as follows:

**Mr. Ostrover** is Co-Chief Executive Officer of Blue Owl and the chairman of Blue Owl's board of directors. Mr. Ostrover is also the Co-Chief Executive Officer and serves as a Co-Chief Investment Officer of each of the Blue Owl Credit Advisers. Mr. Ostrover is also a member of the Diversified Lending Investment Committee and the Technology Lending Investment Committee of the Blue Owl Credit Advisers. Previously, Mr. Ostrover co-founded Owl Rock, the predecessor firm to Blue Owl's Credit platform. Mr. Ostrover served on the boards of directors of the Company and OBDC II from 2016 through 2021, on the board of directors of OTF from 2018 through 2021, and on the boards of directors of OBDE and OCIC from 2020 through 2021. Prior to co-founding Owl Rock, Mr. Ostrover was one of the founders of GSO Capital Partners (GSO), Blackstone's alternative credit platform, and a Senior Managing Director at Blackstone until June 2015. Prior to co-founding GSO in 2005, Mr. Ostrover was a Managing Director and Chairman of the Leveraged Finance Group of Credit Suisse First Boston (CSFB). Prior to his role as Chairman, Mr. Ostrover was Global Co-Head of CSFB's Leveraged Finance Group, during which time he was responsible for all of CSFB's origination, distribution and trading activities relating to high yield securities, leveraged loans, high yield credit derivatives and distressed securities. Mr. Ostrover joined CSFB in November 2000 when CSFB acquired Donaldson, Lufkin & Jenrette ("DLJ"), where he was a Managing Director in charge of High Yield and Distressed Sales, Trading and Research. Mr. Ostrover had been a member of DLJ's high yield team since he joined the firm in 1992. Mr. Ostrover is actively involved in non-profit organizations including serving on the Board of Directors of the Michael J. Fox Foundation, the Mount Sinai Health System, and the Leadership Council for Memorial Sloan Kettering. Mr. Ostrover also serves on the investment committee of the Brunswick School. Mr. Ostrover received an M.B.A. from New York University Stern School of Business and a B.A. in Economics from the University of Pennsylvania.

**Mr. Lipschultz** is Co-Chief Executive Officer of Blue Owl and a member of Blue Owl's board of directors. Mr. Lipschultz also serves as Co-Chief Investment Officer for each of the Blue Owl Credit Advisers. Previously, Mr. Lipschultz co-founded Owl Rock, the predecessor firm to Blue Owl's Credit platform. Prior to co-founding Owl Rock, Mr. Lipschultz spent more than two decades at KKR, serving on the firm's Management Committee and as the Global Head of Energy and Infrastructure. Mr. Lipschultz has a wide range of experience in alternative investments, including leadership roles in private equity, private credit and real assets. Prior to joining KKR, Mr. Lipschultz was with Goldman, Sachs & Co., where he focused on mergers and acquisitions and principal investment activities. Mr. Lipschultz serves on the board of the Hess Corporation and is actively involved in a variety of nonprofit organizations, serving as a trustee or board member of the 92nd Street Y, American Enterprise Institute for Public Policy Research, Michael J. Fox Foundation, Mount Sinai Health System, Riverdale Country School and the Stanford University Board of Trustees. Mr. Lipschultz received an M.B.A. with high distinction, Baker Scholar, from Harvard Business School and an A.B. with honors and distinction, Phi Beta Kappa, from Stanford University.

**Mr. Maged** is Chief Credit Officer of Blue Owl's Credit platform, a member of the Diversified Lending Investment Committee and the Technology Lending Investment Committee of each of the Blue Owl Credit Advisers and Vice President of each of the Blue Owl BDCs. Mr. Maged is also a Managing Director of Blue Owl. Prior to joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, in January 2016, Mr. Maged was Chief Financial Officer of Barkbox, Inc., a New York-based provider of pet-themed products and technology from September 2014 to November 2015. Prior to that, Mr. Maged was a Managing Director with Goldman Sachs & Co. from 2007 until 2014. At Goldman Sachs & Co., Mr. Maged held several leadership positions, including Chief Operating Officer of the investment bank's Global Credit Finance businesses, Co-Chair of the Credit Markets Capital Committee and a member of the Firmwide Capital Committee. Prior to assuming that role in 2011, Mr. Maged served as Chief Underwriting Officer for the Americas and oversaw the U.S. Bank Debt Portfolio Group and US Loan Negotiation Group. From mid-2007 to the end of 2008, Mr. Maged was Head of Bridge Finance Capital Markets in the Americas Financing Group's Leveraged Finance Group, where he coordinated the firm's High Yield Bridge Lending and Syndication business. Prior to joining Goldman, Sachs & Co, Mr. Maged was Head of the Bridge Finance Group at Credit Suisse and also worked in the Loan Capital Markets Group at Donaldson, Lufkin and Jenrette ("DLJ"). Upon DLJ's merger with Credit Suisse in 2000, Mr. Maged joined Credit Suisse's Syndicated Loan Group and, in

2003, founded its Bridge Finance Group. Earlier in his career, Mr. Maged was a member of the West Coast Sponsor Coverage Group at Citigroup and the Derivatives Group at Republic National Bank, as well as a founding member of the Loan Syndication Group at Swiss Bank Corporation. Mr. Maged received an M.B.A. from New York University Stern School of Business and a B.A. from Vassar College.

**Ms. Mehta** is a Managing Director of Blue Owl, a member of the Adviser's Investment Team and a member of the Adviser's Diversified Lending Investment Committee. Ms. Mehta is also a Co-Head of Underwriting for the Adviser's Investment Team. Before joining Blue Owl, Ms. Mehta was a Managing Director at Antares Capital, a direct lender to middle-market firms based in New York. Prior to that, Ms. Mehta was a Vice President at GE Capital. Ms. Mehta began her career as a Manager at L&T Finance Limited, Mumbai India in the Treasury Group. Ms. Mehta received an MBA from Goizueta Business School, Emory University, an MS in Management Studies with a specialization in Finance from NMIMS, Mumbai University and a BS in Commerce and Economics from Sydenham College, Mumbai University.

**Mr. Linnemann** is a Managing Director of Blue Owl, a member of the Adviser's Investment Team and, a member of the Adviser's Diversified Lending Investment Committee. Mr. Linnemann is also a Portfolio Manager for certain funds in Blue Owl's Diversified Lending strategy, including Blue Owl Diversified Lending Fund. Before joining Owl Rock, the predecessor firm to Blue Owl's Credit platform, Mr. Linnemann was a Vice President at Angel Island Capital, the credit investment platform of Golden Gate Capital, from 2015 to 2016, where he focused on sourcing and evaluating credit investments. Before that, Mr. Linnemann was Vice President of the Leveraged Finance Capital Markets Group at Goldman Sachs & Co. in New York from 2006 to 2015. Mr. Linnemann received a BA in Economics from the University of Pennsylvania.

#### Ownership of Securities

The table below shows the dollar range of shares of our common stock to be beneficially owned by the members of the Diversified Lending Investment Committee as of February 14, 2025 stated as one of the following dollar ranges: None; \$1-\$10,000; \$10,001-\$50,000; \$50,001-\$100,000; \$100,001-\$500,000; \$500,001-\$1,000,000; or over \$1,000,000.

Name	Dollar Range of Equity Securities in Blue Owl Capital Corporation <sup>(1)(2)</sup>
Douglas I. Ostrover	over \$1,000,000
Marc S. Lipschultz	over \$1,000,000
Craig W. Packer	over \$1,000,000
Alexis Maged	\$500,001-\$1,000,000
Logan Nicholson	\$500,001-\$1,000,000
Meenal Mehta	\$10,001-\$50,000
Patrick Linnemann	None

(1) Beneficial ownership determined in accordance with Rule 16a-1(a)(2) promulgated under the 1934 Act.

(2) The dollar range of equity securities of the Company beneficially owned by Diversified Lending Investment Committee members, if applicable, is calculated by multiplying the closing price per share of the Company's common stock as of February 14, 2025 times the number of shares of the Company's common stock beneficially owned.

#### Item 11. Executive Compensation

We do not currently have any employees and do not expect to have any employees. Services necessary for our business are provided by individuals who are employees of the Adviser or its affiliates, pursuant to the terms of the Investment Advisory Agreement and the Administration Agreement, as applicable. Our day to day investment and administrative operations are managed by the Adviser. Most of the services necessary for the origination and administration of our investment portfolio will be provided by investment professionals employed by the Adviser or its affiliates.

None of our executive officers will receive direct compensation from us. We will reimburse the Adviser the allocable portion of the compensation paid by the Adviser (or its affiliates) to our chief compliance officer and chief financial officer and their respective staffs (based on the percentage of time such individuals devote, on an estimated basis, to our business and affairs). The members of the Diversified Lending Investment Committee, through their financial interests in the Adviser, are entitled to a portion of the profits earned by the Adviser, which includes any fees payable to the Adviser under the terms of the Investment Advisory Agreement, less expenses incurred by the Adviser in performing its services under the Investment Advisory Agreement.

##### Director Compensation

No compensation is expected to be paid to our director who is an "interested person," as such term is defined in Section 2(a)(19) of the 1940 Act. Our directors who do not also serve in an executive officer capacity for us or the Adviser are entitled to receive annual cash retainer fees, fees for participating in in person board and committee meetings and annual fees for serving as a committee chairperson, determined based on our net assets as of the end of each fiscal quarter. As of December 31, 2024, these

directors were Edward D'Alelio, Eric Kaye, Christopher M. Temple, Melissa Weiler and Victor Woolridge. We pay each independent director the following amounts for serving as a director:

Assets Under Management	Annual Cash Retainer	Annual Committee Chair Cash Retainer		
		Chair of the Board	Audit	Committee Chair
\$0 < \$2.5 Billion	\$ 150,000	\$ 15,000	\$ 10,000	\$ 5,000
\$2.5 Billion < \$5 Billion	\$ 175,000	\$ 15,000	\$ 10,000	\$ 5,000
\$5 Billion < \$10 Billion	\$ 200,000	\$ 15,000	\$ 10,000	\$ 5,000
≥ \$10 Billion	\$ 250,000	\$ 15,000	\$ 10,000	\$ 5,000

We also reimburse each of the directors for all reasonable and authorized business expenses in accordance with our policies as in effect from time to time, including reimbursement of reasonable out of pocket expenses incurred in connection with attending each board meeting and each committee meeting not held concurrently with a board meeting.

The table below sets forth the compensation received by each director from the Company and the Fund Complex for service during the fiscal year ended December 31, 2024:

Name	Fees Earned and Paid in Cash by the Company	Total Compensation from the Company	Total Compensation from the Fund Complex
Edward D'Alelio	\$ 265,000	\$ 265,000	\$ 1,492,500
Christopher M. Temple	\$ 260,000	\$ 260,000	\$ 1,457,500
Eric Kaye	\$ 255,000	\$ 255,000	\$ 1,422,500
Melissa Weiler	\$ 250,000	\$ 250,000	\$ 1,387,500
Victor Woolridge	\$ 250,000	\$ 250,000	\$ 1,387,500

#### Item 12. Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters

Beneficial ownership is determined in accordance with the rules and regulations of the SEC. These rules generally provide that a person is the beneficial owner of securities if such person has or shares the power to vote or direct the voting thereof, or to dispose or direct the disposition thereof or has the right to acquire such powers within 60 days. The following table sets forth, as of February 14, 2025 the beneficial ownership according to information furnished to us by such persons or publicly available filings. Ownership information for those persons who beneficially own 5% or more of the outstanding shares of our common stock is based upon filings by such persons with the SEC and other information obtained from such persons of each current director, the nominees for director, the Company's executive officers, the executive officers and directors as a group, and each person known to us to beneficially own 5% or more of the outstanding shares of our common stock.

The percentage ownership is based on 510,847,634 shares of our common stock outstanding as of February 14, 2025. To our knowledge, except as indicated in the footnotes to the table, each of the shareholders listed below has sole voting and/or investment power with respect to shares of our common stock beneficially owned by such shareholder.

Name and Address	Number of Shares Owned	Percentage of Class Outstanding
<b>Interested Directors</b>		
Craig W. Packer <sup>(1)</sup>	366,449	*
<b>Independent Directors</b>		
Edward D'Alelio	9,016	*
Eric Kaye <sup>(2)</sup>	19,144	*
Christopher M. Temple	36,000	*
Melissa Weiler <sup>(3)</sup>	39,734	*
Victor Woolridge	21,276	*
<b>Executive Officers</b>		
Karen Hager	—	—
Logan Nicholson <sup>(4)</sup>	34,447	*
Jonathan Lamm <sup>(5)</sup>	7,500	*
Matthew Swatt <sup>(6)</sup>	2,379	*
Shari Withem	—	—
Jennifer McMillon	—	—
Neena Reddy	—	—
All officers and directors as a group (13 persons) <sup>(7)</sup>	535,945	*

\* Less than 1%

(1) Includes 65,733 shares owned by Mr. Packer's wife.

(2) Shares are owned by Mr. Kaye's wife.

(3) Held in The Weiler Family Living Trust.

(4) Includes 19,968 shares held by The Logan Nicholson Living Trust.

(5) Includes 6,500 shares held by a trust for which Mr. Lamm is trustee. Members of Mr. Lamm's immediate family are the beneficiaries of the trust. Mr. Lamm disclaims beneficial ownership of the common stock held by the trust.

(6) Shares are held jointly by Mr. Swatt and his wife.

(7) The address for each of the directors and officers is c/o Blue Owl Capital Corporation, 399 Park Avenue, 37th Floor, New York, New York 10022.

### Dollar Range of Equity Securities Beneficially Owned by Directors

The table below shows the dollar range of equity securities of the Company and the aggregate dollar range of equity securities of the Fund Complex that were beneficially owned by each director as of February 14, 2025 stated as one of the following dollar ranges: None; \$1 \$10,000; \$10,001 \$50,000; \$50,001 \$100,000; or Over \$100,000. For purposes of this Form 10-K, the term “Fund Complex” is defined to include the Company, Blue Owl Capital Corporation II, Blue Owl Credit Income Corp., Blue Owl Technology Finance Corp., Blue Owl Technology Finance Corp. II and Blue Owl Technology Income Corp.

Name of Director	Dollar Range of Equity Securities in Blue Owl Capital Corporation <sup>(1)(2)</sup>	Aggregate Dollar Range of Equity Securities in the Fund Complex <sup>(1)(3)</sup>
<b><i>Interested Directors</i></b>		
Craig W. Packer	over \$100,000	over \$100,000
<b><i>Independent Directors</i></b>		
Edward D'Alelio	over \$100,000	over \$100,000
Eric Kaye	over \$100,000	over \$100,000
Christopher M. Temple	over \$100,000	over \$100,000
Melissa Weiler	over \$100,000	over \$100,000
Victor Woolridge	over \$100,000	over \$100,000

(1) Beneficial ownership has been determined in accordance with Rule 16a 1(a)(2) of the Exchange Act.

(2) The dollar range of equity securities of the Company beneficially owned by directors of the Company, if applicable, is calculated by multiplying the closing price per share of the Company's common stock as of February 14, 2025 times the number of shares of the Company's common stock beneficially owned.

(3) The dollar range of Equity Securities in the Fund Complex beneficially owned by directors of the Company, if applicable, is the sum of (1) the product obtained by multiplying the current net asset value per share of the Blue Owl Technology Finance Corp. times the number of shares of Blue Owl Technology Finance Corp. beneficially owned, (2) the product obtained by multiplying the current net offering price of Blue Owl Credit Income Corp., times the number of shares of Blue Owl Credit Income Corp. beneficially owned, (3) the product obtained by multiplying the current net asset value per share of Blue Owl Capital Corporation II times the number of shares of Blue Owl Capital Corporation II beneficially owned, (4) the product obtained by multiplying the current net asset value per share of the Blue Owl Technology Finance Corp. II times the number of shares of Blue Owl Technology Finance Corp. II beneficially owned, (5) the product obtained by multiplying the current net offering price of Blue Owl Technology Income Corp., times the number of shares of Blue Owl Technology Income Corp. beneficially owned, and (6) the total dollar range of equity securities in the Company beneficially owned by the director.

### Item 13. Certain Relationships and Related Transactions, and Director Independence

#### Certain Relationships and Related Transactions

We have entered into both the Investment Advisory Agreement and the Administration Agreement with the Adviser. Pursuant to the Investment Advisory Agreement, we will pay the Adviser a base management fee and an incentive fee. See “ITEM 1. BUSINESS—Investment Advisory Agreement” for a description of how the fees payable to the Adviser will be determined. Pursuant to the Administration Agreement, we will reimburse the Adviser for expenses necessary to perform services related to our administration and operations. In addition, the Adviser or its affiliates may engage in certain origination activities and receive attendant arrangement, structuring or similar fees.

Our executive officers, certain of our directors and certain other finance professionals of Blue Owl also serve as executives of the Blue Owl Credit Advisers and officers and directors of the Company and certain professionals of Blue Owl and the Adviser are officers of Blue Owl Securities LLC. In addition, our executive officers and directors and the members of the Adviser and members of its Diversified Lending Investment Committee serve or may serve as officers, directors or principals of entities that operate in the same, or a related, line of business as we do (including the Blue Owl Credit Advisers) including serving on their respective investment committees and/or on the investment committees of investments funds, accounts or other investment vehicles managed by our affiliates which may have investment objectives similar to our investment objective. At times we may compete with the Blue Owl Credit Clients and other Blue Owl clients, for capital and investment opportunities. As a result, we may not be given the opportunity to participate in certain investments made by the Blue Owl Credit Clients and other Blue Owl clients. This can create a potential conflict when allocating investment opportunities among us and such other Blue Owl Credit Clients and other Blue Owl clients. An investment opportunity that is suitable for multiple clients of the Blue Owl Credit Advisers or other affiliated advisers may not be capable of being shared among some or all of such clients and affiliates due to the limited scale of the opportunity or other factors, including regulatory restrictions imposed by the 1940 Act. However, for the Adviser and its affiliates to fulfill their fiduciary duties to each of their clients, the Blue Owl Credit Advisers have put in place an investment allocation policy that seeks to ensure the fair and equitable allocation of investment opportunities over time and addresses the co-investment restrictions set forth under the 1940 Act.

#### Allocation of Investment Opportunities

The Blue Owl Credit Advisers intend to allocate investment opportunities in a manner that is fair and equitable over time and is consistent with its allocation policy, so that no client of the Adviser or its affiliates is disadvantaged in relation to any other client of the Adviser or its affiliates, taking into account such factors as the relative amounts of capital available for new investments, cash on hand, existing commitments and reserves, the investment programs and portfolio positions of the participating investment accounts, the clients for which participation is appropriate, targeted leverage level, targeted asset mix and any other factors deemed appropriate. The Blue Owl Credit Advisers intend to allocate common expenses among us and other clients of the Adviser and its affiliates in a manner that is fair and equitable over time or in such other manner as may be required by applicable law or the Investment Advisory Agreement. Fees and expenses generated in connection with potential portfolio investments that are not consummated will be allocated in a manner that is fair and equitable over time and in accordance with policies adopted by the Blue Owl Credit Advisers and the Investment Advisory Agreement.

The Blue Owl Credit Advisers have put in place an investment allocation policy that seeks to ensure the equitable allocation of investment opportunities and addresses the co-investment restrictions set forth under the 1940 Act. When we engage in co-investments as permitted by the exemptive relief described below, we will do so in a manner consistent with the Blue Owl Credit Advisers’ allocation policy. In situations where co-investment with other entities managed by the Adviser or its affiliates is not permitted or appropriate, such as when there is an opportunity to invest in different securities of the same issuer, a committee comprised of certain executive officers of the Blue Owl Credit Advisers (including executive officers of the Adviser) along with other officers and employees, will need to decide whether we or such other entity or entities will proceed with the investment. The allocation committee will make these determinations based on the Blue Owl Credit Advisers’ allocation policy, which generally requires that such opportunities be offered to eligible accounts in a manner that will be fair and equitable over time.

The Blue Owl Credit Advisers’ allocation policy is designed to manage the potential conflicts of interest between the Adviser’s fiduciary obligations to us and its or its affiliates’ similar fiduciary obligations to other Blue Owl clients, however, there can be no assurance that the Blue Owl Credit Advisers’ efforts to allocate any particular investment opportunity fairly among all clients for whom such opportunity is appropriate will result in an allocation of all or part of such opportunity to us. Not all conflicts of interest can be expected to be resolved in our favor.

The allocation of investment opportunities among us and any of the other investment funds sponsored or accounts managed by the Adviser or its affiliates may not always, and often will not, be proportional. In general, pursuant to the Blue Owl Credit Advisers’ allocation policy, the process for making an allocation determination includes an assessment as to whether a particular investment opportunity (including any follow-on investment in, or disposition from, an existing portfolio company held by the Company or another investment fund or account) is suitable for us or another investment fund or account including the Blue Owl Credit Clients. In making this assessment, the Blue Owl Credit Advisers may consider a variety of factors, including, without limitation: the investment objectives, guidelines and strategies applicable to the investment fund or account; the nature of the investment, including its risk-return profile and expected holding period; portfolio diversification and concentration concerns; the liquidity needs of the investment fund or

account; the ability of the investment fund or account to accommodate structural, timing and other aspects of the investment process; the life cycle of the investment fund or account; legal, tax and regulatory requirements and restrictions, including, as applicable, compliance with the 1940 Act (including requirements and restrictions pertaining to co-investment opportunities discussed below); compliance with existing agreements of the investment fund or account; the available capital of the investment fund or account; diversification requirements for BDCs or RICs; the gross asset value and net asset value of the investment fund or account; the current and targeted leverage levels for the investment fund or account; and portfolio construction considerations. The relevance of each of these criteria will vary from investment opportunity to investment opportunity. In circumstances where the investment objectives of multiple investment funds or accounts regularly overlap, while the specific facts and circumstances of each allocation decision will be determinative, the Blue Owl Credit Advisers may afford prior decisions precedential value.

Pursuant to the Blue Owl Credit Advisers' allocation policy, if through the foregoing analysis, it is determined that an investment opportunity is appropriate for multiple investment funds or accounts, the Blue Owl Credit Advisers generally will determine the appropriate of the opportunity for each such investment fund or account. If an investment opportunity falls within the mandate of two or more investment funds or accounts, and there are no restrictions on such funds or accounts investing with each other, then each investment fund or account will receive the amount of the investment that it is seeking, as determined based on the criteria set forth above.

Certain allocations may be more advantageous to us relative to one or all of the other investment funds, or vice versa. While the Blue Owl Credit Advisers will seek to allocate investment opportunities in a way that it believes in good faith is fair and equitable over time, there can be no assurance that our actual allocation of an investment opportunity, if any, or terms on which the allocation is made, will be as favorable as they would be if the conflicts of interest to which the Adviser may be subject did not exist.

#### **Exemptive Relief**

We rely on an order for exemptive relief (as amended, the "Order") that has been granted to the Adviser and certain of its affiliates, including us, by the SEC that permits us to co-invest with other funds managed by the Adviser or its affiliates in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors. Pursuant to the Order, we generally are permitted to co-invest with certain of our affiliates if a "required majority" (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our shareholders and do not involve overreaching in respect of us or our shareholders on the part of any person concerned, (2) the transaction is consistent with the interests of our shareholders and is consistent with our investment objective and strategies, (3) the investment by our affiliates would not disadvantage us, and our participation would not be on a basis different from or less advantageous than that on which our affiliates are investing and (4) the proposed investment by us would not benefit our Adviser, the other affiliated funds that are participating in the investment, or any affiliated person of any of them (other than the parties to the transaction), except to the extent permitted by the Order and applicable law, including the limitations set forth in Section 57(k) of the 1940 Act. In addition, we have received an amendment to the Order to permit us to participate in follow-on investments in our existing portfolio companies with certain affiliates that are private funds, when such private funds did not have an investment in such existing portfolio company.

#### **Review, Approval or Ratification of Transactions with Related Persons**

The Audit Committee is required to review and approve any transactions with related persons (as such term is defined in Item 404 of Regulation S-K).

#### **License Agreement**

We have entered into a license agreement (the "License Agreement"), pursuant to which an affiliate of Blue Owl has granted the Company a non-exclusive license to use the name "Blue Owl." Under the License Agreement, we have a right to use the Blue Owl name for so long as the Adviser or one of its affiliates remains our investment adviser. Other than with respect to this limited license, we have no legal right to the "Blue Owl" name or logo.

#### **Material Non-Public Information**

Our senior management, members of the Adviser's Diversified Lending Investment Committee and other investment professionals from the Adviser may serve as directors of, or in a similar capacity with, companies in which we invest or in which we are considering making an investment. Through these and other relationships with a company, these individuals may obtain material non-public information that might restrict our ability to buy or sell the securities of such company under the policies of the company or applicable law.

#### **Director Independence**

Pursuant to our certificate of incorporation, a majority of the Board will at all times consist of directors who are not "interested persons" of us, of the Adviser, or of any of our or its respective affiliates, as defined in the 1940 Act. Under Section 303A.00 of the NYSE Listed Company Manual, a director of a business development company ("BDC") is considered to be independent if he or she

is not an “interested person” of ours, as defined in Section 2(a)(19) of the 1940 Act. We refer to these directors as our “Independent Directors.”

Consistent with these considerations, after review of all relevant transactions and relationships between each director, or any of his or her family members, and the Company, the Adviser, or of any of their respective affiliates, the Board has determined that each of Messrs. Kaye, Temple, D’Alelio, Woolridge and Ms. Weiler is independent, has no material relationship with the Company, and is not an “interested person” (as defined in Section 2(a)(19) of the 1940 Act) of the Company. Mr. Packer is considered an “interested person” (as defined in the 1940 Act) of the Company since he is employed by the Adviser.

**Item 14. Principal Accountant Fees and Services**

KPMG LLP, New York, New York, has been appointed by the Board to serve as the Company’s independent registered public accounting firm for the fiscal year ending December 31, 2024. KPMG LLP acted as the Company’s independent registered public accounting firm for the fiscal years ended December 31, 2023 and 2022. The Company knows of no direct financial or material indirect financial interest of KPMG LLP in the Company.

**Fees**

Set forth in the table below are audit fees, audit related fees, tax fees and all other fees billed to the Company by KPMG LLP for professional services performed for the fiscal years ended December 31, 2024 and 2023:

	<b>For the Fiscal Year ended December 31, 2024</b>	<b>For the Fiscal Year ended December 31, 2023</b>
Audit Fees <sup>(1)</sup>	\$ 1,650,600	\$ 1,496,850
Audit-Related Fees <sup>(2)</sup>	—	—
Tax Fees <sup>(3)</sup>	333,966	383,925
All Other Fees <sup>(4)</sup>	—	—
<b>Total Fees</b>	<b>\$ 1,984,566</b>	<b>\$ 1,880,775</b>

- (1) “Audit Fees” are fees billed for professional services rendered for the audit of the Company’s annual financial statements and review of interim financial statements or services that are normally provided by KPMG LLP in connection with statutory and regulatory filings or engagements, including comfort letters and consents.
- (2) “Audit-Related Fees” are fees billed for assurance and related services by KPMG LLP that are reasonably related to the performance of the audit or review of the Company’s financial statements that are not reported under “Audit Fees.”
- (3) “Tax Fees” are fees billed for services rendered by KPMG for tax compliance, tax advice, and tax planning. These services include assistance regarding federal, state and international tax compliance, customs and duties and international tax planning.
- (4) “All Other Fees” are fees billed for services other than those stated above.

**Pre-Approval Policies and Procedures**

The Audit Committee has established a pre-approval policy that describes the permitted audit, audit-related, tax and other services to be provided by KPMG LLP, the Company’s independent registered public accounting firm. The policy requires that the Audit Committee pre-approve the audit and non-audit services performed by the independent auditor in order to assure that the provision of such service does not impair the auditor’s independence.

Any requests for audit, audit-related, tax and other services that have not received general pre-approval must be submitted to the Audit Committee for specific pre-approval, irrespective of the amount, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

## PART IV

### Item 15. Exhibits, Financial Statement Schedules

The following documents are filed as part of this annual report:

- (1) Financial Statements – Financial statements are included in Item 8. See the Index to the Consolidated Financial Statements on page F-1 of this annual report on Form 10-K.
- (2) Financial Statement Schedules – None. We have omitted financial statement schedules because they are not required or are not applicable, or the required information is shown in the consolidated statements or notes to the consolidated financial statements included in this annual report on Form 10-K.
- (3) Exhibits – The following is a list of all exhibits filed as a part of this annual report on Form 10-K, including those incorporated by reference

Please note that the agreements included as exhibits to this Form 10-K are included to provide information regarding their terms and are not intended to provide any other factual or disclosure information about us or the other parties to the agreements. The agreements contain representations and warranties by each of the parties to the applicable agreement that have been made solely for the benefit of the other parties to the applicable agreement and may not describe the actual state of affairs as of the date they were made or at any other time.

The following exhibits are filed as part of this report or hereby incorporated by reference to exhibits previously filed with the SEC:

Exhibit Number	Description of Exhibits
2.1	<a href="#">Agreement and Plan of Merger, by and among Blue Owl Capital Corporation, Blue Owl Capital Corporation III, Cardinal Merger Sub Inc., and, solely for the limited purposes set forth therein, Blue Owl Credit Advisors LLC and Blue Owl Diversified Credit Advisors LLC, dated as of August 7, 2024 (incorporated by reference to Exhibit 2.1 to the Company's Current Report on Form 8-K, filed on August 7, 2024).</a>

**Item 16. Form 10-K Summary**

Not applicable.

## DESCRIPTION OF OUR SECURITIES

### A. Common Stock, par value \$0.01 per share

As of December 31, 2024, the authorized capital stock of Blue Owl Capital Corporation (“OBDC,” the “Company,” “we,” “our,” or “us”) consisted solely of 1 billion shares of common stock, par value \$0.01 per share, and no shares of preferred stock, par value \$0.01 per share. Our common stock is listed on the New York Stock Exchange (“NYSE”) under the ticker symbol “OBDC.” There are no outstanding options or warrants to purchase our stock. No stock has been authorized for issuance under any equity compensation plans. Under Maryland law, our stockholders generally are not personally liable for our debts or obligations.

As permitted by the Maryland General Corporation Law (“MGCL”), our charter (“Charter”) provides that a majority of the entire board of directors (the “Board”), without any action by our shareholders, may amend our Charter from time to time to increase or decrease the aggregate number of shares of stock or the number of shares of stock of any class or series that we have the authority to issue. Our Charter also provides that the Board may classify or reclassify any unissued shares of our common stock into one or more classes or series of common stock or preferred stock by setting or changing the preferences, conversion or other rights, voting powers, restrictions, or limitations as to dividends, qualifications, or terms or conditions of redemption of the shares. Unless the Board determines otherwise, we will issue all shares of our stock in uncertificated form.

None of our shares of our common stock are subject to further calls or to assessments, sinking fund provisions, obligations or potential liabilities associated with ownership of the security (not including investment risks).

Under the terms of our Charter, all shares of our common stock have equal rights as to dividends, distributions and voting and, when they are issued, will be duly authorized, validly issued, fully paid and non-assessable. Dividends and distributions may be paid to our shareholders if, as and when authorized by the Board and declared out of funds legally available therefor. Shares of our common stock have no preemptive, exchange, conversion or redemption rights and shareholders generally have no appraisal rights. Other than as described below, shares of our common stock are freely transferable, except where their transfer is restricted by federal and state securities laws or by contract. Following July 18, 2019, the date of our listing on the New York Stock Exchange (the “Listing Date”), without the prior written consent of the Board:

- for 180 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber any shares of common stock held by such shareholder prior to the Listing Date;
- for 270 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber two-thirds of the shares of common stock held by such shareholder prior to the Listing Date; and
- for 365 days following the Listing Date, a shareholder is not permitted to transfer (whether by sale, gift, merger, by operation of law or otherwise), exchange, assign, pledge, hypothecate or otherwise dispose of or encumber one-third of the shares of common stock held by such shareholder prior to the Listing Date.

This means that, as a result of these transfer restrictions, without the consent of the Board, a shareholder who owned 99 shares of common stock on the Listing Date could not sell any of such shares for 180 days following the Listing Date; 181 days following the Listing Date, such shareholder could only sell up to 33 of such shares; 271 days following the Listing Date, such shareholder could only sell up to 66 of such shares and 366 days following the Listing Date, such shareholder could sell all of such shares.

In the event of our liquidation, dissolution or winding up, each share of our common stock would be entitled to share ratably in all of our assets that are legally available for distribution after we pay or otherwise provide for all debts and other liabilities and subject to any preferential rights of holders of our preferred stock, if any preferred stock is outstanding at such time. Subject to the rights of holders of any other class or series of stock, each share of our common stock is entitled to one vote on all matters submitted to a vote of our shareholders, including the election of directors, and the shareholders will possess the exclusive voting power. There will be no cumulative voting in the election of directors. Cumulative voting entitles a shareholder to as many votes as equals the number of votes which such holder would be entitled to cast for the election of directors multiplied by the number of directors to be elected and allows a shareholder to cast a portion or all of the shareholder's votes for one or more candidates for seats on the Board. Without cumulative voting, a minority shareholder may not be able to elect as many directors as the shareholder would be able to elect if cumulative voting were permitted. Subject to the special rights of the holders of any class or series of preferred stock to elect directors, each director will be elected by a majority of the votes cast with respect to such director's election, except in the case of a “contested election” (as defined in our bylaws (“Bylaws”)), in which directors will be elected by a plurality of the votes cast in the contested election of directors.

### Limitation on Liability of Directors and Officers; Indemnification and Advance of Expenses

Maryland law permits a Maryland corporation to include in its charter a provision eliminating the liability of its directors and officers to the corporation and its shareholders for money damages except for liability resulting from (a) actual receipt of an improper benefit or profit in money, property or services or (b) active and deliberate dishonesty that is established by a final judgment and is material to the cause of action. Our Charter contains a provision that eliminates directors' and officers' liability, subject to the limitations of Maryland law and the requirements of the Investment Company Act of 1940, as amended (the "1940 Act").

Maryland law requires a corporation (unless its charter provides otherwise, which our Charter does not) to indemnify a director or officer who has been successful in the defense of any proceeding to which he or she is made or threatened to be made a party by reason of his or her service in that capacity against reasonable expenses actually incurred in the proceeding in which the director or officer was successful. Maryland law permits a corporation to indemnify its present and former directors and officers, among others, against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made or threatened to be made a party by reason of their service in those or other capacities unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith or (b) was the result of active and deliberate dishonesty; (2) the director or officer actually received an improper personal benefit in money, property or services; or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful. Under Maryland law, a Maryland corporation also may not indemnify for an adverse judgment in a suit by or on behalf of the corporation or for a judgment of liability on the basis that a personal benefit was improperly received, unless in either case a court orders indemnification, and then only for expenses. In addition, Maryland law permits a corporation to advance reasonable expenses to a director or officer upon the corporation's receipt of (a) a written affirmation by the director or officer of his or her good faith belief that he or she has met the standard of conduct necessary for indemnification by the corporation and (b) a written undertaking by him or her or on his or her behalf to repay the amount paid or reimbursed by the corporation if it is ultimately determined that the standard of conduct was not met.

Our Charter obligates us, subject to the limitations of Maryland law and the requirements of the 1940 Act, to indemnify (1) any present or former director or officer; (2) any individual who, while a director or officer and at the Company's request, serves or has served another corporation, real estate investment trust, partnership, limited liability company, joint venture, trust, employee benefit plan or other enterprise as a director, officer, partner, member, manager or trustee; or (3) the Adviser or any of its affiliates acting as an agent for the Company, from and against any claim or liability to which the person or entity may become subject or may incur by reason of such person's service in that capacity, and to pay or reimburse such person's reasonable expenses as incurred in advance of final disposition of a proceeding. These indemnification rights vest immediately upon an individual's election as a director or officer. In accordance with the 1940 Act, the Company will not indemnify any person for any liability to the extent that such person would be subject by reason of such person's willful misconduct, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his, her or its office.

Notwithstanding the foregoing, and in accordance with the North American Securities Administrations Association ("NASAA") Omnibus Guidelines, at any time following a continuous public offering through the independent broker-dealer network (a "Non-Listed Offering"), our Charter prohibits us from holding harmless a director, the Adviser or any affiliate of the Adviser for any loss or liability suffered by the Company, or indemnifying such persons for any loss or liability by him, her or it, unless each of the following conditions are met: (1) the party seeking indemnification has determined, in good faith, that the course of conduct that caused the loss or liability was in the Company's best interest; (2) the party seeking indemnification was acting or performing services on the Company's behalf; (3) such liability or loss was not the result of (a) negligence or misconduct in the case that the party seeking indemnification is the Adviser or any of its affiliates or an officer of the Company, or (b) gross negligence or willful misconduct, in the case that the party seeking indemnification is an independent director (and not also an officer of us, the Adviser or any of its affiliates); and (4) such indemnification or agreement to hold harmless is recoverable only out of our net assets and not from shareholders. Our Charter provides that this provision does not apply to any dealer manager.

Our Charter further provides that, following a Non-Listed Offering, we may not provide indemnification to a director, the Adviser or any affiliate of the Adviser for any loss, liability or expense arising from or out of an alleged violation of federal or state securities laws by such party unless one or more of the following conditions are met: (1) there has been a successful adjudication on the merits of each count involving alleged material securities law violations as to the party seeking indemnification; (2) such claims have been dismissed with prejudice on the merits by a court of competent jurisdiction as to such party; or (3) a court of competent jurisdiction approves a settlement of the claims against such party and finds that indemnification of the settlement and the related costs should be made, and the court considering the request for indemnification has been advised of the position of the Securities and Exchange Commission (the "SEC") and of the published position of any state securities regulatory authority in which our securities were offered or sold as to indemnification for violations of securities laws.

Our Charter provides that, following a Non-Listed Offering, we may pay or reimburse reasonable legal expenses and other costs incurred by a director, the Adviser or any affiliate of the Adviser in advance of final disposition of a proceeding only if all of the following are satisfied: (1) the proceeding relates to acts or omissions with respect to the performance of duties or services on our behalf; (2) such party provides us with written affirmation of his, her or its good faith belief that he, she or it has met the standard of conduct necessary for indemnification by us; (3) the legal proceeding was initiated by a third party who is not a shareholder or, if by a shareholder acting in his or her capacity as such, a court of competent jurisdiction approves such advancement; and (4) such party provides us with a written agreement to repay the amount paid or reimbursed by us, together with the

applicable legal rate of interest thereon, if it is ultimately determined that such party did not comply with the requisite standard of conduct and is not entitled to indemnification. Our Charter provides that this provision does not apply to any dealer manager.

#### **Maryland Law and Certain Charter and Bylaw Provisions; Anti-Takeover Measures**

Maryland law contains, and our Charter and Bylaws also contain, provisions that could make it more difficult for a potential acquirer to acquire us by means of a tender offer, proxy contest or otherwise. These provisions are expected to discourage certain coercive takeover practices and inadequate takeover bids and to encourage persons seeking to acquire control of us to negotiate first with our Board. These measures may delay, defer or prevent a transaction or a change in control that might otherwise be in the best interests of shareholders. We believe, however, that the benefits of these provisions outweigh the potential disadvantages of discouraging any such acquisition proposals because, among other things, the Board's ability to negotiate such proposals may improve their terms.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, convert into another form of business entity, sell all or substantially all of its assets or engage in a statutory share exchange unless declared advisable by the corporation's board of directors and approved by the affirmative vote of shareholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. A Maryland corporation may provide in its charter for approval of these matters by a lesser or greater percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Subject to certain exceptions discussed below, our Charter provides for approval of these actions by the affirmative vote of shareholders entitled to cast a majority of the votes entitled to be cast on the matter.

Subject to certain exceptions provided in our Charter, the affirmative vote of at least 75% of the votes entitled to be cast thereon, with the holders of each class or series of our stock voting as a separate class, in addition to the affirmative vote of at least 75% of the members of the Board, will be necessary to effect any of the following actions:

- a. any amendment to our Charter to make our common stock a "redeemable security" or to convert us from a "closed-end company" to an "open-end company" (as such terms are defined in the 1940 Act);
- b. any shareholder proposal as to specific investment decisions made or to be made with respect to our assets;
- c. following a Non-Listed Offering, any proposal as to the voluntary liquidation or dissolution of the Company or any amendment to our Charter to terminate our existence;
- d. following a Non-Listed Offering, any merger, consolidation or statutory share exchange of us with or into any other person; or
- e. following a Non-Listed Offering, the sale of all or substantially all of the assets of us, as further described in our Charter, when such sale is to be made other than in the ordinary course of our business.

However, if the proposal, transaction or business combination is approved by at least 75% of our continuing directors, the proposal, transaction or business combination may be approved only by the Board and, if necessary, the shareholders as otherwise would be required by applicable law, our Charter and Bylaws and, following a Non-Listed Offering, the NASAA Omnibus Guidelines, without regard to the supermajority approval requirements discussed above. A "continuing director" is defined in our Charter as a director who (i) is not an interested party (meaning a person who has or proposes to enter into a business combination with us or owns more than 5% of any class of our stock) or an affiliate or an associate of an interested party and who has been a member of the Board for a period of at least 24 months (or since we commenced operations, if that period is less than 24 months); or (ii) is a successor of a continuing director who is not an interested party or an affiliate or an associate of an interested party and is recommended to succeed a continuing director by a majority of the continuing directors then in office or is nominated for election by the shareholders by a majority of the continuing directors then in office; or (iii) is elected to the Board to be a continuing director by a majority of the continuing directors then in office and who is not an interested party or an affiliate or associate of an interested party.

Our Charter also provides that the Board is divided into three classes, as nearly equal in size as practicable, with each class of directors serving for a staggered three-year term. Additionally, subject to the rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, directors may be removed at any time, but only for cause (as such term is defined in our Charter) and only by the affirmative vote of shareholders entitled to cast at least 75% of the votes entitled to be cast generally in the election of directors, voting as a single class. Our Charter and Bylaws also provide that, except as provided otherwise by applicable law, including the 1940 Act and subject to any rights of holders of one or more classes or series of preferred stock to elect or remove one or more directors, any vacancy on the Board, except, until such time as we have three independent directors, for vacancies resulting from the removal of a director by the shareholders, and any newly created directorship resulting from an increase in the size of the Board, may only be filled by vote of the directors then in office, even if less than a quorum, or by a sole remaining director; provided that under Maryland law, when the holders of any class, classes or series of stock have the exclusive power under our Charter to elect certain directors, vacancies in directorships elected by such class, classes or series may be filled by a majority of the remaining directors so elected by such class, classes or series of our stock. In addition, our Charter provides that, subject to any rights of holders of one or more classes or series of stock to elect or remove one or more directors, the total number of directors will be fixed from time to time exclusively pursuant to resolutions adopted by the Board.

The classification of the Board and the limitations on removal of directors described above as well as the limitations on shareholders' right to fill vacancies and newly created directorships and to fix the size of the Board could have the effect of making it more difficult for a third party to acquire us, or of discouraging a third party from acquiring or attempting to acquire us.

Maryland law and our Charter and Bylaws also provide that:

- a. any action required or permitted to be taken by the shareholders at an annual meeting or special meeting of shareholders may only be taken if it is properly brought before such meeting or by unanimous consent in lieu of a meeting;
- b. special meetings of the shareholders may only be called by the Board, the chairman of the Board or the chief executive officer, and must be called by the secretary upon the written request of shareholders who are entitled to cast at least a majority of all the votes entitled to be cast on such matter at such meeting; and
- c. from and after the Initial Closing, any shareholder nomination or business proposal to be properly brought before a meeting of shareholders must have been made in compliance with certain advance notice and informational requirements.

Our Charter also provides that any tender offer made by any person, including any "mini-tender" offer, must comply with the provisions of Regulation 14D of the Securities and Exchange Act of 1934, as amended (the "1934 Act"), including the notice and disclosure requirements. Among other things, the offeror must provide us notice of such tender offer at least ten business days before initiating the tender offer. Our Charter prohibits any shareholder from transferring shares of stock to a person who makes a tender offer which does not comply with such provisions unless such shareholder has first offered such shares of stock to us at the tender offer price in the non-compliant tender offer. In addition, the non-complying offeror will be responsible for all of our expenses in connection with that offeror's noncompliance.

These provisions could delay or hinder shareholder actions which are favored by the holders of a majority of our outstanding voting securities. These provisions may also discourage another person or entity from making a tender offer for our common stock, because such person or entity, even if it acquired a majority of our outstanding voting securities, would be able to take action as a shareholder (such as electing new directors or approving a merger) only at a duly called shareholders meeting, and not by written consent. The provisions of our Charter requiring that the directors may be removed only for cause and only by the affirmative vote of at least three-quarters of the votes entitled to be cast generally in the election of directors will also prevent shareholders from removing incumbent directors except for cause and upon a substantial affirmative vote. In addition, although the advance notice and information requirements in our Bylaws do not give the Board any power to disapprove shareholder nominations for the election of directors or business proposals that are made in compliance with applicable advance notice procedures, they may have the effect of precluding a contest for the election of directors or the consideration of shareholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

Under the MGCL, a Maryland corporation generally cannot amend its charter unless the amendment is declared advisable by the corporation's board of directors and approved by the affirmative vote of shareholders entitled to cast at least two-thirds of the votes entitled to be cast on the matter. A Maryland corporation may provide in its charter for approval of these matters by a lesser or greater percentage, but not less than a majority of all of the votes entitled to be cast on the matter. Subject to certain exceptions discussed below, our Charter provides for approval of charter amendments by the affirmative vote of shareholders entitled to cast a majority of the votes entitled to be cast on the matter. The Board, by vote of a majority of the members of the Board, has the exclusive power to adopt, alter, amend or repeal our Bylaws. Our Charter provides that any amendment to the following provisions of our Charter, among others, will require, in addition to any other vote required by applicable law or our Charter, the affirmative vote of shareholders entitled to cast at least three-quarters of the votes entitled to be cast thereon, with the holders of each class or series of our stock voting as a separate class, in addition to the affirmative vote of at least 75% of the members of the Board, unless three-quarters of the continuing directors approve the amendment, in which case such amendment must be approved as would otherwise be required by applicable law, our Charter and Bylaws, and, following a Non-Listed Offering, the NASAA Omnibus Guidelines:

- a. the provisions regarding the classification of the Board;
- b. the provisions governing the removal of directors;
- c. the provisions limiting shareholder action by written consent;
- d. the provisions regarding the number of directors on the Board;
- e. the provisions specifying the vote required to approve extraordinary actions and amend the charter and the Board's exclusive power to amend our Bylaws;
- f. the limitations of directors' and officers' liability for money damages and the requirement that we indemnify its directors and officers as described above; and
- g. the provisions imposing additional voting requirements on certain business combinations and other actions

Following a Non-Listed Offering, without the approval of shareholders entitled to cast a majority of the votes entitled to be cast on the matter, we may not permit the Adviser to:

- a. amend our Charter, except for amendments that would not adversely affect the interests of shareholders;
- b. except as permitted in the Investment Advisory Agreement, voluntarily withdraw as investment adviser, unless such withdrawal would not affect our tax status and would not materially adversely affect the shareholders;
- c. appoint a new investment adviser other than a sub-adviser pursuant to the terms of the Investment Advisory Agreement and applicable law;
- d. sell all or substantially all of our assets other than in the ordinary course of our business or as otherwise permitted by law; and
- e. cause a merger or any other reorganization of us except as permitted by law.

Our Charter prohibits the Adviser from, following a Non-Listed Offering: (i) receiving or accepting any rebate, give-ups or similar arrangement that is prohibited under applicable federal or state securities laws, (ii) participating in any reciprocal business arrangement that would circumvent provisions of applicable federal or state securities laws governing conflicts of interest or investment restrictions, or (iii) entering into any agreement, arrangement or understanding that would circumvent the restrictions against dealing with affiliates or promoters under applicable federal or state securities laws. In addition, the Adviser may not directly or indirectly pay or award any fees or commissions or other compensation to any person or entity engaged to sell our stock or give investment advice to a potential shareholder; provided, however, that the Adviser may pay a registered broker-dealer or other properly licensed agent from sales commissions for selling or distributing our common stock.

#### **Advance Notice Provisions for Shareholder Nominations and Shareholder Proposals**

Our Bylaws provide that, with respect to an annual meeting of shareholders, nominations of individuals for election as directors and the proposal of business to be considered by shareholders may be made only (a) pursuant to our notice of the meeting, (b) by or at the direction of the Board or (c) by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our Bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on any such other business and who has complied with the advance notice procedures of our Bylaws. With respect to special meetings of shareholders, only the business specified in our notice of the meeting may be brought before the meeting. Nominations of individuals for election as directors at a special meeting at which directors are to be elected may be made only (a) by or at the direction of the Board or (b) provided that the special meeting has been called in accordance with our Bylaws for the purpose of electing directors, by a shareholder who is a shareholder of record both at the time of giving the advance notice required by our Bylaws and at the time of the meeting, who is entitled to vote at the meeting in the election of each individual so nominated and who has complied with the advance notice provisions of our Bylaws.

The purpose of requiring shareholders to give us advance notice of nominations and other business is to afford the Board a meaningful opportunity to consider the qualifications of the proposed nominees and the advisability of any other proposed business and, to the extent deemed necessary or desirable by the Board, to inform shareholders and make recommendations about such qualifications or business, as well as to provide a more orderly procedure for conducting meetings of shareholders. Although our Bylaws do not give the Board any power to disapprove shareholder nominations for the election of directors or proposals recommending certain action, the advance notice and information requirements may have the effect of precluding election contests or the consideration of shareholder proposals if proper procedures are not followed and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal without regard to whether consideration of such nominees or proposals might be harmful or beneficial to us and our shareholders.

#### **No Appraisal Rights**

For certain extraordinary transactions and charter amendments, the MGCL provides the right to dissenting shareholders to demand and receive the fair value of their shares, subject to certain procedures and requirements set forth in the statute. Those rights are commonly referred to as appraisal rights. As permitted by the MGCL, our Charter provides that shareholders will not be entitled to exercise appraisal rights unless the Board determines that appraisal rights apply, with respect to all or any classes or series of stock, to one or more transactions occurring after the date of such determination in connection with which shareholders would otherwise be entitled to exercise appraisal rights.

#### **Control Share Acquisitions**

Certain provisions of the MGCL provide that a holder of control shares of a Maryland corporation acquired in a control share acquisition has no voting rights with respect to the control shares except to the extent approved by the affirmative vote of two-thirds of the votes entitled to be cast on the matter, which is referred to as the Control Share Acquisition Act. Shares owned by the acquirer, by officers or by employees who are directors of the corporation are excluded from shares entitled to vote on the matter. Control shares are voting shares of stock which, if aggregated with all other shares of stock owned by the acquirer or in respect of which the acquirer is able to

exercise or direct the exercise of voting power (except solely by virtue of a revocable proxy), would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power:

- a. one-tenth or more but less than one-third;
- b. one-third or more but less than a majority; or
- c. a majority or more of all voting power.

The requisite shareholder approval must be obtained each time an acquirer crosses one of the thresholds of voting power set forth above. Control shares do not include shares the acquiring person is then entitled to vote as a result of having previously obtained shareholder approval or shares acquired directly from the corporation. A control share acquisition means the acquisition of issued and outstanding control shares, subject to certain exceptions.

A person who has made or proposes to make a control share acquisition may compel the board of directors of the corporation to call a special meeting of shareholders to be held within 50 days of demand to consider the voting rights of the shares. The right to compel the calling of a special meeting is subject to the satisfaction of certain conditions, including an undertaking to pay the expenses of the meeting. If no request for a meeting is made, the corporation may itself present the question at any shareholders meeting.

If voting rights are not approved at the meeting or if the acquiring person does not deliver an acquiring person statement as required by the statute, then the corporation may redeem for fair value any or all of the control shares, except those for which voting rights have previously been approved. The right of the corporation to redeem control shares is subject to certain conditions and limitations. Fair value is determined, without regard to the absence of voting rights for the control shares, as of the date of the last control share acquisition by the acquirer or if a meeting of shareholders is held at which the voting rights of the shares are considered and not approved, as of the date of such meeting. If voting rights for control shares are approved at a shareholder meeting and the acquirer becomes entitled to vote a majority of the shares entitled to vote, all other shareholders may exercise appraisal rights. The fair value of the shares as determined for purposes of appraisal rights may not be less than the highest price per share paid by the acquirer in the control share acquisition.

The Control Share Acquisition Act does not apply (a) to shares acquired in a merger, consolidation or share exchange if the corporation is a party to the transaction or (b) to acquisitions approved or exempted by the charter or bylaws of the corporation. Our Bylaws contain a provision exempting from the Control Share Acquisition Act any and all acquisitions by any person of shares of stock. The U.S. Securities and Exchange Commission (the "SEC") staff previously took the position that, if a business development company ("BDC") failed to opt-out of the Control Share Acquisition Act, its actions would be inconsistent with Section 18(i) of the 1940 Act. However, the SEC recently withdrew its previous position, and stated that it would not recommend enforcement action against a closed-end fund, including a BDC, that opts in to being subject to the Control Share Acquisition Act if the closed-end fund acts with reasonable care on a basis consistent with other applicable duties and laws and the duty to the company and its shareholders generally. As such, we may amend our Bylaws to be subject to the Control Share Acquisition Act, but will do so only if the Board determines that it would be in our best interests and if such amendment can be accomplished in compliance with applicable laws, regulations and SEC guidance.

#### Business Combinations

Under Maryland law, "business combinations" between a Maryland corporation and an interested shareholder or an affiliate of an interested shareholder are prohibited for five years after the most recent date on which the interested shareholder becomes an interested shareholder. These business combinations include a merger, consolidation, statutory share exchange or, in circumstances specified in the statute, an asset transfer or issuance or reclassification of equity securities. An interested shareholder is defined as:

- a. any person who beneficially owns 10% or more of the voting power of the corporation's stock; or
- b. an affiliate or associate of the corporation who, at any time within the two-year period prior to the date in question, was the beneficial owner of 10% or more of the voting power of the then outstanding voting stock of the corporation.

A person is not an interested shareholder under this statute if the corporation's board of directors approves in advance the transaction by which he or she otherwise would have become an interested shareholder. However, in approving a transaction, the board may provide that its approval is subject to compliance, at or after the time of approval, with any terms and conditions determined by the board.

After the five-year prohibition, any such business combination generally must be recommended by the corporation's board of directors and approved by the affirmative vote of at least:

- a. 80% of the votes entitled to be cast by holders of outstanding shares of voting stock of the corporation; and
- b. two-thirds of the votes entitled to be cast by holders of voting stock of the corporation other than shares held by the interested shareholder with whom or with whose affiliate the business combination is to be effected or held by an affiliate or associate of the interested shareholder.

These super-majority vote requirements do not apply if holders of the corporation's common stock receive a minimum price, as defined under Maryland law, for their shares in the form of cash or other consideration in the same form as previously paid by the interested shareholder for its shares. The statute provides various exemptions from its provisions, including for business combinations that are exempted by the corporation's board of directors before the time that the interested shareholder becomes an interested shareholder. The Board has adopted a resolution exempting from the requirements of the statute any business combination between us and any other person, provided that such business combination is first approved by the Board (including a majority of the directors who are not "interested persons" within the meaning of the 1940 Act). This resolution, however, may be altered or repealed in whole or in part at any time. If this resolution is repealed, or the Board does not otherwise approve a business combination, the statute may discourage others from trying to acquire control of us and increase the difficulty of consummating any offer.

#### **Restrictions on Roll-Up Transactions**

Following a Non-Listed Offering, in connection with a proposed "roll-up transaction," which, in general terms, is any transaction involving the acquisition, merger, conversion or consolidation, directly or indirectly, of us and the issuance of securities of an entity that would be created or would survive after the successful completion of the roll-up transaction, we will obtain an appraisal of all of its properties from an independent expert. In order to qualify as an independent expert for this purpose, the person or entity must have no material current or prior business or personal relationship with us and must be engaged to a substantial extent in the business of rendering opinions regarding the value of assets of the type held by us. Following a Non-Listed Offering, our assets will be appraised on a consistent basis, and the appraisal will be based on the evaluation of all relevant information and will indicate the value of our assets as of a date immediately prior to the announcement of the proposed roll-up transaction. The appraisal will assume an orderly liquidation of our assets over a 12-month period. The terms of the engagement of such independent expert will clearly state that the engagement is for our benefit and the benefit of our shareholders. We will include a summary of the appraisal, indicating all material assumptions underlying the appraisal, in a report to the shareholders in connection with the proposed roll-up transaction. If the appraisal will be included in a prospectus used to offer the securities of the roll-up entity, the appraisal will be filed with the SEC and the states as an exhibit to the registration statement for the offering.

Following a Non-Listed Offering, in connection with a proposed roll-up transaction, the person sponsoring the roll-up transaction must offer to the shareholders who vote against the proposal a choice of:

- a. accepting the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction offered in the proposed roll-up transaction; or
- b. one of the following:
  - i. remaining as shareholders and preserving their interests in us on the same terms and conditions as existed previously; or
  - ii. receiving cash in an amount equal to their pro rata share of the appraised value of our net assets.

Following a Non-Listed Offering, we are prohibited from participating in any proposed roll-up transaction:

- a. which would result in shareholders having voting rights in the entity that would be created or would survive after the successful completion of the roll-up transaction that are less than those provided in our Charter including rights with respect to the election and removal of directors, annual and special meetings, amendments to our Charter and our dissolution;
- b. which includes provisions that would operate as a material impediment to, or frustration of, the accumulation of shares of our common stock by any purchaser of the securities of the entity that would be created or would survive after the successful completion of the roll-up transaction, except to the minimum extent necessary to preserve the tax status of such entity, or which would limit the ability of an investor to exercise the voting rights of its securities of the entity that would be created or would survive after the successful completion of the roll-up transaction on the basis of the number of shares held by that investor;
- c. in which shareholders' rights to access to records of the entity that would be created or would survive after the successful completion of the roll-up transaction will be less than those provided in our Charter; or
- d. in which we would bear any of the costs of the roll-up transaction if the shareholders reject the roll-up transaction.

#### **Conflict with the 1940 Act**

Our Bylaws provide that, if and to the extent that any provision of the MGCL, including the Control Share Acquisition Act (if we amend our Bylaws to be subject to such Act) and the Business Combination Act or any provision of our Charter or Bylaws conflicts with any provision of the 1940 Act, the applicable provision of the 1940 Act will control.

#### **Exclusive Forum**

Our Bylaws require that, unless we consent in writing to the selection of an alternative forum, the Circuit Court for Baltimore City (or, if that Court does not have jurisdiction, the United States District Court for the District of Maryland, Northern Division) shall be the sole and exclusive forum for (i) any derivative action or proceeding brought on behalf of the Company (ii) any action asserting a claim of breach of any standard of conduct or legal duty owed by any of the Company's director, officer or other agent to the Company or to its stockholders, (iii) any action asserting a claim arising pursuant to any provision of the MGCL or our Charter or Bylaws (as either may be amended from time to time), or (iv) any action asserting a claim governed by the internal affairs doctrine. This exclusive forum selection provision in our Bylaws does not apply to claims arising under the federal securities laws, including the Securities Act and the Exchange Act.

There is uncertainty as to whether a court would enforce such a provision, and investors cannot waive compliance with the federal securities laws and the rules and regulations thereunder. In addition, this provision may increase costs for stockholders in bringing a claim against us or our directors, officers or other agents. Any investor purchasing or otherwise acquiring our shares is deemed to have notice of and consented to the foregoing provision.

The exclusive forum selection provision in our Bylaws may limit our stockholders' ability to obtain a favorable judicial forum for disputes with us or our directors, officers, or other agents, which may discourage lawsuits against us and such persons. It is also possible that, notwithstanding such exclusive forum selection provision, a court could rule that such provision is inapplicable or unenforceable.

### **I. Purpose of these Policies and Procedures**

It is the Blue Owl BDCs', (including its subsidiaries, , collectively "the Blue Owl BDCs") policy that **no person covered by this policy** who, in the course of working for the Blue Owl BDCs or otherwise, learns of material nonpublic information ("MNPI") about the Blue Owl BDCs or any company with which any of them does business **may trade in the securities of any such company, or disclose any such information to someone who may trade in such securities, until the information becomes public or is no longer material.**

This policy is not intended to discourage or prohibit appropriate communications between you and other market participants and trading counterparties. You should consult with the CCO with any questions about the appropriateness of any communications.

The Blue Owl BDCs have instituted the general policy set forth below with the aim of detecting and preventing the misuse of MNPI (as defined below).<sup>1,2</sup>

### **II. Regulatory Framework**

- *Compliance with U.S. Securities Laws*

Although not defined in U.S. securities laws, "insider trading" is generally described as trading either personally or on behalf of others on the basis of MNPI or communicating (or "tipping") MNPI to others who may trade in securities on the basis of that information.

U.S. securities laws have been interpreted to prohibit the following activities:

- (1) trading by an insider while in possession of MNPI;
- (2) trading by a non-insider while in possession of MNPI, where the information was disclosed to the non-insider in violation of an insider's duty to keep it confidential;
- (3) trading by a non-insider who obtained MNPI through unlawful means, such as computer hacking; and
- (4) communicating MNPI to others in breach of a fiduciary duty.

### **III. Who Is Covered?**

<sup>1</sup> The Blue Owl BDCs are funds managed by affiliates of Blue Owl Capital Inc. that have elected to be regulated as business development companies under the Investment Company Act of 1940, as amended.

<sup>2</sup> While not exhaustive, this includes, the Blue Owl BDCs' customers or suppliers, as well as portfolio companies in which the Blue Owl BDCs invest.

This policy covers directors, officers and employees of the Blue Owl BDCs (collectively “you”).

In addition, this policy applies to your family members who reside with you, including any child, child away at college, stepchild, grandparents, parent, stepparent, spouse or civil partner, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law and any person (other than a tenant or employee) sharing your household, as well as any family members who do not live in your household but whose transactions in any securities are directed by you or are subject to your influence or control, such as parents or children who consult with you before they trade in any securities (collectively, “Immediate Family Members”).

This policy also applies to any entities or accounts that you influence or control, including any corporations, partnerships, trusts or non-discretionary accounts (collectively referred to as “Controlled Entities”), and transactions by these Controlled Entities should be treated for the purposes of this policy and applicable securities laws as if they were for your own account.

You are responsible for the transactions of your Immediate Family Members and therefore you should make them aware of the need to confer with you before they trade in any securities, and you should treat all such transactions for the purposes of this policy and applicable securities laws as if the transactions were for your own account. This policy does not, however, apply to personal securities transactions of Immediate Family Members where the purchase or sale decision is made by a third party not controlled by, influenced by or related to you or your Immediate Family Members.

**IV. What Information Is Material?**

All information that an investor might consider important in deciding whether to buy, sell or hold securities is considered material. Information that is likely to affect the price of a company's securities is almost always material. Individuals may not be held liable for trading on inside information, unless the information is material. Examples of some types of material information are:

- financial results or expectations for the quarter or the year;
- financial forecasts;
- changes in distributions;
- possible mergers, acquisitions, joint ventures and other purchases and sales of companies and investments in companies;
- changes in customer relationships with significant customers;
- obtaining or losing important contracts;
- important product developments;
- major financing developments;
- major personnel changes;
- major litigation developments;
- write-downs or write-offs of assets;
- additions to reserves for bad debts or contingent liabilities;
- expansion or curtailment of company or major division operations;
- criminal, civil and government investigations and indictments;
- pending labor disputes;
- debt service or liquidity problems;
- bankruptcy or insolvency problems;
- tender offers, stock repurchase plans, etc.; and
- recapitalization.

Information provided by a company could be material because of its expected effect on a particular class of a company's securities, all of the company's securities, the securities of another company, or the securities of several companies. The misuse of MNPI applies to all types of securities, including equity, debt, commercial paper, government securities and options.

Material information does not have to relate to a company's business. For example, information about the contents of an upcoming newspaper column may affect the price of a security and therefore be considered material.

You should consult with the CCO if there is any question as to whether nonpublic information is material.

**V. When Is Information No Longer Nonpublic Information?**

Once nonpublic information has been effectively distributed to the investing public, it can no longer be classified as MNPI. However, the distribution of MNPI should occur through commonly recognized channels for the classification to change. In addition, the information should not only be publicly disclosed, there should be adequate time for the public to receive and digest the information. Lastly, nonpublic information does not change to public information solely by selective dissemination.

Examples of the ways in which nonpublic information might be transmitted include, but are not limited to:

- in person;
- in writing;
- by telephone;
- during a presentation;
- by email, instant messaging or Bloomberg messaging;
- by text message or through X (formerly known as Twitter); and
- on a social networking site such as Facebook or LinkedIn.

You should be aware that even where there is no expectation of confidentiality, a person may become an insider upon receiving MNPI. You should consult with the CCO if there is any question as to whether material information is nonpublic.

#### **VI. Penalties for Trading on MNPI**

The penalties for trading on or communicating MNPI are extremely severe in nature, both for the individuals involved in such unlawful conduct and for any person who at the time of such conduct, directly or indirectly, controlled the person who engaged in such conduct. A person can be subject to the penalties below even if (s)he does not personally benefit from the violation. Penalties include the following:

- civil injunctions;
- damages to contemporaneous traders on the opposite side of the market;
- jail sentences of up to 20 years;
- a civil penalty for the person who committed the violation of up to three times the profit gained or loss avoided, whether or not such person actually benefited;
- a civil penalty for the controlling person of three times the amount of the profit gained or loss avoided as a result of the violator's conduct; and
- criminal fines of up to \$5,000,000.

In addition, any violation of the law or this policy can be expected to result in serious sanctions by the Blue Owl BDCs, including dismissal of the person or persons involved, as permitted by local laws.

The foregoing is a very brief and simple summary of what constitutes insider trading under the current law. If you have a question concerning insider trading or concerning the status of specific information in your possession you should consult with the CCO.

#### **VII. Procedures to Follow When You Believe You May Possess MNPI**

**If you believe that you have received information that might be MNPI, you must immediately notify the CCO.**

If you are not sure if the information is MNPI, you should discuss the information with the CCO who will determine if the information is MNPI.

If the information is determined to be MNPI, you must comply with the following requirements.

- Do not discuss the information with anyone outside of the Blue Owl BDCs and in general, within the Blue Owl BDCs, disclosure should be limited to the investment team and/or others who are deemed to need this information to perform his/her job responsibilities. You should consult with the CCO if any questions arise as to who should be privy to MNPI.
- If you know that other employees have also received this information, you must inform the CCO.
- Do not engage in a transaction, either in your personal trading accounts or on behalf of the Blue Owl BDCs or any other person, in a financial instrument while in possession of MNPI about its issuer.
- If you become aware that the Blue Owl BDCs are considering or actually trading any security for any account we manage, you should regard that as MNPI. Accordingly, you should not communicate any information about this prospective trade to anyone until you know that such trading is no longer being considered or until after the Blue Owl BDCs cease trading in that security. In addition, you may not trade for yourself or any Immediate Family Member in any security the Blue Owl BDCs are currently trading until after the Blue Owl BDCs have ceased trading in that security.

**VIII. Restricted List**

From time to time, the CCO may place certain securities on the Restricted Trading List (“RTL”).

You may not trade in securities on the RTL for your personal account or accounts managed by you on behalf of others, unless specific approval has been received from the CCO. In addition, at times, the RTL may also contain prohibitions, restrictions and limitation on trading for accounts managed by the Blue Owl BDCs. For the avoidance of doubt, these provisions also apply to your Immediate Family Members.

The contents of the RTL are proprietary to the Blue Owl BDCs and are not published at this time. If you find out the name of any security or any other information that is on the RTL, or that is being considered for inclusion on the RTL (e.g., because you have requested that a security be added to the RTL), you are prohibited from sharing that information, including with:

- anyone at the Blue Owl BDCs (provided, that you may contact a member of the Compliance Department with any questions); or
- anyone outside of the Blue Owl BDCs (provided, that you may communicate to a person whose accounts are subject to this policy, such as an Immediate Family Member, that a preclearance request has been denied).

**IX. Trading Restrictions**

Annex A contains additional trading restrictions and procedures that apply to **any directors, officers and employees of the Blue Owl BDCs, as well as their Immediate Family Members, other members of a person’s household and their Controlled Entities**. The Blue Owl BDCs may also determine that other persons should be subject to the procedures therein, such as contractors or consultants who have access to MNPI.

**X. Post-Termination Transactions**

The restrictions set forth in this policy and Annex A continue to apply to transactions in any securities even after termination of service to the Blue Owl BDCs.

If an individual is in possession of MNPI (including information regarding the Blue Owl BDCs or information regarding another company which (s)he obtained in the course of employment or term of service with the Blue Owl BDCs) when his or her service terminates, that individual may not trade in BDC Securities (as defined in Annex A) and/or the other company's securities until that information has become public or is no longer material. The pre-clearance procedures specified in Annex A, however, will cease to apply to transactions in BDC Securities upon the opening of any Open Window Period applicable at the time of the termination of service.

### **I. Pre-Clearance and Window Periods**

The Blue Owl BDCs have established additional procedures to facilitate compliance with laws prohibiting insider trading while in possession of MNPI, and to avoid the appearance of any impropriety. Unless otherwise specified below, these additional procedures are applicable only to **all directors, officers and employees of the Blue Owl BDCs as well as their Immediate Family Members, other members of a person's household and their Controlled Entities**. The Blue Owl BDCs may also determine that other persons should be subject to the procedures below, such as contractors or consultants who have access to MNPI.

For the purpose of the following pre-clearance and window period procedures, "BDC Securities" means any common stock, units, options to purchase common stock or units, or any other type of securities that the Blue Owl BDCs or any of its subsidiaries may issue, including (but not limited to) preferred stock, convertible debentures and warrants, as well as derivative securities that are not issued by the Blue Owl BDCs, such as exchange traded put or call options or swaps relating to BDC Securities.

- *Quarterly Window Periods*

You may only conduct transactions involving BDC Securities (other than as specified by this Annex), during the "Open Window Period" subject to announcement by the General Counsel and/or CCO. The Open Window Period typically begins after the close of trading on the second (2nd) full trading day following the public release of a Blue Owl BDC's quarterly earnings and ends no later than fourteen (14) calendar days prior to the start of the next fiscal quarter.

- *Pre-Clearance Procedures*

You may not engage in any transaction in BDC Securities without first obtaining pre-clearance of the transaction from the CCO.

A request for pre-clearance should be submitted to the CCO at least two (2) business days in advance of the proposed transaction through Comply Sci. The CCO is under no obligation to approve a transaction submitted for pre-clearance and may determine not to permit the transaction. If a person seeks pre-clearance and permission to engage in the transaction is denied, then (s)he should refrain from initiating any transaction in BDC Securities and should not inform any other person of the restriction.

When a request for pre-clearance is made, you should carefully consider whether you may be aware of any MNPI about the relevant Blue Owl BDC and should describe fully those circumstances to the CCO. You should also be prepared to comply with SEC Rule 144 and file Form 144, if necessary, at the time of any sale.

If a person seeks pre-clearance and permission to engage in the transaction is granted, then such trade must be effected within five (5) business days of receipt of pre-clearance, unless an exception is granted. Section 16 Individuals must promptly notify the CCO following the completion of the transaction. A person who has not effected a transaction within the time limit may not engage in such transaction without again obtaining pre-clearance of the transaction from the CCO.

- *Other Events That May Impact the Open Window Period*

From time to time, a non-earnings-related event that has the potential to be material to a Blue Owl BDC may be anticipated and the CCO determines it appropriate to close or not open the trading window. In such cases, the Open Window Period will typically begin on the first (1<sup>st</sup>) full trading day following the public announcement of such non-earnings-related event. As may be appropriate for the particular situation where the non-earnings-related event is known by only a few directors, officers and/or employees of the Blue Owl BDCs, the CCO may determine it appropriate to prohibit just those individuals with knowledge from trading BDC Securities. In that situation, once the non-earnings-related event is no longer material and/or been made public, such persons typically will be able to trade, subject to CCO approval, so long as the relevant Blue Owl BDC is currently in an Open Window Period.

In addition, a Blue Owl BDC's financial results may be sufficiently material in a particular fiscal quarter that, in the judgment of the CCO, certain persons should refrain from trading in BDC Securities even during the typical Open Window Period described above. In that situation, the CCO may notify these persons that they should not trade in BDC Securities, without disclosing the reason for the restriction. The existence of an event-specific trading restriction period or modification of an Open Window Period will not be announced to the Blue Owl BDCs as a whole and should not be communicated to any other person.

Even if you are not a person who should not trade due to an event-specific restriction, you should not trade while aware of MNPI.

- *Exceptions*

Transactions that may be necessary or justifiable for independent reasons (such as the need to raise money for an emergency expenditure), or small transactions, are not excepted from the restrictions in this Annex. The securities laws do not recognize any mitigating circumstances, and, in any event, even the appearance of an improper transaction must be avoided to preserve the Blue Owl BDCs' reputation for adhering to the highest standards of conduct.

The requirement for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions do not apply to (i) transactions conducted pursuant to approved Rule 10b5-1 plans, which are further described below under the heading "Rule 10b5-1 Plans" and (ii) transactions under Blue Owl BDC Plans and transactions not involving a purchase or sale, which are described below.

- *Transactions under Blue Owl BDC Plans*

(1) 401(k) Plan: The requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions do not apply to purchases of BDC Securities in Blue Owl's 401(k) plan resulting from your periodic contribution of money to the plan pursuant to your payroll deduction election. The requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions do apply, however, to certain elections you may make under the 401(k) plan should the plan allow for investments, directly or indirectly, in BDC Securities.

(2) Dividend Reinvestment Plan: The requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions do not apply to purchases of BDC Securities under any of the Blue Owl BDC's dividend reinvestment plan that a Blue Owl BDC may adopt resulting from your reinvestment of dividends paid on BDC Securities. The requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions do apply, however, to voluntary purchases of BDC Securities resulting from additional contributions you choose to make to a dividend reinvestment plan, and to your election to participate in a plan or increase your level of participation in a plan. The requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions also apply to your sale of any BDC Securities purchased pursuant to a plan.

- *Transactions Not Involving a Purchase or Sale*

Bona fide gifts are not transactions subject to the requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions, unless the person making the gift has reason to believe that the recipient intends to sell BDC Securities while (s)he is aware of MNPI, is subject to the trading restrictions specified under the heading "Pre-Clearance and Window Periods" and the sales by the recipient of BDC Securities occur outside of an Open Window Period.

Further, transactions in mutual funds that are invested in BDC Securities are not transactions subject to the requirements for pre-clearance, the quarterly trading restrictions and event-driven trading restrictions.

## **II. Special and Prohibited Transactions**

The Blue Owl BDCs have determined that there is a heightened legal risk and/or the appearance of improper or inappropriate conduct if the persons subject to the procedures in this Annex engage in certain types of transactions. It therefore is the Blue Owl BDCs' policy that any persons covered by the procedures in this Annex may not engage in any of the following transactions, or should otherwise consider the Blue Owl BDCs' preferences as described below:

- **Short-Term Trading:** Any director, officer or employee of the Blue Owl BDCs who purchases BDC Securities in the open market may not sell any BDC Securities of the same class during the ninety (90) days following the purchase (or vice versa) for non-Section 16 individuals and one hundred and eighty (180) days following the purchase (or vice versa) for any individual subject to Section 16(b) of the Securities Exchange Act of 1934, as amended (the "Exchange Act").
- **Short Sales:** Short sales of BDC Securities are prohibited under the Blue Owl BDCs' policy.
- **Publicly Traded Options:** Transactions using BDC Securities in put options, call options or other derivative securities, on an exchange or in any other organized market, are prohibited under the Blue Owl BDCs' policy.
- **Hedging Transactions:** Hedging transactions using BDC Securities are prohibited under the Blue Owl BDCs' policy.
- **Margin Accounts and Pledged Securities:** Holding BDC Securities in a margin account or otherwise pledging BDC Securities as collateral for a loan is prohibited under the Blue Owl BDCs' policy. Notwithstanding the foregoing, officers and employees of the Blue Owl BDCs may pledge BDC Securities as collateral under one or more bona fide loans with prior written approval of the CCO and the Audit Committee.
- **Standing and Limit Orders:** Placing standing or limit orders on BDC Securities absent a specific exception as provided by the CCO is prohibited under the Blue Owl BDCs' policy.

### **III. Rule 10B5-1 Plans**

Rule 10b5-1 under the Exchange Act provides a defense from insider trading liability under Rule 10b-5. To be eligible to rely on this defense in connection with any transaction in BDC Securities, a person subject to the trading restrictions in this Annex must enter into a Rule 10b5-1 plan for transactions in BDC Securities that meets certain conditions specified in the Rule (a "Rule 10b5-1 Plan"). If the plan meets the requirements of Rule 10b5-1, BDC Securities may be purchased or sold without regard to certain insider trading restrictions. To comply with these requirements, a Rule 10b5-1 Plan must be approved by the General Counsel and CCO and meet the requirements of Rule 10b5-1. In general, a Rule 10b5-1 Plan must be entered into at a time when the person entering into the plan is not aware of MNPI. Once the plan is adopted, the person must not exercise any influence over the amount of securities to be traded, the price at which they are to be traded or the date of the trade. The plan must either specify the amount, pricing and timing of transactions in advance or delegate discretion on these matters to an independent third party.

Any person subject to the trading restrictions set forth in this Annex who wishes to enter into a Rule 10b5-1 Plan must submit the plan to the General Counsel and CCO for approval. No further pre-approval of transactions conducted pursuant to the Rule 10b5-1 Plan will be required. For the avoidance of doubt this requirement shall not apply to share repurchase programs adopted by the Blue Owl BDCs.

February 19, 2025

**CERTIFICATION PURSUANT TO  
RULES 13a-14(a) AND 15d-14(a) UNDER THE SECURITIES EXCHANGE ACT OF 1934,  
AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002**

I, Craig W. Packer, Chief Executive Officer of Blue Owl Capital Corporation, certify that:

1. I have reviewed this Annual Report on Form 10-K of Blue Owl Capital Corporation (the “registrant”) for the year ended December 31, 2024;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Annual Report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations, and cash flows of the registrant as of, and for, the periods presented in this Annual Report;
4. The registrant’s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this Annual Report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant’s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant’s auditors and the audit committee of the registrant’s board of directors (or persons performing equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant’s internal control over financial reporting.

**Report of Independent Registered Public Accounting Firm**

To the Shareholders and Board of Directors  
Blue Owl Capital Corporation:

We have audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States) (the PCAOB), the consolidated financial statements of Blue Owl Capital Corporation and subsidiaries (the Company) as of December 31, 2024 and 2023, and for each of the years in the three-year period ended December 31, 2024, and our report dated February 19, 2025 expressed an unqualified opinion on those consolidated financial statements.

We have also previously audited, in accordance with the standards of the PCAOB, the consolidated statements of assets and liabilities of the Company, including the consolidated schedules of investments, as of December 31, 2022, 2021, and 2020, and the related consolidated statements of operations, changes in net assets, and cash flows for the years ended December 31, 2021 and 2020 (none of which is presented herein), and we expressed unqualified opinions on those consolidated financial statements. The senior securities information included in Part II, Item 5 of the annual report on Form 10-K of the Company as of December 31, 2024, under the caption "Senior Securities" (the Senior Securities Table), has been subjected to audit procedures performed in conjunction with the audit of the Company's respective consolidated financial statements.

The Senior Securities Table is the responsibility of the Company's management. Our audit procedures included determining whether the Senior Securities Table reconciles to the respective consolidated financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the Senior Securities Table. In forming our opinion on the Senior Securities Table, we evaluated whether the Senior Securities Table, including its form and content, is presented in conformity with the instructions to Form N-2. In our opinion, the Senior Securities Table is fairly stated, in all material respects, in relation to the respective consolidated financial statements as a whole.

(1) Unless otherwise indicated, Blue Owl Credit SLF's investments are pledged as collateral supporting the amounts outstanding under Blue Owl Credit SLF's Debt Facilities.

(2) The amortized cost represents the original cost adjusted for the amortization of discounts and premiums, as applicable, on debt investments using the effective interest method.

(3) Unless otherwise indicated, all investments are considered Level 2 investments.

(4) Unless otherwise indicated, loan contains a variable rate structure, which may be subject to an interest rate floor. Variable rate loans bear interest at a rate that may be determined by reference to Secured Overnight Financing Rate ("SOFR" or "SR") (which can include one-, three-, six- or twelve-month SOFR), at the borrower's option, and which reset periodically based on the terms of the loan agreement.

(5) The interest rate on these loans is subject to 1 month SOFR, which as of December 31, 2024 was 4.85%.

(6) The interest rate on these loans is subject to 3 month SOFR, which as of December 31, 2024 was 4.59%.

(7) The interest rate on these loans is subject to 6 month SOFR, which as of December 31, 2024 was 4.25%.

(8) Level 3 investment.

(9) Totals presented may differ than actuals due to rounding.

(10) Position or portion thereof is an unfunded loan commitment. See below for more information on the Company's unfunded commitments.

**Organization and Principal Business**

Blue Owl Credit SLF LLC (“Credit SLF” or the “Company”), a Delaware limited liability company, is a joint venture among Blue Owl Capital Corporation, Blue Owl Capital Corporation II, Blue Owl Capital Corporation III, Blue Owl Credit Income Corp., Blue Owl Technology Finance Corp., Blue Owl Technology Finance Corp. II, and Blue Owl Technology Income Corp. (the “Blue Owl BDCs”) and State Teachers Retirement System of Ohio (“OSTRS”) (collectively, the “Class A Members”). Credit SLF has no Class B Members as of December 31, 2024. The Company’s principal purpose is to make investments primarily in senior secured loans to middle market companies, broadly syndicated loans and in senior and subordinated notes issued by collateralized loan obligations. The Company is managed by the Class A Members, each of which have equal voting rights. Except under certain circumstances, contributions to the Company cannot be redeemed. Investment decisions must be approved by each of the Class A Members. The Class A Members co-invest through the Company, or its wholly owned subsidiaries. The Company’s date of inception was May 6, 2024 and made its first portfolio company investment on July 23, 2024.

*Investments*

The table below presents the fair value hierarchy of investments as of December 31, 2024:

(\$ in thousands)	Fair Value Hierarchy as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
First-lien senior secured debt investments	\$ —	\$ 1,027,652	\$ 136,821	\$ 1,164,473
<b>Total Investments</b>	<b>\$ —</b>	<b>\$ 1,027,652</b>	<b>\$ 136,821</b>	<b>\$ 1,164,473</b>

**Debt Activity**

*Bank of America Facility*

On June 12, 2024, BOC SLF WH I BA LTD., an exempted company incorporated with limited liability under the laws of the Cayman Islands, entered into a \$300.0 million revolving credit facility (the “Bank of America Facility”) with, among others, and Bank of America, N.A., as lender and administrative agent. The Company acts as the collateral manager and the first loss provider with respect to the Bank of America Facility. It holds preference shares in BOC SLF WH I BA LTD. Proceeds from the Bank of America Facility will be used to finance the origination and acquisition of eligible assets by the borrowers thereunder. The maturity date of the Bank of America Facility is June 12, 2027. As of December 31, 2024, there was \$194.9 million outstanding under the Bank of America Facility.

Borrowings under the Bank of America Facility bear interest at a per annum rate equal to (a) with respect to any Term SOFR Loan, SOFR + 1.45% and (b) with respect to any Base Rate Loan, Base Rate + 1.45%. Credit SLF predominantly borrows utilizing Term SOFR loans. Credit SLF also pays unused commitment fees of (i) prior to the six-month anniversary of such date, 0.35% and (ii) thereafter, (x) with respect to the First Unused Amount, 1.10% and (y) with respect to the Second Unused Amount, 0.35%. There was \$ 0.5 million unused commitment fee as of December 31, 2024.

*RBC Facility*

On June 5, 2024, BOC SLF WH II RB LTD., an exempted company incorporated with limited liability under the laws of the Cayman Islands, as borrower, joined a \$300.0 million revolving credit facility (the “RBC Facility”) with, among others, Royal Bank of Canada, as lender administrative agent, and U.S. Bank Trust Company, National Association, as collateral custodian. The Company acts as the collateral manager and the first loss provider with respect to the RBC Facility. It holds preference shares in BOC SLF WH II RB LTD. Proceeds from the RBC Facility will be used to finance the origination and acquisition of eligible assets by the borrowers thereunder. The maturity date of the RBC Facility is October 14, 2032. As of December 31, 2024, there was \$194.9 million outstanding under the RBC Facility.

Borrowings under the RBC Facility bear interest at a per annum rate equal to SOFR +1.55%.

*Citibank Facility*

On June 28, 2024, BOC SLF WH III C LTD., an exempted company incorporated with limited liability under the laws of the Cayman Islands, entered into a revolving credit facility (the “Citibank Facility”) with, among others, Citibank, N.A., as lender and administrative agent. The commitment of the Citibank Facility is up to \$300.0 million and was \$215.0 million as of December 31, 2024. The Company acts as the collateral manager and the first loss provider with respect to the Citibank Facility. It holds preference shares in BOC SLF WH III C LTD. Proceeds from the Citibank Facility will be used to finance the origination and acquisition of eligible assets by the borrowers thereunder. The maturity date of the Citibank Facility is June 28, 2027. As of December 31, 2024, there was \$194.4 million outstanding under the Citibank Facility.

Borrowings under the Citibank Facility bear interest at a per annum rate equal to (i) during the Reinvestment Period, SOFR + 1.40% and (ii) after the end of the Reinvestment Period, 1.90%.

*Wells Fargo Facility*

On August 1, 2024, BOC SLF WH 4 LTD., an exempted company incorporated with limited liability under the laws of the Cayman Islands, joined a \$300.0 million revolving credit facility (the “Wells Fargo Facility”) with, among others, and Wells Fargo Bank, National Association, as a lender and administrative agent, following the release of the prior borrower, ORCIC JV WH III LLC, a Delaware limited liability company, from the Wells Fargo Facility on July 11, 2024. The Company acts as the collateral manager and the first loss provider with respect to the Wells Fargo Facility. It holds preference shares in BOC SLF WH 4 LTD. Proceeds from the Wells Fargo Facility will be used to finance the origination and acquisition of eligible assets by the borrowers thereunder. The

**Blue Owl Credit SLF LLC**  
**Supplemental Financial Information (Unaudited)**

maturity date of the Wells Fargo Facility is August 1, 2027. As of December 31, 2024, there wa \$168.0 million outstanding borrowings under the Wells Fargo Facility.

Borrowings under the Wells Fargo Facility bear interest at a per annum rate equal to Daily Simple SOFR + 1.50%.

*Financial Instruments Not Carried at Fair Value*

The fair value of the Company's debt, which is categorized as Level 3 within the fair value hierarchy as of December 31, 2024, approximates the carrying value. The carrying amounts of the Company's assets and liabilities, other than investments at fair value, approximate fair value due to their short maturities.

The table below presents the net carrying value of the Company's debt obligations as of December 31, 2024:

	<b>December 31, 2024</b>				
(\$ in thousands)	<b>Aggregate Principal Committed</b>	<b>Outstanding Principal</b>	<b>Amount Available<sup>(1)</sup></b>	<b>Unamortized Debt Issuance Costs</b>	<b>Net Carrying Value</b>
Bank of America Facility	\$ 300,000	\$ 194,919	\$ 28,016	\$ 448	\$ 194,471
RBC Facility	300,000	194,870	28,065	371	194,499
Citibank Facility <sup>(2)</sup>	215,000	194,401	20,599	344	194,057
Wells Fargo Facility	300,000	167,992	31,513	409	167,583
<b>Total Debt</b>	<b>\$ 1,115,000</b>	<b>\$ 752,182</b>	<b>\$ 108,193</b>	<b>\$ 1,572</b>	<b>\$ 750,610</b>

<sup>(1)</sup> The amount available reflects any collateral related limitations at the Company level related to each credit facility's borrowing base.

<sup>(2)</sup> The commitment of the Citibank Facility is up to \$300.0 million, and was \$215.0 million as of December 31, 2024.

The table below presents the components of interest expense for the following period:

(\$ in thousands)	<b>For the Period Ended December 31, 2024<sup>(1)</sup></b>
Interest expense	\$ 7,720
Amortization of debt issuance costs	266
<b>Total Interest Expense</b>	<b>\$ 7,986</b>
Average interest rate <sup>(2)</sup>	6.5 %
Average daily outstanding borrowings	\$ 364,658

<sup>(1)</sup> The Company's date of inception was May 6, 2024.

<sup>(2)</sup> Averages are calculated based on annualized amounts.
